Trustees and Participants of The AES Corporation

Profit Sharing and Stock Ownership Plan

We have audited the accompanying statements of net assets available for benefits of The AES Corporation Profit Sharing and Stock Ownership Plan (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the Table of Contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The schedules are the responsibility of the Plan s management. Such supplemental schedules have been subjected to the auditing procedures applied in our audit of the basic 2003 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic 2003 financial statements taken as a whole.

THE AES CORPORATION PROFIT SHARING AND STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2003 AND 2002

1. PLAN DESCRIPTION

The AES Corporation Profit Sharing and Stock Ownership Plan (the Plan) was established on April 1, 1989, as the successor plan to the Applied Energy Services, Inc. Employee Profit Sharing Plan, the Applied Energy Services, Inc. Employee Stock Ownership Plan, The AES Deepwater Division Employee Profit Sharing Plan, The AES Beaver Valley Division Employee Profit Sharing Plan, and the BV Partners Employee Profit Sharing Plan.

Effective July 15, 2002 and October 10, 2002, all of the assets of The AES Corporation Employee Stock Ownership Plan (ESOP) and the Thermo Ecotek Affiliates Retirement Savings Plan (Thermo Ecotek), respectively, were transferred into the Plan (see Note 7).

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan that covers eligible regularly scheduled full-time and part-time employees of The AES Corporation (the Company or AES) and its participating subsidiaries. Eligible employees may enroll in the Plan upon completing 1,000 hours of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As of December 31, 2003, approximately 64% of the Plan's assets were invested in the common stock of The AES Corporation.

Contributions Participants may make pre-tax contributions to the Plan up to an annual maximum determined by the Internal Revenue Service. Participants may also make after-tax contributions to the Plan. During 2003 and 2002, the Company matched participant pre-tax and after-tax contributions up to 5.0% of compensation, as defined by the Plan, on a dollar for dollar basis. Matching contributions made by the Company are paid in common stock of The AES Corporation.

In addition, unless otherwise provided under the Plan, the Company may make profit sharing contributions to the Plan that are allocated to a participant's account on the basis of the participant's compensation, as defined by the Plan. Profit-sharing contributions are made in the Company's common stock. During 2003 and 2002, the Company contributed 10% and 7.5%, respectively, of compensation as profit sharing allocations.

Edgar Filing: AES CORPORATION - Form 11-K

Participant Accounts Each participant's account is credited with the participant's and the employer's contributions and an allocation of the Plan's earnings or losses. Allocation of earnings or losses are based on balance of each investment type in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

The Plan is intended to constitute a Section 404(c) plan within the meaning of ERISA Section 404(c) and the regulations issued thereunder. These regulations provide relief from certain fiduciary liability to fiduciaries of individual account plans that (i) provide participants a broad range of investment alternatives, and (ii) allow participants to exercise independent control over the investment of the assets in their individual accounts.

Edgar Filing: AES CORPORATION - Form 11-K

Under the terms of the Plan, participants can choose to invest their contributions in common stock of The AES Corporation and various money market and mutual funds including Franklin Small Mid Cap Growth Fund, Van Kampen Growth and Income Fund, Massachusetts Investment Growth Stock Fund, ING Pilgrim International Value Fund, Invesco Financial Services, Pimco Innovation Fund, ING Pilgrim Small Cap Opportunity Fund, Evergreen Worldwide Health Sciences, Pimco Total Return Fund, State Street Aurora Fund, Van Kampen Emerging Growth Fund, AllianceBernstein Small Capital Growth Fund, Calvert Income Fund, Eaton Vance Income of Boston Fund, Calvert Social Investment Equity Fund, Pimco Renaissance Fund, MFS Utilities Fund and in the following Merrill Lynch funds: International Value Fund, Equity Index Trust Fund, Retirement Preservation Trust Fund, Balanced Capital Fund, Basic Value Fund, US Govt Mortgage Fund, Fundamental Growth Fund, Global Small Cap Fund Class A, Global Allocation Fund, or in any combination thereof in increments of 10% at their discretion. Participants can allocate their investment among the common stock of The AES Corporation or any of the funds at their discretion. Such investment options are selected by the administrative committee of the Plan.

The Plan also allows participants the opportunity to direct the investment of all or a portion of their account balance through a self-directed brokerage account whereby participants may purchase certain investments outside those otherwise offered under the Plan.

Vesting Participants are immediately vested in their pre-tax, after-tax and matching contributions including earnings thereon. Vesting in employer profit sharing contributions is based on years of continuous service. A participant vests 20% per year and is fully vested after five years of credited service.

Withdrawals and Distributions The value of participants' contributions plus the value of all vested Company contributions are payable to participants upon retirement, death, or upon termination of employment with the Company. At each participant's election, the entire distribution may be made as a single lump sum payable in common stock of The AES Corporation, cash, or a combination of both. Rollovers are also permitted under the Plan. The participants also have the option of receiving the value of their Plan account in substantially equal cash installments over a period not to exceed twenty years.

Forfeitures Participants who leave the Company who have not completed five years of credited service forfeit the value of the Company's profit sharing contributions in which they are not then vested. Forfeitures are applied to reduce future Company contributions. Forfeitures for the current year total \$63,474.

Administration The Plan is administered by an Administrative Committee appointed by the Board of Directors of the Company. Merrill Lynch Trust Company is the Plan Trustee. Administrative, legal, and all other expenses of the Plan are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General The Plan's financial statements are prepared on the accrual basis of accounting.

Valuation of Investments All money market and other mutual funds are stated at their quoted market prices at December 31, 2003 and 2002. All participant loans are valued at cost, which approximates fair value.

Edgar Filing: AES CORPORATION - Form 11-K

The Company's stock is traded on the New York Stock Exchange (NYSE). The Plan's investment in the Company's stock is stated at quoted market value. At December 31, 2003 and 2002, the quoted market value of the Company's common stock was \$9.44 and \$3.02 per share, respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.
