OUR COMPANY

The Company was incorporated in Delaware on June 11, 1992. On May 28, 1998, the Company changed its name from Plasmatronics Technologies, Inc. to Ecological Services, Inc. and on January 3, 2003 changed it's name to Stanford Capital Corporation. In December 2002, the Company acquired all the issued and outstanding shares of Stanford Capital International, Ltd. a Hong Kong based public relations firm for 10,000 shares of its common stock. This transaction was subsequently revoked. On January 31, 2004, the Company acquired all of the shares of Skreem Entertainment Corporation in exchange for 22,000,000 shares of its one for five post reverse split common shares and on March 16, 2004, the Company changed it's name to Skreem Entertainment Corporation. Skreem Entertainment Corporation promotes, finances and manages artists in the entertainment industry.

The Company currently promotes a music group named "3rd Wish". One of the members of the group "3rd Wish" is the son of Jeffrey Martin, the Company's majority shareholder. As of March 31, 2005, the Company had advanced \$376,756 to Jeffrey Martin's son in connection with his performance for "3rd Wish".

The Company's revenues for the year ended March 31, 2005 totalled \$120,862. The Company's loss from operations for the year ended March 31, 2005 was \$1,508,221 or approximately \$125,685 per month. Considering that the Company's assets at March 31, 2005 totalled \$211,939, the Company will be out of funds in less than two months unless there is a substantial change in revenues, expenses,

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

or unless additional proceeds from the sale of stock or the issuance of notes payable are received.

THE OFFERING

As of June 15, 2005 we had 23,107,856 shares of our common stock issued and outstanding. This offering is comprised of 2,000,000 shares of common stock being offered by the Company.

RISK FACTORS

THE SECURITIES BEING OFFERED HEREBY INVOLVE A HIGH DEGREE OF RISK. PROSPECTIVE INVESTORS SHOULD CONSIDER THE FOLLOWING RISK FACTORS INHERENT IN AND AFFECTING THE BUSINESS OF THE COMPANY AND AN INVESTMENT IN THE SHARES.

COMPANY RISKS

An investment in our common stock involves certain risks. Prospective investors should carefully review the following factors, together with the other information contained in this prospectus, prior to making a decision to invest in our common stock. The future trading price of shares of our common stock will be affected by the performance of our business relative to, among other things, competition, market conditions and general economic and industry conditions.

RISKS RELATED TO OUR FINANCIAL CONDITION AND OUR BUSINESS

Our auditors have issued a going concern opinion, which means that there is substantial doubt that we can continue as an ongoing business for the next 12 months.

Our revenue is currently insufficient to cover the costs of our ongoing promotion and funding of recording talent, our search for additional talent, and our general operating costs. Our ability to continue our operations is dependent on the continued successful signing, licensing, and promoting of talent and the revenue, and the successful making and marketing of a recording act.

We are substantially dependent on the willingness and ability of Jeff Martin and other affiliates to continue funding our operations.

To the extent such signing and promoting of recording talent produces inadequate revenues to operate profitably, the Company is dependent on the willingness and ability of Jeff Martin, a major shareholder, and other affiliates, to continue funding, through notes payable, our operations, and our ability to obtain additional sources of financing as discussed below in "Management's Discussion and Analysis of Financial Condition and Results of Operations - Liquidity and Capital Resources." As of the date of this prospectus, our relationship with Mr. Martin is stable and we have no reason to doubt his willingness to continue providing additional funding. However, if Mr. Martin discontinues funding our operations and we are unable to obtain alternative financing when needed on acceptable terms, if at all, we may be unable to continue our operations.

Jeffrey Martin is our largest shareholder. Other affiliates are Martin Consultants, Inc., Jeffrey Martin Real Estate Co., and JT Investments, all of which are owned or controlled by Jeffrey Martin.

We may be unable to meet our capital requirements which may slow down or curtail our business plans.

Since our inception on August 19, 1999 to March 31, 2005, we have suffered operational losses totaling \$3,729,133 and we expect to continue to have substantial expenditures and working capital needs. If success of our talent decreases, we experience operating difficulties, or other factors, many of which are beyond our control, cause our revenues or cash flows from operations to decrease, we may be limited in our ability to obtain the capital

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

necessary to complete our search, promotion, and development of talent and recording acts. We have not thoroughly investigated whether this capital would be available, who would provide it, and on what terms. If we are unable, on acceptable terms, to raise the required capital, our business may be seriously harmed or even terminated.

Our expenses for the year ended March 31, 2005 totalled \$1,629,083. We anticipate expenses to remain approximately the same for the year ending March 31, 2006 and will require revenue and capital sufficient to meet those expenditures.

The company promotes an artist who is the son of Jeffrey Martin, our largest shareholder.

The major shareholder's influence may hinder or prohibit the company from making commercially reasonable business judgements regarding the promotion and continued support of this artist. As of March 31, 2005, the Company had advanced, for the purpose of promoting the act "3rd Wish", \$376,756 to Jeffrey Martin's son.

Revenue from licensing and promoting recording acts and talent often depends on factors beyond our control.

The profitability of our operations depends upon factors which are beyond our control, including:

6

- o File sharing, downloading, and copyright infringement;
- o Poor market acceptance of our talent and record releases; and
- o Our competitors are constantly seeking new talent or opportunities to increase market share. They may release a particular song or act that is substantially similar to ours in order to compete with us in a particular market. They also may record a song being performed by our artists and release it in a different market.

The company is dependent on few customers to license and distribute the artist's music.

The Company distributes the artist's music by licensing it to distribution companies in exchange for a percentage of revenues. At March 31, 2005, the Company had entered into license agreements with 9 organizations, however, one organization, Cheyenne Records provided 95% of the Company's revenue.

Our success depends on our management team and other key personnel, the loss of any of whom could disrupt our business operations.

Our success will depend on our ability to retain and to attract other talent for the development of recording acts. We will depend, to a large extent, on the efforts, musical talent, and continued employment of such personnel and members of our management team. If members of our management team should resign or we are unable to attract the necessary talent or recording acts, our business operations could be adversely affected.

One shareholder owns a significant amount of our common stock, giving him influence or control in corporate transactions and other matters, and their interests could differ from those of other shareholders

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

Jeffrey Martin and Martin Consultants, Inc. own 21,350,000 shares or approximately 92.4 percent of our outstanding common stock. As a result, he is in a position to significantly influence or control the outcome of matters requiring a shareholder vote, including the election of directors, the adoption of any amendment to our certificate of incorporation or bylaws, and the approval of mergers and other significant corporate transactions. His control of Skreem may delay or prevent a change of control on terms favorable to the other shareholders and may adversely affect the voting and other rights of other shareholders.

RISKS RELATED TO THIS OFFERING

As there is presently no public market for our common stock and a market may never develop, investors may be unable to freely sell their securities.

We intend to apply for listing of the securities on the Over the Counter Bulletin Board ("OTCBB"); however, we cannot assure that we will be able to obtain such a listing. The over-the-counter market ("OTC") differs substantially from national and regional stock exchanges because it (1) operates through communication of bids, offers and confirmations between broker-dealers, rather than one centralized market or exchange and (2) securities admitted to quotation are offered by one or more broker-dealers rather than "specialists" which operate in stock exchanges. To qualify for listing on the OTCBB, an equity security must have at least one registered broker-dealer, which acts as the market maker listing bids or ask quotations and which sponsors an issuer listing. A market maker sponsoring a company's securities is required in order to obtain listing of securities on any of the public trading markets, including the OTCBB. We currently do not have a market maker for our securities. If we are able to obtain a market maker for our securities, we may obtain a listing on the OTCBB or develop a trading market for our common stock. We may be unable to locate a market maker that will agree to sponsor our securities. Even if we do locate a market maker, there is no assurance that our securities will be able to meet the OTCBB requirements or that the securities will be accepted for an OTCBB listing.

There can be no assurance that a market for our common stock will be established or that, if established, such market will be sustained. Therefore, purchasers of our shares registered hereunder may be unable to sell their securities, because there may not be a public market for our securities. As a result, you may find it more difficult to dispose of, or obtain accurate quotes of our common stock. Any purchaser of our securities should be in a financial position to bear the risks of losing their entire investment.

Shares of our common stock may be "penny stocks."

If the market price per share of our common stock is less than \$5.00, the shares of our common stock will be "penny stocks" as defined in the Exchange Act. As a result, an investor may find it more difficult to dispose of or obtain accurate quotations as to the price of the shares of our common stock being registered under this prospectus. In addition, the "penny stock" rules adopted by the SEC under the Exchange Act subject the sale of shares of our common stock to regulations which impose sales practice requirements on broker-dealers. For example, broker-dealers selling penny stocks must, prior to effecting the transaction, provide their customers with a document that discloses the risks of investing in penny stocks.

Furthermore, if the person purchasing the securities is someone other than an accredited investor or an established customer of the broker-dealer, the

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

broker-dealer must also approve the potential customer's account by obtaining information concerning the customer's financial situation, investment experience and investment objectives. The broker-dealer must also make a determination whether the transaction is suitable for the customer and whether the customer has sufficient knowledge and experience in financial matters to be reasonably expected to be capable of evaluating the risk of transactions in penny stocks. Accordingly, the SEC's rules may limit the number of potential purchasers of shares of our common stock. Moreover, various state securities laws impose restrictions on transferring "penny stocks," and, as a result, investors in our common stock may have their ability to sell their shares impaired.

The proceeds from the sale of stock will not be held in escrow. As such, proceeds from the sale of stock will be immediately available to the Company. If the Company sells less than the entire amount offered, and particularly, if the Company sells only a small amount of shares the shareholder will not be protected by a minimum amount. The Shareholder will have purchased part of an offering without receiving the benefit received if the entire offering had sold and the funds will be held directly by the Company without the benefit of a separate fund for the proceeds.

The sale of a substantial number of shares of our common stock after this offering may affect our stock price.

The market price of our common stock could decline as a result of sales of substantial amounts of the 23,107,856 shares of common stock in the public market after the closing of this offering or the perception that substantial sales could occur. These sales also might make it difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate.

Our certificate of incorporation and bylaws and the Delaware General Corporation Law contain provisions that could discourage an acquisition or change of control of Skreem.

Provisions of our certificate of incorporation and bylaws could make it more difficult for a third party to acquire control of us. These provisions include a denial of cumulative voting rights, limitations on shareholder proposals at meetings of shareholders, and restrictions on the ability of our shareholders to call special meetings. In addition, the Delaware General Corporation Law imposes restrictions on mergers and other business combinations between us and any holder of 15 percent or more of our outstanding common stock.

These provisions of Delaware law and our certificate of incorporation and bylaws may delay, defer or prevent a tender offer or takeover attempt that a shareholder might consider in his best interest, including attempts that might result in a premium over the market price for the common stock.

CAUTION ABOUT FORWARD-LOOKING STATEMENTS

Some of the statements under the captions "Prospectus Summary," "Risk Factors," "Use of Proceeds," "Business" and elsewhere in this prospectus are "forward-looking statements." These forward-looking statements include, but are not limited to, statements about our plans, objectives, expectations and intentions and other statements contained in this prospectus that are not historical facts. When used in this prospectus, the words "anticipates," "believes," "continue," "could," "estimates," "expects," "intends," "may," "plans," "seeks," "should" or "will" or the negative of these terms or similar expressions are generally intended to identify forward-looking statements. Because these forward-looking statements involve risks and uncertainties, there are important factors that could cause actual results to differ materially from those expressed or implied by these forward-looking statements, including our plans, objectives, expectations and intentions and other factors discussed under

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

"Risk Factors."

USE OF PROCEEDS

All proceeds received by Skreem from the sale of shares will be used for the general purpose of working capital. Assuming a sales price of \$1.00 per share, the following would be our use of proceeds assuming 25%, 50%, 75% and 100% of the securities offered being sold.

Amount of Securities Sold	500,000	1,000,000	1,500,000	2,000,000
	shares	shares	shares	shares
Gross Proceeds	\$500,000	\$1,000,000	\$1,500,000	\$2,000,000
	=====	=====	=====	=====
Expenses of the Offering	\$35,000	\$35,000	\$35,000	\$35,000
	=====	=====	=====	=====
Working Capital	\$465,000	\$965,000	\$1,465,000	\$1,965,000
	=====	=====	=====	=====

We anticipate the following detailed uses of working capital as follows:

- Hire additional marketing and promoting staff;
- Purchase additional advertising for artists currently promoted by Skreem;
- Develop website and increase internet presence through purchased marketing;
- Form additional recording acts through training, coordinating and consulting with talent acts;
- Service debt with interest payments (the Company anticipates that no proceeds will be used to retire debt) - Contract with producers, choreographers, and writers to develop current acts;

We will not receive any proceeds from the sales, if any, of the shares currently issued and outstanding. The sale of shares currently issued and outstanding will be restricted until after the 2,000,000 shares offered in this prospectus are sold or 180 days from the effective date of this registration statement.

DETERMINATION OF OFFERING PRICE

The purpose of this offering is to sell 2,000,000 shares of common stock and to register our common stock outstanding as of March 5, 2005 for resale by the selling shareholders. As such the offering price applies to the 2,000,000 shares offered.

There is no established public market for the common stock being registered. As such, the offering price was determined arbitrarily. As the Company's liabilities exceed the Company's assets by approximately 1.85 million dollars at March 31, 2005, the Company determined that an offering price of \$1 per share with an offering of \$2,000,000 shares was necessary to allow the Company to continue operations, particularly, to allow the Company to continue operations while maintaining and expanding the search and development of talent acts.

DILUTION

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

Our net book value (deficit) as of March 31, 2005, with 23,107,856 shares outstanding, was approximately (\$1,845,202) or (\$0.08) per share before giving effect to the offering. Net book value represents the amount of total tangible assets less total liabilities, divided by the number of shares outstanding.

Assuming the sale of 2,000,000 shares and after deducting offering expenses estimated at \$35,000, our adjusted net book value as of March 31, 2005 would have been approximately \$119,798 or \$0.01 per share. This represents an immediate increase in net book value of \$0.09 per share for March 31, 2005 to the existing shareholders and an immediate dilution in net book value of \$0.99 per share for March 31, 2005 to the new investors in the shares in this offering. The following table illustrates this per share dilution:

	March 31, 2005
Offering price per share	\$ 1.00
Net book value per share prior to the offering	(.08)
Increase per share attributable to new investors	.09
Adjusted net book value per share after the offering	.01
Dilution per share to new investors	.99

Further, assuming the sale of a nominal amount of 100,000 shares, and after deducting offering expenses estimated at \$35,000, our adjusted net book value as of March 31, 2005 would have been approximately (\$1,780,202) or (\$0.08) per share. This represents no significant change to the existing shareholders for March 31, 2005 and an immediate dilution in net book value of \$1.08 per share to the new investors in the shares in this offering. The following table illustrates this per share dilution:

	March 31 2005
Offering price per share	\$ 1.00
Net book value per share prior to the offering	(.08)
Increase per share attributable to new investors	.00
Adjusted net book value per share after the offering	(.08)
Dilution per share to new investors	1.08

SELLING SECURITY HOLDERS

The registration includes 23,107,856 shares issued and outstanding in addition to the 2,000,000 shares offered for sale. The following table sets forth, as of March 31, 2005 the name, and number of shares of each shareholder holding more than 5% of the issued and outstanding common stock as well as their position, office, or other material relationship, with the Company, within the past three years.

The shareholders will be restricted from the sale of the 23,107,856 shares until the earlier of the sale of the 2,000,000 shares offered by this prospectus or the expiration of the 180 day offering period beginning on the effective date of this registration statement. The selling shareholders are deemed underwriters.

This offering consists of 2,000,000 common shares, \$0.001 par value per share, offered by us for \$1.00 per share in addition to the registration of 23,107,856 shares already issued and outstanding. The shares are offered on a best efforts minimum / maximum basis by the officers of Skreem. 10

Pursuant to the Securities Exchange Act of 1934, any person engaged in a distribution of the common stock offered by this prospectus may not simultaneously engage in market making activities for our common stock during the applicable "cooling off" periods prior to the commencement of the distribution.

We have advised the shareholders and officers of Skreem, that during the time as they may be engaged in a distribution of any of the shares we are registering by the Registration Statement, they are required to comply with Regulation M promulgated under the Securities Exchange Act of 1934. In general, Regulation M precludes any selling shareholder, any affiliated purchasers and any broker-dealer or other person who participates in the distribution from bidding for or purchasing, or attempting to induce any person to bid for or purchase, and any security which is the subject of the distribution until the entire distribution is complete. Regulation M defines a "distribution" as an offering of securities that is distinguished from ordinary trading activities by the magnitude of the offering and the presence of special selling efforts and selling methods. Regulation M also defines a "distribution participant" as an underwriter, prospective underwriter, broker, dealer, or other person who has agreed to participate or who is participating in a distribution.

Regulation M prohibits any bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security, except

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

as specifically permitted by Rule 104 of Regulation M. These stabilizing transactions may cause the price of the common stock to be higher than it would otherwise be in the absence of these transactions. We have advised the selling shareholders that stabilizing transactions permitted by Regulation M allow bids to purchase our common stock so long as the stabilizing bids do not exceed a specified maximum, and that Regulation M specifically prohibits stabilizing that is the result of fraudulent, manipulative, or deceptive practices. The selling shareholders and distribution participants will be required to consult with their own legal counsel to ensure compliance with Regulation M. DESCRIPTION OF SECURITIES

Our authorized capital stock consists of 50,000,000 shares of common stock, par value \$0.001 per share, and 1,000,000 shares of preferred stock, par value \$0.001 per share. The following summary of the material matters relating to our common stock and preferred stock is qualified in its entirety by reference to our certificate of incorporation and bylaws

Subject to preferences that may be applicable to any then outstanding series of our

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

preferred stock, holders of our common stock are entitled to receive ratably such dividends, if any, as may be declared by our board of directors out of legally available funds. Upon our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share ratably in the net assets legally available for distribution to our shareholders after the payment of all our debts and other liabilities, subject to the prior rights of any series of our preferred stock then outstanding. The holders of our common stock have no preemptive or conversion rights or other subscription rights and there are no redemption or sinking fund provisions applicable to our common stock. All outstanding shares of our common stock are fully paid and non-assessable.

As of June 15, 2005, no shares of our preferred stock were outstanding.

Our board of directors has the authority, without further action by our shareholders, to provide for the issuance of our preferred stock in one or more series and to fix the number of shares, designations, preferences, powers and relative, participating, optional or other special rights and the qualifications or restrictions on such rights. The preferences, powers, rights and restrictions of different series of our preferred stock may differ with respect to dividend rates, amounts payable on liquidation, voting rights, conversion rights, redemption provisions, sinking fund provisions and purchase funds and other matters. The issuance of a series of our preferred stock could decrease the amount of earnings and assets available for distribution to holders of our common stock or affect adversely the rights and powers, including voting rights, of the holders of our common stock, and may have the effect of delaying, deferring or preventing a change in control of us.

13

Provisions having possible anti-takeover effects

Our certificate of incorporation and the bylaws contain provisions that could have an anti-takeover effect. These provisions may discourage certain types of transactions that may involve an actual or threatened change of control of Skreem Entertainment Corporation.

Our board of directors has broad powers to fix by resolution the powers, preferences and rights of any new series of preferred stock. This power could be used to create a class of preferred stock that, because of its rights, could discourage a potential takeover. Additionally, our bylaws give the board of directors power to fill vacancies on the board without shareholder approval. As a result, an incumbent board, not a potential bidder, would have control over board positions in the period between annual meetings of shareholders. Our bylaws also provide for an advance notice procedure governing business to be brought before an annual meeting of shareholders, which could discourage a potential bidder from taking action at a meeting.

We are subject to the provisions of Section 203 of the DGCL. In general, this statute prohibits a publicly held Delaware corporation from engaging in a "business transaction" with an "interested stockholder" for a period of three years after the date that the person became an interested stockholder unless (with certain exceptions) the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. A "business combination" generally includes a merger, asset or stock sale or a transaction resulting in a financial benefit to the interested stockholder. An "interested stockholder" generally is a person who, together with affiliates and associates, owns (or within the three prior years did own) 15 percent or more of a corporation's outstanding voting stock.

This transaction was subsequently revoked. On January 31, 2004, the Company acquired all of the shares of Skreem Entertainment Corporation in exchange for 22,000,000 shares of its one for five post reverse split common shares. Skreem Entertainment Corporation promotes finances and manages artists in the entertainment industry.

14

Overview

Our business is to locate and promote recording talent.

The Company is constantly seeking talent for recording and performing. Company employees utilize their industry contacts and experience to locate prospective music acts, including music groups and individuals, and evaluate these acts to determine if, from the Company's perspective, such acts demonstrate the talent potential to succeed in the music industry.

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

Upon locating an act that the Company believes has the potential for success, the Company will sign the act to a contract. Upon signing a typical contract, the Company at its option will advance funds to the artist to pay for travel, arrange for performances, schedule public appearances and generally promote the act, and the act's music, in exchange for a percentage of the revenues generated by the act's performances and music sales.

Once the Company has located an act it wishes to promote, the Company will determine where to promote the artist. It is the Company's strategy to promote talent outside of the United States until the talent has demonstrated the ability to sell music or tickets to performances. Once an act has gained some level of success abroad, the Company intends to promote and market the act in the United States. The Company believes that promoting abroad is a viable approach because it costs less initially, foreign markets are very receptive to American type music acts, and there is less competition.

Distribution

The Company distributes its acts in two different ways. The first is through concerts and public appearances. An act will perform and tour playing concerts as frequently as possible to increase public awareness of their music. An act will also make public appearances at retail centers, public places and other events also to increase the act's public awareness.

The second way the act gains publicity is through licensing and sales of the act's music. The Company does not sell records or other music media, however, it does license master recordings to other organizations which distribute the recordings in various media. The Company receives royalty payments pursuant to licensing agreements which are a percentage of revenues from distribution of the recordings.

The Company's artists music is currently being distributed by various organizations throughout Europe and in other countries. Further description is provided in the Plan of Operation under Item 6.

Licensing

From time to time the Company enters into licensing agreements with music production and distribution companies. The license agreements typically grant the production and distribution company rights to a music single or all of an act's music in a particular country or region with a term of three to fifteen years. The production or distribution company can then distribute the music in record or cd format, mp3, ringtone, or any other music media licensed in the agreement. The Company typically receives royalties of a negotiated percentage between 18% and 75% of sales of the production and distribution company's published dealer price less certain packaging deductions. In addition, the Company shall receive between 18% and 75% of net royalty receipts received by in the particular nation or region. In connection with the license agreement, the Company may receive a cash advance.

95% of the Company's revenue for the year ended March 31, 2005 came from the licensing agreement with Cheyenne Records.

Exclusive Artist Recording Agreements

At March 31, 2005, the Company had entered into long-term Exclusive Artist Recording Agreements with five artists, which include the three Artists of "3rd Wish", the Artist "PatMoe" and the Artist "Precious Dawn Francis" for the

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

purpose of engaging the exclusive personal services of the Artists for making master sound recordings for distribution in any medium. The territory for the agreements shall be worldwide. All master recordings made by the Artists during the terms of the agreements shall be recorded by the Artists on the Company's behalf, and all phonograph records and related performances shall be the entire property of the Company; the Company shall have the right to secure sound recording copyright; and the Company and its licensees shall have the sole and exclusive right to use the recordings throughout the world or any part thereof in any manner it sees fit. The Company may pay all specifically approved recording costs in connection with the master recordings made hereunder, and all recording costs shall be deemed fully recoupable advances to the Artists and shall be deducted from any and all royalties payable to the Artist by the Company under this or any and all royalties payable to the Artists by the Company. Any and all monies paid to or on behalf of the Artists during the term of the agreement shall be fully recoupable, non-returnable advances unless otherwise expressly agreed in writing between the Company and the Artists. The Company has the right, but not the obligation to have the Artists participate in the creation of music videos and 100% of any and all monies expended by or advanced by the Company for the production of music videos shall constitute additional fully recoupable advances hereunder. The Company shall own any and all rights in and to said music videos in perpetuity.

In its sole discretion, the Company may choose, at any time during the term of the agreements, to license master recordings made by the Artists to third parties on a flat fee or royalty basis, or to enter into a distribution agreement with a third party distributor for the distribution of phonograph records embodying master recordings recorded by the Artists through normal retail channels in the United States and worldwide. With respect to master recordings of the Artists licensed to third parties on a flat-fee basis, the Company shall pay the Artists 20-50% of the net amount received by the Company under such license. With respect to master recordings of the Artists licensed to third parties on a royalty basis, and with respect to phonograph recordings released through a distributor selected by the Company, the Company shall pay the Artists the lesser of 20-50% of the Company's net earned royalty receipts under such license or distribution agreement, or 20-50% of the basic album or single rate as defined in the agreements. Further, in its sole discretion, the Company may choose to commercially release phonograph records through the Company's own distribution network. In such event, the Company agrees to pay the Artists royalties based on the basic album or single rate as defined in the agreements. For phonograph recordings that are exported or sold outside the United States and through record clubs or similar plans, the Artists shall be paid a royalty of 20-50% of the amounts provided of the above mentioned amounts. In addition, the Artists may earn royalties related to licenses for musical compositions, music video licenses and merchandising.

At March 31, 2005, the Artists had earned royalties of approximately \$29,000, based on the year end reported licensing revenues. However, the Company is not obligated to pay any royalties until total advances to Artists of \$1,140,737 at March 31, 2005 (plus any future advances) have been recouped.

16

Music Publishing Agreements

At March 31, 2005, the Company had entered into long-term Music Publishing Agreements with four individual Writers, which include the three Artists of "3rd Wish" and the Artist "PatMoe". The Company engaged the Writers to render the Writer's exclusive services as songwriters and composers based upon terms and conditions set forth in the agreements. In accordance with the agreements, the Writers grant all rights to all musical compositions written or owned by the Writers and all musical compositions shall be the Company's exclusive property

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

as sole owner. The Company shall pay royalties to the Writers based on various terms and conditions set forth in the agreements. There have been no royalties earned by the writers related to the agreements.

Personal Management Agreement

At March 31, 2005, the Company had entered into long-term Personal Management Agreements with four Artists, which include the three Artists of "3rd Wish" and the Artist "PatMoe". The Company accepts the engagement as the Artists' sole and exclusive personal management company in connection with all activities in the entertainment industries throughout the world, including but not limited to their services as musicians, songwriters, actors, publishers, packagers or performers in any medium now known or hereafter devised. For personal management services performed, the Artists agree to pay the Company 15% of all gross compensation earned or received as a result of activities in the entertainment industry. However, the Company shall not be entitled to commissions by the Artists from the sale, license, or grant of any literary or music rights to the Company or any person, firm, or corporation owned or controlled by the Company. During the year ended March 31, 2005, the Company earned commissions of \$3,241, all related to live performances.

Competition

The Company's acts face fierce competition. There is no shortage of acts and musicians seeking fortune and fame. There is also no shortage of talent in the music industry. The Company believes that their approach of being selective when choosing acts, refining these acts abroad, and marketing the acts through appearances, performances, and music sales is a viable method to compete in the music industry. However there are many other organizations with more capital to spend, greater access to talent, better industry connections, and more experience.

The Company's future depends on the success of it's acts and artists. Many music acts spend entire careers without having a single popular song or tour. The most talented artists and acts are not always the most successful and fan acceptance is the most important and most difficult element of success. If the fans like the act, the fans will purchase the music and tickets and recommend it to friends. If the fans don't like the act, the act may never gain acceptance.

MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Plan of Operation

The Company plans to continue operations by developing current acts into successful music performing and recording acts. The Company currently is actively promoting two acts, "3rd Wish" and "Pat Moe". These two acts will tour, perform, make public appearances, and continue to record as opportunities are located. The Company is uncertain as to when these acts may enter the U.S. market. As of March 31 2005, neither of the Company's acts have received gold records for album sales.

The Company's cash balance is insufficient to satisfy the Company's cash requirements for the next 12 months. The Company believes it can satisfy it's cash requirements for 6 months with current cash and receivables. The Company is dependent on continued receipt of revenues and will need outside funding from the sale of shares or debt financing in order to continue operations beyond that.

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

The Company does not anticipate acquiring any significant equipment during the next twelve months.

The Company does not anticipate any significant changes in the number of employees in the next twelve months.

The Company has entered into various license agreements which grant certain exclusive rights to sell and distribute certain recordings by "3rd Wish". The table below sets forth the parties and territories covered by these license agreements:

Party(Licensee)	Territories
Cheyenne Records	Germany, Switzerland and Austria
Three 8 Music Limited	UK, Eire
Shock Records Pty Ltd	Australia, New Zealand
NRJ Music	France, Andorra, Monaco, Belgium
Megaliner Records	Russia, Azerbaijan, Armenia, Georgia, Moldova, Kazakstan, Kyrgyzstan, Tajikistan, Uzbekistan, Turkmenistan, Ukraine, Republic of Belarus, Lithuania, Latvia, Estonia
NMC Music Ltd.	Israel
Vidisco	Portugal

Revenue is recognized in accordance with Staff Accounting Bulletin No. 104 (SAB 104) when persuasive evidence of an arrangement exists, the price to the buyer is fixed or determinable; delivery had occurred or services have been rendered or the license period has begun; and collectibility is reasonably assured.

Revenue from the distribution of recordings under license and distribution agreements is recognized as earned under the criteria established by Statement of Financial Accounting Standard No. 50. Revenue is generally recognized when the Company receives an "accounting" of recordings sold with payment from the licensee. In the event the Company has not received an "accounting" from the licensee and if the Company has information related to the licensed use of recordings that would result in the revenue being fixed and determinable, and collection is reasonably assured, then revenue is recognized in the periods in which the license revenue is earned. Minimum guarantees (advances) received from licensees are recorded as deferred revenue and are amortized over the performance period, which is generally the period covered by the agreement.

Results of Operations

In January 2004, the Company consummated a reverse merger transaction and elected to continue the fiscal year of the legal acquirer (registrant), which gives rise to a three month transition period for the three month period ended March 31, 2004.

The Company presents this discussion and analysis as a comparison between the audited financial data for March 31, 2005 and the unaudited financial data for March 31, 2004 for informational purposes.

Year Ended March 31, 2005 Compared to the Year Ended March 31, 2004 (unaudited)

Revenues. The Company had \$120,862 of revenue for the year ended March 31, 2005 compared to \$176 of revenue for the year ended March 31, 2004 (unaudited). The substantial increase in revenue is due to earnings from licensing agreements to distribute 3rd Wish's music.

Operating Expense. Operating expenses for the year ended March 31, 2005, were \$1,310,933, an increase of \$722,188 or 123% from \$588,745 for the year ended March 31, 2004 (unaudited). The increase is primarily due to an increase in production expenses related to video shoots and recordings of approximately \$495,000, an increase in advertising of approximately \$116,000, and an increase in travel and related support for artists in Germany of approximately \$108,000.

General and Administrative Expenses. General and administrative expenses increased 92% to \$318,150 for the year ended March 31, 2005 from \$166,083 for the year ended March 31, 2004 (unaudited). This increase is primarily attributable to a \$162,000 increase in legal, accounting, and other professional fees from the reverse merger transaction and Securities and Exchange Commission filings.

Interest Expense. Interest expense increased 45% to \$84,248 for the year ended March 31, 2005 from \$57,836 for the year ended March 31, 2004 (unaudited). This decrease is attributable to having more debt outstanding for the year ended March 31, 2005.

As a result of the foregoing, the net operating loss of the company increased 96% to \$1,592,469 for the year ended March 31, 2005 from \$812,488 for the year ended March 31, 2004 (unaudited).

Liquidity and Capital Resources

As of March 31, 2005, the Company had cash of \$52,195 and a deficit in working capital of \$1,855,073.

For the year ended March 31, 2005, the Company used \$1,526,207 in operating activities which is primarily due to a net loss of \$1,592,469, an increase in accounts receivable of 114,257, and an increase in prepaid expenses and deposits of \$15,695. These are offset by depreciation expense of \$8,465, expenses paid by shareholder and affiliate of \$53,026, increase in accounts payable and accrued liabilities of \$30,159, increase in interest payable to affiliates of \$69,236, and an increase in deferred revenue of \$35,328.

For the year ended March 31, 2005, the Company used \$11,440 for investing activities. All of the cash used by investing activities was for the purchase of equipment.

For the year ended March 31, 2005 cash provided by financing activities was \$1,586,928. The amount represents \$301,928 provided by the issuance of common stock, \$365,000 which is the proceeds from notes payable reduced by \$265,000 in principal payments made, \$880,000 which represents the proceeds from notes payable to a shareholder reduced by \$80,000 in principal payments made, and \$475,000 which represents notes payable to affiliates reduced by \$90,000 in principal payments made.

Our expenses for the year ended March 31, 2005 totalled \$1,629,083. We anticipate expenses to remain approximately the same for the year ending March 31, 2006 and will require revenue and capital sufficient to meet those expenditures. The Company will require significant more cash in order to continue beyond March 31, 2006. The Company will need at a minimum \$1.5 million per year to continue operations.

Because of the continued net operating losses of the Company, the Company will not be able to continue as a going concern unless it is able to sell its shares or obtain third and/or related party loans. Although the principal shareholder and affiliates of the Company have been willing to lend funds to the Company in

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

the past, there is no obligation for them to do so in the future. Without such funding, or the sale of its shares, the Company will have insufficient funds to execute its business plans for the next twelve months.

The Company will continue seeking on increased publicity for its musical acts and will pursue public appearances for performing and media interviews. The Company anticipates that this will result in increased revenues with the ultimate goal being the release of a hit record by one or more of the Company's acts. The Company will continue promoting its artists as much as possible.

DESCRIPTION OF PROPERTIES

The Company's administrative offices are located in a leased office facility located at 11637 Orpington Street, Orlando, Florida 32817. The facility contains approximately 2,000 square feet of office space. There is no lease on the facility nor is there a rental fee as the property is owned by the principal shareholder of the Company (post merger).

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

On March 1, 2003, the Company entered into an agreement with All Star Consulting to establish a fee of \$5,000 per month plus rent of an apartment and lease of a car for services rendered as a Manager of Artists in Germany. Effective January 1, 2005, the Company amended the agreement to increase the fee paid to All Star Consulting to \$6,500 per month. All Star consulting is owned by Tony Harrison, who is a Vice President and Director of the Company. In connection with the agreement, the Company expensed promotion fees of approximately \$64,500, \$15,000 and \$50,000 for the year ended March 31, 2005, three months ended March 31, 2004, and the year ended December 31, 2003, respectively.

MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS.

There is no established public trading market for our securities. None of our common stock is subject to outstanding options or warrants to purchase our shares. There are 23,107,856 shares of our common stock outstanding, all of which are restricted securities. The restricted securities as defined under Rule 144 of the Securities Act may only be sold under Rule 144 or otherwise under an effective registration statement or an exemption from registration, if available. Rule 144 generally provides that an affiliate, including directors, officers and control shareholders, who has satisfied a one year holding period for the restricted securities may sell, within any three month period subject to certain manner of resale provisions, an amount of restricted securities which does not exceed the greater of 1% of a company's outstanding common stock or the average weekly trading volume in such securities during the four calendar weeks prior to such sale. Sales under Rule 144 must also be made without violating the manner-of-sale provisions, notice requirements, and the availability of public information about us. A sale of shares by such security holders, whether under Rule 144 or otherwise, may have a depressing effect upon the price of our common stock in any market that might develop.

Penny stock considerations

Our common stock is expected to trade on the over-the-counter electronic bulletin board or on the Pink Sheets and, therefore, is subject to the requirements of certain rules promulgated under the Securities Exchange Act of 1934, which require additional disclosure by broker-dealers in connection with any trades involving a stock defined as a "penny stock". A penny stock is generally defined as any non-NASDAQ equity security that has a market price of less than \$5.00 per share, subject to certain exceptions.

Such rules require the delivery, prior to any penny stock transaction, of a disclosure schedule explaining the penny stock market and the risks associated therewith and impose various sales requirements on broker-dealers who sell penny stocks to persons other than established customers and "accredited investors". An accredited investor is generally defined as an investor with a net worth in excess of \$1,000,000, or annual income exceeding \$200,000 individually or \$300,000 together with a spouse.

20

Pursuant to Rule 15c-9 of the Securities Exchange Act of 1934, for these types of transactions, the broker-dealer must make a special suitability determination for the purchaser and have received the purchaser's written consent to the transaction prior to the sale. The broker-dealer also must disclose the commissions payable to the broker-dealer, current bid and offer quotation for the penny stock and, if the broker-dealer is the sole market-maker, the broker-dealer must disclose this fact and the broker-dealer's presumed control over the market. This information must be provided to the customer orally or in writing before or with the written confirmation of trade sent to the customer. Monthly statements must be sent disclosing recent price information for the penny stock held in the account and information on the limited market in penny

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

stocks. The additional burdens imposed upon broker-dealers by such requirements could, in the event the common stock were deemed to be a penny stock, discourage broker-dealers from effecting transactions in our common stock which could severely limit the market liquidity of the common stock.

These disclosure requirements may have the effect of reducing the level of trading activity in the secondary market for a stock that becomes subject to the penny stock rules. Our shares may someday be subject to such penny stock rules and our shareholders will, in all likelihood, find it difficult to sell their securities.

No market exists for our securities and there is no assurance that a regular trading market will develop or if developed will be sustained. REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and Board of Directors
Skreem Entertainment Corporation:

We have audited the accompanying consolidated balance sheet of Skreem Entertainment Corporation (the "Company") as of March 31, 2005, and the related consolidated statements of operations, stockholders' equity (deficit) and cash flows for the year then ended, and for the period from inception, August 19, 1999, through March 31, 2005. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Skreem Entertainment Corporation as of March 31, 2005, and the consolidated results of its operations and its cash flows for the for the year then ended, and for the period from inception, August 19, 1999, through March 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the consolidated financial statements, the Company is in the development stage and has suffered recurring losses from operations and had a net capital deficit, which raises substantial doubt about its ability to continue as a going concern. Management plans to continue funding the operation through an affiliate owned by a major shareholder of the Company. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

SKREEM ENTERTAINMENT CORPORATION
(A DEVELOPMENT STAGE COMPANY)
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Nature of Operations and Summary of Significant Accounting Policies

Nature of the Business and Merger

Stanford Capital Corporation (Stanford) was incorporated under the laws of the State of Delaware on June 11, 1992. During January 2004, Stanford acquired all of the issued and outstanding shares of common stock of Skreem Entertainment Corporation (Skreem) in exchange for 22,000,000 post reverse split shares of common stock, par value \$0.001 per share, to the holders of Skreem's common stock. The transaction is considered a reverse merger and Skreem became a wholly owned subsidiary of Stanford. Stanford and Skreem are collectively referred to as "the Company". On March 16, 2004 the Company filed a Certificate of Amendment with the Delaware Secretary of State changing the Company's name to Skreem Entertainment Corporation and reverse splitting the Company's shares on a one (1) for five (5) basis. The financial statements herein reflect the effect of the reverse stock split. The proforma effects of the reverse merger are not material to the consolidated financial statements.

Skreem is a development stage company that was incorporated in Nevada on

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

August 19, 1999. Skreem was formed to promote, finance and manage artists and projects in the music industry and is located in the State of Florida.

Basis of Presentation and Consolidation

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Company has elected to continue the fiscal year of the legal acquirer (registrant). As the transaction is deemed a reverse merger, this gives rise to the three month transition period ended March 31, 2004.

The consolidated financial statements include the financial statements of the Company and its wholly owned subsidiary. All significant intercompany balances and transactions, including intercompany profits and unrealized profits and losses are eliminated on consolidation.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and on deposit at a major financial institution. The Company considers highly liquid investments with original maturities of three months or less when purchased to be cash equivalents.

Advances to Artists

The Company advances monies to artists upon the artist signing the "Exclusive Recording Artist Agreement." An advance paid to an artist shall be reported as an asset if the past performance and current popularity of the artist to whom the advance is made provide a sound basis for estimating that the amount of the advance will be recoverable from future royalties to be earned by the artist. Any portion of advances that subsequently appear not to be fully recoverable from future royalties to be earned by the artist shall be charged to expense during the period in which the loss becomes evident.

SKREEM ENTERTAINMENT CORPORATION

Property and Equipment

Property and equipment are stated at cost. Provisions for depreciation are computed using the double-declining method based on the estimated useful lives of the assets, generally three to seven years. Expenditures that increase the value or extend the life of the asset are capitalized, while cost of maintenance and repairs are expensed as incurred. Leasehold improvements are amortized on a straight-line basis over the shorter of the useful life of the improvement or the term of the lease. When assets

Edgar Filing: SKREEM ENTERTAINMENT CORP - Form SB-2/A

are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized.

In accordance with Statement of Financial Accounting Standards (SFAS) No. 144, "Accounting for the Impairment or Disposal of Long-lived Assets," the Company examines the possibility of decrease in value of fixed assets when events or changes in circumstances reflect the fact that their recorded value may not be recoverable.

Record Masters

A record master borne by the Company is reported as a cost of production when the past performance and current popularity of the artist does not provide a sound basis for estimating that the cost will be recovered from future sales.

Revenue Recognition

Revenue is recognized in accordance with Staff Accounting Bulletin No. 104 (SAB 104) when persuasive evidence of an arrangement exists, the price to the buyer is fixed or determinable; delivery has occurred or services have been rendered or the license period has begun; and collectibility is reasonably assured.

Revenue from the distribution of recordings under license and distribution agreements is recognized as earned under the criteria established by Statement of Financial Accounting Standard No. 50. Revenue is generally recognized when the Company receives an "accounting" of recordings sold with payment from the licensee. In the event the Company has not received an "accounting" from the licensee and if the Company has information related to the licensed use of recordings that would result in the revenue being fixed and determinable, and collection is reasonably assured, then revenue is recognized in the periods in which the license revenue is earned. Minimum guarantees (advances) received from licensees are recorded as deferred revenue and are amortized over the performance period, which is generally the period covered by the agreement.

Advertising Costs

All costs related to general advertising are charged to expense as incurred. For the year ended March 31, 2005, the Company recorded total advertising expense of \$116,046. There were no significant advertising expenses incurred during the three months ended March 31, 2004 and year ended December 31, 2003.

Operating expenses

Operating expenses include music production costs, artist compensation costs, and other operating expenses. The Company enters into production, promotion and related consulting agreements in the ordinary course of business.

Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

From inception of the Company through August 31, 2003, the Company had elected to be taxed under Subchapter S of the Internal Revenue Code. As a result, corporate income or loss passes through to the shareholder and therefore, no provision for federal or state income taxes has been recorded by the Company. On August 31, 2003, the Company converted certain debt and accrued interest owed to affiliates to equity. The affiliates were a corporation and a partnership that made the Company ineligible to be taxed under subchapter S of the Internal Revenue Code. Subsequent to August 31, 2003, the Company accounts for income tax using Statements of Financial Accounting (SFAS) No. 109 "Accounting for Income Taxes."

Recent Accounting Pronouncements

In December 2004, the Financial Accounting Standards Board, or FASB, issued Statement of Financial Accounting Standards No. 123R "Share-Based Payment" (SFAS 123R). This statement revises SFAS No. 123, supercedes APB No. 25, and requires companies to recognize the cost of employee stock options and other awards of stock-based compensation based on the fair value of the award as of the grant date. Currently, this type of compensation expense is not reflected in the Company's Consolidated Statements of Operations. The effective date of this pronouncement is as of the beginning of the first interim or annual period that begins after December 15, 2005. The Company plans to adopt the requirements of SFAS 123R effective January 1, 2006.

1. Nature of Operations and Summary of Significant Accounting Policies, Continued

Recent Accounting Pronouncements, continued

In December 2004, FASB published the following two final FASB Staff Positions, effective immediately. FAS 109-1, "Application of FASB Statement No. 109, Accounting for Income Taxes, to the Tax Deduction on Qualified Production Activities Provided by the American Jobs Creation Act of 2004," giving guidance on applying FASB Statement No. 109, Accounting for Income Taxes, to the tax deduction on qualified production activities provided by the American Jobs Creation Act of 2004. FAS 109-2 "Accounting and Disclosure Guidance for the Foreign Earnings Repatriation Provision within the American Jobs Creation Act of 2004" provides guidance on the Act's repatriation provision. The Company is in the process of reviewing FAS 109-1 and FAS 109-2; however, at this time the Company does not believe that the adoption of FAS 109-1 or FAS 109-2 will have a material impact on its consolidated financial position, results of operations or cash flows.

In November 2004, FASB Emerging Issues Task Force (EITF) reached a consensus in applying the conditions in Paragraph 42 of SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets, in Determining Whether to Report Discontinued Operations" (EITF 03-13). Evaluation of whether operations and cash flows have been eliminated depends on whether (1) continuing operations and cash flows are expected to be generated, and (2) the cash flows, based on their nature and significance, are considered direct or indirect. This consensus should be applied to a component that is either disposed of or classified as held for sale in fiscal periods beginning after December 15, 2004. The Company does not believe that the adoption of EITF 03-13 will have a material impact on its consolidated financial position, results of operations or cash flows.

In November 2004, FASB issued SFAS No. 151, "Inventory Costs - An Amendment of ARB No. 43, Chapter 4" (SFAS No. 151). SFAS No. 151 amends the guidance in ARB No. 43, Chapter 4, "Inventory Pricing," to clarify the accounting for abnormal amounts of idle facility expense, handling costs, and wasted material (spoilage). Among other provisions, the new rule requires that items such as idle facility expense, excessive spoilage, double freight, and rehandling costs be recognized as current-period charges regardless of whether they meet the criterion of "so abnormal" as stated in ARB No. 43. SFAS No. 151 is effective for fiscal years beginning after June 15, 2005 and is required to be adopted by the Company in the first quarter of fiscal 2006, beginning on January 1, 2006. The Company is currently evaluating the effect that the adoption of SFAS No. 151 will have on its consolidated financial position, results of operations and cash flows, but do not expect SFAS No. 151 to have a material impact.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Nature of Operations and Summary of Significant Accounting Policies,
Continued

Going Concern

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company sustained losses of \$1,592,469, \$205,994, and \$736,364, for the year ended March 31, 2005, the three months ended March 31, 2004, and the year ended December 31, 2003 respectively. The Company had an accumulated deficit of \$3,729,133 at March 31, 2005. These factors raise substantial doubt about the ability of the Company to continue as a going concern for a reasonable period of time. The Company is highly dependent on its ability to continue to obtain investment capital and loans from an affiliate and shareholder in order to fund the current and planned operating levels. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to continue receiving investment capital and loans from an affiliate and shareholder to complete promotion of the Company's artists, continue production of music and achieve a level of success that will enable it to sustain its operations. No assurance can be given that the Company will be successful in these efforts.

2. Property and Equipment

Property and equipment is comprised of the following at March 31, 2005:

Furniture	\$ 18,161
Music and computer equipment	28,604

	46,765
Less: accumulated depreciation	(36,894)

	\$ 9,871

Depreciation expense was \$ 8,465, \$1,273, and \$6,220, for the year ended March 31, 2005, the three months ended March 31, 2004, and the year ended December 31, 2003, respectively.

3. Deposits

At March 31, 2005, the Company had deposits of \$15,366 for the rental of a vehicle and \$11,006 for the rental of housing for the Artists and Manager of "3rd Wish" and "Pat Moe".

Significant components of the deferred tax assets are set out below along with a valuation allowance to reduce the net deferred tax asset to zero. INFORMATION NOT REQUIRED IN PROSPECTUS

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Our Articles of Incorporation provide that, to the fullest extent permitted by law, none of our directors or officers shall be personally liable to us or our shareholders for damages for breach of any duty owed to our shareholders or us. Florida law provides that a director shall have no personal liability for any statement, vote, decision or failure to act, regarding corporate management or policy by a director, unless the director breached or failed to perform the duties of a director. A company may also protect its officers and directors from expenses associated with litigation arising from or related to their duties, except for violations of criminal law, transactions involving improper benefit or willful misconduct. In addition, we shall have the power, by our by-laws or in any resolution of our stockholders or directors, to undertake to indemnify the officers and directors of ours against any contingency or peril as may be determined to be in our best interest and in conjunction therewith, to procure, at our expense, policies of insurance. At this time, no statute or provision of the by-laws, any contract or other arrangement provides for insurance or indemnification of any of our controlling persons, directors or officers that would affect his or her liability in that capacity.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers, or persons controlling us pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, that type of indemnification is against public policy as expressed in the Act and is therefore unenforceable.

There is no pending litigation or proceeding involving any of our directors or officers as to which indemnification is being sought, nor are we aware of any pending or threatened litigation that may result in claims for indemnification by any director or officer.
