PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
To Be Held July 23, 2004

These proxy materials are furnished to you in connection with the solicitation of proxies by and on behalf of the Board of Directors of Universal Compression Holdings, Inc. (sometimes referred to as the "Company"), for use at the 2004 Annual Meeting of Stockholders of the Company. The meeting will be held at the Hilton Houston Westchase & Towers, 9999 Westheimer Road, Houston, Texas 77042, on Friday, July 23, 2004, at 9:00 a.m., local time. The proxies also may be voted at any adjournments or postponements of the meeting. We are first sending these proxy materials to our stockholders on or about June 24, 2004.

Only owners of record of issued and outstanding shares of our common stock at the close of business on June 14, 2004 are entitled to vote at the meeting, or at adjournments or postponements of the meeting. Each owner of record is entitled to one vote for each share of common stock held. On June 9, 2004, there were 31,388,197 shares of our common stock issued and outstanding. Each share of common stock issued and outstanding on June 14, 2004 entitles the holder thereof to one vote on all matters submitted for a vote of the stockholders at the meeting. The quorum requirement for holding the meeting and transacting business is met when a majority of the outstanding shares entitled to be voted at the annual meeting are present in person or represented by proxy. Both abstentions and "broker non-votes" are counted as present for the purpose of determining the presence of a quorum.

Whether you hold shares directly as the stockholder of record or in street name, you may vote without attending the meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. In most instances, you will be able to do this by mail, by telephone or over the internet. Please refer to the instructions on your proxy card or, for shares held in street name, the voting instruction card included by your broker or nominee. All properly executed written proxies, and all properly completed proxies submitted by telephone or by the internet, that are delivered pursuant to this solicitation will be voted at the meeting in accordance with the directions given in the proxy, unless the proxy is revoked prior to or at the meeting. You can revoke your proxy by giving written notice to our corporate secretary, delivering a later-dated proxy, using the telephone or internet voting procedures described in the enclosed proxy card or voting in person at the meeting.

You should specify your choice for each matter on the enclosed proxy card. If no instructions are given, proxies that are signed and returned will be voted FOR the election of all director nominees, FOR the proposal to amend our Incentive Stock Option Plan, FOR the proposal to amend our Restricted Stock Plan and FOR the proposal to ratify the appointment of Deloitte & Touche LLP as our independent auditors. Broker non-votes do not count as a vote for or against any proposal; however, an abstention counts as a vote against a proposal.

Other than the four proposals described in this Proxy Statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders on the proxy card will have discretion to vote your shares on any additional matters properly presented for a vote at the meeting. A representative of EquiServe, our transfer agent, will tabulate the votes and act as the inspector of elections. For questions about this Proxy Statement or the meeting, please contact D. Bradley Childers, our Senior Vice President, General Counsel and Secretary, at (713) 335-7000.

**PROPOSAL 1:
ELECTION OF DIRECTORS**

The Company's directors are divided into three classes, with each class serving for a period of three years. The terms of Thomas C. Case, Janet F. Clark and Uriel E. Dutton will expire at the 2004 Annual Meeting. Mr. Case, Ms. Clark and Mr. Dutton have been nominated to stand for election at the meeting to hold office until our 2007 Annual Meeting of Stockholders or until they are succeeded by qualified and elected directors. In voting on the election of the three director nominees to serve until our 2007 Annual Meeting, you may vote in favor of all nominees, withhold votes as to all nominees or withhold votes as to specific nominees. Stockholders may not cumulate their votes in the election of directors. Directors will be elected by a plurality, which means that the three nominees receiving the greatest number of votes will be elected. We have no reason to believe that any of these nominees will be unable or unwilling to serve if elected. However, if any nominee should become unable or unwilling to serve for any reason, proxies may be voted for another person nominated as a substitute by our Board of Directors, or the Board may reduce the number of directors.

Our Board of Directors recommends a vote FOR the election of Thomas C. Case, Janet F. Clark and Uriel E. Dutton as directors.

**INFORMATION ABOUT OUR CORPORATE GOVERNANCE AND
THE BOARD OF DIRECTORS AND ITS COMMITTEES**

Corporate Governance

Independence. Our Board of Directors has determined that all of our directors are independent directors within the meaning of the rules of the New York Stock Exchange (the "NYSE"), other than Mr. Snider and Mr. Danner, who are members of our management.

As described in "Certain Relationships and Related Transactions" below, Mr. Duroc-Danner, Ms. Rodriguez and Mr. Dutton are nominated to the Board in accordance with our contractual arrangements with Weatherford International Ltd., holder of 13,750,000 million shares, or approximately 44%, of our outstanding common stock. In determining that these directors are independent under the NYSE rules, the Board considered that Mr. Duroc-Danner and Ms. Rodriguez are executive officers of Weatherford, and that Mr. Dutton originally was selected as a nominee to our board by Weatherford, and concluded that none of these relationships is a "material relationship" with our company or one that otherwise impairs their independence from us or our management. In reaching this conclusion, the Board noted that these individuals are designated for nomination to our Board by Weatherford in its capacity as a significant stockholder and that Weatherford's rights arise as a result of agreements relating to its stock ownership, which the Board viewed as consistent with their role as independent directors. The Board further noted that none of these individuals has any relationships in his or her individual capacity with our company or our management. The Board also considered that our company and Weatherford engage in an immaterial amount of commercial transactions with each other in the ordinary course of business, as described in "Certain Relationships and Related Transactions" below, and concluded that these transactions do not impact the independence of Mr. Duroc-Danner, Ms. Rodriguez and Mr. Dutton. Further, the Board considered that the law firm with respect to which Mr. Dutton serves as Of Counsel provides legal services to Weatherford, but not to our company, and concluded that this relationship does not impact Mr. Dutton's independence from our company. Finally, the Board concluded that even though Mr. Duroc-Danner, Ms. Rodriguez and Mr. Dutton are independent directors for purposes of the NYSE rules, and, therefore, may serve on our Compensation Committee and our Nominating and Corporate Governance Committee, they are not eligible to serve on our Audit Committee under the rules of the Securities and Exchange Commission (the "SEC") and the NYSE governing audit committees as a result of their relationships with Weatherford.

REPORT OF THE COMPENSATION COMMITTEE

Compensation Policy

The goal of our compensation policy is to offer a cash and stock-based compensation package that attracts and retains executive officers and that aligns executive compensation with the interests of our stockholders. Our philosophy is to provide total compensation, consisting of a base salary and short and long term incentives, that is competitive with companies of similar size in the oilfield services sector, and includes annual bonus compensation potential that is based on a combination of corporate and individual performance. The Compensation Committee of the Board of Directors reviews our executive compensation programs annually to ensure these programs are competitive and reasonable.

Compensation Policy Components

Base Salary. Base salaries are competitive with those offered by companies of similar size in the oilfield services sector. Individual salaries, which are reviewed annually, are based on individual skills and performance and market comparisons.

Incentive Bonus. The Compensation Committee has adopted an Officers' Incentive Plan each year to provide each executive officer with the potential to earn a cash bonus expressed as a percentage of salary. The amount of each bonus paid to executive officers in fiscal year 2004 was determined by the Compensation Committee and based on the Fiscal Year 2004 Officers' Incentive Plan.

The Fiscal Year 2004 Officers' Incentive Plan provided for bonus payments based upon the attainment of Company financial and operating goals, as well as individual performance. Under the plan, an executive officer's bonus amount was first calculated based on an objective analysis of our financial and safety performance, with 90% of this amount based on financial performance and 10% based on safety performance. An individual performance multiplier was then applied to the calculation determined on the basis of financial and safety performance. The purpose of the multiplier was to provide differentiation for the officer's individual performance. The multiplier can range from 0 to 1.25 times a calculated award. The Compensation Committee has the discretion to award bonuses in excess of the targeted amount in the event the goals are exceeded.

Stock Option Grants. The use of stock options is considered to be an important incentive to our executive officers for working toward our long-term growth. We believe that stock options provide our executive officers with a benefit that will increase only to the extent that the value of the common stock increases. The number of options granted is based on the contribution of the executive officer, and the options granted are subject to vesting over a three year period and have exercise prices equal to the market value of our stock on the date of the grant. In respect of fiscal year 2004, our executive officers received grants representing 135,000 shares of common stock.

Restricted Stock Grants. We also utilize grants of restricted stock as long-term compensation for our executive officers. The Compensation Committee can exercise its discretion in determining the vesting schedule for restricted stock. In respect of fiscal year 2004, 57,000 shares of restricted stock were granted to six of our executive officers. Generally, common stock subject to the restricted stock grants vests 0% upon the first anniversary of the grant and 25% on each anniversary thereafter through the fifth anniversary.

Other Compensation Programs. Our 401(k) savings plan provides employees, including executive officers, the opportunity to defer up to 25% of their salary on a pre-tax basis through contributions to an account from which the employee may direct how the funds are invested. We match, with Company common stock, 50% of the first six percent of such employee contributions, with a maximum match of three percent of the employee's compensation. Employees vest in the Company's contribution over five years, based on length of employment. The common stock contributed by the Company to an employee's

matching contribution account cannot be sold except upon certain events, such as termination of employment or death. Company stock is not an investment option for employees.

Our Employees' Supplemental Savings Plan provides certain senior employees, including executive officers, the opportunity to defer up to 25% of their salary. In addition, participants can defer up to 100% of their bonuses. The Company matches 50% of the first six percent of compensation, excluding any bonus deferred. Prior to September 1, 2002, our matching contributions were in the form of cash. Since September 1, 2002, our matching contributions have been in the form of our common stock, which cannot be sold except upon certain events, such as termination of employment or death.

Fiscal Year 2004 Compensation for the President and Chief Executive Officer

In fiscal year 2004, Mr. Snider received a base salary of \$390,000. His targeted bonus potential was 100% of this base salary and the Compensation Committee awarded him \$550,000, or 141% of the targeted amount of \$390,000. Mr. Snider was granted options representing 35,000 shares of common stock and was granted 15,000 shares of restricted stock. In addition, the Company made matching contributions of 392 shares of common stock to Mr. Snider's 401(k) account and 429 shares of common stock to his account under the Supplemental Savings Plan.

Mr. Snider's compensation is determined using substantially the same criteria utilized to determine compensation for our other executive officers, as described earlier in this report. Mr. Snider's 2004 bonus amount was in recognition of the Company's performance in fiscal year 2004 and Mr. Snider's contributions to that performance. The increase in Mr. Snider's total compensation was intended to make his compensation more competitive with those of similarly situated officers in comparable companies in the oilfield services sector and to recognize his efforts to grow the Company's business and increase stockholder value. The number of stock options and shares of restricted stock granted to Mr. Snider were determined to be appropriate in recognition of Mr. Snider's achievements in increasing the value of the Company's common stock to date and to provide an incentive to increase the value of the Company's common stock in the future.

Compensation Deductions Limitations

Section 162(m) of the Internal Revenue Code, as amended, limits the deductibility of certain compensation expenses in excess of \$1,000,000 to any one individual in any fiscal year. Compensation that is "performance based" is excluded from this limitation. For compensation to be "performance based," it must meet certain criteria including certain predetermined objective standards approved by stockholders. We believe that maintaining the discretion to evaluate the performance of our management is an important part of our responsibilities and benefits the Company's stockholders. We intend to take into account the potential application of Section 162(m) on incentive compensation awards and other compensation decisions.

Summary

In making decisions regarding executive compensation, the Committee compares current compensation levels with those of other companies within the oilfield services sector that compare favorably to our company with regard to market capitalization and other financial indicators by which we have historically measured the Company's performance. The Committee uses its discretion to determine a total compensation package of base salary, short-term and long-term incentives that are competitive with this group of peer companies.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Arrangements and Transactions with Weatherford International

Registration Rights Agreement. Concurrently with our acquisition of Weatherford Global Compression Services, L.P. in February 2001, we entered into a registration rights agreement with WEUS Holding, Inc., a wholly owned subsidiary of Weatherford International, Inc. In connection with the June 2002 restructuring of Weatherford International, Inc., WEUS Holding's rights under the registration rights agreement were transferred to Weatherford International Ltd. In connection with the exercise by Weatherford of one of its demand registrations, in March 2004, the registration rights agreement was amended and restated. Under the agreement, Weatherford International Ltd. has the right, on up to three occasions, to cause us to register at our expense Weatherford International Ltd.'s shares of our common stock under the Securities Act at any time by providing a written demand to us, subject to certain minimum dollar values. The registration rights agreement also provides Weatherford International Ltd. with certain "piggyback" registration rights, or rights to require us, subject to certain limitations, to include its shares of our common stock in certain other registration statements that we may file. In February 2004, Weatherford provided written demand to the Company to register 7,000,000 of Weatherford's shares of our common stock. The Company filed a registration statement with the SEC in respect of these shares on April 1, 2004.

Board Representation. In connection with our acquisition of Weatherford Global, WEUS Holding was granted the right to designate three members to our Board of Directors for so long as it owns at least 20% of our outstanding common stock. One WEUS Holding nominee is a Class A director with a term of office expiring in 2004, the second WEUS Holding nominee is a Class B director with a term of office expiring in 2005, and the third WEUS Holding nominee is a Class C director with a term of office expiring in 2006. In connection with the June 26, 2002 restructuring of Weatherford International, Inc., WEUS Holding's right to designate members to our Board of Directors was transferred to Weatherford International Ltd. If Weatherford International Ltd.'s ownership of our common stock falls below 20%, Weatherford International Ltd. may designate only two directors, and if its ownership falls below 10%, it may no longer designate directors to our Board. Weatherford International Ltd.'s current designees to our Board of Directors, including through WEUS Holding's previous designations, are Mr. Dutton (Class A), Ms. Rodriguez (Class B) and Mr. Duroc-Danner (Class C). Mr. Dutton is serving a term that expires at our 2004 Annual Meeting of Stockholders. Our Board has recommended that Mr. Dutton stand for reelection as a director for the term expiring 2007.

Other Transactions. During fiscal year 2004, Weatherford International Ltd. or its affiliates purchased services, equipment and parts from us in the ordinary course of business for approximately \$222,000.

Registration Rights Agreement

In connection with our acquisition of Tidewater Compression in 1998, we entered into a registration rights agreement with Castle Harlan Partners III, L.P. and some of our other stockholders (including certain of our directors and officers). Under the registration rights agreement, these stockholders generally have the right to require us to register any or all of their shares of our common stock under the Securities Act, at our expense, subject to certain minimum dollar values. In addition, these stockholders are generally entitled to include, at our expense, their shares of our common stock covered by the registration rights agreement in any registration statement that we propose to file with respect to registration of our common stock under the Securities Act. We also agreed in this registration rights agreement to indemnify the stockholders against specified liabilities, including liabilities under the Securities Act.

Transactions with Tide-Air

In January 2000, we sold our standard products division, the primary business of which was the sale of air compressors, to Tide-Air, Inc. Tide-Air is owned by a group of investors that includes Mr. Danner, who owns 45% of Tide-Air's common stock. During fiscal year 2004, we purchased equipment from Tide Air in the ordinary course of business for approximately \$71,000.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

The Company has elected, as a policy matter, not to offer employment agreements to its executive officers. During fiscal year 2004, only one of our Named Officers, Mr. Richard Leong, had a termination of employment agreement with the Company. This termination agreement provides that Mr. Leong will receive one year of base salary as in effect at the time of termination and one year of medical benefits if he is involuntarily terminated by the Company without cause at any time during the three-year period that began December 1, 2001.

Certain of our executive officers are offered change of control agreements pursuant to which the executive officers may receive certain payments, including a lump sum payment of two years' compensation and continuation of our employee benefits for two years, in the event of termination upon a change of control in exchange for a two-year non-competition agreement. To date, Messrs. Snider, Danner, Anderson, Townsend and Childers have entered into change of control agreements with the Company. In addition, the Company has agreed that Stephen A. Snider, our President and Chief Executive Officer, and his spouse will be entitled to continue to participate, at our expense, in our medical benefit plan following his retirement so long as he remains an active employee of the Company until his retirement.

Includes 2,049,022, 18,327, 158,431, 200,000 and 14,023 shares available for issuance pursuant to our Incentive Stock Option Plan, Employees' Supplemental Savings Plan, Employee Stock Purchase Plan, Restricted Stock Plan and Directors' Stock Plan, respectively. These amounts do not include the stock options and shares of restricted stock granted by the Company in April 2004 as compensation in respect of fiscal year 2004. Including those stock options and shares of restricted stock, the amounts for each of the respective columns in the table would be (a) 2,853,015, (b) \$23.95 and (c) 1,968,803; and the amount in column (c) would include 1,635,022, 18,327, 158,431, 143,000 and 14,023 shares available for issuance pursuant to our Incentive Stock Option Plan, Employees' Supplemental Savings Plan, Employee Stock Purchase Plan, Restricted Stock Plan and Directors' Stock Plan, respectively.

PROPOSAL 2:
APPROVAL OF THE AMENDMENT TO THE INCENTIVE STOCK OPTION PLAN

The Board of Directors recommends that you vote FOR the approval of the amendment to the Incentive Stock Option Plan in this Proposal 2.

At the meeting, you will be asked to approve an amendment to our Incentive Stock Option Plan (the "ISO Plan") to increase by 1,000,000 the number of shares of our common stock available for grant under the ISO Plan from 5,012,421 shares to 6,012,421 shares and to delete a reference to the Company's former major stockholder, Castle Harlan Partners III, L.P.

In February 1998, we adopted the ISO Plan to advance the interests of the Company and to improve stockholder value by providing additional incentives to motivate and retain key employees. The ISO Plan was amended on April 20, 2000 and on May 15, 2000 to increase the number of shares subject to the plan, expand the eligible participants, revise the plan provisions addressing adjustment of options upon changes in our capitalization, and modify the provisions addressing exercise of options upon termination of employment, payment of option exercise price and certain other matters. The ISO Plan was further amended on November 27, 2000 to increase the number of shares subject to the plan to 3,012,421, and on August 15, 2002 to 5,012,421.

Of the total shares of common stock authorized for issuance under the ISO Plan, as of March 31, 2004, adjusted to take into account the options granted in April 2004 as compensation in respect of fiscal year 2004, options covering 3,377,399 shares of common stock have been awarded under the ISO Plan. Of the options awarded 2,853,015 shares of common stock, or approximately 8.3% of the Company's outstanding common stock, assuming all of the shares of common stock to be issued upon the exercise of such options were outstanding, remained to be issued upon exercise of the options. The outstanding

options have exercise prices ranging from \$6.73 to \$37.95 and expiration dates from February 20, 2008 to April 30, 2014. The closing price of the Company's common stock on the NYSE on June 1, 2004 was \$29.97 per share. Should the stockholders approve the proposed amendment to the ISO Plan, the total number of shares of our common stock available for future grants under the ISO Plan would be 2,635,022 shares, or approximately 8.4% of the Company's current outstanding common stock.

The ISO Plan authorizes us, through our Board of Directors or Compensation Committee, to grant stock options to our employees, consultants and directors. We have granted options to new employees we have gained through acquisitions, in the ordinary course of providing incentives to current employees and as inducements for the hiring of new employees. As a result, our reserve of shares of common stock available for issuance under the ISO Plan has been reduced. The additional 1,000,000 shares will allow us to continue our long-term incentive program. Generally, we expect to award stock options under the ISO Plan, shares of our restricted stock under the Restricted Stock Plan described in Proposal 3 in this Proxy Statement, or a combination of both, at levels and based upon criteria that are comparable to the levels and criteria used in connection with past grants under the ISO Plan.

The Board of Directors has found that stock options granted to employees have been highly effective in recruiting and retaining competent personnel. Our Board of Directors believes that our growth is dependent upon our ability to attract, employ and retain executives and employees of outstanding ability who will dedicate their maximum productive efforts toward the advancement of the Company. The growing competition among companies for capable managers makes it necessary for us to maintain a strong and competitive incentive program.

The following is a summary of the ISO Plan and is qualified in its entirety by the full text of the ISO Plan. Any stockholder may obtain a copy of the ISO Plan by writing to Universal Compression Holdings, Inc., 4444 Brittmoore Road, Houston, Texas 77041, Attention: Corporate Secretary.

Eligibility

Our employees, non-employee directors and consultants, including those of our subsidiaries, are eligible to be selected by our Board of Directors or Compensation Committee to receive options under the ISO Plan. Our Board of Directors or Compensation Committee, as administrator of the ISO Plan, determines, subject to the terms of the plan, the exercise prices, vesting schedules, expiration dates and other material conditions under which recipients may exercise their options.

Types of Stock Options

Options granted under the ISO Plan may be either options that are intended to qualify for treatment as "incentive stock options" under Section 422 of the Internal Revenue Code or options that are not so intended, which are "non-qualified stock options." The exercise price of options under the ISO Plan must be at least the fair market value of a share of our common stock on the date of grant, and not less than 110% of such fair market value in the case of an incentive stock option granted to a participant owning 10% or more of our common stock. The ISO Plan limits the number of shares covered by incentive stock options exercisable by an individual for the first time in a calendar year to an aggregate fair market value of \$100,000, as measured on the date of the grant. In addition, no one participant may be granted options to purchase more than 742,480 shares of our common stock in any calendar year.

Our Board of Directors or Compensation Committee may condition the exercise of any option upon any factors the Board of Directors or Compensation Committee may determine. No option granted under the ISO Plan is transferable by an optionee other than by will or by the laws of descent and distribution.

Termination of Awards

The term of an option may not exceed ten years (or five years in the case of an incentive stock option granted to a participant owning 10% or more of our common stock). In addition, an optionee who leaves our employment will generally have no more than 30 days to exercise an option to the extent exercisable, reduced to no days if employment is terminated for cause or voluntary resignation, and increased to three months if termination is due to death, disability or retirement after age 65.

Federal Income Tax Consequences

The following is a brief summary of federal income tax consequences of certain transactions under the ISO Plan, based on federal income tax laws and regulations currently in effect that are applicable to participants who are both citizens and residents of the United States. This summary is not intended to be exhaustive and does not describe tax consequences other than federal income taxes, such as foreign, state and local taxes and estate, inheritance or employment taxes. Additional or different federal income tax consequences to a participant or to us may result depending on individual circumstances and considerations not described below.

Incentive stock options. In general, a participant will not recognize taxable income upon the grant or the exercise of an incentive stock option. For purposes of the alternative minimum tax, however, the participant will be required to treat an amount equal to the difference between the fair market value of the common stock on the date of exercise over the exercise price as an item of adjustment in computing the participant's alternative minimum taxable income. If the participant does not dispose of the common stock received pursuant to the exercise of the incentive stock option within either (1) two years after the date of the grant of the incentive stock option or (2) one year after the date of exercise of the incentive stock option, a subsequent disposition of the common stock will generally result in long-term capital gain or loss to such individual with respect to the difference between the amount realized on the disposition and the exercise price. The Company will not be entitled to any income tax deduction as a result of such disposition. We also normally will not be entitled to take an income tax deduction at either the grant or the exercise of an incentive stock option. If the participant disposes of the common stock acquired upon exercise of the incentive stock option within either of the above-mentioned time periods, then in the year of such disposition, the participant generally will recognize ordinary income, and we generally will be entitled to an income tax deduction (provided we satisfy applicable federal income tax reporting requirements), in an amount equal to the lesser of (1) the excess of the fair market value of the common stock on the date of exercise over the exercise price or (2) the amount realized upon disposition over the exercise price. Any gain in excess of such amount recognized by the participant as ordinary income would be taxed to the individual as short-term or long-term capital gain (depending on the applicable holding period).

Non-qualified stock options. A participant will not recognize any taxable income upon the grant of a non-qualified stock option, and we will not be entitled to take an income tax deduction at the time of such grant. Upon the exercise of a non-qualified stock option, the participant generally will recognize ordinary income and we generally will be entitled to take an income tax deduction (provided we satisfy applicable federal income tax reporting requirements) in an amount equal to the excess of the fair market value of the common stock on the date of exercise over the exercise price. Upon a subsequent sale of the common stock by the participant, the participant will recognize short-term or long-term capital gain or loss (depending on the applicable holding period).

Adjustments

The number of shares of our common stock reserved for issuance under the ISO Plan will be adjusted automatically if there is any future change in our capitalization from a stock dividend or split and may be adjusted to reflect a change in our capitalization resulting from a merger, consolidation, acquisition,

separation (including a spin-off or spin-out), reorganization or liquidation. Our Board of Directors may amend, suspend or terminate the ISO Plan, as long as no amendment or termination adversely affects options previously granted.

The preceding summary does not discuss special rules that will apply to a participant who exercises an option by paying the exercise price, in whole or in part, by the transfer of our common stock.

If the proposed amendment is approved by our stockholders at the annual meeting, we expect to have sufficient shares of common stock available for issuance under the ISO Plan for the near term.

In voting on the approval of the amendment to our ISO Plan, you may vote in favor of the proposal, against the proposal or abstain from voting on the proposal. The amendment to our ISO Plan will be approved upon receiving the affirmative vote of the holders of a majority of or common stock present or represented by proxy and entitled to vote at the annual meeting.

**PROPOSAL 3:
APPROVAL OF THE AMENDMENT TO THE RESTRICTED STOCK PLAN**

The Board of Directors recommends that you vote FOR the approval of the amendment to the Restricted Stock Plan in this Proposal 3.

At the meeting, you will be asked to approve an amendment to our Restricted Stock Plan for Executive Officers (the "Restricted Stock Plan") to increase by 1,000,000 the number of shares of our common stock available for grant under the Restricted Stock Plan from 350,000 shares to 1,350,000 shares, to expand the group of employees eligible to receive grants under the Restricted Stock Plan and to make other conforming changes.

On April 20, 2001, the Board of Directors approved and adopted the Restricted Stock Plan, which provides for the granting of up to 350,000 shares of common stock to our executive officers. Of the total shares of common stock authorized for issuance under the Restricted Stock Plan, as of March 31, 2004, adjusted to take into account the shares of restricted stock granted in April 2004, as compensation in respect of fiscal year 2004, awards covering 207,000 shares of common stock have been granted under the Restricted Stock Plan. Of the awards granted, 127,000 shares of common stock, or approximately 0.4% of the Company's current outstanding common stock, remain subject to vesting requirements. Should the stockholders approve the proposed amendment of the Restricted Stock Plan, the total number of shares of our common stock available for future awards would be 1,143,000 shares, or approximately 3.6% of the Company's current outstanding common stock.

The amendment to the Restricted Stock Plan will enlarge the group of employees who are eligible to receive awards of stock granted under the Restricted Stock Plan to include all management employees and will increase the number of shares by 1,000,000 to allow us to continue our long-term incentive program and to recognize the increased pool of employees eligible to participate. The Company's stockholders are being asked to approve the amendment to the Restricted Stock Plan. The following summary of the Restricted Stock Plan, as amended, and is qualified in its entirety by the full text of the Restricted Stock Plan. Any stockholder may obtain a copy of the Restricted Stock Plan by writing to Universal Compression Holdings, Inc., 4444 Brittmoore Road, Houston, Texas 77041, Attention: Corporate Secretary.

Purposes

The purposes of the Restricted Stock Plan are to attract and retain for the Company and its affiliates the best available executive officers and other management employees, to provide additional incentive to our executive officers and other management employees, to increase their interest in the Company's welfare and to promote the success of the business of the Company and its affiliates.

Eligibility

Key employees selected to participate in the plan by the Compensation Committee are those executive officers or management employees whose performance and responsibilities are determined to be influential to our success.

Restricted Stock Awards

The Restricted Stock Plan contemplates that certain terms of the awards of restricted stock under the plan, including the number of shares granted, vesting schedules and forfeiture restrictions, will be specified in a restricted stock agreement between the Company and the individual key employee. Each individual restricted stock agreement will be subject to the Restricted Stock Plan, but the terms and conditions of the separate restricted stock agreements are not required to be identical and may vary. The Compensation Committee will determine the terms and conditions of the awards, including the vesting schedule and forfeiture restrictions for any awards under the Restricted Stock Plan, which will be specified in the restricted stock agreement with each participant.

Subject to the provisions of a particular restricted stock agreement, termination of employment for any reason during the vesting period will result in forfeiture of the unvested stock. Under the Restricted Stock Plan, participants have the right to vote the shares and receive any cash dividends payable on the shares during the vesting period. Unless provided otherwise in the applicable restricted stock agreement or a written employment agreement with the participant, the restricted shares will immediately vest on the occurrence of a change of control as defined in the Restricted Stock Plan, which includes certain tender offers, mergers, share exchanges, transfers of voting power or a sale of substantially all of our assets.

Federal Income Tax Consequences

The following is a brief summary of the effect of federal income taxation on the recipient and the Company under the Restricted Stock Plan, based on the Internal Revenue Code. This summary does not purport to be complete and does not discuss the income tax laws of any municipality, state or country outside the United States in which a restricted stock recipient may reside. A recipient will not recognize any taxable income at the time he or she is granted shares of restricted stock, until such time as the shares vest. At that time, the recipient will recognize ordinary income measured by the then fair market value of the vested shares. When the recipient sells the shares, any difference between the sales price and the fair market value at the time of vesting may be treated as capital gain (or loss). At the time of vesting, the Company will be entitled to a tax deduction in the amount of the ordinary income recognized by the recipient. A recipient may elect (within 30 days of the transfer of the shares) an alternative tax treatment under the Internal Revenue Code to cause the acceleration of income recognition to occur at the time of grant, which will also accelerate the timing of the Company's deduction and modify the recipient's resale treatment.

**PROPOSAL 4:
RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

The Board of Directors recommends that you vote FOR the ratification of the appointment of Deloitte & Touche LLP as our independent auditors as described in this Proposal 4.

The Audit Committee has appointed Deloitte & Touche LLP to serve as our independent auditors for the fiscal year ending March 31, 2005. Deloitte & Touche LLP has served as our independent auditors since 1998 when we were formed.

We have been advised by Deloitte & Touche LLP that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

One or more representatives of Deloitte & Touche LLP will be present at this year's annual meeting of stockholders. The representatives will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

In voting on the ratification of the appointment of Deloitte & Touche LLP as our independent auditors, you may vote in favor of the ratification, against the ratification or abstain from voting on the ratification. The ratification of the appointment of Deloitte & Touche LLP as our independent auditors will be approved upon receiving the affirmative vote of the holders of a majority of our common stock present or represented by proxy and entitled to vote at the annual meeting. If our stockholders do not ratify the appointment of Deloitte & Touche LLP, our Audit Committee may reconsider the appointment.

Audit and Other Fees

The following table presents fees for professional services rendered by our independent auditors, Deloitte& Touche LLP that were billed to us for fiscal years 2004 and 2003:

	2004	2003
	(In thousands)	
Audit fees(1)	\$ 674.5	\$ 509.7
Audit-related fees(2)	212.7	139.3
Tax fees(3)	443.2	736.6
All other fees		
Total fees:	\$ 1,330.4	\$ 1,385.6

- (1) Audit fees consist of professional services rendered for the audit of our annual financial statements and the reviews of the quarterly financial statements. This category also includes fees for issuance of comfort letters, consents, assistance with and review of documents filed with the SEC, statutory audit fees and work done by tax professionals in connection with the audit and quarterly reviews. Fees are presented in the period to which they relate versus the period in which they were billed. Fees for the year ended March 31, 2003 have been restated to conform to this presentation.
- (2) Audit-related fees primarily include fees for audits of our benefit plans, operating lease facilities and assistance with Section 404 internal control reporting requirements.
- (3) Tax fees include fees primarily related to tax compliance, tax advice and tax planning.

In considering the nature of the services provided by Deloitte & Touche LLP, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with the independent auditor and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Pre-Approval Policy

The services performed by the independent auditor in fiscal year 2004 were approved in advance by the Audit Committee. Any requests for audit, audit-related, tax and other services to be performed by Deloitte & Touche LLP must be submitted to the Audit Committee for pre-approval. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant pre-approval between meetings, as necessary, has been delegated to the Audit Committee Chair, or, in the absence or unavailability of the Chair, one of the other two members. Any such pre-approval must be reviewed at the next regularly scheduled Audit Committee meeting.

REPORT OF THE AUDIT COMMITTEE

In connection with the fiscal year 2004 audit, the Audit Committee:

reviewed and discussed with management the Company's audited financial statements for the fiscal year ended March 31, 2004;

discussed with Deloitte & Touche LLP, the Company's independent auditors, the matters required to be discussed by Statement of Accounting Standards No. 61, as modified or supplemented;

received from and discussed with Deloitte & Touche LLP the written disclosures and letter from the independent accountants required by Independence Standards Board Standard No. 1, as modified or supplemented, regarding their independence; and

discussed with Deloitte & Touche LLP their independence and considered whether the provision of non-audit services provided by Deloitte & Touche LLP for the Company is compatible with maintaining their independence.

Based on the review and the discussions described in the preceding bullet points, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended March 31, 2004 be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2004 for filing with the SEC. The Audit Committee also appointed Deloitte & Touche LLP as the Company's independent auditors for the Company's 2005 fiscal year.

The Company's management is responsible for the Company's internal controls, financial reporting process, internal audit process and the preparation of the Company's financial statements in accordance with generally accepted accounting principles in the United States. Deloitte & Touche LLP is responsible for auditing the financial statements in accordance with auditing standards generally accepted in the United States. The Audit Committee monitors and oversees these processes and procedures but does not conduct auditing or accounting reviews.
