PROXY STATEMENT
for
ANNUAL MEETING OF STOCKHOLDERS
To be Held June 14, 2005

SOLICITATION AND REVOCABILITY OF PROXIES

Edgar Filing: INTRUSION INC - Form DEF 14A

The enclosed proxy (the Proxy) is being solicited on behalf of the Board of Directors (the Board) of Intrusion Inc. (the Company) for use at the Annual Meeting of Stockholders (the Meeting) to be held at the Radisson Hotel, Dallas North at Richardson, 1981 North Central Expressway, Richardson, Texas, at 10:00 A.M., Local Time, on Thursday, June 14, 2005, or at such other time and place to which the Meeting may be adjourned. Proxies, together with copies of this Proxy Statement, are being mailed to stockholders of record entitled to vote at the Meeting on or about May 12, 2005.

Execution and return of the enclosed Proxy will not affect a stockholder's right to attend the Meeting and to vote in person. Any stockholder executing a Proxy retains the right to revoke it at any time prior to exercise at the Meeting. A Proxy may be revoked by delivery of written notice of revocation to the Secretary of the Company, by execution and delivery of a later Proxy or by voting the shares in person at the Meeting. If you attend the Meeting and vote in person by ballot, your proxy will be revoked automatically and only your vote at the Meeting will be counted. A Proxy, when executed and not revoked, will be voted in accordance with the instructions thereon. In the absence of specific instructions, Proxies will be voted by those named in the Proxy FOR the election as directors of those nominees named in the Proxy Statement, FOR the approval of each of the other proposals described in this Proxy Statement, and in accordance with their best judgment on all other matters that may properly come before the Meeting.

The enclosed form of Proxy provides a method for stockholders to withhold authority to vote for any one or more of the nominees for director while granting authority to vote for the remaining nominees. The names of all nominees are listed on the Proxy. If you wish to grant authority to vote for all nominees, check the box marked FOR. If you wish to withhold authority to vote for all nominees, check the box marked WITHHOLD. If you wish your shares to be voted for some nominees and not for one or more of the others, check the box marked FOR and indicate the name(s) of the nominee(s) for whom you are withholding the authority to vote by writing the name(s) of such nominee(s) on the Proxy in the space provided.

RECORD DATE AND VOTING SECURITIES

Edgar Filing: INTRUSION INC - Form DEF 14A

Only stockholders of record at the close of business on April 20, 2005 are entitled to notice of and to vote at the Meeting. The stock transfer books of the Company will remain open between the record date and the date of the Meeting. A list of stockholders entitled to vote at the Meeting will be available for inspection at the executive offices of the Company. On the April 20, 2005 record date, the Company had 6,138,030 outstanding shares of Common Stock, \$0.01 par value (the Common Stock), 389,088 outstanding shares of 5% Convertible Preferred Stock, par value \$0.01 per share (the 5% Preferred Stock) and 1,065,200 shares of Series 2 5% Convertible Preferred Stock, par value \$0.01 per share (the Series 2 5% Preferred Stock). The holders of Series 2 5% Preferred Stock do not have voting rights other than as required by the Delaware General Corporation Law and with respect to certain limited actions described in Proposal Three. Therefore, the holders of the Series 2 5% Preferred Stock are not entitled to vote with respect to the proposals set forth in this Proxy Statement. In addition, under the rules of the Nasdaq Stock Market, brokers who hold stock in street name have the authority to vote on certain routine matters when they have not received instructions from beneficial owners.

QUORUM AND VOTING

Edgar Filing: INTRUSION INC - Form DEF 14A

The presence at the Meeting, in person or by Proxy, of the holders of a majority of the shares of Common Stock outstanding or issuable upon conversion of the 5% Preferred Stock is necessary to constitute a quorum. Holders of Common Stock are entitled to one vote for each share of Common Stock held on each matter to be voted on at the Meeting including the election of directors. Holders of 5% Preferred Stock are entitled to vote on an as-converted to Common Stock basis with any fractional votes being rounded to the nearest whole vote. As of the record date, each share of 5% Preferred Stock was convertible into 1.59 shares of Common Stock. As a result, each holder of Preferred Stock is entitled to 1.59 votes for each share of Preferred Stock held on each matter to be voted on at the Meeting, including the election of directors. However, the Company will exclude the vote of any holder of Common Stock or 5% Preferred Stock who participated in the private placement described in Proposal Three from the tabulation of votes cast in connection with Proposal Three because of these stockholders' interest therein. As a result, the shares of Common Stock held by these stockholders or issuable upon the conversion of the 5% Preferred Stock held by these stockholders will not be counted for the purpose of determining whether approval of Proposal Three has been obtained, but will be counted for the purpose of determining the presence or absence of a quorum. In addition, the Company will exclude the vote of Mr. Paxton and Mr. Gero from the tabulation of votes cast in connection with Proposal Four because they are interested therein. Therefore, the shares of Common Stock held by Mr. Paxton and Mr. Gero or issuable upon the conversion of the shares of 5% Preferred Stock held by them will not be counted for the purposes of determining whether approval of Proposal Four has been obtained, but will be counted for the purpose of determining the presence or absence of a quorum.

All votes will be tabulated by the inspector of election appointed for the Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on matters presented at the Meeting and will have the same effect as negative votes (other than the election of directors) whereas broker non-votes will not be counted for purposes of determining whether a matter has been approved.

Assuming the presence of a quorum, the following paragraphs describe the vote required by the stockholders of record to approve each of the proposals set forth in this Proxy Statement.

Proposal One. The five nominees receiving the greatest number of votes of the shares of Common Stock outstanding or issuable upon conversion of the 5% Preferred Stock present in person or represented by Proxy at the Meeting and entitled to vote shall be deemed elected even if they receive the affirmative vote of less than a majority of the shares of Common Stock outstanding or issuable upon conversion of the 5% Preferred Stock entitled to be voted at the Meeting. Cumulative voting is prohibited in the election of directors, and Proxies cannot be voted for more than five nominees.

Proposal Two. The affirmative vote of the holders of a majority of the shares of Common Stock outstanding or issuable upon conversion of the 5% Preferred Stock entitled to vote at the Meeting, present in person or by Proxy, is required for the approval of the Company's 2005 Stock Incentive Plan.

Proposal Three. The affirmative vote of the holders of a majority of the shares of Common Stock outstanding or issuable upon conversion of the 5% Preferred Stock entitled to vote at the Meeting, present in person or by Proxy and not excluded from such vote, is required for the approval of the issuance of more than 1,211,605 shares of Common Stock upon conversion or redemption of the Company's Series 2 5% Preferred Stock and the exercise of the warrants (the Private Placement Warrants) issued in the Company's recent private placement.

Proposal Four. The affirmative vote of the holders of a majority of the shares of Common Stock outstanding or issuable upon conversion of the 5% Preferred Stock entitled to vote at the Meeting, present in person or

Edgar Filing: INTRUSION INC - Form DEF 14A

by Proxy and not excluded from such vote, is required for the approval of the issuance of shares of Common Stock upon conversion or redemption of the shares of Series 2 5% Preferred Stock and the exercise of the Private Placement Warrants purchased by Mr. Paxton and Mr. Gero in the Company s recent private placement.

Proposal Five. The affirmative vote of the holders of a majority of the shares of Common Stock outstanding or issuable upon conversion of the 5% Preferred Stock entitled to vote at the Meeting, present in person or by Proxy, is required for the ratification of the appointment of KBA Group LLP as independent auditors.

The Board of the Company unanimously recommends a vote FOR each of the proposals set forth in this Proxy Statement. In addition, as a condition to the private placement, each of the Company's officers and directors have agreed to vote any shares of Common Stock owned by them or issuable upon conversion of the 5% Preferred Stock owned by them in favor of Proposal Three to the extent their votes are not being excluded by the Company.

CORPORATE GOVERNANCE

Board of Directors and Committees

Edgar Filing: INTRUSION INC - Form DEF 14A

The business affairs of the Company are managed under the direction of the Board. The Board meets on a regularly scheduled basis during the fiscal year of the Company to review significant developments affecting the Company and to act on matters requiring Board approval. It also holds special meetings as required from time to time when important matters arise requiring Board action between scheduled meetings. The Board of Directors or its authorized committees met twenty-five times during the 2004 fiscal year. During fiscal year 2004, each director participated in at least 75% or more of the aggregate of (i) the total number of meetings of the Board of Directors (held during the period for which he was a director) and (ii) the total number of meetings of all committees of the Board on which he served (during the period that he served).

The Board has established Audit and Compensation Committees to devote attention to specific subjects and to assist it in the discharge of its responsibilities. The functions of the Audit Committee and the Compensation Committee are described below.

Audit Committee. The Audit Committee is composed of: Donald M. Johnston (Chairman), James F. Gero, and J. Fred Bucy, Jr. Each member of the Audit Committee is independent (as defined in Nasdaq Marketplace Rule 4200). The Audit Committee has at least one financial expert (as defined by Item 401(e) of Regulation S-B). Mr. Bucy is currently the Audit Committee financial expert. The functions performed by the Committee, its membership and the number of meetings held during the fiscal year, is set forth in the Report of the Audit Committee, included in this Proxy Statement. The Audit Committee is governed by a written charter, which was approved by the Audit Committee on March 18, 2004, and attached as Exhibit A to the Company's proxy statement for its 2004 annual meeting of stockholders.

Compensation Committee. The Compensation Committee is empowered to advise management and make recommendations to the Board with respect to the compensation and other employment benefits of executive officers and key employees of the Company. The Compensation Committee also administers the Company's incentive stock option plans (the Stock Option Plans) for officers and key employees and the Company's incentive bonus programs for executive officers and employees. The Compensation Committee is authorized, among other powers, to determine from time to time the individuals to whom options shall be granted, the number of shares to be covered by each option and the time or times at which options shall be granted pursuant to the Stock Option Plans. The Compensation Committee is comprised of Mr. Bucy (Chairman), Mr. Gero and Mr. Johnston, each of whom is an independent director. The Compensation Committee met six times during the 2004 fiscal year.

Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate this Proxy or future filings made by the Company under those statutes, the Compensation Committee Report, the Audit Committee Report, the Audit Committee Charter, references to the independence of Audit Committee members and the Stock Performance Graph are not deemed filed with the Securities and Exchange Commission. They also shall not be deemed incorporated by reference into any of those prior filings or into any future filings made by the Company under those statutes, except the extent the Company specifically incorporates such information by reference in such filings.

Report of the Audit Committee

Edgar Filing: INTRUSION INC - Form DEF 14A

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles, the matters required to be discussed by SAS 61 (Certification of Accounting Standards AU Section 280) and such other matters as are required to be discussed

with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures and the letter from the independent accountants required by the Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees) and considered the compatibility of nonaudit services with the auditors' independence.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee meets with independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held nine meetings during fiscal year 2004.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-KSB for the year ended December 31, 2004 for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended, subject to stockholder ratification, the selection of the Company's independent auditors.

Respectfully submitted,

*AUDIT COMMITTEE
of the Board of Directors
Donald M. Johnston, Audit Committee Chair
James F. Gero, Audit Committee Member
J. Fred Bucy, Jr., Audit Committee Member*

Compensation Committee Report on Executive Compensation

Edgar Filing: INTRUSION INC - Form DEF 14A

General. The Compensation Committee of the Board sets the compensation for the Chief Executive Officer, reviews the design, administration and effectiveness of the compensation programs for other key executives, and approves stock option grants for all executive officers and key employees. The Compensation Committee is currently composed of three non-employee directors who have no interlocking relationships. The data and information included in the various compensation tables appearing elsewhere in this Proxy Statement should be read in conjunction with and deemed to be a part of this report.

Named Executive Officers. This report includes disclosure of the required compensation information for any one acting as the Company's Chief Executive Officer at any time during the year and its four most highly compensated executive officers.

Compensation Objectives. The Company operates in the highly competitive and rapidly changing high technology industry. The Compensation Committee believes that the compensation programs for executive officers of the Company should be designed to attract, motivate and retain talented executives who contribute to the success of the Company and should be determined within a competitive framework based on the achievement of overall business objectives and financial performance and individual contributions. Within this framework, the Compensation Committee's objectives are to: (1) provide a total compensation program competitive with the compensation practices of organizations in the high technology industry of comparable size to the Company; (2) provide annual variable incentive awards based on the Company's overall financial performance relative to corporate objectives; and (3) align the financial interests of executive officers with those of stockholders by providing equity-based incentives.

Base Salary. The salaries of the executive officers, including the Chief Executive Officer, are determined annually by the Compensation Committee with reference to (1) salaries paid to executives with similar responsibilities at companies of a comparable size and sales volume, primarily in the high technology industry, (2) each officer's performance and (3) the Company's overall financial results, without specific weighting being attributed to any of these factors. In setting base salaries, the Company reviews available published executive compensation data for the high technology industry generally as well as the network security industry. This group of companies is a larger and more

diverse group of companies than just the companies comprising the peer group identified in the Stock Performance Graph, but may include such companies if they participated in one or more of the compensation surveys. The Compensation Committee believes that these companies likely compete with the Company for executive talent and that the Company must offer salaries within a competitive market range to attract and retain talented executives. However, the Compensation Committee manages salaries for the executive group as a whole in a conservative fashion in order to place more emphasis on incentive compensation. As a result, the Company believes the base salary of its executive officers is lower than the median compensation in effect for comparable positions in the surveyed data. The Company does not consider the performance of the comparison group in determining compensation of its executive officers.

Incentive Bonus Plan. To reinforce the attainment of corporate objectives, the Compensation Committee believes that a substantial portion of the potential annual compensation of each executive officer should be in the form of variable incentive pay. The incentive cash bonus program for executives is established annually by the Compensation Committee based upon the Company's achievement of sales and/or net income targets established at the beginning of the fiscal year. The incentive plan for executives, other than certain executives in the Company's sales organization, requires a threshold level of Company financial performance before any incentives are awarded. Once the threshold objective for sales and/or net income of a fiscal year is reached, specific formulas are in place to calculate the actual incentive payment for each executive for such year. In fiscal 2004, the Company did not achieve its threshold level of profitability; thus, non-sales executives, including the Chief Executive Officer and the Named Executive Officers other than the Company's Vice President of Worldwide Sales, did not receive any incentive bonus awards. Certain employees in the sales organization, including Eric Gore, the Company's Vice President of Worldwide Sales, received incentive sales commission in fiscal 2004 based upon the Company's sales.

Equity-based Incentives. The goal of the Company's equity-based incentive awards is to align the interests of executive officers with stockholders. The Compensation Committee determines the value allocated to equity-based incentives according to each executive's position within the Company, individual performance, contributions to achievement of corporate objectives and related factors, and grants stock options to create a meaningful opportunity for stock ownership.

The Company has previously adopted three Stock Option Plans (collectively, the Plans), including the 1983 Incentive Stock Option Plan, the 1987 Incentive Stock Option Plan and the 1995 Stock Option Plan (as amended, the 1995 Option Plan), to provide long-term incentive compensation for eligible participants. Generally, executive officers and other key employees of the Company and its subsidiaries are eligible to participate in the Plans; however, non-employee directors of the Company are not eligible to participate in these Plans. These directors participate in the 1995 Director Stock Option Plan (as amended, the 1995 Director Plan), and together with the 1995 Option Plan, the 1995 Plans). Stock option grants under the Plans provide the right to purchase shares of Common Stock at fair market value on the date of grant, or in the case of an optionee who at the time of the grant holds more than 10% of the total combined voting securities of the Company, 110% of the fair market value on the date of grant. Stock options generally vest in a one, three or five-year period and provide terms of five or ten years, as applicable. In 2004, the Compensation Committee approved the grant of stock options pursuant to the Plans to the Named Executive Officers indicated in the tables accompanying this report.

On March 21, 2005, the 1995 Plans expired. The Board approved the 2005 Stock Incentive Plan (the 2005 Plan) on March 17, 2005, as a replacement for these plans. If approved by the stockholders under Proposal Two, the 2005 Plan will become effective on June 14, 2005. A full description of the 2005 Plan can be found in the section *Proposal Two Approval of the 2005 Stock Incentive Plan* of this Proxy Statement.

CEO Compensation. G. Ward Paxton was named President and Chief Executive Officer of the Company on November 28, 2001. He also served as President and Chief Executive Officer of the Company from 1983 until June 2000. Mr. Paxton's base salary was set at \$175,000 for fiscal year 2002, but was decreased to \$122,500 in April 2002 by the Compensation Committee. The salary of Mr. Paxton was decreased in an effort to reduce cost. The base salary for Mr. Paxton was based on personal performance of CEO duties and on salary levels paid to chief executive officers of comparable companies. Mr. Paxton did not receive an incentive bonus award for 2004 because the Company did not achieve its threshold level of profitability established at the beginning of the year.

Compliance with Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers, to the extent that compensation exceeds \$1 million per covered officer in any fiscal year. The limitation applies only to compensation which is not considered to be performance-based. Non-performance based compensation paid to the Company's executive officers for the 2004 fiscal year did not exceed the \$1 million limit per officer, and the Compensation Committee does not anticipate that the non-performance based compensation to be paid to the Company's executive officers for fiscal 2005 will exceed that limit. The Company's 1995 Option Plan and the new 2005 Plan, if approved, have been structured so that any compensation deemed paid in connection with the exercise of option grants made under that plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation which will not be subject to the \$1 million limitation. Because it is unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1 million limit, the Compensation Committee has decided at this time not to take any action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee will reconsider this decision should the individual cash compensation of any executive officer ever approach the \$1 million level.

It is the opinion of the Compensation Committee that the executive compensation policies and plans provide the necessary total remuneration program to properly align the Company's performance and the interests of the Company's stockholders through the use of competitive and equitable executive compensation in a balanced and reasonable manner, for both the short and long-term.

Respectfully submitted,

*COMPENSATION COMMITTEE
of the Board of Directors*

Donald M. Johnston, Compensation Committee Member*

Compensation Committee Interlocks and Insider Participation

Edgar Filing: INTRUSION INC - Form DEF 14A

No member or nominee for election as a member of the Board or any committees of the Board has an interlocking relationship with the board (or member of such board) or any committee (or member of such committee) of a board of any other company.

Nomination of Directors

Edgar Filing: INTRUSION INC - Form DEF 14A

The Company does not have a formal nominating committee. Instead, the independent members of the Board, Mr. Bucy, Mr. Gero and Mr. Johnston, consider nominees and appointees to the Board in accordance with Nasdaq Marketplace Rule 4350. In evaluating candidates to determine if they are qualified to become Board members, these directors consider a number of attributes, including:

personal and professional character, integrity, ethics and values;

general business experience and leadership profile, including experience in corporate management, such as serving as an officer or former officer of a publicly held company, or experience as a board member of another publicly held company;

strategic planning abilities and experience; aptitude in accounting and finance;

expertise in domestic and international markets;

experience in the network security or telecommunications industry;

understanding of relevant technologies;

academics expertise in an area of the Company's operations;

communications and interpersonal skills;

and practical and mature business judgment.

These directors also evaluate board members and nominees' service on the board of other public companies. Although these directors use these and other criteria to evaluate potential nominees, there are no stated minimum criteria for nominees. These directors also evaluate candidates identified by their personal contacts and other Board members.

These directors will also consider nominees proposed by stockholders. Although the Company has no formal policy regarding stockholder nominees, stockholder nominees are viewed in substantially the same manner as other nominees. The consideration of any candidate for director will be based on the assessment of the individual's background, skills and abilities, and if such characteristics qualify the individual to fulfill the needs of the Board at that time. To recommend a prospective nominee for consideration, stockholders should submit the candidate's name and qualifications to the Company's Secretary in writing at the address listed above. There have been no changes to the procedures by which stockholders may recommend nominees to the Board since the date of the Company's proxy statement for its 2004 annual meeting of stockholders. The Company did not receive any recommendations for Board nominees for election at the Meeting from its stockholders.

Communication with the Board

Edgar Filing: INTRUSION INC - Form DEF 14A

The Company does not have formal procedures for stockholder communication with the Board. Any matter intended for the Board, or for any individual member or members of the Board, should be directed to the Company's Secretary at the address of the Company indicated above, with a request to forward the same to the intended recipient. In general, all stockholder communication delivered to the Company's Secretary for forwarding to the Board or specified Board members will be forwarded in accordance with the stockholders instructions, unless the Secretary believes the question or issue may be addressed adequately by the Company's investor relations department. However, the Secretary reserves the right to not forward to Board members any abusive, threatening or otherwise inappropriate materials.

Policy Regarding Board Attendance at Stockholders Meetings

Edgar Filing: INTRUSION INC - Form DEF 14A

Although it has no formal policy requiring attendance, the Company encourages all directors to attend all meetings of stockholders. All of the Company's directors attended its 2004 annual stockholders meeting.

Code of Ethics

Edgar Filing: INTRUSION INC - Form DEF 14A

All of the Company's directors and employees are required to abide by the Company's Code of Business Conduct and Ethics, and the Company's Chief Executive Officer, Chief Financial Officer, and other senior financial employees are also required to abide by the Company's Code of Ethics for Senior Financial Employees, which the Company adopted on March 18, 2004 to comply with the new requirements of Nasdaq and the SEC to insure that the Company's business is conducted in a consistently legal and ethical manner. Both Codes cover all areas of professional conduct, including conflicts of interest, fair dealing and the strict adherence to all laws and regulations applicable to the conduct of the Company's business. The full text of the Codes is published on the Company's website at www.intrusion.com; click on the investor relations tab, and then Code of Ethics. The Company intends to disclose future amendments to, or waivers from, certain provisions of the Codes of Ethics on the Company's website within five business days following the date of such amendment or waiver. Upon the written request of any stockholder, the Company will furnish, without charge, a copy of each of the Codes. This request should be directed to the Company's Secretary at the address indicated above.

PROPOSAL TWO
APPROVAL OF THE 2005 STOCK INCENTIVE PLAN

Edgar Filing: INTRUSION INC - Form DEF 14A

Stockholders are being asked to approve the new 2005 Plan and to authorize 750,000 shares of Common Stock for issuance under the 2005 Plan. The Board approved the 2005 Plan on March 17, 2005, and if approved by the stockholders will become effective on June 14, 2005.

The 2005 Plan will serve as a replacement for the 1995 Director Plan and the 1995 Option Plan which expire by their terms on March 21, 2005. The approval of the 2005 Plan will have no effect on the 1995 Plans or any options granted pursuant to either the 1995 Director Plan or the 1995 Option Plan. All options will continue with their existing terms and will be subject to the 1995 Director Plan or the 1995 Plan, as applicable. No additional options will be granted under either the 1995 Director Plan or the 1995 Option Plan as the plans expired on March 21, 2005. Further, the Company will not be able to re-issue any option which is cancelled or terminated under the 1995 Director Plan or the 1995 Option Plan. As of April 20, 2005, there were 42,500 options outstanding under the 1995 Director Plan and 633,520 options outstanding under the 1995 Option Plan. There were no shares available for future issuance as of April 20, 2005 under the 1995 Director Plan or 1995 Option Plan due to their expiration on March 21, 2005.

The adoption of the 2005 Plan will allow the Company to continue to provide a comprehensive equity incentive program for the Company's officers, employees and non-employee Board members to encourage these individuals to remain in the Company's service and to more closely align their interests with those of the stockholders. The Company relies significantly on equity incentives in the form of stock option grants in order to attract and retain key employees, and it believes that equity incentives are necessary for it to remain competitive in the marketplace for executive talent and other key employees. Option grants made to newly-hired or continuing employees will be based on both competitive market conditions and individual performance.

The following is a summary of the principal features of the 2005 Plan. The summary, however, is not a complete description of all the provisions of the 2005 Plan. The full text of the proposed 2005 Plan is attached to this proxy statement as Appendix A. Any stockholder who wishes to obtain a copy of the actual plan document may do so upon written request to the Company's Corporate Secretary, c/o Intrusion Inc., 1101 E. Arapaho Road, Richardson, Texas 75081.

All share number information reflects the Company's four-for-one reverse stock split effected on March 29, 2004.

Equity Incentive Programs

The 2005 Plan consists of three (3) separate equity incentive programs:

the Discretionary Option Grant Program;

the Stock Issuance Program; and

the Automatic Option Grant Program for non-employee Board members.

The principal features of each program are described below. The Compensation Committee of the Board will have the exclusive authority to administer the Discretionary Option Grant and Stock Issuance Programs with respect to option grants and stock issuances made to the Company's executive officers and non-employee Board members and also will have the authority to make option grants and stock issuances under those programs to all other eligible individuals. However, the Board may at any time appoint a secondary committee of one or more Board members to have separate but concurrent authority with the Compensation Committee to make option grants and stock issuances under those two programs to eligible individuals other than the Company's executive officers and non-employee directors.

The term plan administrator, as used in this summary, will mean the Compensation Committee and any secondary committee, to the extent each committee is acting within the scope of its administrative discretion under the 2005 Plan. However, neither the Compensation Committee nor any secondary committee exercises any administrative discretion under the Automatic Option Grant Program. All grants under Automatic Option Grant Program are made in strict compliance with the express provisions of that program.

Issuable Shares

Edgar Filing: INTRUSION INC - Form DEF 14A

Under this proposal, 750,000 new shares of Common Stock are to be reserved for issuance under the 2005 Plan. No shares have yet been issued under the 2005 Plan.

No participant in the 2005 Plan may receive option grants for more than 100,000 shares of Common Stock in total per calendar year, subject to adjustment for subsequent stock splits, stock dividends and similar transactions. Stockholder approval of this proposal will also constitute approval of this share limitation for purposes of Internal Revenue Code Section 162(m). This limitation, together with the fact that option grants under the Discretionary Option Grant Program to its executive officers will be made by the Compensation Committee and will have an exercise price per share equal to the fair market value per share of Common Stock on the date of grant, should ensure that any deductions to which the Company would otherwise be entitled upon the exercise of stock options granted under the Discretionary Option Grant Program or the subsequent sale of the shares purchased under those options will not be subject to the \$1 million limitation on the income tax deductibility of compensation paid per executive officer imposed under Section 162(m) of the Internal Revenue Code.

If an option expires or is terminated for any reason before all its shares are exercised, the shares not exercised will be available for subsequent option grants or stock issuances under the 2005 Plan. In addition, unvested shares issued under the 2005 Plan and subsequently repurchased by the Company at a price not greater than the original exercise price or issue price paid per share will be added back to the number of shares of common stock reserved for issuance under the 2005 Plan. Accordingly, these repurchased shares will be available for reissuance through one or more subsequent option grants or direct stock issuance under the 2005 Plan.

Eligibility

Edgar Filing: INTRUSION INC - Form DEF 14A

Officers and employees, non-employee Board members and independent contractors in the Company's service or in the service of its parent or subsidiary companies (whether now existing or subsequently established) will be eligible to participate in the Discretionary Option Grant and Stock Issuance Programs. Participation in the Automatic Option Grant Program is limited to non-employee members of the Board.

As of April 20, 2005, approximately 40 employees, including six executive officers and three non-employee Board members were eligible to participate in the Discretionary Option Grant and Stock Issuance Programs. The three non-employee Board members are also eligible to participate in the Automatic Option Grant Program.

Valuation

Edgar Filing: INTRUSION INC - Form DEF 14A

The fair market value per share of Common Stock on any relevant date under the Plan will be deemed to be equal to the closing selling price per share on that date on the Nasdaq Stock Market. On April 20, 2005, the fair market value per share determined on this basis was \$2.20.

Discretionary Option Grant Program

Grants

Edgar Filing: INTRUSION INC - Form DEF 14A

The plan administrator will have complete discretion under the Discretionary Option Grant Program to determine which eligible individuals are to receive option grants, the time or times when those grants are to be made, the number of shares subject to each grant, the status of any granted option as either an incentive stock option or a non-statutory option under federal tax laws, the vesting schedule, if any, to be in effect for the option grant and the maximum term for which any granted option is to remain outstanding.

Price and Exercisability

Edgar Filing: INTRUSION INC - Form DEF 14A

Each granted option will have an exercise price per share not less than 100% of the fair market value of the shares unless otherwise determined by the plan administrator on the date of grant. No granted option will have a term in excess of ten (10) years. The shares subject to each option will generally vest in one or more installments over a specified period

of service measured from the grant date subject to the optionee's continued service. However, one or more options may be structured so that they will be immediately exercisable for any or all of the option shares. The shares acquired under those options will be subject to repurchase by the Company, at the lower of the exercise price paid per share or the fair market value per share, if the optionee ceases service with the Company prior to vesting in those shares.

The exercise price may be paid in cash or in shares of common stock. Outstanding options may also be exercised through a same-day sale program pursuant to which a designated brokerage firm is to effect an immediate sale of the shares purchased under the option and pay to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the exercise price for the purchased shares plus all applicable withholding taxes.

Termination of Service

Edgar Filing: INTRUSION INC - Form DEF 14A

Upon cessation of service, the optionee will have a limited period of time in which to exercise any outstanding option to the extent exercisable for vested shares. The plan administrator will have complete discretion to extend the period following the optionee's cessation of service during which his or her outstanding options may be exercised and/or to accelerate the exercisability or vesting of such options in whole or in part. This discretion may be exercised at any time while the options remain outstanding, whether before or after the optionee's actual cessation of service.

Cancellation/Regrant Program

Edgar Filing: INTRUSION INC - Form DEF 14A

The plan administrator will have the authority to effect, with the consent of the affected option holders, the cancellation of outstanding options under the Discretionary Option Grant Program in return for the grant of new options for the same or a different number of option shares with an exercise price per share based upon the fair market value of the common stock on the new grant date.

Stock Issuance Program

Edgar Filing: INTRUSION INC - Form DEF 14A

Shares of the Company's Common Stock may be issued under the Stock Issuance Program at a price per share not less than 100% of their fair market value, payable in cash. In addition, shares may be issued as a bonus for past services without any cash outlay required of the recipient. Further, shares of common stock may be issued under the Stock Issuance Program pursuant to share right awards which entitle the recipients to receive those shares upon the attainment of designated performance goals or completion of a specified service period. The plan administrator will have complete discretion under this program to determine which eligible individuals are to receive these stock issuances or share right awards, the time or times when these issuances or awards are to be made, the number of shares subject to each issuance or award and the vesting schedule to be in effect for the stock issuance or share rights award (subject to the limitations of Section 162(m) of the Internal Revenue Code described above).

The shares issued may be fully and immediately vested upon issuance or may vest upon the recipient's completion of a designated service period or upon the attainment of pre-established performance goals. The plan administrator will, however, have the discretionary authority at any time to accelerate the vesting of any and all unvested shares outstanding under the Stock Issuance Program.

Any unvested shares for which the requisite service requirement or performance objective is not obtained must be surrendered to the Company for cancellation, and the participant will not have any further stockholder rights with respect to those shares. However, for shares issued for cash or cash equivalents, including a promissory note, the Company will repay the participant the cash amount paid for the surrendered shares without interest and/or shall cancel the unpaid principal balance of any promissory note delivered in payment of those shares.

Outstanding share right awards under the Stock Issuance Program will automatically terminate, and no shares of common stock will actually be issued in satisfaction of those awards, if the performance goals established for such awards are not attained. The plan administrator, however, will have the discretionary authority to issue shares of common stock in satisfaction of one or more outstanding share right awards as to which the designated performance goals are not attained.

However, in order to assure that the compensation attributable to one or more stock issuances under the program will qualify as performance-based compensation which will not be subject to the \$1 million limitation on the income tax deductibility of the compensation paid per executive officer which is imposed under Internal Revenue Code Section 162(m), the plan administrator shall, in its sole discretion, provide that those particular issuances will be contingent upon the actual attainment of certain pre-established performance goals based on one or more of the following criteria:

return on total stockholder equity;

earnings per share of common stock;

net income (before or after taxes);

earnings before interest, taxes, depreciation and amortization;

sales or revenues;

return on assets, capital or investment;

market share;

cost reduction goals;

budget comparisons;

implementation or completion of critical projects or processes;

customer satisfaction;

any combination of, or a specified increase in, any of the foregoing; and

the formation of joint ventures, research or development collaborations, or the completion of other corporate transactions.

In addition, performance goals may be based upon the attainment of specified levels of the Company's performance under one or more of the measures described above relative to the performance of other entities and may also be based on the performance of any of its business units or divisions or subsidiaries. Performance goals may include a minimum threshold level of performance below which no award will be earned, levels of performance at which specified portions of an award will be earned and a maximum level of performance at which an award will be fully earned.

Automatic Option Grant Program

Grant

Edgar Filing: INTRUSION INC - Form DEF 14A

If the stockholders approve the 2005 Plan, then the Automatic Option Grant Program under the 2005 Plan will replace the 1995 Director Plan. No further option grants will be made under the 1995 Director Plan as it expired on March 21, 2005. Stockholder approval of this proposal will also constitute pre-approval of each option granted under the Automatic Option Grant Program on or after the date of the Annual Meeting and the subsequent exercise of that option in accordance with the terms of the program summarized below.

Under the Automatic Option Grant Program of the 2005 Plan, eligible non-employee Board members receive a series of option grants over their period of Board service. Each non-employee Board member will, at the time of his or her initial election or appointment to the Board, receive an option grant for 10,000 shares of Common Stock, provided that individual has not previously been employed by the Company in the preceding six months. In addition, on the date of each annual stockholders meeting, each individual who is to continue to serve as a non-employee Board member will automatically be granted an option to purchase 5,000 shares of Common Stock, provided he or she has served as a non-employee Board member for at least six (6) months. There will be no limit on the number of such 5,000-share option grants any one eligible non-employee Board member may receive over his or her period of continued Board service, and non-employee board members who have previously been one of the Company's employees will be eligible to receive one or more such annual grants over their period of board service.

Option Terms

Edgar Filing: INTRUSION INC - Form DEF 14A

Each automatic grant will have an exercise price per share equal to 100% of the fair market value per share of the Company's Common Stock on the grant date and will have a maximum term of 10 years, subject to earlier termination following the optionee's cessation of Board service. Each automatic option will vest in three (3) successive equal annual

installments upon the optionee's completion of each year of Board service measured from the grant date. Following the optionee's cessation of Board service for any reason, each option will remain exercisable for a 12-month period and may be exercised during that time for any or all shares in which the optionee is vested at the time of the cessation of Board service.

General Provisions

Acceleration

Edgar Filing: INTRUSION INC - Form DEF 14A

In the event that the Company is acquired by merger or asset sale or its stockholders sell more than 50% of the Company's outstanding voting stock pursuant to a successful tender offer, each outstanding option under the Discretionary Option Grant Program that is not to be assumed or replaced by the successor corporation or otherwise continued in effect will automatically accelerate in full, and all unvested shares outstanding under the Discretionary Option Grant and Stock Issuance Programs will immediately vest, except to the extent the Company's repurchase rights with respect to those shares are to be assigned to the successor corporation or otherwise continued in effect. The plan administrator will also have the authority to grant options which will immediately vest upon an acquisition of the Company, whether or not those options are assumed by the successor corporation.

The plan administrator is also authorized under the Discretionary Option Grant and Stock Issuance Programs to grant options and to structure repurchase rights so that the shares subject to those options or repurchase rights will immediately vest upon an acquisition of the Company by merger or asset sale, the successful completion of a tender offer for more than 50% of the Company's outstanding voting stock or a proxy contest for the election of Board members. This accelerated vesting may occur either at the time of the transaction or proxy contest or upon the subsequent involuntary termination of the individual's service within a designated period not to exceed 18 months following the transaction or proxy contest.

The shares subject to each option under the Automatic Option Grant will immediately vest upon an acquisition of the Company by merger or asset sale, the successful completion of a tender offer for more than 50% of the Company's outstanding voting stock or a proxy contest for the election of Board members.

The acceleration of vesting in the event of a change in the ownership or control of the Company may be seen as an anti-takeover provision and may have the effect of discouraging a merger proposal, a takeover attempt or other efforts to gain control of the Company.

Stockholder Rights and Option Transferability

Edgar Filing: INTRUSION INC - Form DEF 14A

No optionee will have any stockholder rights with respect to the option shares until he or she has exercised the option and paid the exercise price for the purchased shares. Options will generally not be assignable or transferable other than by will or the laws of inheritance following the optionee's death, and during the optionee's lifetime, the option may only be exercised by the optionee. However, the plan administrator may structure one or more non-statutory options under the 2005 Plan so that those options will be transferable during the optionee's lifetime to one or more members of the optionee's family or to a trust established for one or more such family members or to the optionee's former spouse, to the extent such transfer is in connection with the optionee's estate or pursuant to a domestic relations order. The optionee may also designate one or more beneficiaries to automatically receive his or her options at death.

Changes in Capitalization

Edgar Filing: INTRUSION INC - Form DEF 14A

Should any change be made to the Common Stock issuable under the 2005 Plan by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding common stock as a class without the Company's receipt of consideration, then appropriate adjustments will be made to:

the maximum number and/or class of securities issuable under the 2005 Plan;

the number and/or class of securities for which any one person may be granted options and direct stock issuances per calendar year under the 2005 Plan;

the number and/or class of securities for which grants are to be made under the Automatic Option Grant Program to new or continuing non-employee Board members; and

the number and/or class of securities and price per share in effect under each outstanding option.

These adjustments to the outstanding options will be effected in a manner which will preclude the enlargement or dilution of rights and benefits under those options.

Financial Assistance

Edgar Filing: INTRUSION INC - Form DEF 14A

The plan administrator may institute a loan program to assist one or more participants in financing the exercise of outstanding options under the Discretionary Option Grant Program or the purchase of shares under the Stock Issuance Program through full-recourse interest-bearing promissory notes to the extent permitted by law. However, the maximum amount of financing provided any participant may not exceed the cash consideration payable for the issued shares plus all applicable taxes incurred in connection with the acquisition of those shares.

Special Tax Election

Edgar Filing: INTRUSION INC - Form DEF 14A

The plan administrator may provide one or more holders of options or unvested share issuances under the 2005 Plan with the right to have the Company withhold a portion of the shares otherwise issuable to these individuals in satisfaction of the withholding taxes to which these individuals become subject in connection with the exercise of those options or the vesting of those shares. Alternatively, the plan administrator may allow these individuals to deliver previously acquired shares of common stock in payment of such withholding tax liability.

Amendment and Termination

Edgar Filing: INTRUSION INC - Form DEF 14A

The Board may amend or modify the Plan at any time, subject to any required stockholder approval pursuant to applicable laws and regulations. Unless sooner terminated by the Board, the 2005 Plan will terminate on the earliest of (1) June 14, 2015, (2) the date on which all shares available for issuance under the 2005 Plan have been issued as fully-vested shares or (3) the termination of all outstanding options in connection with certain changes in control or ownership of the Company.

Federal Income Tax Consequences

Option Grants

Edgar Filing: INTRUSION INC - Form DEF 14A

Options granted under the Discretionary Option Grant Program may be either incentive stock options which satisfy the requirements of Section 422 of the Internal Revenue Code or non-statutory options which are not intended to meet those requirements. All options granted under the Automatic Option Grant Programs will be non-statutory options. The federal income tax treatment for the two types of options differs as follows:

Incentive Options. The optionee recognizes no taxable income at the time of the option grant, and no taxable income is recognized for regular tax purpose at the time the option is exercised, although taxable income may arise at that time for alternative minimum tax purposes. The optionee will, however, recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of a taxable disposition. For Federal tax purposes, dispositions are divided into two categories: (1) qualifying and (2) disqualifying. A qualifying disposition occurs if the sale or other disposition is made after the optionee has held the shares for more than two (2) years after the option grant date and more than one (1) year after the exercise date. If either of these two holding periods is not satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (1) the amount realized upon the sale or other disposition of the purchased shares over (2) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of (1) the fair market value of those shares on the exercise date over (2) the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain or loss recognized upon the disposition will be recognized as a capital gain or loss by the optionee.

If the optionee makes a disqualifying disposition of the purchased shares, then the Company will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the excess of (1) the fair market value of such shares on the option exercise date over (2) the exercise price paid for the shares. The Company will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares.

Non-Statutory Options. No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding requirements applicable to such income.

If the shares acquired upon exercise of the non-statutory option are unvested and subject to repurchase by the Company in the event of the optionee's termination of service prior to vesting in those shares, then the optionee will not recognize any taxable income at the time of exercise but will have to report as ordinary income, as and when this repurchase right lapses, an amount equal to the excess of (1) the fair market value of the shares on the date the repurchase right lapses over (2) the exercise price paid for the shares. The optionee may, however, elect under Section 83(b) of the Internal Revenue Code to include as ordinary income in the year of exercise of the option an amount equal to the excess of (1) the fair market value of the purchased shares on the exercise date over (2) the exercise price paid for such shares. If the Section 83(b) election is made, the optionee will not recognize any additional income as and when the repurchase right lapses.

The Company will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for the Company's taxable year in which the ordinary income is recognized by the optionee.

Direct Stock Issuances

Edgar Filing: INTRUSION INC - Form DEF 14A

The tax principles applicable to direct stock issuances under the 2005 Plan will be substantially the same as those summarized above for the exercise of unvested non-statutory options, if the shares are not vested. If the shares are vested, the recipient of the shares will recognize taxable income upon receipt of the shares in the amount equal to the fair market value of the shares at the time of receipt, less any amount, if any, paid for the shares.

Deductibility of Executive Compensation

Edgar Filing: INTRUSION INC - Form DEF 14A

The Company anticipates that any compensation deemed paid by it in connection with the disqualifying dispositions of incentive stock option shares or the exercise of non-statutory options with exercise prices equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation for purposes of Internal Revenue Code Section 162(m) and will not have to be taken into account for purposes of the \$1 million limitation per covered individual on the deductibility of the compensation paid to certain of its executive officers. Accordingly, all compensation deemed paid with respect to those options will remain deductible by the Company without limitation under Internal Revenue Code Section 162(m).

Accounting Treatment

Edgar Filing: INTRUSION INC - Form DEF 14A

Option grants or stock issuances with exercise or issue prices less than the fair market value of the shares on the grant or issue date will result in a compensation expense to the Company's earnings equal to the difference between the exercise or issue price and the fair market value of the shares on the grant or issue date. This expense will be amortized against the Company's earnings over the period that the option shares or issued shares are to vest.

Option grants or stock issuances with exercise or issue prices equal to the fair market value of the shares at the time of issuance or grant generally will not result in any charge to the Company's earnings, but the Company must disclose, in pro forma statements to its financial statements, the impact those option grants would have upon its reported earnings were the value of those options treated as compensation expense. Whether or not granted at a discount, the number of outstanding options may be a factor in determining the Company's earnings per share on a fully diluted basis.

In addition, beginning January 1, 2006, the Company anticipates adopting the fair value recognition provisions of SFAS 123R. This provision will require the Company to recognize expense attributable to grants of stock options based on their fair values.

Should any outstanding options under the 2005 Plan be repriced, then that repricing will trigger a direct charge to the Company's reported earnings measured by the appreciation in the value of the underlying shares between the grant of the repriced option and the date the repriced option is exercised for those shares or otherwise terminates unexercised.

New Plan Benefits

Edgar Filing: INTRUSION INC - Form DEF 14A

No options have been granted to date under the 2005 Plan. However, if this proposal is approved by the stockholders, then each of the following non-employee Board members will receive an option grant for the indicated number of shares on June 14, 2005 for their continued board service.

(1) Based on the \$2.20 closing price of the Common Stock on the Nasdaq Stock Market on April 20, 2005. However, each of these option grants will have an exercise price per share equal to the closing price per share of common stock on the Nasdaq Stock market on the June 14, 2005 grant date.

Interests of Officers and Directors

Edgar Filing: INTRUSION INC - Form DEF 14A

Upon approval of Proposal Two, the Company's executive officers, including the employee director nominees, Mr. Paxton and Mr. Head, and the Company's non-employee director nominees, Mr. Bucy, Mr. Gero and Mr. Johnston, will be entitled to participate in the 2005 Plan and may receive option grants and stock issuances under the Discretionary Option Grant Program and the Stock Issuance Program. In addition, the non-employee director nominees will receive option grants under the Automatic Option Program as set forth above under *New Plan Benefits*.

The Board recommends a vote FOR this proposal.

PROPOSAL THREE

AUTHORIZATION AND APPROVAL OF THE ISSUANCE OF COMMON STOCK REPRESENTING 20% OR MORE OF THE OUTSTANDING SHARES OF COMMON STOCK OF THE COMPANY UPON CONVERSION OR REDEMPTION OF THE SERIES 2 5% PREFERRED STOCK AND THE EXERCISE OF THE PRIVATE PLACEMENT WARRANTS

Background

Edgar Filing: INTRUSION INC - Form DEF 14A

On March 28, 2005, the Company executed a Securities Purchase Agreement and Registration Rights Agreement with various investors, including G. Ward Paxton, the Company's Chairman, President and Chief Executive Officer, and James F. Gero, a member of the Board, in connection with a private placement. Pursuant to the Securities Purchase Agreement, the purchasers paid the Company an aggregate of \$2,663,000 in consideration for the issuance to them of an aggregate of (1) 1,065,200 shares of Series 2 5% Preferred Stock convertible into shares of Common Stock at an initial conversion price of \$2.50 per share and (2) Private Placement Warrants to purchase up to 532,600 shares of Common Stock at an initial exercise price of \$2.77 per share. The conversion price of the Series 2 5% Preferred Stock was calculated as 85% of the average closing bid price per share of the Common Stock on The Nasdaq SmallCap Market for the five business days ended March 23, 2005, and the exercise price of the Private Placement Warrants was equal to the

closing bid price per share of Common Stock on that date. The closing price of the Company's Common Stock on March 28, 2005, was \$2.70.

As described below, the conversion or redemption of the Series 2 5% Preferred Stock and exercise of the Private Placement Warrants issued in the private placement may result in the Company issuing shares of Common Stock in excess of 1,211,605, or 19.99% of its total number of shares outstanding on March 28, 2005, for a price per share less than the greater of the book value or the market value of the Common Stock on that date. The Board unanimously approved the private placement on March 22, 2005, and believes it is in the best interests of the Company and its stockholders. Therefore, under the terms of the Securities Purchase Agreement, the Company has agreed to include in this Proxy Statement this proposal to approve the issuance of additional shares of its Common Stock for purposes of complying with the rules of Nasdaq. Unless and until the Company obtains the stockholder approval contemplated by this proposal, the purchasers in the private placement cannot convert or redeem their shares of Series 2 5% Preferred Stock or exercise their Private Placement Warrants for more than an aggregate of 1,211,605 shares of Common Stock.

The following summary of the terms of the private placement, the Series 2 5% Preferred Stock and the Private Placement Warrants is qualified by reference to the complete text of (1) the Securities Purchase Agreement executed in connection with the private placement, (2) the Certificate of Designations for the Series 2 5% Preferred Stock filed by the Company with the Delaware Secretary of State on March 24, 2005, (3) the form of Private Placement Warrant and (4) the Registration Rights Agreement executed in connection with the private placement. Each of these documents is attached as Appendices B through E, respectively, to this Proxy Statement.

Terms of the Series 2 5% Preferred Stock

Dividends

Edgar Filing: INTRUSION INC - Form DEF 14A

Holders of Series 2 5% Preferred Stock are entitled to a 5% per annum dividend per share. The dividend accrues and is payable in cash quarterly on the first business day of March, June, September and December of each year, beginning on June 1, 2005. Dividends may increase to 18% per annum upon the occurrence of certain redemption events described below under *Terms of the Series 2 5% Convertible Preferred Stock Redemption*.

Accrued but unpaid dividends are payable upon the conversion or redemption of the shares of the Series 2 5% Preferred Stock and upon a liquidation event. Dividends not paid within five business days of the day they are due accrue daily interest at the lesser of 18% per annum or the maximum rate permitted by law, until the dividends and the accrued interest are paid in cash.

As long as any shares of Series 2 5% Preferred Stock are outstanding, the Company cannot pay dividends or make other distribution on, redeem shares of, or set money aside or create a sinking fund for that purpose for, any shares of capital stock ranking junior to the Series 2 5% Preferred Stock with respect to dividends, including Common Stock. However, this restriction does not apply to the payment of accrued dividends on the 5% Preferred Stock or the conversion of any convertible capital stock in accordance with its terms.

Voting Rights

Edgar Filing: INTRUSION INC - Form DEF 14A

Holders of Series 2 5% Preferred Stock have no voting rights, except as required by law. However, as long as any shares of Series 2 5% Preferred Stock remain outstanding, the Company cannot take any of the following actions without the separate class vote or written consent of all of the then outstanding shares of Series 2 5% Preferred Stock:

alter or change adversely the powers, preferences or privileges of the Series 2 5% Preferred Stock;

alter or amend the Certificate of Designation creating the Series 2 5% Preferred Stock;

authorize or create any class stock ranking senior to, or on an equal basis with, the Series 2 5% Preferred Stock with respect to dividends, redemption or liquidation;

amend its certificate of incorporation, bylaws or other organizational documents in a manner which adversely affects the rights of any of the holders of the Series 2 5% Preferred Stock;

increase the authorized number of shares of Series 2 5% Preferred Stock; or

enter into any agreement to do any of the above.

Conversion

Edgar Filing: INTRUSION INC - Form DEF 14A

The holders of the Series 2 5% Preferred Stock have the option to convert their shares into shares of Common Stock at an initial conversion price of \$2.50 per share. The Company also has the right to force conversion of outstanding shares of Series 2 5% Preferred Stock after March 28, 2006, if the following conditions are met:

the volume weighted average price of the Common Stock must be at least 200% of the conversion price of the Series 2 5% Preferred Stock then in effect, for a period of 20 consecutive trading days immediately preceding the redemption;

the Company notifies the holders of the conversion within one trading day after the Common Stock meets the above trading price requirement;

the Company has honored all requested conversions of Series 2 5% Preferred Stock, if any;

the Company has paid any liquidated damages or other amounts owing on the Series 2 5% Preferred Stock;

the registration statement covering the resale of the shares of Common Stock underlying the Series 2 5% Preferred Stock and Private Placement Warrants is effective and is expected to remain effective;

the Common Stock is traded on the Nasdaq SmallCap Market, the Nasdaq National Market, the New York Stock Exchange, the American Stock Exchange or the OTC Bulletin Board;

the Company has a sufficient number of authorized but unissued shares of Common Stock to permit the conversion;

no event which would give the holders the right to redeem there shares of Series 2 5% Preferred Stock exists;

the issuance of the shares of Common Stock would not cause a relevant holder to exceed the 4.99% beneficial ownership limitation described below; and

the Company has not publicly announced any merger or consolidation, sale of all or substantially all of its assets, tender or exchange offer, reclassification of the Common Stock or any share exchange or any transaction which would constitute a change of control for purposes of the liquidation preference of the Series 2 5% Preferred Stock.

Because the original purchase price and the initial conversion price of the Series 2 5% Preferred Stock are the same, each share is initially convertible into one share of Common Stock. Therefore, if all shares of Series 2 5% Preferred Stock outstanding as of April 20, 2005 could be converted, then upon conversion, the Company would issue 1,065,200 shares of Common Stock.

The Series 2 5% Preferred Stock contains adjustment provisions upon the occurrence of stock splits, stock dividends, combinations, reclassifications or similar events of the Company's capital stock as well as any rights offering or pro rata distribution of cash, property, assets or securities to holders of Common Stock.

A holder of Series 2 5% Preferred Stock cannot convert their shares into shares of Common Stock if that holder would beneficially own greater than 4.99% of the Company's issued and outstanding shares of Common Stock, as determined in accordance with Section 13(d) of the Exchange Act, upon conversion. However, this restriction does not apply to any holder of Series 2 5% Preferred Stock who is one of the Company's directors or officers. Although this restriction does not limit the conversion of the shares of Series 2 5% Preferred Stock purchased by Mr. Paxton or Mr. Gero, neither Mr. Paxton nor Mr. Gero may convert their shares into Common Stock unless Proposal Four is approved.

Rank; Liquidation Preference

Edgar Filing: INTRUSION INC - Form DEF 14A

Shares of Series 2 5% Preferred Stock rank prior to shares of Common Stock and 5% Preferred Stock with respect to the distribution of the Company's assets upon a dissolution, liquidation or other similar event. The liquidation preference for the Series 2 5% Preferred Stock is an amount equal to \$2.50 per share plus any accrued but unpaid dividends.

In addition to a dissolution, liquidation or similar event, the following change of control transactions constitute a liquidation:

an acquisition by an individual, legal entity or group, as defined in Rule 13d-5(b)(1) of the Exchange Act of 1934, as amended, of more than 33% of the Company's voting securities;

a merger or consolidation with or into another entity, after which the Company's stockholders own less than 66% of the aggregate voting power of the surviving corporation;

a sale of all or substantially all of the Company's assets to an entity in which its stockholders own less than 66% of aggregate voting power of the acquiring entity;

a replacement at one time or within one year of more than half the members of the Board which is not approved by the members of the Board or their nominees;

the execution of a binding agreement to effect any of the above transactions.

Redemption

Edgar Filing: INTRUSION INC - Form DEF 14A

Holders of Series 2 5% Preferred Stock can require the Company to redeem all of their shares of Series 2 5% Preferred Stock upon the occurrence of any of the following events:

the failure of the registration statement covering the resale of the shares of Common Stock underlying the Series 2 5% Preferred Stock and Private Placement Warrants to be declared effective by the SEC by November 13, 2005;

the registration statement covering the resale of the shares of Common Stock underlying Series 2 5% Preferred Stock and Private Placement Warrants ceases to be effective or a holder is not permitted to resell its shares of Common Stock registered for resale for more than 90 calendar days in any twelve month period;

the Company's failure to deliver certificates for Common Stock within 10 trading days of a request to convert, or the Company publicly announces that it will not comply with requests to convert;

the Company's failure to comply within 60 days after its default in the provisions of the Registration Rights Agreement requiring it to provide the holders an opportunity to review and comment on the registration statement, to request acceleration within five trading days of the SEC informing it they have no further review of the registration statement or to file a pre-effective amendment to the registration statement within ten trading days after receiving any SEC comments;

the Company's failure to pay a holder any damages that holder incurs as a result of open market purchases to cover sales of Common Stock for which the Company did not timely issue Common Stock certificates on conversion within 10 days after receipt of notice of damages from that holder;

the Company's failure to have a sufficient number of authorized but unissued shares of Common Stock to permit conversion;

the Company's breach of representation, warranty, covenant or agreement in the Securities Purchase Agreement, Registration Rights Agreement, Private Placement Warrants or other transaction documents executed in connection with the private placement which it has not cured within 45 days after notice of the breach;

the Company's redemption of any shares of Common Stock or 5% Preferred Stock, other than conversions of the 5% Preferred Stock and the repurchase of up to \$100,000 per calendar year of Common Stock from employees, officers, directors, consultants and other service providers upon their termination;

the Company becomes party to a change of control transaction that results in a liquidation of the Series 2 5% Preferred Stock; or

the Company files for bankruptcy, whether voluntarily or involuntarily, or made a general assignment for the benefit of creditors.

The redemption price is the sum of (1) the greater of \$3.25 and the product of the volume weighted average price of the Common Stock on the trading day immediately preceding the event multiplied by \$2.50 divided by the conversion price then in effect plus (2) any accrued but unpaid dividends on the Series 2 5% Preferred Stock plus (3) all liquidated damages or other amounts payable to the holders of Series 2 5% Preferred Stock. The redemption price is payable in cash if a redemption event occurs as a result of the Company's failure to deliver stock certificates upon conversion, its public

announcement of its refusal to comply with conversion requests, its failure to pay damages to a holder who is forced to cover a sale for which the Company did not timely issue certificates, its breach of the provisions of any of the agreements executed in connection with the private placement, its becoming party to a change of control transaction or its voluntary bankruptcy. In the case of any other redemption event, a holder has the option to receive a number of shares of the Common Stock equal to the redemption price divided by 75% of the ten-day average of the volume weighted average of the Common Stock ending on the day immediately preceding the holder's election or an increase in the dividends payable per share to 18% per annum. Prior to stockholder approval of this proposal, holders may only elect to increase the dividend. In addition, Mr. Paxton and Mr. Gero will not be able to receive stock upon redemption of their shares of Series 2.5% Preferred Stock unless stockholders also approve Proposal Four. Payment of the redemption price is due within five trading days after the holder provides the Company with a notice of payment, after which the unpaid amount accrues interest daily at a rate equal to the lower of 18% per annum and the highest rate permitted by law.

If stockholders approve this proposal and Proposal Four, the Company would issue approximately 2,098,121 shares of Common Stock if a specified redemption event occurs and all holders of Series 2.5% Preferred Stock elected to redeem their shares for Common Stock, assuming the Company has paid all liquidated damages and other amounts to the holders, no accrued but unpaid dividends, a volume weighted average price of \$2.20, which was the closing price of the Common Stock on April 20, 2005, and the 138,030 shares Common Stock outstanding on April 20, 2005. This would represent an increase of approximately 34.2% in the number of shares of Common Stock as of April 20, 2005.

Terms of the Private Placement Warrants

Edgar Filing: INTRUSION INC - Form DEF 14A

The Private Placement Warrants have an initial exercise price of \$2.77 per share and are exercisable for Common Stock at any time during the period commencing on September 28, 2005 and ending on or before September 28, 2010. The Private Placement Warrants contain a cashless exercise provision, permitting the holder at any time on or after March 28, 2006, in lieu of paying the exercise price, to surrender the warrant for a number of shares of Common Stock determined by multiplying the number of shares of Common Stock underlying the Private Placement Warrant by a fraction based on the exercise price of the Private Placement Warrant and the volume weighted average price of the Common Stock on trading day immediately preceding the exercise date. A holder may only use the cashless exercise if there is no effective registration statement covering the resale of the shares of Common Stock underlying the Private Placement Warrant at the time the holder wishes to exercise.

All of the Private Placement Warrants contain adjustment provisions upon the occurrence of stock splits, stock dividends, combinations, reclassification or similar events of the Company's capital stock as well as pro rata distributions of cash, property, assets or securities to holders of Common Stock.

A holder of a Private Placement Warrant cannot exercise Private Placement Warrants for shares of Common Stock if that holder would beneficially own greater than 4.99% of the Company's issued and outstanding shares of Common Stock, as determined in accordance with Section 13(d) of the Exchange Act, upon exercise. However, this restriction does not apply to any holder of a Private Placement Warrant who is one of the Company's directors or officers. Although this restriction does not currently limit the exercise of the Private Placement Warrants acquired by Mr. Paxton or Mr. Gero, neither Mr. Paxton or Mr. Gero may exercise their Private Placement Warrants for Common Stock unless stockholders approve Proposal Four.

If all Private Placement Warrants could be exercised as of April 20, 2005, the Company would issue an additional 532,600 shares of Common Stock upon the exercise thereof.

Pre-emptive Rights and Restrictions on Future Sales of Equity

Pre-emptive Rights

Edgar Filing: INTRUSION INC - Form DEF 14A

Pursuant to the terms of the Securities Purchase Agreement entered into in connection with the private placement, the Company granted the investors, other than Mr. Paxton and Mr. Gero, who continue to own shares of Series 2 5% Preferred Stock prior to the sale, the right to purchase up to 100% of the securities the Company may offer in certain future sales of securities within 180 days of the effective date of the registration statement covering the resale of the shares of Common Stock underlying the Series 2 5% Preferred Stock and Private Placement Warrants.

The investors' right of purchase will not apply to the following issuances by the Company:

shares issuable upon the conversion of the Series 2 5% Preferred Stock or the exercise of the Private Placement Warrants;

securities it issues to directors, officers, employees and consultants as compensation;

securities issuable upon the exercise of options, warrants or other convertible securities currently outstanding, as long as the Company has not amended these securities to increase the number of shares issuable upon conversion or to decrease the exercise price other than as a result of their respective anti-dilution provisions;

shares of stock issued in connection with a stock split, stock dividend or recapitalization;

securities it issues in connection with commercial lending and lease transactions;

securities it issues in connection with acquisitions or strategic transactions; and

shares of stock it issues in a firm commitment, underwritten public offering with gross proceeds of at least \$30,000,000.

Restrictions of Future Sales

Edgar Filing: INTRUSION INC - Form DEF 14A

The Securities Purchase Agreement also restricts the Company from issuing any shares of Common Stock or other securities convertible or exercisable for Common Stock until the date that is 180 days after the effective date of the registration statement covering the resale of the shares of Common Stock underlying the Series 2 5% Preferred Stock and Private Placement Warrants. In addition, as long as any investor holds Series 2 5% Preferred Stock or Private Placement Warrants, the Company cannot issue debt or equity securities that are convertible or exercisable for shares of Common Stock at a price that varies with the trading price of the Common Stock or is subject to reset for events contingent on the Company's business or the price of the Common Stock or enter into any other agreement, including an equity line of credit, pursuant to which it sells securities at a future determined price. However, these restrictions do not apply to transactions which are exempt from the pre-emptive rights described above.

These provisions may hinder or delay the Company's ability to raise additional debt or equity financing if and when it requires additional capital to operate or grow its business.

Registration Rights

Edgar Filing: INTRUSION INC - Form DEF 14A

In connection with the Securities Purchase Agreement, the Company entered into a Registration Rights Agreement, pursuant to which it is required to file a registration statement to register the 1,579,800 shares of Common Stock issuable upon the conversion of the Series 2 5% Preferred Stock and upon the exercise of the Private Placement Warrants issued to the investors in the private placement. This registration statement will also include 60,390 shares of Common Stock issuable upon the exercise of the warrants the Company issued to two affiliates of Stonegate Securities, Inc., its placement agent for the private placement. Under the terms of the Registration Rights Agreement, the Company may be subject to the payment of partial liquidated damages if any of the following events occurs:

the registration statement is not declared effective by the SEC by the earlier to occur of July 26, 2005 or the fifth trading day after the SEC informs the Company that they have no further review of the registration statement;

the Company fails to request acceleration of the registration statement within five trading days of the SEC informing it they have no further review of the registration statement or to file a pre-effective amendment to the registration statement within ten trading days after receiving any SEC comments; or

the registration statement ceases to be effective or a holder is not permitted to resell its shares of Common Stock registered for resale for more than 30 calendar days in any twelve month period.

The amount of liquidated damages will equal 1% of the aggregate purchase price paid to the Company by the investors in the private placement for the first thirty-day period, and 2% of the aggregate purchase price for each subsequent thirty-day period, each pro rated for any shorter period, following any of the above events. The damages are payable on the monthly anniversary of the date of the event giving rise to the damages. Any damages not paid within

seven days of the date due will accrue daily interest at the lesser of 18% per annum and the maximum amount permitted by law until paid in full. No damages are payable to the affiliates of Stonegate with respect to the shares of Common Stock underlying their warrants or to any person who is one of the Company's officers or directors at the time the payment is due. Therefore, Mr. Paxton and Mr. Gero are not currently entitled to receive any of these damages.

The Company must keep the registration statement effective until the earlier to occur of the date when all the securities covered by the registration statement may be sold without restriction pursuant to Rule 144(k) and the date on which all securities covered by the registration statement have been sold.

Use of Proceeds

Edgar Filing: INTRUSION INC - Form DEF 14A

The Company intends to use the proceeds from the private placement for general working capital purposes, including ongoing operating expenses, trade payables, the payment of dividends on the Series 2 5% Preferred Stock or the 5% Preferred Stock and expenses in connection with the private placement. However, the Securities Purchase Agreement the Company executed in connection with the private placement restricts it from using the proceeds to pay other debt, to redeem securities or settle litigation. Other than these restrictions, the Company's management will have broad discretion over how it uses the net proceeds of private placement and could spend proceeds in ways with which stockholders do not agree. Pending deployment of the funds, the Company may invest the proceeds in ways that do not yield favorable returns.

None of the shares of Series 2 5% Preferred Stock, the Private Placement Warrants, the warrants the Company issued to the affiliates of Stonegate, or the shares of Common Stock issuable upon conversion or exercise thereof have been registered under the Securities Act of 1933, as amended, and none of these securities may be offered or sold in the United States absent registration or an applicable exemption from registration requirements. This Proxy Statement is neither an offer to sell or solicitation of an offer to buy, nor shall there be any sale of these securities in any state in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such state.

Factors Affecting Current Stockholders

Edgar Filing: INTRUSION INC - Form DEF 14A

While the Board unanimously recommends the approval of the issuance of the Common Stock upon the conversion or redemption of the Series 2 5% Preferred Stock and exercise of the Private Placement Warrants and is of the opinion that the issuance would be fair to, and otherwise in the best interest of, the Company and its stockholders, stockholders should consider the following possible factors as well as other information contained in this Proxy Statement in evaluating this proposal.

Effect of Actual or Potential Future Redemption Below Market Price

Edgar Filing: INTRUSION INC - Form DEF 14A

The redemption provisions of the Series 2 5% Preferred Stock substantially increases the number of shares of Common Stock the Company may issue below the current market price of the Common Stock. These issuances could have a depressive effect on the market price of, and reduce trading activity in, the Common Stock by increasing the amount of shares of Common Stock outstanding and could encourage short sales by the holders of the Series 2 5% Preferred Stock or others which could place further downward pressure on the price of the Common Stock.

Dilution

Edgar Filing: INTRUSION INC - Form DEF 14A

If all of the shares of Series 2 5% Preferred Stock are converted and all of the Private Placement Warrants are fully exercised for cash, and assuming no adjustments to the conversion price or the exercise price, and no other issuances of, or conversions or exchanges into, Common Stock, the number of shares of outstanding Common Stock would increase by approximately 26.0% and significantly dilute the ownership interests and proportionate voting power of the existing holders of Common Stock and 5% Preferred Stock. This dilutive effect increases to approximately 42.9% if a specified redemption event occurs and all holders of Series 2 5% Preferred Stock elected to redeem their shares for Common Stock, assuming the Company has paid all liquidated damages and other amounts to the holders, no accrued but unpaid dividends and the volume weighted average price of the Common Stock is \$2.20, which was the closing price of the Common Stock on April 20, 2005.

Certain Purchasers will become Significant Stockholders

Edgar Filing: INTRUSION INC - Form DEF 14A

Certain of the investors will, upon conversion of their shares of Series 2 5% Preferred Stock and the exercise of their Private Placement Warrants, become significant holders of the Company's voting power or increase their current control over the Company's voting securities. As a result, these purchasers may be able to effect the outcome of all matters brought before the stockholders, including a vote for the election of directors, the approval of mergers and other business combination transactions. Moreover, these holders have various protective voting rights and pre-emptive rights which could hinder or delay the Company's ability to raise additional equity financing if and when required.

Nasdaq Stockholder Approval Requirement

Edgar Filing: INTRUSION INC - Form DEF 14A

The Common Stock is listed on The Nasdaq SmallCap Market. Nasdaq Marketplace Rule 4350 requires that the issuer of stock in a non-public offering secure stockholder approval prior to an issuance where (1) the securities issued are common stock or securities convertible into common stock, (2) the price per share of the securities in the offering is less than the greater of book value or market value of the issuer's common stock and (3) the proposed issuance would result in the issuance of 20% or more of the common stock or voting power of the issuer before the issuance.

Although the \$2.77 exercise price of the Private Placement Warrants is greater than the \$2.70 market price of the Common Stock on March 28, 2005, the date of sale, and the number of shares of Series 2 5% Preferred Stock issuable upon conversion at the price of \$2.50, is only 1,065,200, or approximately 17.6% of the Company outstanding shares on that date, the redemption provisions of the Series 2 5% Preferred Stock permit the holders to redeem their shares for shares of Common Stock at 75% of the ten-day average of the volume weighted average of the Common Stock ending on the day immediately preceding the holder's election to redeem upon the occurrence of certain events described above under *Terms of the Series 2 5% Preferred Stock - Redemption*. Based on the \$2.70 price of the Common Stock and 6,138,030 shares of Common Stock outstanding on March 28, 2005, if a specified redemption event occurred, holders of the Series 2 5% Preferred Stock could redeem their 1,065,200 shares at price of \$3.25 per share for an aggregate of \$3,461,900, and holders would be entitled to redeem their shares of Series 2 5% Preferred Stock for shares of Common Stock at a price of \$2.025.

Using the \$3,461,900 aggregate redemption price, this would result in an additional 1,709,580 shares of Common Stock being issued, an increase of approximately 28.2% of the Company's 6,138,030 shares outstanding on March 28, 2005. Under the Nasdaq rule described above, the Company is prohibited from issuing more than 1,211,605 shares of Common Stock, or 19.99% of its total number of shares outstanding on March 28, 2005, upon conversion or redemption of the Series 2 5% Preferred Stock or the exercise of the Private Placement Warrants, unless stockholder approval is obtained. Thus, stockholders must vote in favor of this proposal in order for the purchasers in the private placement to be able to convert or redeem their shares of Series 2 5% Preferred Stock or exercise their Private Placement Warrants without restriction.

Reasons for the Private Placement

Edgar Filing: INTRUSION INC - Form DEF 14A

The Company intends to use the proceeds from the private placement for general working capital and corporate purposes as described above under *Use of Proceeds*.

The Board and members of management of the Company reviewed and considered numerous financing alternatives prior to completing the private placement. The Board unanimously approved the private placement, the issuance of the Series 2.5% Preferred Stock and Private Placement Warrants and related matters. In so doing, the Board considered a number of factors including:

the Company's continuing liquidity needs to operate and grow its business;

the unavailability of alternative financing on acceptable terms; and

the Company's need to maintain its stockholders' equity in accordance with Nasdaq continued listing requirements.

Principal Effects of Approval or Nonapproval

Edgar Filing: INTRUSION INC - Form DEF 14A

In the event that stockholders approve this proposal, the Company may initially issue more than 1,211,605 shares of Common Stock upon the conversion or redemption of the Series 2 5% Preferred Stock and the exercise of the Private Placement Warrants.

If stockholder do not approve this proposal, the Company has agreed to continue to call a meeting of stockholders every four months after the date of the Meeting in order to seek approval of the issuance of these shares until the earlier to occur of the date the Company finally receives approval and the date no shares of Series 2 5% Preferred Stock remain outstanding. The cost of additional meetings, the preparation, filing and mailing of the related proxy statements and the solicitation of proxies can be substantial and could strain the Company's cash resources and distract management's time and attention away from the Company's day-to-day business operations. Further, unless approval is obtained, in the event of the specified redemption events, holders of Series 2 5% Preferred Stock will only be able to elect to increase the dividends on their shares to 18% per annum, which also could deplete the Company's available cash.

In the opinion of the Board, a failure of the stockholders to approve this proposal could have a serious detrimental effect on the Company's operations and cash resources as well as the ability of the Company to raise future equity financing if and when required.

The Board recommends a vote FOR this proposal.

PROPOSAL FOUR

**APPROVAL OF THE ISSUANCE OF AT LEAST 330,000 SHARES OF COMMON
STOCK UPON THE CONVERSION OR REDEMPTION OF SHARES OF SERIES 2 5%
PREFERRED STOCK AND EXERCISE OF PRIVATE PLACEMENT WARRANTS
ACQUIRED BY G. WARD PAXTON AND JAMES F. GERO**

Background

Edgar Filing: INTRUSION INC - Form DEF 14A

As indicated in Proposal Three, G. Ward Paxton, the Company's Chairman, President and Chief Executive Officer, and James F. Gero, one of the Company's directors, invested a total of \$550,000 in the March 28, 2005 private placement as follows:

	\$ Invested	# Shares of Series 2.5% Preferred Stock	Warrants
G. Ward Paxton	400,000	160,000	80,000
James F. Gero	150,000	60,000	30,000
Total	550,000	220,000	110,000

Mr. Paxton and Mr. Gero participated in the private placement on the same terms and conditions as the other investors as described in Proposal Three, except that they are not entitled to a pre-emptive right to purchase a pro rata portion of certain future sales of securities by the Company or to receive liquidated damages under the provisions of the Registration Rights Agreement executed in connection with the private placement. In addition, even if stockholders approve Proposal Three, neither Mr. Paxton nor Mr. Gero will be able to convert or redeem his shares of Series 2.5% Preferred Stock or exercise his Private Placement Warrants for shares of Common Stock unless stockholders separately also approve this proposal.

The Board, including all of the other members of the Board who did not participate in the private placement, in good faith after due consideration of all facts relevant to its decision, unanimously approved the participation of Mr. Paxton and Mr. Gero in the private placement and the issuance of shares of Common Stock to them in accordance with the terms of the Series 2.5% Preferred Stock and Private Placement Warrants as entirely fair to the Company and its stockholders.

Interest of Mr. Paxton and Mr. Gero

Edgar Filing: INTRUSION INC - Form DEF 14A

If stockholders do not approve this proposal, Mr. Paxton and Mr. Gero will be left with relatively illiquid securities in the form of Series 2 5% Preferred Stock and Private Placement Warrants which cannot be converted, redeemed or exercised for Common Stock. Further, upon approval, Mr. Paxton and Mr. Gero will have the right to purchase or otherwise receive shares of Common Stock below the current market value of the Common Stock. This right is limited to Mr. Paxton and Mr. Gero as participants in the private placement and will not be issued generally to other holders of Common Stock .

Nasdaq Stockholder Approval Requirement

Edgar Filing: INTRUSION INC - Form DEF 14A

Nasdaq Marketplace Rule 4350 generally requires approval of any arrangement pursuant to which officers or directors of a corporation will or may acquire shares of the corporation's common stock at a discount to current market price, unless all holders of common stock are given a similar right. Because the \$2.50 conversion price Series 2 5% Preferred Stock purchased by Mr. Paxton and Mr. Gero permits them to acquire shares of Common Stock at a price lower than the \$2.70 market price of the Common Stock on March 28, 2005, and the shares of Series 2 Preferred Stock include the right to redeem the shares for shares of Common Stock at a discount as described in *Proposal Three Terms of the Series 2 5% Preferred Stock Redemption*, *Factors Affecting Current Stockholders Dilution* and *Nasdaq Stockholder Approval Requirement*, Company must secure stockholder approval of this proposal before Mr. Paxton or Mr. Gero may convert or redeem their shares of Series 2% Preferred Stock or exercise their Private Placement Warrants.

The Board recommends a vote FOR this proposal.

**PROPOSAL FIVE
RATIFICATION OF THE APPOINTMENT
OF INDEPENDENT AUDITORS**

Edgar Filing: INTRUSION INC - Form DEF 14A

The Board has appointed KBA Group LLP to serve as independent auditors of the Company and to audit its consolidated financial statements for fiscal year 2005, subject to ratification by the Company's stockholders at the Meeting. KBA Group LLP has served as the Company's independent auditors since March 2003. To the knowledge of management of the Company, neither such firm nor any of its members has any direct or material indirect financial interest in the Company, nor any connection with the Company in any capacity other than as independent auditors.

Although stockholder ratification and approval of this appointment is not required by the Company's bylaws or otherwise, in keeping with the Company's policy that its stockholders should be entitled to a voice in this regard and as a matter of good corporate practice, the Board is seeking ratification of this appointment. If the appointment is not ratified, the Board must then determine whether to appoint other auditors prior to the end of the current fiscal year. In such case, the opinions of stockholders will be taken into consideration.

Fees Paid to Independent Public Accountants

Edgar Filing: INTRUSION INC - Form DEF 14A

The Audit Committee has reviewed the following audit and non-audit fees the Company has paid to the independent public accountants for purposes of considering whether such fees are compatible with maintaining the auditor's independence. The policy of the Audit Committee is to pre-approve all audit and non-audit services performed by its independent public accountants before the services are performed, including all of the services described below under *Audit-Related Fees*, *Tax Fees* and *All Other Fees* below.

Audited Fees. Estimated fees billed for service rendered by KBA Group LLP for the reviews of Forms 10-Q and for the audit of the consolidated financial statements of the Company were \$59,550 for 2004 and \$41,000 for 2003.

Audited-Related Fees. Aggregate fees billed for all audit-related services rendered by KBA Group LLP consisted of \$7,875 for 2004 and \$20,300 for 2003. These amounts include employee benefit plan audits and consultation on financial accounting and reporting standards and preliminary assessment on Sarbanes Oxley control environment.

Recent Change in Independent Public Accountants

Edgar Filing: INTRUSION INC - Form DEF 14A

On March 11, 2003, the Company appointed KBA Group LLP to serve as its independent public accountants, replacing its former independent public accountants Ernst & Young LLP, effective immediately. This appointment was ratified by the Company's stockholders at its 2003 annual meeting. The decision to change independent auditors was approved by the Company's Board of Directors upon the recommendation and approval of the Audit Committee.

Ernst & Young LLP's reports on the Company's consolidated financial statements for the fiscal years ended December 31, 2002 and December 31, 2003 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the fiscal years ended December 31, 2002 and December 31, 2003 and the interim period prior to its dismissal, there were no disagreements with Ernst & Young LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Ernst & Young LLP's satisfaction, would have caused them to make reference to the subject matter in connection with their reports on the Company's consolidated financial statements and supporting schedules for such years; and there were no reportable events, as listed in Item 304(a)(1)(iv) of Regulation S-B.

The Company provided Ernst & Young LLP with a copy of the foregoing disclosures. A copy of Ernst & Young LLP's letter, dated March 11, 2003, stating their agreement with such statements is attached as Exhibit 16.1 to the Company's Report on Form 8-K as previously filed with the SEC on March 11, 2003.

During the year ended December 31, 2002 and through the date of its dismissal of Ernst & Young, LLP the Company did not consult KBA Group LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of the audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Representatives of KBA Group LLP are expected to be in attendance at the Meeting and will be afforded the opportunity to make a statement. The representatives will also be available to respond to appropriate questions.

The enclosed Proxy will be voted as specified, but if no specification is made, it will be voted in favor of the adoption of the resolution of ratification.

The Board recommends a vote FOR this proposal.

(1) The addresses of the persons or entities shown in the foregoing table who are beneficial owners of more than 5% of the Common Stock or Preferred Stock are as follows: G. Ward Paxton, T. Joe Head and James F. Gero, 1101 East Arapaho Road, Richardson, Texas 75081; Gryphon Master Fund, L.P., 100 Crescent Court, Suite 490, Dallas, Texas 75201; and Enable Growth Partners L.P., One Sansome Street, Suite 2900, San Francisco, CA 94104; and Marshall B. Payne, 500 Crescent Court, Suite 250, Dallas, TX 75201.

(2) Beneficial ownership is calculated in accordance with the rules of the Securities and Exchange Commission in accordance with Rule 13d-3(d)(1). Percentage of beneficial ownership is based on 6,138,030 shares of Common Stock outstanding as of April 20, 2005 and 389,088 shares of 5% Preferred Stock. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of Common Stock subject to options or warrants held by that person that are currently exercisable or will become exercisable within 60 days following April 20, 2005 are deemed outstanding. However, these shares are not deemed outstanding for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated in the footnotes to this table, the persons and entities named in the table have sole voting and sole investment power with respect to all shares beneficially owned, subject to community property laws where applicable.

Certain shares of Common Stock shown as beneficially owned are issuable upon conversion of the 5% Preferred Stock or exercise of warrants the Company issued in a private placement on March 25, 2004. Under the terms of these shares preferred stock and warrants, the shares of 5% Preferred Stock are convertible and the warrants are exercisable only to the extent that the number of shares of common stock issuable pursuant to those securities, together with the number of shares of Common Stock owned by the relevant person and its affiliates (but not including shares of Common Stock underlying unconverted portions of the 5% Preferred Stock or unexercised portions of the warrants) would not exceed 9.9% of the then outstanding Common Stock as determined in accordance with Section 13(d) of the Exchange Act. In addition, certain shares of common stock shown as beneficially owned are issuable upon the conversion of Series 2 5% Preferred Stock issued in a private placement on March 28, 2005. Under the terms of the Series 2 5% Preferred Stock, the shares are convertible only to the extent that the number of shares of Common Stock issuable upon conversion thereof and upon the exercise of the Private Placement Warrants, together with the number of shares of Common Stock owned the relevant person and its affiliates (but not including shares of Common Stock underlying unconverted portions of the Series 2 5% preferred stock or unexercised portions of the Private Placement Warrants) would not exceed 4.99% of the then outstanding common stock as determined in accordance with Section 13(d) of the Exchange Act. However, this restriction does not apply to any

Edgar Filing: INTRUSION INC - Form DEF 14A

holder of the Series 2 5% Preferred Stock who is one of our directors or officers. Although this restriction does not currently limit the conversion of shares of Series 2 5% Preferred Stock by Mr. Paxton or Mr. Gero, neither Mr. Paxton nor Mr. Gero may convert their shares of Series 2 5% Preferred Stock into Common Stock unless stockholders approve Proposal Four. Further, we cannot issue shares of Common Stock to any investor who participated in the March 28, 2005 private placement upon the conversion of their shares of Series 2 5% Preferred Stock if the number of shares to be issued upon the conversion of all of the shares of Series 2 5% preferred stock and all of the Private Placement Warrants exceeds 1,211,605, or 19.99% of our outstanding shares of common stock on March 28, 2005, unless we have received stockholder approval of Proposal Three. Accordingly, the number of shares of common stock set forth in the column under Common Stock entitled

Edgar Filing: INTRUSION INC - Form DEF 14A

Amount and Nature of Beneficial Ownership in the table above exceeds the number of shares of common stock that they could beneficially own at any given time through the ownership of these securities.

(1) The potential realizable value illustrates the value that may be realized upon exercise of the options immediately prior to the expiration of their respective terms, assuming the specified compounded rates of appreciation of the Company's Common Stock over the term of each option. There can be no assurance that the actual stock price appreciation over the option term will be at the assumed 5% and 10% levels or at any other defined level. These potentially realizable values do not take into account provisions of each option providing for termination of the option following cessation of employment, nontransferability or effective vesting over one year. All options granted in 2004 in the table above fully vest after 1 year.

(2) Each option was an incentive stock option to the extent possible by Internal Revenue Service (IRS) rules. All other options were nonqualified stock options. Each option, other than those granted to Michael Paxton, has a term of ten years from date of grant, subject to earlier termination under certain conditions upon cessation of employment of the optionee and become exercisable one year from the date of grant. Such options are not transferable. Options granted to Michael Paxton have a term of five years due to IRS stock ownership rules.

(3) The exercise price per share of each option was equal to 100% of the fair market value of the Common Stock per share on the date of grant other than those granted to Michael Paxton. Mr. Paxton's options were granted at 110% of the fair market value due to IRS stock ownership rules. The Compensation Committee, in its sole discretion, may affect the cancellation of such options in exchange for a new option grant with a lower exercise price equal to the current fair market value per share at the time of cancellation.

Each non-employee director also receives a fee of \$1,000 for each meeting of the Board attended (excluding telephonic meetings) and for each meeting of a committee of the Board attended (exclusive of committee meetings held on the same day as Board meetings). Each non-employee director also receives a fee of \$500 for each telephonic meeting attended. Each non-employee director is also reimbursed for all reasonable expenses incurred in attending such meetings. No director who is an employee of the Company receives any fees for service as a director of the Board. However, G. Ward Paxton and T. Joe Head each earned compensation for his services to the Company as an employee as set forth in the Summary Compensation Table. Neither Mr. Paxton nor Mr. Head received any stock options during 2004 or any additional fees for his services as a director of the Board.

Pursuant to the terms of the 1995 Directors Plan as amended and restated in 2002, each of the Company's non-employee directors is automatically granted an option to purchase 5,000 shares of Common Stock upon joining the Board. Each non-employee director is also automatically granted an option to purchase 2,500 shares on the date of each annual stockholder meeting as long as the director has served as such for at least six months prior to the date of grant. The 1995 Director Plan expired on March 21, 2005.

Under the Automatic Option Grant Program of the 2005 Plan described above in *Proposal Two Approval of the 2005 Stock Incentive Plan Automatic Option Grant Program*, each non-employee director will automatically be granted an option to purchase 10,000 shares of Common Stock upon joining the Board and an option to purchase 5,000 shares of Common Stock on the date of each annual stockholder meeting as long as the director has served at least six months prior to the date of grant. If stockholders approve the 2005 Plan, the Company's non-employee directors will receive the option grants described in *Proposal Two Approval of the 2005 Stock Incentive Plan New Plan Benefits*.

Employment Agreement with Mr. Bawcom

Edgar Filing: INTRUSION INC - Form DEF 14A

The agreement has a two-year term, during which the Company will pay Mr. Bawcom an annual base salary of \$175,000. In addition, the Company agreed to pay Mr. Bawcom a lump sum retention bonus of \$175,000, which vests in 24 equal monthly installments. Mr. Bawcom must return any unvested portion of the bonus upon his voluntary resignation or termination by the Company with cause. March 25, 2004 Private Placement

Edgar Filing: INTRUSION INC - Form DEF 14A

On March 25, 2004, the Company completed a \$5,000,000 private placement of 1,000,000 shares of its 5% Preferred Stock and warrants to purchase 556,619 shares of its Common Stock at an initial exercise price of \$3.144 per share to various purchasers. The following executive officers, directors and 5% beneficial holders participated in the private placement:

Name	Relationship	Amount Invested	Shares of 5% Preferred Stock	Warrants
G. Ward Paxton	Chairman, President, Chief Executive Officer and Director	\$ 700,000	140,000	77,926
James F. Gero	Director	\$ 300,000	60,000	33,397
Gryphon Master Fund, L.P.	5% Stockholder	\$ 1,150,000	230,000	128,022
Enable Growth Partners L.P.	5% Stockholder	\$ 450,000	90,000	50,095
Marshall B. Payne	5% Stockholder	\$ 100,000	20,000	44,529

In connection with the private placement, the Company granted each investor, other than Mr. Paxton and Mr. Gero, who continues to own shares of Preferred Stock prior to the sale, the right to purchase a pro rata portion of certain future sales of securities by the Company based on the ratio of the number of shares of Common Stock held by that eligible investor, including any shares of Common Stock issuable upon conversion of the 5% Preferred Stock and the exercise of the warrants owned by that eligible investor, to the total number of shares of Common Stock outstanding immediately prior to the sale, assuming the conversion of outstanding 5% Preferred Stock and the exercise of the outstanding warrants.

However, if the future sale is at a price below the average trading price of Common Stock for the ten days preceding the sale, each of the eligible investors will have the right to purchase a pro rata portion of the new securities based on the ratio of the number of shares of Common Stock owned by that eligible investor, assuming the conversion of the 5% Preferred Stock and the exercise of the warrants owned by that investor, to the total number of shares of Common Stock then owned by all the eligible investors, assuming the conversion of all outstanding 5% Preferred Stock and the exercise of all outstanding warrants. This right to purchase expired on March 25, 2005. Prior to its expiration, Enable Growth Partners L.P. exercised its right to purchase in order to participate in the Company's private placement completed on March 28, 2005 as described below under *March 28, 2005 Private Placement*.

As part of the private placement, the Company entered into a Registration Rights Agreement, pursuant to which it agreed file a registration statement to register the shares of Common Stock issuable upon the conversion of the preferred stock and upon the exercise of the warrants issued to the investors in the private placement. Because the Company failed to have the registration statement declared effective by July 24, 2004, the terms of the Registration Rights Agreement required the payment of liquidated damages to the investors equal to 2% of the aggregate purchase price paid to the Company in the private placement for each thirty-day period, pro rated for any shorter period, that the effectiveness of the registration statement was delayed. The registration statement was declared effective on August 6, 2004, and the Company paid Gryphon and Enable liquidated damages of \$9,967 and \$3,900 respectively. Mr. Paxton and Mr. Gero agreed to waive the payment of their liquidated damages.

The following executive officers, directors and 5% beneficial holders participated in the private placement:

Name	Relationship	Amount Invested	Shares of Preferred Stock	Warrants
G. Ward Paxton	Chairman, President, Chief Executive Officer and Director	\$ 400,000	160,000	80,000
James F. Gero	Director	\$ 150,000	60,000	30,000
Enable Growth Partners L.P.	5% Stockholder	\$ 500,000	200,000	100,000
Marshall B. Payne	5% Stockholder	\$ 100,000	40,000	20,000

The terms of this private placement are described in Proposals Three and Four.

Since January 1, 2004, there have been no other transactions, or currently proposed transactions, between the Company and any of its executive officers, directors or 5% beneficial holders, or member of the immediate family of the foregoing persons, in which one of the foregoing individuals or entities had an interest of more than \$60,000.

Appendix A

2005 Incentive Stock Plan

INTRUSION INC.

2005 STOCK INCENTIVE PLAN

ARTICLE ONE

GENERAL PROVISIONS

I. PURPOSE OF THE PLAN

This Plan is intended to promote the interests of the Corporation by providing eligible persons, who are employed by or serving the Corporation or any Parent or Subsidiary, with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in the Corporation as an incentive for them to remain in such service and to continue contributing to the on-going success of the Corporation.

Capitalized terms shall have the meanings assigned to such terms in the attached Appendix.

II. STRUCTURE OF THE PLAN

A. The Plan shall be divided into three separate equity incentive programs:

1. the Discretionary Option Grant Program under which eligible persons may, at the discretion of the Plan Administrator, be granted options to purchase shares of Common Stock;
2. the Stock Issuance Program under which eligible persons may, at the discretion of the Plan Administrator, be issued shares of Common Stock directly, either through the immediate purchase of such shares or as a bonus for services rendered the Corporation (or any Parent or Subsidiary); and
3. the Automatic Option Grant Program under which eligible non-Employee Board members shall automatically receive option grants at designated intervals over their period of continued Board service.

B. The provisions of Articles One and Five shall apply to all equity programs under the Plan and shall govern the interests of all persons under the Plan.

III. ADMINISTRATION OF THE PLAN

A. The Primary Committee and the Board shall have concurrent authority to administer the Discretionary Option Grant and Stock Issuance Programs with respect to Section 16 Insiders. Grants made by the entire Board will be not be exempt from the million dollar compensation deduction limitation of Code Section 162(m). Administration of the Discretionary Option Grant and Stock Issuance Programs with respect to all other persons eligible to participate in those programs may, at the Board's discretion, be vested in the Primary Committee or a Secondary Committee, or the Board may retain the power to administer those programs with

respect to all such persons. However, any discretionary option grants or stock issuances for members of the Primary Committee should be authorized by a disinterested majority of the Board.

B. Members of the Primary Committee or any Secondary Committee shall serve for such period of time as the Board may determine and may be removed by the Board at any time. The Board may also at any time terminate the functions of any Secondary Committee and reassume all powers and authority previously delegated to such committee.

C. Each Plan Administrator shall, within the scope of its administrative functions under the Plan, have full power and authority (subject to the provisions of the Plan) to establish such rules and procedures as it may deem appropriate for proper administration of the Discretionary Option Grant and Stock Issuance Programs and to make such determinations under, and issue such interpretations of, the provisions of those programs and any outstanding options or stock issuances thereunder as it may deem necessary or advisable. Decisions of the Plan Administrator within the scope of its administrative functions under the Plan shall be final on all parties who have an interest in the Discretionary Option Grant and Stock Issuance Programs under its jurisdiction or any option or stock issuance thereunder.

D. Service on the Primary Committee or the Secondary Committee shall constitute service as a Board member, and members of each such committee shall accordingly be entitled to full indemnification and reimbursement as Board members for their service on such committee. No member of the Primary Committee or the Secondary Committee shall be liable for any act or omission made in good faith with respect to the Plan or any option grants or stock issuances under the Plan.

E. Administration of the Automatic Option Grant Program shall be self-executing in accordance with the terms of that program, and no Plan Administrator shall exercise any discretionary functions with respect to any option grants or stock issuances made under that program.

IV. ELIGIBILITY

A. The persons eligible to participate in the Discretionary Option Grant and Stock Issuance Programs are as follows:

1. Employees,

2. non-Employee members of the Board or the board of directors of any Parent or Subsidiary, and
3. independent contractors who provide services to the Corporation (or any Parent or Subsidiary).

B. Each Plan Administrator shall, within the scope of its administrative jurisdiction under the Plan, have full authority to determine, (1) with respect to the option grants made pursuant to the Discretionary Option Grant Program, which eligible persons are to receive such grants, the time or times when those grants are to be made, the number of shares to be

covered by each such grant, the status of the granted option as either an Incentive Option or a Non-Statutory Option, the time or times when each option is to become exercisable, the exercise price, the vesting schedule (if any) applicable to the option shares and the maximum term for which the option is to remain outstanding and (2) with respect to stock issuances pursuant to the Stock Issuance Program, which eligible persons are to receive such issuances, the time or times when the issuances are to be made, the number of shares to be issued to each Participant, the vesting schedule (if any) applicable to the issued shares and the consideration for such shares.

C. The Plan Administrator shall have the absolute discretion either to grant options in accordance with the Discretionary Option Grant Program or to effect stock issuances in accordance with the Stock Issuance Program.

D. The individuals who shall be eligible to participate in the Automatic Option Grant Program shall be limited to (1) those individuals who first become non-Employee Board members on or after the Plan Effective Date, whether through appointment by the Board or election by the Corporation's stockholders, and (2) those individuals who continue to serve as non-Employee Board members at one or more Annual Stockholders Meetings held on or after the Plan Effective Date, provided that individual has been a non-Employee Board member for at least six months.

v. STOCK SUBJECT TO THE PLAN

A. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Corporation on the open market. The number of shares of Common Stock reserved for issuance over the term of the Plan shall not exceed 750,000 shares.

B. No one person participating in the Plan may receive options and direct stock issuances pursuant to the Plan for more than 100,000 shares of Common Stock in the aggregate per calendar year.

C. Shares of Common Stock subject to outstanding options granted under the Plan shall be available for subsequent issuance under the Plan to the extent (1) those options expire or terminate for any reason prior to exercise in full or (2) the options are cancelled in accordance with the cancellation-regrant provisions of the Discretionary Option Grant Program. Unvested shares issued under the Plan and subsequently cancelled or repurchased by the Corporation pursuant to the Corporation's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for reissuance through one or more subsequent option grants or direct stock issuances under the Plan. However, should the exercise price of an option granted pursuant to the Plan be paid with shares of Common Stock or should shares of Common Stock otherwise issuable pursuant to the Plan be withheld by the Corporation in satisfaction of the withholding taxes incurred in connection with the exercise of an option or the vesting of a stock issuance made pursuant to the Plan, then the number of shares of Common Stock available for issuance pursuant to the Plan shall be reduced by the gross number of shares for which the option is exercised or which vest under the stock issuance, and not by the net number of shares of Common Stock issued to the holder of such option or stock issuance.

D. If any change is made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration, appropriate adjustments shall be made by the Plan Administrator to (1) the maximum number and/or class of securities issuable pursuant to the Plan, (2) the maximum number and/or class of securities for which any one person may be granted options and direct stock issuances pursuant to the Plan per calendar year, (3) the number and/or class of securities for which grants are subsequently to be made pursuant to the Automatic Option Grant Program to new and continuing non-Employee Board members, and (4) the number and/or class of securities and the exercise price per share in effect under each outstanding option granted pursuant to the Plan. Such adjustments to the outstanding options are to be effected in a manner that shall preclude the enlargement or dilution of rights and benefits under such options. The adjustments determined by the Plan Administrator shall be final.

E. Outstanding awards granted pursuant to the Plan shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

ARTICLE TWO

DISCRETIONARY OPTION GRANT PROGRAM

I. OPTION TERMS

Each option shall be evidenced by one or more documents in the form approved by the Plan Administrator; *provided, however*, that each such document shall comply with the terms specified below. Each document evidencing an Incentive Option shall, in addition, be subject to the provisions of the Plan applicable to such options.

A. Exercise Price.

1. The exercise price per share shall be fixed by the Plan Administrator but shall not be less than 100% of the Fair Market Value per share of Common Stock on the date of grant.

2. The exercise price shall become immediately due upon exercise of the option and shall, subject to the provisions of Section I of Article Five and the documents evidencing the option, be payable in one or more of the forms specified below:

- (i) cash or check made payable to the Corporation,

- (ii) shares of Common Stock held for the requisite period necessary to avoid a charge to the Corporation's earnings for financial reporting purposes and valued at Fair Market Value on the Exercise Date, or

- (iii) to the extent the option is exercised for vested shares, through a special sale and remittance procedure pursuant to which the Optionee shall

concurrently provide irrevocable instructions to (a) a Corporation-designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable income and employment taxes required to be withheld by the Corporation by reason of such exercise and (b) the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

B. **Exercise and Term of Options.** Each option shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the option. However, no option shall have a term in excess of ten years measured from the date the option is granted.

C. **Effect of Termination of Service.**

1. The following provisions shall govern the exercise of any options granted pursuant to the Discretionary Option Grant Program that are outstanding at the time of the Optionee's cessation of Service:

(i) Immediately upon the Optionee's cessation of Service, the option shall terminate with respect to the unvested shares subject to the option.

(ii) Should the Optionee's Service be terminated for Misconduct or should the Optionee otherwise engage in Misconduct, then the option shall terminate immediately with respect to all shares subject to the option.

(iii) Should the Optionee's Service terminate for reasons other than Misconduct, then the option shall remain exercisable during such period of time after the Optionee's Service ceases as shall be determined by the Plan Administrator and set forth in the documents evidencing the option, but no option shall be exercisable after its Expiration Date. During the applicable post-Service exercise period, the option may not be exercised in the aggregate for more than the number of vested shares for which the option is exercisable on the date of the Optionee's Service ceased. Upon the expiration of the applicable exercise period or (if earlier) upon the Expiration Date, the option shall terminate with respect to any vested shares subject to the options.

2. Among its discretionary powers, the Plan Administrator shall have complete discretion, exercisable either at the time an option is granted or at any time while the option remains outstanding, to:

- (i) extend the period of time for which the option is to remain exercisable following the Optionee's cessation of Service, but in no event beyond the Expiration Date, and/or

(ii) permit the option to be exercised, during the applicable post-Service exercise period, not only with respect to the number of vested shares of Common Stock for which such option is exercisable at the time of the Optionee's cessation of Service but also with respect to one or more additional installments in which the Optionee would have vested had the Optionee continued in Service.

D. **Stockholder Rights**. The holder of an option shall have no stockholder rights with respect to the shares subject to the option until such person shall have exercised the option, paid the exercise price and become a holder of record of the purchased shares.

E. **Repurchase Rights**. The Plan Administrator shall have the discretion to grant options that are exercisable for unvested shares of Common Stock. Should the Optionee cease Service while such shares are unvested, the Corporation shall have the right to repurchase any or all of those unvested shares at the exercise price paid per share. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right.

F. **Limited Transferability of Options**. During the lifetime of the Optionee, options shall be exercisable only by the Optionee and shall not be assignable or transferable other than by will or by the laws of inheritance following the Optionee's death. However, a Non-Statutory Option may be assigned in whole or in part during the Optionee's lifetime to one or more members of the Optionee's family or to a trust established exclusively for one or more such family members or to the Optionee's former spouse, to the extent such assignment is in connection with the Optionee's estate plan or pursuant to a domestic relations order. The assigned portion may only be exercised by the person or persons who acquire a proprietary interest in the option pursuant to the assignment. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate. Notwithstanding the foregoing, the Optionee may also designate one or more persons as the beneficiary or beneficiaries of his or her outstanding options granted pursuant to the Plan, and those options shall, in accordance with such designation, automatically be transferred to such beneficiary or beneficiaries upon the Optionee's death prior to the Expiration Date of those options. Such beneficiary or beneficiaries shall take the transferred options subject to all the terms and conditions of the applicable agreement evidencing each such transferred option, including (without limitation) the limited time period during which the option may be exercised following the Optionee's death.

II. INCENTIVE OPTIONS

The terms specified below shall be applicable to all Incentive Options. Except as modified by the provisions of this Section II, all the provisions of Articles One, Two and Five shall be applicable to Incentive Options. Options that are specifically designated as Non-Statutory Options when issued pursuant to the Plan shall *not* be subject to the terms of this Section II.

- A. **Eligibility**. Incentive Options may only be granted to Employees.

A-6

B. **Dollar Limitation.** The aggregate Fair Market Value of the shares of Common Stock (determined as of the respective date or dates of grant) for which one or more options granted to any Employee pursuant to the Plan (or any other option plan of the Corporation or any Parent or Subsidiary) may for the first time become exercisable as Incentive Options during any one calendar year shall not exceed \$100,000. To the extent that an Optionee's options exceed that limit, they will be treated as Non-Statutory Options (but all of the other provisions of the option shall remain applicable), with the first options that were awarded to the Optionee to be treated as Incentive Options.

C. **10% Stockholder.** If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the exercise price per share shall not be less than 110% of the Fair Market Value per share of Common Stock on the date the option is granted, and the Expiration Date shall not be more than five years from the date the option was granted.

III. CORPORATE TRANSACTIONS

A. In the event a Change in Control occurs, the shares of Common Stock at the time subject to each outstanding option granted pursuant to this Discretionary Option Grant Program shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Change in Control, become exercisable for all the shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares as fully vested shares of Common Stock. However, an outstanding option shall not become vested on such an accelerated basis if and to the extent: (1) such option is to be assumed by the successor corporation (or parent thereof) or is otherwise to continue in full force pursuant to the terms of transaction or (2) such option is to be replaced with a cash incentive program of the successor corporation which preserves the spread existing at the time of the Change in Control on any shares for which the option is not otherwise at that time exercisable and provides for subsequent payout of that spread no later than the time the Optionee would vest in those option shares or (3) the acceleration of such option is subject to other limitations imposed by the Plan Administrator at the time of the option grant.

B. All outstanding repurchase rights under the Discretionary Option Grant Program shall automatically terminate, and the shares of Common Stock subject to those terminated rights shall immediately vest in full, immediately prior to the occurrence of a Change in Control, except to the extent: (1) those repurchase rights are to be assigned to the successor corporation (or parent thereof) or are otherwise to continue in full force pursuant to the terms of the transaction or (2) such accelerated vesting is precluded by other limitations imposed by the Plan Administrator at the time the repurchase right is issued.

C. Immediately following the consummation of the transactions contemplated by the Change in Control documentation, all outstanding options granted pursuant to the Discretionary Option Grant Program shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof) or otherwise continued in full force and effect pursuant to the terms of the transaction.

D. Each option granted pursuant to the Discretionary Option Grant Program which is assumed or otherwise continued in effect in connection with a Change in Control shall

A-7

be appropriately adjusted, immediately after such Change in Control, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Change in Control had the option been exercised immediately prior to such Change in Control. Appropriate adjustments to reflect such Change in Control shall also be made to (1) the exercise price payable per share under each outstanding option, provided the aggregate exercise price payable for such securities shall remain the same, (2) the maximum number and/or class of securities available for issuance over the remaining term of the Plan and (3) the maximum number and/or class of securities for which any one person may be granted options and direct stock issuances pursuant to the Plan per calendar year. To the extent the holders of Common Stock receive cash consideration for their Common Stock in consummation of the Change in Control, the successor corporation may, in connection with the assumption of the outstanding options granted pursuant to the Discretionary Option Grant Program, substitute one or more shares of its own common stock with a fair market value equivalent to the cash consideration paid per share of Common Stock in such transaction.

E. Among its discretionary powers, the Plan Administrator shall have the ability to structure an option (either at the time the option is granted or at any time while the option remains outstanding) so that the option shall become immediately exercisable and some or all of the shares subject to that option shall automatically become vested (and some or all of the repurchase rights of the Corporation with respect to the unvested shares subject to that option shall immediately terminate) upon the occurrence of a Change in Control, the consummation of a Proxy Contest or any other specified event or the Optionee's Involuntary Termination within a designated period of time following any of these events. In addition, the Plan Administrator may provide that one or more of the Corporation's repurchase rights with respect to some or all of the shares held by the Optionee at the time of such a Change in Control, Proxy Contest, or any other specified event or the Optionee's Involuntary Termination within a designated period of time following such an event shall immediately terminate and all of the shares shall become vested.

F. The portion of any Incentive Option accelerated in connection with a Change in Control or Proxy Contest shall remain exercisable as an Incentive Option only to the extent the \$100,000 limitation described in Section II.B. above is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such option shall be exercisable as a Non-Statutory Option under the federal tax laws.

ARTICLE THREE

STOCK ISSUANCE PROGRAM

I. STOCK ISSUANCE TERMS

Shares of Common Stock may be issued pursuant to the Stock Issuance Program through direct and immediate issuances without any intervening option grants. Each such stock issuance shall be evidenced by a Stock Issuance Agreement that complies with the terms specified below. Shares of Common Stock may also be issued pursuant to the Stock Issuance Program pursuant to awards that entitle the recipients to receive those shares upon the attainment of designated performance goals or the satisfaction of specified Service requirements.

A. **Purchase Price.**

1. The purchase price per share shall be fixed by the Plan Administrator, but shall not be less than 100% of the Fair Market Value per share of Common Stock on the date of grant.

2. Subject to the provisions of Section I of Article Five, shares of Common Stock may be issued pursuant to the Stock Issuance Program for any of the following items of consideration which the Plan Administrator may deem appropriate in each individual instance:

- (i) cash or check made payable to the Corporation, or
- (ii) past services rendered to the Corporation (or any Parent or Subsidiary).

B. **Vesting Provisions.**

1. Shares of Common Stock issued pursuant to the Stock Issuance Program may, in the discretion of the Plan Administrator, be fully and immediately vested upon issuance or may vest in one or more installments over the Participant's period of Service or upon attainment of specified performance objectives. The elements of the vesting schedule applicable to any unvested shares of Common Stock issued pursuant to the Stock Issuance Program shall be determined by the Plan Administrator and incorporated into the Stock Issuance Agreement. Shares of Common Stock may also be issued pursuant to the Stock Issuance Program pursuant to awards that entitle the recipients to receive those shares upon the attainment of designated performance goals or the satisfaction of specified Service requirements.

2. Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to the Participant's unvested shares of Common Stock by reason of any stock dividend, stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration shall be issued subject to such escrow arrangements as the Plan Administrator shall deem appropriate and shall be vested to the same extent the Participant's shares of Common Stock are vested.

3. The Participant shall have full stockholder rights with respect to any shares of Common Stock issued to the Participant pursuant to the Stock Issuance Program, whether or not the Participant's interest in those shares is vested.

Accordingly, the Participant shall have the right to vote such shares and to receive any regular cash dividends paid on such shares. Cash dividends constitute taxable compensation to the Participant are deductible by the Corporation (unless the Participant has made an election under Section 83(b) of the Code).

4. Should the Participant cease to remain in Service while one or more shares of Common Stock issued pursuant to the Stock Issuance Program are unvested or should the performance objectives not be attained with respect to one or more such unvested shares of Common Stock, then those shares shall be immediately surrendered to the Corporation

for cancellation, and the Participant shall have no further stockholder rights with respect to those shares. To the extent the surrendered shares were previously issued to the Participant for consideration paid in cash or cash equivalent (including the Participant's purchase-money indebtedness), the Corporation shall repay to the Participant the cash consideration paid for the surrendered shares without interest and/or shall cancel the unpaid principal balance of any outstanding purchase-money note of the Participant attributable to the surrendered shares.

5. The Plan Administrator may in its discretion waive the surrender and cancellation of one or more unvested shares of Common Stock that would otherwise occur upon the cessation of the Participant's Service or the non-attainment of the performance objectives applicable to those shares. Such waiver shall result in the immediate vesting of the Participant's interest in the shares of Common Stock as to which the waiver applies. Such waiver may be effected at any time, whether before or after the Participant's cessation of Service or attainment of the applicable performance objectives.

6. Outstanding share right awards granted pursuant to the Stock Issuance Program shall automatically terminate, and no shares of Common Stock shall actually be issued in satisfaction of those awards, if the performance goals or Service requirements established for such awards are not attained or satisfied. The Plan Administrator, however, shall have the discretionary authority to issue shares of Common Stock under one or more outstanding share right awards as to which the designated performance goals or Service requirements have not been attained or satisfied.

II. CORPORATE TRANSACTIONS

A. All of the Corporation's outstanding repurchase rights under the Stock Issuance Program shall terminate automatically, and all the shares of Common Stock subject to those terminated rights shall immediately vest in full, immediately prior to the occurrence of a Change in Control, except to the extent (1) those repurchase rights are to be assigned to the successor corporation (or parent thereof) or are otherwise to continue in full force and effect pursuant to the terms of the transaction or (2) such accelerated vesting is precluded by other limitations imposed in the Stock Issuance Agreement.

B. The Plan Administrator shall have the discretionary authority to structure one or more of the Corporation's repurchase rights under the Stock Issuance Program so that those rights shall automatically terminate in whole or in part, and some or all of the shares of Common Stock subject to those terminated rights shall immediately vest, upon the occurrence of a Change in Control, the consummation of a Proxy Contest or any other event, or the Participant's Involuntary Termination within a designated period of time following any of these events.

ARTICLE Four

AUTOMATIC OPTION GRANT PROGRAM

I. OPTION TERMS

A. **Grant Dates.** Option grants shall be made on the dates specified below:

1. Each individual who is first elected or appointed as a non-Employee Board member at any time on or after the Plan Effective Date shall automatically be granted, on the date of such initial election or appointment, a Non-Statutory Option to purchase 10,000 shares of Common Stock; *provided, however,* such individual has not been employed by the Corporation in the preceding six months.

2. On the date of each annual stockholders meeting (beginning with the first annual stockholders meeting occurring on or after the Plan Effective Date), each individual who is to continue to serve as a non-Employee Board member shall automatically be granted a Non-Statutory Option to purchase 5,000 shares of Common Stock, provided such individual has served as a non-Employee Board member for at least six months. There shall be no limit on the number of such annual option grants any one non-Employee Board member may receive over his or her period of Board service, and non-Employee Board members who have previously been in the employ of the Corporation (or any Parent or Subsidiary) or who have otherwise received one or more option grants from the Corporation prior to the Plan Effective Date shall be eligible to receive one or more such annual option grants over their period of continued Board service.

B. **Exercise Price.** The exercise price per share shall be equal to 100% of the Fair Market Value per share of Common Stock on the date the option is granted.

C. **Option Term.** Each option shall have a term of ten years measured from the date the option is granted.

D. **Exercisability.** Each option shall become exercisable in a series of three successive equal annual installments upon the Optionee's completion of each year of Service as a Board member over the three-year period measured from the date the option is granted.

E. **Termination of Board Service.** The following provisions shall govern the exercise of any options granted to the Optionee pursuant to the Automatic Option Grant Program that are outstanding at the time the Optionee ceases to serve as a Board member:

1. The option shall be exercisable until the earlier to occur of (a) the Expiration Date or (b) the one-year anniversary of the date the Optionee's Board service terminated.

2. During the post-Service exercise period, the option may not be exercised in the aggregate for more than the number of vested shares of Common Stock for which the option is exercisable at the time of the Optionee's cessation of Board service.

3. Should the Optionee's Board service cease due to death or Permanent Disability, then all shares at the time subject to the option shall immediately vest so that such option may be exercised for any or all of those shares as fully vested shares of Common Stock.

4. Upon the expiration of the one year exercise period or (if earlier) upon the Expiration Date, the option shall terminate and cease to be outstanding for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the Optionee's cessation of Board service for any reason other than death or Permanent Disability, terminate and cease to be outstanding to the extent the option is not otherwise at that time exercisable for vested shares.

II. CORPORATE TRANSACTION

A. In the event a Change in Control occurs while the Optionee remains a Board member, the shares of Common Stock at the time subject to each outstanding option that was granted pursuant to this Automatic Option Grant Program shall automatically vest in full so that each such option shall, immediately prior to the effective date of the Change in Control, become exercisable for all the shares subject to the option at that time as fully vested shares of Common Stock and may be exercised for any or all of those vested shares. Immediately following the consummation of the transactions contemplated by the Change in Control documentation, each automatic option grant shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof) or otherwise continued in effect pursuant to the terms of the Change in Control transaction.

B. In the event a Proxy Contest occurs while the Optionee remains a Board member, the shares of Common Stock at the time subject to each outstanding option granted pursuant to this Automatic Option Grant Program shall automatically vest in full so that each such option shall, upon the consummation of the Proxy Contest, become exercisable for all the option shares as fully vested shares of Common Stock and may be exercised for any or all of those vested shares. Such option shall remain exercisable until the *earliest* to occur of (1) the Expiration Date, (2) the expiration of the one-year period measured from the date of the Optionee's cessation of Board service, or (3) the termination of the option in connection with a Change in Control transaction.

C. Each option which is assumed or otherwise continued in effect in connection with a Change in Control shall be appropriately adjusted, immediately after such Change in Control, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Change in Control had the option been exercised immediately prior to such Change in Control. Appropriate adjustments shall also be made to the exercise price payable per share under each outstanding option, *provided* the aggregate exercise price payable for such securities shall remain the same. To the extent the holders of Common Stock receive cash consideration for their Common Stock in consummation of the Change in Control, the successor corporation may, in connection with the assumption of the outstanding options granted pursuant to the Automatic Option Grant Program, substitute one or more shares of its own common stock with a fair market value equivalent to the cash consideration paid per share of Common Stock in such transaction.

III. REMAINING TERMS

The remaining terms of each option granted pursuant to the Automatic Option Grant Program shall be the same as the terms in effect for option grants made pursuant to the Discretionary Option Grant Program.

ARTICLE FIVE

MISCELLANEOUS

I. FINANCING

To the extent permissible under applicable law and regulations (including any prohibitions on the Corporation's ability to make personal loans to Section 16 Insiders), the Plan Administrator may permit any Optionee or Participant to pay the option exercise price under the Discretionary Option Grant Program or the purchase price of shares issued pursuant to the Stock Issuance Program by delivering a full-recourse, interest bearing promissory note payable in one or more installments. The terms of any such promissory note (including the interest rate and the terms of repayment) shall be established by the Plan Administrator in its sole discretion. In no event may the maximum credit available to the Optionee or Participant exceed the sum of (A) the aggregate option exercise price or purchase price payable for the purchased shares (less the par value of such shares) plus (B) any applicable income and employment tax liability incurred by the Optionee or the Participant in connection with the option exercise or share purchase. Prior to permitting the use of promissory notes as payment, the Plan Administrator may wish to consider the restrictions on doing so imposed by Regulation U.

II. TAX WITHHOLDING

A. The Corporation's obligation to deliver shares of Common Stock upon the exercise of options or the issuance or vesting of such shares granted pursuant to the Plan shall be subject to the satisfaction of all applicable income and employment tax withholding requirements.

B. The Plan Administrator may, in its discretion, provide any or all holders of Non-Statutory Options or unvested shares of Common Stock issued pursuant to the Plan (other than the options granted to non-Employee Board members or independent contractors) with the right to use shares of Common Stock in satisfaction of all or part of the Withholding Taxes to which such holders may become subject in connection with the exercise of their options or the vesting of their shares. Such right may be provided to any such holder in either or both of the following formats:

1. Stock Withholding: The election to have the Corporation withhold, from the shares of Common Stock otherwise issuable upon the exercise of such Non-Statutory Option or the vesting of such shares, a portion of those shares. So as to avoid adverse accounting treatment, the number of shares that may be withheld for this purpose shall not exceed the minimum number needed to satisfy the applicable income and employment tax withholding rules.

2. **Stock Delivery:** The election to deliver to the Corporation, at the time the Non-Statutory Option is exercised or the shares vest, one or more shares of Common Stock previously acquired by such holder (other than in connection with the option exercise or share vesting triggering the Withholding Taxes). So as to avoid adverse accounting treatment, the number of shares that may be withheld for this purpose shall not exceed the minimum number needed to satisfy the applicable income and employment tax withholding rules.

III. SHARE ESCROW/LEGENDS

Unvested shares may, in the Plan Administrator's discretion, be held in escrow by the Corporation until the Participant's or the Optionee's interest in such shares vests or may be issued directly to the Participant or the Optionee with restrictive legends on the certificates evidencing those unvested shares.

IV. CANCELLATION AND REGRANT OF OPTIONS

The Plan Administrator shall have the authority to effect, at any time and from time to time, with the consent of the affected option holders, the cancellation of any or all outstanding options granted pursuant to the Plan and to grant in substitution new options covering the same or a different number of shares of Common Stock with an exercise price equal to the Fair Market Value at the time of grant.

V. EFFECTIVE DATE AND TERM OF THE PLAN

A. The Plan shall become effective immediately on the Plan Effective Date. Options may be granted pursuant to the Discretionary Option Grant at any time on or after the Plan Effective Date, and the initial option grants made pursuant to the Automatic Option Grant Program shall also be made on the Plan Effective Date to any non-Employee Board members eligible for such grants at that time.

B. Unless terminated by the Board prior to such time, the Plan shall terminate upon the tenth anniversary of the Plan's adoption by the Board. Should the Plan terminate when options and/or unvested shares are outstanding, such awards shall continue in effect in accordance with the provisions of the documents evidencing such grants or issuances.

VI. AMENDMENTS

Edgar Filing: INTRUSION INC - Form DEF 14A

The Board shall have complete and exclusive power and authority to amend or modify the Plan or any awards made hereunder. However, no such amendment or modification of the Plan shall adversely affect the rights and obligations with respect to options or unvested stock issuances at the time outstanding under the Plan unless the Optionee or the Participant consents in writing to such amendment or modification. In addition, certain amendments to the Plan, including amendments increasing the maximum aggregate number of shares of Common Stock that may be issued under the Plan or changing the class of persons eligible to receive Incentive Options, shall required approval of the Corporation s stockholders.

A-14

VII. USE OF PROCEEDS

Any cash proceeds received by the Corporation from the sale of shares of Common Stock pursuant to the Plan shall be used for any corporate purpose.

VIII. REGULATORY APPROVALS

A. The implementation of the Plan, the granting of any option pursuant to the Plan and the issuance of any shares of Common Stock (1) upon the exercise of any granted option or (2) pursuant to the Stock Issuance Program shall be subject to the Corporation's procurement of all approvals and permits required by regulatory authorities having jurisdiction over the Plan, the options granted pursuant to it and the shares of Common Stock issued pursuant to it.

B. No shares of Common Stock or other assets shall be issued or delivered pursuant to the Plan unless and until there shall have been compliance with all applicable requirements of applicable securities laws, including the filing and effectiveness of the Form S-8 registration statement for the shares of Common Stock issuable pursuant to the Plan, and all applicable listing requirements of any stock exchange or trading system, including the Nasdaq Stock Market, on which Common Stock is then traded.

IX. NO EMPLOYMENT/SERVICE RIGHTS

Nothing in the Plan shall confer upon the Optionee or the Participant any right to continue in Service for any period of specific duration or interfere with or otherwise restrict in any way the rights of the Corporation (or any Parent or Subsidiary employing or retaining such person) or of the Optionee or the Participant, which rights are hereby expressly reserved by each, to terminate such person's Service at any time for any reason, with or without cause.

ARTICLE IV

4.1 **Transfer Restrictions.**

(a) **The Securities may only be disposed of in compliance with state and federal securities laws. As a condition of transfer, any such transferee shall agree in writing to be bound by the terms of this Agreement and shall have the rights of a Purchaser under this Agreement and the Registration Rights Agreement.**

(b) **The Purchasers agree to the imprinting, so long as is required by this Section 4.1(b), of a legend on any of the Securities in the following form:**

[NEITHER] THESE SECURITIES [NOR THE SECURITIES INTO WHICH THESE SECURITIES ARE [EXERCISABLE] [CONVERTIBLE]] HAVE BEEN REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION OR THE SECURITIES COMMISSION OF ANY STATE IN RELIANCE UPON AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE SECURITIES ACT), AND, ACCORDINGLY, MAY NOT BE OFFERED OR SOLD EXCEPT PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT OR PURSUANT TO AN AVAILABLE EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND IN

ACCORDANCE WITH APPLICABLE STATE SECURITIES LAWS AS EVIDENCED BY A LEGAL OPINION OF COUNSEL TO THE TRANSFEROR TO SUCH EFFECT, THE SUBSTANCE OF WHICH SHALL BE REASONABLY ACCEPTABLE TO THE COMPANY. THESE SECURITIES AND THE SECURITIES ISSUABLE UPON EXERCISE OF THESE SECURITIES MAY BE PLEDGED IN CONNECTION WITH A BONA FIDE MARGIN ACCOUNT OR OTHER LOAN SECURED BY SUCH SECURITIES.

The Company acknowledges and agrees that a Purchaser may from time to time pledge pursuant to a bona fide margin agreement with a registered broker-dealer or grant a security interest in some or all of the Securities to a financial institution that is an accredited investor as defined in Rule 501(a) under the Securities Act and who agrees to be bound by the provisions of this Agreement and the Registration Rights Agreement and, if required under the terms of such arrangement, such Purchaser may transfer pledged or secured Securities to the pledgees or secured parties. Such a pledge or transfer would not be subject to approval of the Company and no legal opinion of legal counsel of the pledgee, secured party or pledgor shall be required in connection therewith. Further, no notice shall be required of such pledge. At the appropriate Purchaser's expense, the Company will execute and deliver such reasonable documentation as a pledgee or secured party of Securities may reasonably request in connection with a pledge or transfer of the Securities, including, if the Securities are subject to registration pursuant to the Registration Rights Agreement, the preparation and filing of any required prospectus supplement under Rule 424(b)(3) under the Securities Act or other applicable provision of the Securities Act to appropriately amend the list of Selling Stockholders thereunder.

(c) **Certificates evidencing the Underlying Shares shall not contain any legend (including the legend set forth in Section 4.1(b) hereof): (i) while a registration statement (including the Registration Statement) covering the resale of such security is effective under the Securities Act, or (ii) following any sale of such Underlying Shares pursuant to Rule 144, or (iii) if such Underlying Shares are eligible for sale under Rule 144(k), or (iv) if such legend is not required under applicable requirements of the Securities Act (including judicial interpretations and pronouncements issued by the staff of the Commission). The Company shall cause its counsel to issue a legal opinion to the Company's transfer agent promptly after the Effective Date if required by the Company's transfer agent to effect the removal of the legend hereunder. If all or any shares of Preferred Stock or any portion of a Warrant is converted or exercised (as applicable) at a time when there is an effective registration statement to cover the resale of the Underlying Shares, or if such Underlying Shares may be sold under Rule 144(k) or if such legend is not otherwise required under applicable requirements of the Securities Act (including judicial interpretations thereof) then such Underlying Shares shall be issued free of all legends. The Company agrees that following the Effective Date or at such time as such legend is no longer required under this Section 4.1(c), it will, no later than three Trading Days following the delivery by a Purchaser to the Company or the Company's transfer agent of a certificate representing Underlying Shares, as applicable, issued with a restrictive legend (such third Trading Day, the Legend Removal Date),**

(c) Certificates evidencing the Underlying Shares shall not contain any legend (including the legend

deliver or cause to be delivered to such Purchaser a certificate representing such shares that is free from all restrictive and other legends. If requested by the applicable Purchaser, certificates for Securities subject to legend removal hereunder shall be transmitted by the transfer agent of the Company to the Purchasers by crediting the account of the Purchaser's prime broker with the Depository Trust Company System.

(d) In addition to such Purchaser's other available remedies, the Company shall pay to a Purchaser, in cash, as partial liquidated damages and not as a penalty, for each \$1,000 of Underlying Shares (based on the VWAP of the Common Stock on the date such Securities are submitted to the Company's transfer agent) delivered for removal of the restrictive legend and subject to this Section 4.1(c), \$10 per Trading Day (increasing to \$20 per Trading Day 5 Trading Days after such damages have begun to accrue) for each Trading Day after the Legend Removal Date until such certificate is delivered without a legend. Nothing herein shall limit such Purchaser's right to pursue actual damages for the Company's failure to deliver certificates representing any Securities as required by the Transaction Documents, and such Purchaser shall have the right to pursue all remedies available to it at law or in equity including, without limitation, a decree of specific performance and/or injunctive relief.

(e) Each Purchaser, severally and not jointly with the other Purchasers, agrees that the removal of the restrictive legend from certificates representing Securities as set forth in this Section 4.1 is predicated upon the Company's and the Company's counsel's reliance that the Purchaser will sell any Securities pursuant to either the registration requirements of the Securities Act, including any applicable prospectus delivery requirements, or an exemption therefrom. The Company's counsel, from time to time, is expressly authorized to rely upon this covenant of Section 4.1(e).

(f) Until the one year anniversary of the Effective Date, the Company shall not undertake a reverse or forward stock split or reclassification of the Common Stock without the prior written consent of the Purchasers holding a majority in interest of the shares of Preferred Stock.

4.2 **Acknowledgment of Dilution. The Company acknowledges that the issuance of the Securities may result in dilution of the outstanding shares of Common Stock, which dilution may be substantial under certain market conditions. The Company further acknowledges that its obligations under the Transaction Documents, including without limitation its obligation to issue the Underlying Shares pursuant to the Transaction Documents, are unconditional and absolute and not subject to any right of set off, counterclaim, delay or reduction,**

4.3 Furnishing of Information. As long as any Purchaser owns Securities, the Company covenants to timely file (or obtain extensions in respect thereof and file within the

applicable grace period) all reports required to be filed by the Company after the date hereof pursuant to the Exchange Act. As long as any Purchaser owns Securities, if the Company is not required to file reports pursuant to the Exchange Act, it will prepare and furnish to the Purchasers and make publicly available in accordance with Rule 144(c) such information as is required for the Purchasers to sell the Securities under Rule 144. The Company further covenants that it will take such further action as any holder of Securities may reasonably request, all to the extent required from time to time to enable such Person to sell such Securities without registration under the Securities Act within the limitation of the exemptions provided by Rule 144; provided, however, that the Company shall not be required to disclose to such Person any material non-public information regarding the Company.

4.4 **Integration.** The Company shall not sell, offer for sale or solicit offers to buy or otherwise negotiate in respect of any security (as defined in Section 2 of the Securities Act) that would be integrated with the offer or sale of the Securities in a manner that would require the registration under the Securities Act of the sale of the Securities to the Purchasers or that would be integrated with the offer or sale of the Securities for purposes of the rules and regulations of any Trading Market.

4.5 **Conversion and Exercise Procedures.** Except for delivery of the Preferred Stock certificate and/or the Warrant certificate to the Company upon the final conversion of the Preferred Stock or exercise of the Warrants, as applicable, the form of Notice of Exercise included in the Warrants and the Notice of Conversion included in the Certificate of Designations set forth the totality of the procedures required of the Purchasers in order to exercise the Warrants or convert the Preferred Stock. No additional legal opinion or other information or instructions shall be required of the Purchasers to exercise their Warrants or convert their Preferred Stock. The Company shall honor exercises of the Warrants and conversions of the Preferred Stock and shall deliver Underlying Shares in accordance with the terms, conditions and time periods set forth in the Transaction Documents.

4.6 **Securities Laws Disclosure; Publicity.** The Company shall, (a) by 8:30 a.m. Eastern time on the Trading Day following the Closing Date, issue a press release, reasonably acceptable to the Purchasers acquiring a majority of the shares of Preferred Stock at the Closing disclosing the material terms of the transactions contemplated hereby and (b) by 8:30 a.m. Eastern time on the second Trading Day following the Closing Date, issue a Current Report on Form 8-K, reasonably acceptable to each Purchaser disclosing the material terms of the transactions contemplated hereby and shall attach the Transaction Documents thereto as exhibits. The Company and each Purchaser shall consult with each other in issuing any other press releases with respect to the transactions contemplated hereby, and neither the Company nor any Purchaser shall issue any such press release or otherwise make any such public statement without the prior consent of the Company, with respect to any press release of any Purchaser, or without the prior consent of the Purchasers acquiring a majority of the shares of Preferred Stock at the Closing, with respect to any press release of the Company, which consent shall not unreasonably be withheld, except if such disclosure is required by law, in which case the disclosing party shall promptly provide the other party with prior notice of such public statement or communication. Notwithstanding the foregoing, the Company shall not publicly disclose the name of any Purchaser, or include the name of any Purchaser in any filing with the Commission or any

regulatory agency or Trading Market, without the prior written consent of such Purchaser, except (i) as required by federal securities law in connection with the registration statement contemplated by the Registration Rights Agreement and (ii) to the extent such disclosure is required by law or Trading Market regulations, in which case the Company shall provide the Purchasers with prior notice of such disclosure permitted under subclause (i) or (ii).

4.7 Shareholder Rights Plan. No claim will be made or enforced by the Company or, to the knowledge of the Company, any other Person that any Purchaser is an Acquiring Person under any shareholder rights plan or similar plan or arrangement in effect or hereafter adopted by the Company, or that any Purchaser could be deemed to trigger the provisions of any such plan or arrangement, by virtue of receiving Securities under the Transaction Documents or under any other agreement between the Company and the Purchasers. The Company shall conduct its business in a manner so that it will not become subject to the Investment Company Act.

4.8 **Non-Public Information.** Except to the extent providing such information is required pursuant to the terms of this Agreement (including, without limitation, information regarding a Subsequent Financing provided pursuant to Section 4.13), the Company covenants and agrees that neither it nor any other Person acting on its behalf will provide any Purchaser or its agents or counsel with any information that the Company believes constitutes material non-public information, unless prior thereto such Purchaser shall have executed a written agreement regarding the confidentiality and use of such information. The Company understands and confirms that each Purchaser shall be relying on the foregoing representations in effecting transactions in securities of the Company. Notwithstanding the foregoing, each Purchaser (i) acknowledges that (A) until the Company's compliance with Section 4.6, the terms of the Transaction Documents and the consummation of the transactions contemplated hereby, (B) until its filing with the Commission, the information contained or incorporated in the Current 10-KSB, except to the extent otherwise disclosed in an another SEC Report or by the Company pursuant to Section 4.6, and (C) any information

provided to such Purchaser pursuant to Section 4.13 (other than a Pre-Notice), may constitute material non-public information as defined by U.S. securities law Regulation FD; and (ii) agrees (A) to keep such information confidential (B) not to disclose such information to any third-party unless and until such information is made publicly available by the Company, (C) to otherwise comply with Regulation FD and (D) to refrain from trading in the Company's Common Stock until such information is made publicly available (other than as a result of a breach of this Section 4.8).

4.9 **Use of Proceeds.** Except as set forth on **Schedule 4.9** attached hereto, the Company shall use the net proceeds from the sale of the Securities hereunder for working capital purposes and not for the satisfaction of any portion of the Company's debt (other than payment of trade payables in the ordinary course of the Company's business and prior practices), to redeem Common Stock or Common Stock Equivalents or to settle any outstanding litigation. Prior to the receipt of Shareholder Approval, the Company shall not declare or pay any cash dividend on its shares of Common Stock while any shares of Preferred Stock remain outstanding.

4.10 **Reimbursement.** If any Purchaser becomes involved in any capacity in any Proceeding by or against any Person who is a stockholder of the Company (except as a result of sales, pledges, margin sales and similar transactions by such Purchaser to or with any current

stockholder), solely as a result of such Purchaser's acquisition of the Securities under this Agreement, the Company will reimburse such Purchaser for its reasonable legal and other expenses (including the cost of any investigation preparation and travel in connection therewith) incurred in connection therewith, as such expenses are incurred. The reimbursement obligations of the Company under this paragraph shall be in addition to any liability which the Company may otherwise have, shall extend upon the same terms and conditions to any Affiliates of the Purchasers who are actually named in such action, proceeding or investigation, and partners, directors, agents, employees and controlling persons (if any), as the case may be, of the Purchasers and any such Affiliate, and shall be binding upon and inure to the benefit of any successors, assigns, heirs and personal representatives of the Company, the Purchasers and any such Affiliate and any such Person. The Company also agrees that neither the Purchasers nor any such Affiliates, partners, directors, agents, employees or controlling persons shall have any liability to the Company or any Person asserting claims on behalf of or in right of the Company solely as a result of acquiring the Securities under this Agreement, unless such action is based upon a breach of such Purchaser's representations, warranties or covenants under the Transaction Documents.

4.11 Indemnification of Purchasers. Subject to the provisions of this Section 4.11, the Company will indemnify and hold the Purchasers and their directors, officers, shareholders, partners, employees and agents (each, a Purchaser Party) harmless from any and all losses, liabilities, obligations, claims, contingencies, damages, costs and expenses, including all judgments, amounts paid in settlements, court costs and reasonable attorneys' fees and costs of investigation that any such Purchaser Party may suffer or incur as a result of or relating to (a) any breach of any of the representations, warranties, covenants or agreements made by the Company in this Agreement or in the other Transaction Documents or (b) any action instituted against a Purchaser, or any of them or their respective Affiliates, by any stockholder of the Company who is not an Affiliate of such Purchaser, with respect to any of the transactions contemplated by the Transaction Documents (unless such action is based upon a breach of such Purchaser's representation, warranties or covenants under the Transaction Documents or any agreements or understandings such Purchaser may have with any such stockholder or any violations by the Purchaser of state or federal securities laws or any conduct by such Purchaser which constitutes fraud, gross negligence, willful misconduct or malfeasance). If any action

shall be brought against any Purchaser Party in respect of which indemnity may be sought pursuant to this Agreement, such Purchaser Party shall promptly notify the Company in writing, and the Company shall have the right to assume the defense thereof with counsel of its own choosing. Any Purchaser Party shall have the right to employ separate counsel in any such action and participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of such Purchaser Party except to the extent that (i) the employment thereof has been specifically authorized by the Company in writing, (ii) the Company has failed after a reasonable period of time to assume such defense and to employ counsel or (iii) in such action there is, in the reasonable opinion of such separate counsel, a material conflict on any material issue between the position of the Company and the position of such Purchaser Party. The Company will not be liable to any Purchaser Party under this Agreement (i) for any settlement by a Purchaser Party effected without the Company's prior written consent, which shall not be unreasonably withheld or delayed; or (ii) to the extent, but only to the extent that a loss, claim, damage or liability is attributable to any Purchaser Party's breach of any of the representations,

warranties, covenants or agreements made by the Purchasers in this Agreement or in the other Transaction Documents.

4.12 **Reservation and Listing of Securities.**

(a) **The Company shall maintain a reserve from its duly authorized shares of Common Stock for issuance pursuant to the Transaction Documents in such amount as may be required to fulfill its obligations in full under the Transaction Documents.**

(b) **RESERVED.**

(c) **The Company shall, if applicable: (i) in the time and manner required by the Trading Market, prepare and file with such Trading Market an additional shares listing application covering a number of shares of Common Stock at least equal to the Actual Minimum on the date of such application, (ii) take all steps necessary to cause such shares of Common Stock to be approved for listing on the Trading Market as soon as possible thereafter, (iii) provide to the Purchasers evidence of such listing, and (iv) maintain the listing of such Common Stock on any date at least equal to the Actual Minimum on such date on such Trading Market or another Trading Market. In addition, the Company shall hold a special meeting of shareholders (which may also be at the annual meeting of shareholders) within 120 days after the date hereof for the purpose of obtaining Shareholder Approval, with the recommendation of the Company's Board of Directors that such proposal be approved, and the Company shall solicit proxies from its shareholders in connection therewith in the same manner as all other management proposals in such proxy statement and all management-appointed proxyholders shall vote their proxies in favor of such proposal. If the Company does not obtain Shareholder Approval at the first meeting, the Company shall call a meeting every four months thereafter to seek Shareholder Approval until the earlier of the date Shareholder Approval is obtained or the Preferred Stock is no longer outstanding.**

4.13

Participation in Future Financing.

(a) From the date hereof until the date that is the 180 days after the Effective Date, upon any financing by the Company or any of its Subsidiaries of Common Stock or Common Stock Equivalents (a Subsequent Financing), each Purchaser that (A) still owns shares of Preferred immediately prior to date of the Pre-Notice, (B) purchased shares of Preferred stock on the Closing Date, and (C) was not an officer or director of the Company as of the Closing Date (any such Purchaser, for such purpose, an Eligible Purchaser) shall have the right to participate in up to an amount of the Subsequent Financing equal to 100% of the Subsequent Financing (the Participation Maximum).

(b) At least 5 Trading Days prior to the closing of the Subsequent Financing, the Company shall deliver to each Eligible Purchaser a written notice of its intention to effect a Subsequent Financing (Pre-Notice), which Pre-Notice shall ask such Purchaser if it wants to review the details of such financing (such additional notice, a Subsequent Financing Notice). Upon the request of an Eligible Purchaser, and only upon a request

by such Eligible Purchaser, for a Subsequent Financing Notice, the Company shall promptly, but no later than 1 Trading Day after such request, deliver a Subsequent Financing Notice to such Eligible Purchaser. The Subsequent Financing Notice shall describe in reasonable detail the proposed terms of such Subsequent Financing, the amount of proceeds intended to be raised thereunder, the Person with whom such Subsequent Financing is proposed to be effected, and attached to which shall be a term sheet or similar document relating thereto.

(c) Any Eligible Purchaser desiring to participate in such Subsequent Financing must provide written notice to the Company by not later than 5:30 p.m. (New York City time) on the fifth Trading Day after all of the Eligible Purchasers have received the Pre-Notice that the Eligible Purchaser is willing to participate in the Subsequent Financing, the amount of the Eligible Purchaser's participation, and that the Eligible Purchaser has such funds ready, willing, and available for investment on the terms set forth in the Subsequent Financing Notice. If the Company receives no notice from an Eligible Purchaser as of such 5th Trading Day, such Eligible Purchaser shall be deemed to have notified the Company that it does not elect to participate.

(d) If by 5:30 p.m. (New York City time) on the fifth Trading Day after all of the Eligible Purchasers have received the Pre-Notice, notifications by the Eligible Purchasers of their willingness to participate in the Subsequent Financing (or to cause their designees to participate) is, in the aggregate, less than the total amount of the Subsequent Financing, then the Company may effect the remaining portion of such Subsequent Financing on the terms and to the Persons set forth in the Subsequent Financing Notice.

(e) If by 5:30 p.m. (New York City time) on the fifth Trading Day after all of the Eligible Purchasers have received the Pre-Notice, the Company receives responses to a Subsequent Financing Notice from Eligible Purchasers seeking to purchase more than the aggregate amount of the Participation Maximum, each such Eligible Purchaser shall have the right to purchase the greater of (a) their Pro Rata Portion (as defined below) of the Participation Maximum and (b) the difference between the Participation Maximum and the aggregate amount of participation by all other Eligible Purchasers. Pro Rata Portion is the ratio of (x) the Subscription Amount of Securities purchased on the Closing Date by an Eligible Purchaser participating under this Section 4.13 and (y) the sum of the aggregate Subscription Amounts of Securities purchased on the Closing Date by all Eligible Purchasers participating under this Section 4.13.

(f) The Company must provide the Eligible Purchasers with a second Subsequent Financing Notice, and the Eligible Purchasers will again have the right of participation set forth above in this Section 4.13, if the Subsequent Financing subject to the initial Subsequent Financing Notice is not consummated for any reason on the terms set forth in such Subsequent Financing Notice within 60 Trading Days after the date of the initial Subsequent Financing Notice.

(g) Notwithstanding the foregoing, this Section 4.13 shall not apply in respect of an Exempt Issuance.

4.14 Subsequent Equity Sales.

(a) From the date hereof until 180 days after the Effective Date, neither the Company nor any Subsidiary shall issue shares of Common Stock or Common Stock Equivalents; provided, however, the 180 day period set forth in this Section 4.14 shall be extended for the number of Trading Days during such period in which (i) trading in the Common Stock is suspended by any Trading Market, or (ii) following the Effective Date, the Registration Statement is not effective or the prospectus included in the Registration Statement may not be used by the Purchasers for the resale of the Underlying Shares.

(b) From the date hereof until such time as no Purchaser holds any of the Preferred Stock and Warrants, the Company shall be prohibited from effecting or entering into an agreement to effect any Subsequent Financing involving a Variable Rate Transaction. The term Variable Rate Transaction shall mean a transaction in which the Company issues or sells (i) any debt or equity securities that are convertible into, exchangeable or exercisable for, or include the right to receive additional shares of Common Stock either (A) at a conversion, exercise or exchange rate or other price that is based upon and/or varies with the trading prices of or quotations for the shares of Common Stock at any time after the initial issuance of such debt or equity securities, or (B) with a conversion, exercise or exchange price that is subject to being reset at some future date after the initial issuance of such debt or equity security or upon the occurrence of specified or contingent events directly or indirectly related to the business of the Company or the market for the Common Stock or (ii) enters into any agreement, including, but not limited to, an equity line of credit, whereby the Company may sell securities at a future determined price.

(c) Notwithstanding the foregoing, this Section 4.14 shall not apply in respect of an Exempt Issuance, except that no Variable Rate Transaction shall be an Exempt Issuance.

4.15 **Equal Treatment of Purchasers. No consideration shall be offered or paid to any person to amend or consent to a waiver or modification of any provision of any of the Transaction Documents unless the same consideration is also offered to all of the parties to the Transaction Documents. For clarification purposes, this provision constitutes a separate right granted to each Purchaser by the Company and negotiated separately by each Purchaser, and is intended to treat for the Company the Purchasers as a class and shall not in any way be construed as the Purchasers acting in concert or as a group with respect to the purchase, disposition or voting of Securities**

or otherwise. Further, the rights of Eligible Purchasers under Section 4.13 or a waiver of the terms thereof shall not be deemed to be unequal treatment of any non-Eligible Purchasers

4.16 Short Sales and Confidentiality. Each Purchaser covenants that neither it nor any affiliates acting on its behalf or pursuant to any understanding with it will execute any Short Sales during the period after the Discussion Time until prior to the time that the transactions contemplated by this Agreement are first publicly announced as described in Section 4.6. Each

Purchaser, severally and not jointly with the other Purchasers, covenants that until such time as the transactions contemplated by this Agreement are publicly disclosed by the Company as described in Section 4.6, such Purchaser will maintain, the confidentiality of all disclosures made to it in connection with this transaction (including the existence and terms of this transaction). Each Purchaser understands and acknowledges, severally and not jointly with any other Purchaser, that the Commission currently takes the position that coverage of short sales of shares of the Common Stock against the box prior to the Effective Date of the Registration Statement with the Securities is a violation of Section 5 of the Securities Act, as set forth in Item 65, Section 5 under Section A, of the Manual of Publicly Available Telephone Interpretations, dated July 1997, compiled by the Office of Chief Counsel, Division of Corporation Finance. Notwithstanding the foregoing, no Purchaser makes any representation, warranty or covenant hereby that it will not engage in Short Sales in the securities of the Company after the time that the transactions contemplated by this Agreement are first publicly announced as described in Section 4.6. Notwithstanding the foregoing, in the case of a Purchaser that is a multi-managed investment vehicle whereby separate portfolio managers manage separate portions of such Purchaser's assets and the portfolio managers have no direct knowledge of the investment decisions made by the portfolio managers managing other portions of such Purchaser's assets, the covenant set forth above shall only apply with respect to the portion of assets managed by the portfolio manager that made the investment decision to purchase the Securities covered by this Agreement.

ARTICLE V

MISCELLANEOUS

5.1 **Termination.** This Agreement may be terminated by any Purchaser, as to such Purchaser's obligations hereunder only and without any effect whatsoever on the obligations between the Company and the other Purchasers, by written notice to the other parties, if the Closing has not been consummated on or before March 31, 2005; provided, however, that no such termination will affect the right of any party to sue for any breach by the other party (or parties).

5.2 **Fees and Expenses.** Except as expressly set forth in the Transaction Documents to the contrary, each party shall pay the fees and expenses of its advisers, counsel, accountants and other experts, if any, and all other expenses incurred by such party incident to the negotiation, preparation, execution, delivery and performance of this Agreement. The Company shall pay all transfer agent fees, stamp taxes and other taxes and duties levied in connection with the delivery of any Securities.

5.3 **Entire Agreement.** The Transaction Documents, together with the exhibits and schedules thereto, contain the entire understanding of the parties with respect to the subject matter hereof and supersede all prior agreements and understandings, oral or written, with respect to such matters, which the parties acknowledge have been merged into such documents, exhibits and schedules.

5.5 **Amendments; Waivers.** No provision of this Agreement may be waived or amended except in a written instrument signed, in the case of an amendment, by the Company and each Purchaser or, in the case of a waiver, by the party against whom enforcement of any such waiver is sought. No waiver of any default with respect to any provision, condition or requirement of this Agreement shall be deemed to be a continuing waiver in the future or a waiver of any subsequent default or a waiver of any other provision, condition or requirement hereof, nor shall any delay or omission of either party to exercise any right hereunder in any manner impair the exercise of any such right.

5.6 **Headings** The headings herein are for convenience only, do not constitute a part of this Agreement and shall not be deemed to limit or affect any of the provisions hereof. The language used in this Agreement will be deemed to be the language chosen by the parties to express their mutual intent, and no rules of strict construction will be applied against any party.

5.7 **Successors and Assigns.** This Agreement shall be binding upon and inure to the benefit of the parties and their successors and permitted assigns. The Company may not

assign this Agreement or any rights or obligations hereunder without the prior written consent of each Purchaser. Any Purchaser may assign any or all of its rights under this Agreement to any Person to whom such Purchaser assigns or transfers any Securities, provided such transferee agrees in writing to be bound, with respect to the transferred Securities, by the provisions hereof that apply to the Purchasers .

5.8 **No Third-Party Beneficiaries. This Agreement is intended for the benefit of the parties hereto and their respective successors and permitted assigns and is not for the benefit of, nor may any provision hereof be enforced by, any other Person, except as otherwise set forth in Section 4.1(e), Section 4.10 and Section 4.11.**

5.9 **Governing Law. All questions concerning the construction, validity, enforcement and interpretation of the Transaction Documents shall be governed by and construed and enforced in accordance with the internal laws of the State of New York, without regard to the principles of conflicts of law thereof. Each party agrees that all legal proceedings concerning the interpretations, enforcement and defense of the transactions contemplated by this Agreement and any other Transaction Documents (whether brought against a party hereto or its respective affiliates, directors, officers, shareholders, employees or agents) shall be commenced exclusively in the state and federal courts sitting in the City of New**

York. Each party hereby irrevocably submits to the exclusive jurisdiction of the state and federal courts sitting in the City of New York, borough of Manhattan for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such suit, action or proceeding is improper or inconvenient venue for such proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any manner permitted by law. The parties hereby waive all rights to a trial by jury. If either party shall commence an action or proceeding to enforce any provisions of the Transaction Documents, then the prevailing party in such action or proceeding shall be reimbursed by the other party for its attorneys' fees and other costs and expenses incurred with the investigation, preparation and prosecution of such action or proceeding.

5.10 **Survival.** The representations and warranties contained herein shall survive the Closing and the delivery, exercise and/or conversion of the Securities, as applicable for the applicable statute of limitations.

5.11 **Execution.** This Agreement may be executed in two or more counterparts, all of which when taken together shall be considered one and the same agreement and shall become effective when counterparts have been signed by each party and delivered to the other party, it being understood that both parties need not sign the same counterpart. In the event that any signature is delivered by facsimile transmission, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile signature page were an original thereof.

5.12 **Severability.** If any provision of this Agreement is held to be invalid or unenforceable in any respect, the validity and enforceability of the remaining terms and provisions of this

Agreement shall not in any way be affected or impaired thereby and the parties will attempt to agree upon a valid and enforceable provision that is a reasonable substitute therefor, and upon so agreeing, shall incorporate such substitute provision in this Agreement.

5.13 Rescission and Withdrawal Right. Notwithstanding anything to the contrary contained in (and without limiting any similar provisions of) the Transaction Documents, whenever any Purchaser exercises a right, election, demand or option under a Transaction Documents and the Company does not timely perform its related obligations within the periods therein provided, then such Purchaser may rescind or withdraw, in its sole discretion from time to time upon written notice to the Company, any relevant notice, demand or election in whole or in part without prejudice to its future actions and rights; provided, however, in the case of a rescission of a conversion of the Preferred Stock or exercise of a Warrant, the Purchaser shall be required to return any shares of Common Stock subject to any such rescinded conversion or exercise notice.

5.14 **Replacement of Securities.** If any certificate or instrument evidencing any Securities is mutilated, lost, stolen or destroyed, the Company shall issue or cause to be issued in exchange and substitution for and upon cancellation thereof, or in lieu of and substitution therefor, a new certificate or instrument, but only upon receipt of evidence reasonably satisfactory to the Company of such loss, theft or destruction and customary and reasonable indemnity, if requested. The applicants for a new certificate or instrument under such circumstances shall also pay any reasonable third-party costs associated with the issuance of such replacement Securities.

5.15 **Remedies.** In addition to being entitled to exercise all rights provided herein or granted by law, including recovery of damages, each of the Purchasers and the Company will be entitled to specific performance under the Transaction Documents. The parties agree that monetary damages may not be adequate compensation for any loss incurred by reason of any breach of obligations described in the foregoing sentence and hereby agrees to waive in any action for specific performance of any such obligation the defense that a remedy at law would be adequate.

5.16 **Payment Set Aside.** To the extent that the Company makes a payment or payments to any Purchaser pursuant to any Transaction Document or a Purchaser enforces or exercises its rights thereunder, and such payment or payments or the proceeds of such enforcement or exercise or any part thereof are subsequently invalidated, declared to be fraudulent or

preferential, set aside, recovered from, disgorged by or are required to be refunded, repaid or otherwise restored to the Company, a trustee, receiver or any other person under any law (including, without limitation, any bankruptcy law, state or federal law, common law or equitable cause of action), then to the extent of any such restoration the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such enforcement or setoff had not occurred.

5.17 Usury. To the extent it may lawfully do so, the Company hereby agrees not to insist upon or plead or in any manner whatsoever claim, and will resist any and all efforts to be compelled to take the benefit or advantage of, usury laws wherever enacted, now or at any time hereafter in force, in connection with any claim, action or proceeding that may be brought by any Purchaser in order to enforce any right or remedy under any Transaction Document. Notwithstanding any provision to the contrary contained in any Transaction Document, it is expressly agreed and provided that the total liability of the Company under the Transaction Documents for payments in the nature of interest shall not exceed the maximum lawful rate authorized under applicable law (the Maximum Rate), and, without limiting the foregoing, in no event shall any rate of interest or default interest, or both of them, when aggregated with any other sums in the nature of interest that the Company may be obligated to pay under the Transaction Documents exceed such Maximum Rate. It is agreed that if the maximum contract rate of interest allowed by law and applicable to the Transaction Documents is increased or decreased by statute or any official governmental action subsequent to the date hereof, the new maximum contract rate

of interest allowed by law will be the Maximum Rate applicable to the Transaction Documents from the effective date forward, unless such application is precluded by applicable law. If under any circumstances whatsoever, interest in excess of the Maximum Rate is paid by the Company to any Purchaser with respect to indebtedness evidenced by the

Transaction Documents, such excess shall be applied by such Purchaser to the unpaid principal balance of any such indebtedness or be refunded to the Company, the manner of handling such excess to be at such Purchaser's election.

5.18 **Independent Nature of Purchasers' Obligations and Rights.** The obligations of each Purchaser under any Transaction Document are several and not joint with the obligations of any other Purchaser, and no Purchaser shall be responsible in any way for the performance of the obligations of any other Purchaser under any Transaction Document. Nothing contained herein or in any Transaction Document, and no action taken by any Purchaser pursuant thereto, shall be deemed to constitute the Purchasers as a partnership, an association, a joint venture or any other kind of entity, or create a presumption that the Purchasers are in any way acting in concert or as a group with respect to such obligations or the transactions contemplated by the Transaction Documents. Each Purchaser shall be entitled to independently protect and enforce its rights, including without limitation, the rights arising out of this Agreement or out of the other Transaction Documents, and it shall not be necessary for any other Purchaser to be joined as an additional party in any proceeding for such purpose. Each Purchaser has been represented by its own separate legal counsel in their review and negotiation of the Transaction Documents. For reasons of administrative convenience only, Purchasers and their respective counsel have chosen to communicate with the Company through FW. FW does not represent any of the Purchasers but only Stonegate Securities, Inc., who has acted as placement agent to the transaction. The Company has elected to provide all Purchasers with the same terms and Transaction Documents for the convenience of the Company and not because it was required or requested to do so

Transaction Documents, such excess shall be applied by such Purchaser to the unpaid principal balance of any such

by the Purchasers.

5.19 **Liquidated Damages.** The Company's obligations to pay any partial liquidated damages or other amounts owing under the Transaction Documents is a continuing obligation of the Company and shall not terminate until all unpaid partial liquidated damages and other amounts have been paid notwithstanding the fact that the instrument or security pursuant to which such partial liquidated damages or other amounts are due and payable shall have been canceled.

5.20 **Construction.** The parties agree that each of them and/or their respective counsel has reviewed and had an opportunity to revise the Transaction Documents and, therefore, the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of the Transaction Documents or any amendments hereto.

(such fees to accrue daily, from the Dividend Payment Date through and including the date of payment).

b) So long as any Preferred Stock shall remain outstanding, neither the Corporation nor any Subsidiary thereof shall redeem, purchase or otherwise acquire directly or indirectly any Junior Securities (unless all of the shares of the Preferred Stock are concurrently redeemed), other than as a result of the conversion into or exchange for Junior Securities or in connection with repurchases of shares of Common Stock from employees, officers, directors, consultants or other persons performing services for the Corporation or any subsidiary pursuant to agreements under which the Corporation has the option to repurchase such shares upon the happening of certain events, such as termination in an aggregate amount not to exceed \$100,000 per calendar year. So long as any Preferred Stock shall remain outstanding, neither the Corporation nor any Subsidiary thereof shall directly or indirectly pay or declare any dividend or make any distribution (other than a dividend or distribution described in Section 6 or dividends due and paid in the ordinary course on preferred stock, including the Existing Preferred Stock, of the Corporation at such times when the Corporation is in compliance with its payment and other obligations hereunder) upon, nor shall any distribution be made in respect of, any Junior Securities other than dividends or distributions otherwise permitted by this paragraph (b) so long as any dividends due on the Preferred Stock remain unpaid, nor shall any monies be set aside for or applied to the purchase or redemption (through a sinking fund or otherwise) of any Junior Securities or shares *pari passu* with the Preferred Stock.

The Corporation also acknowledges and agrees that it shall not create any special reserves under Section 171 of the Delaware General Corporation Law without the prior written consent of each Holder.

d) Any reference to *distribution* contained in this Section 3 shall not be deemed to include any distribution made in connection with any liquidation, dissolution or winding-up of the Corporation, whether voluntary or involuntary, including any Liquidation under Section 5.

However, so long as any shares of Preferred Stock are outstanding, the Corporation shall not, without the affirmative vote of the Holders of the shares of the Preferred Stock then outstanding, (a) alter or change

adversely the powers, preferences or rights given to the Preferred Stock or alter or amend this Certificate of Designation, (b) authorize or create any class of stock ranking as to dividends, redemption or distribution of assets upon a Liquidation (as defined in Section 5) senior to or otherwise pari passu with the Preferred Stock, (c) amend its certificate of incorporation or other charter documents so as to affect adversely any rights of the Holders, (d) increase the authorized number of shares of Preferred Stock, or (e) enter into any agreement with respect to the foregoing.

A Fundamental Transaction shall not be treated as a Liquidation, but a Change of Control Transaction shall be deemed to be a Liquidation. The Corporation shall mail written notice of any such Liquidation, not less than 30 days prior to the payment date stated therein, to each record Holder.

Section 6. Conversion.

a) Conversions at Option of Holder. Each share of Preferred Stock shall be convertible into that number of shares of Common Stock (subject to the limitations set forth in Sections 6(c) and (d)) determined by dividing the Stated Value of such share of Preferred Stock by the Conversion Price, at the option of the Holder, at any time and from time to time from and after the Original Issue Date. Holders shall effect conversions by providing the Corporation with the form of conversion notice attached hereto as Annex A (a Notice of Conversion). Each Notice of Conversion shall specify the number of shares of Preferred Stock to be converted, the number of shares of Preferred Stock owned prior to the conversion at issue, the number of shares of Preferred Stock owned subsequent to the conversion at issue and the date on which such conversion is to be effected, which date may not be prior to the date the Holder delivers such Notice of Conversion to the Corporation by facsimile (the Conversion Date). If no Conversion Date is specified in a Notice of Conversion, the Conversion Date shall be the date that such Notice of Conversion to the Corporation is deemed delivered hereunder. The calculations and entries set forth in the Notice of Conversion shall control in the absence of manifest or mathematical error. To effect conversions, as the case may be, of shares of Preferred Stock, a Holder shall not be required to surrender the certificate(s) representing such shares of Preferred Stock to the Corporation unless all of the shares of Preferred Stock represented thereby are so converted, in which case the Holder shall deliver the certificate representing such share of Preferred Stock promptly following the Conversion

Date at issue. Shares of Preferred Stock converted into Common Stock or redeemed in accordance with the terms hereof shall be canceled and may not be reissued.

b) Conversion Price. The conversion price for the Preferred Stock shall equal \$2.50 (the Conversion Price), subject to adjustment herein.

c) Beneficial Ownership Limitation. The Corporation shall not effect any conversion of the Preferred Stock, and the Holder shall not have the right to convert any portion of the Preferred Stock to the extent that after giving effect to such conversion, the Holder (together with the Holder's affiliates), as set forth on the applicable Notice of Conversion, would beneficially own in excess of 4.99% of the number of shares of the Common Stock outstanding immediately after giving effect to such conversion. For purposes of the foregoing sentence, the number of shares of Common Stock beneficially owned by the Holder and its affiliates shall include the number of shares of Common Stock issuable upon conversion of the Preferred Stock with respect to which the determination of such sentence is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (A) conversion of the remaining, nonconverted Stated Value of Preferred Stock beneficially owned by the Holder or any of its affiliates and (B) exercise or conversion of the unexercised or nonconverted portion of any other securities of the Corporation (including the Warrants) subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the Holder or any of its affiliates. Except as set forth in the preceding sentence, for purposes of this Section 6(c), beneficial ownership shall be calculated in accordance with Section 13(d) of the Exchange Act. To the extent that the limitation contained in this Section 6(c) applies, the determination of whether the Preferred Stock is convertible (in relation to other securities owned by the Holder together with any affiliates) and of which shares of Preferred Stock is convertible shall be in the sole discretion of such Holder, and the submission of a Notice of Conversion shall be deemed to be such Holder's determination of whether the shares of Preferred Stock may be converted (in relation to other securities owned by such Holder) and which shares of the Preferred Stock is convertible, in each case subject to such aggregate percentage limitations. To ensure compliance with this restriction, the Holder will be deemed to represent to the Corporation each time it delivers a Notice of Conversion that such Notice of Conversion has not violated the restrictions set forth in this paragraph and the Corporation shall have no obligation to verify or confirm the accuracy of such determination. For purposes of this Section 6(c), in determining the number of outstanding shares of Common Stock, the Holder may rely on the number of outstanding shares of Common Stock as reflected in the most recent of the following: (A) the Corporation's most recent Form 10-Q or Form 10-K, as the case may be, (B) a more recent public announcement by the Corporation or (C) any other notice by the Corporation or the Corporation's transfer agent setting forth the number of shares of Common Stock outstanding. Upon the written or oral request of the Holder, the Corporation shall within two Trading Days confirm orally and in writing to the Holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to

the conversion or exercise of securities of the Corporation, including the Preferred Stock, by the Holder or its affiliates since the date as of which such number of outstanding shares of Common Stock was reported. The provisions of this Section 6(c) may be waived by the Holder, at the election of the Holder, upon not less than 61 days prior notice to the Corporation, and the provisions of this Section 6(c) shall continue to apply until such 61st day (or such later date, as determined by the Holder, as may be specified in such notice of waiver). Notwithstanding any of the foregoing, the foregoing provisions of this Section 6(c) shall not apply to any Holder who is an officer or director of the Corporation as of the Closing Date or as of the date of conversion. In addition, if the Holder is an officer or director of the Company as of the Original Issue Date, such Holder may not convert any of his shares of Preferred Stock into shares of Common Stock or receive any shares of Common Stock in connection with a Triggering Event unless and until the issuance of such shares is approved by the Company's stockholders, to the extent required by the rules and regulations of the Nasdaq Stock Market.

d) Limitation on Number of Shares Issuable. Notwithstanding anything herein to the contrary, the Corporation shall not issue to any Holder any shares of Common Stock, including pursuant to any rights herein, including, without limitation, any conversion rights, to the extent such shares, when added to the number of shares of Common Stock issued (A) upon conversion of any shares of Preferred Stock pursuant to Section 6(a) and (B) upon exercise of those certain warrants issued pursuant to that certain Purchase Agreement would exceed 1,211,605 shares of Common Stock immediately prior to the Closing Date, or such greater number of shares of Common Stock permitted pursuant to the corporate governance rules of the Nasdaq Stock Market that is at the time the principal trading exchange or market for the Common Stock, based upon share volume, as confirmed in writing by counsel to the Corporation (the Maximum Aggregate Share Amount), unless the Corporation first obtains shareholder approval permitting such issuances in accordance with the Nasdaq Market Place Rule 4350 (Shareholder Approval). Each Holder shall be entitled to a portion of the Maximum Aggregate Share Amount equal to the quotient obtained by dividing (x) such the number of shares of Preferred Stock initially purchased by such Holder by (y) the aggregate number of shares purchased by all Holders. Such portions shall be adjusted upward ratably in the event all of the shares of Preferred Stock of any Holder are no longer outstanding. If at any time the number of shares of Common Stock which could, notwithstanding the limitation set forth herein, be issuable and sold to all Holders during the following 12 months equals or exceeds the Maximum Aggregate Share Amount, then the Corporation shall, subject to any requirements in the Purchase Agreement to act sooner, obtain the Shareholder Approval applicable to such issuance as soon as is possible, but in any event not later than the 75th day after the date in which the Corporation determines (or is notified by any Holder) that the Maximum Aggregate Share Amount could be exceeded and shall continue to seek to obtain Shareholder Approval every 75 days until such Shareholder Approval is obtained.

e) Mechanics of Conversion

i. Delivery of Certificate Upon Conversion. Not later than three Trading Days after each Conversion Date (the Share Delivery Date), the Corporation shall deliver or cause to be delivered to the Holder (A) a certificate or certificates which, after the Effective Date, shall be free of restrictive legends and trading restrictions (other than those required by the Purchase Agreement) representing the number of shares of Common Stock being acquired upon the conversion of shares of Preferred Stock, and (B) a bank check in the amount of accrued and unpaid dividends. After the Effective Date, the Corporation shall, upon request of the Holder, deliver any certificate or certificates representing Common Stock required to be delivered by the Corporation under this Section electronically through the Depository Trust Corporation or another established clearing corporation performing similar functions. If in the case of any Notice of Conversion such certificate or certificates are not delivered to or as directed by the applicable Holder by the third Trading Day after the Conversion Date, the Holder shall be entitled to elect by written notice to the Corporation at any time on or before its receipt of such certificate or certificates thereafter, to rescind such conversion, in which event the Corporation shall immediately return the certificates representing the shares of Preferred Stock tendered for conversion.

ii. Obligation Absolute; Partial Liquidated Damages. The Corporation's obligations to issue and deliver the Conversion Shares upon conversion of Preferred Stock in accordance with the terms hereof are absolute and unconditional, irrespective of any action or inaction by the Holder to enforce the same, any waiver or consent with respect to any provision hereof, the recovery of any judgment against any Person or any action to enforce the same, or any setoff, counterclaim, recoupment, limitation or termination, or any breach or alleged breach by the Holder or any other Person of any obligation to the Corporation or any violation or alleged violation of law by the Holder or any other person, and irrespective of any other circumstance which might otherwise limit such obligation of the Corporation to the Holder in connection with the issuance of such Conversion Shares. In the event a Holder shall elect to convert any or all of the Stated Value of its Preferred Stock, the Corporation may not refuse conversion based on any claim that such Holder or any one associated or affiliated with the Holder of has been engaged in any violation of law, agreement or for any other reason, unless, an injunction from a court, on notice, restraining and or enjoining conversion of all or part of this Preferred Stock shall have been sought and obtained and the Corporation posts a surety bond for the benefit of the Holder in the amount of 150% of the Stated Value of Preferred Stock outstanding, which is subject to the injunction, which bond shall remain in effect until the completion of arbitration/litigation of the dispute and the proceeds of which shall be payable to such Holder to the extent it obtains judgment. In the absence of an injunction precluding the same, the Corporation shall issue Conversion Shares or, if applicable, cash, upon a properly noticed conversion. If the Corporation fails to deliver to the Holder such certificate or certificates pursuant to Section 6(e)(i) within two Trading Days of the Share Delivery Date applicable to such

conversion, the Corporation shall pay to such Holder, in cash, as liquidated damages and not as a penalty, for each \$5,000 of Stated Value of Preferred Stock being converted, \$50 per Trading Day (increasing to \$100 per Trading Day after 3 Trading Days and increasing to \$200 per Trading Day 6 Trading Days after such damages begin to accrue) for each Trading Day after the Share Delivery Date until such certificates are delivered. Nothing herein shall limit a Holder's right to pursue actual damages for the Corporation's failure to deliver certificates representing shares of Common Stock upon conversion within the period specified herein and such Holder shall have the right to pursue all remedies available to it hereunder, at law or in equity including, without limitation, a decree of specific performance and/or injunctive relief.

iii. Compensation for Buy-In on Failure to Timely Deliver Certificates Upon Conversion. If the Corporation fails to deliver to the Holder such certificate or certificates pursuant to Section 6(e)(i) by a Share Delivery Date, and if after such Share Delivery Date the Holder purchases (in an open market transaction or otherwise) Common Stock to deliver in satisfaction of a sale by such Holder of the Conversion Shares which the Holder was entitled to receive upon the conversion relating to such Share Delivery Date (a Buy-In), then the Corporation shall pay in cash to the Holder the amount by which (x) the Holder's total purchase price (including brokerage commissions, if any) for the Common Stock so purchased exceeds (y) the product of (1) the aggregate number of shares of Common Stock that such Holder was entitled to receive from the conversion at issue multiplied by (2) the price at which the sell order giving rise to such purchase obligation was executed. For example, if the Holder purchases Common Stock having a total purchase price of \$11,000 to cover a Buy-In with respect to an attempted conversion of shares of Preferred Stock with respect to which the aggregate sale price giving rise to such purchase obligation is \$10,000, under clause (A) of the immediately preceding sentence the Corporation shall be required to pay the Holder \$1,000. The Holder shall provide the Corporation written notice indicating the amounts payable to the Holder in respect of the Buy-In, together with applicable confirmations and other evidence reasonably requested by the Corporation. Nothing herein shall limit a Holder's right to pursue any other remedies available to it hereunder, at law or in equity including, without limitation, a decree of specific performance and/or injunctive relief with respect to the Corporation's failure to timely deliver certificates representing shares of Common Stock upon conversion of the shares of Preferred Stock as required pursuant to the terms hereof.

iv. Reservation of Shares Issuable Upon Conversion. The Corporation covenants that it will at all times reserve and keep available out of its authorized and unissued shares of Common Stock solely for the purpose of issuance upon conversion of the Preferred Stock, free from preemptive rights or any other actual contingent purchase rights of persons other than the Holder (and the other Holders of the Preferred Stock), not less than such number of shares of the Common Stock

as shall (subject to any additional requirements of the Corporation as to reservation of such shares set forth in the Purchase Agreement) be issuable (taking into account the adjustments and restrictions of Section 7) upon the conversion of all outstanding shares of Preferred Stock. The Corporation covenants that all shares of Common Stock that shall be so issuable shall, upon issue, be duly and validly authorized, issued and fully paid, nonassessable and, if the Conversion Shares Registration Statement is then effective under the Securities Act, registered for public sale in accordance with such Conversion Shares Registration Statement.

v. Fractional Shares. Upon a conversion hereunder, the Corporation shall not be required to issue stock certificates representing fractions of shares of the Common Stock, but may if otherwise permitted, make a cash payment in respect of any final fraction of a share based on the VWAP at such time. If the Corporation elects not, or is unable, to make such a cash payment, the Holder shall be entitled to receive, in lieu of the final fraction of a share, one whole share of Common Stock.

vi. Transfer Taxes. The issuance of certificates for shares of the Common Stock on conversion of this Preferred Stock shall be made without charge to the Holder hereof for any documentary stamp or similar taxes that may be payable in respect of the issue or delivery of such certificate, provided that the Corporation shall not be required to pay any tax that may be payable in respect of any transfer involved in the issuance and delivery of any such certificate upon conversion in a name other than that of the Holder of such shares of Preferred Stock so converted and the Corporation shall not be required to issue or deliver such certificates unless or until the person or persons requesting the issuance thereof shall have paid to the Corporation the amount of such tax or shall have established to the satisfaction of the Corporation that such tax has been paid.

Section 7. Certain Adjustments.

a) Stock Dividends and Stock Splits. If the Corporation, at any time while this Preferred Stock is outstanding: (A) pays a stock dividend or otherwise make a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Corporation pursuant to this Preferred Stock) or any distribution made in connection with any liquidation, dissolution or winding-up of the Corporation, whether voluntary or involuntary, including any Liquidation under Section 5, (B) subdivides outstanding shares of Common Stock into a larger number of shares, (C) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (D) issues by reclassification of shares of the Common Stock any shares of capital stock of the Corporation, then the Conversion Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding treasury shares, if

any) outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event. Any adjustment made pursuant to this Section 7(a) shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or re-classification.

b) [RESERVED].

c) Subsequent Rights Offerings. If the Corporation, at any time while the Preferred Stock is outstanding, shall issue rights, options or warrants to all holders of Common Stock (and not to Holders) entitling them to subscribe for or purchase shares of Common Stock at a price per share less than the VWAP at the record date mentioned below, then the Conversion Price shall be multiplied by a fraction, of which the denominator shall be the number of shares of the Common Stock Outstanding on the date of issuance of such rights or warrants plus the number of additional shares of Common Stock offered for subscription or purchase, and of which the numerator shall be the number of shares of the Common Stock Outstanding on the date of issuance of such rights or warrants plus the number of shares which the aggregate offering price of the total number of shares so offered (assuming receipt by the Corporation in full of all consideration payable upon exercise of such rights, options or warrants) would purchase at such VWAP. Such adjustment shall be made whenever such rights or warrants are issued, and shall become effective immediately after the record date for the determination of stockholders entitled to receive such rights, options or warrants.

d) Pro Rata Distributions. If the Corporation, at any time while Preferred Stock is outstanding, shall distribute to all holders of Common Stock (and not to Holders) evidences of its indebtedness or assets (including cash and cash dividends) or rights or warrants to subscribe for or purchase any security, then in each such case the Conversion Price shall be adjusted by multiplying such Conversion Price in effect immediately prior to the record date fixed for determination of stockholders entitled to receive such distribution by a fraction of which the denominator shall be the VWAP determined as of the record date mentioned above, and of which the numerator shall be such VWAP on such record date less the then fair market value at such record date of the portion of such assets or evidence of indebtedness so distributed applicable to one outstanding share of the Common Stock as determined by the Board of Directors in good faith. In either case the adjustments shall be described in a statement provided to the Holder of the portion of assets or evidences of indebtedness so distributed or such subscription rights applicable to one share of Common Stock. Such adjustment shall be made whenever any such distribution is made and shall become effective immediately after the record date mentioned above.

e) Fundamental Transaction. If, at any time while this Preferred Stock is outstanding, (A) the Corporation effects any merger or consolidation of the Corporation with or into another Person (other than a merger or consolidation that does not result in

any reclassification, conversion, exchange or cancellation of outstanding shares of Common Stock of the Corporation), (B) the Corporation effects any sale of all or substantially all of its assets in one or a series of related transactions, (C) any tender offer or exchange offer (whether by the Corporation or another Person) is completed pursuant to which holders of Common Stock are permitted to tender or exchange their shares for other securities, cash or property, or (D) the Corporation effects any reclassification of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property, in each case which does not otherwise constitute a Liquidation (in any such case, a Fundamental Transaction), then upon any subsequent conversion of this Preferred Stock, the Holder shall have the right to receive, for each Conversion Share that would have been issuable upon such conversion immediately prior to the occurrence of such Fundamental Transaction, the same kind and amount of securities, cash or property as it would have been entitled to receive upon the occurrence of such Fundamental Transaction if it had been, immediately prior to such Fundamental Transaction, the holder of one share of Common Stock (the Alternate Consideration). For purposes of any such conversion, the determination of the Conversion Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Corporation shall apportion the Conversion Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the Holder shall be given the same choice as to the Alternate Consideration it receives upon any conversion of this Preferred Stock following such Fundamental Transaction. To the extent necessary to effectuate the foregoing provisions, any successor to the Corporation or surviving entity in such Fundamental Transaction, as the case may be, shall make provisions in its certificate or articles of incorporation or other constituent document to provide the Holder with new preferred stock or other equity security consistent with the foregoing provisions and evidencing the Holder's right to convert such preferred stock into Alternate Consideration. The terms of any agreement pursuant to which a Fundamental Transaction is effected shall include terms requiring any such successor or surviving entity to comply with the provisions of this Section 7(e) and insuring that this Preferred Stock (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to a Fundamental Transaction.

f) Calculations. All calculations under this Section 7 shall be made to the nearest cent or the nearest 1/100th of a share, as the case may be. For purposes of this Section 7, the number of shares of Common Stock deemed to be issued and outstanding as of a given date shall be the sum of the number of shares of Common Stock (excluding treasury shares, if any) issued and outstanding.

g) Notice to Holders.

i. Adjustment to Conversion Price. Whenever the Conversion Price is adjusted pursuant to any of this Section 7, the Corporation shall promptly mail to each Holder a notice setting forth the Conversion Price after such adjustment and setting forth a brief statement of the facts requiring such adjustment.

ii. Notice to Allow Conversion by Holder. If (A) the Corporation shall declare a dividend (or any other distribution) on the Common Stock; (B) the Corporation shall declare a special nonrecurring cash dividend on or a redemption of the Common Stock (other than repurchases of shares of Common Stock from employees, officers, directors, consultants or other persons performing services for the Corporation or any subsidiary pursuant to agreements under which the Corporation has the option to repurchase such shares upon the happening of certain events, such as termination in an aggregate amount not to exceed \$100,000); (C) the Corporation shall authorize the granting to all holders of the Common Stock rights or warrants to subscribe for or purchase any shares of capital stock of any class or of any rights; (D) the approval of any stockholders of the Corporation shall be required in connection with any reclassification of the Common Stock, any consolidation or merger to which the Corporation is a party, any sale or transfer of all or substantially all of the assets of the Corporation, of any compulsory share exchange whereby the Common Stock is converted into other securities, cash or property; (E) the Corporation shall authorize the voluntary or involuntary dissolution, liquidation or winding up of the affairs of the Corporation; then, in each case, the Corporation shall cause to be filed at each office or agency maintained for the purpose of conversion of this Preferred Stock, and shall cause to be mailed to the Holder at its last address as it shall appear upon the stock books of the Corporation, at least 20 calendar days prior to the applicable record or effective date hereinafter specified, a notice stating (x) the date on which a record is to be taken for the purpose of such dividend, distribution, redemption, rights or warrants, or if a record is not to be taken, the date as of which the holders of the Common Stock of record to be entitled to such dividend, distributions, redemption, rights or warrants are to be determined or (y) the date on which such reclassification, consolidation, merger, sale, transfer or share exchange is expected to become effective or close, and the date as of which it is expected that holders of the Common Stock of record shall be entitled to exchange their shares of the Common Stock for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale, transfer or share exchange; provided, that the failure to mail such notice or any defect therein or in the mailing thereof shall not affect the validity of the corporate action required to be specified in such notice. The Holder is entitled to convert the Conversion Amount of this Preferred Stock (or any part hereof) during the 20-day period commencing the date of such notice to the effective date of the event triggering such notice.

Section 8.

Forced Conversion

a) Forced Conversion. Notwithstanding anything herein to the contrary, if after the 12 month anniversary of the Original Issue Date and after the Effective Date the VWAP for each of any 20 consecutive Trading Days (Threshold Period), which 20 consecutive Trading Day period shall have commenced only after the Effective Date, exceeds 200% of the then effective Conversion Price, the Corporation may, within 1 Trading Day after any such Threshold Period, deliver a notice to all Holders (a Forced Conversion Notice and the date such notice is received by the Holders, the Forced Conversion Notice Date) to cause each Holder to immediately convert up to such Holder's entire remaining number of shares of Preferred Stock. The Corporation may only effect a Forced Conversion Notice if all of the Equity Conditions have been met during the Threshold Period through the Forced Conversion Notice Date. Any Forced Conversion Notices shall be applied ratably to all of the Holders in proportion to each Holder's initial purchases of Preferred Stock hereunder, provided that any voluntary conversions by a Holder shall be applied against such Holder's pro-rata allocation thereby decreasing the aggregate amount forcibly converted hereunder. Immediately upon the Forced Conversion Notice Date, each outstanding share of Preferred Stock shall be converted automatically without any further action by the Holders of such shares and whether or not the certificates representing such shares are surrendered to the Corporation or its transfer agent; provided, however, that the Corporation shall not be obligated to issue certificates evidencing the shares of Common Stock issuable upon such conversion unless the certificates evidencing such shares of Preferred Stock are delivered to the Corporation in accordance with the following sentence. Upon Forced Conversion Notice Date, the Holders of Preferred Stock shall surrender the certificates representing such shares at the office of the Corporation in accordance with Section 6(a); provided that the Holders shall have no obligation to deliver a Notice of Conversion. Thereupon, there shall be issued and delivered to each Holder within three (3) Trading Days and in its name as shown on such surrendered certificate or certificates, a certificate or certificates for the number of shares of Common Stock into which the shares of Preferred Stock surrendered were convertible upon the Forced Conversion Notice Date.

Section 9.

Redemption Upon Triggering Events.

a) Triggering Event means any one or more of the following events (whatever the reason and whether it shall be voluntary or involuntary or effected by operation of law or pursuant to any judgment, decree or order of any court, or any order, rule or regulation of any administrative or governmental body):

i. the failure of a Conversion Shares Registration Statement to be declared effective by the Commission on or prior to the 230th day after the Original Issue Date;

ii. if, during the Effectiveness Period, the effectiveness of the Conversion Shares Registration Statement lapses for any reason for more than an aggregate of 90 calendar days (which need not be consecutive days) during any 12 month period, or the Holder shall not be permitted to resell Registrable

Securities under the Conversion Shares Registration Statement for more than an aggregate of 90 calendar days (which need not be consecutive days) during any 12 month period;

iii. the Corporation shall fail to deliver certificates representing Conversion Shares issuable upon a conversion hereunder that comply with the provisions hereof prior to the 10th Trading Day after such shares are required to be delivered hereunder, or the Corporation shall provide written notice to any Holder, including by way of public announcement, at any time, of its intention not to comply with requests for conversion of any shares of Preferred Stock in accordance with the terms hereof;

iv. one of the Events (as defined in the Registration Rights Agreement) described in subsections (i), (ii) or (iii) of Section 2(b) of the Registration Rights Agreement shall not have been cured to the satisfaction of the Holders prior to the expiration of 60 days from the Event Date (as defined in the Registration Rights Agreement) relating thereto (other than an Event resulting from a failure of a Conversion Shares Registration Statement to be declared effective by the Commission on or prior to the 230th day after the Original Issue Date, which shall be covered by Section 9(a)(i));

v. the Corporation shall fail for any reason to pay in full the amount of cash due pursuant to a Buy-In within 10 days after notice therefor is delivered hereunder or shall fail to pay all amounts owed on account of an Event within five days of the date due;

vi. the Corporation shall fail to have available a sufficient number of authorized and unreserved shares of Common Stock to issue to such Holder upon a conversion hereunder;

vii. the Corporation shall fail to observe or perform any other covenant, agreement or warranty contained in, or otherwise commit any breach of the Transaction Documents, and such failure or breach shall not, if subject to the possibility of a cure by the Corporation, have been remedied within 45 calendar days after the date on which written notice of such failure or breach shall have been given;

viii. the Corporation shall redeem more than a de minimis number of Junior Securities other than as a result of the conversion into or exchange for Junior Securities or in connection with repurchases of shares of Common Stock from employees, officers, directors, consultants or other persons performing services for the Corporation or any subsidiary pursuant to agreements under which the Corporation has the option to repurchase such shares upon the happening of certain events, such as termination, in an aggregate amount not to exceed \$100,000 per calendar year;

- ix. the Corporation shall be party to a Change of Control Transaction;

 - x. there shall have occurred a Bankruptcy Event;

 - xi. the Common Stock shall fail to be listed or quoted for trading on a Trading Market for more than 10 Trading Days, which need not be consecutive Trading Days; or

 - xii. any breach of the agreements delivered to the initial Holders at the Closing pursuant to Section 2.2(a)(vii) of the Purchase Agreement.
- b) Upon the occurrence of a Triggering Event, each Holder shall (in addition to all other rights it may have hereunder or under applicable law) have the right, exercisable at the sole option of such Holder, to require the Corporation to, (i) with respect to the Triggering Events set forth in Sections 9(a) (iii), (v), (vii), (ix) and (x)(as to voluntary filings only)), redeem all of the Preferred Stock then held by such Holder for a redemption price, in cash, equal to the Triggering Redemption Amount; or, (ii) at the option of the Holder and with respect to the Triggering Events set forth in Sections 9(a)(i), (ii), (iv), (vi), (viii), (x)(as to involuntary filings only), (xi) and (xii), either (A) redeem all of the Preferred Stock then held by such Holder for a redemption price, in shares of Common Stock, equal to a number of shares of Common Stock equal to the Triggering Redemption Amount divided by 75% of the average of the 10 VWAPs immediately prior to the date of election hereunder or (B) increase the dividend on all of the outstanding Preferred Stock held by such Holder to equal 18% per annum thereafter; provided, however, the Holder shall only have the option of Section 9(b)(ii)(A) after the Corporation has obtained Shareholder Approval as required by Section 6(d) and, if the Corporation has not obtained such Shareholder Approval), Section 9(b)(ii)(B) shall automatically apply irrespective of such Holder's option. The Triggering Redemption Amount, if in cash or in shares, shall be due and payable or issuable, as the case may be, within 5 Trading Days of the date on which the notice for the payment therefor is provided by a Holder (the Triggering Redemption Payment Date). If the Corporation fails to pay the Triggering Redemption Amount hereunder in full pursuant to this Section on the date such amount is due in accordance with this Section (whether in cash or shares of Common Stock), the Corporation will pay interest thereon at a rate of 18% per annum (or such lesser amount permitted by applicable law), accruing daily from such date until the Triggering Redemption Amount, plus all such interest thereon, is paid in full. For purposes of this Section, a share of Preferred Stock is outstanding until such date as the Holder shall have received Conversion Shares upon a conversion (or attempted conversion) thereof that meets the requirements hereof or has been paid the Triggering Redemption Amount plus all accrued but unpaid dividends and all accrued but unpaid liquidated damages in cash.

Section 10.

Miscellaneous.

a) Notices. Any and all notices or other communications or deliveries to be provided by the Holder hereunder, including, without limitation, any Notice of Conversion, shall be in writing and delivered personally, by facsimile, sent by a nationally recognized overnight courier service, addressed to the Corporation, at **1101 E. Arapaho Road, Richardson, Texas 75081**, facsimile number **972.301.3892**, **Attn: Corporate Secretary** or such other address or facsimile number as the Corporation may specify for such purposes by notice to the Holders delivered in accordance with this Section. Any and all notices or other communications or deliveries to be provided by the Corporation hereunder shall be in writing and delivered personally, by facsimile, sent by a nationally recognized overnight courier service addressed to each Holder at the facsimile telephone number or address of such Holder appearing on the books of the Corporation, or if no such facsimile telephone number or address appears, at the principal place of business of the Holder. Any notice or other communication or deliveries hereunder shall be deemed given and effective on the earliest of (i) the date of transmission, if such notice or communication is delivered via facsimile at the facsimile telephone number specified in this Section prior to 5:30 p.m. (New York City time), (ii) the date after the date of transmission, if such notice or communication is delivered via facsimile at the facsimile telephone number specified in this Section later than 5:30 p.m. (New York City time) on any date and earlier than 11:59 p.m. (New York City time) on such date, (iii) the second Business Day following the date of mailing, if sent by nationally recognized overnight courier service, or (iv) upon actual receipt by the party to whom such notice is required to be given.

b) Absolute Obligation. Except as expressly provided herein, no provision of this Certificate of Designation shall alter or impair the obligation of the Corporation, which is absolute and unconditional, to pay the liquidated damages (if any) on, the shares of Preferred Stock at the time, place, and rate, and in the coin or currency, herein prescribed.

c) Lost or Mutilated Preferred Stock Certificate. If a Holder's Preferred Stock certificate shall be mutilated, lost, stolen or destroyed, the Corporation shall execute and deliver, in exchange and substitution for and upon cancellation of a mutilated certificate, or in lieu of or in substitution for a lost, stolen or destroyed certificate, a new certificate for the shares of Preferred Stock so mutilated, lost, stolen or destroyed but only upon receipt of evidence of such loss, theft or destruction of such certificate, and of the ownership hereof, and indemnity, if requested, all reasonably satisfactory to the Corporation.

d) Governing Law. All questions concerning the construction, validity, enforcement and interpretation of this Certificate of Designation shall be governed by and construed and enforced in accordance with the internal laws of the State of Delaware, without regard to the principles of conflicts of law thereof. Each party agrees that all legal proceedings concerning the interpretations, enforcement and defense of the transactions contemplated by any of the Transaction Documents (whether brought against a party hereto or its respective affiliates, directors, officers, shareholders, employees or

agents) shall be commenced in the state and federal courts sitting in the City of New York, Borough of Manhattan (the New York Courts). Each party hereto hereby irrevocably submits to the exclusive jurisdiction of the New York Courts for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein (including with respect to the enforcement of any of the Transaction Documents), and hereby irrevocably waives, and agrees not to assert in any suit, action or proceeding, any claim that it is not personally subject to the jurisdiction of any such court, or such New York Courts are improper or inconvenient venue for such proceeding. Each party hereby irrevocably waives personal service of process and consents to process being served in any such suit, action or proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under this Certificate of Designation and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any manner permitted by law. Each party hereto hereby irrevocably waives, to the fullest extent permitted by applicable law, any and all right to trial by jury in any legal proceeding arising out of or relating to this Certificate of Designation or the transactions contemplated hereby. If either party shall commence an action or proceeding to enforce any provisions of this Certificate of Designation, then the prevailing party in such action or proceeding shall be reimbursed by the other party for its attorneys fees and other costs and expenses incurred with the investigation, preparation and prosecution of such action or proceeding.

e) Waiver. Any waiver by the Corporation or the Holder of a breach of any provision of this Certificate of Designation shall not operate as or be construed to be a waiver of any other breach of such provision or of any breach of any other provision of this Certificate of Designation. The failure of the Corporation or the Holder to insist upon strict adherence to any term of this Certificate of Designation on one or more occasions shall not be considered a waiver or deprive that party of the right thereafter to insist upon strict adherence to that term or any other term of this Certificate of Designation. Any waiver must be in writing.

f) Severability. If any provision of this Certificate of Designation is invalid, illegal or unenforceable, the balance of this Certificate of Designation shall remain in effect, and if any provision is inapplicable to any person or circumstance, it shall nevertheless remain applicable to all other persons and circumstances. If it shall be found that any interest or other amount deemed interest due hereunder violates applicable laws governing usury, the applicable rate of interest due hereunder shall automatically be lowered to equal the maximum permitted rate of interest.

g) Next Trading Day. Whenever any payment or other obligation hereunder shall be due on a day other than a Trading Day, such payment shall be made on the next succeeding Trading Day.

h) Headings. The headings contained herein are for convenience only, do not constitute a part of this Certificate of Designation and shall not be deemed to limit or affect any of the provisions hereof.

COMMON STOCK PURCHASE WARRANT

To Purchase Shares of Common Stock of

Intrusion Inc.

THIS COMMON STOCK PURCHASE WARRANT (the Warrant) certifies that, for value received, (the Holder), is entitled, upon the terms and subject to the limitations on exercise and the conditions hereinafter set forth, at any time on or after the six month anniversary of the date hereof (the Initial Exercise Date) and on or prior to the close of business on the fifth anniversary of the Initial Exercise Date (the Termination Date) but not thereafter, to subscribe for and purchase from Intrusion Inc., a Delaware corporation (the Company), up to shares (the Warrant Shares) of Common Stock, par value \$0.01 per share, of the Company (the Common Stock). The purchase price of one share of Common Stock under this Warrant shall be equal to the Exercise Price, as defined in Section 2(b).

Section 1. Definitions. Capitalized terms used and not otherwise defined herein shall have the meanings set forth in that certain Securities Purchase Agreement (the Purchase Agreement), dated March 28, 2005, among the Company and the purchasers signatory thereto.

Section 2. Exercise.

a) Exercise of Warrant. Exercise of the purchase rights represented by this Warrant may be made, in whole or in part, at any time or times on or after the Initial Exercise Date and on or before the Termination Date by delivery to the Company of a duly executed facsimile copy of the Notice of Exercise Form annexed hereto (or such other office or agency of the Company as it may designate by notice in writing to the

registered Holder at the address of such Holder appearing on the books of the Company); provided, however, within 5 Trading Days of the date said Notice of Exercise is delivered to the Company, the Holder shall have surrendered this Warrant to the Company and the Company shall have received payment of the aggregate Exercise Price of the shares thereby purchased by wire transfer or cashier's check drawn on a United States bank, unless the Holder has elected to exercise this Warrant pursuant Section 2(c).

b) Exercise Price. The exercise price of the Common Stock under this Warrant shall be \$2.77, subject to adjustment hereunder (the Exercise Price).

c) Cashless Exercise. If at any time after one year from the date of issuance of this Warrant there is no effective Registration Statement registering, or no current prospectus available for, the resale of the Warrant Shares by the Holder, then this Warrant may also be exercised at such time by means of a cashless exercise in which the Holder shall be entitled to receive a certificate for the number of Warrant Shares equal to the quotient obtained by dividing $[(A-B) (X)]$ by (A), where:

(A) = the VWAP on the Trading Day immediately preceding the date of such election;

(B) = the Exercise Price of this Warrant, as adjusted; and

(X) = the number of Warrant Shares issuable upon exercise of this Warrant in accordance with the terms of this Warrant by means of a cash exercise rather than a cashless exercise.

Notwithstanding anything herein to the contrary, on the Termination Date, this Warrant shall be automatically exercised via cashless exercise pursuant to this Section 2(c), provided, however, that if the VWAP is less than the Exercise Price at such time this Warrant shall be deemed cancelled unless the Holder elects to exercise this Warrant pursuant to Section 2(b) on or prior to the Termination Date.

d) Exercise Limitations.

i. Holder's Restrictions. The Holder shall not have the right to exercise any portion of this Warrant, pursuant to Section 2(c) or otherwise, to the extent that after giving effect to such issuance after exercise, the Holder (together with the Holder's affiliates), as set forth on the applicable Notice of Exercise, would beneficially own in excess of 4.99% of the number of shares of the Common Stock outstanding immediately after giving effect to such issuance. For purposes of the foregoing sentence, the number of shares of Common Stock beneficially owned by the Holder and its affiliates shall include the number of shares of Common Stock issuable upon exercise of this Warrant with respect to which the determination of such sentence is being made, but shall exclude the number of shares of

Common Stock which would be issuable upon (A) exercise of the remaining, nonexercised portion of this Warrant beneficially owned by the Holder or any of its affiliates and (B) exercise or conversion of the unexercised or nonconverted portion of any other securities of the Company (including, without limitation, any other Preferred Stock or Warrants) subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the Holder or any of its affiliates. Except as set forth in the preceding sentence, for purposes of this Section 2(d)(i), beneficial ownership shall be calculated in accordance with Section 13(d) of the Exchange Act, it being acknowledged by Holder that the Company is not representing to Holder that such calculation is in compliance with Section 13(d) of the Exchange Act and Holder is solely responsible for any schedules required to be filed in accordance therewith. To the extent that the limitation contained in this Section 2(d)(i) applies, the determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder) and of which a portion of this Warrant is exercisable shall be in the sole discretion of such Holder, and the submission of a Notice of Exercise shall be deemed to be such Holder's determination of whether this Warrant is exercisable (in relation to other securities owned by such Holder) and of which portion of this Warrant is exercisable, in each case subject to such aggregate percentage limitation, and the Company shall have no obligation to verify or confirm the accuracy of such determination. For purposes of this Section 2(d)(i), in determining the number of outstanding shares of Common Stock, the Holder may rely on the number of outstanding shares of Common Stock as reflected in (x) the Company's most recent Form 10-Q or Form 10-K, as the case may be, (y) a more recent public announcement by the Company or (z) any other notice by the Company or the Company's transfer agent setting forth the number of shares of Common Stock outstanding. Upon the written or oral request of the Holder, the Company shall within two Trading Days confirm orally and in writing to the Holder the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of securities of the Company, including this Warrant, by the Holder or its affiliates since the date as of which such number of outstanding shares of Common Stock was reported. The provisions of this Section 2(d)(i) may be waived by the Holder, at the election of the Holder, upon not less than 61 days' prior notice to the Company, and the provisions of this Section 2(d)(i) shall continue to apply until such 61st day (or such later date, as determined by the Holder, as may be specified in such notice of waiver). Notwithstanding any of the foregoing, the provisions of this Section 2(d)(i) shall not apply to any Holder who is an officer or director of the Company as of the Closing Date or as of the date exercise. In addition, if the Holder is an officer or director of the Company as of the date of this Warrant, the Holder may not exercise this Warrant for shares of Common Stock unless and until the

issuance of such shares is approved by the Company's stockholders, to the extent required by the rules and regulations of the Nasdaq Stock Market.

ii. Trading Market Restrictions. If the Company has not obtained Shareholder Approval (as defined below) if required, then the Company may not issue upon exercise of this Warrant in the aggregate, in excess of 19.999% of the number of shares of Common Stock outstanding on the Trading Day immediately preceding the Closing Date, less any shares of Common Stock issued upon conversion of or as payment of dividends on the Preferred Stock or upon prior exercise of this or any other Warrant issued pursuant to the Purchase Agreement (such number of shares, the Issuable Maximum). If on any attempted exercise of this Warrant, the issuance of Warrant Shares would exceed the Issuable Maximum and the Company shall not have previously obtained the vote of shareholders (the Shareholder Approval), if any, as may be required by the applicable rules and regulations of the Nasdaq Stock Market (or any successor entity) to approve the issuance of shares of Common Stock in excess of the Issuable Maximum pursuant to the terms hereof, then the Company shall issue to the Holder requesting a Warrant exercise such number of Warrant Shares as may be issued below the Issuable Maximum and, with respect to the remainder of the aggregate number of Warrant Shares, this Warrant shall not be exercisable until and unless Shareholder Approval has been obtained.

e) Mechanics of Exercise.

i. Authorization of Warrant Shares. The Company covenants that all Warrant Shares which may be issued upon the exercise of the purchase rights represented by this Warrant will, upon exercise of the purchase rights represented by this Warrant, be duly authorized, validly issued, fully paid and nonassessable and free from all taxes, liens and charges in respect of the issue thereof (other than taxes in respect of any transfer occurring contemporaneously with such issue).

ii. Delivery of Certificates Upon Exercise. Certificates for shares purchased hereunder shall be transmitted by the transfer agent of the Company to the Holder by crediting the account of the Holder's prime broker with the Depository Trust Company through its Deposit Withdrawal Agent Commission (DWAC) system if the Company is a participant in such system, and otherwise by physical delivery to the address specified by the Holder in the Notice of Exercise within 3 Trading Days from the delivery to the Company of the Notice of Exercise Form, surrender of this Warrant and payment of the aggregate Exercise Price as set forth above (Warrant Share Delivery Date). This Warrant shall be deemed to have been exercised on the date the Exercise Price is received by the Company, unless the Holder requests a later date for exercise. The Warrant Shares shall be deemed to have been issued, and Holder or any

other person so designated to be named therein shall be deemed to have become a holder of record of such shares for all purposes, as of the date the Warrant has been exercised by payment to the Company of the Exercise Price and all taxes required to be paid by the Holder, if any, pursuant to Section 2(e)(vii) prior to the issuance of such shares, have been paid.

iii. Delivery of New Warrants Upon Exercise. If this Warrant shall have been exercised in part, the Company shall, at the time of delivery of the certificate or certificates representing Warrant Shares, deliver to Holder a new Warrant evidencing the rights of Holder to purchase the unpurchased Warrant Shares called for by this Warrant, which new Warrant shall in all other respects be identical with this Warrant.

iv. Rescission Rights. If the Company fails to cause its transfer agent to transmit to the Holder a certificate or certificates representing the Warrant Shares pursuant to this Section 2(e)(iv) by the Warrant Share Delivery Date, then the Holder will have the right to rescind such exercise.

v. Compensation for Buy-In on Failure to Timely Deliver Certificates Upon Exercise. In addition to any other rights available to the Holder, if the Company fails to cause its transfer agent to transmit to the Holder a certificate or certificates representing the Warrant Shares pursuant to an exercise on or before the Warrant Share Delivery Date, and if after such date the Holder is required by its broker to purchase (in an open market transaction or otherwise) shares of Common Stock to deliver in satisfaction of a sale by the Holder of the Warrant Shares which the Holder anticipated receiving upon such exercise (a Buy-In), then the Company shall (1) pay in cash to the Holder the amount by which (x) the Holder's total purchase price (including brokerage commissions, if any) for the shares of Common Stock so purchased exceeds (y) the amount obtained by multiplying (A) the number of Warrant Shares that the Company was required to deliver to the Holder in connection with the exercise at issue times (B) the price at which the sell order giving rise to such purchase obligation was executed, and (2) at the option of the Holder, either reinstate the portion of the Warrant and equivalent number of Warrant Shares for which such exercise was not honored or deliver to the Holder the number of shares of Common Stock that would have been issued had the Company timely complied with its exercise and delivery obligations hereunder. For example, if the Holder purchases Common Stock having a total purchase price of \$11,000 to cover a Buy-In with respect to an attempted exercise of shares of Common Stock with an aggregate sale price giving rise to such purchase obligation of \$10,000, under clause (1) of the immediately preceding sentence the Company shall be required to pay the Holder \$1,000. The Holder shall provide the Company written notice indicating the amounts payable to the Holder in

respect of the Buy-In, together with applicable confirmations and other evidence reasonably requested by the Company. Nothing herein shall limit a Holder's right to pursue any other remedies available to it hereunder, at law or in equity including, without limitation, a decree of specific performance and/or injunctive relief with respect to the Company's failure to timely deliver certificates representing shares of Common Stock upon exercise of the Warrant as required pursuant to the terms hereof.

vi. No Fractional Shares or Scrip. No fractional shares or scrip representing fractional shares shall be issued upon the exercise of this Warrant. As to any fraction of a share which Holder would otherwise be entitled to purchase upon such exercise, the Company shall pay cash to the Holder in respect of such final fraction in an amount equal to such fraction multiplied by the Exercise Price.

vii. Charges, Taxes and Expenses. Issuance of certificates for Warrant Shares shall be made without charge to the Holder for any issue or transfer tax or other incidental expense in respect of the issuance of such certificate, all of which taxes and expenses shall be paid by the Company, and such certificates shall be issued in the name of the Holder or in such name or names as may be directed by the Holder; provided, however, that in the event certificates for Warrant Shares are to be issued in a name other than the name of the Holder, this Warrant when surrendered for exercise shall be accompanied by the Assignment Form attached hereto duly executed by the Holder; and the Company may require, as a condition thereto, the payment of a sum sufficient to reimburse it for any transfer tax incidental thereto.

viii. Closing of Books. The Company will not close its stockholder books or records in any manner which prevents the timely exercise of this Warrant, pursuant to the terms hereof.

Section 3. Certain Adjustments.

a) Stock Dividends and Splits. If the Company, at any time while this Warrant is outstanding: (A) pays a stock dividend or otherwise make a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Company pursuant to this Warrant or upon conversion of the Preferred Stock or any distribution made in connection with any liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, including any Liquidation under Section 5 of the Certificate of Designations), (B) subdivides outstanding shares of Common Stock into a larger number of shares, (C) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares, or (D) issues by reclassification of shares of the Common Stock any shares of capital stock of the Company, then in each case the

Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding treasury shares, if any) outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event and the number of shares issuable upon exercise of this Warrant shall be proportionately adjusted. Any adjustment made pursuant to this Section 3(a) shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or re-classification.

b) [RESERVED]

c) Pro Rata Distributions. If the Company, at any time prior to the Termination Date, shall distribute to all holders of Common Stock (and not to Holders of the Warrants) evidences of its indebtedness or assets (including cash and cash dividends) or rights or warrants to subscribe for or purchase any security, then in each such case the Exercise Price shall be adjusted by multiplying the Exercise Price in effect immediately prior to the record date fixed for determination of stockholders entitled to receive such distribution by a fraction of which the denominator shall be the VWAP determined as of the record date mentioned above, and of which the numerator shall be such VWAP on such record date less the then per share fair market value at such record date of the portion of such assets or evidence of indebtedness so distributed applicable to one outstanding share of the Common Stock as determined by the Board of Directors in good faith. In either case the adjustments shall be described in a statement provided to the Holder of the portion of assets or evidences of indebtedness so distributed or such subscription rights applicable to one share of Common Stock. Such adjustment shall be made whenever any such distribution is made and shall become effective immediately after the record date mentioned above.

d) Fundamental Transaction. If, at any time while this Warrant is outstanding, (A) the Company effects any merger or consolidation of the Company with or into another Person (other than a merger or consolidation that does not result in any reclassification, conversion, exchange or cancellation of outstanding shares of Common Stock of the Company), (B) the Company effects any sale of all or substantially all of its assets in one or a series of related transactions, (C) any tender offer or exchange offer (whether by the Company or another Person) is completed pursuant to which holders of Common Stock are permitted to tender or exchange their shares for other securities, cash or property, or (D) the Company effects any reclassification of the Common Stock or any compulsory share exchange pursuant to which the Common Stock is effectively converted into or exchanged for other securities, cash or property, in each case which does not otherwise constitute a Liquidation under Section 5 of the Certificate of Designations (in any such case, a Fundamental Transaction), then, upon any subsequent exercise of this Warrant, the Holder shall have the right to receive, for each Warrant Share that would have been issuable upon such exercise immediately prior to the occurrence of such Fundamental Transaction, at the option of the Holder, (a) upon exercise of this Warrant, the number of shares of Common Stock of the successor or acquiring corporation or of the Company, if it is the surviving corporation, and any

additional consideration (the Alternate Consideration) receivable upon or as a result of such reorganization, reclassification, merger, consolidation or disposition of assets by a Holder of the number of shares of Common Stock for which this Warrant is exercisable immediately prior to such event or (b) if the Company is acquired in an all cash transaction, cash equal to the value of this Warrant as determined in accordance with the Black-Scholes option pricing formula. For purposes of any such exercise, the determination of the Exercise Price shall be appropriately adjusted to apply to such Alternate Consideration based on the amount of Alternate Consideration issuable in respect of one share of Common Stock in such Fundamental Transaction, and the Company shall apportion the Exercise Price among the Alternate Consideration in a reasonable manner reflecting the relative value of any different components of the Alternate Consideration. If holders of Common Stock are given any choice as to the securities, cash or property to be received in a Fundamental Transaction, then the Holder shall be given the same choice as to the Alternate Consideration it receives upon any exercise of this Warrant following such Fundamental Transaction. To the extent necessary to effectuate the foregoing provisions, any successor to the Company or surviving entity in such Fundamental Transaction shall issue to the Holder a new warrant consistent with the foregoing provisions and evidencing the Holder's right to exercise such warrant into Alternate Consideration. The terms of any agreement pursuant to which a Fundamental Transaction is effected shall include terms requiring any such successor or surviving entity to comply with the provisions of this Section 3(d) and insuring that this Warrant (or any such replacement security) will be similarly adjusted upon any subsequent transaction analogous to a Fundamental Transaction.

e) Calculations. All calculations under this Section 3 shall be made to the nearest cent or the nearest 1/100th of a share, as the case may be. For purposes of this Section 3, the number of shares of Common Stock deemed to be issued and outstanding as of a given date shall be the sum of the number of shares of Common Stock (excluding treasury shares, if any) issued and outstanding.

f) Notice to Holders.

i. Adjustment to Exercise Price. Whenever the Exercise Price is adjusted pursuant to this Section 3, the Company shall promptly mail to each Holder a notice setting forth the Exercise Price after such adjustment and setting forth a brief statement of the facts requiring such adjustment.

ii. Notice to Allow Exercise by Holder. If (A) the Company shall declare a dividend (or any other distribution) on the Common Stock; (B) the Company shall declare a special nonrecurring cash dividend on or a redemption of the Common Stock (other than repurchases of shares of Common Stock from employees, officers, directors, consultants or other persons performing services for the Company or any subsidiary pursuant to agreements under which the Company has the option to repurchase such shares upon the happening of certain events, such as termination); (C) the Company shall authorize the granting to all holders of the Common Stock rights or warrants to subscribe for or purchase any shares of capital stock

of any class or of any rights; (D) the approval of any stockholders of the Company shall be required in connection with any reclassification of the Common Stock, any consolidation or merger to which the Company is a party, any sale or transfer of all or substantially all of the assets of the Company, of any compulsory share exchange whereby the Common Stock is converted into other securities, cash or property; (E) the Company shall authorize the voluntary or involuntary dissolution, liquidation or winding up of the affairs of the Company; then, in each case, the Company shall cause to be mailed to the Holder at its last address as it shall appear upon the Warrant Register of the Company, at least 20 calendar days prior to the applicable record or effective date hereinafter specified, a notice stating (x) the date on which a record is to be taken for the purpose of such dividend, distribution, redemption, rights or warrants, or if a record is not to be taken, the date as of which the holders of the Common Stock of record to be entitled to such dividend, distributions, redemption, rights or warrants are to be determined or (y) the date on which such reclassification, consolidation, merger, sale, transfer or share exchange is expected to become effective or close, and the date as of which it is expected that holders of the Common Stock of record shall be entitled to exchange their shares of the Common Stock for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale, transfer or share exchange; provided, that the failure to mail such notice or any defect therein or in the mailing thereof shall not affect the validity of the corporate action required to be specified in such notice. The Holder is entitled to exercise this Warrant during the 20-day period commencing on the date of such notice to the effective date of the event triggering such notice.

Section 4. Transfer of Warrant.

a) Transferability. Subject to compliance with any applicable securities laws and the conditions set forth in Sections 5(a) and 4(d) hereof and to the provisions of Section 4.1 of the Purchase Agreement, this Warrant and all rights hereunder are transferable, in whole or in part, upon surrender of this Warrant at the principal office of the Company, together with a written assignment of this Warrant substantially in the form attached hereto duly executed by the Holder or its agent or attorney and funds sufficient to pay any transfer taxes payable upon the making of such transfer. Upon such surrender and, if required, such payment, the Company shall execute and deliver a new Warrant or Warrants in the name of the assignee or assignees and in the denomination or denominations specified in such instrument of assignment, and shall issue to the assignor a new Warrant evidencing the portion of this Warrant not so assigned, and this Warrant shall promptly be cancelled. A Warrant, if properly assigned, may be exercised by a new holder for the purchase of Warrant Shares without having a new Warrant issued.

b) New Warrants. This Warrant may be divided or combined with other Warrants upon presentation hereof at the aforesaid office of the Company, together with a written notice specifying the names and denominations in which new Warrants are to be

issued, signed by the Holder or its agent or attorney. Subject to compliance with Section 4(a), as to any transfer which may be involved in such division or combination, the Company shall, upon request of the Holder, execute and deliver a new Warrant or Warrants in exchange for the Warrant or Warrants to be divided or combined in accordance with such notice.

c) Warrant Register. The Company shall register this Warrant, upon records to be maintained by the Company for that purpose (the Warrant Register), in the name of the record Holder hereof from time to time. The Company may deem and treat the registered Holder of this Warrant as the absolute owner hereof for the purpose of any exercise hereof or any distribution to the Holder, and for all other purposes, absent actual notice to the contrary.

d) Transfer Restrictions. If, at the time of the surrender of this Warrant in connection with any transfer of this Warrant, the transfer of this Warrant shall not be registered pursuant to an effective registration statement under the Securities Act and under applicable state securities or blue sky laws, the Company may require, as a condition of allowing such transfer (i) that the Holder or transferee of this Warrant, as the case may be, furnish to the Company a written opinion of counsel (which opinion shall be in form, substance and scope customary for opinions of counsel in comparable transactions) to the effect that such transfer may be made without registration under the Securities Act and under applicable state securities or blue sky laws, (ii) that the holder or transferee execute and deliver to the Company an investment letter in form and substance acceptable to the Company and (iii) that the transferee be an accredited investor as defined in Rule 501(a)(1), (a)(2), (a)(3), (a)(7), or (a)(8) promulgated under the Securities Act or a qualified institutional buyer as defined in Rule 144A(a) under the Securities Act.

Section 5.

Miscellaneous.

a) Title to Warrant. Prior to the Termination Date and subject to compliance with applicable laws and Section 4 of this Warrant, this Warrant and all rights hereunder are transferable, in whole or in part, at the office or agency of the Company by the Holder in person or by duly authorized attorney, upon surrender of this Warrant together with the Assignment Form annexed hereto properly endorsed. The transferee shall sign an investment letter in form and substance reasonably satisfactory to the Company.

b) No Rights as Stockholder Until Exercise. This Warrant does not entitle the Holder to any voting rights or other rights as a stockholder of the Company prior to the exercise hereof. Upon the surrender of this Warrant and the payment of the aggregate Exercise Price (or by means of a cashless exercise), the Warrant Shares so purchased shall be and be deemed to be issued to such Holder as the record owner of such shares as of the close of business on the later of the date of such surrender or payment.

c) Loss, Theft, Destruction or Mutilation of Warrant. The Company covenants that upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant or any stock certificate relating to the Warrant Shares, and in case of loss, theft or destruction, of indemnity or security

reasonably satisfactory to it (which, in the case of the Warrant, shall not include the posting of any bond), and upon surrender and cancellation of such Warrant or stock certificate, if mutilated, the Company will make and deliver a new Warrant or stock certificate of like tenor and dated as of such cancellation, in lieu of such Warrant or stock certificate.

d) Trading Day. If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall be a day other than a Trading Day, then such action may be taken or such right may be exercised on the next succeeding Trading Day.

e) Authorized Shares.

The Company covenants that during the period the Warrant is outstanding, it will reserve from its authorized and unissued Common Stock a sufficient number of shares to provide for the issuance of the Warrant Shares upon the exercise of any purchase rights under this Warrant. The Company further covenants that its issuance of this Warrant shall constitute full authority to its officers who are charged with the duty of executing stock certificates to execute and issue the necessary certificates for the Warrant Shares upon the exercise of the purchase rights under this Warrant. The Company will take all such reasonable action as may be necessary to assure that such Warrant Shares may be issued as provided herein without violation of any applicable law or regulation, or of any requirements of the Trading Market upon which the Common Stock may be listed.

Except and to the extent as waived or consented to by the Holder, the Company shall not by any action, including, without limitation, amending its certificate of incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all times in good faith assist in the carrying out of all such terms and in the taking of all such actions as may be necessary or appropriate to protect the rights of Holder as set forth in this Warrant against impairment. Without limiting the generality of the foregoing, the Company will (a) not increase the par value of any Warrant Shares above the amount payable therefor upon such exercise immediately prior to such increase in par value, (b) take all such action as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable Warrant Shares upon the exercise of this Warrant, and (c) use commercially reasonable efforts to obtain all such authorizations, exemptions or consents from any public regulatory body having jurisdiction thereof as may be necessary to enable the Company to perform its obligations under this Warrant.

Before taking any action which would result in an adjustment in the number of Warrant Shares for which this Warrant is exercisable or in the Exercise Price, the Company shall obtain all such authorizations or exemptions thereof, or

consents thereto, as may be necessary from any public regulatory body or bodies having jurisdiction thereof.

f) Jurisdiction. All questions concerning the construction, validity, enforcement and interpretation of this Warrant shall be determined in accordance with the provisions of the Purchase Agreement.

g) Restrictions. The Holder acknowledges that the Warrant Shares acquired upon the exercise of this Warrant, if not registered, will have restrictions upon resale imposed by state and federal securities laws.

h) Nonwaiver and Expenses. No course of dealing or any delay or failure to exercise any right hereunder on the part of Holder shall operate as a waiver of such right or otherwise prejudice Holder's rights, powers or remedies, notwithstanding the fact that all rights hereunder terminate on the Termination Date. If the Company willfully and knowingly fails to comply with any provision of this Warrant, which results in any material damages to the Holder, the Company shall pay to Holder such amounts as shall be sufficient to cover any costs and expenses including, but not limited to, reasonable attorneys' fees, including those of appellate proceedings, incurred by Holder in collecting any amounts due pursuant hereto or in otherwise enforcing any of its rights, powers or remedies hereunder.

i) Notices. Any notice, request or other document required or permitted to be given or delivered to the Holder by the Company shall be delivered in accordance with the notice provisions of the Purchase Agreement.

j) Limitation of Liability. No provision hereof, in the absence of any affirmative action by Holder to exercise this Warrant or purchase Warrant Shares, and no enumeration herein of the rights or privileges of Holder, shall give rise to any liability of Holder for the purchase price of any Common Stock or as a stockholder of the Company, whether such liability is asserted by the Company or by creditors of the Company.

k) Remedies. Holder, in addition to being entitled to exercise all rights granted by law, including recovery of damages, will be entitled to specific performance of its rights under this Warrant. The Company agrees that monetary damages would not be adequate compensation for any loss incurred by reason of a breach by it of the provisions of this Warrant and hereby agrees to waive the defense in any action for specific performance that a remedy at law would be adequate.

l) Successors and Assigns. Subject to applicable securities laws, this Warrant and the rights and obligations evidenced hereby shall inure to the benefit of and be binding upon the successors of the Company and the successors and permitted assigns of Holder. The provisions of this Warrant are intended to be for the benefit of all Holders from time to time of this Warrant and shall be enforceable by any such Holder or holder of Warrant Shares.

m) Amendment. This Warrant may be modified or amended or the provisions hereof waived with the written consent of the Company and the Holder.

n) Severability. Wherever possible, each provision of this Warrant shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Warrant shall be prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provisions or the remaining provisions of this Warrant.

o) Headings. The headings used in this Warrant are for the convenience of reference only and shall not, for any purpose, be deemed a part of this Warrant.

IN WITNESS WHEREOF, the Company has caused this Warrant to be executed by its officer thereunto duly authorized.

The Registration Statement shall be on Form S-3 (except if the Company is not then eligible to register for resale the Registrable Securities on Form S-3, in which case such registration shall be on another appropriate form in accordance herewith) and shall contain (unless otherwise directed by the Holders) substantially the Plan of Distribution attached hereto as Annex A. Subject to the terms of this Agreement, the Company shall use commercially reasonable efforts to cause the Registration Statement to be declared effective under the Securities Act as promptly as possible after the filing thereof, but in any event prior to the applicable Effectiveness Date, and shall use commercially reasonable efforts to keep such Registration Statement continuously effective under the Securities Act until all Registrable Securities covered by such Registration Statement have been sold or may be sold without volume restrictions pursuant to Rule 144(k) as determined by the counsel to the Company pursuant to a written opinion letter to such effect, addressed and acceptable to the Company's transfer agent and the affected Holders (the Effectiveness Period). The Company shall telephonically request effectiveness of a Registration Statement as of 5:00 pm Eastern Time on a Trading Day. The Company shall immediately notify the Holders via facsimile of the effectiveness of the Registration Statement on the same Trading Day that the Company telephonically confirms effectiveness with the Commission, which shall be the date requested for effectiveness of the Registration Statement. The Company shall, by 9:30 am Eastern Time on the Trading Day after the Effective Date (as defined in the Purchase Agreement), file a Form 424(b)(5) with the Commission. Failure to so notify the Holder within 1 Trading Day of such notification shall be deemed an Event under Section 2(b).

(b) If: (i) a Registration Statement is not filed on or prior to its Filing Date (if the Company files a Registration Statement without affording the Holders the opportunity to review and comment on the same as required by Section 3(a), the Company shall not be deemed to have satisfied this clause (i)), or (ii) the Company fails to file with the Commission a request for acceleration in accordance with Rule 461 promulgated under the Securities Act, within five Trading Days of the date that the Company is notified (orally or in writing, whichever is earlier) by the Commission that a Registration Statement will not be reviewed, or not subject to further review, or (iii) prior to its Effectiveness Date, the Company fails to file a pre-effective amendment and otherwise respond in writing to comments made by the Commission in respect of such Registration Statement within 10 Trading Days after the receipt of comments by or notice from the Commission that such amendment is required in order for a Registration Statement to be declared effective, or (iv) a Registration Statement filed or required to be filed hereunder is not declared effective by the Commission by the Effectiveness Date, or (v) after the

Effectiveness Date, a Registration Statement ceases for any reason to remain continuously effective as to all Registrable Securities for which it is required to be effective, or the Holders are not permitted to utilize the Prospectus therein to resell such Registrable Securities for more than an aggregate of 30 calendar days during any 12-month period (which need not be consecutive Trading Days) (any such failure or breach being referred to as an Event , and for purposes of clause (i) or (iv) the date on which such Event occurs, or for purposes of clause (ii) the date on which such five Trading Day period is exceeded, or for purposes of clause (iii) the date which such 10 Trading Day period is exceeded, or for purposes of clause (v) the date on which such 30 calendar day period, as applicable, is exceeded being referred to as Event Date), then in addition to any other rights the Holders may have hereunder or under applicable law, on each such Event Date and on each monthly anniversary of each such Event Date (if the applicable Event shall not have been cured by such date) until the applicable Event is cured, the Company shall pay to each Holder an amount in cash, as partial liquidated damages and not as a penalty, equal to (x) 1% of the aggregate purchase price paid by such Holder pursuant to the Purchase Agreement for any Registrable Securities then held by such Holder upon the occurrence of such Event Date and for the initial 30 day period following such Event Date and (y) 2% of the aggregate purchase price paid by such Holder pursuant to the Purchase Agreement for any Registrable Securities then held by such Holder for subsequent 30 day periods following such Event Date. If the Company fails to pay any partial liquidated damages pursuant to this Section in full within seven days after the date payable, the Company will pay interest thereon at a rate of 18% per annum (or such lesser maximum amount that is permitted to be paid by applicable law) to the Holder, accruing daily from the date such partial liquidated damages are due until such amounts, plus all such interest thereon, are paid in full. The partial liquidated damages pursuant to the terms hereof shall apply on a daily pro-rata basis for any portion of a month prior to the cure of an Event. Notwithstanding the foregoing, no liquidated damages or other penalty pursuant to this Section 2(b) shall be payable by the Company (i) to any Holder who is an officer or director of the Company at the time such payment is due; or (ii) with respect to the Registrable Securities described in clause (iii) of the definition thereof.

3. Registration Procedures

In connection with the Company's registration obligations hereunder, the Company shall:

- (a) Not less than five Trading Days prior to the filing of each Registration Statement or any related Prospectus or any amendment or supplement thereto (including any document that would be incorporated or deemed to be incorporated therein by reference), the Company shall, (i) furnish to each Holder copies of all such documents proposed to be filed, which documents (other than those incorporated or deemed to be incorporated by reference) will be subject to the review of such Holders, and (ii) cause its officers and directors, counsel and independent certified public accountants to respond to such inquiries as shall be necessary, in the reasonable opinion of respective counsel to conduct a reasonable investigation within the meaning of the Securities Act. The Company shall not file the Registration Statement or any such Prospectus or any amendments or supplements thereto to which the Holders of a majority of the Registrable Securities shall reasonably object in good faith, provided that, the Company is notified of such objection in writing no later than 5 Trading Days after the Holders have been so furnished copies

of such documents. Each Holder agrees to furnish to the Company a completed Questionnaire in the form attached to this Agreement as Annex B (a Selling Shareholder Questionnaire) as well as such other information regarding such Holder or its Registrable Securities as may be required for the Company to respond to any comments from the Commission to the Registration Statement or any amendment thereto not less than two Trading Days prior to the Filing Date or by the end of the fourth Trading Day following the date on which such Holder receives draft materials in accordance with this Section.

(b) (i) Prepare and file with the Commission such amendments, including post-effective amendments, to a Registration Statement and the Prospectus used in connection therewith as may be necessary to keep a Registration Statement continuously effective as to the applicable Registrable Securities for the Effectiveness Period (other than in connection with a Blackout Period) and prepare and file with the Commission such additional Registration Statements in order to register for resale under the Securities Act all of the Registrable Securities; (ii) cause the related Prospectus to be amended or supplemented by any required Prospectus supplement (subject to the terms of this Agreement), and as so supplemented or amended to be filed pursuant to Rule 424; (iii) respond as promptly as reasonably possible to any comments received from the Commission with respect to a Registration Statement or any amendment thereto and as promptly as reasonably possible provide the Holders true and complete copies of all correspondence from and to the Commission relating to a Registration Statement; and (iv) comply in all material respects with the provisions of the Securities Act and the Exchange Act with respect to the disposition of all Registrable Securities covered by a Registration Statement during the applicable period in accordance (subject to the terms of this Agreement) with the intended methods of disposition by the Holders thereof set forth in such Registration Statement as so amended or in such Prospectus as so supplemented.

(c) Notify the Holders of Registrable Securities to be sold (which notice shall, pursuant to clauses (ii) through (vi) hereof, be accompanied by an instruction to suspend the use of the Prospectus until the requisite changes have been made) as promptly as reasonably possible (and, in the case of (i)(A) below, not less than five Trading Days prior to such filing) and (if requested by any such Person) confirm such notice in writing no later than one Trading Day following the day (i)(A) when a Prospectus or any Prospectus supplement or post-effective amendment to a Registration Statement is proposed to be filed; (B) when the Commission notifies the Company whether there will be a review of such Registration Statement and whenever the Commission comments in writing on such Registration Statement (the Company shall provide true and complete copies thereof and all written responses thereto to each of the Holders); and (C) with respect to a Registration Statement or any post-effective amendment, when the same has become effective; (ii) of any request by the Commission or any other Federal or state governmental authority for amendments or supplements to a Registration Statement or Prospectus or for additional information; (iii) of the issuance by the Commission or any other federal or state governmental authority of any stop order suspending the effectiveness of a Registration Statement covering any or all of the Registrable Securities or the initiation of any Proceedings for that purpose; (iv) of the receipt by the Company of any notification with respect to the suspension of the qualification or exemption from qualification of any of the Registrable Securities for sale in any jurisdiction, or the initiation or threatening of any Proceeding for such purpose; (v) of the occurrence of any event or passage of time that makes the financial

statements included in a Registration Statement ineligible for inclusion therein or any statement made in a Registration Statement or Prospectus or any document incorporated or deemed to be incorporated therein by reference untrue in any material respect or that requires any revisions to a Registration Statement, Prospectus or other documents so that, in the case of a Registration Statement or the Prospectus, as the case may be, it will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading; and (vi) the occurrence or existence of any pending corporate development or other non-public information with respect to the Company that the Company believes may be material and that, in the determination of the Company, makes it not in the best interest of the Company to allow continued availability of the Registration Statement or Prospectus; provided that any and all of such information shall remain confidential to each Holder until such information otherwise becomes public, unless disclosure by a Holder is required by law; provided, further, notwithstanding each Holder's agreement to keep such information confidential, the Holders make no acknowledgement that any such information is material, non-public information.

(d) Use commercially reasonable efforts to avoid the issuance of, or, if issued, obtain the withdrawal of (i) any order suspending the effectiveness of a Registration Statement, or (ii) any suspension of the qualification (or exemption from qualification) of any of the Registrable Securities for sale in any jurisdiction, at the earliest practicable moment.

(e) Furnish to each Holder, without charge, at least one conformed copy of each such Registration Statement and each amendment thereto, including financial statements and schedules, all documents incorporated or deemed to be incorporated therein by reference to the extent requested by such Person, and all exhibits to the extent requested by such Person (including those previously furnished or incorporated by reference) promptly after the filing of such documents with the Commission.

(f) Promptly deliver to each Holder, without charge, as many copies of the Prospectus or Prospectuses (including each form of prospectus) and each amendment or supplement thereto as such Persons may reasonably request in connection with resales by the Holder of Registrable Securities. Subject to the terms of this Agreement, the Company hereby consents to the use of such Prospectus and each amendment or supplement thereto by each of the selling Holders in connection with the offering and sale of the Registrable Securities covered by such Prospectus and any amendment or supplement thereto, except after the giving on any notice pursuant to Section 3(c).

(g) Prior to any resale of Registrable Securities by a Holder, use its commercially reasonable efforts to register or qualify or cooperate with the selling Holders in connection with the registration or qualification (or exemption from the Registration or qualification) of such Registrable Securities for the resale by the Holder under the securities or Blue Sky laws of such jurisdictions within the United States as any Holder reasonably requests in writing, to keep each registration or qualification (or exemption therefrom) effective during the Effectiveness Period and to do any and all other acts or things reasonably necessary to enable the disposition in such jurisdictions of the Registrable Securities covered by each Registration Statement; provided, that the Company shall not be required to qualify generally to do business in any jurisdiction where it

is not then so qualified, subject the Company to any material tax in any such jurisdiction where it is not then so subject or file a general consent to service of process in any such jurisdiction.

(h) If NASDR Rule 2710 requires any broker-dealer to make a filing prior to executing a sale by a Holder, make an Issuer Filing (as defined in such Rule) with the NASDR, Inc. Corporate Financing Department pursuant to NASDR Rule 2710(b)(10)(A)(i) and respond within five Trading Days to any comments received from NASDR in connection therewith, and pay the filing fee required in connection therewith.

(i) If requested by the Holders, cooperate with the Holders to facilitate the timely preparation and delivery of certificates representing Registrable Securities to be delivered to a transferee pursuant to the Registration Statement, which certificates shall be free, to the extent permitted by the Purchase Agreement, of all restrictive legends, and to enable such Registrable Securities to be in such denominations and registered in such names as any such Holders may request.

(j) Upon the occurrence of any event contemplated by this Section 3, as promptly as reasonably possible under the circumstances taking into account the Company's good faith assessment of any adverse consequences to the Company and its stockholders of the premature disclosure of such event, prepare a supplement or amendment, including a post-effective amendment, to a Registration Statement or a supplement to the related Prospectus or any document incorporated or deemed to be incorporated therein by reference, and file any other required document so that, as thereafter delivered, neither a Registration Statement nor such Prospectus will contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading. If the Company notifies the Holders in accordance with clauses (ii) through (vi) of Section 3(c) above to suspend the use of any Prospectus until the requisite changes to such Prospectus have been made, then the Holders shall suspend use of such Prospectus. The Company will use its best efforts to ensure that the use of the Prospectus may be resumed as promptly as is practicable. The Company shall be entitled to exercise its right under this Section 3(j) to suspend the availability of a Registration Statement and Prospectus, subject to the payment of partial liquidated damages pursuant to Section 2(b), for a period not to exceed 60 days (which need not be consecutive days) in any 12 month period (each a Blackout Period).

(k) Comply with all applicable rules and regulations of the Commission.

(l) The Company may require each selling Holder to furnish to the Company a certified statement as to the number of shares of Common Stock beneficially owned by such Holder and, if required by the Commission, the person thereof that has voting and dispositive control over the Shares. During any periods that the Company is unable to meet its obligations hereunder with respect to the registration of the Registrable Securities solely because any Holder fails to furnish such information within three Trading Days of the Company's request, any liquidated damages that are accruing at such time as to such Holder only shall be tolled and any Event that may otherwise occur solely because of such delay shall be suspended as to such Holder only, until such information is delivered to the Company.

4. Registration Expenses. All fees and expenses incident to the performance of or compliance with this Agreement by the Company shall be borne by the Company whether or not any Registrable Securities are sold pursuant to the Registration Statement. The fees and expenses referred to in the foregoing sentence shall include, without limitation, (i) all registration and filing fees (including, without limitation, fees and expenses (A) with respect to filings required to be made with the Trading Market on which the Common Stock is then listed for trading, (B) in compliance with applicable state securities or Blue Sky laws reasonably agreed to by the Company in writing (including, without limitation, fees and disbursements of counsel for the Company in connection with Blue Sky qualifications or exemptions of the Registrable Securities and determination of the eligibility of the Registrable Securities for investment under the laws of such jurisdictions as requested by the Holders) and (C) if not previously paid by the Company in connection with an Issuer Filing, with respect to any filing that may be required to be made by any broker through which a Holder intends to make sales of Registrable Securities with NASD Regulation, Inc. pursuant to the NASD Rule 2710, so long as the broker is receiving no more than a customary brokerage commission in connection with such sale, (ii) printing expenses (including, without limitation, expenses of printing certificates for Registrable Securities and of printing prospectuses if the printing of prospectuses is reasonably requested by the holders of a majority of the Registrable Securities included in a Registration Statement), (iii) messenger, telephone and delivery expenses, (iv) fees and disbursements of counsel for the Company, (v) Securities Act liability insurance, if the Company so desires such insurance, and (vi) fees and expenses of all other Persons retained by the Company in connection with the consummation of the transactions contemplated by this Agreement.
