Year Ended December 31, 2005 Compared To Year Ended December 31, 2004

Revenues. Revenues increased \$1,722,998, or 28%, to \$7,975,688 for the year ended December 31, 2005 from \$6,252,690 for the year ended December 31, 2004. The increase was due to an increase in override revenue, higher average commission per booking, and an increase in the number of bookings.

Operating expenses. Operating expenses, which include sales and marketing expenses and general and administrative expenses, were \$5,928,714 for the year ended December 31, 2005 as compared to \$5,240,732 for the year ended December 31, 2004 or an increase of \$687,982 or 13%. The increase was principally due to an increase in professional fees and compensation expenses described below. For the year ended December 31, 2005, sales and marketing expenses were \$2,052,933 as compared to \$2,011,445 for the year ended December 31, 2004, an increase of \$41,488 or 2%. Sales and marketing expenses primarily consist of sales salaries, commissions, and marketing expenses. For the year ended December 31, 2005, general and administrative expenses were \$3,875,781 as compared to \$3,229,287 for the year ended December 31, 2004, an increase of \$646,494 or 20%. General and administrative expenses primarily include management compensation. The increase is primarily attributable to Online Vacation Center Holdings, Inc.'s growth and partially due to consulting, legal, and accounting expenses incurred during 2005 that are associated with its preparations to go public.

Other Expenses. Other expenses increased to \$238,607 for the year ended December 31, 2005 as compared to \$8,476 for the year ended December 31, 2004. The increase in other expenses was due a one time settlement gain of \$265,815 during the year ended December 31, 2004. The settlement gain during the year ended December 31, 2004 was offset by a net interest expense of \$274,291. The net interest expense is associated with the subordinated debentures discussed below.

Benefit for Income Taxes. The benefit for income taxes increased to \$412,168 for the year ended December 31, 2005 as compared to \$75,813 for the year ended December 31, 2004. The increase in the benefit for income taxes resulted from an increase in the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) and an increase of the valuation allowance benefit. For the year ended December 31, 2005, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$752,800 as compared to \$413,651 for the year ended December 31, 2004, an increase of \$339,149. For the year ended December 31, 2005, the valuation allowance benefit was \$1,164,968 as compared to \$489,464 for the year ended December 31, 2004, an increase of \$675,504. SFAS No. 109, "Accounting for Income Taxes," requires that Online Vacation Center Holdings, Inc. record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." The valuation allowance was decreased to \$1,164,968 or 65% of the gross deferred tax asset of \$1,792,258 in 2004 and decreased to \$0 or 0% of the gross deferred tax asset of \$1,116,148 in 2005 as described below.

At December 31, 2002, Online Vacation Center Holdings, Inc. recorded a valuation allowance of \$2,217,158 or 80% of the gross deferred tax asset of \$2,771,447. Online Vacation Center Holdings, Inc. decreased the valuation allowance in 2003, 2004, and March 31, 2005. At June 30, 2005, Online Vacation Center Holdings, Inc. had its most profitable quarter to date. Net income before taxes and future revenue increased as compared to the same three month period ending June 30, 2004. Historically, the second quarter of the year is the time that most bookings travel, therefore it would be expected that advanced bookings would significantly decrease. Instead, advanced bookings increased 40% as compared to

10

the same period in 2004. Based on this information, management concluded at that

time that it was no longer more likely than not that a portion of the deferred tax asset would not be realized and consequently, Online Vacation Center Holdings, Inc. removed the valuation allowance. Accordingly, Online Vacation Center Holdings, Inc. recorded a net non-cash tax benefit in the quarter ended June 30, 2005 of \$644,163, resulting primarily from the effect of a \$1,007,748 reversal of the valuation allowance on Online Vacation Center Holdings, Inc.'s deferred tax assets, partly offset by a \$363,585 non-cash U.S. income tax provision (prior to the impact of the valuation allowance).

Liquidity and Capital Resources

Cash at December 31, 2005 was \$2,213,182. Net income provided by operating activities was \$2,046,974 for the year ended December 31, 2005. At December 31, 2005, Online Vacation Center Holdings, Inc. had a working capital surplus of \$66,702 and an accumulated deficit of \$1,595,380. The accumulated deficit is principally due to customer deposits of \$1,575,475 (which are reflected as a current liability) and outstanding subordinated debentures in the amount of \$3,000,000. Customer deposits are initially recognized as liabilities and subsequently recognized as revenues upon completion of passenger travel. Also, as discussed below, subsequent to December 31, 2005, all outstanding subordinated debentures were converted to shares of Online Vacation Center Holdings, Inc.'s common stock.

On November 16, 2000, Online Vacation Center Holdings, Inc. borrowed \$2,000,000 pursuant to an 8% subordinated debenture in the amount of \$2,000,000 that is due on January 1, 2008. On June 27, 2001, Online Vacation Center Holdings, Inc. borrowed \$1,000,000 under an 8% subordinated debenture in the amount of \$1,000,000 that is also due on January 1, 2008. Interest on the debentures was payable on a quarterly basis. Subsequent to the year ended December 31, 2005, the debenture holder converted its debentures into Online Vacation Center Holdings, Inc. common stock. These shares were exchanged for 1,500,310 shares of the Company's common stock at the effective date of the share exchange with the Company.

Management believes that the existing cash and cash expected to be provided by operating activities will be sufficient to fund the short term capital and liquidity needs of its operations. Online Vacation Center Holdings, Inc. may need to seek to sell equity or debt securities or obtain credit lines from financial institutions to meet its longer-term liquidity and capital requirements, which includes strategic growth through mergers and acquisitions. There is no assurance that Online Vacation Center Holdings, Inc. will be able to obtain additional capital or financing in amounts or on terms acceptable to Online Vacation Center Holdings, Inc., if at all or on a timely basis.

Online Vacation Center Holdings, Inc. has historically been dependent on its relationships with three major cruise lines: Celebrity Cruises, Norwegian Cruise Line and Royal Caribbean Cruise Line. Online Vacation Center Holdings, Inc. also depends on third party service providers for processing certain fulfillment services.

The domestic and international leisure travel industry is seasonal. The results of Online Vacation Center Holdings, Inc. have been subject to quarterly fluctuations caused primarily by the seasonal variations in the travel industry. Net revenues and net income are generally higher in the second and fourth quarters. Online Vacation Center Holdings, Inc. expects seasonality to continue in the future.

Recent Accounting Pronouncements

Share-Based Payment

In December 2004, the FASB issued a revision of SFAS 123 ("SFAS 123(R)") that requires compensation costs related to share-based payment transactions to be recognized in the statement of operations. With limited exceptions, the amount of compensation cost will be measured based on the grant-date fair value of the equity or liability instruments issued. In addition, liability awards will be remeasured each reporting period. Compensation cost will be recognized over the period that an employee provides service in exchange for the award. SFAS 123(R) replaces SFAS 123 and is effective as of January 1, 2006. Based on zero shares and awards outstanding as of December 31, 2005, the adoption of SFAS 123(R) would have no impact on earnings in 2005.

Nonmonetary Exchange

In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets--An Amendment of Accounting Principles Board (APB) Opinion No. 29, Accounting for Nonmonetary Transactions" ("SFAS 153"). SFAS 153 eliminates the exception from fair measurement for nonmonetary exchanges of similar productive assets in paragraph 21(b) of APB Opinion No. 29, "Accounting for Nonmonetary Transactions," and replaces it with an exception for exchanges that do not have commercial substance. SFAS 153 specifies that a nonmonetary exchange has commercial substance if the future cash flows of the entity expected to change significantly as a result of the exchange. SFAS 153 is effective for fiscal periods beginning after June 15, 2005. The adoption of SFAS 153 is not expected to have a material impact on Online Vacation Center Holdings, Inc.'s current financial condition or results of operations.

Share-Based Payment

In March 2005, the U.S. Securities and Exchange Commission, or SEC, released Staff Accounting Bulletin 107, "Share-Based Payments," ("SAB 107"). The interpretations in SAB 107 express views of the SEC staff, or staff, regarding the interaction between SFAS 123R and certain SEC rules and regulations, and provide the staff's views regarding the valuation of share-based payment arrangements for public companies. In particular, SAB 107 provides guidance related to share-based payment transactions with non-employees, the transition from nonpublic to public entity status, valuation methods (including assumptions such as expected volatility and expected term), the accounting for certain redeemable financial instruments issued under share-based payment arrangements, the classification of compensation expense, non-GAAP financial measures, first-time adoption of SFAS 123R in an interim period, capitalization of compensation cost related to share-based payment arrangements, the accounting for income tax effects of share-based payment arrangements upon adoption of SFAS 123R, the modification of employee share options prior to adoption of SFAS 123R and disclosures in Management's Discussion and Analysis subsequent to adoption of SFAS 123R. SAB 107 requires stock-based compensation be classified in the same expense lines as cash compensation is reported for the same employees. Online Vacation Center Holdings, Inc. and management are reviewing SAB 107 in conjunction with its review of SFAS 123R.

Conditional Asset Retirement

In March 2005, the FASB issued FASB Interpretation (FIN) No. 47 - "Accounting for Conditional Asset Retirement Obligations - an Interpretation of SFAS 143 (FIN No. 47). FIN No. 47 clarifies the timing of liability recognition for legal obligations associated with the retirement of a tangible long-lived asset when the timing and/or method of settlement are conditional on a future event. FIN

12

No. 47 is effective no later than December 31, 2005. FIN No. 47 did not impact Online Vacation Center Holdings, Inc. for the year ended December 31, 2005.

Accounting Changes and Error Corrections

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections, a Replacement of APB No. 20 and FASB 3 (SFAS No.154). SFAS No. 154 requires retrospective application to prior periods' financial statements of a voluntary change in accounting principle unless it is impracticable. APB Opinion No. 20 "Accounting Changes," previously required that most voluntary changes in accounting principle be recognized by including in net income of the period of the change the cumulative effect of changing to the new accounting principle.

Critical Accounting Policies

Revenue Recognition

Revenues are derived from transactions where Online Vacation Center Holdings, Inc. is the merchant of record and determines the price to the customer. Online Vacation Center Holdings, Inc. has agreements with suppliers for travel packages that it sells. It does not have purchase obligations for unsold travel packages. Online Vacation Center Holdings, Inc. presents revenue in accordance with Staff Accounting Bulletin (SAB) No. 104 "Revenue Recognition in Financial Statements" and Emerging Issues Task Force (EITF) Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent", including the weighing of the relevant qualitative factors regarding Online Vacation Center Holdings, Inc.'s status as a primary obligor, and the extent of their pricing latitude. The method of net revenue presentation does not impact operating profit, net income, earnings per share or cash flows. Based upon Online Vacation Center Holdings, Inc.'s evaluation of sales transactions and in accordance with the various indicators identified in EITF Issue No. 99-19, Online Vacation Center Holdings, Inc.'s suppliers assume the majority of the business risks such as providing the service and the risk of unsold travel packages. As such, all sales transactions are recorded at the net amount, which is the amount charged to the customer less the amount paid to the supplier. Sales transactions are billed to customers at the time of booking, however revenue is not recognized on the accompanying consolidated financial statements until the customers' travel occurs.

Online Vacation Center Holdings, Inc. generally recognized advertising revenues ratably over the advertising period, depending on the terms of the advertising contract. For the years ended December 31, 2005 and 2004, Online Vacation Center Holdings, Inc. derived no revenues from the sales of advertisements on its internet website. Online Vacation Center Holdings, Inc. applies EITF Issue No. 99-17, "Accounting for Advertising Barter Transactions", in the valuation and recognition of barter arrangements, however, during the current period, there was no revenue derived from barter agreements.

Income Taxes

Online Vacation Center Holdings, Inc. accounts for income taxes under the liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

Online Vacation Center Holdings, Inc. has incurred cumulative net operating losses ("NOLs") for financial accounting and tax purposes. The effects of the

NOLs have given rise to a substantial deferred tax asset that has been utilized to offset the provision for income taxes on substantially all earnings generated to date. SFAS No. 109, "Accounting for Income Taxes," requires that Online

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 8-K/A

Vacation Center Holdings, Inc. record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." At December 31, 2002, Online Vacation Center Holdings, Inc. recorded a valuation allowance of \$2,217,158 or 80% of the gross deferred tax asset of \$2,771,447, resulting in a net benefit recognized of \$554,289. Online Vacation Center Holdings, Inc. decreased the valuation allowance in 2003 and 2004, resulting in a benefit recognized of \$562,727 and \$489,464, respectively. For the years ended December 31, 2003 and 2004, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$565,539 and \$413,651. The net effect of the valuation allowance benefit of \$562,727 and \$489,464 and the recognition of the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) of \$565,539 and \$413,651 resulted in a provision (benefit) for income taxes of \$2,812 and (\$75,813) for the years ended December 31, 2003 and 2004, respectively.

At March 31, 2005, Online Vacation Center Holdings, Inc. once again achieved profitability and net income for the quarter, booking activity, and advanced bookings increased as compared to the same three month period ending March 31, 2004. The first three months of the year are known as the "wave season" in the travel industry and many travel companies book a large portion of their business at this time. As would be expected, advanced bookings reached its highest historical level. Based on this information, management concluded at that time that it was more likely than not that a lesser portion of the deferred tax asset would not be realized and consequently, Online Vacation Center Holdings, Inc. decreased the valuation allowance to \$1,007,748 or 60% of the gross deferred tax asset of \$1,681,695, resulting in a benefit recognized of \$157,220. For the three-month period ended March 31, 2005, the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) was \$128,563. The net effect of the valuation allowance benefit of \$157,220 and the recognition of the non-cash U.S. income tax provision (prior to the impact of the valuation allowance) of \$128,563 resulted in a provision (benefit) for income taxes of (\$28,657) for the three-month period.

At June 30, 2005, Online Vacation Center Holdings, Inc. had its most profitable quarter since inception. Net income before taxes and future revenues increased as compared to the same three month period ending June 30, 2004. Historically, the second quarter of the year is the time that most bookings travel, therefore it would be expected that advanced bookings would significantly decrease. Instead, advanced bookings increased 40% as compared to the same period in 2004. Based on this information, management concluded at that time that it was no longer more likely than not that a portion of the deferred tax asset would not be realized and consequently, Online Vacation Center Holdings, Inc. removed the valuation allowance. Accordingly, Online Vacation Center Holdings, Inc. recorded a net non-cash tax benefit in the quarter ended June 30, 2005 of \$644,163, resulting primarily from the effect of a \$1,007,748 reversal of the valuation allowance on Online Vacation Center Holdings, Inc.'s deferred tax assets, partly offset by a \$363,585 non-cash U.S. income tax provision (prior to the impact of the valuation allowance).

Risk Factors

Online Vacation Center Holdings, Inc.'s growth strategy is based on a merger and

acquisition strategy and there can be no assurance that Online Vacation Center

Holdings, Inc. will be able to identify, acquire or profitably manage additional

businesses or successfully integrate acquired businesses into Online Vacation

Center Holdings, Inc. without substantial costs, delays or other operational or

financial problems.

Online Vacation Center Holdings, Inc. intends to increase its revenues, expand the markets it serves and increase its services through the acquisition or merger of additional operating companies. There can be no assurance that Online Vacation Center Holdings, Inc. will be able to identify, acquire or profitably manage additional businesses or successfully integrate acquired businesses into Online Vacation Center Holdings, Inc. without substantial costs, delays or other operational or financial problems. Increased competition for acquisition or merger candidates may develop, in which event there may be fewer acquisition and merger opportunities available to Online Vacation Center Holdings, Inc., as well as higher acquisition or merger prices. Further, acquisitions and mergers involve a number of special risks, including possible adverse effects on Online Vacation Center Holdings, Inc.'s operating results, diversion of management's attention, failure to retain key personnel, risks associated with unanticipated events or liabilities and amortization of acquired intangible assets, some or all of which could have a material adverse effect on Online Vacation Center Holdings, Inc.'s business, financial condition and results of operations. Customer dissatisfaction or performance problems at a single acquired company could also have an adverse effect on the reputation of Online Vacation Center Holdings, Inc. Online Vacation Center Holdings, Inc. may also seek international acquisitions that may be subject to additional risks associated with doing business in foreign countries. In addition, there can be no assurance that businesses acquired will achieve anticipated revenues and earnings.

Since Online Vacation Center Holdings, Inc. may finance future acquisitions and

mergers in part by using shares of common stock for the consideration to be

paid, if in the event that the common stock does not maintain a sufficient

market value, or potential acquisition and merger candidates are otherwise

unwilling to accept common stock as the consideration for the sale of their

businesses, The Company may be required to issue additional shares of stock or

utilize more of its cash resources, if available, in order to maintain its

acquisition program.

Online Vacation Center Holdings, Inc. may finance future acquisitions by using shares of common stock for the consideration to be paid. In the event that the common stock does not maintain a sufficient market value, or potential acquisition and merger candidates are otherwise unwilling to accept common stock as part of the consideration for the sale of their businesses, the Company may

be required to utilize more of its cash resources, if available, in order to maintain its expansion program. If Online Vacation Center Holdings, Inc. has insufficient cash resources, its growth could be limited unless it is able to obtain additional capital through debt or equity financings. There can be no

assurance that other financing will be available on terms Online Vacation Center Holdings, Inc. deems acceptable or if at all. If Online Vacation Center Holdings, Inc. is unable to obtain financing sufficient for all of its desired acquisitions and mergers, it may be unable to fully carry out its expansion strategy. If funding is insufficient, Online Vacation Center Holdings, Inc. may be required to delay, reduce the scope of or eliminate some or all of its expansion programs.

The Company's common stock has not historically been sufficient to serve as currency because its common stock has and continues to trade at less than \$1.00 per share with limited liquidity. Online Vacation Center Holdings, Inc. believes that the new business and potential growth for the surviving business operations will generate greater investor interest and increased liquidity in the publicly trading stock, making it more attractive to serve as currency for the surviving company. Online Vacation Center Holdings, Inc. believes that national online travel services will generate significantly more investor interest than a regional cigar distribution company. However, if the stock continues to trade at historical levels with limited liquidity, Online Vacation Center Holdings, Inc. may be unable to make future acquisitions or may be required to change its acquisition strategy.

Online Vacation Center Holdings, Inc. is dependent upon travel providers for access to their inventory. Other distributors may have similar arrangements with travel providers, some of which may provide better availability or more competitive pricing than that offered by Online Vacation Center Holdings, Inc. Online Vacation Center Holdings, Inc. anticipates that a significant portion of its revenues will continue to be derived from the sale of inventory for relatively few travel providers. Online Vacation Center Holdings, Inc.'s agreements with its travel providers can generally be canceled or modified by the travel provider upon relatively short notice. The loss of a contract, changes in Online Vacation Center Holdings, Inc.'s pricing agreements or commission schedules or more restricted access to travel providers' inventory could have a material adverse effect on Online Vacation Center Holdings, Inc.'s business, financial condition and results of operations.

There can be no assurance that Online Vacation Center Holdings, Inc. will be -----
able to successfully integrate the operations of future acquisitions and mergers -----
or institute the necessary company-wide systems and procedures to successfully -----
manage the combined enterprise on a profitable basis.

Online Vacation Center Holdings, Inc. will rely on the existing reporting systems of future acquisitions and mergers for financial reporting. There can be no assurance that the management group will be able to continue to effectively manage the combined entity or effectively implement and carry out Online Vacation Center Holdings, Inc.'s internal growth strategy and expansion program. The inability of Online Vacation Center Holdings, Inc. to successfully integrate future acquisitions and mergers would have a material adverse effect on Online Vacation Center Holdings, Inc.'s business, financial condition and results of operations, and would make it unlikely that Online Vacation Center Holdings, Inc.'s expansion program will continue to be successful. Further, there can be no assurance that Online Vacation Center Holdings, Inc.'s strategy to become the leading specialized distributor of leisure travel services will be successful, or that the travelers or travel providers will accept Online Vacation Center Holdings, Inc. as a distributor of a variety of specialized travel services.

Online Vacation Center Holdings, Inc.'s business is currently dependent upon a

number of different information and telecommunication technologies and any

failure of this technology would decrease the company's revenues.

Online Vacation Center Holdings, Inc.'s business is currently dependent upon a number of different information and telecommunication technologies to facilitate its access to information and manage a high volume of inbound and outbound calls. Any failure of this technology would have a material adverse effect on the company's business, financial condition and results of operations. In addition, Online Vacation Center Holdings, Inc. is dependent upon certain third party vendors, for access to certain information. Any failure of these systems or restricted access by Online Vacation Center Holdings, Inc. would have a material adverse effect on Online Vacation Center Holdings, Inc.'s business, financial condition and results of operations.

There can be no assurance that Online Vacation Center Holdings, Inc.'s systems,

procedures and controls will be adequate to support Online Vacation Center

Holdings, Inc.'s operations as it expands which could significantly increase the

company's expenses and delay or prevent growth.

Online Vacation Center Holdings, Inc. expects to continue to grow internally and through acquisitions and mergers. Online Vacation Center Holdings, Inc. expects to spend significant time and effort expanding existing businesses and identifying, completing and integrating acquisitions and mergers. There can be no assurance that Online Vacation Center Holdings, Inc.'s systems, procedures and controls will be adequate to support Online Vacation Center Holdings, Inc.'s operations as they expand. Any future growth also will impose significant added responsibilities on members of senior management, including

the need to identify, recruit and integrate new senior level managers and executives. There can be no assurance that such additional management will be identified or retained by Online Vacation Center Holdings, Inc. To the extent that the company is unable to manage its growth efficiently and effectively, or is unable to attract and retain qualified management, Online Vacation Center Holdings, Inc.'s business, financial condition and results of operations could be materially adversely affected. While Online Vacation Center Holdings, Inc.

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 8-K/A

has experienced revenue and earnings growth over the past few years, there can be no assurance that Online Vacation Center Holdings, Inc. will continue to experience internal growth comparable to these levels, if at all. Factors affecting the ability of Online Vacation Center Holdings, Inc. to continue to experience internal growth include, but are not limited to, the ability to expand the travel services offered, the continued relationships with certain travel providers and travel agents, the ability to recruit and retain qualified sales personnel and the ability to cross-sell services within Online Vacation Center Holdings, Inc.

Online Vacation Center Holdings, Inc.'s revenues and earnings are especially

sensitive to global events that are out of its control.

Online Vacation Center Holdings, Inc.'s results of operations are dependent upon factors generally affecting the travel industry. Online Vacation Center Holdings, Inc.'s revenues and earnings are especially sensitive to events that affect domestic and international air travel and vacation. A number of factors could result in an overall decline in demand for travel, including political instability, armed hostilities, international terrorism, extreme weather conditions, a rise in fuel prices, a decline in the value of the U.S. dollar, labor disturbances, excessive inflation, a general weakening in economic activity and reduced employment in the U.S. These types of events could have a material adverse effect on Online Vacation Center Holdings, Inc.'s business, financial condition and results of operations.

Online Vacation Center Holdings, Inc.'s financial results will be materially

impacted by income taxes in the future.

Online Vacation Center Holdings, Inc. has significant deferred tax assets, resulting from domestic net operating loss carryforwards ("NOLs"). SFAS No. 109, "Accounting for Income Taxes," requires that the company record a valuation allowance when it is "more likely than not that some portion or all of the deferred tax assets will not be realized." At December 31, 2002, Online Center Vacation Holdings, Inc. recorded a valuation allowance for 80% of the gross deferred tax asset. Online Center Vacation Holdings, Inc. decreased the valuation allowance in 2003, 2004, and the first quarter of 2005. At June 30, 2005, management concluded at the time that it was no longer more likely than not that a portion of the deferred tax asset would not be realized and consequently, Online Vacation Center Holdings, Inc. removed the valuation allowance. Accordingly, Online Vacation Center Holdings, Inc. recorded a net non-cash tax benefit in the quarter ended June 30, 2005 of \$644,000, resulting primarily from the effect of a \$1 million reversal of the valuation allowance on the Company's deferred tax assets, partly offset by a \$363,000 non-cash U.S. income tax provision. In reporting periods subsequent to the reversal of the valuation allowance, the Company's reported financial results will include a substantially non-cash provision for income taxes based upon the full prevailing blended federal and state tax rates. As a result, the Company's future reported net income and earnings per share will be materially negatively impacted.

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 8-K/A

The domestic and international leisure travel industry is seasonal. The results of Online Vacation Center Holdings, Inc.'s have been subject to quarterly fluctuations caused primarily by the seasonal variations in the travel industry. Net revenues and net income are generally higher in the second and fourth quarters. The Company expects seasonality to continue in the future. The Company's quarterly results of operations may also be subject to fluctuations as a result of the timing and cost of acquisitions and mergers, changes in the mix of services offered by Online Vacation Center Holdings, Inc. as a result of acquisitions and mergers, internal growth rates, fare wars by travel providers, changes in relationships with certain travel providers, the timing of the payment of overrides by travel providers, extreme weather conditions or other factors affecting travel. Unexpected variations in quarterly results could also adversely affect the price of the common stock, which in turn could limit the ability of Online Vacation Center Holdings, Inc. to expand.

The travel service industry is extremely competitive and has low barriers to entry.

The travel service industry is extremely competitive and has low barriers to entry. Online Vacation Center Holdings, Inc. competes with other distributors of travel services, travel providers, travel agents, tour operators and central reservation service providers, some of which have greater experience, brand name recognition and/or financial resources than Online Vacation Center Holdings, Inc. Online Vacation Center Holdings, Inc.'s travel providers may decide to compete more directly with Online Vacation Center Holdings, Inc. and restrict the availability and/or preferential pricing of their capacity. In addition, other distributors may have relationships with certain travel providers providing better availability or more competitive pricing than that offered by Online Vacation Center Holdings, Inc. Furthermore, some travel agents have a strong presence in their geographic area which may make it difficult for Online Vacation Center Holdings, Inc. to attract customers in those areas.

Online Vacation Center Holdings, Inc.'s operations are dependent on the efforts and relationships of Edward Rudner and will be dependent on the efforts and relationships of the principals of future acquisitions and mergers. If Mr. Rudner or any of these principals become unable to continue in their role, the Company's business could be adversely affected.

Online Vacation Center Holdings, Inc.'s operations are dependent on the efforts and relationships of Edward Rudner. Furthermore, the Company will likely be dependent on the senior management of any businesses acquired in the future. If any of these individuals become unable to continue in their role the Company's business or prospects could be adversely affected. Although the Company has entered into an employment agreement with Mr. Rudner, there can be

no assurance that he will continue in his present capacity for any particular period of time.

Subsequent to the acquisition of Online Vacation Center Holdings, Inc. Edward Rudner has the ability to control the Company's business and corporate affairs.

Edward Rudner and his affiliates beneficially own shares of common stock representing approximately 61% of the total voting power of the common stock of the Company. Mr. Rudner will be able to exercise control over the Company's affairs and be able to elect the entire board of directors and to control the disposition of any matter submitted to a vote of stockholders.

ISSUANCE OF SECURITIES UNDER 2005 MANAGEMENT AND DIRECTOR EQUITY INCENTIVE AND COMPENSATION PLAN AND OTHER UNREGISTERED SALES OF EQUITY SECURITIES

Effective March 16, 2006, the Company made restricted stock grants for an aggregate of 35,000 shares of restricted stock to certain of its employees. The grants were made under the Company's 2005 Management and Director Equity Incentive and Compensation Plan (the "Plan"). Twenty percent of the shares were vested upon grant and the remaining shares will vest in equal installments over a four year period. Pursuant to the grants the Company issued 7,000 shares of common stock to 35 employees. The shares were issued under Section 4(2) of the Securities Act and contain a legend restricting their transferability absent registration or applicable exemption.

AMENDMENT TO PLAN

Also on March 16, 2006, the board of directors of the Company approved amendments to the Plan. The amendments were also approved by Edward Rudner and his affiliates, constituting a majority of the Company's shareholders. The Plan, subject to delivery to the Company's shareholders of record under an information statement, has been amended as follows:

Section 3 of the Plan is amended to provide that awards granted under the Plan to any individual in any calendar year can not exceed 1,000,000 shares and incentive stock options granted under the Plan to any individual in any calendar year cannot exceed 1,000,000 shares.

The provisions of Section 10 of the Plan are deleted, eliminating certain restrictions on exercising rights created under the Plan in the event of a participant's termination of employment.

Section 6(i) of the Plan is amended by defining "cause" for purposes of the Plan, to mean (i) in the case of a grantee whose employment with the Company or a subsidiary is subject to the terms of an employment agreement which includes a definition of "Cause," the meaning set forth in such employment agreement during the period that such employment agreement remains in effect; and (ii) in all other cases, (a) the grantee's failure or refusal to perform such grantee's substantive duties or to follow the lawful directives of the Board or the board of directors of a subsidiary, as applicable (or of any superior officer of the Company or a subsidiary having direct supervisory authority over such grantee); (b) the commission of an act of fraud, theft, breach of fiduciary obligation with respect to the Company or a subsidiary or a violation of any material policies of the Company or a subsidiary, as applicable, of which the grantee has had prior notice; (c) dishonesty, willful misconduct, or gross negligence in the performance of any substantive duties; (d) the indictment for, or conviction of or plea of guilty or nolo contendere to any felony (whether or not involving the Company or a subsidiary) or (e) the violation of any non-competition, confidentiality, conflict of interest or

20

similar provision set forth in an agreement between the grantee and the Company or any of its subsidiaries. Under the original terms of the Plan, "cause" was subject to determination by the Plan committee.

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2005 and 2004

NOTE 1 - BACKGROUND

Overview

Online Vacation Center Holdings, Inc. (the Company) is a Florida holding company incorporated on October 2, 2000, which provides cruise travel services through its wholly owned subsidiary Online Vacation Center, Inc.

History

On March 2, 2001, pursuant to a Stock Purchase Agreement effective as of December 31, 2000, the Company purchased all the common stock of Travel Trails, Inc. d/b/a Mc Michael's Travel Shoppe, (TTI) an American Express Travel Services Representative travel agency located in Broward County, Florida. The acquisition was accounted for using the purchase method of accounting and the cash consideration paid was \$67,000, excluding capitalized acquisition costs of approximately \$10,000. Effective as of the date of the Stock Purchase Agreement TTI changed its name to Online Vacation Center, Inc.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Online Vacation Center Holdings, Inc. and its wholly owned subsidiary. All significant intercompany transactions and balances have been eliminated.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 8-K/A

statements. These estimates and assumptions also affect the reported amounts of revenues, costs and expenses during the reporting period. Management evaluates these estimates and assumptions on a regular basis. Actual results could differ from those estimates.

Revenue Recognition

Revenues are derived from transactions where the Company is the merchant of record and determines the price to the customer. The Company has agreements with suppliers for travel packages that the Company sells. The Company does not have purchase obligations for unsold travel packages. The Company presents revenue in accordance with Staff Accounting Bulletin (SAB) No. 104 "Revenue Recognition in Financial Statements" and Emerging Issues Task Force (EITF) Issue No. 99-19, "Reporting Revenue Gross as a Principal versus Net as an Agent", including the weighing of the relevant qualitative factors regarding the Company's status as a primary obligor, and the extent of their pricing latitude. The method of net revenue presentation does not

F-7

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2005 and 2004

impact operating profit, net income, earnings per share or cash flows. Based upon the Company's evaluation of sales transactions and in accordance with the various indicators identified in EITF Issue No. 99-19, the Company's suppliers assume the majority of the business risks such as providing the service and the risk of unsold travel packages. As such, all sales transactions are recorded at the net amount, which is the amount charged to the customer less the amount paid to the supplier. Sales transactions are billed to customers at the time of booking, however revenue is not recognized on the accompanying consolidated financial statements until the customers' travel occurs.

The Company generally recognized advertising revenues ratably over the advertising period, depending on the terms of the advertising contract. For the years ended December 31, 2005 and 2004, the Company derived no revenues from the sales of advertisements on its internet website. The Company applies EITF Issue No. 99-17, "Accounting for Advertising Barter Transactions", in the valuation and recognition of barter arrangements, however, during the current period, there was no revenue derived from barter agreements.

Concentration of Credit Risk

The Company's business is subject to certain risks and concentrations including dependence on relationships with travel suppliers (primarily cruise lines), and to a lesser extent, exposure to risks associated with online commerce security and credit card fraud. The Company is highly dependent on its relationships with three major cruise lines: Celebrity Cruises, Norwegian Cruise Line, and Royal Caribbean Cruise Line. The Company also depends on third party service providers for processing certain fulfillment services.

Concentrations of credit risk with respect to client accounts receivable are limited because of the Company's policy to require deposits from customers, the number of customers comprising the client base and their dispersion across geographical locations.

Financial instruments, which potentially subject the Company to

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 8-K/A

concentration of credit risk, consist primarily of cash and bank certificates of deposit. These accounts are maintained with financial institutions insured by the Federal Deposit Insurance Corporation (FDIC) up to \$100,000. At December 31, 2005 and 2004, the balances at various financial institutions over the FDIC insured limit relating to cash and cash equivalents and restricted cash were approximately \$2.0 million and \$1.3 million, respectively. The Company believes these balances are not as risk as they are held by sound financial institutions.

Advertising Costs

Substantially all advertising costs are charged to expense as incurred and principally represent direct mail costs and online advertising, including fees paid to search engines and distribution partners. Direct mail advertising costs are recorded as prepaid expenses and charged to expense as consumed. Advertising expense for the years ended December 31, 2005 and 2004 was \$1,083,011 and \$977,762, respectively.

F-8

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2005 and 2004

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. At December 31, 2005 and 2004, cash and cash equivalents include cash on hand and cash in the bank.

Accounts Receivable

Suppliers generally pay commissions between 60 days before to 90 days after travel has commenced, overrides in the first quarter following the period earned, and marketing invoices between 30 days to 90 days after invoice date. The Company determines its allowance by considering a number of factors, including the length of time trade accounts receivable are past due, the Company's previous loss history, the specific supplier's current ability to pay its obligation to the Company and the condition of the general economy and the industry as a whole. The Company writes off accounts receivable when they become uncollectible, and payments subsequently received on such receivables are recognized as revenue in the period received. At December 31, 2005 and 2004, the allowance for doubtful accounts was \$4,317 and \$5,000, respectively.

Restricted Cash

In accordance with Accounting Review Board (ARB) No. 43, Chapter 3A, "Current Assets and Current Liabilities", cash which is restricted as to withdrawal is considered a noncurrent asset. Restricted cash consists of collateral for two letters of credit and a reserve for credit card processing. The Company's credit card processor, Global Payments, holds a \$280,000 reserve for credit cards processed. Global Payments will hold this reserve for as long as the Company uses them as their credit card processor and will release all funds no later than six months after the final transaction deposit. Certificates of deposit of \$35,000 are collateral for two outstanding letters of credit due to expire in 2006. The letters of

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 8-K/A

credit are required by industry and state regulations and will be renewed.

Property and Equipment

Property and equipment, including significant improvements, are recorded at cost. Repairs and maintenance and any gains or losses on dispositions are recognized as incurred. Depreciation and amortization are provided for on a straight-line basis to allocate the cost of depreciable assets to operations over their estimated service lives.

Asset Category	Depreciation/ Amortization Period
Office equipment	2 to 3 Years
Furniture & fixture	5 to 7 Years
Leasehold improvements	6.5 Years

F-9

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2005 and 2004

Goodwill and Indefinite-Lived Intangible Assets

In accordance with Statement of Financial Accounting Standards (SFAS) No. 142, "Goodwill and Other Intangible Assets," goodwill acquired in business combinations is assigned to reporting units that are expected to benefit from the synergies of the combination as of the acquisition date. Under this standard, goodwill and intangibles with indefinite useful lives are no longer amortized. The Company assesses goodwill and indefinite-lived intangible assets for impairment annually at the beginning of the fourth quarter, or more frequently if events and circumstances indicate impairment may have occurred in accordance with SFAS No. 142. If the carrying value of a reporting unit's goodwill exceeds its implied fair value, the Company records an impairment loss equal to the difference. SFAS No. 142 also requires that the fair value of indefinite-lived purchased intangible assets be estimated and compared to the carrying value. The Company recognizes an impairment loss when the estimated fair value of the indefinite-lived purchased intangible assets is less than the carrying value.

Long-Lived Assets

The Company's accounting policy regarding the assessment of the recoverability of the carrying value of long-lived assets, including property and equipment and purchased intangible assets with finite lives, is to review the carrying value of the assets if the facts and circumstances suggest that they may be impaired. If this review indicates that the carrying value will not be recoverable, as determined based on the projected undiscounted future cash flows, the carrying value is reduced to its estimated fair value.

Income Taxes

The Company accounts for income taxes under the liability method. Deferred

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 8-K/A

tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

Comprehensive Income

Comprehensive income is comprised of net income and other comprehensive income. Other comprehensive income includes certain changes in equity that are excluded from net income. At December 31, 2005, there were no items to be included in accumulated other comprehensive income.

Earnings Per Share

Basic earnings per share is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding during the period. Diluted earnings per share reflects the potential dilution that could occur if stock options and other commitments

F-10

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2005 and 2004

to issue common stock were exercised or equity awards vest resulting in the issuance of common stock that could share in the earnings of the Company. As of December 31, 2005, there were no potential dilutive instruments that could result in share dilution.

Stock-Based Compensation

In December 2002, the Financial Accounting Standards Board (FASB) issued SFAS No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure" which amends SFAS No. 123 "Accounting for Stock-Based Compensation". SFAS 148 provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based compensation and also amends the disclosure requirements of SFAS 123. The Company continues to apply the fair value recognition provisions of SFAS 123 and is providing expense for stock based compensation for grants made on and after January 1, 2003. There was no stock-based compensation granted during the years ended December 31, 2005 and 2004, respectively.

Off-Balance Sheet Arrangements

The Company has not entered into any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources and would be considered material to shareholders. Certain officers and directors of the Company have provided personal guarantees to various lenders as required for the extension of credit to the Company.

Recent Accounting Pronouncements

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 8-K/A

Share-Based Payment

In December 2004, the FASB issued a revision of SFAS 123 ("SFAS 123(R)") that requires compensation costs related to share-based payment transactions to be recognized in the statement of operations. With limited exceptions, the amount of compensation cost will be measured based on the grant-date fair value of the equity or liability instruments issued. In addition, liability awards will be remeasured each reporting period. Compensation cost will be recognized over the period that an employee provides service in exchange for the award. SFAS 123(R) replaces SFAS 123 and is effective as of January 1, 2006. Based on zero shares and awards outstanding as of December 31, 2005, the adoption of SFAS 123(R) would have no impact on earnings in 2005.

Nonmonetary Exchange

In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets--An Amendment of Accounting Principles Board (APB) Opinion No. 29, Accounting for Nonmonetary Transactions" ("SFAS 153"). SFAS 153 eliminates the exception from fair measurement for nonmonetary exchanges of similar productive assets in paragraph 21(b) of APB Opinion No. 29, "Accounting for

F-11

ONLINE VACATION CENTER HOLDINGS, INC. AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2005 and 2004

Nonmonetary Transactions," and replaces it with an exception for exchanges that do not have commercial substance. SFAS 153 specifies that a nonmonetary exchange has commercial substance if the future cash flows of the entity expected to change significantly as a result of the exchange. SFAS 153 is effective for fiscal periods beginning after June 15, 2005. The adoption of SFAS 153 is not expected to have a material impact on the Company's current financial condition or results of operations.

Share-Based Payment

In March 2005, the U.S. Securities and Exchange Commission, or SEC, released Staff Accounting Bulletin 107, "Share-Based Payments," ("SAB 107"). The interpretations in SAB 107 express views of the SEC staff, or staff, regarding the interaction between SFAS 123R and certain SEC rules and regulations, and provide the staff's views regarding the valuation of share-based payment arrangements for public companies. In particular, SAB 107 provides guidance related to share-based payment transactions with non-employees, the transition from nonpublic to public entity status, valuation methods (including assumptions such as expected volatility and expected term), the accounting for certain redeemable financial instruments issued under share-based payment arrangements, the classification of compensation expense, non-GAAP financial measures, first-time adoption of SFAS 123R in an interim period, capitalization of compensation cost related to share-based payment arrangements, the accounting for income tax effects of share-based payment arrangements upon adoption of SFAS 123R, the modification of employee share options prior to adoption of SFAS 123R and disclosures in Management's Discussion and Analysis subsequent to adoption of SFAS 123R. SAB 107 requires stock-based compensation be classified in the same expense lines as cash compensation is reported for the same employees. The Company and management is reviewing SAB 107 in conjunction with its review of SFAS 123R.

Conditional Asset Retirement

In March 2005, the FASB issued FASB Interpretation (FIN) No. 47 -

Edgar Filing: ONLINE VACATION CENTER HOLDINGS CORP - Form 8-K/A

"Accounting for Conditional Asset Retirement Obligations - an Interpretation of SFAS 143 (FIN No. 47). FIN No. 47 clarifies the timing of liability recognition for legal obligations associated with the retirement of a tangible long-lived asset when the timing and/or method of settlement are conditional on a future event. FIN No. 47 is effective no later than December 31, 2005. FIN No. 47 did not impact the Company for the year ended December 31, 2005.

Accounting Changes and Error Corrections

In May 2005, the FASB issued SFAS No. 154, "Accounting Changes and Error Corrections, a Replacement of APB No. 20 and FASB 3 (SFAS No.154). SFAS No. 154 requires retrospective application to prior periods' financial statements of a voluntary change in accounting principle unless it is impracticable. APB Opinion No. 20 "Accounting Changes," previously required that most voluntary changes in accounting principle be recognized by including in net income of the period of the change the cumulative effect of changing to the new accounting principle.

NOTE 5 - INTANGIBLE ASSETS, NET

The acquisition of TTI was accounted for using the purchase method of accounting and goodwill was recorded as a result of this transaction. The Company assesses goodwill and indefinite-lived intangible assets for impairment annually at the beginning of the fourth quarter, or more frequently if events and circumstances indicate impairment may have occurred in accordance with SFAS No. 142. During 2003 the Company determined that the carrying value of the goodwill relating to the TTI acquisition exceeded its implied fair value. The Company recorded an impairment charge related to the write-down of the TTI goodwill of \$61,575, before tax, which was recorded as a component of operating income in the accompanying statement of operations. The write-down was determined by comparing the fair value of the business and the implied value of the goodwill with the carrying amounts on the balance sheet. The write-down primarily resulted from the lack of benefit associated with the TTI

acquisition. The goodwill impairment charge recorded in 2003 resulted from the Company's annual impairment review for goodwill and intangible assets, which took place in the fourth quarter in conjunction with the preparation of year-end financial statements. At December 31, 2005 and 2004 there was no goodwill in the accompanying consolidated balance sheets.

During 2002 the company purchased the rights to the Renaissance Cruises name and customer database. The Company also registered two trade names and marks for Online Vacation Center, Inc. These costs were capitalized and are being amortized over the expected 15-year useful lives of the trademarks. The estimated aggregate amortization expense for each of the five succeeding fiscal years is \$3,776 per year.

Intangible assets consist of the following:
