**Item 12. Results of Operations and Financial Condition.**

The information in this Form 8-K and the Exhibit attached hereto shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

On June 22, 2004, Raining Data Corporation (the Company) issued a press release announcing its results of operations for the fourth quarter and fiscal year ended March 31, 2004. A copy of the Company's press release is attached as Exhibit 99.1 hereto and is incorporated by reference herein. The press release discloses certain financial measures, such as earnings before interest, taxes, depreciation and amortization (EBITDA), that are not in accordance with, or an alternative for, generally accepted accounting principles in the United States (GAAP). EBITDA should not be construed as a substitute for net loss or as a better measure of liquidity than cash flow from operating activities, which are determined in accordance with GAAP. EBITDA excludes components that are significant in understanding and assessing the Company's results of operations and cash flows. Since EBITDA is not a term defined by GAAP, the Company's measure of EBITDA might not be comparable to similarly titled measures used by other companies. The Company presents the reconciliation of EBITDA to what the Company deems the most directly comparable GAAP terms of net loss and net cash provided by operating activities.

However, the Company believes that EBITDA is relevant and useful information, which is often reported and widely used by analysts, investors and other interested parties in the Company's industry. Accordingly, the Company is disclosing this information to permit a more comprehensive analysis of our operating performance, to provide an additional measure of performance and liquidity and to provide additional information with respect to the Company's ability to meet future debt service, capital expenditure and working capital requirements.

**SIGNATURES**
