Barings Participation Investors c/o Barings LLC 1500 Main Street, Suite 2200 Springfield, Massachusetts 01115 (413) 226-1516

Investment Objective and Policy

Barings Participation Investors (the "Trust") is a closed-end management investment company, first offered to the public in 1988, whose shares are traded on the New York Stock Exchange under the trading symbol "MPV". The Trust's share price can be found in the financial section of most newspapers under either the New York Stock Exchange listings or Closed-End Fund Listings.

The Trust's investment objective is to maximize total return by providing a high level of current income, the potential for growth of income, and capital appreciation. The Trust's principal investments are privately placed, below-investment grade, long-term debt obligations purchased directly from their issuers, which tend to be smaller companies. The Trust will also invest in publicly traded debt securities (including high yield securities) again with an emphasis on those with equity features, and in convertible preferred stocks and, subject to certain limitations, readily marketable equity securities. Below-investment grade or high yield securities have predominantly speculative characteristics with respect to the capacity of the issuer to pay interest and repay principal. The Trust is prohibited from purchasing below-investment grade securities if, after giving effect to the purchase, more than 75% of the Trust's total assets would be invested in below-investment grade securities, which are securities that are rated, at the time of purchase, BB or B by S&P or Ba or B by Moody's, or, if unrated, are believed by Barings LLC ("Barings") to be of an equivalent quality. In addition, the Trust will not invest in any debt security that is rated, at the time of acquisition, below B by S&P or Moody's, or if unrated, is believed by Barings to be of an equivalent quality. In addition, the Trust

may invest in high quality, readily marketable securities.

Barings manages the Trust on a total return basis. The Trust distributes substantially all of its net income to shareholders each year. Accordingly, the Trust pays dividends to shareholders in January, May, August, and November. All registered shareholders are automatically enrolled in the Dividend Reinvestment and Cash Purchase Plan unless cash distributions are requested.

Form N-Q

The Trust files its complete schedule of portfolio holdings with the U.S. Securities and Exchange Commission ("SEC") for the first and third quarters of each fiscal year on Form N-Q. This information is available (i) on the SEC's website at http://www.sec.gov; and (ii) at

the SEC's Public Reference Room in Washington, DC (which information on their operation may be obtained by calling 1-800-SEC-0330). A complete schedule of portfolio holdings as of each quarter-end is available upon request by calling, toll-free, 866-399-1516.

Proxy Voting Policies & Procedures; Proxy Voting Record

The Trustees of the Trust have delegated proxy voting responsibilities relating to the voting of securities held by the Trust to Barings. A description of Barings' proxy voting policies and procedures is available (i) without charge, upon request, by calling, toll-free 866-399-1516; (ii) on the Trust's website: www.barings.com/mpv; and (iii) on the SEC's website at http://www.sec.gov. Information regarding how the Trust voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available (i) on the Trust's website: www.barings.com/mpv; and (ii) on the SEC's website at http://www.sec.gov.

Legal Matters

The Trust has entered into contractual arrangements with an investment adviser, transfer agent and custodian (collectively "service providers") who each provide services to the Trust. Shareholders are not parties to, or intended beneficiaries of, these contractual arrangements, and these contractual arrangements are not intended to create any shareholder right to enforce them against the service providers or to seek any remedy under them against the service providers, either directly or on behalf of the Trust.

Under the Trust's Bylaws, any claims asserted against or on behalf of the Trust, including claims against Trustees and officers must be brought in courts located within the Commonwealth of Massachusetts.

The Trust's registration statement and this shareholder report are not contracts between the Trust and its shareholders and do not give rise to any contractual rights or obligations or any shareholder rights other than any rights conferred explicitly by federal or state securities laws that may not be waived.

Barings Participation Investors

TO OUR SHAREHOLDERS July 31, 2017

We are pleased to present the June 30, 2017 Quarterly Report of Barings Participation Investors (the "Trust").

The Board of Trustees declared a quarterly dividend of \$0.27 per share, payable on August 11, 2017 to shareholders of record on August 1, 2017. The Trust paid a \$0.27 per share dividend for the preceding quarter. The Trust earned \$0.29 per share of net investment income, including \$0.02 per share of non-recurring income for the second quarter of 2017, compared to \$0.29 per share, including \$0.04 per share of non-recurring income, in the previous quarter.

During the second quarter, the net assets of the Trust increased to \$145,538,123 or \$13.96 per share compared to \$141,119,693 or \$13.56 per share on March 31, 2017. This translates into a 5.0% total return for the quarter, based on the change in the Trust's net assets assuming the reinvestment of all dividends. Longer term, the Trust returned 12.3%, 9.5%, 11.7%, 9.8% and 12.4% for the 1, 3, 5, 10, and 25-year periods, respectively, based on the change in the Trust's net assets assuming the reinvestment of all dividends.

The Trust's share price decreased 1.1% during the quarter, from \$14.10 per share as of March 31, 2017 to \$13.95 per share as of June 30, 2017. The Trust's market price of \$13.95 per share equates to a 0.1% discount to the June 30, 2017 net asset value per share of \$13.96. The Trust's average quarter-end premium for the 3, 5 and 10-year periods was 0.86%, 6.59% and 6.90%, respectively. U.S. equity markets, as approximated by the Russell 2000 Index, increased 2.5% for the quarter. U.S. fixed income markets, as approximated by the Barclays Capital U.S. Corporate High Yield Index, increased 2.2% for the quarter.

The Trust closed three new private placement investments during the second quarter. The three new investments were in BEI Precision Systems & Space Company, Inc., English Color & Supply LLC and Whitebridge Pet Brands Holdings, LLC. A brief description of these investments can be found in the Consolidated Schedule of Investments. The total amount invested by the Trust in these transactions was \$5,079,000.

Middle market transaction activity continued to be below expectations in the second quarter. While overall middle market loan volume increased 2% compared to the first quarter of 2017 and 7% compared to the comparable quarter in 2016, the increase was primarily driven by refinancing activity as new money volume (an indicator of M&A activity) was down 5% from the first quarter. More importantly, it was the larger end of the middle market that posted the quarter-over-quarter and year-over-year growth. Lending activity in the "traditional middle market", the primary market segment in which the Trust invests, was down 13% compared to the first quarter of 2017 and 20% lower than the comparable quarter of 2016 (source: Thomson Reuters LPC Middle Market Weekly – July 14, 2017). Exacerbating the low M&A activity is the continuation of hyper-competitive market conditions driven by the increasing abundance of debt capital available to borrowers. While deal flow remains stable and we continue to actively pursue new investment opportunities on behalf of the Trust, we do so cautiously in order to generate attractive investment returns without taking inappropriate levels of risk, a strategy that has served us well over the years.

The Trust's remaining portfolio remains in good condition with the number of companies on our watch list and/or in default remaining stable and at acceptable levels. Furthermore, the majority of the underlying companies in the portfolio generally demonstrated stable to improving financial performance during the quarter. Five private companies in which the Trust had outstanding investments were sold during the quarter resulting in favorable outcomes. In addition, three companies prepaid a portion or all of their subordinated debt held by the Trust. At quarter-end there were eleven companies in which the Trust had outstanding investments which were in an active sale process. We

would expect these companies to be sold over the next few quarters.

The Trust was able to maintain its \$0.27 per share quarterly dividend in the first quarter. While the portion of the Trust's portfolio made up of interest bearing securities continues to increase, it remained necessary to supplement recurring investment income with \$0.01 per share of earnings carry forward in order to maintain the \$0.27 per share dividend. While it has steadily improved over the past few quarters, recurring investment income alone has not been sufficient, and may not be sufficient in the near term, to fully fund the current dividend rate. Net investment income has been below the dividend rate since 2013 principally due to the considerable reduction in the number of private debt securities

in the portfolio resulting from the high level of exits and prepayment activity that occurred from 2013 through 2015,

(Continued)

combined with generally lower investment returns available due to market and competitive dynamics over the past several quarters we have made good progress in growing recurring investment income over the past several quarters, as many of the investments exited by the Trust in privately held companies were in non-interest bearing securities, while the majority of the Trust's new investments in privately held companies have been in interest bearing debt securities. However, the Trust's recurring investment income remained below the dividend rate and may continue to require supplementation from non-recurring income in the near term. The level of expected recurring investment income generated by the Trust in 2017, combined with the availability of earnings carry forwards and other non-recurring income, is expected to be sufficient to maintain the current dividend rate over the next several quarters. However, until recurring investment income consistently reaches a level equal to the current dividend rate, there is the risk that the dividend may need to be reduced in the future.

Thank you for your continued interest in and support of Barings Participation Investors.

Sincerely,

Robert M. Shettle

President

Portfolio Composition as of 6/30/2017*

(a)Calculated using average shares.

(b)Rounds to less than \$0.01 per share.

(c)Net asset value return represents portfolio returns based on change in the Trust's net asset value assuming the reinvestment of all dividends and distributions which differs from the total investment return based on the Trust's

market value due to the difference between the Trust's net asset value and the market value of its shares outstanding; past performance is no guarantee of future results.

As additional information, this ratio is included to reflect the taxes paid on retained long-term gains. These taxes (d)paid are netted against realized capital gains in the Statement of Operations. The taxes paid are treated as deemed distributions and a credit for the taxes paid is passed on to shareholders.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS June 30, 2017 (Unaudited)

1. History

Barings Participation Investors (the "Trust") was organized as a Massachusetts business trust under the laws of the Commonwealth of Massachusetts pursuant to a Declaration of Trust dated April 7, 1988. In order to clarify the Trust's relationship to Barings LLC, as of September 12, 2016, the Trust's name was changed to replace "Babson Capital Participation Investors" with "Barings Participation Investors".

The Trust is a diversified closed-end management investment company. Barings LLC ("Barings"), a wholly-owned indirect subsidiary of Massachusetts Mutual Life Insurance Company ("MassMutual"), acts as its investment adviser. The Trust's investment objective is to maximize total return by providing a high level of current income, the potential for growth of income, and capital appreciation. The Trust's principal investments are privately placed, below-investment grade, long-term debt obligations purchased directly from their issuers, which tend to be smaller companies. The Trust will also invest in publicly traded debt securities (including high yield securities), and in convertible preferred stocks and, subject to certain limitations, readily marketable equity securities. Below-investment grade or high yield securities have predominantly speculative characteristics with respect to the capacity of the issuer to pay interest and repay capital. In addition, the Trust may invest in high quality, readily marketable securities.

On January 27, 1998, the Board of Trustees authorized the formation of a wholly-owned subsidiary of the Trust ("PI Subsidiary Trust") for the purpose of holding certain investments. The results of the PI Subsidiary Trust are consolidated in the accompanying financial statements. Footnote 2.D below discusses the Federal tax consequences of the PI Subsidiary Trust.

2. Significant Accounting Policies

The following is a summary of significant accounting policies followed consistently by the Trust in the preparation of its consolidated financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The Trustees have determined that the Trust is an investment company in accordance with Accounting Standards Codification ("ASC") 946, Financial Services—Investment Companies, for the purpose of financial reporting.

A. Fair Value Measurements:

Under U.S. GAAP, fair value represents the price that should be received to sell an asset (exit price) in an orderly transaction between willing market participants at the measurement date.

Determination of Fair Value

The determination of the fair value of the Trust's investments is the responsibility of the Trust's Board of Trustees (the "Trustees"). The Trustees have adopted procedures for the valuation of the Trust's securities and has delegated responsibility for applying those procedures to Barings. Barings has established a Pricing Committee which is responsible for setting the guidelines used in following the procedures adopted by the Trustees ensuring that those guidelines are being followed. Barings considers all relevant factors that are reasonably available, through either public information or information available to Barings, when determining the fair value of a security. The Trustees meet at least once each quarter to approve the value of the Trust's portfolio securities as of the close of business on the last business day of the preceding quarter. This valuation requires the approval of a majority of the Trustees of the

Trust, including a majority of the Trustees who are not interested persons of the Trust or of Barings. In approving valuations, the Trustees will consider reports by Barings analyzing each portfolio security in accordance with the procedures and guidelines referred to above, which include the relevant factors referred to below. Barings has agreed to provide such reports to the Trust at least quarterly. The consolidated financial statements include private placement restricted securities valued at \$100,802,259 (69.26% of net assets) as of June 30, 2017 whose values have been estimated by the Trustees based on the process described above in the absence of readily ascertainable market values. Due to the inherent uncertainty of valuation, those estimated values may differ significantly from the values that would have been used had a ready market for the securities existed, and the differences could be material.

Following is a description of valuation methodologies used for assets recorded at fair value:

Corporate Public Securities - Bank Loans, Corporate Bonds, Preferred Stocks and Common Stocks

The Trust uses external independent third-party pricing services to determine the fair values of its Corporate Public Securities. At June 30, 2017, 100% of the carrying value of these investments was from external pricing services. In the event that the primary pricing service does not provide a price, the Trust utilizes the pricing provided by a secondary pricing service.

Public debt securities generally trade in the over-the-counter market rather than on a securities exchange. The Trust's pricing services use multiple valuation techniques to determine fair value. In instances where significant market activity exists, the pricing services may utilize a market based approach through which quotes from market makers are used to determine fair value. In instances where significant market activity may not exist or is limited, the pricing services also utilize proprietary valuation models which may consider market characteristics such as benchmark yield curves, option adjusted spreads, credit spreads, estimated default rates, coupon rates, anticipated timing of principal underlying prepayments, collateral, and other unique security features in order to estimate the relevant cash flows, which are then discounted to calculate the fair value.

Barings Participation Investors NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) June 30, 2017 (Unaudited)

The Trust's investments in bank loans are normally valued at the bid quotation obtained from dealers in loans by an independent pricing service in accordance with the Trust's valuation policies and procedures approved by the Trustees.

Public equity securities listed on an exchange or on the NASDAQ National Market System are valued at the last quoted sales price of that day.

Annually, Barings conducts reviews of the primary pricing vendors to validate that the inputs used in that vendors' pricing process are deemed to be market observable as defined in the standard. While Barings is not provided access to proprietary models of the vendors, the reviews have included on-site walk-throughs of the pricing process, methodologies and control procedures for each asset class and level for which prices are provided. The review also includes an examination of the underlying inputs and assumptions for a sample of individual securities across asset classes, credit rating levels and various durations, a process Barings continues to perform annually. In addition, the pricing vendors have an established challenge process in place for all security valuations, which facilitates identification and resolution of prices that fall outside expected ranges. Barings believes that the prices received from the pricing vendors are representative of prices that would be received to sell the assets at the measurement date (exit prices) and are classified appropriately in the hierarchy.

Corporate Restricted Securities - Corporate Bonds

The fair value of certain notes is determined using an internal model that discounts the anticipated cash flows of those notes using a specific discount rate. Changes to that discount rate are driven by changes in general interest rates, probabilities of default and credit adjustments. The discount rate used within the models to discount the future anticipated cash flows is considered a significant unobservable input. Significant increases/(decreases) in the discount rate would result in a significant (decrease)/increase to the notes' fair value.

The fair value of certain distressed notes is based on an enterprise waterfall methodology which is discussed in the equity security valuation section below.

Corporate Restricted Securities - Common Stock, Preferred Stock and Partnerships & LLC's

The fair value of equity securities is determined using an enterprise waterfall methodology. Under this methodology, the enterprise value of the company is first estimated and that value is then allocated to the company's outstanding debt and equity securities based on the documented priority of each class of securities in the capital structure. Generally, the waterfall proceeds from senior debt tranches of the capital structure to senior then junior subordinated debt, followed by each class of preferred stock and, finally, the common stock.

To estimate a company's enterprise value, the company's trailing twelve months earnings before interest, taxes, depreciation and amortization ("EBITDA") is multiplied by a valuation multiple.

Both the company's EBITDA and valuation multiple are considered significant unobservable inputs. Significant increases/(decreases) to the company's EBITDA and/or valuation multiple would result in significant increases/(decreases) to the equity value. An increase/(decrease) to the discount would result in a (decrease)/increase to the equity value.

Short-Term Securities

Short-term securities, of sufficient credit quality, with more than sixty days to maturity are valued at fair value, using external independent third-party services. Short-term securities having a maturity of sixty days or less are valued at amortized cost, which approximates fair value.

Quantitative Information about Level 3 Fair Value Measurements

The following table represents quantitative information about Level 3 fair value measurements as of June 30, 2017:

	Fair Value	Valuation Technique	Unobservable Inputs	Range	Weighted Average
Bank Loans	\$2,125,346	Broker Quote	Single Broker	98% to 101%	98.3%
	\$3,704,289	Discounted Cash Flows	Discount Rate	8.9% to 9.6%	9.3%
Corporate Bond	s\$69,459,779	Discounted Cash Flows	Discount Rate	7.7% to 17.5%	12.2%
	\$3,415,068	Market Approach	Valuation Multiple	3.8x to 8.0x	6.5x
			EBITDA	\$0 million to \$10.7 million	\$6.8 million

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) June 30, 2017 (Unaudited)

Fair Value	Valuation	Unobservable	Dongo	Weighted
	Technique	Inputs	Range	Average

Equity Securities \$20,383,531 Market Approach Valuation Multiple 3.8x to 13.5x 8.1x

EBITDA \$0 million to \$213.8 million \$27.1 million

Certain of the Trust's Level 3 investments have been valued using unadjusted inputs that have not been internally developed by the Trust, including recently purchased securities held at cost. As a result, fair value of assets of \$2,149,092 have been excluded from the preceding table.

Fair Value Hierarchy

The Trust categorizes its investments measured at fair value in three levels, based on the inputs and assumptions used to determine fair value. These levels are as follows:

Level 1 - quoted prices in active markets for identical securities

Level 2 – other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 – significant unobservable inputs (including the Trust's own assumptions in determining the fair value of investments)

The following table summarizes the levels in the fair value hierarchy into which the Trusts' financial instruments are categorized as of June 30, 2017.

The fair values of our investments disaggregated into the three levels of the fair value hierarchy based upon the lowest level of significant input used in the valuation as of June 30, 2017 are as follows:

		Le	evel	
Assets:	Total	1	Level 2	Level 3

Income, Gains and Losses included in Net Increase in Net Assets resulting from Operations for the year are presented in the following accounts on the Statement of Operations:

	Net	Change in Unrealized Gains &
	Increase in	(Losses) in
	Net Assets	Net Assets
	Resulting	from
	from	Assets
	Operations	Still Held
Interest (Amortization)	\$222,856	
Net realized gain on investments before taxes	\$1,067,954	
Net change in unrealized appreciation of investments before taxes	\$3,981,126	\$4,284,156

B. Accounting for Investments:

Investment transactions are accounted for on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis, including the amortization of premiums and accretion of discounts on bonds held using the yield-to-maturity method. The Trust does not accrue income when payment is delinquent and when management believes payment is questionable.

Realized gains and losses on investment transactions and unrealized appreciation and depreciation of investments are reported for financial statement and Federal income tax purposes on the identified cost method.

C. Use of Estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. Federal Income Taxes:

The Trust has elected to be taxed as a "regulated investment company" under the Internal Revenue Code, and intends to maintain this qualification and to distribute substantially all of its net taxable income to its shareholders. In any year when net long-term capital gains are realized by the Trust, management, after evaluating the prevailing economic conditions, will recommend that Trustees either designate the net realized long-term gains as undistributed and pay the federal capital gains taxes thereon, or distribute all or a portion of such net gains.

The Trust is taxed as a regulated investment company and is therefore limited as to the amount of non-qualified income that it may receive as the result of operating a trade or business, e.g. the Trust's pro rata share of income allocable to the Trust by a partnership operating company. The Trust's violation of this limitation could result in the loss of its status as a regulated investment company, thereby subjecting all of its net income and capital gains to corporate taxes prior to distribution to its shareholders. The Trust, from time-to-time, identifies investment opportunities in the securities of entities that could cause such trade or business income to be allocable to the Trust. The PI Subsidiary Trust (described in Footnote 1, above) was formed in order to allow investment in such securities without adversely affecting the Trust's status as a regulated investment company.

The PI Subsidiary Trust is not taxed as a regulated investment company. Accordingly, prior to the Trust receiving any

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

June 30, 2017 (Unaudited)

distributions from the PI Subsidiary Trust, all of the PI Subsidiary Trust's taxable income and realized gains, including non-qualified income and realized gains, are subject to taxation at prevailing corporate tax rates. As of June 30, 2017, the PI Subsidiary Trust has incurred income tax expense of \$128,855.

Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of the existing assets and liabilities and their respective tax basis. As of June 30, 2017, the PI Subsidiary Trust has a deferred tax liability of \$527,673.

E. Distributions to Shareholders:

The Trust records distributions to shareholders from net investment income and net realized gains, if any, on the ex-dividend date. The Trust's net investment income dividend is declared four times per year, in April, July, October, and December. The Trust's net realized capital gain distribution, if any, is declared in December.

3. Investment Advisory and Administrative Services Contract

A. Services:

Under an Investment Advisory and Administrative Services Contract (the "Contract") with the Trust, Barings has agreed to use its best efforts to present to the Trust a continuing and suitable investment program consistent with the investment objectives and policies of the Trust. Barings represents the Trust in any negotiations with issuers, investment banking firms, securities brokers or dealers and other institutions or investors relating to the Trust's investments. Under the Contract, Barings also provides administration of the day-to-day operations of the Trust and provides the Trust with office space and office equipment, accounting and bookkeeping services, and necessary executive, clerical and secretarial personnel for the performance of the foregoing services.

B. Fee:

For its services under the Contract, Barings is paid a quarterly investment advisory fee equal to 0.225% of the value of the Trust's net assets as of the last business day of each fiscal quarter, an amount approximately equivalent to 0.90% on an annual basis. A majority of the Trustees, including a majority of the Trustees who are not interested persons of the Trust or of Barings, approve the valuation of the Trust's net assets as of such day.

C. Basis for Board Renewal of Contract

At a meeting of the Trustees held on April 21, 2017, the Trustees (including a majority of the Trustees who are not "interested persons" of the Trust or Barings) unanimously approved a one year continuance of the Contract. Prior to the meeting, the Trustees requested and received from Ropes & Gray LLP, counsel to the Trust, a memorandum describing the Trustees' legal responsibilities in connection with their review and re-approval of the Contract. The Trustees also requested and received from Barings extensive written and oral information regarding, among other matters: the principal terms of the Contract; the reasons why Barings was proposing the continuance of the Contract; Barings and its personnel; the Trust's investment performance, including comparative performance information; the nature and quality of the services provided by Barings to the Trust; financial strength of Barings; the fee arrangements between Barings and the Trust; fee and expense information, including comparative fee and expense information; profitability of the advisory arrangement to Barings; and "fallout" benefits to Barings resulting from the

Contract.

Among other things, the Trustees discussed and considered with management (i) the aforementioned guidance provided by Ropes & Gray LLP and the information provided by Barings prior to the meeting and (ii) the reasons Barings put forth in support of its recommendation that the Trustees approve the continuance of the Contract. These considerations are summarized below.

NATURE, EXTENT AND QUALITY OF SERVICES TO BE PROVIDED BY BARINGS TO THE TRUST

In evaluating the scope and quality of the services provided by Barings to the Trust, the Trustees considered, among other factors: (i) the scope of services required to be provided by Barings under the Contract; (ii) Barings' ability to find and negotiate private placement securities having equity features that are consistent with the stated investment objectives of the Trust; (iii) the experience and quality of Barings' staff; (iv) the strength of Barings' financial condition; (v) the nature of the private placement market compared to public markets (including the fact that finding, analyzing, negotiating and servicing private placement securities is more labor-intensive than buying and selling public securities and the administration of private placement securities is more extensive, expensive, and requires greater time and expertise than a portfolio of only public securities); (vi) the potential advantages afforded to the Trust by its ability to co-invest in negotiated private placements with MassMutual and its affiliates; and (vii) the expansion of the scope of services provided by Barings as a result of recent regulatory and legislative initiatives that have required increased legal, compliance and business attention and diligence. Based on such considerations, the Trustees concluded that, overall, they are satisfied with the nature, extent and quality of services provided by Barings, and expected to be provided in the future, under the renewed Contract.

INVESTMENT PERFORMANCE

The Trustees also examined the Trust's short-term, intermediate-term, and long-term performance as

Barings Participation Investors NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED) June 30, 2017 (Unaudited)

compared against various benchmark indices presented at the meeting, which showed that the Trust had outperformed such indices for the 1-, 3-, 5- and 10-year periods. In addition, the Trustees considered comparisons of the Trust's performance with the performance of (i) selected closed-end investment companies and funds that may invest in private placement securities and/or bank loans; (ii) selected business development companies with comparable types of investments; and (iii) investment companies included in the Broadridge closed-end bond universe. It was acknowledged that, while such comparisons are helpful in judging performance, they are not directly comparable in terms of types of investments due to the fact that business development companies often report returns based on market value, which is affected by factors other than the performance of the underlying portfolio investments. Based on these considerations and the detailed performance information provided to the Trustees at the regular Board meetings each quarter, the Trustees concluded that the Trust's absolute and relative performance over time have been sufficient to warrant renewal of the Contract.

ADVISORY FEE/COST OF SERVICES PROVIDED AND PROFITABILITY/ MANAGER'S "FALL-OUT" BENEFITS

In connection with the Trustees' consideration of the advisory fee paid by the Trust to Barings under the Contract, Barings noted that it was unaware of any registered closed-end investment companies that are directly comparable to the Trust in terms of the types of investments and percentages invested in private placement securities (which require more extensive advisory and administrative services than a portfolio of publicly traded securities, as previously discussed) other than Barings Corporate Investors, which also is advised by Barings. Under the terms of its Investment Services Contract, Barings Corporate Investors is charged a quarterly investment advisory fee of 0.3125% of net asset value as of the end of each quarter, which is approximately equal to 1.25% annually. In considering the fee rate provided in the Contract, the Trustees noted the advisory fee charged by Barings to Tower Square Capital Partners, L.P. and Tower Square Capital Partners II, III and IV, L.P., each a private mezzanine fund also managed by Barings, and that the fee Barings Corporate Investors charged compares favorably.

At the request of the Trustees, Barings provided information concerning the profitability of Barings' advisory relationship with the Trust. The Trustees also considered the non-economic benefits Barings and its affiliates derived from its relationship with the Trust, including the reputational benefits derived from having the Trust listed on the New York Stock Exchange, and the de minimis amount of commissions resulting from the Trust's portfolio transactions used by Barings for third-party soft dollar arrangements. The Trustees recognized that Barings should be entitled to earn a reasonable level of profit for services provided to the Trust and, based on their review, concluded that they were satisfied that Barings' historical level of profitability from its relationship with the Trust was not excessive and that the advisory fee structure under the Contract is reasonable. ECONOMIES OF SCALE

The Trustees considered the concept of economies of scale and possible advisory fee reductions if the Trust were to grow in assets. Given that the Trust is not continuously offering shares, such growth comes principally from retained net realized gain on investments and dividend reinvestment. The Trustees also examined the breakpoint features of selected competitive funds and noted that the minimum starting point for fee reductions in those funds was at least \$200 million whereas the Trust's current net assets are near \$140 million. The Trustees concluded that the absence of breakpoints in the fee schedule under the Contract was currently acceptable given the Trust's current size and closed-end fund structure.

4. Senior Indebtedness

MassMutual holds the Trust's \$15,000,000 Senior Fixed Rate Convertible Note (the "Note") issued by the Trust on December 13, 2011. The Note is due December 13, 2023 and accrues interest at 4.09% per annum. MassMutual, at its option, can convert the principal amount of the Note into common shares. The dollar amount of principal would be converted into an equivalent dollar amount of common shares based upon the average price of the common shares for ten business days prior to the notice of conversion. For the three months ended June 30, 2017, the Trust incurred total interest expense on the Note of \$306,750.

The Trust may redeem the Note, in whole or in part, at the principal amount proposed to be redeemed together with the accrued and unpaid interest thereon through the redemption date plus the Make Whole Premium. The Make Whole Premium equals the excess of (i) the present value of the scheduled payments of principal and interest which the Trust would have paid but for the proposed redemption, discounted at the rate of interest of U.S. Treasury obligations whose maturity approximates that of the Note plus 0.50% over (ii) the principal of the Note proposed to be redeemed.

	June 30, 201	7
		Per
	Amount	Share
Investment income	\$7,273,203	
Net investment income	5,971,038	\$0.57
Net realized and unrealized gain on investments (net of taxes)	5,269,383	0.51

7. Investment Risks

In the normal course of its business, the Trust trades various financial instruments and enters into certain investment activities with investment risks. These risks include: (i) market risk, (ii) volatility risk and (iii) credit, counterparty and liquidity risk. It is the Trust's policy to identify, measure and monitor risk through various mechanisms including risk management strategies and credit policies. These include monitoring risk guidelines and diversifying exposures across a variety of instruments, markets and counterparties. There can be no assurance that the Trust will be able to implement its credit guidelines or that its risk monitoring strategies will be successful.

8. Commitments and Contingencies

During the normal course of business, the Trust may enter into contracts and agreements that contain a variety of representations and warranties. The exposure, if any, to the Trust under these arrangements is unknown as this would involve future claims that may or may not be made against the Trust and which have not yet occurred. The Trust has no history of prior claims related to such contracts and agreements.

At June 30, 2017, the Trust had the following unfunded commitments:

	Unfunded
Investment	Amount
CORA Health Services, Inc.	\$890,933

HVAC Holdings, Inc. \$600,572

9. Results of Shareholder Meeting

The Annual Meeting of Shareholders was held on Friday, April 21, 2017. The shareholders were asked to vote to re-elect as Trustees Michael H. Brown, Barbara M. Ginader and Maleyne M. Syracuse for three year terms. The shareholders approved the proposal. The Trust's other Trustees, Edward P. Grace III, Robert E. Joyal, Clifford M. Noreen and Susan B. Sweeney continued to serve their respective terms following the April 21, 2017 Annual Shareholder Meeting. The results of the voting are set forth below.

Shares for	Withheld	Total	% of Shares Voted for
Michael H. Brown 8,665,743	243,831	8,909,574	97.26%
Barbara M. Ginader 8,683,770	225,803	8,909,574	97.47%
Maleyne M. Syracuse 8,655,194	191,501	8,909,574	97.15%

THIS PRIVACY NOTICE IS BEING PROVIDED ON BEHALF OF BARINGS LLC AND ITS AFFILIATES: BARINGS SECURITIES LLC; BARINGS AUSTRALIA PTY LTD; BARINGS ADVISERS (JAPAN) KK; BARINGS INVESTMENT ADVISERS (HONG KONG) LIMITED; BARINGS FUNDS TRUST; BARINGS GLOBAL SHORT DURATION HIGH YIELD FUND; BARINGS CORPORATE INVESTORS AND BARINGS PARTICIPATION INVESTORS (TOGETHER, FOR PURPOSES OF THIS PRIVACY NOTICE, "BARINGS").

When you use Barings you entrust us not only with your hard-earned assets but also with your personal and financial data. We consider your data to be private and confidential, and protecting its confidentiality is important to us. Our policies and procedures regarding your personal information are summarized below.

We may collect non-public personal information about you from:

Applications or other forms, interviews, or by other means;

Consumer or other reporting agencies, government agencies, employers or others;

Your transactions with us, our affiliates, or others; and

Our Internet website.

We may share the financial information we collect with our financial service affiliates, such as insurance companies, investment companies and securities broker-dealers. Additionally, so that we may continue to offer you products and services that best meet your investment needs and to effect transactions that you request or authorize, we may disclose the information we collect, as described above, to companies that perform administrative or marketing services on our behalf, such as transfer agents, custodian banks, service providers or printers and mailers that assist us in the distribution of investor materials or that provide operational support to Barings. These companies are required to protect this information and will use this information only for the services for which we hire them, and are not permitted to use or share this information for any other purpose. Some of these companies may perform such services in jurisdictions other than the United States. We may share some or all of the information we collect with other financial institutions with whom we jointly market products. This may be done only if it is permitted by the state in which you live. Some disclosures may be limited to your name, contact and transaction information with us or our affiliates.

Any disclosures will be only to the extent permitted by federal and state law. Certain disclosures may require us to get an "opt-in" or "opt-out" from you. If this is required, we will do so before information is shared. Otherwise, we do not share any personal information about our customers or former customers unless authorized by the customer or as permitted by law.

We restrict access to personal information about you to those employees who need to know that information to provide products and services to you. We maintain physical, electronic and procedural safeguards that comply with legal standards to guard your personal information. As an added measure, we do not include personal or account information in non-secure e-mails that we send you via the Internet without your prior consent. We advise you not to send such information to us in non-secure e-mails.

This joint notice describes the privacy policies of Barings, the Funds and Barings Securities LLC. It applies to all Barings and the Funds accounts you presently have, or may open in the future, using your social security number or federal taxpayer identification number – whether or not you remain a shareholder of our Funds or as an advisory client of Barings. As mandated by rules issued by the Securities and Exchange Commission, we will be sending you this notice annually, as long as you own shares in the Funds or have an account with Barings.

Barings Securities LLC is a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corporation (SIPC). Investors may obtain information about SIPC including the SIPC brochure by contacting SIPC online at www.sipc.org or calling (202)-371-8300. Investors may obtain information about FINRA including the FINRA Investor Brochure by contacting FINRA online at www.finra.org or by calling (800) 289-9999.

Members of the Board of	DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN
Trustees	Barings Participation Investors (the "Trust") offers a Dividend Reinvestment and Cash Purchase Plan (the "Plan"). The Plan provides a simple and automatic way for shareholders to add to their holdings
Michael H. Brown*	in the Trust through the receipt of dividend shares issued by the Trust or through the reinvestment of cash dividends in Trust shares purchased in the open market. The dividends of each shareholder will be automatically reinvested in the Trust by DST Systems, Inc., the Transfer Agent, in accordance
Barbara M. Ginader	with the Plan, unless such shareholder elects not to participate by providing written notice to the Transfer Agent. A shareholder may terminate his or her participation by notifying the Transfer Agent in writing.
Edward P.	
Grace III	Participating shareholders may also make additional contributions to the Plan from their own funds. Such contributions may be made by personal check or other means in an amount not less than \$100
	nor more than \$5,000 per quarter. Cash contributions must be received by the Transfer Agent at least five days (but no more then 30 days) before the payment date of a dividend or distribution.
Clifford M.	
Noreen	Whenever the Trust declares a dividend payable in cash or shares, the Transfer Agent, acting on behalf of each participating shareholder, will take the dividend in shares only if the net asset value is
Susan B.	lower than the market price plus an estimated brokerage commission as of the close of business on
Sweeney*	the valuation day. The valuation day is the last day preceding the day of dividend payment. When the dividend is to be taken in shares, the number of shares to be received is determined by dividing the
Maleyne M.	cash dividend by the net asset value as of the close of business on the valuation date or, if greater
Syracuse*	than net asset value, 95% of the closing share price. If the net asset value of the shares is higher than the market value plus an estimated commission, the Transfer Agent, consistent with obtaining the best price and execution, will buy shares on the open market at current prices promptly after the
*Member of the Audit	e dividend payment date.
Committee	The reinvestment of dividends does not, in any way, relieve participating shareholders of any federal, state or local tax. For federal income tax purposes, the amount reportable in respect of a dividend received in newly-issued shares of the Trust will be the fair market value of the shares received, which will be reportable as ordinary income and/or capital gains.
Officers	
	As compensation for its services, the Transfer Agent receives a fee of 5% of any dividend and cash
Clifford M. Noreen	contribution (in no event in excess of \$2.50 per distribution per shareholder.)
Chairman	Any questions regarding the Plan should be addressed to DST Systems, Inc., Agent for Barings Participation Investors' Dividend Reinvestment and Cash Purchase Plan, P.O. Box 219086, Kansas
Robert M. Shettle President	City, MO 64121-9086.
