PROXY STATEMENT

This Proxy Statement and the accompanying Notice of Annual Meeting of Shareholders are being furnished in connection with the solicitation of proxies by the Board of Directors of Clean Harbors, Inc., a Massachusetts corporation (the "Company"), for use at the Annual Meeting of Shareholders of the Company to be held at the Langham Hotel, 250 Franklin Street, Boston, Massachusetts, on May 19, 2006, commencing at 9:00 a.m., local time, and any adjournment thereof.

PROXY SOLICITATION

Proxies in the accompanying form properly executed and received prior to the meeting and not revoked will be voted as specified or, if no instructions are given, will be voted in favor of the proposals described herein. Proxies may be revoked at any time prior to the meeting by written notice given to the Secretary of the Company. The cost of this solicitation shall be borne by the Company. Solicitations of proxies by telephone or in person may be made by the Company's directors, officers or other employees, but any such solicitation will be carried on during working hours and for no additional cost, other than the time expended and telephone charges in making such solicitation. This Proxy Statement and the accompanying proxy form are scheduled to be mailed to shareholders beginning on or about April 14, 2006.

INFORMATION AS TO VOTING SECURITIES

The holders of the Company's Common Stock, \$.01 par value ("Common Stock"), and Series B Convertible Preferred Stock, \$.01 par value ("Series B Preferred Stock"), vote as a single group with respect to the election of directors and most other matters. Each issued and outstanding share of the Company's Common Stock and Series B Preferred Stock is entitled to one vote. Only shareholders of record at the close of business on April 7, 2006 will be entitled to vote at the meeting. On April 7, 2006, there were 19,474,621 shares of Common Stock and 69,000 shares of Series B Preferred Stock outstanding. Votes cast by proxy or in person at the Annual Meeting will be counted by persons appointed by the Company to act as election inspectors for the meeting.

At the Annual Meeting, the shareholders will vote upon the proposed election of three Class II directors. Election of the Class II directors will require the affirmative vote of the holders of a plurality of the total shares of Common Stock and Series B Preferred Stock cast at the meeting. Votes withheld from any nominee for election as a director will have the effect of "against" votes. Abstentions on such election and any broker "non-votes" will be counted as present or represented for purposes of determining the presence of a quorum for the meeting, but not be taken into account in the voting. Broker "non-votes" occur when a broker holding shares in "street name" votes on one proposal, but does not vote on another proposal because the broker does not have discretionary voting power and has not received instructions from the beneficial owner of such shares. Usually, this would occur when brokers holding stock in "street name" have not received any instructions from clients, in which case the brokers (as holders of record) are permitted to vote on "routine" matters but not on "non-routine" matters. However, the election of directors is a "routine" matter, and brokers are therefore generally able to vote shares held in "street name" on such election without receiving instructions from the beneficial holders of such shares.

The Board of Directors has fixed the number of Class II directors to be elected at the Annual Meeting at three and nominated Messrs. In the event that any of the nominees is unable to stand for election (which event is not now contemplated), the holders of the enclosed proxy will vote for the election of a nominee or nominees acceptable to the remaining members of the Company's Board of Directors. The Board of Directors recommends that shareholders vote FOR the election of Messrs. Barr, Preston and Waxlax as Class II directors.

According to the Company's 2000 Stock Incentive Plan approved by shareholders at the 2000 Annual Meeting, each director who is not an employee of the Company receives upon election to the Board a grant of a five-year, non-qualified stock option to purchase that number of shares of the Company's Common Stock determined by multiplying 2,000 by the number of years or fraction thereof for which the director shall be elected, at the market price of the Common Stock on the date of election, vesting immediately as to the first 2,000 shares of any award and as to an additional 2,000 shares on each anniversary of the date of election. Awards to directors appointed to fill a vacancy on the Board for less than one year are prorated. During 2005, upon his election as a director to serve for a term of three years, Mr. Shields, the only non-employee elected as director during such year, received options for 6,000 shares at the market price of \$18.97 per share.

The Company's policy during 2005 was to pay each non-employee director an annual retainer fee of \$25,000 plus \$2,000 for each Board meeting attended, \$1,000 for each committee meeting attended and \$1,000 for meetings conducted by telephone conference call. The Company also paid non-employee directors an additional \$1,000 for serving on the Audit Committee, Compensation Committee or Corporate Governance Committee, \$7,500 for serving as Chairman of the Audit Committee, and \$5,000 for serving as Chairman of the Compensation Committee or Corporate Governance Committee. Directors are also reimbursed for the expenses they incur in connection with service on the Board and its committees.

Board Committees and Meetings

The Board of Directors is the ultimate decision making body of the Company except with respect to those matters reserved by law or the By-Laws of the Company to the shareholders. The Board is responsible for selection of the Chief Executive Officer and for advising the Chief Executive Officer with respect to the selection of a management team, providing oversight responsibility and direction to management and evaluating the performance of management on behalf of the shareholders.

During 2005, the Board held 7 meetings, of which 4 were held by conference call. All directors attended at least 75% of each of the meetings of the Board and the committees on which they served. All members of the Board attended the annual meeting of shareholders.

The Board has established three committees, the Audit Committee, Compensation Committee and Corporate Governance Committee. The Board has determined that a majority of its members are independent directors as defined by the rules of the Nasdaq Stock Market. The Board has also determined that each of the committees of the Board consists solely of non-employee independent directors, as defined by the rules of the Nasdaq Stock Market which are applicable to membership on such committees, and that each member of each committee is free of any relationship that would interfere with his ability to exercise independent judgment. In addition, there are no interlocks between the members of the Compensation Committee and the compensation committee of any other entity. Based upon their training and experience as described above under Directors and Executive Officers of the Company, the Board has also determined that each of Andrea Robertson and Thomas J. Shields qualifies as an audit committee financial expert, as defined by Item 401(h) of Regulation S-K of the Securities Exchange Act of 1934. All members of the committees are appointed by the Board, and each committee operates under a charter approved by the Board. These charters are available on the Company's website at www.cleanharbors.com.

Audit Committee

During 2005, Thomas Shields, Chairman, John Preston and Andrea Robertson served on the Audit Committee for the full year. In addition, John Kaslow served as a member of the Audit Committee until his retirement from the Board of Directors in May 2005. The primary functions of the Audit Committee are to recommend the selection of independent public accountants, to review the scope of and approach to audit work, and to meet with and review the activities of the Company's internal accountants and the Company's independent registered public accounting firm. During 2005, there were 13 meetings of the Audit Committee, of which 6 were held by conference call.

Compensation Committee

During 2005, Daniel McCarthy, Chairman, John Barr and Lorne Waxlax served on the Compensation Committee for the entire year. The primary responsibilities of the Compensation Committee are the recommendation of a compensation package for the Chief Executive Officer to the full Board of Directors, review and approval of other senior executive officer compensation, review and approval of corporate management compensation policies, and management of the Company's equity incentive and employee stock purchase plans. The Committee also works with the Chief Executive Officer in developing annual goals for the Chief Executive Officer and his senior executive staff and evaluates their success in achieving those goals at the end of each year. The Compensation Committee held 5 meetings during 2005, of which 1 was held by telephone conference call.

Corporate Governance Committee

During 2005, Lorne Waxlax, Chairman and Daniel McCarthy served on the Corporate Governance Committee for the entire year. In addition, John Kaslow served as a member until his retirement from the Board of Directors in May 2005, when Thomas Shields was appointed to serve in his place. The primary responsibilities of the Corporate Governance Committee are to serve as a nominating committee for directors and board officers, recommend committee structures, review director compensation, monitor the Company's social responsibility programs and assist the Board in reviewing the performance of the Board and the Chief Executive Officer. The Committee met 3 times during 2005. None of these meetings was held by conference call.

The Corporate Governance Committee works with the Board on an annual basis to determine the appropriate characteristics, skills and experience for the Board as a whole and its individual members. In evaluating the suitability of individual Board members, the Board takes into account many factors which include, in addition to high personal and professional ethics, integrity and values, particular industry or geographic experience, understanding of the business of the Company, particular disciplines such as finance, marketing, sales and management, and personal, educational and professional background. The Board evaluates each individual in the context of the Board as a whole, with the objective of recommending directors who provide a diversity of experiences and will best perpetuate the success of the business and exercise sound judgment in representing the interests of shareholders. In determining whether to recommend a director for re-election, the Committee also considers the director's past attendance at meetings and contributions to the activities of the Board. In the past, nominees for the Board have been submitted by members of the Board. However, the Corporate Governance Committee will also consider shareholder recommendations for Board candidates. For the 2007 annual meeting of shareholders, names of potential Board candidates should be received no later than January 15, 2007. The Committee will use the same evaluation method described above in assessing any candidates recommended by shareholders. The name of any recommended candidate for director, together with a brief biography, a document indicating the candidate's willingness to serve, and evidence of the nominating person's ownership of Company stock, should be sent to the Chairman, Corporate Governance Committee, at the address of the Company.

Shareholders and other interested parties may communicate with the Board by mail or electronically. To communicate with the Board, correspondence should be addressed to Daniel J. McCarthy, Lead Director, c/o General Counsel and Assistant Secretary, Clean Harbors, Inc., PO Box 859048, 1501 Washington Street, Braintree, MA 02185-9048, or gearyb@cleanharbors.com. All correspondence received as such will be opened by the office of the General Counsel for the sole purpose of determining whether the contents represent a message to directors. Any communication that is not in the nature of advertising, promotion of a product or service, or patently offensive material, will be forwarded promptly to the Lead Director for distribution to the other members of the Board.

Compensation Committee Report

The Compensation Committee of the Board of Directors (the "Committee") consists of three independent directors whose responsibilities include the recommendation to the full Board of Directors of a compensation package for the Chief Executive Officer; review and approval of other senior executive officer compensation; review and approval of corporate management compensation policies; and management of the Company's equity incentive and employee stock purchase plans.

Executive Compensation

The fundamental philosophy of the Committee regarding executive compensation is to offer competitive compensation opportunities and to align individual compensation with the goals, values and priorities of the Company. Compensation for executive officers currently consists of three basic elements: base compensation and benefits, salary at-risk, and awards of long-term equity incentives through either non-qualified stock options or restricted stock awards. In addition, in 1998 the Company instituted an Executive Retention Plan in order to help retain certain key employees.

Base compensation and benefits for 2005 were determined based upon a current analysis and previous studies of comparable industry groups. Bonuses for the Chief Executive Officer were based on the attainment of specific objectives. For other senior managers, the Committee approved an incentive bonus programs for 2005. The Company's 2005 Management Incentive Program ("MIP") covered 143 management positions. Under the MIP, an individual could earn a bonus based upon Company-wide success in meeting management's goals, based upon thresholds of achievements of

earnings before interest, taxes, depreciation and amortization (EBITDA), and certain individuals were eligible to receive an additional bonus based on specific goals and objectives. Payouts under the MIP for 2005 totaled \$2,436,409 and payments to individual participants ranged from \$708 to \$120,000.

The final element of compensation for executives is long-term equity incentives through grants of either non-qualified stock options or restricted stock awards. Awards are designed to align the interests of executives with those of shareholders of the Company and to encourage long-term retention of executives through periodic vesting. Stock option awards made during 2004 were at current market prices and most vest 20% at the end of each successive year of service. During 2005, 15,000 stock options were granted to two employees of the Company. In November 2005, the Compensation Committee granted to six employees an aggregate of 37,950 shares of restricted stock. Under such restricted stock awards, the restricted shares will vest over five years subject to continued employment. Individual awards of restricted shares ranged from 3,000 to 14,300 per employee, each based upon the individual's position and ability to positively impact Company results, adjusted according to his or her performance rating. The Chief Executive Officer, Alan S. McKim, did not receive any options or restricted stock awards during 2005, nor during any previous year.

On March 17, 2006, the Compensation Committee granted under the 2000 Stock Incentive Plan to 51 employees performance-based restricted stock awards for an aggregate of 71,292 shares. Those awards will require, in addition to continued employment by the grantees, that the Company satisfy certain performance goals relating to revenue during the years ending December 31, 2006 and 2007 in order for the restricted shares to vest. During the remainder of 2006 and subsequent years, the Compensation Committee intends to make most or all of its long-term equity incentive grants in the form of performance-based restricted stock awards made under the 2000 Stock Incentive Plan requiring for vesting, in addition to continued employment, the satisfaction by the Company of performance goals established at the beginning of each year by the Committee with advice from the Company's senior management. However, the Committee may also continue to make certain grants under the 2000 Plan in the form of non-qualified stock options or restricted stock awards requiring continued employment for vesting but without performance goals if the Committee believes such awards are in the best interest of the Company and its shareholders.

In 1998, the Company instituted an Executive Retention Plan (the Retention Plan), which currently covers 13 members of senior management. The Retention Plan provides for severance payments for terminations other than for cause in exchange for one-year non-competition agreements. For terminations other than for cause and not related to a change in control, the Retention Plan calls for the payment of up to one year of base salary at the rate in effect at the time of termination of employment, payable periodically in accordance with the Company's normal executive salary payment policies, plus up to one year of continued medical, dental, life insurance and other benefits, if any, available to the executive at the time of his or her termination of employment.

Under the Retention Plan, in the event of a Change in Control (as defined in the Plan), the executive will receive severance benefits equal to one year's base salary and benefits if his or her employment with the Company is terminated for any reason within 30 days after a Change in Control. Also, an executive shall be entitled to receive the same severance benefits if the executive does not receive a position equal to the position that the executive held prior to the Change in Control or if the primary work location is not within 30 miles of such location prior to the Change in Control. If the executive accepts a position with the successor corporation after the Change in Control, and, within two years of the Change in Control, the executive's position changes so as not to be equal to his or her position prior to the Change in Control, then the executive shall be entitled to the same severance benefits. Under the Retention Plan, one year's base salary is payable within 30 days after termination of employment relating to a Change in Control.

Chief Executive Officer Compensation

During 2005, base compensation of the Chief Executive Officer, Alan S. McKim, was \$450,000. Mr. McKim's incentive compensation for 2005 was based upon the Company's achievement of a base line EBITDA goal, refinancing and reduction of the Company's debt, improvement of health and safety, improvement of the collection of receivables, and various other goals. Based upon his accomplishments during 2005, Mr. McKim was awarded a bonus of \$500,000.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to publicly-held companies for compensation paid to certain executive officers to the extent that annual compensation paid to any such officer exceeds \$1 million. In order to facilitate the Company's future ability to fully deduct compensation income paid to its executive officers, the Company amended in 2005 the Company's 2000 Stock Incentive Plan so as to permit the Compensation Committee to structure stock option grants and restricted stock awards in a manner intended to allow deductions under Code Section 162(m). The Compensation Committee intends to structure stock option grants and restricted stock awards in such a manner unless the Committee determines that such compliance would not be in the best interests of the Company or its shareholders.

The foregoing report is provided by the following independent directors, who constitute the Compensation Committee.

Termination of Employment and Change of Control Agreements

The Company does not have any employment agreements with its executive officers. The Company provides change of control protection under stock option and restricted stock award agreements granted to executive officers. Some of those agreements provide that options or restricted stock will automatically fully vest upon a change of control, while others provide that if an employee is involuntarily terminated or experiences a change of position and a reduction in salary or relocation within 12 months of a change of control, the employee's options become fully vested.

As discussed more fully in the Compensation Committee Report, the Company has an Executive Retention Plan (Retention Plan) that now covers 13 members of executive and senior management. The Retention Plan provides for severance payments equal to one year's base salary for terminations that are due to a Change in Control of the Company as that term is defined in the Retention Plan. In addition to severance, the Retention Plan provides for up to one year of continued employee benefits, if any, available to the executive at the time of his or her termination of employment.

Certain Transactions

In October 2003, the Company engaged BlueWave Strategies, LLC (BlueWave), a company in which one of its directors, John P. DeVillars, is a controlling member, to provide advisory services on environmental regulatory matters and internal environmental operating systems. The engagement, which was originally for a six-month term, involves the payment of a retainer fee of \$10,000 per month. After review and approval of the Audit Committee of the Company's Board of Directors, which is

responsible for the review of related party transactions, the engagement has been extended at the same monthly fee. During the years ended December 31, 2003, 2004 and 2005, the Company paid to BlueWave under his engagement aggregate consulting fees of \$30,000, \$120,000 and \$120,000, plus expense reimbursements of \$504, \$2,838, and \$3,019, respectively.

In addition, after review and approval by the Audit Committee, the Company entered in December 2004 into a separate consulting arrangement with BlueWave under which BlueWave has agreed to advise the Company with respect to a potential form of certification by the U.S. Environmental Protection Agency which will permit a level of self regulation by the Company. For providing such consulting services, the Company agreed to pay BlueWave \$30,000 (with certain adjustments) plus certain expenses to be incurred by BlueWave in providing such services. The Company paid to BlueWave \$16,500 in consulting fees for both the years ended December 31, 2004 and 2005. Expense reimbursements for this consulting project were \$962 and \$3,148 for the years ended December 31, 2004 and 2005, respectively.

Appointment of Independent Registered Public Accounting Firm

The Company's independent registered public accounting firm is selected by the Audit Committee of the Board of Directors. The Audit Committee has selected Deloitte & Touche LLP (Deloitte) to serve as the Company's independent public accounting firm for the year ending December 31, 2006. Deloitte served as the Company's independent public accounting firm for the year ended December 31, 2005. Representatives of Deloitte are expected to be present at the Annual Meeting to respond to appropriate questions and will have the opportunity to make a statement if they so desire.

PricewaterhouseCoopers LLP (PwC) served as the Company's independent registered public accounting firm for the years ended December 31, 2004 and 2003. The Audit Committee of the Company's Board of Directors dismissed PwC as the Company's independent registered public accounting firm on September 30, 2005. On October 4, 2005, the Audit Committee engaged Deloitte as the Company's new independent registered public accounting firm for its year ending December 31, 2005.

The reports of PwC on the financial statements of the Company as of and for the fiscal years ended December 31, 2004 and 2003 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principle.

During the fiscal years ended December 31, 2004 and 2003, and through September 30, 2005, there were no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PwC, would have caused PwC to make reference thereto in its report on the Company's financial statements for such years.

During the fiscal years ended December 31, 2004 and 2003, and through September 30, 2005, there were no reportable events described under Item 304(a)(1)(v) of Regulation S-K, except as described below in this paragraph. As described in Item 9A of the Company's Form 10-K/A for the year ended December 31, 2004, the Company had as of December 31, 2004 a material weakness in internal control over financial reporting relating to the completeness and accuracy of its self-insured workers' compensation and motor vehicle liability reserves. Remediation efforts relating to such weakness are described in that Item of the Company's Form 10-K/A for the year ended December 31, 2004, and in Item 4 of the Company's Form 10-Q for the quarter and six-month period ended June 30, 2005. As described in Item 9A of the Company's Form 10-K for the year ended December 31, 2003, the Company also had as of December 31, 2003, a material weakness relating to the reconciliation and calculation of deferred revenue. Remediation efforts relating to that weakness are described in that Item of the Company's Form 10-K for the year ended December 31, 2003. The Company has

authorized PwC to respond fully to the inquiries of Deloitte concerning the subject matter of such material weaknesses.

In deciding to engage Deloitte, the Audit Committee reviewed auditor independence issues and existing commercial relationships with Deloitte and concluded that Deloitte has no commercial relationship with the Company that would impair its independence.

During the two most recent fiscal years of the Company ended December 31, 2004, and the subsequent interim period through October 4, 2005, the Company did not consult with Deloitte regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Audit and Related Fees

In addition to retaining Deloitte to audit the Company's consolidated financial statements for the year ended December 31, 2005, and PwC to audit the Company's consolidated financial statements for the year ended December 31, 2004, the Company and its subsidiaries retained Deloitte to provide tax and certain other services for 2005 and PwC to provide tax and certain other services for 2004. In addition, the Company and its subsidiaries retained PwC to perform certain services (consisting primarily of reviews of the Company's unaudited financial statements included in the Company's Form 10-Q Reports) relating to the portion of 2005 prior to PwC's dismissal on September 30, 2005 by the Company's Audit Committee. The aggregate fees and expenses billed for 2005 and 2004 for these services were as described in the following table. All of such amounts for 2005 were billed by Deloitte (except for \$403,184 billed by PwC), and all of such amounts for 2004 were billed by PwC:

	For the Year	
	2005	2004
Audit Fees	\$ 2,728,259	\$ 2,564,020
Audit-Related Fees	277,401	265,787
Tax Fees	45,274	512,140
All Other Fees	5,000	
	\$ 3,055,934	\$ 3,341,947

Audit Fees (\$2,728,259 for 2005 and \$2,564,020 for 2004) include fees and expenses for services rendered in connection with the audits of the Company's consolidated annual financial statements and internal controls over financial reporting, reviews of quarterly financial statements included in the Company's Form 10-Q reports, and services that are normally provided by independent auditors in connection with statutory and regulatory filings or engagements for those fiscal years. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or review of the financial statements and internal controls over financing reporting, and the preparation of an annual management letter on internal control matters.

Audit-Related Fees (\$277,401 for 2005 and \$265,787 for 2004) include fees and expenses for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported above under Audit Fees. The services for the fees disclosed under this category normally, include benefit plan audits, other accounting consulting, and vendor and customer compliance audits. For 2005, Audit-Related Fees included preparation of comfort letters and consents and performance of various audit-related services related to the public offering of the Company's common stock which was completed in December 2005. For 2004, Audit-Related Fees included preparation of a comfort letter and performance of various other audit-related services relating to the issuance of senior secured notes in connection with the refinancing of the Company's outstanding debt which was completed in June 2004.

Tax Fees (\$45,274 for 2005 and \$512,140 for 2004) include fees and expenses for tax compliance, tax planning, and tax advice (including tax return preparation), refund claims, assistance with tax audits and appeals, and advice related to acquisitions. Tax Fees for 2004 include tax planning relating to the restructuring of the Company's Canadian subsidiaries which occurred in the year.

All Other Fees (\$5,000 for 2005 and \$0 for 2004) include fees and expenses for services which do not fall within the categories described above.

The Audit Committee of the Board of Directors follows procedures designed to ensure that all audit and permitted non-audit services provided by the Company's independent registered public accounting firm are pre-approved by the Audit Committee. All of the services described above for 2005 and 2004 were pre-approved by the Audit Committee. The Audit Committee has discussed these matters with the Company's independent registered public accounting firm, which was Deloitte for 2005 and PwC for 2004, and the Company's management. The Audit Committee also monitors the Company's compliance with restrictions put in place to continue to ensure that the services provided by the Company's independent registered public accounting firm are consistent with the maintenance of that firm's independence in the conduct of its auditing functions.

Audit Committee Report

The Audit Committee of the Board of Directors (the Committee) is now comprised of the three directors named below. The Company's Board of Directors has determined that each member of the Committee is an independent director (as independence is defined in NASDAQ listing standards applicable to membership on audit committees). In addition, the Company's Board of Directors has determined, based upon their education and experience, that each of Andrea Robertson and Thomas J. Shields is an audit committee financial expert as defined by Item 401(h) of Regulation SK under the Securities Exchange Act of 1934. The Audit Committee has adopted a written charter, which has been approved by the Board of Directors. A copy of that charter, as most recently revised by the Board of Directors on February 7, 2004, is available on the Company's website at www.cleanharbors.com. The Committee has reviewed and discussed the Company's audited financial statements with management, which has primary responsibility for the financial statements, and with the Company's independent registered public accounting firm. The Company's independent registered public accounting firm is responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles and on management's assessment of the Company's internal controls over financial reporting. The Committee has discussed with the Company's independent registered public accounting firm, which was Deloitte & Touche LLP (Deloitte) for 2005 and PricewaterhouseCoopers LLP (PwC) for 2004, the matters that are required to be discussed by Statement on Auditing Standards No. 61 Communication With Audit Committees. Deloitte and PwC have also provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 Independence Discussions with Audit Committees, and the Committee discussed with Deloitte and PwC those firms' independence. The Committee also considered whether the provision by Deloitte and PwC of non-audit related services, which for 2005 and 2004 consisted primarily of tax services, is compatible with the independence.

Based on the considerations referred to above, the Committee recommended to the Board of Directors that the financial statements audited by Deloitte for 2005 and PwC for 2004 be included in the Company's Annual Report on Form 10-K for 2005 and that Deloitte be appointed as the Company's independent registered public accounting firm for 2006. The foregoing report is provided by the following independent directors, who constitute the Audit Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons (except for certain institutional investors) who beneficially own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes of ownership with the Securities and Exchange Commission. Copies of those reports are to be furnished to the Company. Based solely on its review of copies of the reports received by it, or written representations from certain reporting persons, the Company believes that during 2005 such filing requirements were satisfied on a timely basis, except that George Curtis, William O'Connor and Eugene Cookson were each late in filing one report on Form 4 describing a change of ownership of their respective shares, and that James Rutledge, Anthony Pucillo and Brian Weber were each late in filing a Form 3 describing their becoming subject to Section 16.
