Executive Summary

We compensate our executive officers generally through a mix of base salary and equity compensation. Our executive compensation program is designed to attract, retain and motivate talented executive officers who are capable of providing leadership, vision and execution necessary to achieve our business objectives. We actively seek to foster an environment that aligns the interests of our executive officers with the creation of stockholder value through our equity compensation program. A cash bonus may also be paid to a Named Executive Officer at the discretion of the Compensation and Management Development Committee.

Compensation decisions are determined by our Compensation and Management Development Committee and are not based on benchmarking against specific peer companies. For the year ended December 31, 2013, the Compensation and Management Development Committee did not retain any outside advisors or compensation consultants. The Compensation and Management Development Committee actively engages in dialogue with the Chief Executive Officer (who is also a member of our Board) concerning executive performance and compensation. Generally, salary adjustments and equity compensation grants for all Named Executive Officers, except for the Chief Executive Officer, are based upon the recommendation of our Chief Executive Officer, with the Compensation and Management Development Committee retaining ultimate authority to accept, reject or modify such recommendation.

The Named Executive Officers for fiscal 2013 were: Howard G. Berger, M.D.; Mark D. Stolper; Jeffrey L. Linden; Norman R. Hames; and Stephen M. Forthuber.

In December 2012, the Compensation and Management Development Committee elected not to increase base salary for the Named Executive Officers in 2013, and in lieu thereof, determined to issue cash bonuses and restricted stock grants to certain Named Executive Officers, that together, in the aggregate, were equal to approximately fifty percent of their current salaries. Therefore, on January 2, 2013 in accordance with the Company's policy for when it generally issues equity compensation awards, each of Messrs. Stolper, Hames and Forthuber were awarded restricted stock grants of 50,000 shares of our common stock and Mr. Linden was awarded a restricted stock grant of 55,000 shares of our common stock, all of which vest in three equal annual increments with the first installment vesting on the grant date. Additionally, Messrs. Hames, Forthuber, and Stolper each received a cash bonus of \$118,750 while Mr. Linden's cash bonus was \$131,250. The cash bonus for Dr. Berger was \$375,000.

In November 2013, the Compensation and Management Development Committee decided that the base salary of the Named Executive Officers for 2014 would remain unchanged, and in lieu thereof, determined to issue cash bonuses in the same amounts as the year before as enumerated in the prior paragraph and Messrs. Hames, Forthuber, Linden and Stolper were each awarded restricted stock grants on January 2, 2014.

The Company also pays the premiums for our executive officers' coverage under our health insurance plans and our Named Executive Officers other than the Chief Executive Officer are provided a monthly car allowance. Perquisites are not a material element of the executive compensation program.

Compensation Philosophy

The following principles influence and guide the compensation decisions of the Compensation and Management Development Committee:

The Compensation and Management Development Committee Believes in a Pay for Performance Culture

At the core of our compensation philosophy is our guiding belief that pay should be directly linked to performance of the Company. A substantial portion of executive officer compensation is based on the Compensation and Management Development Committee's assessment of an individual's performance.

Compensation Decisions Should Promote the Interests of Stockholders

Compensation should focus management on achieving strong short-term (annual) performance in a manner that supports and ensures our long-term success and profitability. The Compensation and Management Development Committee believes that stock options and restricted stock create long-term incentives that align the interests of management with the long-term interests of stockholders.

Compensation and Performance Pay Should Reflect Position and Responsibility

Total compensation and accountability should generally increase with position and responsibility. Consistent with this philosophy:

Total compensation is higher for individuals with greater responsibility and greater ability to influence the Company's achievement of targeted results and strategic initiatives.

Equity-based compensation is higher for persons with higher levels of responsibility, making a significant portion of their total compensation dependent on long-term stock appreciation.

Internal Pay Equity

The Compensation and Management Development Committee believes that internal equity is an important factor to be considered in establishing compensation for our executive officers. A formal policy regarding the ratio of total compensation of the Chief Executive Officer to that of the other officers has not been established, but the Compensation and Management Development Committee does review compensation levels to ensure that appropriate equity exists. The Compensation and Management Development Committee intends to continue to review internal compensation equity and may adopt a formal policy in the future, if it is determined that such a policy would be appropriate.

Compensation Should be Reasonable and Responsible

It is essential that our overall compensation levels be sufficiently competitive to attract and retain talented leaders and motivate those leaders to achieve superior results. At the same time, we believe that compensation should be set at responsible levels. Our executive compensation programs are intended to be consistent with our focus on controlling costs.

Compensation Disclosures Should be Clear and Complete

The Compensation and Management Development Committee and management believe that all aspects of executive compensation should be clear, comprehensible and promptly disclosed in plain English. The Compensation and Management Development Committee and management believe that compensation disclosures should provide all of the information necessary to permit stockholders to understand our compensation philosophy, our compensation-setting process and how and how much our executives are paid.

Board Process

Compensation and Management Development Committee

The Compensation and Management Development Committee has been delegated the authority by our Board of Directors to approve all compensation and awards to executive officers. With respect to equity compensation awarded to the executive officers and others, the Compensation and Management Development Committee acts as the administrator under our stockholder-approved 2006 Equity Incentive Plan, as amended (the “2006 Plan”), and has the authority under that plan to grant restricted stock or stock options. Generally, equity grants are based upon the recommendation of our Chief Executive Officer, with the Compensation and Management Development Committee retaining ultimate authority to accept, reject or modify such recommendation.

Our Compensation and Management Development Committee meets as often as necessary to perform its duties and responsibilities. The Committee meets with executive management, including our Chief Executive Officer, and conducts meetings in executive session.

At the end of each year, the Compensation and Management Development Committee considers the Company’s performance as well as the individual’s performance and the performance of the divisions for which they are responsible, as applicable. The Committee engages in an active dialogue with the Chief Executive Officer regarding such performance and the determination of the compensation for the senior executive officers.

The Compensation and Management Development Committee meets in executive session each year to: (i) evaluate the performance of the Named Executive Officers, (ii) set the annual compensation of the Named Executive Officers, and (iii) consider and approve any grants of equity incentive compensation to the Named Executive Officers.

Management's Role in the Compensation-Setting Process

Management plays a significant role in the compensation-setting process. The most significant aspects of which are:

to establish the operating budget, which forms the basis for evaluating corporate achievements and the achievements of the divisions our senior executive officers manage that are taken into consideration when evaluating compensation levels for senior executives; and

to make recommendations to the Compensation and Management Development Committee on salary levels and option and restricted stock awards, which recommendations are made by our Chief Executive Officer.

Our Chief Executive Officer works with the Compensation and Management Development Committee in establishing the agenda for committee meetings. Management also prepares meeting information for each Compensation and Management Development Committee meeting.

Our Chief Executive Officer also participates in committee meetings at the request of the Compensation and Management Development Committee to provide, among other things:

background information regarding the Company's strategic objectives;

his evaluation of the performance of the senior executive officers, including accomplishments, and areas of strength and weakness; and

compensation recommendations as to senior executive officers (other than himself).

Committee Advisors

Under its charter, the Compensation and Management Development Committee is granted, where appropriate, the authority to retain outside advisors and compensation consultants. The Company is obligated to pay for the advisors and consultants. These advisors will report directly to the Compensation and Management Development Committee. For the year ended December 31, 2013, the Compensation and Management Development Committee did not retain any outside advisors or compensation consultants.

Benchmarking

Our Compensation and Management Development Committee does not base its compensation decisions on benchmarking against a specific peer group of companies. However, the Compensation and Management Development Committee recognizes that our compensation practices must be competitive in the marketplace. The Compensation and Management Development Committee is generally aware of pay practices at other companies in our industry. This marketplace information is only one of the many factors that the Committee considers in assessing the reasonableness of compensation.

Elements of Executive Compensation

Base Salary

Base pay is a critical element of executive compensation. We seek to establish a compensation level that is appropriate recognizing the executive officer's achievements and contributions. Base pay also provides executives with a secure level of monthly income that is not at risk, and our Compensation and Management Development Committee believes that this gives our executive officers the ability to focus on the longer term and avoid the urgency that could otherwise encourage an executive officer to take unnecessary risks. In determining base salaries our Compensation and Management Development Committee considers the executive officer's qualifications and experience, scope of responsibilities and future potential, the goals and objectives established for the executive officer, the executive officer's past performance, the general pay practices at other companies in our industry, internal pay equity and the tax deductibility of base salary.

Equity Based Compensation

We believe that equity compensation is the most effective means of creating a long-term link between the compensation provided to officers and other key management personnel with gains realized by our stockholders.

Our equity compensation plans have been established to provide certain of our employees, including our Named Executive Officers (other than our Chief Executive Officer), with incentives to help align those employees' interests with the interests of our stockholders. Our equity compensation plans have provided the principal method for our Named Executive Officers to acquire equity or equity linked interests in our Company.

Beginning in 2012, the Compensation and Management Development Committee elected to use restricted stock awards as the primary equity compensation vehicle for our Named Executive Officers. In connection with this decision, the Compensation and Management Development Committee reviewed the type of equity awards other companies were granting to executive officers and also took into account the various costs associated with differing equity awards and determined that granting restricted stock would serve as a better inducement to retaining our Named Executive Officers. The restricted stock grants generally vest in three equal annual increments with the first installment vesting on the grant date.

Prior to 2012, the Compensation and Management Development Committee had opted to use stock options as the primary equity compensation vehicle. All stock options incorporated the following features:

- the term of the grant did not exceed 10 years (though often was limited to only five years);
- the grant price was not less than the market price on the date of grant;
- grants did not include "reload" provisions;
- repricing of options is prohibited, unless approved by our stockholders; and
- options generally vest over a term of years (3 to 5 years) beginning with the first anniversary of the date of grant.

The Compensation and Management Development Committee uses equity awards, including restricted stock and stock options, as a long-term incentive vehicle because:

restricted stock and stock options align the interests of executives with those of our stockholders, support a pay-for-performance culture, foster employee stock ownership and focus the management team on increasing value for our stockholders; and

the vesting period encourages executive retention and the preservation of stockholder value.

In determining the number of options or shares of restricted stock to be granted to senior executive officers, the Compensation and Management Development Committee takes into account the individual's position, scope of responsibility, ability to affect profits and stockholder value and the individual's historic and recent performance, the value of the equity awards in relation to other elements of total compensation, internal pay equity and market competitiveness. The Compensation and Management Development Committee has also adopted a general policy of issuing equity awards to senior executive officers on the first business day of January and such equity awards are also to recognize those individual's contributions for the prior fiscal year.

Additional Benefits

Our executive officers, including our Named Executive Officers, participate in other employee benefit plans generally available to all employees on the same terms as similarly situated employees.

Perquisites to our Named Executive Officers are not a material element of our compensation program. We pay the premiums for our Named Executive Officers' coverage under our health insurance plans and all of our Named Executive Officers other than our chief executive officer are provided a monthly car allowance.

Change in Control and Severance Arrangements

The employment arrangements of our Named Executive Officers provide them with benefits if their employment is terminated under certain circumstances, including termination following a change in control of the Company. The details and amount of these benefits are set forth below under "Compensation of Executive Officers — Potential Payments Upon Termination or Change in Control — Severance Arrangements"; "Compensation of Executive Officers — Potential Payments Upon Termination or Change in Control — Change-in-Control Arrangements" and "Compensation of Executive Officers — Pension Benefits, Nonqualified Defined Contribution and Other Deferred Compensation Plans." The employment agreements, including the change in control provisions and the right to receive severance, were initially used to attract qualified executive officers and have continued to be used as a way to retain such qualified executive

officers.

Deductibility of Executive Compensation

Our Compensation and Management Development Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that we may not deduct compensation of more than \$1,000,000 that is paid to certain Named Executive Officers. This limitation does not apply to compensation that meets the requirements under Section 162(m) of the Internal Revenue Code for “qualifying performance based” compensation. In this regard, we do intend that stock options granted under our 2006 Plan qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code and therefore are exempt from the \$1,000,000 limit. However, our Compensation and Management Development Committee may approve compensation that will not meet these requirements in order to, among other things, ensure competitive levels of total compensation of our Named Executive Officers.

2013 Stockholder Advisory Vote on Executive Compensation

In June 2013, over 98% of the stockholder votes which were cast (including those that abstained and excluding broker non-votes) on the stockholder advisory vote regarding our Named Executive Officers’ compensation were in favor of approving such compensation, reflecting very strong stockholder support for our executive compensation programs. The Compensation and Management Development Committee carefully considered these results and a variety of other information in determining compensation structure and amounts for 2014. After taking into account all of the information the Compensation and Management Development Committee believed was relevant to its review, including the high level of stockholder support based on the advisory vote results, the Compensation and Management Development Committee did not make any significant changes to the structure of the executive compensation plans and programs. Moreover, the Compensation and Management Development Committee did determine to continue to use restricted stock, in lieu of stock options, with respect to equity compensation awards that it issued in 2014 as noted below under the heading “2014 Compensation Determinations.”

12

2013 Compensation Determinations

The Compensation and Management Development Committee uses its judgment and discretion in determining the amount of base salary for each Named Executive Officer, which is reviewed on an annual basis. In December 2012, the Compensation and Management Development Committee in connection with making a determination regarding base salaries for 2013, agreed with management's recommendation, to issue, in lieu of increasing salaries, cash bonuses and restricted stock grants to our Named Executive Officers in aggregate amounts equal to approximately 50% of their then-current base salaries. The cash bonuses were paid on December 31, 2012 and are reflected in the Bonus column for 2012 in the Summary Compensation Table under "Compensation of Executive Officers" below. The shares of restricted stock were granted on the first business day in January 2013, which is consistent with the Company's policy and are reflected in the Stock Awards column for 2013 in the Summary Compensation Table under "Compensation of Executive Officers" below.

Therefore, on January 2, 2013, each of Messrs. Stolper, Hames and Forthuber were awarded restricted stock grants of 50,000 shares of our common stock and Mr. Linden was awarded restricted stock grants of 55,000 shares of our common stock, all of which vest in three equal annual increments with the first installment vesting on the grant date. The Compensation and Management Development Committee decided to make these awards in order to provide each of these Named Executive Officers with a more significant equity stake in the Company and a greater incentive to contribute to our long-term success. No equity awards were granted to Dr. Berger who was then already the beneficial owner, directly and indirectly, of approximately 13.14% of our outstanding common stock. The Compensation and Management Development Committee determined that he has a sufficient equity interest in the Company to align his interest with other stockholders.

In November 2013, the Compensation and Management Development Committee agreed with management's recommendation, consistent with the previous year, to issue, in lieu of increasing salaries for 2014, cash bonuses and restricted stock grants to our Named Executive Officers. The cash bonuses were the same as the year before. Therefore, Messrs. Hames, Forthuber, and Stolper each received a cash bonus of \$118,750 while Mr. Linden's cash bonus was \$131,250. The cash bonus for Dr. Berger was \$375,000. The cash bonuses are reflected in the Bonus column for 2013 in the Summary Compensation Table under "Compensation of Executive Officers" below.

2014 Compensation Determinations

As stated in the prior paragraph, the Compensation and Management Development Committee determined that salaries would not change for the Named Executive Officers for 2014 and that shares of restricted stock would be granted on the first business day in January 2014, which is consistent with the Company's policy.

Therefore, effective January 2, 2014, each of Messrs. Stolper, Hames and Forthuber were awarded restricted stock grants equal to \$125,000 divided by the closing per share price of the Company's common stock of \$1.62 as of such date (77,160 shares) and Mr. Linden was awarded a restricted stock grant equal to \$137,500 divided by the closing price of the Company's common stock as of such date (84,876 shares), all of which vest in three equal annual increments with the first installment vesting on the grant date. The Compensation and Management Development Committee decided to make these awards in order to provide each of these Named Executive Officers with a more significant equity stake in the Company and a greater incentive to contribute to our long-term success. No equity awards were granted to Dr. Berger who was then already the beneficial owner, directly and indirectly, of approximately 13.13% of our outstanding common stock. The Compensation and Management Development Committee determined that he has a sufficient equity interest in the Company to align his interest with other stockholders.

Risk Consideration in Our Compensation Programs

Our Compensation and Management Development Committee reviewed the concept of risk as it relates to our compensation program and does not believe our compensation program encourages excessive or inappropriate risk taking. We structure our pay to consist of primarily fixed compensation with base salary in cash and non-cash long-term incentive programs. The base salary portion of compensation and in recent years the cash bonuses granted based on the previous year's performance are designed to provide a steady income regardless of our stock price performance, so that our executive officers do not feel pressured to focus exclusively on stock price performance to the detriment of other important aspects of our business. Our equity incentive grants have traditionally been structured to provide longer term incentives. Our Compensation and Management Development Committee believes our compensation programs strike a balance between providing secure compensation and appropriate long-term incentives, such that our executive officers are not encouraged to take unnecessary or excessive risks.

Compensation Committee Report

The Compensation and Management Development Committee of the Board of Directors is comprised of independent non-employee directors and operates pursuant to a written charter. A copy of the charter can be viewed by visiting our website at www.radnet.com and clicking on "Investors" and then on "Corporate Governance." The Compensation and Management Development Committee is responsible for setting and overseeing the administration of the policies governing annual compensation of the Company's executive officers. The Compensation and Management Development Committee reviews the performance and compensation levels for executive officers, including the Chief Executive Officer, and sets salary levels.

The Compensation and Management Development Committee has reviewed and discussed with RadNet's management the "Compensation Discussion and Analysis" included in this Proxy Statement. Based upon that review and analysis, the Compensation and Management Development Committee recommended to the Board of Directors that the "Compensation Discussion and Analysis" be included in this Proxy Statement.

Pension Benefits, Nonqualified Defined Contribution and Other Deferred Compensation Plans

We do not have any tax-qualified defined benefit plans, nonqualified defined contribution plans or supplemental executive retirement plans that provide for payments or other benefits to our Named Executive Officers in connection with their retirement.

The employment arrangements of some of our Named Executive Officers include a required payment of deferred compensation upon termination of employment. The following table shows the contributions, earnings and current required payments of deferred compensation.

Nonqualified Deferred Compensation

Name	Executive Contributions in Last Fiscal Year (\$)	Registrant Contributions in Last Fiscal Year (\$)	Aggregate Earnings in Last Fiscal Year (\$)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last Fiscal Year End (\$)⁽⁴⁾

Dr. Berger is entitled to receive, upon his election to terminate employment, an amount equal to five times his 2010 ⁽¹⁾base salary paid by BRMG. Dr. Berger's 2010 base salary as paid by BRMG was \$500,000. Such payment is subject to post-termination covenants intended to protect the Company's business.

Mr. Linden is entitled to receive, upon his election to terminate employment, an amount equal to five times his 2010 ⁽²⁾base salary. Mr. Linden's 2010 base salary was \$400,000. Such payment is subject to post-termination covenants intended to protect the Company's business.

Mr. Hames is entitled to receive, upon his election to terminate employment, an amount equal to three times his ⁽³⁾2010 base salary. Mr. Hames' 2010 base salary was \$350,000. Such payment is subject to post-termination covenants intended to protect the Company's business.

⁽⁴⁾The above amounts have not been reported as compensation to the listed executive officers in the Summary Compensation Table for any fiscal year.

Employment Agreements

We entered into an employment agreement with Mr. Linden on April 16, 2001, as amended on January 30, 2004, for an initial five-year term that renews automatically for successive one year terms unless otherwise terminated by either party. The employment agreement provides that Mr. Linden's base salary is \$350,000, which was subsequently amended to \$475,000 for the fiscal year 2010 and has since been amended to \$525,000, effective as of January 1, 2012. The employment agreement also provides that Mr. Linden is eligible for severance benefits as described below under the heading "Potential Payments Upon Termination or Change in Control — Severance Arrangements" and as described above under the heading "Pension Benefits, Nonqualified Defined Contribution and Other Deferred Compensation Plans." Mr. Linden currently serves as Executive Vice President and General Counsel.

We entered into an employment agreement with Mr. Hames on May 1, 2001, as amended on January 30, 2004 for an initial three-year term that renews automatically for successive one year terms unless otherwise terminated by either party. The employment agreement provides that Mr. Hames' base salary is \$225,000, which was subsequently amended to \$425,000 for the fiscal year 2011 and has since been amended to \$475,000, effective as of January 1, 2012. The employment agreement also provides that Mr. Hames is eligible for severance benefits as described below under the heading "Potential Payments Upon Termination or Change in Control — Severance Arrangements" and as described above under the heading "Pension Benefits, Nonqualified Defined Contribution and Other Deferred Compensation Plans." Mr. Hames currently serves as Executive Vice President and Chief Operating Officer — Western Operations.

We entered into an employment agreement with Mr. Stolper effective as of January 1, 2009, under which he serves as our Executive Vice President and Chief Financial Officer until the agreement is terminated by either party. The employment agreement provides that Mr. Stolper's initial base salary was \$350,000, which was subsequently amended to \$425,000 for the fiscal year 2011 and has since been amended to \$475,000, effective as of January 1, 2012. The employment agreement also provides that he is eligible to participate in all of our bonus or incentive compensation plans generally available to our corporate officers and that he is entitled to certain benefits upon a change-in-control as described below under the heading "Potential Payments Upon Termination or Change in Control — Change-in-Control Arrangements."

Potential Payments Upon Termination or Change in Control

Payments Made Upon Termination and Retirement

Regardless of the manner in which the employment of a Named Executive Officer is terminated, he is entitled to receive amounts earned during his term of employment. Such amounts include:

non-equity incentive compensation earned, to the extent vested;

equity awarded pursuant to our 2006 Plan, to the extent vested; and

unused vacation pay.

Payments Made Upon Death or Disability

In the event of the death or disability of a Named Executive Officer, no additional benefits other than those listed under the heading "Payments Made Upon Termination and Retirement" above, will be paid to our Named Executive Officers.

Severance Arrangements

Under each employment agreement discussed above under the heading "Employment Agreements," we may terminate such Named Executive Officer's employment at any time and for any reason upon notice, as specified in each Named Executive Officer's employment agreement and each Named Executive Officer may resign at any time and for any reason.

Dr. Berger

Dr. Berger has a severance arrangement with BRMG pursuant to a consulting agreement. Under this arrangement, in the event of termination "without cause," Dr. Berger is entitled to receive a severance payment in an amount equal to five times his 2010 BRMG annual compensation, or approximately \$2,500,000. Additionally, in the event of termination "for cause" by BRMG, Dr. Berger is entitled to receive a payment in an amount equal to his 2010 annual base compensation from BRMG, or approximately \$500,000.

BRMG may terminate Dr. Berger's consulting services "for cause" if (i) there is a material breach by Dr. Berger of the agreement which persists for more than thirty (30) days after notice of such breach has been provided, (ii) Dr. Berger willfully breaches or habitually neglects his duties, (iii) Dr. Berger commits any acts of a criminal nature, fraud, dishonest misrepresentations or any acts of moral turpitude, (iv) Dr. Berger's professional license is suspended, revoked or terminated or (v) Dr. Berger is convicted of a felony or of fraud involving payments or charges for professional medical services.

Mr. Stolper

If we terminate Mr. Stolper's employment "without cause" or he voluntarily terminates his employment for good reason, Mr. Stolper is entitled to receive a lump sum severance payment in an amount equal to two times his then annual base salary, or a total of \$950,000 if hypothetically terminated on December 31, 2013 based upon his 2013 base salary. Such payments are subject to post-termination covenants intended to protect the Company's business. In addition, all options, warrants or other deferred equity compensation then granted to Mr. Stolper which is unvested at the time of such termination shall immediately vest and if hypothetically terminated on December 31, 2013, the unamortized intrinsic value of such newly vested options, warrants, restricted stock and other deferred equity compensation would be approximately \$118,291 based on our December 31, 2013 closing per share price of \$1.67.

We may terminate Mr. Stolper's employment "for cause" (i) if Mr. Stolper is convicted (or pleads guilty or nolo contendere) of a felony or a misdemeanor involving fraud or dishonesty in connection with the performance of his duties under the employment agreement or moral turpitude, (ii) based on the willful and continued failure of Mr. Stolper to perform his duties for a period of 10 days within one fiscal year, or (iii) based on Mr. Stolper's willingness to engage in misconduct which has, or can reasonably be expected to have, a direct and material adverse monetary effect on the Company.

Mr. Stolper may terminate his employment for "good reason" (i) if the Company is in material default of its obligations under the employment agreement or (ii) if without his consent, his title, duties or job functions are materially diminished, he is assigned duties or responsibilities materially inconsistent with his current position, or he is re-located, and such changes remain unremedied for a period of ten days following notice from Mr. Stolper.

Mr. Linden

If we terminate Mr. Linden's employment "without cause" or Mr. Linden elects to terminate his employment for any reason, Mr. Linden will be entitled to receive a severance payment in an amount equal to five times his 2010 base salary, or approximately \$2,000,000. Such payments are subject to post-termination covenants intended to protect the Company's business.

We may terminate Mr. Linden's employment "for cause" if (i) there is a material breach of the agreement which persists for more than thirty (30) days after notice of such breach has been provided, (ii) Mr. Linden willfully breaches or habitually neglects his duties, or (iii) Mr. Linden commits any acts of a criminal nature, fraud, dishonest misrepresentations or any acts of moral turpitude.

Mr. Hames

If we terminate Mr. Hames' employment "without cause" or Mr. Hames elects to terminate his employment for any reason, Mr. Hames will be entitled to receive a severance payment in an amount equal to three times his 2010 base salary, or approximately \$1,050,000. Such payments are subject to post-termination covenants intended to protect the Company's business.

We may terminate Mr. Hames' employment "for cause" if (i) there is a material breach of the agreement which persists for more than thirty (30) days after notice of such breach has been provided, (ii) Mr. Hames willfully breaches or habitually neglects his duties, or (iii) Mr. Hames commits any acts of a criminal nature, fraud, dishonest misrepresentations or any acts of moral turpitude.

Mr. Forthuber

We entered into a retention agreement with Mr. Forthuber on November 15, 2006. If we terminate Mr. Forthuber's employment for any reason other than for "disability" or "cause", Mr. Forthuber will be entitled to receive a lump sum severance payment in an amount equal to his then annual salary, or a total of \$475,000 if hypothetically terminated on December 31, 2013, based upon his 2013 base salary. The severance payment is required to be paid within fifteen business days of the effective date of such termination; provided, that, if the payments are subject to Section 409A of the Code and Mr. Forthuber is deemed a "specified employee" (as defined in Section 409A of the Code), then, such payment shall not be required to be paid until the first day of the seventh month following the effective date of such termination. Mr. Forthuber is also subject to post-termination covenants for twelve months from the effective date of termination intended to protect the Company's business.

Under the retention agreement, "disability" means that for a period of at least 120 days during any twelve consecutive month period on account of a mental or physical condition, Mr. Forthuber is unable to perform the essential functions of his job, even with reasonable accommodation. The determination of Mr. Forthuber's disability is required to be made by a medical physician selected or agreed to by the Company or upon mutual agreement between the Company and Mr. Forthuber or his personal representative.

We may terminate Mr. Forthuber's employment for "cause" (i) if Mr. Forthuber was convicted (or pleads guilty or nolo contendere) of a felony or a misdemeanor involving fraud or dishonesty in connection with the performance of his duties under the retention agreement or moral turpitude; (ii) based on the willful and continued failure of Mr. Forthuber for a total of 10 days (which need not be consecutive days) within any fiscal year to substantially perform his duties (other than any such failure resulting from illness or "disability") after a written demand for substantial performance from us has been delivered to Mr. Forthuber, which demand specifically identifies the manner in which it claims Mr. Forthuber has not substantially performed his duties, or (iii) Mr. Forthuber has willfully engaged in misconduct which has, or can reasonably be expected to have, a direct and material adverse monetary effect on the Company.

Change-in-Control Arrangements

None of our Named Executive Officers is generally entitled to payment of any special benefits upon a change-in-control of the Company; however all options, warrants and any other deferred equity compensation then granted to Mr. Stolper which is unvested at the time of such change-in-control shall immediately vest. Hypothetically assuming a change-in-control occurred on December 31, 2013, the unamortized intrinsic value of such newly vested options, warrants, restricted stock and other deferred equity compensation would be approximately \$118,291 based on our December 31, 2013 closing per share price of \$1.67.

Under the 2006 Plan, the Board of Directors of the Company, a committee thereof, or the board of directors of any surviving entity or acquiring entity, may in its discretion, in connection with a “change-in-control”, accelerate the vesting of all or any part of the options that are then outstanding and terminate any restrictions on all or any part of the restricted stock awards. A “change-in-control” under the 2006 Plan shall mean: a merger or consolidation in which the Company is not the surviving entity (or survives only as a subsidiary of another entity whose stockholder did not own all or substantially all of our common stock immediately before such transaction); a sale of all or substantially all of our assets to another person or entity (other than a wholly-owned subsidiary of the Company); an acquisition of beneficial ownership of a controlling interest in the outstanding shares of our common stock by any person or entity (including a “group”) as defined under Section 13(d)(3) of the Exchange Act); the dissolution or liquidation of the Company; a contested director election that results in the persons who were directors before such election or their nominees ceasing to constitute a majority of the board; or any other event that may be specified in the specific awards granted by the Board of Directors or a committee thereof pursuant to the 2006 Plan.

COMPENSATION OF DIRECTORS

Overview of Director Compensation

We use cash and stock based incentive compensation to attract and retain qualified candidates to serve on our board. In setting director compensation, we consider the significant amount of time that our directors expend in fulfilling their duties to our Company as well as the skill level required by the members of our board. In addition, our certificate of incorporation and bylaws include indemnification provisions for our directors and executive officers and we maintain liability insurance for our directors and officers.

Cash Compensation Paid to Non-Employee Board Members

The Board of Directors revised the compensation structure for non-employee directors, effective as of April 1, 2012, as set forth below:

Annual cash compensation	\$35,000
Audit Committee Chair annual cash compensation	\$15,000
Compensation and Management Development Committee Chair annual cash compensation	\$7,500
Nominating and Governance Committee Chair annual cash compensation	\$7,500
Committee Meeting Attendance (per meeting)	\$1,500
Board Meeting Attendance (per meeting)	\$2,000

Employee directors do not receive any additional compensation for their service as a director.

Equity Compensation

Effective as of January 1, 2012, non-employee members of our Board of Directors are entitled to receive an annual restricted stock grant of 50,000 shares on the first trading day of the year. One third of the restricted stock shall vest on the date of grant and one-third shall vest on the first and second anniversaries of the date of grant. However, for 2013 only, the Board of Directors determined, in part due to possible increase in taxes, that the annual restricted stock grant that would otherwise be issued on the close of business on the first trading day of the year would be issued on December 20, 2012 instead.

Director Compensation - 2013

The table below summarizes the cash and non-cash director fees received for the fiscal year ended December 31, 2013 by each of our non-employee directors.

Name	Fees Earned or Paid in Cash (\$)
Marvin S. Cadwell ⁽¹⁾	56,500
Lawrence L. Levitt ⁽¹⁾	65,500

Michael L. Sherman, M.D. ⁽¹⁾ 59,500

David L. Swartz ⁽¹⁾ 73,000

As of December 31, 2013, each of Messrs. Cadwell, Levitt, Sherman and Swartz had 33,333 shares of unvested restricted stock and 116,250 shares subject to vested stock options. No restricted stock grants were issued in 2013 ⁽¹⁾ since the grants that would otherwise have been issued on the first trading day of that year were issued on December 20, 2012 instead.

Director Compensation - 2014

In 2013, the Board of Directors determined that the cash compensation structure for non-employee directors would be the same as provided in 2013 but determined that the number of shares subject to the annual restricted stock grant would be equal to \$125,000 based on the closing price of the Company's common stock on January 2, 2014. Each director therefore received a restricted stock grant of 77,160 shares on January 2, 2014, with one-third vested as of the grant date and the remaining portion vesting in two equal annual installments on January 2, 2015 and 2016, respectively, subject to continued service.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation and Management Development Committee are Lawrence L. Levitt, Michael Sherman, M.D., and David L Swartz, all of whom qualify as independent directors. Mr. Levitt serves as the Chairman of the Compensation and Management Development Committee. No member of the Compensation and Management Development Committee has had a relationship with our Company or any of our subsidiaries other than as directors and stockholders and no member has been an officer or employee of our Company or any of our subsidiaries, a participant in a “related person” transaction or an executive officer of another entity, where one of our executive officers serves on the board of directors.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table presents information concerning the beneficial ownership of the shares of our common stock as of March 31, 2014, by:

- each person we know to be the beneficial owner of 5% or more of our outstanding shares of common stock;
- our principal executive officer, principal financial officer and each of our three other most highly compensated executive officers as of December 31, 2013 (collectively, the “Named Executive Officers”);
- each director; and
- all of our current executive officers and directors as a group.

Unless otherwise noted below, the address of each beneficial owner listed in the table is c/o RadNet, Inc., 1510 Cotner Ave., Los Angeles, CA 90025.

Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 41,117,823 shares of common stock outstanding on March 31, 2014. We have determined beneficial ownership in accordance with the rules of the Securities and Exchange Commission (the “SEC”). In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed as outstanding shares of common stock subject to options or warrants held by that person that are currently exercisable or exercisable within 60 days of March 31, 2014. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person.

Equity Compensation Plan Information

We have two stock incentive plans: our 2000 Long-Term Incentive Plan (the “2000 Plan”) and our 2006 Equity Incentive Plan (the “2006 Plan”).

We reserved 1,000,000 shares of common stock for issuance under our 2000 Plan. As of December 31, 2013, there were 7,500 options outstanding under the 2000 Plan. Upon approval of the 2006 Plan, we ceased granting awards under the 2000 Plan.

We have reserved 11,000,000 shares of common stock for issuance under our 2006 Plan. The 2006 Plan provides for the grant of stock options (incentive and non-qualified), stock awards, stock appreciation rights and cash awards. If an award is cancelled, terminates, expires, or lapses for any reason without having been fully exercised or vested, or is settled for less than the full number of shares of common stock represented by such award actually being issued, the unvested, cancelled, or unissued shares of common stock generally will be returned to the available pool of shares reserved for issuance under the 2006 Plan. Notwithstanding the foregoing, the aggregate number of shares of common stock that may be issued under the 2006 Plan upon the exercise of incentive stock options shall not be increased for restricted shares that are forfeited or repurchased. Notwithstanding anything in the 2006 Plan, or any award agreement to the contrary, shares attributable to awards transferred under any award transfer program shall not be again available for grant under the 2006 Plan. In addition, if we experience a stock dividend, reorganization, or other change in our capital structure, the administrator may, in its discretion, adjust the number of shares available for issuance under the 2006 Plan and any outstanding awards as appropriate to reflect the stock dividend or other change. The share number limitations included in the 2006 Plan will also adjust appropriately upon such event. As of December 31, 2013, we had 6,383,750 options, warrants and shares of restricted stock outstanding and 4,596,250 available for grant under the 2006 Plan.

The following table sets forth, for each of the Company's equity compensation plans, the number of shares of common stock subject to outstanding options and stock awards, the weighted-average exercise price of outstanding options, and the number of shares remaining available for future award grants as of December 31, 2013.

Plan Category	(A) Number of Shares to Be Issued Upon Exercise of Outstanding Options And Warrants (#)	(B) Weighted Average Exercise Price of Outstanding Options and Warrants (\$)	(C) Number of Shares Remaining Available For Future Issuance Under Equity Incentive Plans (Excluding Shares Reflected in Column (A))
Equity incentive plans approved by stockholders	4,701,250	3.15	4,596,250
Equity incentive plans not approved by stockholders ⁽¹⁾	200,000	2.62	-
TOTAL	4,901,250		

Consists of shares available upon exercise of warrants granted under various types of arrangements to employees and in exchange for outside services. All warrants were issued with an exercise price equal to the fair value of the (1) underlying common stock on the date of grant. The warrants expire from five to seven years from the date of grant and the vesting terms were determined by the Board of Directors or the Compensation and Management Development Committee on the date of grant. All of the warrants were fully vested as of December 31, 2013.

The 2000 Plan and 2006 Plan are administered by the Compensation and Management Development Committee, which has the power to determine matters related to outstanding option awards under the Plans, including conditions of vesting and exercisability. Options granted under the Plans expire no later than 10 years from the grant date. Options generally vest in increments over three or five years from the date of grant. Options granted to non-employee directors however are fully vested upon issuance. Restricted stock grants issued to employees and non-employee directors generally vest in equal annual increments over two years from the date of grant with one-third vested as of the date of grant.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Review and Approval of Related Party Transactions

As a matter of policy, the Board of Directors reviews any transaction in which we are proposed to be a party, directly or indirectly, and any of the following persons or entities is or is entitled to be a party, directly or indirectly, to the transaction or any director has a material financial interest in the transaction: (i) any of our executive officers or any related person of any such officer or a director, (ii) any person or entity of which the executive officer or director or any related person is the owner of more than 5% of the securities, (iii) any person or entity that controls one or more of the persons specified in subparagraph (ii) or a person that is controlled by, or is under common control with, one or more of the persons specified in subparagraph (ii), or (iv) an individual who is a general partner, principal or employer of a director. Additionally, any transaction which would be required to be disclosed pursuant to Item 404 of Regulation S-K is reviewed by the Board of Directors.

Related Party Transactions

Howard G. Berger, M.D., is our President and Chief Executive Officer, a member of our Board of Directors and is deemed to be the beneficial owner, directly and indirectly, of approximately 13.12% of our outstanding common stock as of March 31, 2014. Dr. Berger also owns, indirectly, 99% of the equity interests in BRMG. BRMG provides all of the professional medical services at 101 of our facilities located in California under a management agreement with us, and contracts with various other independent physicians and physician groups to provide the professional medical services at most of our other California facilities. We obtain professional medical services from BRMG in California, rather than provide such services directly or through subsidiaries, in order to comply with California's prohibition against the corporate practice of medicine. However, as a result of our close relationship with Dr. Berger and BRMG, we believe that we are able to better ensure that medical service is provided at our California facilities in a manner consistent with our needs and expectations and those of our referring physicians, patients and payors than if we obtained these services from unaffiliated physician groups. In 2013, Dr. Berger received \$500,000 of his salary from BRMG.

We have a management agreement with BRMG that expires on January 1, 2015 but includes an automatic renewal for consecutive 10-year periods. Under our management agreement, BRMG pays us, as compensation for the use of our facilities and equipment and for our services, a percentage of the gross amounts collected for the professional services it renders. The percentage, which was 79%, at December 31, 2013, is adjusted annually, if necessary, to ensure that the parties receive fair value for the services they render. In operation and historically, the annual revenue of BRMG from all sources closely approximates its expenses, including Dr. Berger's compensation, fees payable to us and amounts payable to third parties. For administrative convenience and in order to avoid inconveniencing and confusing our payors, a single bill is prepared for both the professional medical services provided by the radiologists and our non-medical, or technical, services, generating a receivable for BRMG. BRMG is a guarantor under our first lien term loan facility, as amended, and revolving credit facility and under our new second lien term loan facility entered into in March 2014.

John V. Crues III, M.D. is our Medical Director, a member of our Board of Directors and a 1% owner of BRMG. Dr. Crues receives all of his salary from BRMG. In 2013, Dr. Crues received a fixed base salary amount of \$500,000 and was also entitled to 10% of the revenues from certain programs Dr. Crues administers for BRMG, for a total salary of \$588,071.79. Dr. Crues also owns a controlling interest in three medical groups that provide professional medical services to our imaging facilities located in New York, New York, two of which we acquired as part of our December 31, 2012 acquisition of Lenox Hill and one in connection with our August 1, 2013 acquisition of Manhattan Diagnostic Radiology.

Cohen & Lord, a professional corporation, a law firm with which Mr. Linden is associated, received \$190,158 in fees for the year ended December 31, 2013. Mr. Linden has specifically waived any interest in the fees paid to Cohen & Lord by RadNet since becoming an officer of RadNet in 2001.

We use World Wide Express, a package delivery company owned 75% by Mr. Hames, to provide delivery services for us. The rates charged by World Wide Express are very competitive with those charged by other third-party package delivery companies. During the year ended December 31, 2013, we paid approximately \$955,000 to World Wide Express for those services.

On June 1, 2009 we entered into a 10-year operating lease for a building at one of our imaging centers located in Wilmington, Delaware in which our Senior Vice President of Materials Management is a 50% owner. The monthly rent under this operating lease is approximately \$25,000. We believe that the monthly lease amount is in line with similar 10-year lease contracts available for comparable buildings in the area.

Director Independence

Our Board of Directors annually determines the independence of our directors in accordance with the independence requirements under the NASDAQ and the SEC rules. As a result of this review, our Board of Directors has determined that Marvin S. Cadwell, Lawrence L. Levitt, Michael L. Sherman, M.D. and David Swartz each qualify as independent directors in accordance with the NASDAQ and the SEC rules. Each of Howard G. Berger, M.D., John V. Crues, III, M.D., and Norman R. Hames is an executive officer of our Company and therefore they do not qualify as independent directors.

Item 14. Principal Accounting Fees and Services

All Other Fees ⁽⁴⁾	—	—

⁽³⁾ Tax fees consist of fees billed for professional services rendered for tax compliance, tax advice and tax planning. These services include assistance regarding federal and state tax compliance, acquisitions and tax planning.

- (4) All Other Fees consist of fees for products and services other than the services reported above.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

As a matter of policy, all audit and non-audit services provided by our independent registered public accounting firm are approved in advance by the Audit Committee, which considers whether the provision of non-audit services is compatible with maintaining such firm's independence. All services provided by Ernst & Young LLP during the fiscal year ended December 31, 2013 and the fiscal year ended December 31, 2012 were pre-approved by the Audit Committee. The Audit Committee has considered the role of Ernst & Young LLP in providing services to us for the fiscal year ended December 31, 2013 and has concluded that such services are compatible with their independence as our auditors.
