Edgar Filing: ILINC COMMUNICATIONS INC - Form 10-K/A

language used in Item 9A of the Original Filing. Pursuant to Rule 12b-15 under the Securities Exchange Act of 1934, as amended, the complete text of Item 9A as amended is set forth below. The remainder of the Original Filing is unchanged and is not reproduced in this Amendment. This Amendment speaks as of the filing date of the Original Filing and reflects only the changes discussed above. No other information included in the Original Filing, including the Company's financial statements and the footnotes thereto, has been modified or updated in any way. This Amendment should be read together with other documents that iLinc has filed with the Securities and Exchange Commission subsequent to the filing of the Original Filing.

ITEM 9A CONTROLS AND PROCEDURES

We evaluated the design and operation of our disclosure controls and procedures to determine whether they are effective in ensuring that we disclose the required information in a timely manner and in accordance with the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the rules and forms of the Securities and Exchange Commission. Management, including our principal executive officer and principal financial officer, supervised and participated in the evaluation. The principal executive officer and principal financial officer concluded, based on their review, that our disclosure controls and procedures, as defined by Exchange Act Rules 13a-14(c) and 15d-14(c), are effective and ensure that (i) we disclose the required information in reports that we file under the Exchange Act and that the filings are recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms and (ii) information required to be disclosed in reports that we file under the Exchange Act is accumulated and communicated to the Company's management, including our principal executive officer and principal financial officer to allow timely decisions regarding required disclosure. During the fourth quarter ended March 31, 2004, no changes were made to our internal controls over financial reporting that materially affected or were reasonably likely to materially affect these controls subsequent to the date of their evaluation.

A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems no evaluation of controls can provide absolute assurance that all control issues if any, within a company have been detected.
