Continues Earnings Growth

Catskill, N.Y. -- (BUSINESS WIRE) - February 3, 2005-- Greene County Bancorp, Inc. (the Company) (NASDAQ: GCBC), the holding company for The Bank of Greene County (the Bank), today reported net income for the six months and quarter ended December 31, 2004. Net income for the six months ended December 31, 2004 amounted to \$1.6 million, or \$0.78 per basic and \$0.76 per diluted share as compared to \$1.4 million, or \$0.72 per basic and \$0.70 per diluted share for the six months ended December 31, 2003, an increase of \$0.2 million, or 14.3%. Net income for the quarter ended December 31, 2004 amounted to \$804,000, or \$0.39 per basic and \$0.38 per diluted share as compared to \$754,000, or \$0.38 per basic and \$0.37 per diluted share for the quarter ended December 31, 2003, an increase of \$50,000, or 6.6%. Improvement in net interest income driven by improved net interest margin and spread as well as higher noninterest income partially generated from fees from debit cards and the Investors Marketplace services contributed to the overall increase in net income. Increases in noninterest expenses such as salary and other employee benefits partially offset these improvements when comparing the six months and quarters ended December 31, 2004 and 2003.

Net interest income increased to \$5.4 million for the six months ended December 31, 2004 as compared to \$4.9 million for the six months ended December 31, 2003, an increase of \$0.5 million or 10.2%. Net interest income increased to \$2.7 million for the quarter ended December 31, 2004 as compared to \$2.5 million for the quarter ended December 31, 2003, an increase of \$0.2 million or 8.0%. This growth in net interest income was the result of improved net interest spread and net interest margin when comparing the six months and quarters ended December 31, 2004 and 2003. Net interest spread increased 23 basis points to 4.01% for the six months ended December 31, 2004 from 3.78% for the six months ended December 31, 2003, and eight basis points to 3.95% for the quarter ended December 31, 2004 as compared to 3.87% for the quarter ended December 31, 2003. Net interest margin increased 19 basis points to 4.07% for the six months ended December 31, 2004 from 3.88% for the six months ended December 31, 2003, and 7 basis points to 4.03% for the quarter ended December 31, 2004 as compared to 3.96% for the quarter ended December 31, 2003. Growth in interest earning assets and slight improvement in the yield on such assets as well as declines in rates paid on deposits and borrowings contributed to the improvement when comparing the six months and quarters ended December 31, 2004 and 2003.

The provision for loan loss for the six months ended December 31, 2004 and 2003 amounted to \$70,500 and \$45,000, respectively, The provision for loan loss for the quarter ended December 31, 2004 amounted to \$27,000 and zero for the quarter ended December 31, 2003. The levels of provisions for loan loss were affected by loan growth, and strong asset quality. Also, included in the provision of the six months and quarter ended December 31, 2004 were charge-offs associated with the overdraft protection program which previously were included in other noninterest expense.

Noninterest income amounted to \$1.4 million and \$1.3 million, for the six months ended December 31, 2004 and 2003, respectively, an increase of \$0.1 million, or 7.7%. Noninterest income amounted to \$706,000 and \$649,000 for the quarters ended December 31, 2004 and 2003, respectively, an increase of \$57,000 or 8.8%. Noninterest income associated with service charges increased as a result of growth in the number of accounts. Fees associated with debit cards continue to grow as customers continue to increase their use of these cards. The Company has had success in its new investment services business offered through Investors Marketplace which has helped offset a decline in the recognition of fees associated with mortgage refinancing activities. Gains on sale of other real estate owned amounted to \$19,500 for the six months and quarter ended December 31, 2004 as compared to \$1,500 for the six months and quarter ended December 31, 2003.

Noninterest expense amounted to \$4.5 million, and \$4.1 million for the six months ended December 31, 2004 and 2003, respectively, an increase of \$0.4 million, or 9.8%. Noninterest expense amounted to \$2.3 million, and \$2.1

million for the quarters ended December 31, 2004 and 2003, respectively, an increase of \$0.2 million or 9.5%. The most significant items contributing to the overall increases in noninterest expense were higher salary and employee benefits. Additional staffing, including marketing and information technology staff contributed to the higher expense. Increases in expenses such as servicing and data processing, office supplies and equipment and furniture have been largely driven by more customers and additional staff.

The effective tax rate decreased to 28.7% for the six months and quarter ended December 31, 2004, compared to 30.8% for the six months and 29.2% for the quarter ended December 31, 2003. A major reason for the changes in effective rates was the increase in the percentage of income that municipal securities and other tax free investments contributed to total income during the quarter and six-month periods as well as tax benefits received for various stock based compensation plans.

Total assets of the Company were \$287.4 million at December 31, 2004, as compared to \$284.6 million at June 30, 2004, an increase of \$2.8 million or 1.0%. Loan growth amounted to \$5.7 million, or 3.8% to \$156.2 million at December 31, 2004 as compared to \$150.5 million at June 30, 2004. The loan growth was offset by decreases in investments and cash. Investments decreased \$2.4 million or, 2.3% to \$102.4 million at December 31, 2004 as compared to \$104.8 million at June 30, 2004. The investment portfolio shifted from US agencies and corporate securities which decreased \$5.1 million and \$2.7 million, respectively, and toward state and political subdivision securities and mortgage-backed securities which increased \$3.0 million and \$2.4 million, respectively. Cash declined by \$0.9 million, or 4.2% to \$20.5 million at December 31, 2004 as compared to \$21.4 million at June 30, 2004. Deposits grew \$3.6 million, or 1.5% to \$247.3 million at December 31, 2004 as compared to \$243.7 million at June 30, 2004. Deposit growth was offset by a decline in borrowings of \$2.5 million between June 30 and December 31, 2004.

Shareholders' equity amounted to \$31.7 million at December 31, 2004 as compared to \$29.8 million at June 30, 2004, an increase of \$1.9 million. Net income contributed \$1.6 million to retained earnings, which was partially offset by a dividend payment of approximately \$382,000 during the six months ended December 31, 2004. Comprehensive income shifted from an unrealized loss position of \$183,000 at June 30, 2004 to an unrealized gain position of \$258,000 at December 31, 2004, as a result of the interest rate environment.

Headquartered in Catskill, New York, the Company provides full-service community-based banking in its six branch offices located in Catskill, Cairo, Coxsackie, Greenville, Tannersville, and Westerlo and lending services from a loan origination office opened in January 2005 in the city of Hudson in Columbia County, New York. Customers are offered 24-hour services through ATM network systems, an automated telephone banking system and Internet Banking through its web site at <http://www.thebankofgreenecounty.com>.
