New York (Business Wire) February 15, 2013. Western Asset High Income Fund Inc. (NYSE: HIF) and Western Asset High Income Opportunity Fund Inc. (NYSE: HIO) today announced approval by each Fund's Board of Directors of a proposal to merge Western Asset High Income Fund Inc. with and into Western Asset High Income Opportunity Fund Inc., subject to approval by stockholders of Western Asset High Income Fund Inc. If approved by stockholders of Western Asset High Income Fund Inc., the merger is anticipated to occur by the end of the second quarter of 2013.

Western Asset High Income Fund Inc. and Western Asset High Income Opportunity Fund Inc. have near identical investment objectives. Each Fund's primary investment objective is to seek and maintain a high level of current income. As a secondary objective, each Fund seeks capital appreciation. Western Asset High Income Fund maintains a small allocation to emerging market securities while Western Asset High Income Opportunity Fund does not.

If the proposed merger is approved, stockholders of Western Asset High Income Fund Inc. would receive common stock of Western Asset High Income Opportunity Fund Inc., based on each Fund's respective net asset value per share.

In recommending the merger to each Board, the Funds' investment adviser and sub-adviser, Legg Mason Partners Fund Advisor, LLC and Western Asset Management Company, respectively, cited the near identical investment objectives and substantially similar policies and strategies of both Funds, and noted that Western Asset High Income Fund Inc. is a small fund with higher operating expenses than Western Asset High Income Opportunity Fund Inc. Management and each Board believe it is in the best interests of stockholders to merge Western Asset High Income Fund Inc. with and into Western Asset High Income Opportunity Fund Inc. in part because the combined fund may benefit from economies of scale, as one set of fixed expenses would be spread over a larger asset base, as well as from enhanced market liquidity. Furthermore, stockholders of Western Asset High Income Fund Inc. would likely benefit from greater asset diversification, lower overall expenses and enhanced market liquidity as part of a larger fund. Stockholders of Western Asset High Income Opportunity Fund Inc. may benefit from a more streamlined high yield product offering, allowing for more focused marketing and shareholder servicing efforts.
