**Item 1.01. Entry into a Material Definitive Agreement.**

On August 5, 2009, Forest Oil Corporation, a New York corporation ( Forest ) and Forest Oil Permian Corporation, a Delaware Corporation and wholly owned subsidiary of Forest ( Forest Permian and together with Forest, the Sellers ) entered into an Agreement for Purchase and Sale of Assets (the Agreement ) with Linn Operating, Inc. ( Linn ) and Linn Energy Holdings, LLC ( Linn Energy and together with Linn, the Buyers ). Pursuant to the Agreement, the Sellers agreed to sell to the Buyers approximately 34,296 gross acres (17,371 net acres) of oil and gas properties located in the States of Texas and New Mexico (the Oil and Gas Assets ), and various other related interests, rights, receivables, wells, leasehold interests, records, fixtures, equipment, and other assets (together with the Oil and Gas Assets, the Assets ). The Assets exclude certain rights, claims, credits, records, data, and any hedging transactions associated with the Oil and Gas Assets. The effective date of the purchase and sale of the Assets is July 1, 2009 (the Effective Date ). The transaction is expected to close on September 30, 2009, subject to certain conditions, as described below.

The total consideration to be received by the Sellers for the Assets is \$95,000,000 in cash, subject to customary adjustments to reflect the operation of the Oil and Gas Assets prior to the closing, title defects, and unresolved preferential rights and environmental defects (the Purchase Price ). Upon executing the Agreement, the Buyers paid the Sellers a cash deposit in the amount of \$9,500,000 (the Deposit ).

The Agreement contains customary representations and warranties and covenants by the Buyers and the Sellers. Among other things, during the period between the execution of the Agreement and the closing of the transactions, the Sellers have agreed (i) to allow the Buyers access to the Oil and Gas Assets and the records pertaining to the Assets; (ii) to conduct its operations, including the operation of the Oil and Gas Assets, in the ordinary course; and (iii) to restrict certain activities and capital expenditures. Forest and Buyer also have agreed to enter into a transition agreement at closing to allow for an orderly transition that will terminate on or before November 30, 2009.

Completion of the transactions contemplated by the Agreement is subject to customary closing conditions.

The Agreement provides the Buyers and the Sellers certain termination rights, including, among others: (1) the parties may terminate by mutual consent; (2) the Buyers or the Sellers may terminate if the closing shall not have occurred on or before November 30, 2009, unless due to a breach of the Agreement by the party seeking to terminate; (3) the Buyers or the Sellers may terminate if a governmental entity has issued an order or decree prohibiting the consummation of the transaction, and such order remains in effect at the time of the closing; (4) the Buyers or the Sellers may terminate if, on or before the closing, the sum of the aggregate uncured title defects and aggregate cost of resolving identified uncured environmental defects exceeds 20% of the Purchase Price; (5) the Sellers may terminate if at or prior to the closing all representations and warranties of the Buyers are not true in all material respects, or if the Buyers have not performed all of their obligations set forth in the Agreement in all material respects; or (6) the Buyers may terminate if at or prior to the closing all representations and warranties of the Sellers are not true

in all material respects, or if the Sellers have not performed all of their obligations set forth in the Agreement in all material respects. The Sellers may retain the Deposit if the Agreement is terminated by the Sellers for the reasons set forth in Item 5 above.

The foregoing description of the Agreement is qualified in its entirety by reference to the full text of the Agreement, a copy of which is attached as an exhibit to this Current Report on Form 8-K and incorporated herein by reference.
