(São Paulo, Brazil □ October 29, 2006) □ The management of Telecomunicações de São Paulo S/A □ TELESP (NYSE: TSP; BOVESPA: TLPP), in accordance with CVM Instruction # 358 dated as of January 03, 2002, informs that on October 29, 2006 it signed a Private Contract of Agreement for Convergence, Sale and Purchase of Businesses, Assets, Shares and other Interests (Instrumento Particular de Acordo de Covernência, Compra e Venda de Negócios, Ativos, Ações e Outras Avenças □ the □Contract□) with Abril Comunicações S.A., TVA Sistema de Televisão S.A. and the companies Comercial Cabo TV São Paulo Ltda., TVA Sul Paraná Ltda. and TVA Brasil Radioenlaces Ltda. (□Abril□). The Contract aims for the convergence of the offer of telephony, broadband and paid TV services (□triple play□) to increase the coverage for the increasing demand of users of those services. The operation seeks to join the expertise of the Abril Group in the production and distribution of contents and media and the expertise of the Telefónica Group in the telecommunications segment.

For that purpose and according to the terms of the Contract, Telesp and Abril will join their efforts through the formalization of several commercial and operating contractual relationships. After the implementation of a corporate restructuring involving Tevecap S.A. and its aforementioned subsidiaries, holders of the licenses and assets related to the rendering of the services of Multichannel Multipoint Distribution Service (MMDS), Cable TV and Multimedia Communication (SCM) for broadband, Telesp will purchase shares representative of the 100% of the capital stock of a company that, on the Date of Closing established on the Contract will have: (i) directly, 100% of shares representative of the company that renders MMDS and broadband within and outside the state of São Paulo; (ii) indirectly, 100% of the preferred shares, as well as a fraction of the common shares, within the limits established by the current legislation and regulation, of a company that renders cable TV services outside the state of São Paulo and (iii) indirectly, 100% of the preferred shares, as well as a fraction of the common shares, within the limits established by the current legislation and regulation, of the capital stock of a company that renders cable TV services within the state of São Paulo.

Telesp understands that its joint action with Abril as established in the Contract will enable Telesp to increase the fulfillment of the universalization targets and the increase, by both Groups, of the telecommunication services rendered to their clients, uniting the capacity and knowledge of Telesp in providing voice and data transmission services with the experience of Abril in the market of producing journalistic and audiovisual content, resulting in a joint and synergetic offer of quality services.

The execution of the purchase of corporate stakes and the subsequent transfer of shares, specially the acquisition of control of the company holder of the MMDS license, are conditioned to the previous approval of Anatel, as well as the compliance with the other suspension conditions established in the Contract. CADE must also evaluate the transaction under the commercial point of view.

Edgar Filing: TELESP HOLDING CO - Form 6-K

Telesp also informs that, in accordance with the established in paragraph 1 of article 256 of the Law #6404/76, it will call for an extraordinary General Shareholders' Meeting to approve the signing of the Contract, after the execution of the aforementioned terms.
