CONDENSED CONSOLIDATED FINANCIAL INFORMATION**

The following unaudited pro forma condensed consolidated balance sheet and statements of operations are presented to illustrate the estimated effects of the sale by Rockwood, of the Business to BYK Chemie GmbH, a German limited liability company, and Altana AG, a corporation organized under the laws of Germany as guarantor.

The unaudited pro forma condensed consolidated financial information presented for the balance sheet as of June 30, 2013, comparative statements of operations for the years ended December 31, 2012, 2011, and 2010 and the six months ended June 30, 2013 and 2012 are based upon the historical results of operations, adjusted to reflect the pro forma effect as if the sale of the Clay-based Additives business, had occurred on January 1, 2010 with respect to the statements of operations and on June 30, 2013 with respect to the balance sheet. As of September 30, 2013, the Clay-based Additives business met the criteria for being reported as a discontinued operation. The historical consolidated financial information presented herein should be read in conjunction with the audited consolidated financial statements and notes thereto appearing in Rockwood Holdings, Inc.'s annual report on Form 10-K for the year ended December 31, 2012 and the unaudited condensed consolidated financial statements and notes thereto included in Rockwood Holdings, Inc.'s quarterly report on Form 10-Q for the quarterly period ended June 30, 2013.

The unaudited pro forma condensed consolidated financial information is for illustrative purposes only. Such information does not purport to be indicative of the financial condition and the results of operations that would have been achieved had the sale of the Clay-based Additives business, for which Rockwood Holdings, Inc. is giving pro forma effect, actually occurred on the dates referred to above or the financial condition and the results of operations that may be expected in the future. Such information has been prepared based upon currently available information and assumptions that Rockwood Holdings, Inc. believes are reasonable. Such currently available information and assumptions may prove to be inaccurate over time.

Edgar Filing: Rockwood Holdings, Inc. - Form 8-K

The Company has elected to assume that the cash proceeds will be used for general corporate purposes. In accordance with Securities and Exchange Commission (SEC) guidance, we have assumed no interest income on the remaining cash proceeds. However, we do expect to generate additional earnings through the use of these cash proceeds.

On September 6, 2013, the Company filed a Form 8-K to provide an unaudited pro forma condensed consolidated balance sheet and statements of operations to reflect the sale of CeramTec, our advanced ceramics business, on August 31, 2013. These pro forma adjustments have been included within this Form 8-K to reflect the impact of the Company's continuing operations subsequent to the sales of these businesses.

Notes to Unaudited Pro Forma Condensed Consolidated Balance Sheet

1. Pro Forma Assumptions and Adjustments

(a) See the Company's Form 8-K filed on September 6, 2013, related to the sale of the CeramTec business, for a description of the above adjustments.

(b) The proceeds from the sale and related adjustments (as if the sale had occurred on June 30, 2013 with respect to the balance sheet) are as follows (in millions):

Base sales price, net of customary adjustments	\$	615.5
Estimated fees and expenses associated with sale		(8.6)
Net proceeds	\$	606.9

The Company has elected to assume that the cash proceeds will be used for general corporate purposes. In accordance with SEC guidance, we have assumed no interest income on the cash proceeds.

(c) This represents the net gain on sale of \$529.2 million (including \$1.5 million of taxes). The effects of the gain and the write-off of deferred financing costs were not reflected, however, in the pro forma statements of operations as the adjustments are non-recurring in nature. We do not expect the transaction to have any federal tax effect as a result of utilization of net operating losses.
