The value of shares of Company Common Stock that can be exercised for the first time by a Participant in any one year under an incentive stock option cannot exceed \$100,000, based on the fair market value of the stock at the date of grant of the incentive stock option.

Subject to the terms of the 2007 Plan, the Board has discretion to modify the terms of an Award granted under the 2007 Plan to the extent not prohibited by or inconsistent with the other terms of the 2007 Plan or the provisions of the Internal Revenue Code, including, without limitation, accelerating the time or times at which the option or other right under the Award may be exercised in whole or in part; provided, however, no such modification may adversely effect the rights of a Participant under the Award.

The Board has sole discretion to consent to the terms of participation of those Participants who are subject to the reporting and short swing profits provisions of Section 16 of the Securities Exchange Act of 1934, including barring unrestricted ownership of shares of Company Common Stock by such persons for at least six months from the date of grant of the applicable Award and barring disposition of Company Common Stock acquired pursuant to the 2007 Plan for a period of at least six months after acquisition.

The consideration to be received by the Company for granting Awards under the 2007 Plan consists solely of services rendered by the Participants. Proceeds received by the Company from the sale of its shares under any Award granted under the 2007 Plan will be used for general corporate purposes.

The Company must deduct from all cash payments to a Participant under an Award any taxes required by law to be withheld in connection with the Award to such Participant no later than the date of the event creating the tax liability. In the event of a payment in the form of Company Common Stock, each Participant shall pay to the Company, or make provision satisfactory to the Company for payment of, an amount sufficient to satisfy such withholding requirement. The Board may, in its discretion, allow Participants to satisfy such tax obligations by the delivery of shares of Company Common Stock valued at their then fair market value.

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form DEF 14A

The Board of Directors may terminate and, from time to time, may amend or suspend the 2007 Plan or any portion thereof. Any such action of the Board of Directors may be taken without the approval of the Company's shareholders, but only to the extent that such shareholder approval is not required by applicable law, regulation, or listing standard. No such termination or amendment may affect an outstanding Award unless the Participant consents to such termination or amendment or the Board determines such termination or amendment will not adversely affect the Participant.

No Awards have been made by the Board pursuant to the 2007 Plan. It is not possible to determine or state the benefits which will be received under the 2007 Plan by the individuals specified in paragraph (a)(3) of Item 402 of Regulation S-K, by current executive officers, current Directors, by employees as a group or by any individual who may be selected by the Committee to participate in the 2007 Plan.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The Compensation Committee (for purposes of this analysis, the Committee) of the Board has responsibility for establishing, implementing and continually monitoring adherence with the Company's compensation philosophy. The Committee ensures that the total compensation paid to the named executive officers is fair, reasonable and competitive. Generally, the types of compensation and benefits provided to the named executive officers, including the actively-employed named executive officers, are similar to those provided to other executive officers in publicly traded financial institutions.

Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2006, as well as the other individuals included in the Summary Compensation Table on page 15, are referred to as the named executive officers.

Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals by the Company, and which aligns the interests of the executive officers with the Company's overall business strategy, values and management initiatives. These policies are intended to reward executives for strategic management and the enhancement of shareholder value and support a performance-oriented environment that rewards achievement of internal goals. The Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies. To that end, the Committee believes executive compensation packages provided by the Company to its executives, including the named executive officers, should be designed to include both cash and stock-based compensation that reward performance as measured against established goals.

Role of Executive Officers in Compensation Decisions

The Committee makes all compensation decisions for the named executive officers and approves recommendations regarding equity awards to all named executive officers of the Company. Decisions regarding the non-equity compensation of other executive officers are made by the Committee and the Chief Executive Officer.

The Committee and the Chief Executive Officer annually reviews the performance of each member of the named executive officers (other than the Chief Executive Officer whose performance is reviewed by the Committee). The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Committee. The Committee can exercise its discretion in modifying any recommended adjustments or awards to executives.

10

Setting Executive Compensation

Based on the foregoing objectives, the Committee has structured the Company's annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals. To that end, the Committee has retained a third-party consultant to provide research for benchmarking purposes related to executive compensation. Additionally, the Company subscribes to and participates in the Mississippi Bankers Association survey, which provides the Committee with comparative compensation data from the Company's market areas and its peer groups. This information is used by the committee to ensure that it is providing compensation opportunities comparable to its peer group, thereby allowing the Company to retain talented executive officers who contribute to the Company's overall and long-term success.

It is anticipated that the services provided by the third-party consultant will be used as the basis of comparison of compensation between the Company and the companies in the Compensation Peer Group.

2006 Executive Compensation Components

Historically, and for the fiscal year ended December 31, 2006, the principal components of compensation for named executive officers were:

- o base salary;
- o performance-based incentive bonus compensation;
- o equity incentive compensation;
- o retirement and other benefits; and
- o Perquisites and other personal benefits.

Base Salary

The Company provides named executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for named executive officers are determined for each executive based on his or her position and responsibility.

During its review of base salaries for executives, the Committee primarily considers: 1) performance of the Company; 2) market data provided by our outside consultants; 3) internal review of the executive's compensation, both individually and relative to other officers; and 4) individual performance of the executive. Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries of the named executive officers are based on the Committee's assessment of the individual's performance.

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form DEF 14A

Performance-Based Incentive Compensation

The Company has established an incentive bonus compensation plan that is based upon individual performance as well as team and corporate performance. Named executive officers in the Company have unique performance goals in up to nine (9) categories. The individual measures relate primarily to sales, service quality, regulatory compliance, timeliness, and financial goals. The particular measures on an individual's performance depend on the actions that are determined to be most important for that individual to achieve for the current year. The estimated bonus payouts are accrued throughout the year. Cash bonuses may be granted to executives at each year end depending on the achievement of a corporate performance target such as earnings per share, which was used in 2006. The Company's Chief Executive Officer has measures that are company-wide in nature. The measures for 2006 were for net income, earnings per share and return on equity. Each measure was weighted equally for 2006.

11

For the year ended December 31, 2006, the following cash bonuses were awarded:

David E. Johnson	\$95,000
M. Ray "Hoppy" Cole, Jr.	\$21,952
DeeDee Lowery	\$15,450
David O. Thoms, Jr.	\$ 1,500

Equity Incentive Compensation

1997 Stock Option Plan

In 1997, the Company adopted the 1997 Stock Option Plan (1997 Plan) which provides for the granting of options to purchase up to 144,370 shares of Company common stock by directors and key employees of the Company and its subsidiary. Options granted under the 1997 Plan were exercisable at December 31, 1999, and expired on March 18, 2007. As of December 31, 2006, 105,134 shares had not been exercised or forfeited. The options were exercisable at not less than the market value of the Company's stock at the grant date. The 2007 Plan will replace the 1997 Plan.

1999 Stock Option Plan

On May 27, 1999, the Company's shareholders approved the 1999 Stock Incentive Plan (1999 Plan). The 1999 Plan provides for the granting of options to purchase up to 213,376 shares of the Company's common stock by the Company's and its subsidiary's directors, key employees, and management. Under the 1999 Plan, the Company may grant either incentive stock options or nonqualified stock options. Options granted to directors and employees vest in equal amounts over three years. Stock options granted to management vest based on annual performance goals or after nine years and eleven months, if still employed. At December 31, 2006, 213,356 options had been granted, and 66,905 had been exercised or forfeited. All options expire and are void unless exercised on or before April 15, 2009. The options are exercisable at not less than the market value of the Company's stock at the grant.

Retirement and Other Benefits

All employees of the Company, including named executive officers, are eligible to participate in the The First Bancshares, Inc. 401K Plan and Trust.

Edgar Filing: FIRST BANCSHARES INC /MS/ - Form DEF 14A

The Company sponsors an Employee Stock Ownership Plan (ESOP), which was established in 2006 for employees who have completed one year of service for the Company and attained age 21. Employees become fully vested after five years of service. Contributions to the plan are at the discretion of the Board of Directors. At December 31, 2006, the ESOP held 3,777 shares of Company common stock and had no debt obligation.

Perquisites and Other Personal Benefits

The Company provides named executive officers with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers.

12

The named executive officers participate in the Company's broad-based employee benefit plans, such as medical, dental, supplemental disability and term life insurance programs. Some of the named executive officers are provided use of company automobiles. The vehicle is provided primarily for their business travel. Personal use is taxed through the Company's payroll process. Each named executive officer and certain other members of senior management are entitled to receive a cash payment upon such executive's death through the split dollar death benefit funded by bank owned life insurance.

Attributed costs of the personal benefits described above for the named executive officers for the fiscal year ended December 31, 2006, are included in the Summary Compensation Table on page 15.

The Company has entered into Change of Control Agreements with certain key employees. The Change of Control Agreements are designed to promote stability and continuity of senior management. Information regarding applicable payments under such agreements for the named executive officers is provided under the heading Payments Made Upon a Change of Control on page 19.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals. The Company believes that compensation paid under the incentive plans are generally fully deductible for federal income tax purposes.

Accounting for Stock-Based Compensation

Beginning on January 1, 2006, the Company began accounting for stock-based payments including its 1999 Plan in accordance with the requirements of FASB Statement 123(R).

(e) Special Conditions as to Incentive Stock Options. Incentive Stock Options may only be granted to employees of the Company or any Subsidiary or Parent. At the time any Incentive Stock Option under the Plan is exercised, the Company will be entitled to legend the certificate representing the shares of Stock purchased pursuant to the Option to clearly identify them as representing shares purchased upon the exercise of an Incentive Stock Option. An Incentive Stock Option shall expire within ten (10) years from the earlier of the date the Plan is adopted or approved by the Board of Directors or stockholders.

(f) No Rights as a Stockholder. The holder of an Option, as such, has no rights as a stockholder of the Company.

(g) Conditions to the Exercise of an Option. Subject to Section 6.1(e), an Option under the Plan shall be exercisable by whom, at such time or times, or upon the occurrence of certain events, and in such amounts, as the Committee determines in its sole discretion and in accordance with the Stock Incentive Agreement. Subsequent to the grant of an Option and at any time before the termination of such Option, the Committee may modify the terms of such Option to the extent not prohibited by or inconsistent with the other terms of the Plan, including, without limitation, accelerating the time or times at which such Option may be exercised in whole or in part, and without limitation, upon a Change in Control, and may permit the Participant or any other person to exercise the Option, or any portion thereof, for all or part of the remaining term of the Option notwithstanding any provision of the Stock Incentive Agreement to the contrary. In no event shall any such modification adversely effect the rights of a Participant under such Option (unless otherwise permitted by the Plan).

(h) Termination of Incentive Stock Option. With respect to an Incentive Stock Option, in the event of Termination of Employment of a Participant, the Option or portion thereof held by the Participant which is unexercised will expire, terminate, and become unexercisable no later than the end of the period of (3) months after the date of Termination of Employment; provided, however, that in the event of Termination of Employment whose Termination of Employment is due to death or Disability, up to one (1) year maximum, or such three (3) month period; provided, further that such time limits may be exceeded if the Option is exercised under the terms of the grant, in which case, the Incentive Stock Option will be a Non-qualified Stock Option if it is exercised after the time limits that would otherwise apply. Unless provided otherwise in the Stock Incentive Agreement, a Reload Option may not be exercised by a Participant until the end of a one-year period from the date that the Reload Option is granted, and (ii) the Participant retains beneficial ownership of the shares of Stock issued to such Participant upon exercise of the Option which resulted in the granting of the Reload Option for a period of one year from the date of such exercise.
