ITEM 2. IDENTITY AND BACKGROUND.

## Edgar Filing: BIOJECT MEDICAL TECHNOLOGIES INC - Form SC 13D/A

This Amendment No. 1 to Schedule 13-D is filed by Elan International Services, Ltd., a Bermuda corporation ("EIS") and Elan Pharmaceutical Investments Ltd., a Bermuda exempted limited liability company ("EPIL", and together with EIS, "Elan"), amending the Schedule 13-D (the "Schedule 13D") filed by EIS on October 15, 1997. EPIL is a wholly-owned subsidiary of EIS. The principal address of each of EIS and EPIL is 102 St. James Court, Flatts Smith, FL 04, Bermuda. The name, residence, citizenship, principal business and address of any corporation or other organization in which such employment is conducted of each of the directors and officers of EIS, EPIL and Elan Corporation, plc is set forth on Schedule I hereto. During the last five years, neither EIS or EPIL nor any of the individuals listed on Schedule I hereto: (i) has been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors); or (ii) was a party to a civil proceeding of a judicial or administrative body of competent jurisdiction, as a result of which proceeding he or she was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to United States federal or state securities laws, or finding any violation with respect to such laws.

### ITEM 3. SOURCE AND AMOUNT OF FUNDS OR OTHER CONSIDERATION.

All share and per share amounts in this Amendment No. 1 to the Schedule 13D have been retroactively adjusted for a 1:5 reverse stock split that was effective October 13, 1999.

As described in the Schedule 13D, on September 30, 1997, the Company entered into an agreement (the "Purchase Agreement") with Elan Corporation, plc to develop and commercialize Elan's blood glucose monitoring technology, as well as to collaborate on further development of the Company's jet injection technology. In order to accomplish these goals, Marathon Medical Technologies Inc. ("Marathon") was formed, which was owned 80.1% by the Company and 19.9% by EIS. In connection therewith, EIS invested \$3.0 million in the Company in exchange for 545,455 shares of Common Stock (the "Original Shares") and a five-year warrant (the "Initial Warrant") to purchase 350,000 shares of Common Stock at \$12.50 per share. Pursuant to the Purchase Agreement, the Company issued a promissory note (the "Note") to EIS in the original principal amount of \$12,015,000. All monies used to purchase the Common Shares, the Initial Warrant and the Note came from EIS' general corporate funds.

In February 1998, the Company's shareholders approved the exchange of the Note plus accrued interest for shares of Series A Convertible Preferred Stock ("Series A Stock"), Series B Convertible Preferred Stock ("Series B Stock") and the issuance to EIS of Series C Convertible Preferred Stock ("Series C Stock") or other similar convertible preferred stock to fund Marathon's development work. Accordingly, on March 2, 1998, a total of 692,694 shares of Series A Stock and 134,333 shares of Series B Stock were issued to EIS and the Note was cancelled.

In March 1999, the Company issued 391,830 shares of Series C Stock to EIS for \$2.4 million to continue to fund the development of the blood glucose monitoring technology. These monies came from EIS' general corporate funds.

In connection with the sale and the Company's related purchase of Elan's interest in Marathon at June 30, 1999, the Company and EIS agreed to certain changes in the terms of the Company's Series A Stock and Series B Stock. The modified terms fixed the conversion price of the Series A Stock at \$7.50 and gave the Company the right to redeem the Series A Stock for cash within ninety days of receiving certain notice of the intent to convert all or part of the Series A Stock into Common Stock of the Company. The redemption price was the original issuance price of the Series A Stock being converted plus accumulated 9% annual preferred stock dividends thereon from the date of issuance of the

Series A Stock.

Page 4 of 4

At June 30, 1999, EIS also exchanged its Series B Stock, which would have been convertible into a minimum of 268,000 shares of Common Stock without additional cash payments, for a Warrant that expires June 30, 2006 (the "Second Warrant") to purchase 758,000 shares of the Company's Common Stock for \$7.50 per share. The Company had the right to redeem the Second Warrant if it was exercised prior to June 30, 2004. Under the redemption provisions, if the holder of the Second Warrant notified the Company that it intended to exercise all or any part of the Second Warrant to acquire stock in the Company, the Company had the right to redeem the Second Warrant by paying the holder cash of \$2.015 million, the original issuance price of the Series B Stock, plus accrued interest at 15% per annum, compounded semi-annually from June 30, 1999. If the holder were to choose to exercise less than all of the shares covered by the Second Warrant, the Company could have exercised its redemption right either for all of the shares covered by the Second Warrant or for only that portion being exercised, in which case the payment is prorated in proportion to the portion of the Second Warrant being exercised.

In June 1999, EIS assigned to EPIL its right, title and interest to: (a) the Common Shares; (b) the Series A Stock; (c) the Series C Stock; (d) Initial Warrant; and (e) the Second Warrant.

Pursuant to an agreement (the "December 2001 Agreement") dated as of December 12, 2001 among EPIL, EIS and the Company, inter alia:

- (i) On December 13, 2001 (the "Effective Date"), EPIL exercised the Second Warrant with respect to 252,666 shares (the "Warrant Shares") of Common Stock for an aggregate exercise price of \$1,894,995;
- (ii) On December 13, 2001, the Company issued 260,044 shares of Series A Stock to EPIL in payment of all dividends accrued on the Series A Stock from the date of first issuance through and including October 15, 2001
- (iii) Elan agreed to eliminate, on a prospective basis from October 2001, the 9% dividend due Elan from its holdings in Bioject's Series A Preferred Stock;
- (iv) On December 17, 2001, EPIL sold 798,121 shares of Common Stock (comprised of the Original Shares and the Warrant Shares) in one market transaction under prospectus for an aggregate price of \$9,178,391.50;
- (v) Elan agreed to terminate the Initial Warrant;
- (vi) the Company agreed to use its best efforts to obtain shareholder approval for and effect the amendment of the Company's Restated Articles of Incorporation (the "Restated Articles") to:
  - (A) amend the terms of the Series A Stock and Series C Stock to terminate the mandatory conversion and redemption provisions set forth in Section 2.6(a)(1) and (3), 2.6(c)(1) and (2) and 2.7(a) and (c) of the Restated Articles;
  - (B) provide that each outstanding share of Series A Stock shall accrue from the date of issuance through October 15, 2001 a dividend equal to 9% per annum of the Preferred Issuance Price (as defined in the Restated Articles) of Series A Stock, compounded semiannually beginning on September 2, 1998; such dividend to be paid by the issuance of additional shares of Series A Stock;

## Edgar Filing: BIOJECT MEDICAL TECHNOLOGIES INC - Form SC 13D/A

- (C) amend the conversion rights of the Series A Stock and the Series C Stock such that all holders of Series A Stock or Series C Stock issued as of December 12, 2001 have the right to convert at any time each share of Series A Stock or Series C Stock, as the case may be, into two shares of Common Stock as of such date subject to certain anti-dilution adjustments set forth therein.
- (vii) the parties agreed that upon sale of the Original Shares by Elan, Elan would be free to sell any shares of Common Stock (including, without limitation, shares acquired upon Conversion of Series A Stock or Series C Stock or upon exercise of the Second Option), subject to applicable securities law restrictions, in such manner and at such time as it may determine;
- (viii) the Second Warrant was amended to provide for its exercise (A) on the Effective Date of the Settlement Agreement for 252,666 shares of Common Stock; (B) within 30 days of the holder's receipt of written notice from the Company that on the first anniversary of the Effective Date the Market Price (as defined in the Settlement Agreement) was at least \$12.50 per share, for 252,667; and (C) within 30 days of the holder's receipt of written notice from the Company that on the second anniversary of the Effective Date the Market Price of the Company was at least \$15.00 per share, for the remaining unexercised portion of the Second Warrant; provided that the holder of the Second Warrant is not obligated to make any such exercise unless at such time at least one or more registration statements is then effective pursuant to which all the stock issuable upon exercise of the Second Warrant may be publicly sold by such holder under the Securities Act of 1933.

Page 5 of 5

- (ix) The Second Warrant and the Purchase Agreement were each amended to terminate the redemption rights of the Company set forth therein.
- (x) The Company granted to EIS an option, exercisable on or prior to June 13, 2002 to obtain a license of the Company's Iject product for any one drug of Elan or of a joint venture partner of Elan, to be negotiated in good faith by the parties, in consideration of the payment of \$100,000 by Elan to the Company.
