PROXY STATEMENT

SOLICITATION AND REVOCABILITY OF PROXIES

The Board of Directors of the Company (the "Board of Directors") requests your proxy for use at the Annual Meeting of Stockholders to be held on May 21, 2003, at 1:00 p.m., local time, at the Dallas Museum of Art, 1717 Harwood Street, Dallas, Texas 75201, and at any adjournment(s) or postponement(s) thereof. By signing and returning the enclosed Proxy or granting your proxy by telephone, you authorize the persons named on the Proxy to represent you and to vote your shares at the Annual Meeting. This Proxy Statement and the form of Proxy were first mailed to stockholders of the Company on or about April 21, 2003.

This solicitation of proxies is made by the Board of Directors of the Company and will be conducted primarily by mail. Officers, directors and employees of the Company may solicit proxies personally or by telephone, electronic mail, telegram or other forms of wire or facsimile communication. The Company may also request banking institutions, brokerage firms, custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of Common Stock that those companies hold of record. The costs of the solicitation, including reimbursement of such forwarding expenses, will be paid by the Company.

If you attend the Annual Meeting, you may vote in person. If you are not present at the Annual Meeting, your shares can be voted only if you have returned a properly signed Proxy, are represented by another proxy or have granted your proxy by telephone. You may revoke your proxy, whether granted by telephone or by returning the enclosed Proxy, at any time before it is exercised at the Annual Meeting by (a) signing and submitting a later-dated proxy to the Secretary of the Company, (b) delivering written notice of revocation of the proxy to the Secretary of the Company, or (c) voting in person at the Annual Meeting. In addition, if you granted your proxy by telephone, you may revoke such grant by resubmitting your proxy by telephone at any time prior to 11:00 p.m., Eastern daylight time, on May 20, 2003. In the absence of any such revocation, shares represented by the persons named on the Proxies will be voted at the Annual Meeting.

VOTING AND QUORUM

The only outstanding voting securities of the Company are shares of Common Stock. As of the close of business on the Record Date, there were 37,733,028 shares of Common Stock outstanding and entitled to be voted at the Annual Meeting.

Each outstanding share of Common Stock is entitled to one vote. The presence, in person or by proxy, of a majority of the shares of Common Stock issued and outstanding and entitled to vote as of the Record Date shall constitute a quorum at the Annual Meeting. The chairman of the meeting or the holders of a majority of the Common Stock entitled to vote who are present or represented by proxy at the Annual Meeting have the power to adjourn the Annual Meeting from time to time without notice, other than an announcement at the Annual Meeting of the time and place of the holding of the adjourned meeting, until a quorum is present. At any such adjourned meeting at which a quorum is present, any business may be transacted that may have been transacted at the Annual Meeting had a quorum originally been present; provided, that if the adjournment is for more than 30 days or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned

meeting shall be given to each stockholder of record entitled to vote at the adjourned meeting. Proxies solicited by this Proxy Statement may be used to vote in favor of any motion to adjourn the Annual Meeting. The persons named on the Proxies intend to vote in favor of any motion to adjourn the Annual Meeting to a subsequent day if, prior to the Annual Meeting, such persons have not received sufficient proxies to approve the proposals described in this Proxy Statement. If such a motion is approved but sufficient proxies are not received by the time set for the resumption of the Annual Meeting, this process will be repeated until sufficient proxies to vote in favor of the proposals described in this Proxy Statement have been received or it appears that sufficient proxies will not be received. Abstentions and broker non-votes will count in determining if a quorum is present at the Annual Meeting. A broker non-vote occurs if a broker or other nominee attending the meeting in person or submitting a proxy does not have discretionary authority to vote on a particular item and has not received voting instructions with respect to that item.

PROPOSAL ONE ELECTION OF CLASS III DIRECTORS

The Board of Directors has designated William F. Concannon, Rowland T. Moriarty and J. McDonald Williams as nominees for election as Class III directors of the Company at the Annual Meeting (each, a "Nominee"). Messrs. Concannon and Williams currently serve as Class III directors, and Dr. Moriarty currently serves as a Class I director. If elected as a Class III director, Dr. Moriarty will immediately resign as a Class I director. Dr. Moriarty has agreed to be a Nominee in order for the Company to comply with the provisions of its Certificate of Incorporation which specify the number of directors required to be in each class when an equal number of directors in each class is not possible due to the number of directors comprising the Board of Directors. Dr. Moriarty will remain a Class I director if he is not elected as a Class III director at the Annual Meeting. If elected, each Nominee will serve until the expiration of his term at the Annual Meeting of the Company's

Edgar Filing: TRAMMELL CROW CO - Form DEF 14A

Stockholders in 2006 and until his successor is elected and qualified or until his earlier death, resignation or removal from office. For information about each Nominee, see "Directors."

The Board of Directors has no reason to believe that any of the Nominees will be unable or unwilling to serve if elected. If a Nominee becomes unable or unwilling to serve prior to the election, your proxy will be voted for the election of a substitute nominee recommended by the current Board of Directors, or the number of the Company's directors will be reduced.

Required Vote and Recommendation

The election of directors requires the affirmative vote of a plurality of the shares of Common Stock present or represented by proxy and entitled to vote at the Annual Meeting. Accordingly, under Delaware law and the Company's Certificate of Incorporation and Bylaws, abstentions and broker non-votes will not have any effect on the election of a particular director. Unless otherwise instructed on the Proxy or unless authority to vote is withheld, the enclosed Proxy will be voted for the election of each of the Nominees.

The Board of Directors recommends that the stockholders vote "FOR" the election of each of the Nominees.

2

PROPOSAL TWO RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

On March 4, 2003, the Audit Committee of the Board of Directors selected Ernst & Young LLP ("Ernst & Young") as the Company's independent auditors for the year ending December 31, 2003. The Company expects that representatives of Ernst & Young will be present at the Annual Meeting to respond to appropriate questions and will have an opportunity to make a statement if they desire to do so.

The Audit Committee has the responsibility for selecting the Company's independent auditors, and stockholder ratification is not required. However, the selection is being submitted for ratification at the Annual Meeting with a view towards soliciting the stockholders' opinion, which the Audit Committee will take into consideration in future deliberations. If the selection of Ernst & Young as the Company's independent auditors is not ratified at the Annual Meeting, the Audit Committee of the Board of Directors will consider the engagement of other independent auditors, but will not be obligated to do so. The Audit Committee may terminate the engagement of Ernst & Young as the Company's independent auditors without the approval of the Company's stockholders whenever the Audit Committee deems termination necessary or appropriate.

Required Vote and Recommendation

Ratification of Ernst & Young as the Company's independent auditors for the year ending December 31, 2003, requires the affirmative vote of a majority of the shares of Common Stock present or represented by proxy and entitled to vote at the Annual Meeting. Under Delaware law and the Company's Certificate of Incorporation and Bylaws, an abstention will have the same legal effect as a vote against the ratification of Ernst & Young, and each broker non-vote will reduce the absolute number, but not the percentage, of affirmative votes necessary for approval of the ratification. Unless otherwise instructed on the Proxy or unless authority to vote is withheld, the enclosed Proxy will be voted for the ratification of Ernst & Young as the Company's independent auditors for the year ending December 31, 2003.

The Board of Directors recommends that stockholders vote "FOR" the ratification of the selection of Ernst & Young LLP as the Company's independent auditors for the year ending December 31, 2003.

- (1) The exercise price for all options shown is the market price on the date of grant.
- (2) The grant date present value was determined by using the Black-Scholes option pricing model, as adapted for use in valuing employee stock options. The estimated values under the Black-Scholes model are based on assumptions as to certain variables. Expected stock price volatility is assumed to be 42.0% and the risk-free rate of return is assumed to be 4.86%. The exercise date for the options is assumed to be the seventh anniversary of the date of grant, and dividend yield is assumed to be 0%. The actual value, if any, a Named

Edgar Filing: TRAMMELL CROW CO - Form DEF 14A

Executive Officer may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. Therefore, there is no assurance that the value realized by a Named Executive Officer will be at or near the value estimated by the Black-Scholes model reflected in the table.

(3)

The options are subject to a four year vesting schedule, subject to certain exceptions, with one-fourth becoming exercisable on May 24 of each of 2003, 2004, 2005 and 2006.

Shown below is certain information with respect to the number and value of unexercised options held as of December 31, 2002.

Long-Term Incentive Plan

The Company's Long-Term Incentive Plan offers a proprietary interest in the Company through the distribution of awards including incentive stock options qualified as such under U.S. federal income tax laws, stock options that do not qualify as incentive stock options, stock appreciation rights, restricted stock awards, and performance units. The maximum aggregate number of shares of Common Stock that may be subject to awards under the Long-Term Incentive Plan is 8,634,878. As of March 31, 2003, the Company had 1,641,540 shares of restricted stock issued and outstanding under the Long-Term Incentive Plan. As of March 31, 2003, there were outstanding options to acquire an aggregate of 5,694,241 shares of Common Stock under the Long-Term Incentive Plan. The exercise prices for such stock options range from \$10.00 to \$36.00. As of March 31, 2003, the Company has granted performance units representing the right to receive, at the election of the grantee, an aggregate of 11,766 shares of the Company's common stock or cash in an amount equal to the fair market value of such shares of common stock on the distribution date or dates. At March 31, 2003, the Company had previously issued 84,092 shares of Common Stock upon the exercise of non-qualified stock options under the Long-Term Incentive Plan. Accounting for such previous exercises and the outstanding awards described in this paragraph, at March 31, 2003, the maximum number of shares that may be subject to future awards under the Long-Term Incentive Plan is 1,203,239. If any currently outstanding awards are forfeited in the future, the shares underlying such forfeited awards will become eligible for reissuance under the Long-Term Incentive Plan.

Upon a change in control of the Company, if approved by the Compensation Committee of the Board of Directors, (a) all outstanding stock options and stock appreciation rights will immediately vest and become exercisable by the holder, (b) the restriction period on all awards of restricted stock will immediately be accelerated and the restrictions will expire, (c) the target payout opportunity attainable under all performance units will be deemed to be fully earned for all performance periods and the holder will be paid (in cash within 30 days after the change in control for cash-based performance units and in stock upon the change in control for stock-based performance units) a pro rata portion of all associated targeted payout opportunities based on the number of complete and partial calendar months elapsed as of the date of the change in control. In the event that a change in control involves a merger or consolidation where the Company is not the surviving entity or in which all of the outstanding shares of capital stock of the Company are exchanged for shares of capital stock in another entity, or in the event a change in control involves a sale of substantially all of the assets of the Company, and in

connection with the change in control securities, cash or property are issuable or deliverable in exchange for capital stock of the Company, then the holders of awards granted under the Long-Term Incentive Plan will be entitled to receive (in a form appropriate for each particular form of award) the amount of securities, cash or property to which they would be entitled as if their particular award were in the form of capital stock of the Company.

Assumed Option Plan

In connection with the formation of the Company in 1997 as the successor to Trammell Crow Company, a Texas close corporation (the "Predecessor Company"), the Company agreed to assume the Trammell Crow Company 1997 Stock Option Plan (the "Assumed Option Plan"), which had been adopted by the Predecessor Company. On August 1, 1997, the Predecessor Company granted to certain of its employees nonqualified stock options to acquire an aggregate of 1,626 shares of its common stock, which constitutes all shares authorized under the Assumed Option Plan. In connection with the formation of the Company, the Company assumed the Predecessor Company's obligations with respect to all such options, and the Company became obligated to issue up to an aggregate of 2,423,769 shares of Common Stock at a purchase price of \$3.85 per share upon the exercise of such options. All of such options vested upon the closing of the Company's initial public offering in November 1997 and became exercisable 30 days thereafter. As of March 31, 2003, 1,406,374 shares of Common Stock had been issued upon the exercise of options pursuant to the Assumed Option Plan and 1,017,395 shares were the subject of outstanding awards under the Assumed Option Plan. No additional options will be granted under the Assumed Option Plan.

Employee Stock Purchase Plan

The Company maintains The Trammell Crow Company Employee Stock Purchase Plan (the "Stock Purchase Plan") to encourage employees to become and remain stockholders of the Company and to provide employees an opportunity to do so through payroll deductions. Purchases of stock under the Stock Purchase Plan are intended to qualify under the provisions of Sections 421 and 423 of the Internal Revenue Code of 1986 (as amended, the "Code"). All regular full-time or part-time employees of the Company or any of its parent or subsidiary corporations who are customarily employed at least 20 hours per week and at least 5 months per year are eligible to participate in the Stock Purchase Plan in an amount up to 10% of their annual compensation not to exceed 5,000 shares of common stock or \$25,000 worth of common stock in any calendar year, subject to other limitations imposed by Section 423(b) of the Code. Additionally, no employee may purchase stock pursuant to the Stock Purchase Plan if after the purchase the employee would own 5% or more of the voting power or value of all classes of stock of the Company or its subsidiaries. The purchase price per share at which shares of Common Stock are sold under the Stock Purchase Plan is an amount equal to 85% of the lower of the market value of Common Stock on the date of exercise or the date of grant. Employees may not sell stock purchased through the Stock Purchase Plan for a period of six months from the date of purchase. At March 31, 2003, approximately 6,044 employees of the Company and its subsidiaries were eligible to participate in the Stock Purchase Plan. A total of 2,000,000 shares of Common Stock are reserved for issuance and may be subject to outstanding awards under the Stock Purchase Plan. As of March 31, 2003, 811 eligible employees of the Company and its subsidiaries had elected to participate in the Stock Purchase Plan. As of March 31, 2003, participants had purchased an aggregate of 1,421,475 shares of Common Stock under the Stock Purchase Plan at a weighted average purchase price of \$11.81 per share.

401(k) Plan

The Company sponsors a retirement plan called the Trammell Crow Company Retirement Savings Plan (the "401(k) Plan"). As of December 31, 2002, the total assets held by the 401(k) Plan were

valued at approximately \$119,168,389. CG Trust Company is the trustee for the assets held under the Company's 401(k) Plan (other than certain life insurance policies held under a trust for which Robert A. James and Derek R. McClain are the trustees). Employees (including members of management) are eligible to make voluntary contributions under the 401(k) Plan which in some instances may range up to 15% of their annual compensation, subject to the applicable limitations in the Code. The Company is permitted to make a discretionary contribution to the 401(k) Plan each fiscal quarter which is allocated among participants as a matching contribution based on their contributions under the 401(k) Plan. The Company's current policy is to match up to the lesser of (i) 50% of all contributions up to 6% of an employee's compensation and (ii) \$5,500 per year. The 401(k) Plan permits employees to direct investments of their accounts in Common Stock and among a selection of mutual funds. At December 31, 2002, approximately 1.2% of the 401(k) Plan assets consisted of Common Stock. The 401(k) Plan is intended to qualify as a profit sharing plan under Sections 401(a) and 401(k) of the Code.

Employment Agreement

The Company and Mr. Sulentic entered into an Employment Agreement (the "Employment Agreement") effective July 1, 2002, setting forth the terms and conditions of Mr. Sulentic's service as President and Chief Executive Officer of the Company. The initial term of the Employment Agreement is through December 31, 2004, and automatically renews for additional one-year terms each December 31 unless either the Company or Mr. Sulentic provides a notice of termination. The Employment Agreement provides that Mr. Sulentic will receive an annual base salary in accordance with the customary payroll practices of the Company for executive officers. The amount of Mr. Sulentic's annual base salary may be increased at any time by the Board of Directors. The Board of Directors may decrease Mr. Sulentic's annual base salary in the same manner and to the same extent that the annual base salary of other senior executives are decreased. Mr. Sulentic is eligible to receive annual bonus payments as the Board of Directors or the Compensation Committee of the Board of Directors may specify in its sole discretion. Mr. Sulentic is entitled to participate in the Company's compensation, retirement, health and welfare benefit plans applicable to its executive officers.

If a change in control of the Company occurs and Mr. Sulentic's employment is terminated within two years thereafter by the Company without cause, by Mr. Sulentic for good reason, or upon the Company's election not to renew Mr. Sulentic's employment, Mr. Sulentic is entitled to receive the following compensation in addition to awarded but unpaid bonuses and accrued base salary, benefits and investment plan participation amounts:

cash payments in the amounts of three times (a) Mr. Sulentic's highest annual base salary for the preceding 12 months, and (b) one-half of Mr. Sulentic's median annual bonus for the preceding three years plus one-half of Mr. Sulentic's current annual bonus target;

cash payments in the amounts of (a) the unvested portion of any matching contribution account under the Company's 401(k) Plan, and (b) three times the Company's matching contribution under the Company's 401(k) Plan for the calendar year prior to the year in which the termination occurs;

continuing coverage under the Company's health plan for three years, with the active employee cost to be paid by Mr. Sulentic;

a pro-rated bonus payment based on the average percentage of annual cash incentive bonuses paid to other senior executives of the Company payable when such incentive bonuses are paid to other senior executives;

expenses for enrollment in an outplacement program for up to 12 months; and

vesting of all awards granted under the Company's Long-Term Incentive Plan.

The Employment Agreement provides that Mr. Sulentic will not compete with the Company or solicit employees of the Company, or interfere with certain of the Company's business relationships, during his employment with the Company and for 15 months after termination in the event the termination is by the Company for cause or by Mr. Sulentic without good reason.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is currently composed of Jeffrey M. Heller, James R. Erwin and Curtis F. Feeny. As set forth in the Audit Committee Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent accountants are responsible for auditing the Company's financial statements in accordance with generally accepted auditing standards and expressing an opinion as to their conformity with generally accepted accounting principles. In the performance of its oversight function, the Audit Committee has reviewed and discussed with the Company's management and the Company's independent accountants the Company's audited financial statements for the year ended December 31, 2002. The Audit Committee has also discussed with the Company's independent accountants the matters required to be discussed

Edgar Filing: TRAMMELL CROW CO - Form DEF 14A

by Statement on Auditing Standards No. 61 (Communications with Audit Committees) as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the Company's independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) as currently in effect. The Audit Committee has also considered whether the independent accountants' provision of non-audit services to the Company is compatible with maintaining the accountants' independence and discussed with them their independence from the Company and its management.

Although the members of the Audit Committee meet the applicable membership requirements of the New York Stock Exchange, they are not professionally engaged in the practice of accounting or auditing. Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis by which to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's independent accountants are in fact "independent."

Based upon the reports and the Audit Committee's discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Role of the Compensation Committee

The Compensation Committee of the Board of Directors (the "Committee") was composed of Messrs. Moriarty, Erwin and Heller through March 2002. In March 2002, Ms. McDonald replaced Mr. Heller on the Committee. Each of Messrs. Moriarty, Erwin and Heller and Ms. McDonald is a non-employee director of the Company. The Committee determines the compensation for the non-employee Board members and the annual salary, bonuses and long-term incentive awards for the Company's Chief Executive Officer and other executive officers. The Committee also administers the Long-Term Incentive Plan and, subject to the provisions of such plan, determines grants under it for all employees and consultants, including executive officers. The Committee held four meetings during the Company's fiscal year ended December 31, 2002. At those meetings the Committee reviewed the Company's compensation practices, established compensation levels for the Company's senior executives and made awards of stock options and restricted stock grants to certain senior executives and other key employees of the Company and its subsidiaries.

Principles of Executive Compensation

The Company's executive compensation philosophy is designed to provide competitive levels of compensation that integrate pay with the Company's annual and long-term performance goals, reward above-average performance, recognize individual initiative and achievements, assist the Company in attracting and retaining talented executives and align the interests of executives with the long-term interests of the Company's stockholders. The Company believes that furtherance of these objectives is best accomplished by providing senior and other executives of the Company with compensation packages that consist of a combination of base salary, annual incentive bonus and long-term stock option and restricted stock grants. The Company's base salary component is designed to be comparable to median base salaries paid by other real estate companies and other service companies comparable in size to the Company. The Company emphasizes performance-related incentive compensation to reward the Company's executives for the creation of stockholder value. The Company believes that this balance reflects each executive's position, tenure, experience and ability to affect the Company's performance, and provides the executive with strong financial incentives to achieve key business and individual performance objectives.

The Company takes into account various qualitative and quantitative indicators of corporate and individual performance in determining the level of compensation for the senior executives (such as growth in earnings and the achievement of business unit objectives) and may vary its quantitative measures from employee to employee and from year to year. The Company also recognizes the

15

importance of individual achievements that may be difficult to quantify, and accordingly recognizes qualitative factors, such as demonstrated leadership and overall contributions to the Company.

The Company determines competitive levels of compensation for executive positions based on information drawn from compensation surveys and proxy statements for comparable organizations. In addition, the Committee has directly engaged a compensation consultant independent of management to, among other things, obtain and analyze compensation data from comparable organizations. The information obtained from the Committee's compensation consultant, compensation surveys and proxy statements relates to other real estate companies and other service companies comparable in size to the Company.

It should be noted that the value of any individual executive's compensation package will vary significantly based on performance. While the expected value of an executive's compensation package may be competitive, actual payments made to executives in a given year may be higher or lower than competitive market rates because of performance.

Description of the Executive Compensation Program

This section describes each of the principal elements of the Company's 2002 executive compensation program with specific reference to the objectives discussed above.

Base Salary

The Company believes that it is crucial to provide competitive salaries in order to attract and retain talented executive officers. The objective of the Company's base salary program is to provide executive officers with salaries that, in general, are at the market median. Base salaries for individual executives are set at levels considered appropriate in light of their position, level of responsibility within the Company, tenure and performance. Base salaries are reviewed annually by the Committee and adjusted based on evaluations of the executive's past and projected contributions to the Company and changes in competitive pay levels.

Annual Cash Bonus

The Company's annual cash bonus program assists the Company in rewarding and motivating key employees. Cash bonus awards for the Company's senior executives are targeted at levels which, when combined with the executive's base salary, provide the executive with annual cash compensation that is consistent with market rates. The Company's Chief Executive Officer was assigned a 2002 bonus target of 200% of his annual salary. As a percentage of salary, 2002 bonus targets for other senior executives ranged from 125% to 175%. While these amounts are established as bonus targets, the Committee has discretion to award senior executives bonus amounts that are less than or in excess of the bonus targets, depending on an assessment of the executive's performance.

Each fiscal year performance objectives are established for each senior executive, the executive's business unit and the Company as a whole. Following the end of the fiscal year, the executive's actual performance is measured against the performance objectives established for that year. Under the Company's current annual cash bonus program, the aggregate amount available for bonus payments to all senior executives

is determined by the level of the Company's earnings. The amount paid to each individual executive depends upon the extent to which his or her performance objectives are achieved for the relevant performance period and how that executive's performance compares to the performance of his or her peers at the Company.

The Committee reviews the specific objectives and standards under the Company's cash bonus program annually in order to ensure consistency with the Company's business strategy and prevailing market conditions.

Annual Equity Incentive Compensation

The Company believes that certain of its senior executives should have an ongoing stake in the long-term success of the Company's business. The Company also believes that these senior executives should have a sizeable portion of their total potential compensation based upon the performance of the Company's stock, since stock-related compensation is directly tied to enhanced stockholder value.

The Long-Term Incentive Plan authorizes the granting of incentive and nonqualified stock options, stock appreciation rights and restricted stock awards to executives and other key employees and consultants of the Company and its subsidiaries. To align the interests of senior executives with the interests of stockholders, the Committee's policy regarding such awards in 2002 and prior years was generally to grant non-qualified stock options. Under this stock option grant program, the Committee determined the levels of options to be granted to each of its executives based upon such executive's position, ability to affect Company performance, tenure and the achievement of performance objectives established for the executive and/or the executive's business unit. All options granted under the Long-Term Incentive Plan have had an exercise price equal to the fair market value of a share of Common Stock at the time of the grant. To encourage retention, the ability to exercise options granted under this plan is generally subject to vesting restrictions. The estimated value of stock option awards granted under the Long-Term Incentive Plan (currently computed using a variation of the Black Scholes option pricing model) in 2002 was generally targeted at a level that is consistent with market levels of annual equity incentive compensation.

Although the Committee has generally used stock option grants as the primary method of annual equity incentive compensation for Company executives, in March 2003 the Committee granted an aggregate of 1,398,000 restricted shares to a selected number of senior officers in order to encourage retention of such officers. These restricted shares vest over a period of five years, with 40% vesting on the second anniversary of the date of grant and 20% vesting on each of the third, fourth and fifth anniversaries of the date of grant. The Committee will review annually the size and form of equity incentives for senior executives to ensure that its equity incentive compensation program is consistent with the Company's business strategy and prevailing market conditions. Given the aggregate size of the 2003 restricted stock grants, the Committee expects that the aggregate number of annual options granted in 2003 and the aggregate number of shares subject to annual equity incentive awards in 2004, whether in the form of options or restricted stock, will diminish materially compared to the aggregate number of annual option grants made in 2002.

The compensation of executive officers is periodically reviewed to ensure an appropriate mix of base salary, annual incentive and long-term incentive to provide competitive total direct compensation opportunities consistent with the pay philosophy articulated above.

Chief Executive Officer Pay

The Committee reviews the compensation of the Chief Executive Officer, who is responsible for the strategic and financial performance of the Company, and the Committee's recommendation is subject to approval by the Board of Directors. Based on information available to the Committee, the Committee believes that the base salary and other compensation paid to Mr. Sulentic for his service as the Company's Chief Executive Officer in 2002 was consistent with compensation being paid to other chief executive officers of comparable companies. As noted before, Mr. Sulentic was assigned a 2002 bonus target of 200% of his annual salary. Given the level of the Company's 2002 earnings, the aggregate amount available for bonus payments to all senior executives, including the Chief Executive Officer, was not sufficient to generally allow payment of full bonus targets. After considering Mr. Sulentic's performance in 2002, the Committee awarded Mr. Sulentic a cash bonus of \$400,000. In establishing this bonus amount, the Committee considered the Company's profitability as well as the Company's success in reducing indebtedness and otherwise strengthening its balance sheet under

deteriorating market conditions, the Company's progress on customer service issues, the Company's continued progress on cost-cutting initiatives and other operational and strategic initiatives throughout 2002. In connection with Mr. Sulentic's assumption of the duties of Chairman of the Board in May 2002, the Committee awarded Mr. Sulentic 30,000 restricted shares of Common Stock, which vest in equal increments on each of the first three anniversaries of the date of grant. In March 2003, Mr. Sulentic received 100,000 shares of restricted stock as part of the grants described above under "Annual Equity Incentive Compensation."

\$1 Million Pay Deductibility Cap

Section 162(m) of the Code generally imposes a \$1 million per person annual limit on the amount the Company may deduct as compensation expense for its Chief Executive Officer and its four other highest paid officers. To the extent readily determinable, and as one of the factors in considering compensation matters, the Committee considers the anticipated tax treatment to the Company and to its executives of various payments and benefits. Some types of compensation payments and their deductibility (e.g., the spread on exercise of non-qualified options) depend upon the timing of an executive's vesting or exercise of previously granted rights. Further, interpretations of and changes in the tax laws and other factors beyond the Committee's control also affect the deductibility of compensation. For these and other reasons, the Committee will not necessarily limit executive compensation to that deductible under Section 162(m) of the Code. Therefore the Committee, subject to the factors provided above, has the discretion to grant awards which result in non-deductible compensation.

The Compensation Committee of the Board of Directors with respect to the 2002 calendar year was:

James R. Erwin, Chairman
Jeffrey M. Heller (through March 2002)
Rebecca A. McDonald (beginning March 2002)
Rowland T. Moriarty

The Company bought the common stock of RHI from ten current and former executive officers of the Company, including Messrs. Also in 2001, Mr. Stirek's father purchased for \$1,600,000 a 33% ownership interest in TC Meridian Tower L.P. ("TC Meridian"), a real estate project in Tulsa, Oklahoma, in which Fund IV has invested. This amount was repaid by December 31, 2002. The family of Michael J. Lafitte, an executive officer of the Company, owns less than 10% of the outstanding capital stock of Legacy Bank of Texas and Mr. Lafitte's brother is an officer of Legacy Bank. Michael Lafitte was not involved in procuring, negotiating or executing these development loans. In 2002, the Company paid to Legacy Bank fees in the amount of \$39,234 and aggregate interest payments in the amount of \$144,726 in connection with the development loans.

In connection with Mr. Sulentic replacing Mr. Williams as Chairman of the Board of Directors at the adjournment of the Company's Annual Meeting in 2002, the Company entered into a consulting agreement with Mr. Williams. The agreement terminates May 31, 2004. Pursuant to the consulting agreement, Mr. Williams is paid \$75,000 per year, plus reimbursement of out-of-pocket expenses, in exchange for certain consulting services provided to the Company in accordance with the terms of the agreement. The Company also expects to pay certain lease and utility costs with respect to up to 1,500 square feet of office space to be used by Mr. Williams for his personal and charitable use. The agreement provides that Mr. Williams' options continue to vest and become exercisable until the earlier of the time that he ceases to be a director of the Company or the expiration of the options.

Relocation Loan to Executive Officer

On July 1, 2001, and July 1, 2002, the Company made two loans to Mr. Stirek, each in the amount of \$125,000, relating to expenses incurred in connection with Mr. Stirek's relocation at the Company's request. The \$125,000 loan made on July 1, 2001, was forgiven on July 1, 2002. The \$125,000 loan made on July 1, 2002, which the Company had agreed in 2001 to make, is outstanding and will be forgiven on July 1, 2003, if Mr. Stirek is employed by the Company at that time.

3. Dividends are reinvested on the ex-dividend dates.

The companies that comprise the Company's Peer Group for purposes of stockholder return comparisons are as follows: Grubb & Ellis Company, Jones Lang LaSalle Incorporated and Insignia Financial Group, Inc. The same companies comprised the Company's Peer Group in the Company's 2002 Proxy Statement for purposes of stockholder return comparisons, except that CB Richard Ellis Services, Inc., which became a privately-held company in July 2001, was deleted from the Peer Group contained in the Company's 2002 Proxy Statement.

AUDIT COMMITTEE CHARTER

The Audit Committee is appointed by the Board on the recommendation of the Governance Committee and its purpose is to assist the Board in (A) its oversight of (1) the Company's accounting and financial reporting principles and policies and internal controls and procedures, including the internal audit function, (2) the integrity of the Company's financial statements, (3) the qualifications and independence of the Company's independent auditors and (4) the Company's compliance with legal and regulatory requirements, and (B) selecting, evaluating and, where deemed appropriate, replacing the Company's independent auditors (or nominating independent auditors to be proposed for stockholder approval in any proxy statement). In addition, the Audit Committee shall prepare the report required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement. Audit Committee members may be replaced by the Board.

The function of the Audit Committee is oversight. The management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is responsible for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for planning and carrying out a proper audit of the Company's annual financial statements, reviews of the Company's quarterly financial statements prior to the filing of each quarterly report on Form 10-Q, and other procedures. In fulfilling their responsibilities hereunder, it is recognized that members of the Audit Committee are not full-time employees of the Company and, although they meet the applicable membership requirements under the rules of the New York Stock Exchange, are not, and do not represent themselves to be, accountants or auditors by profession or experts in the fields of accounting or auditing including in respect of auditor independence. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards, and each member of the Audit Committee shall be entitled to rely on (i) the integrity of those persons and organizations within and outside the Company from which it receives information, (ii) the accuracy of the financial and other information provided to the Audit Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board) and (iii) representations made by management as to any information technology, internal audit and other non-audit services provided by the auditors to the Company.

The Audit Committee shall be comprised of at least three directors, all of whom shall satisfy the independence requirements of the rules of the New York Stock Exchange or any higher standard of independence imposed by applicable law or the rules of the Securities and Exchange Commission or the NASDAQ National Market, as such requirements are interpreted by the Board in its business judgment. In particular, the Chairperson of the Audit Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

The Audit Committee shall meet regularly, but not less frequently than quarterly, to discuss with management the annual audited and quarterly unaudited financial statements. The Audit Committee should also meet separately at least quarterly in executive sessions with management, the internal auditors and the independent auditors to discuss any matters that the Audit Committee or any of these persons or firms believe should be discussed privately. The Audit Committee may form and delegate authority to subcommittees when appropriate.

A-1

The Audit Committee shall have the sole authority to appoint or replace the independent auditors (subject, if applicable, to stockholder ratification) and shall approve all audit engagement fees and terms and all significant non-audit engagements of the independent auditors. The Audit Committee may request any officer or employee of the Company, the Company's outside counsel, independent auditors, investment bankers or financial analysts who follow the Company to attend a meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee. The Audit Committee shall have the authority to retain special legal, accounting or other consultants to advise the Audit Committee.

The Audit Committee shall make regular reports to the Board on the business conducted by the Committee.

The Audit Committee shall:

1. Review and reassess the adequacy of this Charter annually and recommend any proposed changes to the Board for approval.
2. Review the annual audited financial statements with management and the independent auditors, including major issues regarding accounting and auditing principles and practices as well as the adequacy of internal controls that could significantly affect the Company's financial statements, and recommend to the Board whether the audited financial statements should be included in the

10. independent audits carried out by the firm, (c) any steps taken to deal with any such issues, and (d) all relationships between the independent auditor and the Company.

11. Evaluate the qualifications, performance and independence of the independent auditor, including considering whether the auditor's quality controls are adequate and the provision of non-audit services is compatible with maintaining the auditor's independence, and taking into account the opinions of management and the internal auditor. The Audit Committee shall present its conclusions to the Board and, if so determined by the Audit Committee, recommend that the Board take additional action to satisfy itself of the qualifications, performance and independence of the auditor.
12. Consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the lead audit partner or even the independent auditing firm itself on a regular basis.
13. Review from time to time with management and/or recommend to the Board guidelines for the Company's hiring of employees of the independent auditor who were engaged on the Company's account.
