FULTON FINANCIAL CORPORATION  
DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN

The following is a question and answer statement of the provisions of the Fulton Financial Corporation Dividend Reinvestment and Stock Purchase Plan.

Purpose

-----

1. What is the purpose of the plan?

The purpose of the plan is to provide shareholders of the \$2.50 par value common stock of Fulton Financial Corporation with a convenient and economical method of investing cash dividends and optional cash payments in additional shares of Fulton Financial common stock. To the extent that the shares are purchased directly from Fulton Financial under the plan, Fulton Financial will receive additional funds for its general corporate purposes.

4

Edgar Filing: FULTON FINANCIAL CORP - Form S-3/A

Advantages

-----

2. What are the advantages of the plan?

Participation in the plan offers a number of advantages:

a. The plan provides shareholders of Fulton Financial with the opportunity to reinvest their dividends automatically in additional shares of common stock.

b. Participants' funds will be fully utilized through the crediting of fractional shares to their accounts under the plan.

c. Participants may acquire additional shares of Fulton Financial common stock by making optional cash payments.

d. Participants will receive periodic statements of all transactions for their accounts under the plan.

Administration

-----

3. Who administers the plan for participants?

Fulton Financial Advisors, National Association, a wholly owned subsidiary of Fulton Financial, will administer the plan as agent for the participants, and in such capacity will send periodic statements of account to participants and perform other administrative duties relating to the plan. Shares purchased for a participant under the plan will be held by Fulton Financial Advisors and registered in the name of Fulton Financial Advisors or its nominee.

Any notices, questions or other communications relating to the plan should include the participant's account number and should be addressed to:

Fulton Financial Advisors  
Dividend Reinvestment Department  
P.O. Box 3215  
Lancaster, PA 17604-3215

Participants who have questions regarding the plan may also contact Fulton Financial Advisors by telephoning 1-800-626-0255.

Participation

-----

4. Who is eligible to participate in the plan?

All record holders of common stock of Fulton Financial are eligible to participate in the plan; however, Fulton Financial reserves the right to deny participation to a shareholder who resides in a state which requires registration, qualification or exemption of the common stock to be issued under the plan or registration or qualification of Fulton Financial or any of its officers or employees as a broker, dealer, salesman or agent, if such registration, qualification or exemption would be unduly burdensome or expensive for Fulton Financial. Beneficial owners whose shares are registered in the name of a nominee, such as a brokerage firm or securities depository, may not

## Edgar Filing: FULTON FINANCIAL CORP - Form S-3/A

participate in the plan, unless such shares are transferred into the name of the beneficial owner.

5. How does an eligible shareholder become a participant in the plan?

Any eligible shareholder may join the plan at any time by completing and signing the authorization form included with the prospectus and returning it to Fulton Financial. Additional authorization forms may be obtained at any time from Fulton Financial. An authorization form must be received at least two (2) business days before a dividend record date for dividends to begin to be reinvested upon payment of that dividend.

6. Must a shareholder authorize dividend reinvestment on a minimum number of shares?

No, there is no minimum number of shares required for participation in the plan.

7. May a shareholder participate in the plan with less than all of his or her shares?

Yes, a shareholder may participate in the plan with respect to all or any portion of his or her shares. A shareholder who wishes to participate with a portion of his or her shares may elect to: (i) have the dividends reinvested on a fixed percentage of shares, (ii) have the dividends reinvested on a fixed number of shares, or (iii) have a fixed dollar amount of cash dividends reinvested.

8. May a shareholder deposit shares registered in his or her name with the plan?

There is no requirement that participants deposit the shares registered in their names in the plan; however, participants may deposit currently held certificates for shares of Fulton Financial common stock with Fulton Financial Advisors for safekeeping. To do so, a participant should send the stock certificates, properly endorsed on the reverse side, to Fulton Financial Advisors with a letter of instructions requesting that the shares be added to the participant's dividend reinvestment account and the dividends thereon be reinvested in accordance with the plan.

6

### Optional Cash Payments

-----

9. Who is eligible to make optional cash payments?

Only participants who have elected to have dividends reinvested under the plan may make optional cash payments, which will be used for the purchase of additional shares of Fulton Financial common stock in accordance with the plan.

10. What are the limits on optional cash payments?

Participants may make optional cash payments as often as once a month. The minimum optional cash payment is \$25.00 per month, and the maximum optional cash payment is \$5,000.00 per month. The same amount of optional cash payments need not be made each month, and there is no obligation to make optional cash payments after a participant is enrolled in the plan.

11. How are optional cash payments made?

## Edgar Filing: FULTON FINANCIAL CORP - Form S-3/A

Participants who wish to make an optional cash payment should forward a check or money order payable to Fulton Financial Advisors for the amount of the optional cash payment, with an authorization form when enrolling, or thereafter, with the payment form attached to each statement of account. Optional cash payments must be received by Fulton Financial Advisors at least five (5) business days before the applicable investment date to be invested for that month. No interest will be paid on optional cash payments held by Fulton Financial Advisors. Participants may request that optional cash payments be returned to them prior to investment, provided that the request is received by Fulton Financial Advisors at least five (5) business days before the next applicable investment date.

### Purchases

-----

12. How are shares of common stock acquired under the plan?

Fulton Financial Advisors, as the plan agent, will pool all of the reinvested dividends and optional cash payments to purchase shares of Fulton Financial common stock for the accounts of the plan's participants. Each participant's account will be credited with a pro rata share (computed to four decimal places) of such purchased shares. Fulton Financial Advisors will purchase shares either directly from Fulton Financial or on the open market, or by a combination of the foregoing, at the direction of Fulton Financial. Shares purchased from Fulton Financial may be authorized but unissued shares or treasury shares.

13. When will shares of common stock be purchased under the plan?

7

Purchases of shares of common stock from Fulton Financial will be made as of the investment date, which will be the dividend payment date during a month in which a dividend is paid, and in any other month will be the fifteenth day of such month. If, however, the investment date falls on a date that is not a trading day, the next trading day will be the investment date. Purchases of shares of common stock on the open market will be made as soon as reasonably possible after the applicable investment date, but not more than thirty (30) days after such date.

14. What will be the price of stock purchased under the plan?

For shares of common stock purchased directly from Fulton Financial by Fulton Financial Advisors, the purchase price will be the fair market value of the stock as of the applicable investment date. During the time that Fulton Financial common stock is listed on the NASDAQ National Market System, the fair market value will be the average of the highest and lowest trading price for the stock on the applicable investment date. For purchases of shares of common stock on the open market, the purchase price will be the average of the prices actually paid for the shares (including brokerage commissions, if any) at the time such purchases are made.

15. How many shares will be purchased for participants?

The number of shares that will be purchased for each participant will depend on the amount of dividends to be reinvested for the participant and the optional cash payments, if any, received from the participant.

16. Will dividends on shares in participants' accounts be used to purchase shares?

## Edgar Filing: FULTON FINANCIAL CORP - Form S-3/A

Yes, dividends subsequently paid on shares that have been purchased under the plan will also be used to purchase Fulton Financial common stock, thereby compounding each participant's investment. Fractional shares held under the plan for a participant's account will receive dividends in the same way as a whole share, but in proportion to the size of the fractional share.

17. Are there any expenses to participants in connection with purchases under the plan?

Fulton Financial will pay all costs of administration of the plan. No brokerage fees will be charged to participants in connection with the purchase of stock from Fulton Financial, but participants will be charged the actual cost (including any brokerage commissions, if any) of all shares purchased on the open market.

8

### Reports to Participants

-----

18. What reports will be sent to participants in the plan?

Each participant will receive periodic statements of account showing the amount of dividends and optional cash payments, if any, invested; the taxes withheld, if any; the net amount invested; the number of shares purchased; the price per share; and the total number of shares accumulated under the plan. These statements are records of the participant's transactions under the plan and should be retained for income tax purposes. In addition, each participant will continue to receive copies of the same communications sent to all other holders of Fulton Financial common stock, including quarterly reports and annual reports to shareholders, a notice of the annual meeting and proxy statement, and Internal Revenue Service information for reporting dividend income received.

### Voting Rights

-----

19. How will a participant's shares be voted at meetings of shareholders?

For each meeting of shareholders of Fulton Financial, each participant in the plan will receive a proxy that will enable him or her to vote shares registered in his or her name as well as whole shares credited to his or her plan account. The shares held by the plan for the account of a participant who does not return a proxy will not be voted.

### Federal Income Tax Information

-----

20. What are the federal income tax consequences of participating in the plan?

For federal income tax purposes, a participant in the plan will be treated as having received, on the dividend payment date, in addition to any tax withheld by Fulton Financial in connection with the dividend payment, a dividend in an amount equal to the number of shares of common stock of Fulton Financial acquired for the participant's account with reinvested dividends, multiplied by the price per share at which such shares were acquired, as reported on the periodic statement of account delivered to each participant. The per share tax basis of shares acquired by a participant under the plan, whether pursuant to reinvested dividends or optional cash payments, will be the price per share as reported on the periodic statement of account delivered to each participant after each applicable investment date.

## Edgar Filing: FULTON FINANCIAL CORP - Form S-3/A

The holding period for shares acquired pursuant to the plan will begin on the day after the date the shares are acquired for a participant's account. In the case of any participant as to whom federal income tax withholding on dividends is required, and in the case of a foreign participant whose taxable income under the plan is subject to federal income tax withholding, dividends will be reinvested net of the amount of tax withheld under applicable law.

9

A participant will not realize any taxable income upon receipt of certificates for whole shares credited to the participant's account, either upon the participant's withdrawal of those shares from the plan or upon termination of participation in the plan. A participant who sells or exchanges shares previously received from the plan, or who directs Fulton Financial Advisors to sell his or her plan shares, may, however, recognize gain or loss. A participant will recognize gain or loss upon the receipt of a cash payment for a fractional share credited to the participant's account upon termination of participation in the plan. The amount of gain or loss in either case will be the difference between the amount the participant receives for the shares or fractional share and the participant's tax basis in such shares or fractional share.

The foregoing summary is based upon an interpretation of current federal income tax law; however, participants should consult their own tax advisors to determine particular tax consequences, including state tax consequences, which may result from participation in the plan, and any subsequent disposal of shares acquired pursuant to the plan.

### Withdrawal of Shares from plan Accounts

-----

21. How may a participant withdraw shares purchased under the plan?

A participant may withdraw all or a portion of the whole shares of common stock credited to his or her account by notifying Fulton Financial Advisors in writing to that effect and specifying in the notice the number of shares to be withdrawn. Certificates for whole shares of common stock so withdrawn will be registered in the name of the participant and issued to the participant. Certificates for fractional shares will not be issued under any circumstances. Any notice of withdrawal received less than five (5) business days prior to a dividend record date will not be effective until dividends paid for such record date have been reinvested and the shares credited to the participant's account.

Dividends on shares withdrawn from a participant's account will continue to be reinvested unless the participant otherwise notifies Fulton Financial Advisors in writing. A participant who withdraws all of the whole and fractional shares from his or her account will be deemed to have terminated participation in the plan.

22. May a participant elect to have the withdrawn shares sold?

Yes, a participant may request Fulton Financial Advisors to sell the shares being withdrawn from his or her account under the plan. Participants should specify in their notice of withdrawal the number of shares to be sold. Fulton Financial Advisors will execute a sale order for such shares within fifteen (15) days of receipt of the notice, and will deliver to the participant a check for the proceeds of the sale, less any brokerage commissions, applicable withholding taxes and transfer taxes incurred in connection with the sale. Fulton Financial Advisors has the right to charge a service fee, which is currently set at \$35.00, for selling shares on behalf of a participant. The

## Edgar Filing: FULTON FINANCIAL CORP - Form S-3/A

service fee will also be deducted from the sale proceeds payable to the

10

participant. A request for shares to be sold must be signed by all persons in whose name the account appears, with signatures guaranteed.

### Termination of Participation

-----

23. How does a participant terminate participation in the plan?

A participant may terminate his or her participation in the plan at any time by sending written notice to Fulton Financial Advisors. When a participant terminates his or her participation in the plan, Fulton Financial Advisors will deliver to the participant certificates for whole shares credited to the participant's account under the plan, a check representing any uninvested dividends and optional cash payments, and a check in lieu of the issuance of a fractional share, based on the then current market price for Fulton Financial common stock.

24. May a participant request shares to be sold?

Yes, a participant who is terminating participation in the plan may request in writing that all of the shares in his or her account, both whole and fractional, be sold. Such a request must be signed by each person in whose name the plan account appears, with signatures guaranteed. If such a sale is requested, Fulton Financial Advisors will execute a sale order through a broker within fifteen (15) days after receiving the request. Fulton Financial Advisors will forward to the participant a check for the proceeds of the sale, less any brokerage commissions, applicable withholding taxes and transfer taxes incurred. Fulton Financial Advisors has the right to charge a service fee for selling shares on behalf of a participant. The service fee currently charged by Fulton Financial Advisors for selling shares on behalf of a participant is \$35.00, which will also be deducted from the sale proceeds payable to the participant.

### Certificates for Shares

-----

25. Will certificates automatically be issued for shares purchased under the plan?

No, certificates for shares purchased for a participant's account under the plan will not automatically be issued. However, a certificate will be issued if a participant withdraws shares from his or her account under the plan or terminates his or her participation in the plan, unless the participant requests such shares to be sold on his or her behalf by Fulton Financial Advisors.

26. In whose name will shares be registered when certificates are issued to participants?

Certificates will be issued in the name or names that appear on the participant's account under the plan. If a participant requests a certificate to be registered in a name other than that shown on the account, the request must be signed by all persons in whose names the account appears.

11

### Other Information

-----

## Edgar Filing: FULTON FINANCIAL CORP - Form S-3/A

27. May a participant pledge shares held under the plan or transfer rights under the plan?

No, shares credited to a participant's account under the plan may not be pledged or assigned, nor may any rights under the plan be transferred, pledged or assigned, and any such purported pledge, assignment or transfer shall be void. A participant who wishes to pledge or assign his or her shares must withdraw such shares from the plan.

28. What happens if a participant sells or transfers all of the shares of common stock registered in his or her name?

A participant who no longer has shares of Fulton Financial common stock registered in his or her name may continue to participate in the plan as long as Fulton Financial Advisors holds shares for the participant's account under the plan.

29. What happens if Fulton Financial declares a stock dividend or a stock split?

If Fulton Financial declares a stock dividend or effects a stock split, any shares resulting from such stock dividend or stock split with respect to common stock in a participant's account will be credited to such account. In the event of any change in the common stock of Fulton Financial subject to the plan as a result of a stock split, reverse stock split, stock dividend or other similar transaction, the number of shares subject to the plan shall be appropriately adjusted.

30. May the plan be modified or terminated?

Fulton Financial reserves the right to suspend or terminate the plan at any time, or to make modifications to the plan. Participants will receive prior notice of any suspension, termination or material modification of the plan. Fulton Financial also reserves the right to terminate any shareholder's participation in the plan at any time. Fulton Financial may adopt rules and regulations at any time to facilitate the administration of the plan.

31. What are the responsibilities of Fulton Financial and Fulton Financial Advisors under the plan?

Fulton Financial and Fulton Financial Advisors, in administering the plan, shall not be liable for any act done in good faith or for any good faith omission to act, including, without limitation, any claims of liability (i) arising out of failure to terminate a participant's account upon such participant's death, and (ii) with respect to the prices at which shares are purchased or sold, the times when purchases or sales are made, the manner in which purchases or sales are made, the decision whether to purchase shares on the open market or from Fulton Financial, and fluctuations in the fair market value of the common stock.

### USE OF PROCEEDS

The net proceeds to Fulton Financial from the sale of stock offered hereby will provide additional equity capital to Fulton Financial to support its growth and the growth of its subsidiaries.

Pennsylvania law provides that a Pennsylvania corporation may indemnify directors, officers, employees and agents of the corporation against liabilities they may incur in such capacities for any action taken or any failure to act, whether or not the corporation would have the power to indemnify the person under any provision of law, unless such action or failure to act is determined by a court to have constituted recklessness or willful misconduct.
