PROXY STATEMENT

Edgar Filing: NEWPORT CORP - Form DEF 14A

GENERAL INFORMATION

PROXY STATEMENT AND SOLICITATION OF PROXIES

SOLICITATION BY BOARD. This proxy statement is being furnished in connection with the solicitation of proxies by our Board of Directors for use at our Annual Meeting of Stockholders to be held on May 22, 2002.

SOLICITATION OF PROXIES AND RELATED EXPENSES. All expenses incurred in connection with this solicitation shall be borne by us. It is contemplated that this solicitation of proxies will be made primarily by mail; however, if it should appear desirable to do so in order to ensure adequate representation at the meeting, our directors, officers and employees may communicate with stockholders, brokerage houses and others by telephone, telegraph or in person to request that proxies be furnished. We may reimburse banks, brokerage houses, custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy materials to the beneficial owners of the shares held by them. We have retained MacKenzie Partners, Inc. to assist in the solicitation of proxies for a fee of \$5,000, plus out-of-pocket expenses. In addition, we have agreed to indemnify MacKenzie Partners, Inc. against any losses or liabilities arising out of its fulfillment of the contract, except for such losses or liabilities arising out of its own negligence or willful misconduct.

MAILING DATE. This proxy statement and the accompanying proxy are being mailed on or about April 19, 2002 to our stockholders of record as of the close of business on April 3, 2002, which is the record date for the determination of stockholders entitled to receive notice of and to vote at the meeting.

SHARES OUTSTANDING. As of the record date, there were 37,895,083 shares of common stock outstanding and entitled to vote. Each stockholder is entitled to one vote for each share of common stock held as of the record date.

VOTING RIGHTS. A majority of shares entitled to vote, represented in person or by proxy, will constitute a quorum at the annual meeting. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting for the purpose of determining whether a quorum is present, and each is tabulated separately. Abstentions will be treated as shares present and entitled to vote for purposes of any matter requiring the affirmative vote of a majority or other proportion of the shares present and entitled to vote. Abstentions or broker non-votes or other failures to vote will have no effect in the election of directors, who will be elected by a plurality of the affirmative votes cast. In determining whether any other proposal has been approved, abstentions are counted as votes against a proposal and broker non-votes are not counted.

VOTE REQUIRED. A quorum is required for the approval of any of the proposals set forth herein. Directors will be elected by a plurality of the votes cast. The approval of any other proposal to be considered at the annual meeting requires the affirmative vote of the holders of a majority of the shares present and entitled to vote at the annual meeting in person or by proxy.

VOTING OF PROXIES. The persons named as proxies in the accompanying proxy were designated by our Board and are our officers. All proxies that are properly completed, signed and returned to us prior to the meeting, and not revoked, will be voted in accordance with the instructions given in the proxy. If a choice is not specified in the proxy, the proxy will be voted FOR election of the director nominees listed therein and FOR ratification of our appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2002.

Edgar Filing: NEWPORT CORP - Form DEF 14A

REVOKING A PROXY. Any proxy may be revoked or superseded by executing a later proxy or by giving notice of revocation in writing prior to, or at, the annual meeting, or by attending the annual meeting and voting in person. Attendance at the annual meeting will not in and of itself constitute revocation of the proxy.

STOCKHOLDER NOMINATIONS AND PROPOSALS

In accordance with our bylaws, stockholders may submit a nomination of a candidate for election as director by delivering to our Secretary, not less than sixty days prior to the date of any meeting at which directors are to be elected, a notice setting forth (1) the name, age, business address and residence address of such nominee, (2) the principal occupation or employment of such nominee, (3) the number of shares of our capital stock which are beneficially owned by such nominee, and (4) other information concerning such nominee as would be required under the then-current rules of the Securities and Exchange Commission to be included in a proxy statement soliciting proxies for the election of the nominee. Any such notice shall be accompanied by a signed consent of such nominee to serve as a director, if elected. If our Board determines any nomination made by a stockholder was not made in accordance with the foregoing procedures, such nomination will be void, and any such determination by our Board shall be conclusive and binding on all persons.

Any stockholder desiring to submit a proposal for action at our 2003 annual meeting of stockholders and presentation in our proxy statement for such meeting should deliver the proposal to us at our principal place of business no later than December 20, 2002 in order to be considered for inclusion in our proxy statement relating to that meeting. Matters pertaining to proposals, including the number and length thereof, eligibility of persons entitled to have such proposals included and other aspects are regulated by the Securities Exchange Act of 1934, Rules and Regulations of the Securities and Exchange Commission and other laws and regulations to which interested persons should refer.

On May 21, 1998, the Securities and Exchange Commission adopted an amendment to Rule 14a-4, as promulgated under the Securities and Exchange Act of 1934, as amended. The amendment governs our use of our discretionary proxy voting authority with respect to a stockholder proposal which is not addressed in our proxy statement. The amendment provides that if a proponent of a proposal fails to notify us at least 45 days prior to the current year's anniversary of the date of mailing of the prior year's proxy statement, then we will be allowed to use our discretionary voting authority when the proposal is raised at the meeting, without any discussion of the matter in the proxy statement. We anticipate that our next annual meeting will be held in May 2003. If we do not receive any stockholder proposals for our 2003 annual meeting before March 5, 2003, we will be able to use our voting authority as outlined above.

OTHER MATTERS

Management is not aware of any other matters that will be presented for consideration at our 2002 annual meeting. If any other matter not mentioned in this proxy statement is brought before the meeting, the proxy holders named in the enclosed proxy will have discretionary authority to vote all proxies with respect thereto in accordance with their judgment.

- (5) Mr. Danielo is currently paid in euros and was paid in French francs prior to 2002. The amounts reflected for Mr. Danielo's base salary and bonus represent U.S. dollar amounts, which have been calculated using the average applicable foreign currency exchange rates for the respective years.

The figures above represent options granted pursuant to our 1992 and 2001 Stock Incentive Plans. During 2001, we granted options to purchase a total 2,539,360 shares of common stock to our employees. In January 2001, we made our regularly scheduled broad-based grant of options to our employees, granting options to purchase a total of 763,260 shares of common stock. In September 2001, to assist in the retention of our employees, we made the broad-based option grant scheduled for January 2002 early, granting options to purchase a total of 1,407,325 shares of common stock to our employees. All of the options granted to our employees, including those granted to our Named Executive Officers, were granted at an exercise price equal to the fair market value of the common stock on the date of grant, and vest in 25% increments on each of the four anniversaries of the date of grant.

The potential realizable value represents amounts, net of exercise price before taxes that may be realized upon exercise of the options immediately prior to the expiration of their terms assuming appreciation of 5% and 10% over the option term. The amounts are calculated by first taking the market price of our common stock on the grant date and calculating an assumed value at the end of the ten-year option term based on compound annual appreciation rates of 5% and 10%, respectively, then subtracting the exercise price per share and multiplying the resulting amount by the

number of shares subject to the option. The 5% and 10% appreciation rates are prescribed by rules promulgated by the Securities and Exchange Commission and do not reflect our estimate of future stock price growth. The actual value realized may be greater or less than the potential realizable value set forth in the table.

OPTION EXERCISES

The following table sets forth certain information concerning the exercise of options by our Named Executive Officers during the year ended December 31, 2001, including the aggregate value of gains on the date of exercise. In addition, the table includes the number of shares underlying both exercisable and unexercisable stock options held by the Named Executive Officers as of December 31, 2001, and the values for "in-the-money" options that represent the total positive spread, if any, between the exercise prices of existing stock options and the closing price of our common stock as of December 31, 2001, which was \$19.28.

COMPENSATION OF DIRECTORS

Each outside director is paid an annual fee of \$15,000 and is reimbursed for expenses incurred in connection with attending Board and committee meetings. In addition, each outside director is paid \$1,000 for each Board meeting attended (\$500 for telephonic meetings) and \$1,000 for each committee meeting attended. An additional \$250 is paid for each committee meeting to the committee chairperson. Also, each outside director receives annually, on January 1, options to purchase 4,000 shares of common stock which vest on the anniversary of the grant. In lieu of the regular options which would have been granted to each outside director in January 2002, each outside director was granted options to purchase 6,000 shares of common stock in September 2001, which will vest in September 2002. Each new outside director receives options to purchase 16,000 shares of common stock upon commencement of service as a director, which vest at the rate of 25% per year on each anniversary of the grant.

SEVERANCE AND OTHER AGREEMENTS

SEVERANCE COMPENSATION AGREEMENTS. We have entered into a severance compensation agreement with each of our Named Executive Officers and certain of our other executive officers providing for certain payments and benefits in the event that such officer's employment is terminated within two years of a "change in control" of Newport (as defined in the agreement), unless such termination results from the executive officer's death, disability or retirement, or the executive's resignation for reasons other than "good reason" (as defined in the agreement), or constitutes a termination by us for "cause" (as defined in the agreement). In such event, the executive officer will be entitled to: (i) a lump sum severance payment equal to twelve months of such officer's highest salary during the twelve month period preceding termination (with the exception of Mr. Deuster, who will be entitled to a severance payment of twenty-four months of salary); (ii) a bonus payment equal to such officer's incentive compensation bonus paid under our annual incentive plan or other bonus plans then in effect, assuming 100% satisfaction of all performance goals; (iii) continuation of benefits under our medical, dental and vision plans, and long-term disability insurance for a specified

period of time, (iv) automatic vesting of all unvested restricted stock held by the officer, (v) payment of an amount equal to the difference between the exercise price and fair market price (calculated as set forth in the agreement) of the shares of common stock subject to all vested and unvested stock options held by the officer, and (vi) certain other benefits, including payment of an amount sufficient to offset any "excess parachute payment" excise tax payable by the officer pursuant to the provisions of the Internal Revenue Code or any comparable provision of state or foreign law.

Edgar Filing: NEWPORT CORP - Form DEF 14A

In addition, our agreement with Mr. Phillippy provides that, in the event we terminate his employment other than for cause at any time during the term of the agreement in absence of a change in control of Newport, he will be entitled to the same salary and bonus severance payments described above. Our agreement with Mr. Deuster provides that, in the event we terminate his employment other than for cause at any time during the term of the agreement in absence of a change in control of Newport, he will be entitled to one-half of the salary severance payment, and all of bonus severance payment described above.

INDEMNIFICATION OF OFFICERS AND DIRECTORS. We have entered into indemnification agreements with each of our executive officers and directors which provide contractual protection of certain rights of indemnification by us. The indemnification agreements provide for indemnification of our executive officers and directors to the fullest extent permitted by our articles of incorporation, bylaws and applicable law. Under the agreements, we indemnify our executive officers and directors against all fees, expenses, liabilities and losses (including attorney's fees, judgments, fines, and amounts paid in any settlement we approved) actually and reasonably incurred in connection with any investigation, claim, action, suit or proceeding to which any such officer or director is a party by reason of any action or inaction in the officer's or director's capacity as our officer or director or by reason of the fact that the officer or director is or was serving as our director, officer, employee, agent or fiduciary, or of any of our subsidiaries or divisions, or is or was serving at our request as our representative with respect to another entity. We will not indemnify such officer or director, however, for expenses and the payment of profits arising from the purchase and sale by the officer or director of securities in violation of Section 16(b) of the Securities Exchange Act of 1934, as amended.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and persons who own more than ten percent of a registered class of our equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely upon the review of copies of such reports furnished to us and written representations that no other reports were required during fiscal year 2001, all of our officers, directors and greater than ten percent stockholders have complied with all applicable Section 16(a) filing requirements.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In January 2002, in connection with Kevin T. Crofton joining us as Vice President and General Manager of our Fiber Optics and Photonics Division, we extended Mr. Crofton a relocation loan pursuant to a promissory note in the principal sum of \$110,000, bearing interest at a rate of nine percent (9%) per annum. On each six-month anniversary of the date of the note, we will forgive one-sixth of the principal sum, together with accrued interest thereon, so long as Mr. Crofton remains our employee. If we terminate Mr. Crofton's employment other than for cause, the entire principal sum then outstanding and all interest thereon will be forgiven. If Mr. Crofton voluntarily terminates his employment with us, the entire principal sum then outstanding, together with accrued

Edgar Filing: NEWPORT CORP - Form DEF 14A

interest thereon, will become immediately due and payable. The amount currently outstanding under the note is \$112,475, which is the largest amount that has been owed under the note.

In January 2002, we entered into an agreement with Mark V. Edwards, Vice President and General Manager of our Industrial Metrology Systems Division, pursuant to which Mr. Edwards will receive certain severance and other benefits in the event of the sale of such division. The agreement provides that, under certain circumstances, Mr. Edwards will receive a bonus in connection with the consummation of any such transaction, and, in the event that Mr. Edwards is not offered employment by the buyer in any such transaction or other comparable employment with us, he will receive severance benefits, including payment of his base salary for one year following the closing of the transaction and continuation of certain other benefits. We expect to consummate such transactions during the second quarter of 2002 and expect that the amount of the bonus referenced above will be in the range of \$50,000 to \$60,000.

William R. Rauth III, one of our directors, is a founder of and has served as counsel for Stradling Yocca Carlson & Rauth, our corporate counsel, since 1975. The fees we paid to Stradling Yocca Carlson & Rauth during 2001 were less than five percent of the firm's revenues during that year.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is comprised of three non-employee directors: R. Jack Aplin, Kenneth F. Potashner and Richard E. Schmidt. John T. Subak, one of our former directors, served on the Compensation Committee until his retirement from the Board in May 2001, at which time Mr. Schmidt was appointed to the Committee. Mr. Schmidt served as one of our officers from 1991 to 1996. No executive officer serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or our Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE

COMMITTEE RESPONSIBILITY. The Committee is responsible for oversight of our stock option plans, reviewing and evaluating our compensation programs and plans, and making recommendations concerning compensation for key personnel and amendments to the stock option and certain compensation plans.

COMPENSATION POLICY AND OBJECTIVES. Our primary goal as members of the Compensation Committee is to assure that the compensation provided to executives is linked to Newport's business strategies and objectives, thereby aligning the financial interest of senior management with that of the stockholders. Beyond that, our priorities are to assure that the executive compensation programs enable Newport to attract, retain and motivate the high caliber executives required for the success of the business. These objectives are achieved through a variety of compensation programs, summarized below, which support the current and long-term performance of the business. Newport has not paid, and does not expect to pay, any qualifying compensation under Section 162(m) of the Internal Revenue Code.

BASE SALARY. Base salaries for executive officers are determined by evaluating the responsibilities of the position and comparing it with similar executive positions in other companies in Newport's industry. The Committee reviews compensation surveys of similar companies and surveys of national scope

Edgar Filing: NEWPORT CORP - Form DEF 14A

encompassing electronics and other high technology organizations. Newport's compensation levels are set at approximately the 50th percentile, or market average. Individual salaries vary based upon the individual's performance and contributions to company success, time on the job and internal equity. Annual salary adjustments are determined by individual performance within an annual budget approved by the Committee. During November 2001, the Committee approved a 3.5% increase for each executive officer, including the Chief Executive Officer, effective January 1, 2002. However, the Committee subsequently decided, in light of continued difficult business conditions, to delay such increases until further action by the Committee.

ANNUAL INCENTIVES FOR OFFICERS OTHER THAN CHIEF EXECUTIVE OFFICER. Officers have an opportunity to earn annual incentives based on performance targets. The Compensation Committee may also award bonuses in cases where such performance targets are not met if it determines that the circumstances warrant such action. During 2001, the Committee continued to use a combined management measure (CMM) that included operating income as the primary measure and also included a second measure related to working capital. The intent of the CMM is to provide an incentive for officers to control working capital. Two executive officers had earnings per share as an additional measure and two executives had various worldwide sales measures as part of their incentive plan. Additionally, each officer has a discretionary portion of the annual incentive linked to achievement of individual non-financial goals, which differ depending on the responsibilities of the respective officer. The target incentives for each officer range from 25% to 75% of annual salary. For over-achievement of goals, officers can earn up to 200% of the target incentive. For 2001, the Compensation Committee awarded incentive payments based upon performance to specific goals established at the beginning of the year, ranging from 36% to 80% of the target incentive to executive officers.

LONG TERM INCENTIVES. To further align the interests of stockholders and managers, and to assist in the retention of key employees, Newport grants stock options and restricted stock to its employees, including officers and executive officers. Options to purchase an aggregate of 2,539,360 shares of common stock were granted to approximately 1,438 employees, including officers, during 2001. In January 2001, we made our regularly scheduled broad-based grant of options to our employees, granting options to purchase a total of 763,260 shares of common stock. In September 2001, to assist in the retention of our employees, we made the broad-based option grant scheduled for January 2002 early, granting options to purchase a total of 1,407,325 shares of common stock to our employees. The

number of shares awarded is established based upon broad-based plan guidelines and a recommendation by the employee's supervisor, and is approved by the Compensation Committee. The exercise price for stock options is the fair market value of the stock on the date of the grant. Options generally vest at a rate of 25% per year starting on the first anniversary date of the option grant. Options for a total of 540,000 shares (including the grants to Mr. Deuster described below) were granted during 2001 to nine officers. No restricted stock was granted in 2001.

COMPENSATION OF CHIEF EXECUTIVE OFFICER. The Chief Executive Officer participates in the compensation program discussed above. His base salary is set, in the same way as other executive officers, as determined by comparable positions in companies of similar size and profitability to Newport in the marketplace. In November 2001, the Committee approved a 3.5% increase effective

Edgar Filing: NEWPORT CORP - Form DEF 14A

January 1, 2002. However, the Committee subsequently decided, in light of continued difficult business conditions, to delay such increase until further action by the Committee. Each year the Compensation Committee approves a performance based bonus plan for the Chief Executive Officer. For 2001, the incentive for Mr. Deuster was based on CMM, earnings per share targets and over-achievement incentives established prior to the beginning of the year. He also had a discretionary portion of the annual incentive linked to achievement of non-financial goals also determined prior to the beginning of the year. While the CMM and earnings per share goals were not met, the Compensation Committee awarded Mr. Deuster an incentive payment totaling \$150,000 based on Mr. Deuster's achievement of the discretionary portion of the incentive. At its November 2000 meeting, the Compensation Committee awarded Mr. Deuster options to purchase 60,000 shares of common stock with a grant date of January 2, 2001. On September 18, 2001, the Compensation Committee granted Mr. Deuster options to purchase 90,000 shares of common stock. Both of these grants were made as part of the company-wide grants discussed previously.

REPORT OF THE AUDIT COMMITTEE

COMMITTEE MEMBERS AND CHARTER. The Audit Committee is comprised of three directors. Each member is financially literate and at least one has prior professional experience in finance or accounting. None of the members of the Committee are or have been officers or employees of Newport and each member qualifies as an "independent director" under the current listing standards of the National Association of Securities Dealers. The Committee operates under a written charter adopted by Newport's Board. A copy of the current charter of the Audit Committee was included as Appendix A to Newport's proxy statement in connection with its annual meeting held in 2001. The Committee made an annual review of the charter during 2001.

ROLE OF THE AUDIT COMMITTEE. Newport's management is responsible for Newport's financial reporting process, including its systems of internal controls, and for the preparation of its financial statements in accordance with generally accepted accounting principles. Newport's independent auditors are responsible for auditing those financial statements. The role and responsibility of the Committee is to monitor and review these processes on behalf of the Board of Directors.

The members of the Committee are not employees of Newport and are not, nor do they represent themselves to be accountants or auditors by profession or experts in the fields of accounting or auditing, and they do not undertake to conduct auditing or accounting reviews or procedures. Therefore, in performing the Committee's oversight role, the Committee necessarily must rely, without independent verification, on management's representations that it has maintained appropriate accounting and financial reporting principles or policies, and appropriate internal controls and

Edgar Filing: NEWPORT CORP - Form DEF 14A

procedures designed to assure compliance with accounting standards and applicable laws and regulations, and that Newport's financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles, and on the representations of the independent auditors included in their report on Newport's financial statements.

REPORT OF THE AUDIT COMMITTEE. The Committee held three meetings during 2001. The meetings were designed, among other things, to facilitate and encourage communication among the Committee, management, and Newport's independent auditors. Commencing in 2002, the Committee will hold seven regularly scheduled meetings annually. During 2001, the Committee, acting through its Chairman, also reviewed Newport's quarterly financial statements and its communications with investors regarding its operating results and other financial matters. The entire Committee will review all such matters commencing in 2002.

In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited financial statements of Newport for the fiscal year ended December 31, 2001, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant estimates and judgments, critical accounting policies and the clarity of disclosures in the financial statements. Commencing in 2002, the entire Committee will review and discuss with management the Management's Discussion and Analysis of Financial Condition and Results of Operations to be included in Newport's Quarterly Reports on Form 10-Q and Annual Report on Form 10-K.

The Committee reviewed with Ernst & Young LLP, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of Newport's accounting principles, the reasonableness of significant estimates and judgments, critical accounting policies, the clarity of disclosures in the financial statements, and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States.

The Committee discussed with Ernst & Young LLP the overall scope and plans for their annual audit. The Committee also discussed with management and Ernst & Young LLP the adequacy and effectiveness of accounting and financial controls. The Committee met separately with Ernst & Young LLP, with and without management present, to discuss the results of their examinations, their evaluations of Newport's internal controls, and the overall quality of Newport's financial reporting.

The Committee also has discussed with Ernst & Young LLP, Newport's independent auditors, the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communications with Audit Committees). In addition, the Committee has received the written disclosures and the letter from Ernst & Young LLP as required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the Committee has discussed the independence of Ernst & Young LLP with that firm, including the compatibility of non-audit services with Ernst & Young LLP's independence.

Based on the Committee's review of the matters noted above and its discussions with Newport's independent auditors and Newport's management, the Committee recommended to the Board of Directors that the audited financial statements be included in Newport's Annual Report on Form 10-K for the fiscal year ended December 31, 2001.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return on \$100 invested in our common stock for the five years ended December 31, 2001, with the cumulative total return on \$100 invested in each of (i) the Nasdaq Market Index, (ii) the Scientific & Technical Instruments Group (837) Index published by Media General Financial Services, Inc., and (iii) a peer group. The graph assumes all investments were made at market value on December 31, 1996 and the reinvestment of all dividends.

The peer group reflected on the graph represents an equal combination of all companies comprising the Scientific & Technical Instruments Group (837) Index, the Semiconductor Equipment & Materials Industry Group (834) Index, and the Communication Equipment Group (841) Index published by Media General Financial Services, Inc. A listing of the companies comprising each such index is available from us by written request to our Secretary.

In prior years, we have used the Scientific & Technical Instruments Group (837) Index. As our business has grown, a majority of our sales now come from the fiber optic communications and semiconductor markets and we believe that such index no longer fully represents our business. We have selected a peer group that we believe more appropriately compares the cumulative total return of our common stock to that of companies which participate in the primary markets that we serve.

PROPOSAL TWO APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee of our Board has recommended, and the Board has approved, the selection of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2002. Ernst & Young LLP audited our financial statements for the fiscal year ended December 31, 2001. Nevada General Corporation Law does not require the approval of the selection of the independent auditors by our stockholders, but in view of the importance of the financial statements to stockholders, our Board deems it desirable that stockholders pass upon the selection of auditors.

A representative of Ernst & Young LLP will be present at the annual meeting and will be given the opportunity to make a statement if he so desires and will be available to respond to appropriate questions. If this proposal is not approved, the Audit Committee shall reconsider the proposal and submit its recommendation to the Board.

The Board of Directors recommends a vote "FOR" this proposal.

AUDIT FEES. The aggregate fees billed by Ernst & Young LLP for professional services rendered for the audit of our annual consolidated financial statements for the fiscal year ended December 31, 2001 and the review of the consolidated financial statements included in our Forms 10-Q for fiscal 2001 were \$280,000.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES. Ernst & Young LLP did not provide, and it did not bill any fees for, financial information systems design and implementation services in 2001.

ALL OTHER FEES. The aggregate fees billed to us for all other services rendered by Ernst & Young LLP to us in fiscal 2001, were \$485,000, which includes audit related services in the amount of \$89,000, and tax preparation and planning services in the amount of \$396,000.

The Audit Committee has reviewed and discussed the services, in addition to audit services, rendered by Ernst & Young LLP during 2001, as well as the fees paid therefor, and has determined that the provision of such other services by Ernst & Young LLP, and the fees paid therefor, were compatible with maintaining Ernst & Young LLP's independence.

Your cooperation in giving this matter your immediate attention and in returning your proxy promptly will be appreciated.

By order of the Board of Directors
