SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements contained in this report discuss future expectations, contain projections of results of operations or financial condition or state other "forward-looking" information. Those statements are subject to known and unknown risks, uncertainties and other factors that could cause the actual results to differ materially from those contemplated by the statements. The forward-looking information is based on various factors and was derived using numerous assumptions. Important factors that may cause actual results to differ from forward-looking statements and projections include, for example:

- a downturn in the Phoenix, Arizona real estate market, particularly one which would adversely affect commercial lease rates;
- an adverse result in potential litigation referred to in this report;
- any change in tax laws which would change the Company's ability to utilize its tax loss carry-forward or the inability under existing tax laws for the full utilization of such tax loss carry-forward;
- certain operations of the Company, including the formation of alliances with other entities, will temporarily remain under the jurisdiction of and be subject to the confirmation and approval of the U.S. Bankruptcy Court. Disagreements between the Bankruptcy Court and the Company regarding business decisions could adversely affect the Company;
- the inability of the Company to secure renewals of existing leases at commercially reasonable rates or to promptly replace tenants following the expiration of existing leases;
- the effect of changing economic conditions; and
- other risks which may be described in our future filings with the Securities and Exchange Commission. The Company does not promise to update forward-looking information to reflect actual results or changes in assumptions or other factors that could affect those statements.

PART I

**ITEM 1. DESCRIPTION OF BUSINESS
HISTORICAL**

Princeton American Corporation was previously named Princeton Electronic Products and registered in New Jersey. The Company has been a registered Nevada corporation since September 7, 1995, currently in good standing, and is registered and doing business in Arizona as a resident corporation.

CURRENT COMPANY BUSINESS.

As of May 31, 2003, Princeton's primary business activity is the management of its assets including two office buildings totaling 50,000 square feet in Phoenix, Arizona. The Company has 4 employees. None of the Company's employees is represented by a labor union and we believe that employee relations are good.

See Item 2 for a detailed description of competitive conditions and properties.

BANKRUPTCY FILING; APPOINTMENT OF A TRUSTEE.

On December 11, 1996 the Company filed for protection under Chapter 11 of the U.S. Bankruptcy code. (Case number 96-13675 PHX JMM) On January 21, 1977, the then existing management of Princeton submitted a Plan of Reorganization. The Plan was challenged by William C. Taylor, a former principal and creditor of the Company, who petitioned the Court for the appointment of a trustee.

The case was tried and on February 4, 1997, the Court issued its order appointing Roger W. Brown as Trustee. Shortly thereafter, the Trustee terminated the then existing management of Princeton and assumed day-to-day management of the Company.

CONFIRMATION OF JOINT PLAN OF REORGANIZATION.

Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB

After Roger W. Brown was appointed Trustee in February 1997, William C. Taylor submitted his proposed Plan of Reorganization of Princeton on May 30, 1997. During the course of extensive litigation among competing plan proponents, other concerned parties and creditors, on August 28, 1997, Trustee Brown and Mr. Taylor filed a joint Plan of Reorganization. Their Joint Plan was confirmed by the Court on November 19, 1997 and was published in its entirety in a current Report on Form 8K which was filed with the Securities and Exchange Commission (the "Commission") on December 20, 1997, the Effective Date of the Plan.

ITEM 2. DESCRIPTION OF PROPERTY

2222 EAST CAMELBACK ROAD, PHOENIX, ARIZONA.

On March 12, 1992 Princeton acquired this two story building which contains approximately 30,778 rentable square feet of office space. The property includes a banking facility with a drive-in teller's window and a vault on the ground floor. The Company paid approximately \$296,000 cash for the building including closing costs and commissions.

Princeton occupies 1497 square feet (4.86%) of the total leasable space in this building. As of May 31, 2003, the balance of the remaining leasable space was occupied by unaffiliated tenants, producing approximately \$ 711,000 of income annually. The realty taxes for 2222 are approximately \$ 80,000. Additional information about this property is included in the Property Information and Operating Data Table at the end of this Item 2.

4808 NORTH 22ND STREET, PHOENIX, ARIZONA.

On December 1, 1994, Princeton acquired this 19,226 rentable sq. ft. two story office building. The Company paid \$1,000,000 for the building, of which \$900,000 was borrowed from the seller at 8% annual interest. The property has since been refinanced. As of May 31, 2003 the building is 100% leased and produces approximately \$ 415,000 of income annually. The Realty Taxes are approximately \$51,000. Additional information about this property is included in the Property Information and Operating Data Table at the end of this Item 2.

MESA TRAILER PARK COMMISSION RECEIVABLE.

In March, 1994 Princeton acquired a real estate brokerage commission that provides for payments equal to 5% of the total lease payments generated from a 55 year ground lease of a 55-acre mobile home park in Mesa, Arizona. The Company purchased the commission for \$60,000 cash and 174,400 shares of restricted Princeton common stock. The lease runs from 1980 to 2031. The commission agreement presently provides quarterly payments of \$4062.50 which are made through an escrow at Security Title Company. The quarterly payments escalate annually to \$7,437 per quarter at year 2030. Through May 31, 2003 approximately \$124,000 had been paid and \$678,000 of additional commission will be paid to Princeton through year 2031 pursuant to the agreement. While there can be no assurance that Princeton will receive any or all of these assigned brokerage fees in the future, as of the date of this report all payments have been received on time.

PROPERTY INFORMATION AND OPERATING DATA

2222 East Camelback Road
Phoenix, Arizona

1. Character and Location. Two story office building; 30,778 rentable square feet; includes a banking facility with a drive-in teller window and a bank vault.
2. Title to Property. Building is subject to a First Deed of Trust:

Principal:	\$2,784,567
Interest rate:	8.25 %
Payment:	\$22,503.68
Maturity:	April 2007

(On April 15, 2002, Southwest Bank of Phoenix, one of the prime tenants in the building, made two loans to the Company aggregating \$4,500,000. The loans are secured by first deeds of trust on both of the Company's office buildings, in the amount of \$2,825,000 for the 2222 East Camelback Road building and \$1,675,000 for the 4808 North 22nd Street facility.)

Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB

3. Lease Terms. The Building is subject to two 99 year net ground leases that expire in 2073 and 2076. Rent adjusts each 10 years based upon 8% of the fair market value of the ground, excluding improvements. The first lease has a monthly base payment of \$4,933, and will next adjust in 2009. The second lease has a monthly payment of \$3,100 and will next adjust during the 2004 fiscal year.

3

Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB

4. Renovation or Improvement Plans. In March, 2001, the Company commenced remodeling of the common areas of the building including a renovated lobby, hallways and four bathrooms. These improvements are essentially complete and were paid for from the proceeds of a loan obtained from Southwest Bank which was paid in full from the refinance proceeds of the first deed of trust mentioned above.

5. Competitive Conditions. This property is located in an area known as the "Camelback Corridor" which is comprised predominately of Class A office buildings. The area is considered one of the most prestigious in the metropolitan Phoenix. This building competes with both higher and lower priced office space in the immediate vicinity.

6. Insurance. Management believes that the property is adequately covered by insurance.

3. Lease Terms. Subject to a ground lease which expires July 31, 2031. The current rent rate is \$2,499 per month, subject to annual adjustment based on the Consumer Price Index.

4. Renovation or Improvement Plans. On December 5, 2000, the Company leased the second floor (comprised of 10,075 square feet) to Alliance Investors, LLC. for a period of five years. As a condition of this lease, the Tenant completely renovated this space at a cost in excess of \$200,000 of which approximately \$100,000 was contributed by the Company. During the months of January and February, 2002, the Company leased Suite 150 previously occupied by Shaeffer-Smith-Ankeney Insurance Agency to WRG Design, LLC. for a new three year term. The cost of tenant improvements to the new WRG spaces of approximately \$26,500 was paid by the Princeton American Corporation. Alliance Investors, LLC (the tenant in Suite 200) expanded its occupancy of the entire second floor of this building to include the former WRG spaces and has made extensive improvements to that suite at its own expense. This office building is now fully leased.

ITEM 3. LEGAL PROCEEDINGS
CHAPTER 11 BANKRUPTCY LITIGATION.

ADMINISTRATIVE CLAIMS.

Administrative claims for professional and other services have been paid by the Company.

5

UNSECURED CREDITOR CLAIMS.

During the initial stage of the bankruptcy proceedings, creditors filed 65 proofs of claim aggregating \$5,001,503. These proofs of claim had been litigated or settled, reducing the number of claims to 50 and the amount to \$1,468,564, including principal and interest, at the end of the fiscal year 2001.

Payments of \$1,286,393 in principal and interest were made during the year ended May 31, 2002 in settlement of bankruptcy claims and litigation. Claims totaling \$9,229 were determined to be invalid. A gain of \$23,646 was recognized in connection with the cancellations and settlements.

During the year ended May 31, 2003 additional claims and litigation were settled. Additionally the Company determined that certain administrative convenience claims were not valid. The Company recognized a gain of \$72,208 in connection with the cancellations and settlements. Two of the claims, which had been paid during the year ended May 31, 2002, were recorded on the books again since the settlement checks had never been tendered for payment. As of May 31, 2003 there were nine unpaid claims totaling \$137,333 and accrued interest at 8% of \$38,561.

SHAREHOLDER CLAIMS.

As reported in the May 31, 2000 10KSB, equity shareholders filed approximately 900 proof of interest claims, allegedly representing 14,840,000 shares. These claims were reviewed by management and litigated or settled by agreements which were confirmed by Court orders reducing such outstanding shares to approximately 10,923,918 shares. During the current reporting year, the outstanding shares were further reduced to 8,517,379.

Unresolved Claims. All proof of interest claims have been resolved by the Court.

RESOLVED CREDITOR'S CLAIMS.

A proof of claim had been filed with the bankruptcy court by Harry and Irene Weiss in the amount of \$812,707 which was objected to by the company and resulted in several lawsuits. (See note 9 to the financial statements) This issue was settled on February 9, 2001. The company agreed to pay the Weiss's \$560,000 in cash plus 10% interest until paid. During the year ended May 31, 2002 the settlement amount of \$560,000 plus accrued interest in the amount of \$76,823 was paid in full settlement of this claim.

Testasecca, et al v. Princeton American Corporation and William C. Taylor. On May 22, 2001 Lawrence Testasecca and others filed a complaint in an adversary pleading in the Bankruptcy Court. Among other things, the Plaintiffs alleged that they should be recognized as owners of an unspecified number of shares (approximately 2,000,000) that they purchased after the Bankruptcy Court proceedings began without establishing that these shares were the subject of allowed interests under the Plan of Reorganization. The Plaintiffs petitioned the Court to vacate its September 15, 2001 order which canceled all outstanding Princeton American share certificates and authorized the issuance of new certificates reflecting the allowed interests of shareholders under the Plan of Reorganization. At least three of the Plaintiffs (Larry Testasecca, Charles Crehore and Eugene Targosz) received actual notice of the bankruptcy, had filed Proofs of Interest pursuant to the July 1997 order of the Court establishing a deadline for filing Proofs of Interest and had voted in favor of the Plan. The remaining Plaintiffs are relatives of Mr. Targosz and Mr. Testasecca.

On November 8, 2001, the Court issued a Memorandum Decision and Order denying Plaintiffs petition. Plaintiffs appealed this decision to the U.S. District Court for the District of Arizona. On July 8, 2002, the District Court dismissed the appeal because of the failure of the plaintiffs to pursue it. The remaining segment of the lawsuit was resolved by a Motion for Summary Judgment filed by the Company and William C. Taylor which was subsequently granted by the Court.

Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB

Onset Investment Limited. Onset filed a claim for damages in the amount of \$200,713 based on an alleged breach of a stock purchase agreement with Princeton. During the current fiscal year, settlement negotiations were concluded resulting in the payment to Onset of \$25,000 cash and 25,000 shares of stock in the company.

CURRENT LITIGATION: None

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

The first Annual Meeting of Shareholders since September, 1995 was held at the Phoenix Law Offices of Lewis & Roca on November 27, 2002. The meeting was called to order by Board Chairman William C. Taylor at 10:05 AM. Present were Joseph P. Evers, CPA, the Company's auditor. Shareholders representing 62% of the then issued and outstanding shares were present at the meeting. Mr. Bird served as Secretary.

Mr. Bird noted that a quorum existed for the conduct of business at the meeting.

Election of Directors. Directors McKinnon, Bird and Taylor announced that they were candidates for reelection to the Board to serve until the next Annual Meeting of Shareholders. There were no other nominations for director and the slate was duly elected by the unanimous vote of the shareholders present.

Adoption of Stock Compensation Plan. Mr. Taylor presented and reviewed a stock compensation package which had been recommended by the Board of Directors. The Plan is designed to provide additional equity incentives to officers and directors as well as qualified non-affiliates of the Company. Mr. Taylor noted that there are no plans to activate the compensation package at this time. On motion duly made, the shareholders present unanimously approved and adopted the plan.

The Directors set the next Annual Meeting of Shareholders to be held at approximately the same date in 2003. There being no further business, the meeting was adjourned.

Election of Officers. Immediately following the Annual Meeting, the directors met and elected officers as follows:

William C. Taylor, Chairman and Treasurer

Roderick W. McKinnon, President, CEO and CFO

Scott E. Bird, Secretary and CFO

PART II

ITEM 5. MARKET FOR THE REGISTRANT'S COMMON STOCK AND RELATED SHAREHOLDER MATTERS

Princeton's Common Stock had traded on the over-the-counter market "pink sheets" since the Company was delisted from the NASDAQ (Small Capital) Market in November 1996, until the following events took place:

(1) On September 15, 2000, the Bankruptcy Court ordered Princeton American and its transfer agent to cancel all outstanding share certificates and issue new certificates reflecting the allowed interests under the Plan of Reorganization and the Court's prior orders. The Court further ordered that Princeton and its transfer agent are not subject to any claim based upon the cancellation of outstanding share certificates and the issuance of new certificates in accordance with the Court's orders.

(2) Effective as of October 9, 2000 the trading symbol "PELT" was cancelled by the NASD at the Company's request. The Company had applied to the NASD through the sponsoring brokerage firm of Peacock, Hislop, Staley and Given, Inc. to be listed on the Over the Counter Bulletin Board (OTCBB) with a view toward establishing a broader market for Princeton Shares. On October 17, 2002 the Company was notified by its sponsoring broker that the NASD has determined that Princeton American Corporation is now eligible for trading on the OTC Bulletin Board. The Company has been assigned the trading symbol: "PAMC".

Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB

On June 11, 2002 the Company requested entry of an order approving a procedure for handling distributions to creditors and shareholders that the Company had been unable to locate or who had not responded to the Company's inquiries (the "Nonresponsive Claimants"). Specifically, Princeton requested that the Court:

- (1) authorize Princeton to place the monetary and stock distributions due to Nonresponsive Claimants in escrow;
- (2) direct Princeton to conduct a national database search for addresses of Nonresponsive Claimants that it had been unable to locate as of that date;
- (3) direct Princeton to send by U.S. Mail a notice of distribution to Nonresponsive Claimants to their last known addresses as updated by the nationwide database search;
- (4) direct that distributions due to nonresponsive creditors who fail to claim their distributions within six months of notice be vested in the Company; and
- (5) authorize Princeton to remove from its share register the names of all nonresponsive shareholders who do not claim their distributions within six months of notice.

The Bankruptcy Court granted the motion on July 31, 2002. Pursuant to the Order, the Company followed the directives of the Court. Notices mailed to each of the Nonresponsive Claimants established May 13, 2003 as the last day for compliance. 60 shareholders representing 1,056,478 shares responded by the deadline. No creditor's claims were received by the Company.

Princeton has never paid any cash dividends on any equity securities, and no change of this policy is under consideration by the Board of Directors.

Recent Sales of Registered Securities: In October, 2002 the Company was elevated by the NASD to Bulletin Board status. Since that time there has only been one trade in the stock of 5,000 shares at less than \$0.01 per share.

CONFIRMATION OF SECURITIES HOLDINGS

The final shareholder equity base established by Order of the Bankruptcy Court is set forth below:

Shares issued to William C. Taylor: (1)	4,527,529
Share issued to others:	3,989,850
TOTAL SHARES AS OF MAY 31, 2003 (2)	8,517,379

(1) Represents fifty three and sixteen hundredths percent (53.16%) of the total of all of Princeton's common stock which was outstanding as of May 31, 2003.

(2) Represents a downward adjustment in total shares from 14,148,047 as set forth in the May 31, 2000 and 2001 10KSBs. This adjustment conforms with the Final Order Allowing Shares, after taking into consideration certain shares for which the 10:1 reverse split calculation had not been made as well as the July 31, 2002 Court Order relating to Nonresponsive Claimants. As of May 31, 2003 there are 405 shareholders of record. No additional shares have been authorized for issuance.

ITEM 6. MANAGEMENT DISCUSSION AND ANALYSIS BACKGROUND:

During the past year Princeton American management has focused on:

1. Upgrading the Company's two office buildings and solving the problems resulting from the "deferred maintenance" policies of prior management;
2. Completing the task of establishing a final shareholder base and revitalizing the market for Princeton's shares;

Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB

3. Payment of substantially all of the creditors claims, thereby moving Princeton closer to emergence from the bankruptcy proceedings. The proceeds resulting from the Southwest Bank loans were used to clear all of the company's prior debt including principal and interest to bankruptcy claimants. One claim is still on the company's books which management considers invalid. At such time as the validity of this claim is determined an additional adjustment will be made.

8

Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB

4. The increase in this year's consulting fees was due to the full time compensation to Mr. Roderick W. McKinnon as President, CEO and CFO. The consulting costs will be reduced in fiscal year 2004 by the resignation of Mr. McKinnon.
5. The resolution and settlement of a majority of all claims and legal actions in the prior year significantly reduced the professional fees in this year.
6. The favorable settlement of many of the outstanding monetary claims realized a gain in Other Income.
7. The company investment in marketable securities was written down to market in the prior year and was subject only to market change in this fiscal year.
8. The shareholder base has been carefully analyzed and significantly modified by Court Orders. All old share certificates have been cancelled and new share certificates issued to shareholders who have tendered their old shares.
9. The Company also focused its attention on the rehabilitation and marketing of its two office buildings, which have benefited from the increase in demand for office space in the Phoenix market over the past five years. Several tenant leases have matured and have either been rolled over at higher prices, or the tenants have moved elsewhere allowing the Company to replace them with higher rent paying tenants. The office building at 2222 East Camelback Road is fully occupied with annual gross revenues exceeding \$680,000. As of May 31, 2003 the 2222 East Camelback Road building is 100% occupied.
10. The office building at 4808 North 22nd Street was leased to Alliance Investors, LLC. for a five year term commencing in February, 2001 and WRG Design for a three year term commencing in February, 2002. Now fully occupied, this building is currently producing approximately \$400,000 in annual revenues.
11. Management will require additional capital of at least \$1,600,000 during the next twelve months to payoff or refinance the 4808 North 22nd Street office building, the mortgage on which is due in April 2004. The Company expects to renew the three year Alliance Lease in that building which also expires during the current fiscal year. In the event that this does not occur, the Company will attempt to release this space. There is no assurance that the Company will be successful in this endeavor.
12. Management believes that the completion of these "clean up" activities this and last fiscal year will put Princeton a major step closer to attracting potential investors and merger prospects (in particular those that can take advantage of the Company's \$15,000,000 tax loss carry forward). Armed with a fundamentally sound financial statement, management intends to pursue all available opportunities for strategic alliances and potential acquisitions, with a view toward enhancing shareholder value.

ITEM 7. FINANCIAL STATEMENTS

The full text of the Company's audited, consolidated financial statements for the fiscal years ended May 31, 2003 and 2002 begins on page F-1 of this Report and is incorporated herein by reference.

ITEM 8. CHANGES AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

PART III

ITEM 9. DIRECTORS, EXECUTIVE OFFICERS, PROMOTERS AND CONTROL PERSONS; COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT

The Directors and Executive Officers of the Company as of May 31, 2002 were:

FINANCIAL STATEMENTS

For the Years Ended

INDEPENDENT AUDITORS' REPORT

The Board of Directors
Princeton American Corporation

We have audited the accompanying balance sheets of Princeton American Corporation as of May 31, 2003 and 2002, and the related statements of operations and comprehensive loss, changes in stockholders' deficit, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Princeton American Corporation as of May 31, 2003 and 2002 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in note 1 to the financial statements, the Company has a stockholders' deficit of \$3,076,216, has not generated net income since reorganization, and has a significant working capital deficit as of May 31, 2003. The Company has also been involved in significant litigation by creditors and stockholders seeking ownership equity interests in the Company as discussed in notes 8 and 9. As discussed in note 8, the Company is still operating under a Joint Plan of Reorganization following a bankruptcy filing in December 1996. These items raise substantial doubt about the Company's ability to continue as a going concern. Management's plans with regard to these matters are discussed in note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

PRINCETON AMERICAN CORPORATION
NOTES TO FINANCIAL STATEMENTS
MAY 31, 2003 AND 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The following is a summary of the significant accounting policies followed by Princeton American Corporation (the Company). The policies conform with accounting principles generally accepted in the United States of America and require management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses as well as disclosures of contingent assets and liabilities in the financial statements. Actual results could differ from those estimates.

During the years ended May 31, 1998 and 1997, the Company did not have access to adequate records to file audited financial statements, as required by the Securities and Exchange Commission. The Company requested a waiver of its filing requirements for the years ended May 31, 1997 and 1998 and its quarterly filings through February 28, 2000. The Company cannot obtain a waiver; however, the Securities and Exchange Commission has indicated that action is unlikely for failure to file missing reports prior to May 31, 2000. The Company included in their February 28, 2001 10Q, reissued May 31, 2000 financial statements, which included an audited balance sheet as of May 31, 1998.

The financial statements of the Company are presented on a historical cost basis. The estimated fair market value of the Company's assets at the time of reorganization exceeded the Company's post-petition liabilities and allowed claims. Consequently, assets and liabilities were not restated to fair market value as provided by SOP 90-7.

As of May 31, 2003 the Company had a stockholders' deficit of \$3,076,216. Additionally, the Company has not been able to generate net income since its reorganization and has a working capital deficit of \$1,904,760 due primarily to the current maturity of one of the mortgage notes payable. The Company is currently under the jurisdiction of the Bankruptcy Court, as described in Note 8. To address these uncertainties, management has taken the following actions.

Obtained financing for both of its commercial office buildings; although, the note on one of the buildings is due in April 2004.

Implemented changes, which it believes will reduce the cost of operating the buildings.

Settled all of the litigation, which reduced legal and professional fees during the year ending May 31, 2003.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

a. BASIS OF PRESENTATION, CONTINUED

Issued new share certificates to stockholders. See note 8 for procedures and assumptions used by management to issue these certificates.

Worked with the bankruptcy court and expects to be released from their supervision.

Obtained a new trading symbol in order to be eligible to trade on the OTC Bulletin Board.

Explored and continues to explore the possibility of future mergers and/or acquisitions.

b. ORGANIZATION AND OPERATIONS

Princeton American Corporation is organized under the laws of the State of Nevada and currently owns two office buildings in Phoenix, Arizona. The Company was previously engaged in both the real estate and hair care products industries. The Company filed for bankruptcy in December 1996 and subsequently disposed of substantially all its assets during the years ended May 31, 1997 and 1998, except for the two commercial buildings and certain investments. The trustee combined substantially all the Company's operating subsidiaries into Princeton American Corporation. The Court approved the Plan of Reorganization for the Company in November 1997.

c. CASH EQUIVALENTS

Cash equivalents include highly liquid debt instruments and other short-term investments with an original maturity of three months or less.

d. ACCOUNTS RECEIVABLE

Accounts receivable represents rent and other amounts due. Most rent is billed in advance. An allowance is provided on a specific identification basis for all balances which management estimates may not be fully collectible

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

e. MARKETABLE SECURITIES, AVAILABLE FOR SALE

Marketable securities available for sale are recorded at their quoted market prices. Unrealized gains and losses on these securities are included as a separate component of comprehensive income and shareholders' equity until realized. Realized gains and losses on securities available for sale are computed based upon the average cost of the investment.

f. PROPERTY AND EQUIPMENT

Property and equipment are recorded at cost and are being depreciated principally on the straight-line method over the estimated useful lives of the assets, which range from three to forty years.

g. STOCK OPTIONS

The Company has elected to follow Accounting Principles Board Opinion No. 25 "Accounting for Stock Issued to Employees" (APB25) and related interpretations in accounting for its employee stock options and awards. Under APB 25, no compensation expense is recognized when the exercise price of the options equals or exceeds the fair value (market price) of the underlying stock on the date of grant. The Company has adopted the disclosure provisions of Statement of Financial Accounting Standards No. 123 Accounting for Stock-Based Compensation.

h. INCOME TAXES

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequence attributable to differences between the financial statement carrying amount of existing assets and liabilities; and their respective tax bases, including operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect in deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

i. EARNINGS PER SHARE

The Company has adopted Statement of Financial Accounting Standards No. 128 "Earnings Per Share". The standard simplifies the standards of computing earnings per share and requires presentation of two new amounts, basic and diluted earnings per share. Net loss per share is computed by dividing the loss attributable to common shareholders by the weighted average number of shares outstanding during the period, which was assumed to be 8,517,379 shares for the years ended May 31, 2003 and 2002. Please read note 8 regarding the number of shares outstanding.

2. INVESTMENTS IN MARKETABLE SECURITIES AVAILABLE FOR SALE

Marketable securities consist of the following investments in common stock at May 31, 2003 and 2002:

	<u>2003</u>	<u>2002</u>
Exten Industries	\$28,613	37,857
Stratford American	8,500	3,000
Other securities	3,839	4,905
	<u>\$40,952</u>	<u>45,762</u>

The total net unrealized gain at May 31, 2003 and 2002 was \$1,781 and \$5,525, respectively. The net unrealized gain decreased by \$3,744 for the year ended May 31, 2003 and the net unrealized loss increased by \$15,724 during the year ended May 31, 2002.

3. INVESTMENT IN COMMISSION CONTRACT

In March 1994, the Company acquired the rights to the commission on a ground lease for a mobile home park in Mesa, Arizona. The commission is based upon a fifty-five (55) year ground lease. Annual payments ranged from \$11,750 in 1994 to \$27,000 in 2031. For the years ended May 31, 2003 and 2002, the commission contract was valued at \$212,336 and \$209,361, respectively. The valuation is determined by calculating the net present value of the quarterly payments at an imputed interest rate of twelve percent (12%). The Company recognizes any fluctuation in the investment as interest income or expense in the year of fluctuation.

5. PAYROLL TAX LIABILITIES

The Company has not paid payroll taxes since May of 2002 or filed payroll tax returns since September of 2001. The May 31, 2003 financial statements include a liability of approximately \$38,500 for unpaid payroll taxes and approximately \$19,500 for related interest and penalties. The Company is in the process of filing the delinquent returns and is requesting abatement of penalties associated with these delinquent filings.

6. NOTES PAYABLE

During the year ended May 31, 2002 the Company refinanced the Camelback Road office building for \$2,825,000 and the 22nd Street office building for \$1,675,000. The proceeds from the refinancing were used to pay off the existing mortgage notes, pending legal claims and bankruptcy claims. An escrow account for property taxes was set up using funds from the notes and monthly payments equal to one-twelfth of the annual property taxes are to be made to this account. A portion of the proceeds to be used for settlement of the various claims was set aside in a loan retention account. The balance of these funds was advanced to the Company during the year ended May 31, 2003. The mortgage notes are secured by a first deed of trust and an assignment of the rents and related receivables of the respective office buildings.

The terms of the note that was paid off had been under dispute since the bankruptcy court modified the terms. The Company reached a settlement of \$1,100,000 to cover outstanding principal and interest. This settlement was \$127,812 in excess of what had been recorded by the Company as a liability and was recorded as a loss on settlement during the year ended May 31, 2002.

7. NOTES PAYABLE, OFFICERS AND RELATED PARTY TRANSACTIONS

At May 31, 2003, the Company owed an officer \$63,406 in principal and \$1,918 in accrued interest under the terms of three 12% promissory notes that required payments of \$5,000 per month beginning January 2000. The Company has not complied with the repayment terms of these agreements. During the year ended May 31, 2003 and 2002 the Company made principal payments of \$25,594 and \$41,000, respectively, in partial payment of the notes. Interest expense on the officers' notes totaled \$8,355 and \$14,870 for the years ended May 31, 2003 and 2002, respectively.

During the years ended May 31, 2003 and 2002 the Company paid consulting fees of \$92,075 and \$3,150, respectively to two directors.

Commission fees equal to 4% of the gross lease amount on several leases in the office buildings are being paid to a real estate firm with which one of the directors of the Company is affiliated. During the years ended May 31, 2003 and 2002 payments of approximately \$37,000 and \$45,000, respectively, were made to this firm.

The Company pays each of its three directors \$200 for each board meeting attended. During the year ended May 31, 2003 there were five meetings. Accrued directors' fees of \$3,900 are due for meetings in the current and prior years.

8. BANKRUPTCY CLAIMS

The Company filed for bankruptcy on December 11, 1996 and is currently operating as a reorganized debtor under a Joint Plan of Reorganization confirmed by the United States Bankruptcy Court for the District of Arizona on November 19, 1997.

Subsequent to the Company's filing in December 1996 and prior to the reorganization in December 1997, the Company was operated by a court-appointed trustee. During that time, the trustee liquidated various assets of the Company other than certain real estate holdings in Phoenix, Arizona and certain investments in marketable securities and a commission contract. William Taylor and the Trustee filed a Joint Plan of Reorganization in November 1997, which was approved in December 1997. Some of the key provisions of the Plan were:

- The Plan classified various secured, unsecured and non-priority unsecured claims. The Plan also classified post petition administrative claims. As confirmed, the Plan called for the reorganized debtor to make distributions to unsecured creditors within one year of the Plan's effective date, December 20, 1998. Once distributions were made to unsecured creditors, the Plan would be substantially consummated within the meaning of the Bankruptcy Code. The Company began making distributions during the year ended May 31, 2002.

Preferred shareholders received common stock of the Company.

Approved common shareholders retained their interest in the Company. The interest of shareholders with 10,000 shares or less (as listed on the records of American Stock Transfer only) were allowed, unless an objection was filed and upheld.

William Taylor received 40% of the Company's outstanding stock, upon payment of substantially all unsecured claims. Taylor's interest was based upon his claim of \$990,134 for consulting fees and other costs. During the year ended May 31, 2003 the Company reduced the number of shares outstanding as described above. As a result of the reduction in the number of total shares outstanding, Mr. Taylor currently owns approximately 53% of the outstanding common stock.

The Company's wholly owned subsidiaries, 88 Redevelopment and 4808 Corporation, were merged into Princeton American Corporation.

The Plan was subsequently modified in January 1999 to extend certain deadlines of the Plan, including the deadline for making distributions to unsecured creditors. These deadlines were extended to 180 days following the entry of a final, non-appealable order resolving the claim of Harry and Irene Weiss (note 9).

8. BANKRUPTCY CLAIMS, CONTINUED

The deadline for filing proof of ownership interest was also extended several times in an effort to give stockholders ample opportunity to file their proofs of interest. The Company and the Court compiled a final listing of valid proofs of interest. The Court initially disallowed approximately 12,000,000 shares in this process primarily because the stockholders, including many brokers, failed to file proofs of interest. Upon completion of this process, stockholders' equity was restated effective to the year ended May 31, 1997 to reflect total capitalization of \$2,475,350. Capitalization was computed based upon Taylor's ownership interest of 40% of all common stock in settlement of his claim for \$990,134.

On September 15, 2000, the Bankruptcy Court ordered Princeton American and its transfer agent, American Stock Transfer & Trust ("AST") to cancel all outstanding Princeton American share certificates and issue new share certificates reflecting the allowed interest of shareholders under the Plan of Reorganization for Princeton American and the Court's prior orders. The Court further ordered that Princeton American and AST are not subject to any claim based upon the cancellation of outstanding share certificates and the issuance of new certificates in accordance with the Court's orders. The final order became final and non-appealable on September 29, 2000.

In July 2002 the Court granted a motion to allow the Company to remove from its shareholder list all shareholders who had not responded to the Company's repeated notices requesting the return of cancelled share certificates for replacement. The Company was authorized to conduct a national data base search for the current address of all non-responsive claimants and mail a final notice to each shareholder at their last known address informing them that their names would be deleted from the shareholder list if they did not respond within six months of the notice. These notices were mailed to the shareholders November 10, 2002.

Princeton American has changed stock transfer agents and has implemented the Court's order. New share certificates were issued for the allowed interests of 8,517,371 shares as of May 31, 2003. Management believes that it has complied with all court orders and that these shares reflect all adjustments authorized by the court. However, the Company has been challenged on several occasions over the past few years and there can be no assurance that the Company will not be challenged by others seeking additional stock ownership in the Company.

In connection with the issuance of new certificates, Princeton American also initiated a process to change its trading symbol. Effective as of October 9, 2000, the trading symbol, PELT, was officially cancelled. During October 2002 the Company was assigned a new trading symbol, "PAMC" and is now eligible for trading on the OTC Bulletin Board.

In April of 2002 the Company refinanced its office buildings and used a portion of the proceeds to begin settlement of the bankruptcy claims. During the year ended May 31, 2002 payments of \$1,033,104 in principal and \$253,289 in accrued interest were paid toward the bankruptcy claims and the settlement of litigation (see note 9). Management determined that \$9,229 of claims (including principal and accrued interest) was invalid. A gain of \$23,646 was recognized in connection with the cancellations and settlements.

During the year ended May 31, 2003 one of the remaining bankruptcy claims was settled for an amount less than the amount recorded on the Company books resulting in a gain on settlement of \$5,336. Also during 2003 the Company determined that certain administrative convenience claims were not valid claims. These claims and the related accrued interest were written off resulting in a gain of \$56,509. Payments on two claims paid in 2002 were reinstated as a liability of \$48,758 since the payments had never cleared the bank. At May 31, 2003 the unpaid bankruptcy claims were \$137,333 and accrued interest at 8% was \$38,561.

9. LITIGATION AND LIABILITIES IN DISPUTE

The Company has been involved in litigation arising from actions of the Company prior to the bankruptcy filing.

In September 1993, the Company acquired residential real estate from Harry and Irene Weiss in exchange for 600,000 shares of the Company's restricted common stock, with an agreed upon value of \$1.00 per share. As part of the agreement, the Company agreed that it would not sell or offer its stock for two years at a price less than \$1.00 per share. However, the Company subsequently violated that agreement.

Weiss filed a proof of claim with the Bankruptcy Court for an unsecured, pre-petition claim of \$812,707. The Company objected to both the priority and amount of the claim. The Bankruptcy Court initially upheld the Company's objection and found that the Weiss claim was subordinated to the level of a shareholder claim, rather than an unsecured claim. The Court determined the amount of the claim to be \$619,603. The District Court subsequently reversed the Bankruptcy Court and found that the Weiss's were entitled to assert an unsecured non-priority claim in the same amount. The Company appealed this decision.

Edgar Filing: PRINCETON AMERICAN CORP - Form 10KSB

The Weiss's also applied for an award of attorney's fees, which was denied. They also sought to convert the bankruptcy proceedings to Chapter 7, which would require liquidation of the Company's assets. The Bankruptcy Court denied their motion.

9. LITIGATION AND LIABILITIES IN DISPUTE, CONTINUED

As the result of mediation proceedings, on February 9, 2001 the Company and Weiss agreed to settle their dispute for \$560,000 in cash, plus interest at 10%, payable on the earlier of February 9, 2002 or the sale or refinancing of the 4808 Building. A gain of \$59,603 was recognized in connection with the settlement. The claim of \$560,000 along with accrued interest of \$76,823 was paid during the year ended May 31, 2002.

Onset Investments had filed two proofs of claim for damages resulting from securities transactions prior to the bankruptcy filing. During the year ended May 31, 2003 the Company reached a settlement with Onset Investment Limited, which required a payment of \$25,000 and 25,000 shares of stock. The settlement of this claim resulted in a gain on settlement of \$10,363 during the year.

In May 2001 a group of individuals filed a motion to set aside the Court Order which canceled all outstanding share certificates and ordered the issuance of new shares. The group of individuals obtained stock in the Company after confirmation of the Plan in November 1997 and asserted that the Company and its president failed to adequately notify them that the stock obtained might not be valid under the plan. On November 8, 2001 the Bankruptcy Court entered an order denying the motion. The ruling was appealed and the District Court issued an order to show cause as to why the appeal should not be dismissed. The group of individuals also filed a separate Complaint asserting claims for equitable relief, securities fraud, breach of fiduciary duty and negligence. The appeal was dismissed on July 8, 2002.

10. LEASE COMMITMENTS

The Company leases office space in its commercial buildings located at 2222 E Camelback and 4808 North 22nd Street in Phoenix, Arizona. Future minimum lease payments required under these leases are as follows:

<u>YEAR ENDED MAY 31,</u>	<u>AMOUNT</u>
2004	\$994,693
2005	935,603
2006	514,021
2007	76,611
2008	12,854
	<u>\$2,533,782</u>

The office building located on Camelback Road is subject to two ground leases. The first lease was entered into on November 1, 1974. The second lease was entered into on August 1, 1977. Both leases are net leases, with terms of 99 years. On the 15th anniversary and for each succeeding ten-year term, the rent is to be adjusted to an annual rate equal to 8% of the fair market value of the leased premises, excluding improvements. The rate on the first lease was adjusted on November 1, 1999 to a monthly rate of \$4,933. The second lease was adjusted to a monthly rate of \$3,100 on the 15th anniversary of the lease. Rent expense on these two leases for the years ended May 31, 2003 and 2002 was \$96,400 for each year.

The office building located on N. 22nd Street is subject to a ground lease, the term of which extends through July 31, 2031. The lease is a net lease. The rental rate as of May 31, 2003 was \$2,499 and is subject to an annual adjustment based on the Consumer Price Index. Rent expense on this lease for the years ended May 31, 2003 and 2002 was \$29,912 and \$29,409, respectively.

The Company has a limited number of tenants in both buildings. As such, the loss of certain tenants or changes in market rental rates could adversely impact the Company. Additionally, accounts receivable are from a limited number of tenants.

The Company's future minimum lease obligations on the ground leases for the next five years are approximately \$126,400 per year, based upon the current valuation.

11. DISCLOSURES ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS

Statement of Financial Accounting Standards No. 107, "Disclosures about Fair Value of Financial Instruments", requires that the Company disclose estimated fair values for its financial instruments. The following summary presents a description of the methodologies and assumptions used to determine such amounts.

Fair value estimates are made at a specific point in time and are based on relevant market information and information about the financial instrument; they are subjective in nature and involve uncertainties, matters of judgment and, therefore, cannot be determined with precision. These estimates do not reflect any premium or discount that could result from offering for sale at one time the Company's entire holdings of a particular instrument. Changes in assumptions could significantly affect the estimates.

Since the fair value is estimated as of May 31, 2003, the amounts that will actually be realized or paid at settlement of the instruments could be significantly different.

The carrying amount of cash and cash equivalents is assumed to be the fair value because of the liquidity of these instruments. The recorded amount of the investment in marketable securities approximates market based upon quoted market values. The investment in the commission contract has been discounted to its estimated present value using market rates of interest. Accounts payable and accrued expenses approximate fair value because of the short maturity of these instruments. The recorded balance of notes payable and bankruptcy claims are assumed to be the fair value, since the rates specified approximate current market rates.

12. INCOME TAXES

The components of net deferred tax assets at May 31, 2003 and 2002, assuming a federal tax rate of 34% and a 7% state rate, are as follows:

	2003	2002
	<u> </u>	<u> </u>
Net operating and capital loss carryforwards	\$5,284,000	5,230,000
Capital loss carryforward	157,000	-
Difference in basis of property & equipment	113,000	100,000
Accrued real estate taxes	20,000	20,000
Less valuation allowance	(5,574,000)	(5,350,000)
	<u> </u>	<u> </u>
Net deferred tax assets	\$—	—
	<u> </u>	<u> </u>

The expected tax benefit from the net loss before income taxes was offset by a valuation allowance, since the Company has not yet developed a history of profitable operations. During the years ended May 31, 2003 and 2002 the valuation allowance increased (decreased) by approximately \$224,000 and (\$150,000), respectively.

At May 31, 2003, the Company has approximately \$15,200,000 in unused federal net operating loss carryforwards, which expire from 2004 through 2023. The state net operating loss carryforwards, which approximate \$2,500,000, expire from 2004 through 2008.

Due to significant changes in ownership in prior years and changes in the Company's operations, the amount of operating losses available to offset future income taxes may be significantly limited. The Company has not yet completed an evaluation of the amount of losses that are available for utilization by the Company or a prospective merger candidate.

13. STOCK OPTION PLAN

During the year ended May 31, 2003 the Board of Directors approved the Stock Compensation Program. The plan allows for the issuance of Incentive Stock Options, Nonqualified Stock Options and Restricted Shares. Under the terms of the plan, up to 3,000,000 shares of common stock may be issued. No options have been granted under this plan.

14. SUBSEQUENT EVENT

The Company has not filed its postconfirmation reports with the bankruptcy court since June of 2001 or paid all of its required fees. In August 2003, the United States Trustee filed a motion to dismiss the Company's Chapter 11 case or convert it to Chapter 7 due to these delinquencies. The United States Trustee has agreed to defer any action on the motion based on the Company's commitment to bring its postconfirmation reports and quarterly fees current by October 2003. Accounts payable and accrued liabilities at May 31, 2003 includes \$14,000 accrued for these fees.
