Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

The Registrant is in the process of determining the amount and extent of an impairment charge, if any, to its goodwill and intangible assets triggered by the recent drop in the Registrant's stock price. We do not anticipate, however, that any such impairment will have any impact on our business operations or financial covenants with our existing lenders. The Registrant expects to report total net revenues of approximately \$1.1 million for the fiscal quarter ended September 30, 2017 compared to total net revenues of approximately \$50,000 for fiscal quarter ended September 30, 2016; total operating expenses of approximately \$17.0 million for the fiscal quarter ended September 30, 2017 compared to total operating expenses of approximately \$3.2 million for the fiscal quarter ended September 30, 2016; and a net loss of approximately \$3.8 million for the fiscal quarter ended September 30, 2017 compared to a net loss of approximately \$3.4 million for the fiscal quarter ended September 30, 2016. These amounts do not give any consideration to any adjustments that may result from the possible goodwill impairment charge described above.
