**ITEM 5. OTHER EVENTS AND REQUIRED FD DISCLOSURE.**

On October 29, 2003, the Board of Directors of Gilead Sciences, Inc. (the **Company**) approved an amendment to the Company's Amended and Restated Rights Agreement, originally adopted as of November 21, 1994 and amended and restated as of October 21, 1999 (the **Rights Agreement**). The amendment provides, among other things, for an increase in the exercise price of the rights under the Rights Agreement to \$400 from \$100 per one four-hundredth of a share of Series A Junior Participating Preferred Stock, par value \$0.001 per share (as adjusted to reflect the two-for-one stock splits effected in the form of stock dividends to stockholders of record as of February 2, 2001 and February 14, 2002), and an extension of the expiration date of the rights to October 27, 2013. The rights will continue to trade with the Company's common stock, unless and until they are separated upon the occurrence of certain future events.

The rights have certain anti-takeover effects. The rights will cause substantial dilution to a person or group that attempts to acquire the Company on terms not approved by the Company's Board of Directors. The rights should not interfere with any merger or other business combination approved by the Board of Directors since the rights may be amended to permit such acquisition or redeemed by the Company at \$0.01 per right prior to the earlier of (i) a person, entity or group of affiliated or associated persons acquiring beneficial ownership of 15% or more of the shares of common stock or (iii) the final expiration date of the rights. The rights may also be redeemed following a person, entity or group of affiliated or associated persons acquiring beneficial ownership of 15% or more of the shares of common stock under certain limited circumstances.
