REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Plan Administrator of
UnionBancorp, Inc. 401(k) Profit Sharing Plan
Ottawa, Illinois

We have audited the accompanying statements of net assets available for benefits of the UnionBancorp, Inc. 401(k) Profit Sharing Plan (the Plan) as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's Administrator. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial

Edgar Filing: UNIONBANCORP INC - Form 11-K

statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2005 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2005 financial statements taken as a whole.

UNIONBANCORP, INC.
 401(k) PROFIT SHARING PLAN
 NOTES TO FINANCIAL STATEMENTS
 December 31, 2005 and 2004

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the UnionBancorp, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants

Edgar Filing: UNIONBANCORP INC - Form 11-K

should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering employees of UnionBancorp, Inc. (the Company) and certain of its subsidiaries, including UnionBank, UnionBank/West, UnionBank/Central, UnionBank/Northwest, and UnionFinancial Services and Trust Company. The Plan was established effective January 1, 1998 and covers all employees who have completed six months of service and are aged 20 1/2 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The administrator of the Plan is UnionBancorp, Inc. (the Administrator) and the trustee of the Plan is UnionBank (the Trustee), which is a subsidiary of the Administrator. The Trustee is the custodian of the Plan's assets, with the exception of the UnionBancorp, Inc. common stock, for which the Northern Trust Company is the custodian.

Contributions: Each year, participants may contribute up to the maximum allowed under Internal Revenue Code (IRC) Sections 402(g) and 415 of their annual compensation. The Company can make a discretionary contribution, subject to certain limitations under applicable federal income tax laws and regulations, on an annual basis. The Company's discretionary contribution is allocated to participant accounts on the last day of the year based on the ratio of each participant's eligible compensation for the year to total eligible compensation for the year. The Company's discretionary matching contribution is allocated to participant accounts on the last day of the year based on each participant's voluntary contributions. The employer contributed 4% of eligible wages for the 2005 plan year.

Participant Accounts: Each participant's account is credited with that employee's contributions and an allocation of plan earnings. Employer contributions are allocated to participant accounts in proportion to employee contributions or employee compensation, as provided in the plan document. Plan earnings are allocated to participant accounts in proportion to the participant's account balance to total account balances in each investment. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Upon termination of a participant, the portion of the employer contribution account not vested will be forfeited and allocated to eligible participants as of the last day of the plan year for which the terminated participant receives a distribution.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon attainment of early retirement age (55) and completion of six years of service or attainment of normal retirement age (65), death, or disability.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Edgar Filing: UNIONBANCORP INC - Form 11-K

Vesting: Participants are immediately vested in their voluntary contributions and any employer safe-harbor contributions, plus actual earnings thereon. In the event that the Company makes matching contributions in excess of safe-harbor contributions, a participant would be 100% vested after six years of service for plan years beginning after December 31, 2001 in accordance with the table below.

Years of Service -----	Percent Vested -----
Less than two	0%
Two	20
Three	40
Four	60
Five	80
Six	100

Prior to December 31, 2001, participants were 100% vested after seven years.

Payment of Benefits: Upon retirement, death, disability, or other termination of employment with the Company, participants or designated beneficiaries may receive distributions of their vested accounts in lump-sum amounts.

Loan Provisions: Participants may borrow up to 50% of their vested account balance up to a maximum of \$50,000. Loan transactions are treated as a transfer from the investment fund to the participant notes fund. Loan terms range from one to five years except for the purchase of a primary residence, which may be for a reasonable period of time. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates as determined quarterly by the plan administrator. Interest rates on loans outstanding at December 31, 2005 range from 5.0% to 10.5%. Principal and interest are paid ratably through semi-monthly payroll deductions, and repayments are reinvested into the participant's account according to the current investment election.

Investment Options: Upon enrollment in the Plan, a participant may direct contributions in the investment options made available by the Administrator. The employee may elect to direct these contributions in multiples of 10%. Employer contributions are allocated in the same percentages that the employee has elected. The investment options are derived from a combination of various mutual funds, a money market fund, and UnionBancorp, Inc. common stock. Plan participants are allowed to reallocate funds between investment options on a daily basis.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Accounting Method: The Plan uses the accrual basis of accounting based on accounting principles generally accepted in the United States of America.

Edgar Filing: UNIONBANCORP INC - Form 11-K

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Investments: Investments in mutual funds are stated at quoted market prices. The fair value of money market accounts is the amount payable on demand at the reporting date. Investments in common stock are stated at fair value. The fair value of common stock is determined by a quoted market price. Purchases and sales of investments are accounted for on the trade date. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned. Participant loans are carried at their remaining balance, which approximates fair value.

Risks and Uncertainties: The Plan provides for various investment options in mutual funds and employer stock. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the participants' individual account balances.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of the Plan's termination, participants will become 100% vested in their accounts.

During the year ended December 31, 2005, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in fair value as follows:

Mutual funds	\$	(80,010)
Common stock		275,934

Net change in fair value	\$	195,924
		=====

For the plan year ended December 31, 2005, the Plan's investments earned dividends and interest of \$57,760 and \$7,220, respectively.

NOTE 5 - PARTIES-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Fees in the amount of \$34,760 and \$5,457 were paid to UnionFinancial Services and Trust Company and Federated Retirement Plan Services for trustee and plan recordkeeping services, respectively. Professional fees for the audit of the Plan and other administrative costs of the Plan were paid by the Company. At December 31, 2005 and 2004, all plan assets were considered to be party-in-interest investments, exclusive of the Plan's investment in American Funds. The value of these investments at December 31, 2005 and 2004 was \$4,382,878 and \$4,129,994, respectively.

Included in net assets available for benefits are amounts allocated to individuals who have elected to withdraw from the Plan but have not been paid as of the Plan's year end. Amounts allocated to these participants were \$118,870 and \$130,062 at December 31, 2005 and 2004, respectively.

Edgar Filing: UNIONBANCORP INC - Form 11-K

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated November 19, 2001 that the Non-Standardized Profit Sharing Plan (Prototype) upon which the Company's plan is based is designed in accordance with applicable sections of the (IRC).

In May of 2006, the Department of Labor (DOL) notified the Plan trustee of possible ERISA violations pertaining to certain administrative expenses paid by the Plan to the Plan trustee from 2000 through 2005 which may have been in excess of amounts allowable under ERISA. The Company and the Plan believe the administrative expenses that were paid by the Plan to the trustee during these years were determined in good faith, and the trustee is in process of gathering supporting records of the costs it incurred in servicing the Plan over this period to present to the DOL. However, if the DOL subsequently concludes that the Plan paid fees to the trustee in excess of allowable amounts, the Company intends to fully reimburse the Plan and Plan participants, in accordance with ERISA and IRS regulations, for any amounts owed to the Plan pertaining to this matter. No receivable has been reflected in the Plan's 2005 financial statements pertaining to this matter, as it is not yet certain whether the DOL will conclude that any amount is owed to the Plan. Further, the range of any potential reimbursement to the Plan is not yet reasonably estimable. If it is ultimately determined by the DOL that excessive administrative expenses were charged to the Plan, this would constitute a prohibited transaction and would be considered an operational deficiency in the Plan's compliance with the applicable qualification section of the IRC. The Company and the Plan's management intend to fully correct any operational deficiency in accordance with the provision of the IRC, such that the Plan will maintain its qualified status.
