## Item 2.02 Results of Operations and Financial Condition.

On November 20, 2006, PacificNet Inc. (the "Company"), issued a press release and hosted a conference call during which the Company discussed its unaudited operating results for the third quarter of 2006, the financial outlook for fiscal 2006 and fiscal 2007, and its decision to focus on high-margin business in the gaming technology industry and to seek strategic alternatives for its telecom business.

A second press release was issued on November 20th to correct information in the initial press release. The corrected press release changed figures in the fifth and tenth bullet points in the first section of bullets as well as in the second bullet of the section titled "Business Outlook" as follows:

1. Quarterly EPS was incorrectly disclosed as \$0.10 and should have been (\$0.10). The corrected press release states:

Quarterly net loss of \$1,115,000, or EPS of (\$0.10) per basic share, and (\$0.10) per diluted share, represented a decrease of 282% as compared to net income of \$611,000, or \$0.06 per basic share or \$0.05 per diluted share in Q3 2005. Net profit margin decreased to (8.7%) for Q3 2006 from 5.5% for Q3 2005.

2. Quarterly operating profit for the VAS and Products (Telecom & Gaming) business segments were incorrectly disclosed as \$833,000 and \$191,000, respectively, and should have been (\$833,000) and (\$191,000), respectively. The corrected press releases states:

Quarterly revenues of \$3,733,000, \$2,350,000, and \$6,411,000; and operating profit of \$113,000, \$(833,000), and \$(191,000) were generated from the Company's three business units: (1) CRM Outsourcing Services, (2) Value Added Services (VAS) and (3) Products (Telecom & Gaming), respectively.

3. Under "Business Outlook" for fiscal 2006, projected net income was mistakenly stated as \$0.9 to \$0.11 per basic share and should have been \$0.09 to \$0.11. The corrected press release in the second bullet under the fiscal 2006 outlook states:

- Net income projected to be in the range of \$1.0 to \$1.2 million, or about \$0.09 to \$0.11 per basic share.

A copy of the corrected press release is attached hereto as Exhibit 99.1, and a transcript of the conference call is attached hereto as Exhibit 99.2.
