Item 1.01 Entry into a Material Definitive Agreement

On February 8, 2008, Laclede Gas Company, a Missouri corporation (“Laclede”), entered into an extension of its syndicated loan agreement with several bank parties thereto, including U.S. Bank National Association as administrative agent, as amended on December 21, 2005 (as amended, the “Loan Agreement”). The Loan Agreement currently provides a credit commitment of up to \$350 million, with the current credit commitment being in the amount of \$320 million. The extension adds one year to the term of the Loan Agreement, extending it to December 31, 2011. Under certain circumstances, Laclede may request two additional one-year extensions of the term beyond that date. Two banks, representing a total of about 15% of the credit commitment under the Loan Agreement prior to the extension, did not consent to the extension of their commitments to December 31, 2011. Laclede exercised its right under the Loan Agreement to wholly replace the non-consenting banks that was done by receiving increased commitments from five of the remaining banks in the Loan Agreement, effective February 8, 2008. The other five remaining banks continue at their previous participation levels. Thus, the total current credit commitment under the Loan Agreement remains unchanged at \$320 million.

Laclede and its affiliates have or may have had customary banking relationships with the banks parties to the Loan Agreement based on the provision of a variety of financial services, including pension fund, cash management, investment banking, and equipment financing and leasing services, none of which are material individually or in the aggregate with respect to any individual party.
