Report of Independent Auditor

To the Participants and the Plan Administrator
of Pioneer Natural Resources USA, Inc.
401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of Pioneer Natural Resources USA, Inc. 401(k) Plan as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form 11-K

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2000 and 1999, and the changes in its net assets available for benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2000, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

PIONEER NATURAL RESOURCES USA, INC.
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2000 and 1999

Note 1. Description of Plan

The following brief description of the Pioneer Natural Resources USA, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a complete description of the Plan, a copy of which is available to each participant from the Pioneer Natural Resources USA, Inc. 401(k) Plan Committee (the "Plan Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

General

The Plan is a defined contribution plan established under the Internal Revenue Code (the "Code") Section 401 on January 1, 1990 covering all employees of Pioneer Natural Resources USA, Inc. (the "Employer"), a wholly-owned subsidiary of Pioneer Natural Resources Company (the "Company"). Regular full-time employees and part-time employees are eligible to participate on the first day of the month following their date of hire.

Contributions

Participants may contribute an amount of not less than two percent nor more than 12 percent of their annual salary. An Employer match is contributed in cash to the Pioneer Natural Resources USA, Inc. Matching Plan ("Matching Plan") at an amount equal to 200 percent of the first five percent of basic compensation contributed by a participant to the Plan.

Participant Accounts

Each participant's account is credited with the participant's

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form 11-K

contributions and an allocation of Plan earnings. Plan earnings are allocated to each participant's account by fund in proportion to their fund balance relative to the total fund balance.

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50 percent of their account's vested balances, whichever amount is less. The loans are secured by the balance in the participant's account. Participant loans bear interest at an annual rate equal to the prime borrowing rate at the inception of the loan plus one percent. Loan principal and interest is paid ratably through payroll deductions.

Investment Options

Participants were able to allocate their contributions among the following investment options during the Plan year ended December 31, 2000:

- o Vanguard Prime Money Market Fund - Seeks to provide high income and a stable share price of \$1 by investing in short-term, high quality money market instruments issued by financial institutions, non-financial corporations, the United States government and United States federal agencies.
- o Vanguard - ST Corporate Fund - Seeks to provide a high level of current income by investing in short-term, investment-grade corporate bonds with average maturities of two to three years.

NOTES TO FINANCIAL STATEMENTS December 31, 2000 and 1999

Note 1. Description of Plan (continued)

- o Vanguard 500 Index Fund - Seeks to provide long-term growth of capital and income from dividends by holding all of the 500 stocks that make up the unmanaged Standard & Poor's 500 Composite Stock Price Index, a widely recognized benchmark of United States stock market performance.
- o Vanguard Primecap Fund - Seeks long-term growth of capital by investing in stocks of companies with above-average prospects for continued earnings growth, strong industry positions and skilled management teams.
- o Vanguard Windsor II Fund - Seeks to provide long-term growth of capital and a reasonable level of income from dividends by investing in a diversified group of undervalued or out-of-favor stocks of large capitalization companies. The stocks generally sell at prices below the overall market average compared to their dividend income and future return potential.
- o Vanguard International Growth Fund - Seeks to provide long-term

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form 11-K

growth of capital by investing in stocks of companies based outside the United States. Stocks are selected from more than 15 countries.

- o Vanguard Asset Allocation Fund - Seeks to maximize total return by investing in common stocks, bonds and money market instruments.
- o Vanguard Total Bond Market Index Fund - Seeks to generate a high level of interest income by investing in high-credit quality, corporate and treasury securities.
- o Sarofim Equity Fund - Seeks to provide high growth of capital by investing in a broadly diversified portfolio of large companies. Income is a secondary goal.
- o Pioneer Natural Resources Stock Fund - The Pioneer Natural Resources Stock Fund is designed to provide long-term growth of capital through increases in the value of the common stock of the Company. Dividends, if any, are reinvested to purchase more shares.

Vesting

As is described in more detail in "Contributions" above, participants' contributions and Plan earnings are maintained in the Plan. Employer contributions are maintained in the Matching Plan, together with the earnings of the Matching Plan.

Participants are immediately vested in their voluntary contributions currently being made into the Plan, plus the actual Plan earnings thereon. Certain participant account balances that were merged into the Plan from predecessor plans retained the vesting schedules provided for in the predecessor plans' documents. Vesting in the Matching Plan is based upon years of continuous service. A participant is fully vested in the Matching Plan after four years of service.

Payments of Benefits

If the total value of the vested portion of the participant's account is \$5,000 or less, payment will be made in one lump sum as soon as administratively possible. If the total value of the vested portion of the participant's account exceeds \$5,000, payment will occur at age 70-1/2 unless the participant terminates, retires or becomes disabled prior to age 70-1/2 and consents to an earlier distribution date by filing a written request to the Plan Administrator

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form 11-K

within 90 days prior to the date the participant wishes to receive a distribution. Except for participant accounts that have a total vested value of \$5,000 or less, distributions to terminated, retired or disabled participants will be annuities, but may be installments or lump sum payments if so directed by the participant. A participant's beneficiary will receive the participant's account balance in the event of a participant's death.

Withdrawal of Benefits

Employees may withdraw their vested assets in the Plan under certain hardship conditions as defined in the Plan agreement. Terminated participants may also withdraw their vested assets in the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefit payments made to participants are recorded upon distribution.

Investment Valuation

Investments are valued at fair value as determined by Vanguard Fiduciary Trust Company (the "Trustee"). Fair value is determined as follows:

- 1) Investments in securities traded on national securities exchanges are valued at the last reported sales price on the last business day of the year.
- 2) Investments in money market funds are valued at cost, which approximates fair value.
- 3) Participant loans receivable are valued at their unpaid principal balance, which approximates fair value.
- 4) Investments in the Vanguard Prime Money Market Fund are valued at cost, which approximates fair value.

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form 11-K

Note 2. Summary of Significant Accounting Policies (continued)

Security Transactions and Investment Income

Security transactions are accounted for on a trade-date basis. Expenses incurred with transactions, if any, are added to the purchase price or deducted from the selling price at the time of the transactions. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.

Note 3. Investments

During 2000, the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in fair value as follows:

	\$ 1,844,074
	=====

Note 4. Administrative Expenses

Administrative expenses paid by the Plan were \$53,205 during the year ended December 31, 2000. The Employer may pay certain expenses incurred in the establishment and administration of the Plan, including expenses and fees of the Trustee, but is not obligated to do so. Any Plan expenses not paid by the Employer are paid from the Plan's earnings or account forfeitures. In addition to administrative expenses paid by the Plan, Plan administrative expenses of \$50,545 and \$5,435 were paid from account forfeitures and the Employer, respectively, during 2000. Account forfeiture balances in the Plan were \$74,024 and \$115,052 as of December 31, 2000 and 1999, respectively.

The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Note 6. Related Party Transactions

Certain Plan investments are shares of registered investment companies managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.
