NOTE TO SCHEDULE OF PORTFOLIO INVESTMENTS (UNAUDITED):

SECURITY VALUATION

Edgar Filing: FOXBY CORP. - Form N-Q

Securities traded on a national securities exchange are valued at the last reported sales price on the day the valuations are made. Securities traded primarily on the NASDAQ Stock Market ("NASDAQ") are normally valued by the Fund at the NASDAQ Official Closing Price ("NOCP") provided by NASDAQ each business day. The NOCP is the most recently reported price as of 4:00:02 p.m., Eastern time, unless that price is outside the range of the "inside" bid and asked prices (i.e., the bid and asked prices that dealers quote to each other when trading for their own accounts); in that case, NASDAQ will adjust the price to equal the inside bid or asked price, whichever is closer. Because of delays in reporting trades, the NOCP may not be based on the price of the last trade to occur before the market closes. Such securities that are not traded on a particular day, securities traded in the over-the-counter market that are not on NASDAQ, and foreign securities are valued at the mean between the current bid and asked prices. Certain of the securities in which the Fund invests are priced through pricing services that may utilize a matrix pricing system which takes into consideration factors such as yields, prices, maturities, call features, and ratings on comparable securities. Bonds may be valued according to prices quoted by a dealer in bonds that offers pricing services. Debt obligations with remaining maturities of 60 days or less are valued at cost adjusted for amortization of premiums and accretion of discounts. Securities for which quotations are not readily available or reliable and other assets may be valued as determined in good faith under the direction of and pursuant to procedures established by the Fund's Board of Directors.

SECURITY TRANSACTIONS

The cost of investments for federal income tax purposes is \$7,504,350 and net unrealized appreciation is \$623,668, comprised of aggregate gross unrealized appreciation and depreciation of \$1,372,250 and \$748,582, respectively.

ILLIQUID AND RESTRICTED SECURITIES

The Fund owns securities which have a limited trading market and/or certain restrictions on trading and, therefore, may be illiquid and/or restricted. Such securities have been valued at fair value in accordance with the procedures described above. Due to the uncertainty of valuation, these values may differ from the values that would have been used had a ready market for these securities existed and these differences could be material. Illiquid and/or restricted securities owned at March 31, 2007, were as follows:

SECURITY	ACQUISITION DATE	COST
GPJ Acquisition Co. Ltd. *	3/9/07	\$ 320,169
