Predictive Systems, Inc., a Delaware corporation (the "Company" or "Predictive Systems") hereby amends Items 1, 8, 10, 11, 12, 13 and 15 of its Form 10-K for the fiscal year ended December 31, 2002, as filed with the Securities and Exchange Commission on March 31, 2003, to add the additional information contained herein.

PART I

ITEM 1. BUSINESS

Item 1 is amended by adding the following:

Subsequent Events

On April 9, 2003, the Company and International Network Services Inc. ("INS"), a leading provider of global network consulting and security services, announced a definitive agreement under which INS will acquire the Company. Pursuant to the terms of the agreement and pending shareholder approval, a wholly-owned subsidiary of INS will merge with and into the Company. The Company will continue operations as a wholly-owned subsidiary of INS. The total cash consideration is expected to be \$19,186,700. The \$19,186,700 aggregate consideration will be increased if and to the extent the Company's net assets at closing exceed the estimate of net assets at closing as set forth in the merger agreement by more than \$1,250,000, and will be decreased if and to the extent the Company's net assets at closing are less than the estimate of net assets at closing set forth in the merger agreement by more than \$1,250,000. The estimate of net assets at closing set forth in the merger agreement is \$15,386,700.

On April 10, 2003, the Company entered into an Asset Purchase Agreement with Science Applications International Corporation ("SAIC"), whereby the Company agreed to sell to SAIC its Information Sharing and Analysis Centers and Open Source Intelligence services business in exchange for 4,192,220 shares of its common stock currently held by SAIC. Consummation of the asset sale is subject to various conditions, including the receipt of certain third party consents.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The Report of Deloitte & Touche LLP and note 19 contained in the Notes to Consolidated Financial Statements set forth in Item 8 are hereby amended as

Edgar Filing: PREDICTIVE SYSTEMS INC - Form 10-K/A

follows:

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders of Predictive Systems, Inc.
New York, New York

We have audited the accompanying consolidated balance sheet of Predictive Systems, Inc. and subsidiaries (the "Company") as of December 31, 2002, and the related consolidated statements of operations, stockholders' equity and comprehensive loss, and of cash flows for the year then ended. Our audit also included the 2002 financial statement schedule listed in the Index at Item 15. These financial statements and the financial statement schedule are the responsibility of the Company's management. Our responsibility is to express an opinion on the 2002 financial statements and the financial statement schedule based on our audit. The financial statements of the Company as of December 31, 2001 and for each of the years in the two-year period then ended, before: (a) the inclusion of the transitional disclosures required by Statement of Financial Accounting Standards ("SFAS") No. 142 "Goodwill and Other Intangible Assets" ("SFAS 142") as discussed in Note 7, (b) the revision of the disclosure of proforma stock-based compensation expense, proforma net loss and proforma basic and diluted net loss per share as discussed in Note 2 and (c) the reclassification in the statements of operations of Revenues and Cost of Revenues for reimbursed expenses required by Emerging Issues Task Force Issue No. 01-14 "Income Statement Characterization of Reimbursements Received for "Out-of-Pocket" Expenses Incurred" ("EITF 01-14") as discussed in Note 2 to the financial statements, were audited by other auditors who have ceased operations. Those auditors expressed an unqualified opinion on those financial statements and stated that such 2001 and 2000 financial statement schedule, when considered in relation to the 2001 and 2000 basic financial statements taken as a whole, presented fairly, in all material respects, the information set forth therein, in their report dated February 6, 2002.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2002 consolidated financial statements present fairly, in all material respects, the financial position of Predictive Systems, Inc. and subsidiaries as of December 31, 2002, and the results of their operations and their cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America. Also, in our opinion, the 2002 financial statement schedule, when considered in relation to the basic 2002 consolidated financial statements taken as a whole, presents fairly in all material respects, the information set forth therein.

As discussed above, the financial statements of the Company as of December 31, 2001, and for each of the years in the two-year period then ended, were audited by other auditors who have ceased operations and (a) as described in Note 7, those financial statements have been revised to include the transitional disclosures required by SFAS 142 which was adopted by the Company as of January 1, 2002. Our audit procedures with respect to the disclosures in Note 7 with respect to 2001 and 2000 included (i) comparing the previously reported net loss to the previously issued financial statements and the adjustments to reported net loss representing amortization expense

Edgar Filing: PREDICTIVE SYSTEMS INC - Form 10-K/A

(including any related tax effects) recognized in those periods related to goodwill and intangible assets that are no longer being amortized to the Company's underlying records obtained from management, and (ii) testing the mathematical accuracy of the reconciliation of adjusted net loss to reported loss, and the related earnings-per-share amounts. In our opinion, the disclosures for 2001 and 2000 in Note 7 are appropriate. (b) as discussed above, the notes to the financial statements of the Company

2

for the years ended December 31, 2001 and 2000 have been revised for the disclosure in Note 2 of the proforma stock-based compensation expense, proforma net loss and proforma basic and diluted net loss per share that would have been recorded had the fair value based method of SFAS 123 "Accounting for Stock-Based Compensation" been adopted for all option grants. Our audit procedures with respect to the revised disclosures in Note 2 included (i) agreeing the revised disclosures of proforma stock-based compensation expense, proforma net loss and proforma basic and diluted net loss per share to the revised underlying accounting analysis obtained from management, (ii) testing the methods and assumptions used by management in determining the fair value of option grants and agreeing the terms of the options granted to underlying supporting documentation obtained from management and (iii) testing the mathematical accuracy of the accounting analysis of proforma stock-based compensation expense, proforma net loss and proforma basic and diluted net loss per share. In our opinion, such revised disclosures for 2001 and 2000 are appropriate. (c) As discussed above, the financial statements of the Company for the years ended December 31, 2001 and 2000 have also been reclassified to give effect to EITF 01-14, which was adopted by the Company on January 1, 2002. We audited the reclassifications described in Note 2 that were applied to conform the 2001 and 2000 financial statements to the comparative presentation required by EITF 01-14. Our audit procedures with respect to the 2001 and 2000 disclosures in Note 2 included (i) comparing the amounts shown as Revenue -- Reimbursed Expenses and Cost of Revenues -- Reimbursed Expenses in the Company's consolidated statements of operations to the Company's underlying accounting analysis obtained from management, (ii) on a test basis, comparing the amounts comprising Reimbursed Expenses for Revenues and Cost of Revenues obtained from management to independent supporting documentation, and (iii) testing the mathematical accuracy of the underlying analysis. In our opinion, such reclassifications have been properly applied.

However, we were not engaged to audit, review, or apply any procedures to the 2001 and 2000 financial statements of the Company other than with respect to such disclosures and reclassifications, as mentioned above, and, accordingly, we do not express an opinion or any form of assurance on the 2001 and 2000 financial statements taken as a whole.

As discussed in Note 2 to the Consolidated Financial Statements, the Company has changed its method of accounting for goodwill and other intangible assets to conform to SFAS 142, and as discussed in Note 14 to the consolidated financial statements, the Company changed its method of accounting for stock-based compensation to conform to SFAS 123. Both changes were adopted by the Company on January 1, 2002.

(19) Subsequent Events:

Pursuant to the terms of their employment agreements, in January 2003, the Company issued to two executives of the Company 375,000 and 150,000 shares of restricted stock (the "Restricted Stock"), respectively, at a price of \$0.001 per share pursuant to the 1999 Plan. The Restricted Stock was issued under the terms and conditions set forth in the 1999 Plan and a stock purchase agreement, and is subject to a repurchase right by the Company at the per share purchase price paid by the executive, which repurchase right shall lapse as to 25% of the Restricted Stock on the first anniversary of January 2, 2003, and in thirty-six equal monthly installments thereafter as long as the executive is employed by the Company.

On April 9, 2003, the Company and International Network Services Inc. ("INS"), a leading provider of global network consulting and security services, announced a definitive agreement under which INS will acquire the Company. Pursuant to the terms of the agreement and pending shareholder approval, a wholly-owned subsidiary of INS will merge with and into the Company. The Company will continue operations as a wholly-owned subsidiary of INS. The total cash consideration is expected to be \$19,186,700. The \$19,186,700 aggregate consideration will be increased if and to the extent the Company's net assets at closing exceed the estimate of net assets at closing as set forth in the merger agreement by more than \$1,250,000, and will be decreased if and to the extent the Company's net assets at closing are less than the estimate of net assets at closing set forth in the merger agreement by more than \$1,250,000. The estimate of net assets at closing set forth in the merger agreement is \$15,386,700.

On April 10, 2003, the Company entered into an Asset Purchase Agreement with Science Applications International Corporation ("SAIC"), whereby the Company agreed to sell to SAIC its Information Sharing and Analysis Centers and Open Source Intelligence services business in exchange for 4,192,220 shares of its common stock currently held by SAIC. Consummation of the asset sale is subject to various conditions, including the receipt of certain third party consents.

In accordance with the rules of the Securities and Exchange Commission, other compensation in the form of perquisites and other personal benefits has been omitted for each of the Named Executive Officers because the aggregate amount of such perquisites and other personal benefits constituted less than the lesser

8

of \$50,000 or 10% of the total of annual salary and bonuses for each of the Named Executive Officers in 2002.

Option Grants in Last Fiscal Year

The following table sets forth grants of stock options for the year ended December 31, 2002 to the Named Executive Officers and the Additional Officers. The Company has never granted any stock appreciation rights. The potential realizable value is calculated based on the term of the option at its time of grant. It is calculated assuming that the fair market value of Common Stock on the date of grant appreciates at the indicated annual rate compounded annually for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. These amounts are calculated based on the requirements of the Securities and Exchange Commission and do not reflect the Company's estimate of future stock price growth. The percentage of total options granted to employees in the last fiscal year is based on options to purchase an aggregate of 8,847,467 shares of Common Stock granted by the Company in 2002.

Name	Number of Securities Underlying Stock Options Granted	Percent of Total Options Granted to Employees in 2002	Exercise Price Per Share (\$)

Aggregate Option Exercises in Last Fiscal Year and Fiscal Year-End Values

The following table sets forth information concerning the value realized upon exercise of options during 2002 and the number and value of unexercised options held by each of the Company's Named Executive Officers at December 31, 2002 and the Additional Officers. The last reported sale price of the Company's Common Stock in 2002 was \$0.36 per share on December 31, 2002. Accordingly, the values set forth below have been calculated on the basis of the fair market value on December 31, 2002, less the applicable exercise price per share, multiplied by the number of shares underlying the options.

Name	Shares Acquired on Exercise	Value Realized	Options at Fiscal Year-End	
			Exercisable	Unexercisable

Compensation of Directors

Starting with the 2002 Annual Meeting, non-employee directors receive cash compensation of \$20,000 per year plus an additional fee per meeting of \$1,000 for in person and \$500 for telephonic attendance. Members of the Compensation and Audit Committees receive an additional \$5,000 and \$10,000 per year, respectively. Additionally, non-employee directors receive an additional \$5,000 for serving as the chairperson

10

of a committee. These amounts are paid quarterly. The Company has instituted this program in order to attract and retain directors of the highest caliber to the Board. Mr. Sidhu has declined all compensation offered to him by us, either in cash or stock options, for his entire tenure as a director.

Under the automatic option grant program of the 1999 Stock Incentive Plan, non-employee members of the Board of Directors receive an option grant for 75,000 shares of the Company's Common Stock at the time of his or her commencement of service on the Board of Directors. In addition, at each Annual Meeting of Stockholders, each individual who is to continue to serve as a non-employee member of the Board of Directors receives an option to purchase 10,000 shares of the Company's Common Stock. Mr. Morgan was granted options to purchase 75,000 shares of the Company's Common Stock at a price of \$0.26 per share in 2002 upon his appointment to the Board of Directors. These options vest ratably over a period of four years.

Employment Agreements

The Company entered into an executive employment agreement with Andrew Zimmerman, our Chief Executive Officer, on June 15, 2001. The agreement provides for an annual base salary of \$300,000. As part of our cost reduction efforts, a companywide salary reduction was put in place. In connection with this, Mr. Zimmerman agreed to reduce his annual base salary to \$265,050. The agreement also provides for a signing bonus of \$100,000, an annual cash bonus of \$200,000, \$50,000 of which shall be at the discretion of the Company's Board of Directors, and \$150,000 of which shall be based upon the achievement of mutually agreed upon performance goals, and an additional annual cash bonus of \$200,000 based upon the achievement of additional exceptional performance goals. The annual cash bonuses for the year 2001 were prorated to reflect Mr. Zimmerman's commencement of service on July 9, 2001. No cash bonus was paid to Mr. Zimmerman for the year 2002. Under the agreement, Mr. Zimmerman also received options to purchase 1,600,000 shares of Common Stock at a price of \$3.73 per share and 400,000 shares of Common Stock at a price of \$7.46 per share. In October 2002, the Company cancelled 500,000 of Mr. Zimmerman's options with an exercise price of \$3.73 per share, and granted him 500,000 new options with an exercise price of \$0.22 per share, pursuant to an option exchange offer conducted by the Company for all the Company's then current employees. Furthermore, the Company amended the exercise price of Mr. Zimmerman's remaining 1,500,000 options to provide for a \$0.22 exercise price for those options as well. All options vest over four years. Upon termination without cause or resignation for good reason, Mr. Zimmerman shall be entitled to a lump sum payment equal to his salary for a period of twelve months. Additionally, all outstanding stock options scheduled to vest within the twelve month period following termination shall immediately become fully vested and exercisable, and shall remain exercisable, through the end of their originally scheduled terms. Mr. Zimmerman shall also be entitled to continued health coverage at the Company's expense for a period of twelve months. In the event of termination occurring in the months of July through December of any given calendar year, Mr. Zimmerman shall receive a pro rata portion of his

Edgar Filing: PREDICTIVE SYSTEMS INC - Form 10-K/A

annual bonus for that year. Upon termination due to death or disability during the months of July through December of any given calendar year, Mr. Zimmerman shall be entitled to a pro rata portion of his annual bonus for that year. Upon termination by the Company for cause, Mr. Zimmerman shall be entitled to receive any earned but unpaid bonus. In the event there is a change of control all unvested stock options granted to Mr. Zimmerman shall accelerate and vest in full immediately prior to the change of control.

The Company entered into an executive employment agreement with Neeraj Sethi, our Chief Financial Officer, on August 26, 2002. The agreement provides for an annual base salary of \$220,000. The agreement also provides for a signing bonus of \$30,000, and an annual cash bonus at the discretion of the Company. Under the agreement, Mr. Sethi received options to purchase 457,500 shares of Common Stock at a price of \$0.25 per share. We also agreed to grant Mr. Sethi options to purchase the greater of (a) 200,000 shares of the Company's Common Stock or (b) an amount of Common Stock equal to 1.2% of the Company's outstanding Common Stock, calculated on a fully-diluted basis based on all outstanding Common Stock including Common Stock subject to granted stock options, provided that in no event shall such amount exceed 500,000. On January 14, 2003, we granted Mr. Sethi options to purchase 200,000 shares of Common Stock at a price of \$0.30 per share pursuant to this provision. All options vest over four years. We also issued Mr. Sethi 150,000 shares of restricted stock on January 2, 2003. The repurchase right on such restricted stock shall lapse over four years. Upon termination without cause or resignation for good reason, Mr. Sethi shall be

11

entitled to a lump sum payment equal to his salary for a period of six months. Additionally, all outstanding stock options scheduled to vest within the twelve month period following termination shall immediately become fully vested and exercisable, and shall remain exercisable, through the end of their originally scheduled terms. Mr. Sethi shall also be entitled to continued health coverage at the Company's expense for a period of six months. In the event of termination occurring in the months of July through December of any given calendar year, Mr. Sethi shall receive a pro rata portion of his annual bonus for the proceeding year. Upon termination due to death or disability during the months of July through December of any given calendar year, Mr. Sethi shall be entitled to a pro rata portion of his annual bonus for that year. Upon termination by the Company for cause, Mr. Sethi shall be entitled to receive any earned but unpaid bonus. In the event a change of control occurs on or before August 22, 2003, fifty percent of any unvested stock options granted to Mr. Sethi shall accelerate and vest in full immediately prior to the change of control. Any remaining unvested stock options granted to Mr. Sethi shall vest in equal monthly installments over a period of twelve months from the date of the change of control. If, upon a change control, Mr. Sethi is terminated other than for cause, disability or death, or if he terminates his employment for good reason within sixty days prior to the announcement of a change of control or within twelve months from the effective date of a change of control, then all unvested stock options granted to Mr. Sethi shall accelerate and vest in full and Mr. Sethi shall receive a lump sum payment equal to his salary for a period of one year. If a change of control occurs after August 22, 2003, then all unvested stock options granted to Mr. Sethi shall accelerate and vest in full immediately prior to the change of control.

The Company also entered into employment agreements with Shirley Howell, Executive Vice President of Operations and Gary Papilsky, General Counsel, on November 8, 2002. The agreements provide for annual base salaries for Ms. Howell and Mr. Papilsky of \$170,000 and \$166,250, respectively. The agreements also provide for an annual cash bonus at the discretion of the

Edgar Filing: PREDICTIVE SYSTEMS INC - Form 10-K/A

Company. Upon termination without cause or resignation for good reason, Ms. Howell and Mr. Papilsky shall be entitled to a lump sum payment equal to her or his salary for a period of six months. Additionally, they will be entitled to continued health coverage at the Company's expense for a period of six months. In the event of termination occurring in the months of July through December of any given calendar year, they shall receive a pro rata portion of their annual bonus for that year. In the event of a change of control, fifty percent of any of their unvested stock options shall accelerate and vest in full immediately prior to the change of control. If, upon a change control, either is terminated other than for cause, disability or death, or if either terminates their employment for good reason within sixty days prior to the announcement of a change of control or within twelve months from the effective date of a change of control, then all unvested stock options granted to Ms. Howell and Mr. Papilsky shall accelerate and vest in full and they shall receive a lump sum payment equal to salary for a period of nine months.

The Company also entered into an employment agreement with Edward Schwartz, Executive Vice President and General Manager of Predictive Systems' Global Integrity Business Unit, on February 19, 2002. The agreement provides for an annual base salary of \$200,000, which was reduced to \$176,000 on July 30, 2002. The agreement also provides for an annual cash bonus at the discretion of the Company. Upon termination without cause or resignation for good reason, he shall be entitled to a lump sum payment equal to salary for a period of six months. Additionally, he will be entitled to continued health coverage at the Company's expense for a period of six months. In the event of a change of control, twenty five percent of any of his unvested stock options shall accelerate and vest in full immediately prior to the change of control. If, upon a change control, he is terminated other than for cause, disability or death, or if he terminates his employment for good reason within sixty days prior to the announcement of a change of control or within twelve months from the effective date of a change of control, then all unvested stock options shall accelerate and vest in full.

Compensation Committee Interlocks and Insider Participation

No interlocking relationships exist between the Company's Board of Directors or Compensation Committee and the board of directors or compensation committee of any other company, nor has any interlocking relationship existed in the past, except that Mr. Meyer previously served on the board of directors of Riversoft PLC, a network management software company.

12

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of the Board of Directors advises the Chief Executive Officer and the Board of Directors on matters of the Company's compensation philosophy and the compensation of executive officers and other individuals compensated by the Company. The Compensation Committee is also responsible for the administration of the Company's stock option plans under which option grants and direct stock issuances may be made to executive officers. The Compensation Committee has reviewed and is in accord with the compensation paid to executive officers in 2002.

General Compensation Policy

The fundamental policy of the Compensation Committee is to provide the Company's executive officers with competitive compensation opportunities based upon their contribution to the Company's development and financial success and their personal performance. It is the Compensation Committee's objective to

Edgar Filing: PREDICTIVE SYSTEMS INC - Form 10-K/A

have a portion of each executive officer's compensation contingent upon the Company's performance, as well as upon such executive officer's own level of performance. Accordingly, the compensation package for each executive officer is comprised of three elements: (i) base salary, (ii) cash bonus payment and (iii) long-term stock-based incentive awards that strengthen the mutuality of interests between the executive officers and the Company's stockholders.

Factors

The principal factors which the Compensation Committee considered with respect to each executive officer's compensation package for fiscal year 2002 are summarized below. The Compensation Committee may, however, in its discretion apply entirely different factors in advising the Chief Executive Officer and the Board of Directors with respect to executive compensation for future years.

Base Salary. The suggested base salary for each executive officer is determined on the basis of the following factors: experience, personal performance, the salary levels in effect for comparable positions within and without the industry and internal base salary comparability considerations. The weight given to each of these factors differs from individual to individual, as the Compensation Committee deems appropriate.

Cash Bonus Payment. Under special circumstances, the Compensation Committee has the discretion to pay cash bonuses to executive officers based on both individual performance as well as performance of the Company when predetermined goals are met or exceeded. Bonuses are determined and paid annually.

Long-Term Incentive Compensation. Long-term incentives are generally provided through grants of stock options. The grants are designed to align the interests of each executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the Company. Each option generally becomes exercisable in installments over a four year period, contingent upon the executive officer's continued employment with the Company. Accordingly, the option grant will provide a return to the executive officer only if the executive officer remains employed by the Company during the vesting period, and then only if the market price of the underlying shares appreciates.

The number of shares subject to each option grant is set at a level intended to create a meaningful opportunity for stock ownership based on the executive officer's current position with the Company, the base salary associated with that position, the size of comparable awards made to individuals in similar positions within the industry, the individual's potential for increased responsibility and promotion over the option term and the individual's personal performance in recent periods. The Compensation Committee also considers the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. However, the Compensation Committee does not adhere to any specific guidelines as to the relative option holdings of the Company's executive officers. Stock options to purchase an aggregate of 2,628,500 shares of Common Stock were granted to executive officers in 2002.

Stock Option Exchange Program

In October 2002, the Company conducted a voluntary stock option exchange offer whereby all Company employees, including executive officers, were

Edgar Filing: PREDICTIVE SYSTEMS INC - Form 10-K/A

eligible to exchange certain outstanding options to purchase shares of the Company's Common Stock for new options to purchase shares of the Company's Common Stock with an exercise price equal to the fair market value of the Company's Common Stock on the date of grant (the "Offer to Exchange"). A total of 193 eligible employees participated in the Offer to Exchange. Subject to the terms and conditions of the Offer to Exchange, the Company cancelled options to purchase 4,085,860 shares of Company Common Stock and granted new options to purchase 3,139,424 shares of Company Common Stock, all with an exercise price of \$0.22 per share, in exchange for the options tendered and accepted pursuant to the Offer to Exchange. The Offer to Exchange provided an opportunity to offer eligible employees a valuable incentive to stay with the Company, as a large portion of the then-outstanding options had exercise prices significantly higher than the then-current market price of the Company's Common Stock. The Company believes the Offer to Exchange was necessary to create better performance incentives for eligible employees and thereby maximize stockholder value.

CEO Compensation

The plans and policies discussed above were the basis for the 2002 compensation of the Company's Chief Executive Officer, Andrew Zimmerman. In advising the Board of Directors with respect to this compensation, the Compensation Committee seeks to achieve two objectives: (i) establish a level of base salary competitive with that paid by companies within the industry that are of comparable size to the Company and by companies outside of the industry with which the Company competes for executive talent and (ii) make a significant percentage of the total compensation package contingent upon the Company's performance and stock price appreciation. In accordance with these objectives, Mr. Zimmerman received a base salary of \$275,856 and no bonus for fiscal year 2002. He currently holds a total of 2,000,000 unexercised stock options.

Compliance with Internal Revenue Code Section 162(m)

As a result of Section 162(m) of the Internal Revenue Code of 1986, as amended, which was enacted into law in 1993, the Company will not be allowed a federal income tax deduction for compensation paid to certain executive officers to the extent that such compensation exceeds \$1 million per officer in any one year. This limitation will apply to all compensation paid to the covered executive officers that is not considered to be performance-based. Compensation that does qualify as performance-based compensation will not have to be taken into account for purposes of this limitation. The Company's stock plans contain certain provisions that are intended to ensure that any compensation deemed paid in connection with the exercise of stock options granted under that plan with an exercise price equal to the market price of the option shares on the grant date will qualify as performance-based compensation.

The Compensation Committee does not expect that the compensation to be paid to the Company's executive officers for 2002 will exceed the \$1 million limit per officer.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Relationship with BellSouth

The Company provides network consulting services to BellSouth pursuant to a consulting services agreement negotiated by both parties in an arm's-length transaction. In 2002, revenues from BellSouth were approximately \$7.3 million. William L. Smith, one of the Company's directors, is Chief Product Development and Technology Officer of BellSouth.

Relationship with Cisco Systems

The Company provides network consulting services to Cisco Systems pursuant to a consulting services agreement negotiated by the parties in an arm's-

Edgar Filing: PREDICTIVE SYSTEMS INC - Form 10-K/A

length transaction. This agreement provides that if the Company gives more favorable rates to another client it will inform Cisco Systems and it will have the right to terminate this agreement. In 2002, revenues from Cisco were approximately \$28,000. Inder Sidhu, one of the Company's directors, is the Vice President of Worldwide Sales Strategy at Cisco Systems. Additionally, Cisco Systems owns 1,242,000 shares of the Company's Common Stock.

Relationship with Science Application International Corporation

The Company and SAIC provide network and security consulting services to each other pursuant to existing agreements negotiated by both parties in arm's-length transactions. In 2002, revenues from SAIC were approximately \$153,000 and the Company incurred approximately \$4,000 in costs from consulting services provided by SAIC. Additionally, the Company rents certain of its office space from SAIC. In 2002, the Company paid approximately \$1.1 million for such services and the rental of office space including the buyout of the real estate lease in August 2002. In addition, the Company and SAIC license certain of their respective intellectual property to the other. The Company believes that these transactions are on terms that are no less favorable than those that could be obtained from unaffiliated third parties. SAIC owns 5,240,275 shares of the Company's Common Stock.

On April 10, 2003, the Company entered into an Asset Purchase Agreement with SAIC, whereby the Company agreed to sell to SAIC its Information Sharing and Analysis Centers and Open Source Intelligence services business in exchange for 4,192,220 shares of its common stock currently held by SAIC.

Consummation of the asset sale is subject to various conditions, including the receipt of certain third party consents.

Consulting Agreement with Meyer Capital Partners LLC

In June 2002, the Company entered into a consulting agreement with Meyer Capital Partners LLC to provide certain consulting services to the Company in return for a consulting fee of \$10,000 and 10,000 stock options per month. Eric Meyer, one of the Company's directors, is the managing member of Meyer Capital Partners LLC. In 2002, the Company granted Meyer Capital Partners LLC 50,000 options pursuant to the terms of the consulting agreement. For the year ended December 31, 2002, the Company recognized expense of approximately \$63,000 for such services.

Employment Agreements

The Company has entered into employment agreements with certain of its executive officers. Please see -- Executive Compensation -- Employment Agreements.

Loans to Officers

In January of 2002, we made a loan to Rod Dorsey in the amount of \$10,000 at an interest rate of 4.75% per annum. Mr. Dorsey resigned as Chief Financial Officer on May 13, 2002. The loan was paid in full in July 2002. There are no currently outstanding loans to Executive Officers.

Bonus Arrangements

In connection with the Company's pending merger with INS, the Board considered the assistance of the Company's senior executives integral in entering into the merger agreement and deems the continued service of these

Edgar Filing: PREDICTIVE SYSTEMS INC - Form 10-K/A

senior executives necessary in order to complete the merger. To incentivize such executives, and other members of senior management, to assist the Company in effecting the merger, the Board has established a bonus program whereby the Company's senior executives and senior management will be entitled to certain payments upon the closing of the merger. The following table sets forth the aggregate amount to be set aside and paid pursuant to the bonus program:

Merger Consideration Per Share	Total Set Aside Under Bonus Program
Less than \$0.35	\$150,000
Between \$0.35 and \$0.374	\$250,000
Between \$0.375 and \$0.399	\$350,000
Equal to or greater than \$0.40	\$450,000

Andrew Zimmerman, our Chief Executive Officer, Neeraj Sethi, our Chief Financial Officer, Gary Papilsky, our General Counsel, Shirley Howell, our Executive Vice President of Operations and Edward Schwartz, our Executive Vice President - Global Integrity Services, are eligible to participate in the bonus program. Mr. Zimmerman, subject to Board approval, will determine the percentage each eligible senior executive or other member of senior management will receive of the total amount subject to the bonus program.

Option Grants

In January 2003, we issued Shawn Kreloff and Berry Sethi 375,000 and 150,000 shares of restricted common stock, respectively, at a purchase price of \$0.001 per share. In January 2003, we granted Mr. Sethi options to purchase 200,000 shares of Common Stock at a price of \$0.30 per share. In September 2002, we granted Mr. Kreloff and Howard Morgan options to purchase 500,000 and 75,000 shares of Common Stock at prices of \$0.21 and \$0.26 per share, respectively. In August 2002, we granted Shirley Howell, Neeraj Sethi, Gary Papilsky and Eamonn Kearns options to purchase 400,000, 457,500, 125,000 and 150,000 shares of Common Stock, respectively, at a price of \$0.25 per share. In October 2002, we amended the exercise price of 1,500,000 of Andrew Zimmerman's options to provide for a \$0.22 exercise price. For additional information

regarding the grant of stock options to executive officers and directors, please see "Executive Compensation and Security Ownership of Certain Beneficial Owners and Management."

Option Exchange Program

In October 2002, the Company conducted an offer to exchange certain outstanding options to purchase shares of the Company's Common Stock held by eligible employees of the Company for new options to purchase shares of the Company's Common Stock (the "Offer to Exchange"). A total of 193 eligible employees participated in the Offer to Exchange. Subject to the terms and conditions of the Offer to Exchange, we cancelled options to purchase 4,085,860 shares of our common stock and granted new options to purchase 3,139,424 shares of our common stock, all with an exercise price of \$0.22 per share, in exchange for the options tendered and accepted pursuant to the Offer to Exchange. Andrew Zimmerman, Shirley Howell, Neeraj Sethi, Eamonn Kearns and Gary Papilsky cancelled 500,000, 28,500, 12,500, 100,000 and 125,000 options, respectively, and were granted 500,000, 28,500, 12,500, 100,000 and 125,000 new options, respectively, with an exercise price of \$0.22 per share through

the Offer to Exchange.

General

The Company has adopted a policy that all transactions with officers, directors, 5% stockholders and their affiliates be entered into only if they are approved by a majority of the disinterested independent directors, are on terms no less favorable to the Company than could be obtained from unaffiliated parties and are reasonably expected to benefit the Company.
