Vale informs about debt amortization

Rio de Janeiro, June 20, 2016 – Vale S.A. (Vale) informs that it has repaid US\$ 1.000 billion out of the US\$ 3.000 billion drawn under the Revolving Credit Lines in January 2016. As previously announced, Vale partially used the proceeds from the US\$ 1.250 billion, 5.875% Guaranteed Notes due 2021, to repay some of its lines of credit.

The above mentioned amortization is consistent with Vale's strategy on managing its debt profile by extending its average maturity while resetting the available funding from the Revolving Credit Lines.

This press release may include statements that present Vale's expectations about future events or results. All statements, when based upon expectations about the future and not on historical facts, involve various risks and uncertainties. Vale cannot guarantee that such statements will prove correct. These risks and uncertainties include factors related to the following: (a) the countries where we operate, especially Brazil and Canada; (b) the global economy; (c) the capital markets; (d) the mining and metals prices and their dependence on global industrial production, which is cyclical by nature; and (e) global competition in the markets in which Vale operates. To obtain further information on factors that may lead to results different from those forecast by Vale, please consult the reports Vale files with the U.S. Securities and Exchange Commission (SEC), the Brazilian Comissão de Valores Mobiliários (CVM), the French Autorité des Marchés Financiers (AMF), and The Stock Exchange of Hong Kong Limited, and in particular the factors discussed under **Forward-Looking Statements** and **Risk Factors** in Vale's annual report on Form 20-F.
