-

**Item 5.02** **Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

**(d) Election of Directors**

On July 9, 2015, the Board of Directors (the Board) of Boston Scientific Corporation (the Company), upon the recommendation of the Nominating and Governance Committee, increased the number of directors comprising the Board from eleven to twelve and appointed Donna A. James to be a director of the Company, filling the vacancy, to hold office until the next annual meeting of stockholders, in each case, effective July 15, 2015. Additionally, the Board appointed Ms. James to serve as a member of the Executive Compensation and Human Resources Committee and the Finance Committee, also effective July 15, 2015.

Under the Company's non-employee director compensation program (the Program), Ms. James will receive standard non-employee director compensation, prorated for the time period from the effective date of her appointment to the date of the Company's 2016 annual meeting of stockholders (the 2016 Annual Meeting), which includes (i) a cash retainer of \$72,900 (representing the prorated amount of the Program's annual cash retainer of \$90,000) and (ii) an equity award valued at \$149,850 (representing the prorated amount of the Program's annual grant of equity having a value of \$185,000) vesting at the end of her term. The actual number of shares to be granted to Ms. James will be determined on the date of grant, August 3, 2015, which is the first business day of the month following the month in which she will be appointed.

In connection with her appointment to the Board, the Company intends to enter into an indemnification agreement with Ms. James in substantially the same form as the Company has entered into with each of the Company's existing directors and as previously filed with the Securities and Exchange Commission.

A copy of our press release announcing the appointment of Ms. James is filed herewith as Exhibit 99.1 and is incorporated herein by reference.
