NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Hersha Hospitality Trust (“we” or the “Company”) was formed in May 1998 as a self-administered, Maryland real estate investment trust (“REIT”) for federal income tax purposes.

The Company owns a controlling general partnership interest in Hersha Hospitality Limited Partnership (the “Partnership”), which owns a 99% limited partnership interest in various subsidiary partnerships. Hersha Hospitality, LLC (“HLLC”), a Virginia limited liability company, owns a 1% general partnership interest in the subsidiary partnerships and the Partnership is the sole member of HLLC.

The Partnership formed a wholly owned taxable REIT subsidiary, 44 New England Management Company (“44 New England” or “TRS Lessee”), to lease certain of the Company’s hotels.

As of September 30, 2006, the Company, through the Partnership and subsidiary partnerships, owned forty-five limited and full service hotels. Forty-four of the owned hotel facilities are leased to the Company’s taxable REIT subsidiary (“TRS”), 44 New England. One owned hotel facility is leased to an unrelated party under a fixed lease agreement.

In addition to the wholly owned hotel properties, as of September 30, 2006, the Company owned joint venture interests in another eighteen properties. The properties owned by the joint ventures are leased to a TRS owned by the joint venture or to an entity owned by the joint venture partners and 44 New England. The following table lists the properties owned by these joint ventures:

Hersha Inn America TRS Inc; Hersha PRA TRS, Inc; South Bay Sandeep, LLC; and Revere Hotel Group, LLC, are each a TRS wholly-owned by their respective joint ventures. Mystic Partners, LLC owns an interest in nine hotel properties. Our interest in Mystic Partners, LLC is relative to our interest in each of the nine properties owned by the joint venture as defined in the joint venture's governing documents. Each of the nine properties owned by Mystic Partners, LLC is leased to a separate entity that is consolidated in Mystic Partners Leaseco, LLC which is owned by 44 New England and our joint venture partner in Mystic Partners, LLC. Hersha PRA LLC, South Bay Boston, LLC; HT LTD Williamsburg One LLC; HT LTD Williamsburg Two LLC, Philly One TRS, LLC, lease properties from each respective joint venture and are owned by 44 New England and our joint venture partner in each venture.

44 New England and the joint venture TRS lessees lease the hotel properties pursuant to separate percentage lease agreements (the "Percentage Leases") that provide for percentage rents based on the revenues of the hotels. Hersha Hospitality Management, LP ("HHMLP") serves as the manager of the wholly owned assets and joint venture assets, except for the Courtyard, Alexandria, Virginia and the properties owned by Mystic Partners, LLC; Hiren Boston, LLC; SB Partners, LLC; LTD Associates One, LLC; and LTD Associates Two, LLC. The Courtyard, Alexandria, Virginia is managed by Marriott International, Inc. and the remaining properties are managed by parties related to our partners in those joint ventures. HHMLP is owned in part by four of the Company's executive officers, two of its trustees and other third party investors.

Principles of Consolidation and Presentation

The accompanying consolidated financial statements have been prepared in accordance with generally accepted accounting principles and include all of our accounts as well as accounts of the Partnership, subsidiary partnerships and our wholly owned TRS Lessee. All significant inter-company amounts have been eliminated. Certain information and footnote disclosures included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or consolidated pursuant to the rules and regulations of the Securities and Exchange Commission. The unaudited interim consolidated financial statements should be read in conjunction with the audited financial statements and the notes thereto included in the Company's annual report on Form 10-K for the year ended December 31, 2005. In management's opinion, all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the consolidated financial position of the Company and the consolidated results of their operations and their cash flows, are included. The results of operations for such interim periods are not necessarily indicative of the results for the full year.

Consolidated properties are either wholly owned or owned less than 100% by the Partnership and are controlled by the Company as general partner of the Partnership. Properties owned in joint ventures are also consolidated if the determination is made that we are the primary beneficiary in a variable interest entity or we maintain control of the asset through our voting interest in the entity. Control could also be demonstrated by the ability of the general partner to manage day-to-day operations, refinance debt and sell the assets of the partnerships without the consent of the limited partners and the inability of the limited partners to replace the general partner.

We follow the provisions of Financial Accounting Standards Board FASB Interpretation No. 46, "Consolidation of Variable Interest Entities (VIE's), an interpretation of Accounting Research Bulletin No. 51 (ARB No. 51)," as revised ("FIN 46R"). FIN 46R addresses how a business enterprise should evaluate whether it has a controlling financial interest in any variable interest entity ("VIE") through means other than voting rights, and accordingly, should include the VIE in its consolidated financial statements.

In July of 2005, the Emerging Issues Task Force (EITF) agreed on a framework for evaluating whether a general partner or a group of general partners controls a limited partnership and therefore should consolidate it. EITF Issue 04-5, "Investor's Accounting for an Investment in a Limited Partnership When the Investor Is the Sole General Partner and the Limited Partners Have Certain Rights" (EITF 04-5), in conjunction with FASB Staff Position SOP 78-9-1: Interaction of AICPA Statement of Position 78-9 and EITF Issue No. 04-05, amends the guidance in AICPA Statement of Position No. 78-9, "Accounting for Investments in Real Estate Ventures" (SOP 78-9) and states that the

presumption of general-partner control would be overcome only when the limited partners have either of two types of rights. The first type—referred to as “kick-out rights”—is the right to dissolve or liquidate the partnership or otherwise remove the general partner “without cause.” The second type—referred to as “participating rights”—is the right to effectively participate in significant decisions made in the ordinary course of the partnership’s business. The kick-out rights and the participating rights must be substantive in order to overcome the presumption of general-partner control. EITF 04-5’s guidance was effective immediately for all newly formed limited partnerships and for existing limited partnership agreements that are modified. Otherwise, the guidance is effective for existing limited-partnership agreements no later than the beginning of the first reporting period in fiscal years beginning after December 15, 2005. As of January 1, 2006, the Company has adopted EITF 04-5 for all partnerships. The adoption of EITF 04-5 did not have a material effect on its consolidated financial statements.

In June 2006, the FASB issued Interpretation No. 48, “Uncertainty in Income Taxes - an interpretation of FASB No. 109,” which defines a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. It is effective for fiscal years beginning after December 15, 2006. The Company is currently evaluating the effect of this Interpretation, but does not believe it will have a material effect on its financial position or results of operations.

In September 2006, the SEC’s staff issued Staff Accounting Bulletin (SAB) No. 108 “Considering the Effects of Prior Year Misstatements when Quantifying Misstatements in Current Year Financial Statements.” This Bulletin provides guidance on the consideration of the effects of prior year misstatements in quantifying current year misstatements for the purpose of a materiality assessment. The guidance in this Bulletin must be applied to financial reports covering the first fiscal year ending after November 15, 2006. The Company is currently evaluating the guidance in this Bulletin.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Our investments and contractual relationships with the following entities have been evaluated to determine whether they meet the guidelines of consolidation in accordance with FIN 46: HHMLP; Logan Hospitality Associates, LLC; PRA Glastonbury, LLC; PRA Suites at Glastonbury, LLC; Hersha PRA LLC; Inn America Hospitality at Ewing, LLC; Mystic Partners, LLC; Mystic Partners Leaseco, LLC; Hiren Boston, LLC; South Bay Boston, LLC, SB Partners, LLC; LTD Associates One, LLC; HT LTD Williamsburg One LLC; LTD Associates Two, LLC; HT LTD Williamsburg Two LLC; Hersha Statutory Trust I; Hersha Statutory Trust II; Affordable Hospitality Associates, LP; Philly One TRS, LLC; and Risingsam Hospitality, LLC, Risingsam Union Square, LLC, and Brisam Management, LLC.

Our examination consisted of reviewing the sufficiency of equity at risk, controlling financial interests, voting rights, and the obligation to absorb expected losses and expected gains, including residual returns. Based on our examination, the following entities were determined to be VIE's: Mystic Partners, LLC; Mystic Partners Leaseco, LLC; Hersha PRA LLC; South Bay Boston, LLC; HT LTD Williamsburg One LLC; HT LTD Williamsburg Two LLC; Philly One TRS, LLC; Hersha Statutory Trust I; and Hersha Statutory Trust II. Mystic Partners, LLC is a VIE entity, however because we are not the primary beneficiary it is not consolidated by the Company. Also, Mystic Partners Leaseco, LLC; Hersha PRA LLC; South Bay Boston, LLC; HT LTD Williamsburg One LLC; HT LTD Williamsburg Two LLC; and Philly One TRS, LLC lease hotel properties from our joint venture interests and are variable interest entities. These entities are consolidated by the lessors, the primary beneficiaries of each entity. Hersha Statutory Trust I and Hersha Statutory Trust II are VIEs but HHLP is not the primary beneficiary in these entities. The accounts of Hersha Statutory Trust I and Hersha Statutory Trust II are not consolidated with and into HHLP.

We have consolidated the operations of the Logan Hospitality Associates, LLC; LTD Associates One, LLC; LTD Associates Two, LLC; and Affordable Hospitality Associates, LP joint ventures because each entity is a voting interest entity and the Company owns a majority voting interest in the venture.

Our investments in PRA Glastonbury, LLC; PRA Suites at Glastonbury, LLC; Inn America Hospitality at Ewing, LLC; Hiren Boston, LLC; and SB Partners, LLC represent non-controlling ownership interests in the ventures. All of these entities are voting interest entities. These investments are accounted for using the equity method of accounting. These investments are recorded initially at cost and subsequently adjusted for our share of equity in income (loss), which is allocated in accordance with the provisions of the applicable partnership or joint venture agreements, and subsequent contributions or distributions in these entities.

We hold an investment in development loan receivables with Risingsam Union Square, LLC, Risingsam Hospitality, LLC, and Brisam Management, LLC. We have determined that each borrower has sufficient equity at risk, a controlling financial interest and an obligation to absorb expected losses and expected gains, including residual returns of the entity. These entities are voting interest entities and because we have no voting interest they are not consolidated.

We will continue to evaluate each of our investments and contractual relationships to determine if consolidation is required based upon the provisions of FIN 46.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States (GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment in Hotel Properties

Investment in hotel properties is stated at cost. Depreciation for financial reporting purposes is principally based upon the straight-line method.

The estimated lives used to depreciate the hotel properties are as follows:

Building and Improvements 15 to 40 Years

Furniture, Fixtures and Equipment 5 to 7 Years

Revenue Recognition

We directly recognize revenue and expense for all consolidated hotels as “Hotel Operating Revenue” and “Hotel Operating Expense” when earned and incurred. Included in hotel operating revenues is primarily room revenues and revenue from other hotel operating departments. These revenues are recorded net of any sales or occupancy taxes collected from our guests. All revenues are recorded on an accrual basis, as earned. We participate in frequent guest programs sponsored by the brand owners of our hotels and we expense the charges associated with those programs, as incurred.

Stock Compensation

We apply Statement of Financial Accounting Standards No. 123R, “Share-Based Payments” (SFAS 123R) whereby we measure the cost of employee service received in exchange for an award of equity instruments based on the grant-date fair value of the award. The cost is recognized over the period during which an employee is required to provide service in exchange for the award.

Minority Interest

Minority Interest in the Partnership represents the limited partner’s proportionate share of the equity of the Partnership. Income (Loss) is allocated to minority interest in accordance with the weighted average percentage ownership of the Partnership during the period. At the end of each reporting period the appropriate adjustments to the income (loss) are made based upon the weighted average percentage ownership of the Partnership during the period. Our ownership interest in the Partnership as of September 30, 2006 and 2005 was 89.3 % and 87.8%, respectively.

We also maintain minority interests for the equity interest owned by third parties in Logan Hospitality Associates, LLC; LTD Associates One, LLC; LTD Associates Two, LLC; and Affordable Hospitality, LP. Third parties own a 45% interest in Logan Hospitality Associates, LLC; a 25% interest in each of LTD Associates One LLC and LTD Associates Two, LLC; and a 20% interest in Affordable Hospitality Associates, LP. We allocate the income (loss) of these joint ventures to the minority interest in consolidated joint venture account based upon the ownership of the entities, preferences in distributions of cash available and the terms of each ventures liquidation.

Shareholders' Equity

On September 19, 2006, we completed a public offering of 3,775,000 common shares at \$9.75 per share. On September 28, 2006, the underwriter exercised its over-allotment option with respect to that offering, and we issued an additional 566,250 common shares at \$9.75 per share. Proceeds to us, net of underwriting discounts and commissions and expenses, were approximately \$39,960. Immediately upon closing the offering, we contributed all of the net proceeds of the offering to the Partnership in exchange for additional Partnership interests. The net offering proceeds were used to repay indebtedness.

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

On April 28, 2006, we completed a public offering of 6,520,000 common shares at \$9.00 per share. On May 9, 2006, the underwriter exercised its over-allotment option with respect to that offering, and we issued an additional 977,500 common shares at \$9.00 per share. Proceeds to us, net of underwriting discounts and commissions and expenses, were approximately \$63,400. Immediately upon closing the offering, we contributed all of the net proceeds of the offering to the Partnership in exchange for additional Partnership interests. Of the net offering proceeds, approximately \$30,000 was used to repay indebtedness and approximately \$19,500 was used to fund property acquisitions.

On August 5, 2005, we completed a public offering of 2,400,000 of 8.00% Series A Cumulative Redeemable Preferred Shares of Beneficial Interest, liquidation preference \$25.00 per share. Net proceeds of the offering, less expenses and underwriters commissions, were approximately \$57,750. Proceeds from the offering were used to finance the acquisition of the Company's interests in Mystic Partners, LLC and SB Partners, LLC. The remaining net proceeds have been principally allocated to fund secured development loans and for general corporate purposes.

Impairment of Long-Lived Assets

We review the carrying value of each hotel property in accordance with SFAS No. 144 to determine if circumstances exist indicating an impairment in the carrying value of the investment in the hotel property. Long-lived assets are reviewed for impairment whenever events or changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable. We perform undiscounted cash flow analyses to determine if impairment exists. If impairment is determined to exist, any related impairment loss is calculated based on fair value. Hotel properties held for sale are presented at the lower of carrying amount or fair value less cost to sell.

Income Taxes

The Company qualifies as a REIT under applicable provisions of the Internal Revenue Code, as amended, and intends to continue to qualify as a REIT. In general, under such provisions, a trust which has made the required election and, in the taxable year, meets certain requirements and distributes to its shareholders at least 90% of its REIT taxable income will not be subject to Federal income tax to the extent of the income which it distributes. Earnings and profits, which determine the taxability of dividends to shareholders, differ from net income reported for financial reporting purposes due primarily to differences in depreciation of hotel properties for Federal income tax purposes.

Deferred income taxes relate primarily to the TRS Lessee and are accounted for using the asset and liability method. Under this method, deferred income taxes are recognized for temporary differences between the financial reporting bases of assets and liabilities of the TRS Lessee and their respective tax bases and for their operating loss and tax credit carry forwards based on enacted tax rates expected to be in effect when such amounts are realized or settled. However, deferred tax assets are recognized only to the extent that it is more likely than not that they will be realized based on consideration of available evidence, including tax planning strategies and other factors.

Under the REIT Modernization Act ("RMA"), which became effective January 1, 2001, the Company is permitted to lease hotels to a wholly owned taxable REIT subsidiary ("TRS") and may continue to qualify as a REIT provided the TRS enters into management agreements with an "eligible independent contractor" who will manage the hotels leased by the TRS. The Company formed the TRS Lessee in 2003. The TRS Lessee currently leases 44 properties from the

Partnership. The TRS Lessee is subject to taxation as a C-Corporation. The TRS Lessee had operating income for financial reporting purposes for the period ended September 30, 2006, however no income taxes are recorded in the Consolidated Statement of Operations because net operating loss carryforwards are sufficient to offset tax liabilities incurred as a result of this operating income.

Although the TRS Lessee is expected to operate at a profit for Federal income tax purposes in future periods, the value of the deferred tax asset is not able to be quantified with certainty. Therefore, no deferred tax assets have been recorded as we have not concluded that it is more likely than not that these deferred tax assets will be realizable.

Reclassification

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation.

2006 Transactions

The following acquisitions and other transactions were made by HHLP, our operating partnership.

New Jersey and Pennsylvania Portfolio. On January 3, 2006, we acquired the 118-room Fairfield Inn & Suites in Mt. Laurel, New Jersey, the 103-room Fairfield Inn & Suites in Bethlehem, Pennsylvania, and the 118-room Langhorne Courtyard in Langhorne, Pennsylvania in one transaction, for a total purchase price of approximately \$41,298 which included \$250 in deposits included in the balance sheet on December 31, 2005. The total purchase price is subject to a post closing adjustment on June 30, 2007, which may increase the purchase price by an amount of up to \$2,500.

Courtyard, Scranton, Pennsylvania. On February 1, 2006, we acquired the 120-room Courtyard in Scranton, Pennsylvania for approximately \$8,841 in cash.

Residence Inn, Tyson's Corner, Virginia. On February 2, 2006, we acquired the 96-room Residence Inn in Tyson's Corner, Virginia for approximately \$20,200 which included the assumption of \$9,596 in debt.

Hampton Inn, Philadelphia, Pennsylvania. On February 15, 2006, we acquired an 80% interest in Affordable Hospitality Associates, LP, the owner of the land, improvements and certain personal property of the 250-room Hampton Inn (Center City) in Philadelphia for approximately \$25,067 which included the assumption of a \$873 capital lease and \$3,000 in deposits included in the balance sheet on December 31, 2005. Minority interest of \$1,196 was recorded as a result of this acquisition. Our ownership interest entitles us to a 9.0% participating preferred return on our capital contribution.

Hilton Garden Inn, JFK Airport, New York. On February 16, 2006, we acquired 100% of the outstanding ownership interests in Metro JFK Associates, LLC, the owner of a leasehold interest in the land, improvements and certain

personal property of the Hilton Garden Inn - JFK Airport, located in Jamaica, New York, for approximately \$29,178. The purchase price includes the assumption of approximately \$13,000 in debt, newly issued units of our operating partnership valued at approximately \$6,000, \$5,000 in deposits that were on the balance sheet as of December 31, 2005, and \$5,178 in cash.

KW Portfolio. On April 25, 2006 we acquired the 100-room Hawthorn Inn & Suites in Franklin, Massachusetts for \$12,048. On May 1, 2006, we acquired the 96-room Residence Inn and the 84-room Comfort Inn in North Dartmouth, Massachusetts for \$14,847 and \$4,852, respectively. The purchase price of the Residence Inn includes the assumption of \$9,377 in debt.

Holiday Inn Express, Cambridge, Massachusetts. On May 3, 2006, we acquired the 112-room Holiday Inn Express, Cambridge, Massachusetts for approximately \$12,247.

Land- 39th and 8th Avenue, New York, New York. On June 28, 2006, we purchased land at 39th and 8th Avenue, New York City, for \$21,774 including closing costs and leased the land to Metro 39th Street Associates, LLC.

Residence Inn, Norwood, Massachusetts. On July 27, 2006, we purchased the newly constructed 96-room Residence Inn in Norwood, Massachusetts for approximately \$15,144. The purchase price includes the assumption of \$8,000 in debt, newly issued units of our operating partnership valued at approximately \$3,940 and \$3,204 in cash.

Holiday Inn Conference Center, New Cumberland, Pennsylvania. We terminated our lease with 44 New England for the Holiday Inn Conference Center in New Cumberland, Pennsylvania. Effective July 1, 2006, we now lease the hotel for a fixed lease payment to a third party, who has entered into an agreement to purchase the property at the end of the five-year lease term.

Land - 41st Street, New York, New York. On July 28, 2006, we purchased land at 440 West 41st Street, New York City, for \$21,786 including closing costs and leased the land to Metro Forty First Street, LLC.

Hampton Inn, Brookhaven, New York - On September 6, 2006, we acquired the 161-room Hampton Inn, Brookhaven, New York for approximately \$21,689 which included the assumption of \$15,455 in debt.

Holiday Inn Express, Hauppauge, New York - On September 1, 2006, we acquired the 133-room Holiday Inn Express, Hauppauge, New York for approximately \$17,644 which included the assumption of \$10,623 in debt.

Courtyard by Marriott, Alexandria, Virginia - On September 29, 2006, we acquired the 203-room Courtyard Pentagon South, Alexandria, Virginia for approximately \$35,131.

Hampton Inn, Chelsea, New York - On September 29, 2006, we acquired the remaining equity interest in the 144-room Hampton Inn, Chelsea, New York for approximately \$37,126 which included the assumption of \$36,000 in debt and a \$202 capital lease. Prior to September 29, 2006, we owned a 33.3% interest in an unconsolidated joint venture that owned the hotel. Our investment in this venture was \$4,409 and was recorded in investment in unconsolidated joint ventures prior to the consummation of this transaction. As of September 30, 2006, this property's assets and liabilities have been consolidated into the results of the Company.

The purchase price, including transaction costs, and the allocation of purchase price to land; building and improvements; furniture, fixtures and equipment; and franchise fees and loan costs are as follows:

* The \$8,000 assumed mortgage for Residence Inn, Norwood was repaid in full in September 2006.

All of the newly acquired wholly owned hotels are leased to the TRS Lessee and managed by HHMLP. The Hampton Inn located in Philadelphia, Pennsylvania is leased to an entity that is owned by the TRS Lessee and our joint venture partner.

Included in the acquisition of the Hilton Garden Inn at the JFK Airport, New York, was a land lease for the underlying land with a remaining term of approximately 93 years. The remaining lease payments were determined to be below market value and as a result, \$226 of the purchase price was allocated to an intangible asset. Included in the acquisition of the Courtyard by Marriott in Brookline, Massachusetts in 2005, was a prepaid land lease for the underlying land with a remaining term of approximately 90 years. This prepaid land lease is classified as an intangible asset with a value of \$3,570. Both lease intangibles are recorded in other assets on the consolidated balance sheet and are being amortized over the remaining lives of the leases.

The interest rate on the fixed rate debt assumed in the acquisitions of the KW Portfolio is 5.67% and was below the market rate of interest on the date of the acquisition. The interest rate on the fixed rate debt assumed in the acquisition of the Holiday Inn Express, Hauppauge, New York is 5.701% and was below the market rate of interest on the date of the acquisition. As a result, a discount of \$354 was recorded for the mortgage assumed in the acquisition of the KW Portfolio and a discount of \$472 was recorded on the debt assumed in the acquisition of the Holiday Inn Express in Hauppauge, New York. The discounts reduce the principal balances recorded in mortgages and notes payable. The discount is being amortized over the remaining life of the debt and is recorded as interest expense. Interest rates on debt assumed in the acquisition of the Residence Inn, Tyson's Corner, Virginia; the Hilton Garden Inn, JFK Airport, New York and the Hampton Inn, Brookhaven, New York were at market rates.

NOTE 3 — INVESTMENT IN UNCONSOLIDATED JOINT VENTURES

On August 29, 2003, HT/CNL Metro Hotels, LP purchased the Hampton Inn, (Manhattan) Chelsea, NY. We owned a one-third equity interest in this joint venture partnership while CNL Hospitality Partners LP (“CNL”) owned the remaining equity interests. On September 29, 2006 we acquired CNL’s remaining equity interest in the venture. Our share of the operating results of the venture through September 29, 2006 is included in Income from Unconsolidated Joint Ventures on the statement of operations.

On November 13, 2003, we purchased a 40% joint venture interest in PRA Glastonbury, LLC. The only asset owned by PRA Glastonbury, LLC is the Hilton Garden Inn, Glastonbury, CT.

On July 1, 2004, we purchased a 50% joint venture interest in Inn America Hospitality at Ewing, LLC. The only asset owned by this entity is the Courtyard by Marriott, Ewing-Hopewell, NJ.

On July 1, 2005, we acquired a 49.9% interest in Hiren Boston, LLC (“Hiren”), the owner of a 164 room Courtyard by Marriott in South Boston, Massachusetts, for approximately \$5,031, including settlement costs of approximately \$331. This hotel is leased to South Bay Boston, LLC, a joint venture owned by 44 New England and our joint venture partner, and managed by an affiliate of our joint venture partner. Our joint venture partner and the manager of the property are unaffiliated with the Company. The Hiren joint venture agreement provides for a 10% preferred return during the first two years of the venture based on our equity interest in Hiren. Cash distributions will be made from cash available for distribution, first, to us to provide a 10% annual non-compounded return on our capital contributions and then to our joint venture partner to provide a 10% annual non-compounded return of their contributions. The 10% returns are not cumulative. Any remaining cash available for distribution will be distributed 50% to us. Subsequent to this initial two year period, cash distributions will be made 50% to us and 50% to our joint venture partners in Hiren. In accordance with AICPA Statement of Position 78-9 “Accounting for Investments in Real Estate Ventures” (SOP 78-9), Hiren will allocate income to HHLP and our joint venture partner consistent with the allocation of cash distributions and liquidating distributions.

On October 7, 2005, we acquired a 49.9% interest in SB Partners, LLC (“SB Partners”), the owner of a 118 room Holiday Inn Express in South Boston, Massachusetts, for approximately \$2,250. This hotel is leased to South Bay Sandeep, LLC, a TRS wholly owned by SB Partners, and managed by an affiliate of our joint venture partner. Our joint venture partner and the manager of the property are owned by certain members that have an interest in Hiren and are unaffiliated with the Company. The SB Partners joint venture agreement provides for a 10% preferred return during the first two years of the venture based on our equity interest in SB Partners. Cash distributions will be made from cash available for distribution, first, to us to provide a 10% annual non-compounded return on our capital contributions and then to our joint venture partner to provide a 10% annual non-compounded return of their contributions. The 10% returns are not cumulative. Any remaining cash available for distribution will be distributed 50% to us. Subsequent to this initial two year period, cash distributions will be made 50% to us and 50% to our joint venture partners in SB Partners. In accordance with SOP 78-9, SB Partners allocates income to us and our joint venture partner consistent with the allocation of cash distributions and liquidating distributions.

In June 2005, we entered into a joint venture with Waterford Hospitality and Mystic Hotel Investors, LLC (“MHI,” and together with Waterford, the “MHI Parties”), pursuant to which the parties agreed to establish Mystic Partners, LLC (“Mystic Partners”). The MHI Parties contributed to Mystic Partners its membership interests in a portfolio of nine

entities that own nine Marriott- or Hilton-branded hotels in Connecticut and Rhode Island. Aggregate fair value of the contributed properties was approximately \$250,000. We contributed approximately \$40,000 in cash to Mystic Partners in exchange for a 66.7% preferred equity interest in the seven stabilized hotel properties in the portfolio and a 50% preferred equity interest in the two newly-developed hotel properties in the portfolio, subject to minority interest participations in certain hotels.

On February 8, 2006, Mystic Partners closed on the acquisition of the 409 room Hartford Marriott in Hartford, Connecticut, the final hotel in the portfolio to be acquired by Mystic. The acquisition included the hotel, improvements, certain personal property and a pre-paid air rights sublease relating to airspace comprising a portion of the Hartford Convention Center. We contributed approximately \$6,700 to Mystic Partners, and the MHI Parties contributed its Membership Interests in the Owner of the Hartford Marriott. In conjunction with this closing, the Mystic Partners agreed to adjust each party's equity ownership interest in the two development properties, the Hartford Hilton and the Hartford Marriott, as follows:

Both the Hartford Hilton and the Hartford Marriott properties maintain minority interest ownership from unrelated third party investors for approximately 12.0% and 4.0%, respectively.

Additionally, the amendment provides us with the option to purchase up to a 50.0% equity ownership interest in Mystic Partners' equity interest in the Hartford Hilton and the Hartford Marriott, respectively, at a price determined in accordance with the Amendment. Also, the Company entered into an agreement whereby we and MHI jointly and severally guarantee the performance of the terms of a loan to Adriaen's Landing Hotel, LLC, owner of the Hartford Marriott, in the amount of \$50,000, and 315 Trumbull Street Associates, LLC, in the amount of \$27,000 if at any time during the term of the note and during such time as the net worth of Mystic falls below the amount of the guarantee.

The Mystic Partners joint venture agreement provides for an 8.5% preferred return based on our preferred equity interest in the stabilized and newly-developed hotel properties. Cash distributions will be made from cash available for distribution, first, to us to provide an 8.5% annual non-compounded return on our unreturned capital contributions and then to the MHI Parties to provide an 8.5% annual non-compounded return of their unreturned contributions. The 8.5% returns are not cumulative. Any remaining cash available for distribution will be distributed to us 56.7%, with respect to the net cash flow from the stabilized properties, 10.5% with respect to the net cash flow from the Hartford Marriott, and 7.0% with respect to the Hartford Hilton. In accordance with SOP 78-9, Mystic Partners will allocate income to us and the MHI Parties consistent with the allocation of cash distributions and liquidating distributions.

NOTE 3 — INVESTMENT IN UNCONSOLIDATED JOINT VENTURES (Continued)

Each of the Mystic Partners hotel properties, except the Hartford Hilton, is under an Asset Management Agreement with 44 New England to provide asset management services. Fees for these services are paid monthly to 44 New England and recognized as income in the amount 1% of operating revenues, except for the Hartford Marriott which is 0.25% of operating revenues. Each property owned by the joint venture is managed by Waterford Hotel Group, Inc., an affiliate of MHI Parties. The property manager will receive a base fee of 3% or 4% of gross revenues of the property, depending on the property, and an incentive fee of 10% of net operating income less debt service after each of HHLP and the MHI Parties receive a 12.0% annual non-compounded return on its unreturned capital contributions.

On June 15, 2006, we acquired a 40.0% interest in PRA Suites at Glastonbury, LLC (“PRA Suites”), the owner of a 136 room Homewood Suites in Glastonbury, Connecticut, for approximately \$2,480. This hotel will be leased to Hersha PRA LLC, an entity owned by 44 New England and our joint venture partner. The hotel will be managed HHMLP. Our joint venture partner include members that have an interest in PRA Glastonbury, LLC and are unaffiliated with the Company. The PRA Suites joint venture agreement provides for a 10% preferred return based on the equity interest in PRA Suites. Cash distributions will be made from cash available for distribution, first, to us to provide a 10% annual non-compounded return on our capital contributions and then to our joint venture partner to provide a 10% annual non-compounded return of their contributions. The 10% returns are not cumulative. Any remaining cash available for distribution will be distributed 40% to us. In accordance with SOP 78-9, PRA Suites allocates income to us and our joint venture partner consistent with the allocation of cash distributions and liquidating distributions.

We account for our investment in the above mentioned unconsolidated joint ventures using the equity method of accounting.

As of September 30, 2006 and December 31, 2005 our investment in unconsolidated joint ventures consists of the following:

NOTE 6 — DEBT

Mortgages and Notes Payable

The total mortgages payable balances at September 30, 2006, and December 31, 2005, were \$398,260 and \$204,598, respectively, and consisted of mortgages with fixed and variable interest rates ranging from 4.0% to 9.43%. In addition, we had mortgages on our held for sale properties of \$ 10,201 and \$-0- as of September 30, 2006 and December 31, 2005, respectively, which is classified in Liabilities Related to Hotel Assets Held for Sale on the consolidated balance sheets. The maturities for the outstanding mortgages ranged from August 2007 to January 2032. Aggregate interest expense incurred under the mortgages payable totaled \$4,896 and \$3,081 for the three months ended September 30, 2006 and 2005, respectively and \$13,509 and \$6,684 during the nine months ended September 30, 2006 and 2005, respectively.

In the second quarter of 2005, HHLP issued two junior subordinated notes payable in the aggregate amount of \$51,548 to the Hersha Statutory Trusts pursuant to indenture agreements. The \$25,774 note issued to Hersha Statutory Trust I will mature on June 30, 2035, but may be redeemed at HHLP's option, in whole or in part, beginning on June 30, 2010 in accordance with the provisions of the indenture agreement. The \$25,774 note issued to Hersha Statutory Trust II will mature on July 30, 2035, but may be redeemed at our option, in whole or in part, beginning on July 30, 2010 in accordance with the provisions of the indenture agreement. The note issued to Hersha Statutory Trust I bears interest at a fixed rate of 7.34% per annum through June 30, 2010, and the note issued to Hersha Statutory Trust II bears interest at a fixed rate of 7.173% per annum through July 30, 2010. Subsequent to June 30, 2010 for notes issued to Hersha Statutory Trust I and July 30, 2010 for notes issued to Hersha Statutory Trust II holders, the notes bear interest at a variable rate of LIBOR plus 3.0% pre annum. Interest expense on the notes in the amount of \$940 and \$935 was recorded during the three months ended September 30, 2006 and 2005, respectively, and \$2,810 and \$1,336 for the nine months ended September 30, 2006 and 2005, respectively.

Revolving Line of Credit

On January 17, 2006, we entered into a revolving credit loan and security agreement with Commerce Bank, N.A. with a maximum amount of \$60,000. On July 28, 2006, we amended our Commerce Line of Credit to increase the maximum borrowing amount from \$60,000 to \$85,000 (in certain conditions to \$100,000) and modified the interest rate terms to the option of either the bank's prime rate of interest minus 0.75% or LIBOR available for the periods of 1,2,3, or 6 months plus 2.00%. Provisions of the amended line of credit allow for an increase of the principal amount of borrowings made available under the line of credit to a maximum aggregate amount of \$100,000, depending upon certain conditions described in the agreement.

The line of credit is collateralized by a first lien-security interest in all existing and future assets of HHLP, and title-insured, first-lien mortgages on the Holiday Inn Express, Harrisburg, PA, the Mainstay Suites and Sleep Inn, King of Prussia, PA, the Fairfield Inn, Laurel, MD, the Hampton Inn, Philadelphia, PA, the Residence Inn, Norwood, MA and collateral assignment of all hotel management contracts from which HHLP or its affiliates derive revenue. The line of credit includes certain financial covenants and requires that we maintain (1) a minimum tangible net worth of \$110.0 million; (2) a maximum accounts and other receivables from affiliates of \$75.0 million; and (3) certain financial ratios. The Company is in compliance with each of these covenants as of September 30, 2006. The line of credit replaced a line of credit with Sovereign Bank and expires on December 31, 2008. This revolving credit loan

replaced both the secured and unsecured lines of credit that we previously maintained. As a result of the termination of the Sovereign Bank Line of Credit , we expensed \$255 in unamortized deferred costs related to the origination of the Sovereign Bank Line of Credit.

The Company maintained a Line of Credit balance of \$37,768 at September 30, 2006 and \$-0- at December 31, 2005. The Company recorded interest expense of \$861 and \$74, for the three months ended September 30, 2006 and 2005, respectively, and \$1,524 and \$155, for the nine months ended September 30, 2006 and 2005, respectively. The weighted average interest rate on our Line of Credit during the three months ended September 30, 2006 and 2005 was 7.58% and 6.33%, respectively, and was 7.28% and 5.83% for the nine months ended September 30, 2006 and 2005, respectively.

Deferred Costs

Costs associated with entering into mortgages and notes payable and our revolving line of credit are deferred and amortized over the life of the debt instruments. Amortization of deferred costs is recorded in interest expense. As of September 30, 2006, deferred costs were \$6,777, net of accumulated amortization of \$1,417. Deferred costs were \$4,131, net of accumulated amortization of \$1,437, as of December 31, 2005. Amortization of deferred costs for the three and nine months ended September 30, 2006 was \$249 and \$624, respectively. Amortization of deferred costs for the three and nine months ended September 30, 2005 was \$171 and \$342, respectively.

Debt Extinguishment

As noted above, the Sovereign Bank Line of Credit was replaced by the Commerce Line of Credit in January 2006. As a result of this termination, we expensed \$255 in unamortized deferred costs related to the origination of the Sovereign Bank Line of Credit, which are included in the Loss on Debt Extinguishment caption on the face of the consolidated statements of operations for the nine months ended September 30, 2006.

On April 7, 2006, we repaid \$21,900 on our mortgage with Merrill Lynch for the Hampton Inn Herald Square property as a result of a debt refinancing. The new debt of \$26,500 has a fixed interest rate of 6.085% and a maturity date of May 1, 2016. As a result of this extinguishment, we expensed \$534 in unamortized deferred costs and prepayment penalties, which are included in the Loss on Debt Extinguishment caption on the face of the consolidated statements of operations for the nine months ended September 30, 2006.

On June 9, 2006, we repaid \$34,200 on our mortgage with UBS for the McIntosh Portfolio, as a result of a debt refinancing. The new debt of \$36,300 has a fixed interest rate of 6.33% and maturity date of June 11, 2016 for each of the loans associated with the McIntosh Portfolio. As a result of this extinguishment, we expensed \$374 in unamortized deferred costs, which are included in the Loss on Debt Extinguishment caption on the face of the consolidated statements of operations for the nine months ended September 30, 2006.

On September 9, 2006, we repaid \$8,287 on our mortgage with South New Hampshire Bank for the Residence Inn, Norwood, using proceeds from a draw on our line of credit with Commerce Bank. All pre-payment related fees associated with this payoff were reimbursed by the seller of the property prior to September 30, 2006.

We are the sole general partner in the Partnership, which is indirectly the sole general partner of the subsidiary partnerships.

Management Agreements

44 New England engages HHMLP as the property manager for hotels it leases from us pursuant to management agreements. Each management agreement provides for a five-year term and is subject to early termination upon the occurrence of defaults and certain other events described therein. As required under the REIT qualification rules, HHMLP must qualify as an “eligible independent contractor” during the term of the management agreements. Under the management agreements, HHMLP generally pays the operating expenses of our hotels. All operating expenses or other expenses incurred by HHMLP in performing its authorized duties are reimbursed or borne by the TRS Lessee to the extent the operating expenses or other expenses are incurred within the limits of the applicable approved hotel operating budget. HHMLP is not obligated to advance any of its own funds for operating expenses of a hotel or to incur any liability in connection with operating a hotel.

As of September 30, 2006, HHMLP managed all forty four hotels leased to the TRS Lessee, and we consolidated the financial statements of these forty four hotels in these financial statements. HHMLP also manages two consolidated joint venture hotel properties and three unconsolidated joint venture hotel properties in which we maintain an investment. For its services, HHMLP receives a base management fee, and if a hotel meets and exceeds certain thresholds, an additional incentive management fee. The base management fee for a hotel is due monthly and is equal to 3% of gross revenues associated with each hotel managed for the related month. In addition, two of our consolidated joint venture hotel properties which are not managed by HHMLP pay an asset management fee to HHMLP each month equivalent to 1% of gross revenues. The incentive management fee, if any, for a hotel is due annually in arrears on the ninetieth day following the end of each fiscal year and is based upon the financial performance of the hotel. For the three months ended September 30, 2006 and 2005, management fees incurred totaled \$1,246 and \$797, respectively, and for the nine months ended September 30, 2006 and 2005, management fees incurred totaled \$3,211 and \$2,221, respectively. These fees are recorded as Hotel Operating Expenses.

Administrative Services Agreement

Prior to July 1, 2005, under the terms of an administrative service agreement, HHMLP provided accounting and reporting services for the Company. The terms of the agreement provided for us to pay HHMLP an annual fee of \$10 per property (prorated from the time of acquisition) for each hotel in our portfolio. On July 1, 2005, the administrative service fee was replaced by monthly accounting and information technology fees for each of our wholly owned hotels. Monthly fees for accounting services are \$2 per property and monthly information technology fees are \$0.5 per property. For the three months ended September 30, 2006 and 2005, the Company incurred administrative services fees of \$0 and \$10, respectively, and for the nine months ended September 30, 2006 and 2005, the Company incurred administrative fees of \$0 and \$140, respectively. For the three and nine months ended September 30, 2006, the Company incurred accounting fees of \$281 and \$768 and information technology fees of \$64 and \$184. Administrative services fees, accounting fees, and information technology fees are included in General and Administrative expenses.

Franchise Agreements

The hotel properties are operated under franchise agreements assumed by the hotel property lessee. The franchise agreements have 10 to 20 year terms but may be terminated by either the franchisee or franchisor on certain anniversary dates specified in the agreements. The franchise agreements require annual payments for franchise royalties, reservation, and advertising services, and such payments are based upon percentages of gross room revenue. These payments are paid by the lessees and charged to expenses as incurred. Franchise fee expense for the three months ended September 30, 2006 and 2005, was \$2,871 and \$1,935 respectively, and for the nine months ended September 30, 2006 and 2005, was \$7,210 and \$4,330, respectively. The initial fees incurred to enter into the franchise agreements are amortized over the life of the franchise agreements.

Acquisitions from Affiliates

We have acquired from entities owned or controlled by certain of our executive officers and our related party trustees, newly-developed or newly-renovated hotels that do not have an operating history that would allow us to make purchase price decisions based on historical performance. In buying these hotels, we previously utilized, a “re-pricing” methodology that, in effect, adjusted the initial purchase price for the hotel, one or two years after we initially purchased the hotel, based on the actual operating performance of the hotel during the twelve months prior to the repricing. As part of our lease termination agreement with HHMLP, the original sellers of all of these properties, HHMLP and the Company have waived their respective rights to any and all purchase price adjustments for all properties. In the future, we do not intend to use any re-pricing methodology in acquisitions from entities controlled by our officers and trustees.

We have entered into an option agreement with each of our officers and related party trustees such that we obtain a first right of refusal to purchase any hotel owned or developed in the future by these individuals or entities controlled by them. This right of first refusal would apply to each party until one year after such party ceases to be an officer or related party trustee of our Company. Since our initial public offering in 1999, we have acquired, wholly or through joint ventures, a total of 64 hotels, including 19 hotels acquired from entities controlled by our officers or trustees. Of the 19 acquisitions from these entities, 16 were newly-constructed or newly-renovated by these entities prior to our acquisition. Our Acquisition Committee of the Board of Trustees is comprised solely of independent trustees, and the purchase prices and all material terms of the purchase of hotels from related parties are negotiated with the Acquisition Committee. At the discretion of the independent trustees, the Board of Trustees has hired an independent accounting firm to provide our Board of Trustees with an “Agreed Upon Procedures” report for certain acquisitions and dispositions to related parties.

Hotel Supplies

For the three months ended September 30, 2006 and 2005, we incurred expenses of \$372 and \$112, respectively, and for the nine months ended September 30, 2006 and 2005, we incurred expenses of \$1,247 and \$830, respectively, for hotel supplies from Hersha Hotel Supply, an unconsolidated related party, which are expenses included in Hotel Operating Expenses. Approximately \$85 and \$52 is included in accounts payable at September 30, 2006 and December 31, 2005.

Capital Expenditure Fees

Beginning April 1, 2006, HHMLP began to charge a 5% fee on all capital expenditures and pending renovation projects at the properties as compensation for procurement services related to capital expenditures and for project management of renovation projects. For the three and nine months ended September 30, 2006, we incurred fees of \$59 and \$116, respectively, which were capitalized in with the cost of fixed asset additions.

Due From Related Parties

The Due from Related Parties balance as of September 30, 2006 and December 31, 2005 was approximately \$6,767 and \$2,799, respectively. The balances as of September 30, 2006 and December 31, 2005 consisted of accrued interest due on our development loans and receivables owed from our unconsolidated joint ventures.

Due to Related Parties

The Due to Related Parties balance as of September 30, 2006 and December 31, 2005, totaled \$7,420 and \$4,655, respectively. The balances as of September 30, 2006 and December 31, 2005 consisted of monies payable to HHMLP for administrative, management, and benefit related fees.

Land Leases

In conjunction with the acquisition of the Hilton Garden Inn, Edison, NJ, we assumed a land lease from a third party with an original term of 75 years. Monthly payments as determined by the lease agreement are due through the expiration in August 2074. On February 16, 2006, in conjunction with the acquisition of the Hilton Garden Inn, JFK Airport, NY, we assumed a land lease with an original term of 99 years. Monthly payments as determined by the lease agreement are due through the expiration in July of 2100. Both land leases provide rent increases at scheduled intervals. We record rent expense on a straight-line basis over the life of the lease from the beginning of the lease term. For the three months ended September 30, 2006 and 2005, we incurred \$222 and \$108, respectively, and for the nine months ended September 30, 2006 and 2005, we incurred \$600 and \$325, respectively, in lease expense under the agreements.

On January 6, 2005, we purchased land in Carlisle, PA for \$700 plus closing costs from a related party entity and leased the land to 44 Carlisle Associates, L.P., a related party. In July 2005, 44 Carlisle Associates, L.P. exercised their option to purchase the land from us. The purchase price consisted of \$700 for the land plus all fees and expenses.

On February 18, 2005, we purchased land at the Bradley International Airport, Windsor Locks, CT for \$1,000 plus closing costs and leased the land to 44 Windsor Locks Associates, LLC, a related party. In addition to the purchase price, the terms of the lease required 44 Windsor Locks Associates, LLC to post a \$350 deposit. In July 2005, 44 Windsor Locks Associates, LLC exercised their option to purchase the land from us. The purchase price consisted of \$1,000 for the land plus all fees and expenses, and the \$350 deposit was returned.

NOTE 8 - DERIVATIVE INSTRUMENTS

The Company's objective in using derivatives is to add stability to interest expense and to manage its exposure to interest rate movements or other identified risks. To accomplish this objective, the Company primarily uses interest rate swaps and interest rate caps as part of its cash flow hedging strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts in exchange for fixed-rate payments over the life of the agreements without exchange of the underlying principal amount. Interest rate caps designated as cash flow hedges limit the Company's exposure to increased cash payments due to increases in variable interest rates.

On July 1, 2005, the Company acquired an interest rate cap with a notional amount of \$34,230 to hedge against the variability in cash flows on a variable interest rate debt instrument. The principal of the variable interest rate debt being hedged equals the notional amount of the interest rate cap. The interest rate cap effectively fixes interest payments when LIBOR exceeds 5.0%. On June 12, 2006, we terminated this interest rate cap due to the refinancing of the associated interest rate debt instrument to a fixed rate. We received \$79 in cash and reclassified \$58 in reduction to interest expense as a result of the termination of this cap.

At September 30, 2006, the fair value of the interest rate swap was \$41 and is included in other assets on the face of the consolidated balance sheets. At December 31, 2005, the fair value of the interest rate cap was \$23 and is included in other assets and the fair value of the interest rate swap was \$0. The change in net unrealized gains/losses was a loss of \$122 and a gain of \$167 for the three months ended September 30, 2006 and 2005, respectively, for derivatives designated as cash flow hedges and the change in net unrealized gains/losses was a loss of \$87 and a gain of \$267 for the nine months ended September 30, 2006 and 2005, respectively, for derivatives designed as cash flow hedges. Hedge ineffectiveness of \$3 and \$4 on cash flow hedges was recognized in unrealized gain/loss on derivatives during the three months ended September 30, 2006 and 2005, respectively. Hedge ineffectiveness of \$10 and \$11 on cash flow hedges was recognized in unrealized gain/loss on derivatives during the nine months ended September 30, 2006 and 2005, respectively. Hedge ineffectiveness is included in interest expense on the face of the consolidated statements of operations.

NOTE 9 - SHARE-BASED PAYMENTS

In December 2004, the FASB issued Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment," ("SFAS 123R") which is a revision of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation," ("SFAS 123"). SFAS No. 123R supersedes Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," ("APB Opinion No. 25") and its related implementation guidance. SFAS No. 123R requires companies to record compensation expense for share-based payments to employees, including grants of employee stock options and stock awards, at fair value. Effective April 1, 2005, the Company has adopted SFAS 123R. No stock-based compensation plan was in place at the time SFAS 123R was adopted. In 2004, the Company established the Hersha Hospitality Trust 2004 Equity Incentive Plan which provides for the grant of stock options, stock appreciation rights, stock awards, performance shares and incentive awards. The maximum number of shares of common stock that can be issued under this plan is 1.5 million shares. No share-based payments were granted under this plan during the year ended December 31, 2004.

On June 1, 2005, the Compensation Committee of the Board of Trustees granted 71,000 restricted share awards to executives. The restricted share awards vest 25% each year over four years and compensation expense is recognized ratably over the four year vesting period based on the fair value of the shares on the date of grant. The fair value of the restricted share awards on the grant date was \$9.60 per share. As of September 30, 2006, 25% of these restricted share awards were vested.

On June 1, 2006, the Compensation Committee of the Board of Trustees granted 89,500 restricted share awards to executives. The restricted share awards vest 25% each year over four years and compensation expense is recognized ratably over the four year vesting period based on the fair value of the shares on the date of grant. The fair value of the restricted share awards on the grant date was \$9.40 per share. As of September 30, 2006, none of these restricted share awards were vested.

A summary of the stock awards issued under the 2004 Equity Incentive Plan are as follows:

Date of Award Issuance	Shares Issued	Shares Vested at 9/30/2006	Unearned Compensation at 9/30/2006	Period until Full Vesting
June 1, 2005	71,000	17,750	\$ 455	2.75 years
June 1, 2006	89,500	-	771	3.75 years
	160,500	17,750	\$ 1,226	

Compensation expense of \$95 and \$43 was incurred during the three months ended September 30, 2006 and 2005, respectively, and \$198 and \$57 for the nine months ended September 30, 2006 and 2005, respectively, related to the restricted share awards and is recorded in general and administrative expense on the statement of operations. Unearned compensation as of September 30, 2006 and December 31, 2005 was \$1,226 and \$582, respectively.

NOTE 12 — DISCONTINUED OPERATIONS

We follow the provisions of SFAS No. 144, “Accounting for the Impairment or Disposal of Long-Lived Assets,” which requires, among other things, that the operating results of certain real estate assets which have been sold, or otherwise qualify as held for disposition (as defined by SFAS No. 144), be included in discontinued operations in the statements of operations for all periods presented.

On May 13, 2005, we completed the disposition of the Doubletree Club, Jamaica, NY and the Holiday Inn Express, Long Island City, NY in a sale of the land, improvements and certain personal property to unaffiliated buyers for \$20,500, plus transaction costs. Assets sold had a net book value of \$18,806 and debt related to assets held for sale of \$12,952 was assumed by the buyers. A note receivable for \$1,700 was received as part of the proceeds from the sale of the Doubletree Club and was repaid as of June 30, 2006. Interest payments were due quarterly with repayment of the principal due upon maturity. Gain on the sale of the two properties was \$1,323, of which \$162 was allocated to minority interest in HHLP.

In September of 2005, our Board of Trustees authorized management of the Company to sell the Holiday Inn Express, Hartford, CT and this asset is classified as “held for sale” on the Company’s Consolidated Balance Sheet as of December 31, 2005. The operating results for this hotel have been reclassified to discontinued operations in the statements of operations for the three and nine months ended September 30, 2006 and September 30, 2005. The hotel was acquired by the Company in January 2004 and was sold on April 12, 2006. Proceeds from the sale were \$3,600, and the gain on the sale was \$497, of which \$61 was allocated to minority interest in HHLP.

In March of 2006, our Board of Trustees authorized management of the Company to sell four properties located in metropolitan Atlanta, Georgia. These four properties are the Holiday Inn Express, Duluth, Comfort Suites, Duluth, Hampton Inn, Newnan and the Hampton Inn Peachtree City. These assets are classified as “held for sale” on the Company’s Consolidated Balance Sheet as of September 30, 2006. The operating results for these hotels have been reclassified to discontinued operations in the statements of operations for the three and nine months ended September 30, 2006 and 2005. These hotels were acquired by the Company in April and May 2000. In October, the Company signed definitive agreements for the sale of these four assets for an aggregate purchase price of \$18.1 million. The sale of these four properties is expected to be completed by the end of the fourth quarter of 2006.

As of September 30, 2006, Liabilities Related to Hotel Assets Held for Sale was \$10,201 and consisted of mortgages on the four properties in Georgia. As of December 31, 2005, Liabilities Related to Hotel Assets Held for Sale was \$375 and related to the Holiday Inn Express, Hartford, CT, capital lease which was extinguished with the sale of the property in April 2006.

During 2004, in conjunction with the acquisition of the Holiday Inn Express, Hartford, CT, we assumed a land lease from a third party with an original term of 99 years. Monthly payments as determined by the lease agreement are due through the expiration in September 2101. Due to the sale of this property in the second quarter of 2006, we did not incur lease expense for the three months ended September 30, 2006. For the three months ended September 30, 2005, we incurred \$75 in lease expense under this agreement, and for the nine months ended September 30, 2006 and 2005, we incurred \$85 and \$225 in lease expense under this agreement, which have been reclassified to discontinued operations in the statement of operations.

We allocate interest and capital lease expense to discontinued operations for debt that is to be assumed or that is required to be repaid as a result of the disposal transaction. We allocated \$221 and \$245 of interest and capital lease expense to discontinued operations for the three months ended September 30, 2006 and 2005, respectively. For the nine months ended September 30, 2006 and 2005, we allocated \$687 and \$1,025, respectively, of interest and capital lease expenses to discontinued operations.

All statements contained in this section that are not historical facts are based on current expectations. Words such as “believes”, “expects”, “anticipates”, “intends”, “plans” and “estimates” and variations of such words and similar words also identify forward-looking statements. Our actual results may differ materially, including the following: economic conditions generally and the real estate market specifically; the effect of threats of terrorism and increased security precautions on travel patterns and demand for hotels; the threatened or actual outbreak of hostilities and international political instability; governmental actions; legislative/regulatory changes, including changes to laws governing the taxation of REITs; level of proceeds from asset sales; cash available for capital expenditures; availability of capital; ability to refinance debt; rising interest rates; rising insurance premiums; competition; supply and demand for hotel rooms in our current and proposed market areas, including the existing and continuing weakness in business travel and lower-than expected daily room rates; other factors that may influence the travel industry, including health, safety and economic factors; and changes in generally accepted accounting principles, policies and guidelines applicable to REITs. Additional risks are discussed in the Company’s filings with the Securities and Exchange Commission. We caution you not to place undue reliance on any such forward-looking statements. We assume no obligation to update any forward-looking statements as a result of new information, subsequent events or any other circumstances.

General

As of September 30, 2006, we owned interests in 63 hotels in the eastern United States including 18 hotels owned through joint ventures. For purposes of the REIT qualification rules, we cannot directly operate any of our hotels. Instead, we must lease our hotels. In 2001, the REIT rules were modified, allowing a hotel REIT to lease its hotels to a taxable REIT subsidiary, or TRS, provided that the TRS engages an eligible independent contractor to manage the hotels. Accordingly, as of September 30, 2006, we have leased 44 of our hotels to a wholly-owned TRS, which pays qualifying rent, and the TRS has entered into management contracts with HHMLP with respect to those hotels. We intend to lease all newly acquired hotels to a TRS. As of September 30, 2006, we also owned interests in 18 hotels through joint ventures and those hotels are leased to TRSs that are wholly owned by those joint ventures or to entities that are owned jointly by our TRS Lessee and our partners in the joint venture. The hotels owned by the joint ventures are managed, pursuant to the terms of certain management agreements, by HHMLP or management companies affiliated with our joint venture partners. As all of our hotels have been leased to the TRS Lessee or a joint venture TRS, we are participating more directly in the operating performance of our hotels. The TRSs directly receive all revenue from, and are required to fund all expenses relating to, hotel operations. The TRSs are also subject to income tax on their earnings.

Revenue

Our total revenues for the three month period ended September 30, 2006 consisted of hotel operating revenues for hotels leased to our wholly owned TRS, 44 New England, and hotels owned through joint venture interests which are consolidated in our financial statements. Our total revenues were approximately \$41,278 representing an increase of \$16,705 or 67.98% compared to total revenues of \$24,573 for the three month period ended September 30, 2005. The increase in revenues is primarily attributable to the acquisitions consummated since the comparable period in 2005 and improved performance at certain of our hotels. Since September 30, 2005, the Company has acquired interests in the following eighteen hotels:

Revenues for all eighteen hotels were recorded from the date of acquisition as Hotel Operating Revenues. As of July 1, 2006, we entered into an agreement to lease the Holiday Inn Conference Center to an unrelated third party.

Revenues from the operation of this property were included in Hotel Operating Revenues in the three months ended September 30, 2005. For the three months ended September 30, 2006, only Hotel Lease Revenue is included in Total Revenues.

During the three months ended September 30, 2006, we acquired two parcels of land which are being leased to hotel developers. The leases are fixed rate triple net leases. During the three months ended September 30, 2006, we earned \$408 from these leases, which is included in total revenues.

The income from our unconsolidated joint ventures is accounted for utilizing the equity method of accounting, and our portion of the net income from the 15 hotels in these joint ventures is recorded as "Income from Unconsolidated Joint Venture Investments" in our Statement of Operations. Our joint venture agreements contain provisions that define the cash distributions and liquidating distributions and income is allocated to us consistent with those provisions. Income from unconsolidated joint venture investments increased \$1,251 from \$522 for the three months ended September 30, 2005 to \$1,773 for the three months ended September 30, 2006. Since September 30, 2005, we have acquired unconsolidated joint venture interests in the following properties:

Joint Venture	Brand	Name	Rooms	Ownership %	Hersha Preferred Equity Return	Acquisition Date
PRA Suites at Glastonbury, LL	Homewood Suites	Glastonbury, CT	136	40.0%	10.00%	June 15, 2006

Further, the third quarter of 2006 included income from unconsolidated joint ventures for a full quarter related to the following six hotels that were purchased during the three months ended September 30, 2005:

Joint Venture	Brand	Name	Rooms	Ownership %	Hersha Preferred Equity Return	Acquisition Date
Mystic Partners, LLC	Marriott	Mystic, CT	285	66.7%	8.50%	August 9, 2005

For the three months ended September 30, 2006, interest income increased \$287 compared to the same period in 2005. This increase was a result of an increase in development loans outstanding with unrelated parties. Interest Income - Development Loans for the three months ended September 30, 2006 decreased \$324 from \$1,163 for the three months ended September 30, 2005 to \$839 during the same period in 2006, due primarily to a decrease in the average balance development loans receivable to related parties during the period. Other revenue increased approximately \$107 for the three months ended September 30, 2006 compared to the same period in 2005 as a result of fees earned for asset management services provided to properties owned by some of our unconsolidated joint ventures.

Expenses

Total hotel operating expenses increased 61.2% to approximately \$22,627 for the three month period ended September 30, 2006 from \$14,034 for the three month period ended September 30, 2005. Consistent with the increase in hotel operating revenues, hotel operating expenses increased primarily due to the acquisitions consummated since the comparable period in 2005 as mentioned above. The acquisitions also resulted in an increase in depreciation and amortization from \$2,853 for the three months ended September 30, 2005 to \$5,256 for the three months ended September 30, 2006. Similarly, real estate and personal property tax and property insurance increased \$519, or 45.0%, in the three months ended September 30, 2006 when compared to the same period in 2005.

General and administrative expense increased by approximately \$254 from \$1,096 in 2005 to \$1,350 in 2006. General and administrative expenses increased primarily due to higher compensation expense related to our increase in asset management and accounting staff. This increase in cost has been partially offset by the reduction in initial costs related to establishing our process to evaluate internal controls that were incurred during the three months ended September 30, 2005.

Net Income

Net income applicable to common shareholders for the three month period ended September 30, 2006 was approximately \$4,580 compared to net income applicable to common shareholders of \$1,741 for the same period in 2005.

Operating income for the three months ended September 30, 2006 was \$10,151 compared to operating income of \$5,329 during the same period in 2005. The \$4,822, or 90.5%, increase in operating income resulted from improved performance of our portfolio and acquisitions that have increased the scale of our operations enabling us to leverage the absorption of administrative costs.

The increase in our operating income was partially offset by increases in interest expense, which increased \$2,681 from \$4,284 for the three months ended September 30, 2005 to \$6,965 for the three months ended September 30, 2006. The increase in interest expense is the result of mortgages placed on newly acquired properties.

Net income applicable to common shareholders was also negatively impacted by a full quarter of preferred dividends resulting from our issuance of 8.0% Series A cumulative redeemable preferred shares in the third quarter of 2005. Preferred dividends for the full three months ended September 30, 2006 were \$1,200 versus \$720 for the three months ended September 30, 2005.

Included in net income applicable to common shareholders for the three months ended September 30, 2006 is \$179 income from discontinued operations compared to \$176 loss during the same period in 2005. Discontinued operations results from the operations of hotel properties that we have sold and the hotel properties we have committed to sell.

Comparison of the nine month period ended September 30, 2006 to September 30, 2005.

Revenue

Our total revenues for the nine month period ended September 30, 2006 consisted of hotel operating revenues for hotels leased to our wholly owned TRS, 44 New England, and hotels owned through joint venture interests which are consolidated in our financial statements. Our total revenues for the nine month period ended September 30, 2006 also included hotel lease revenue for the lease of the Holiday Inn Conference Center, New Cumberland, Pennsylvania which was leased to unrelated third party beginning on July 1, 2006. Our total revenues were approximately \$103,362 representing an increase of \$48,719 or 89.2% compared to total revenues of \$54,643 for the nine month period ended September 30, 2005. The increase in revenues is primarily attributable to the acquisitions consummated since the comparable period in 2005 and improved performance at certain of our hotels. As noted above, we have acquired interests in eighteen hotels since September 30, 2005. Revenues for all eighteen hotels were recorded from the date of acquisition as Hotel Operating Revenues. Further, hotel operating revenue for the nine months ended September 30, 2006 included revenues for a full nine months related to three hotels that were purchased in June 2005, three hotels that were purchased in May 2005, one hotel that was purchased in April 2005 and one hotel that was purchased in January of 2005.

During the nine months ended September 30, 2006, we acquired two parcels of land which are being leased to hotel developers. The leases are fixed rate triple net leases. During the nine months ended September 30, 2006, we earned \$408 from these leases, which is included in total revenues.

Table of Contents

Income from unconsolidated joint venture investments increased \$582 from \$850 for the nine months ended September 30, 2005 to \$1,432 for the nine months ended September 30, 2006. Since September 30, 2005, we have acquired unconsolidated joint venture interests in seven properties.

For the nine months ended September 30, 2006, interest income increased \$666 compared to the same period in 2005. This increase was the result of an increase in development loans outstanding with unrelated parties, interest earned on proceeds from the offering of our common stock, which was completed in the second quarter of 2006, and an increase in interest income on our escrow deposits. Interest Income - Development Loans for the nine months ended September 30, 2006 decreased \$1,512 from \$3,074 for the nine months ended September 30, 2005 to \$1,562 during the same period in 2006, due primarily to a decrease in the average balance of development loans receivable during the period.

Other revenue increased approximately \$352 for the nine months ended September 30, 2006 compared to the same period in 2005 as a result of fees earned for asset management services provided to hotels owned by some of our unconsolidated joint ventures.

Expenses

Total hotel operating expenses increased 81.8% to approximately \$59,977 for the nine months ended September 30, 2006 from \$32,987 for the nine month period ended September 30, 2005. Consistent with the increase in hotel operating revenues, hotel operating expenses increased primarily due to the acquisitions consummated since the comparable period in 2005 as mentioned above. The acquisitions also resulted in an increase in depreciation and amortization from \$6,605 for the nine months ended September 30, 2005 to \$13,661 for the nine months ended September 30, 2006. Similarly, real estate and personal property tax and property insurance increased \$1,855, or 67.1%, in the nine months ended September 30, 2006 when compared to the same period in 2005.

General and administrative expense increased by approximately \$1,117 from \$3,209 in 2005 to \$4,326 in 2006. General and administrative expenses increased primarily due to higher compensation expense related to our increase in asset management and accounting staff. This increase in cost has been partially offset by the reduction in initial costs related to establishing our process to evaluate internal controls that were incurred during the three months ended September 30, 2005.

Net Income

Net income applicable to common shareholders for the nine months ended September 30, 2006 was approximately \$1,672 compared to net income applicable to common shareholders of \$4,515 for the same period in 2005.

Operating income for the nine months ended September 30, 2006 was \$20,179 compared to operating income of \$8,753 during the same period in 2005. The \$11,426, or 130.5%, increase in operating income resulted from improved performance of our portfolio and acquisitions that have increased the scale of our operations enabling us to leverage the absorption of administrative costs.

The increase in our operating income was partially offset by increases in interest expense, which increased \$9,963 from \$8,543 for the nine months ended September 30, 2005 to \$18,506 for the nine months ended September 30, 2006. The increase in interest expense is the result of our issuance of \$51,548 of notes payable in the second quarter of 2005 and mortgages placed on newly acquired properties. Also in the nine months ended September 30, 2006, we refinanced \$56,125 in variable rate debt, replacing it with \$62,800 fixed rate debt, and replaced our line of credit with an increased credit facility. As a result of terminating the variable rate debt and line of credit, we incurred \$1,163 in debt extinguishment expense due to early termination fees and to write-off deferred loan costs associated with the retired debt and credit facility.

Table of Contents

Net income applicable to common shareholders was also negatively impacted by \$3,600 in preferred dividends resulting from our issuance of 8.0% Series A cumulative redeemable preferred shares in the third quarter of 2005, compared to \$720 in preferred dividends for the same period in 2005.

Included in net income applicable to common shareholders for the nine months ended September 30, 2006 is \$300 income from discontinued operations compared to a \$171 loss during the same period in 2005. Discontinued operations results from the operations of two properties that were sold in June of 2005 and April 2006 and the hotel properties we have committed to sell. Also included in net income applicable to common shareholders for the nine months ended September 30, 2006 is a gain of \$436 resulting from the sale of the Holiday Inn Express in Hartford, CT which had been held for sale. Included in net income applicable to common shareholders for the nine months ended September 30, 2005 is a gain of \$1,161 resulting from the sale of Doubletree Club, Jamaica, NY and the Holiday Inn Express, Hunters Point, NY.

Liquidity and Capital Resources

We expect to meet our short-term liquidity requirements generally through net cash provided by operations, existing cash balances and, if necessary, short-term borrowings under our line of credit. We believe that the net cash provided by operations will be adequate to fund the Company's operating requirements, debt service and the payment of dividends in accordance with REIT requirements of the federal income tax laws. We expect to meet our long-term liquidity requirements, such as scheduled debt maturities and property acquisitions, through long-term secured and unsecured borrowings, the issuance of additional equity securities or, in connection with acquisitions of hotel properties, the issuance of units of operating partnership interest in our operating partnership subsidiary.

In the second quarter of 2005, HHLP issued two junior subordinated notes payable in the aggregate amount of \$51,548 to the Hersha Statutory Trusts, pursuant to indenture agreements. The \$25,774 note issued to Hersha Statutory Trust I will mature on June 30, 2035, but may be redeemed at HHLP's option, in whole or in part, beginning on June 30, 2010 in accordance with the provisions of the indenture agreement. The \$25,774 note issued to Hersha Statutory Trust II will mature on July 30, 2035, but may be redeemed at our option, in whole or in part, beginning on July 30, 2010 in accordance with the provisions of the indenture agreement. The note issued to Hersha Statutory Trust I bears interest at a fixed rate of 7.34% per annum through June 30, 2010 and the note issued to Hersha Statutory Trust II bears interest at a fixed rate of 7.173% per annum through July 30, 2010. Subsequent to June 30, 2010 for notes issued to Hersha Statutory Trust I and July 30, 2010 for notes issued to Hersha Statutory Trust II holders, the notes bear interest at a variable rate of LIBOR plus 3.0% pre annum. Interest expense on the notes in the amount of \$940 and \$935 was recorded during the three months ended September 30, 2006 and 2005, respectively, and \$2,810 and \$1,336 for the nine months ended September 30, 2006 and 2005, respectively.

On August 5, 2005, we completed a public offering of 2,400,000 million of 8.00% Series A Cumulative Redeemable Preferred Shares of Beneficial Interest, liquidation preference \$25.00 per share. Net proceeds of the offering, less expenses and underwriters commissions, were approximately \$57,750. Proceeds from the offering were used to finance the acquisition of the Company's interests in Mystic Partners, LLC ("Mystic") and SB Partners, LLC ("SB Partners"). The remaining net proceeds have been principally allocated to fund secured development loans and for general corporate purposes.

On April 28, 2006, we completed a public offering of 6,520,000 common shares at \$9.00 per share. On May 9, 2006, the underwriter exercised its over-allotment option with respect to this offering, and we issued an additional 977,500 common shares at \$9.00 per share. Proceeds to the Company, net of underwriting discounts and commissions and expenses, were approximately \$63,400. Immediately upon closing the offering, the Company contributed all of the net proceeds of the offering to the Partnership in exchange for additional Partnership interests. Of the net offering proceeds, approximately \$30,000 was used to repay indebtedness and approximately \$19,500 was used to fund

property acquisitions.

On September 19, 2006, we completed a public offering of 3,775,000 common shares at \$9.75 per share. On September 28, 2006, the underwriter exercised its over-allotment option with respect to this offering, and we issued an additional 566,250 common shares at \$9.75 per share. Proceeds to us, net of underwriting discounts and commissions and expenses, were approximately \$39,960. Immediately upon closing the offering, we contributed all of the net proceeds of the offering to the Partnership in exchange for additional Partnership interests. The net offering proceeds were used to repay indebtedness.

On January 17, 2006, we entered into a revolving credit loan and security agreement with Commerce Bank, N.A. with a maximum amount of \$60,000. On July 28, 2006, we amended our Commerce Line of Credit to increase the maximum borrowing amount from \$60,000 to \$85,000 (in certain conditions to \$100,000) and modified the interest rate terms to the option of either the bank's prime rate of interest minus 0.75% or LIBOR available for the periods of 1,2,3, or 6 months plus 2.00%. Provisions of the amended line of credit allow for an increase of the principal amount of borrowings made available under the line of credit to a maximum aggregate amount of \$100,000, depending upon certain conditions described in the agreement.

The line of credit is collateralized by a first lien-security interest in all existing and future assets of HHLP, and title-insured, first-lien mortgages on the Holiday Inn Express, Harrisburg, PA, the Mainstay Suites and Sleep Inn, King of Prussia, PA, the Fairfield Inn, Laurel, MD, the Hampton Inn, Philadelphia, PA, the Residence Inn, Norwood, MA and collateral assignment of all hotel management contracts from which HHLP or its affiliates derive revenue. The line of credit includes certain financial covenants and requires that we maintain (1) a minimum tangible net worth of \$110.0 million; (2) a maximum accounts and other receivables from affiliates of \$75.0 million; and (3) certain financial ratios. The Company is in compliance with each of these covenants as of September 30, 2006. The line of credit replaced a line of credit with Sovereign Bank and expires on December 31, 2008. This revolving credit loan replaced both the secured and unsecured lines of credit that we previously maintained. As a result of the termination of the Sovereign Bank Line of Credit, we expensed \$255 in unamortized deferred costs related to the origination of the Sovereign Bank Line of Credit.

In the second quarter of 2006, we refinanced \$56,125 in variable rate debt, replacing it with \$62,800 fixed rate debt.

We intend to invest in additional hotels only as suitable opportunities arise and adequate sources of financing are available. Our bylaws require the approval of a majority of our Board of Trustees, including a majority of the independent trustees, to acquire any additional hotel in which one of our trustees or officers, or any of their affiliates, has an interest (other than solely as a result of his status as our trustee, officer or shareholder). We expect that future investments in hotels will depend on and will be financed by, in whole or in part, our existing cash, the proceeds from additional issuances of common shares, issuances of operating partnership units or other securities or borrowings. We make available to the TRS of our hotels 4% (6% for full service properties) of gross revenues per quarter, on a cumulative basis, for periodic replacement or refurbishment of furniture, fixtures and equipment at each of our hotels. We believe that a 4% (6% for full service hotels) reserve is a prudent estimate for future capital expenditure requirements. We intend to spend amounts in excess of the obligated amounts if necessary to comply with the reasonable requirements of any franchise license under which any of our hotels operate and otherwise to the extent we deem such expenditures to be in our best interests. We are also obligated to fund the cost of certain capital improvements to our hotels. We will use undistributed cash or borrowings under credit facilities to pay for the cost of capital improvements and any furniture, fixture and equipment requirements in excess of the set aside referenced above.

Cash Flow Analysis

Net cash provided by operating activities for the nine months ended September 30, 2006 and 2005 was \$18,019 and \$3,790 respectively. The increase in net cash provided by operating activities was primarily the result of an increase in the number of hotels owned and operated over the same period in 2005. Also, operating cash distributions from unconsolidated joint ventures of \$1,834 were received during the nine months ended September 30, 2006.

Net cash used in investing activities for the nine months ended September 30, 2006 and 2005 increased \$39,834 from \$191,373 in the nine months ended September 30, 2005 compared to \$231,307 for the nine months ended September 30, 2006. Net cash used for the purchase of hotel properties and advances and capital contributions for unconsolidated joint ventures increased \$53,086 in the nine months ended September 30, 2006 over the same period in 2005. In

addition, capital expenditures increased \$5,966 as part of our on going acquisition and renovation programs. These uses of cash were partially offset by a decrease in advances of development loans receivable, net of repayments, of \$16,753.

Net cash provided by financing activities for the nine months ended September 30, 2006 was \$220,781 compared to cash provided by financing activities of \$186,444 for the nine month period ended September 30, 2005. This was, in part the result of \$103,357 in net proceeds from our offerings of common stock in the second and third quarters of 2006, compared to proceeds of \$57,855 from our offering of preferred stock during the nine months ended September 30, 2005. Also, net borrowings under our line of credit were \$37,768 during the nine months ended September 30, 2006, compared to net of repayments under our line of credit of \$888 during the same period in 2005. The increase in net cash provided by financing activities for the nine months ended September 30, 2006 was partially offset by a decrease in net proceeds from mortgages and notes payable of \$55,702 in 2006 when compared to net proceeds from mortgages and notes payable in 2005. In the second quarter of 2005, the company entered into \$51,548 of notes payable with Hersha Statutory Trust I and Hersha Statutory Trust II. Also, dividends paid of \$3,600 were paid in the nine months ended September 30, 2006 compared to \$720 during the same period in 2005 due to the issuance of preferred shares in the third quarter of 2005.

Funds From Operations

The National Association of Real Estate Investment Trusts (“NAREIT”) developed Funds from Operations (“FFO”) as a non-GAAP financial measure of performance of an equity REIT in order to recognize that income-producing real estate historically has not depreciated on the basis determined under GAAP. We calculate FFO applicable to common shares and Partnership units in accordance with the April 2002 National Policy Bulletin of NAREIT, which we refer to as the White Paper. The White Paper defines FFO as net income (loss) (computed in accordance with GAAP) excluding extraordinary items as defined under GAAP and gains or losses from sales of previously depreciated assets, plus certain non-cash items, such as depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Our interpretation of the NAREIT definition is that minority interest in net income (loss) should be added back to (deducted from) net income (loss) as part of reconciling net income (loss) to FFO. Our FFO computation may not be comparable to FFO reported by other REITs that do not compute FFO in accordance with the NAREIT definition, or that interpret the NAREIT definition differently than we do.

The GAAP measure that we believe to be most directly comparable to FFO, net income (loss) applicable to common shares, includes depreciation and amortization expenses, gains or losses on property sales, minority interest and preferred dividends. In computing FFO, we eliminate these items because, in our view, they are not indicative of the results from our property operations.

FFO does not represent cash flows from operating activities in accordance with GAAP and should not be considered an alternative to net income as an indication of Hersha’s performance or to cash flow as a measure of liquidity or ability to make distributions. We consider FFO to be a meaningful, additional measure of operating performance because it excludes the effects of the assumption that the value of real estate assets diminishes predictably over time, and because it is widely used by industry analysts as a performance measure. We show both FFO from consolidated hotel operations and FFO from unconsolidated joint ventures because we believe it is meaningful for the investor to understand the relative contributions from our consolidated and unconsolidated hotels. The display of both FFO from consolidated hotels and FFO from unconsolidated joint ventures allows for a detailed analysis of the operating performance of our hotel portfolio by management and investors. We present FFO applicable to common shares and Partnership units because our Partnership units are redeemable for common shares. We believe it is meaningful for the investor to understand FFO applicable to all common shares and Partnership units.

The following table reconciles FFO for the periods presented to the most directly comparable GAAP measure, net income, for the same periods.

(1) Adjustment made to deduct FFO related to the minority interest in our consolidated joint ventures. Represents the portion of net income and depreciation allocated to our joint venture partners.

(2)

Adjustment made to add depreciation of purchase price in excess of historical cost of the assets in the unconsolidated joint venture at the time of our investment.

- (3) Adjustment made to add our interest in real estate related depreciation and amortization of our unconsolidated joint ventures. Allocation of depreciation and amortization is consistent with allocation of income and loss.

FFO was \$12,574 for the three month period ended September 30, 2006, which was an increase of \$6,054, over FFO in the comparable period in 2005, which was \$6,520. FFO was \$20,509 for the nine month period ended September 30, 2006, which was an increase of \$8,167, over FFO in the comparable period in 2005, which was \$12,342. The increase in FFO was primarily a result of a strengthened economy; the benefits of acquiring assets and interests in joint ventures since September 30, 2005; continued stabilization and maturation of the existing portfolio; an increase in business travel and continued attention to the average daily rate.

FFO was negatively impacted by increases in our interest expense and dividends paid to our preferred shareholders and debt extinguishment charges incurred during the period ended September 30, 2006.

Critical Accounting Policies and Estimates

Our discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities.

On an on-going basis, all estimates are evaluated by us, including those related to carrying value of investments in hotel properties. All estimates are based upon historical experience and on various other assumptions we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our consolidated financial statements:

Revenue Recognition

We directly recognize revenue and expense for all consolidated hotels as “Hotel Operating Revenue” and “Hotel Operating Expense” when earned and incurred. Included in hotel operating revenues is primarily room revenues and revenue from other hotel operating departments. These revenues are recorded net of any sales or occupancy taxes collected from our guests. All revenues are recorded on an accrual basis, as earned. We participate in frequent guest programs sponsored by the brand owners of our hotels and we expense the charges associated with those programs, as incurred.

Stock Compensation

We apply Statement of Financial Accounting Standards No. 123R, “Share-Based Payments” (SFAS 123R) whereby we measure the cost of employee service received in exchange for an award of equity instruments based on the grant -date fair value of the award. The cost is recognized over the period during which an employee is required to provide service in exchange for the award.

Allowance for Doubtful Accounts

Accounts receivable are charged to bad debt expense when they are determined to be uncollectible based upon a periodic review of the accounts by management. Accounting principles generally accepted in the United States of America require that the allowance method be used to recognize bad debts. Our evaluation of the adequacy of the allowance for doubtful accounts is based on known or inherent credit risks, economic conditions in the markets our hotels operate, past experience, and other factors. This evaluation requires judgment and is inherently subjective. Deterioration in the quality of our hotel accounts receivable or other receivables could require us to record additional allowance.

Derivatives

The Company's objective in using derivatives is to add stability to interest expense and to manage its exposure to interest rate movements or other identified risks. To accomplish this objective, the Company primarily uses interest rate swaps as part of its cash flow hedging strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts in exchange for fixed-rate payments over the life of the agreements without exchange of the underlying principal amount. Interest rate caps designated as cash flow hedges limit the Company's exposure to increased cash payments due to increases in variable interest rates. During the three and nine months ended September 30, 2006, these derivatives were used to hedge the variable cash flows associated with existing variable-rate debt.

As of September 30, 2006, no derivatives were designated as fair value hedges or hedges of net investments in foreign operations. Additionally, the Company does not use derivatives for trading or speculative purposes and currently does not have any derivatives that are not designated as hedges.

Investment in Unconsolidated Joint Ventures

The equity method of accounting is used for joint ventures in which we have the ability to exercise significant influence. Under the equity method, we recognize our share of net earnings or losses of the joint venture based on our ownership interest in the joint venture and our rights to distributions of the joint venture.

Evaluation of Consolidation Criteria for Investments in Joint Ventures and Other Contractual Relationships

We evaluate our investments and contractual relationships to determine (a) if the investment or relationship is with a Variable Interest Entity (VIE) and (b) if the entity is required to be consolidated with us in accordance with the Financial Accounting Standards Board issued FASB Interpretation No. 46, ("FIN 46R") "Consolidation of Variable Interest Entities (VIE's), an interpretation of Accounting Research Bulletin No. 51 (ARB No. 51)," as amended. FIN 46R addresses how a business enterprise should evaluate whether it has a controlling financial interest in any VIE through means other than voting rights, and accordingly, should include the VIE in its consolidated financial statements.

In addition to other contractual relationships, our investments in development loans receivable and joint ventures are evaluated to determine whether they meet the guidelines of consolidation in accordance with FIN 46R: Our examination consists of reviewing the sufficiency of equity at risk, controlling financial interests, voting rights, and the obligation to absorb expected losses and expected gains, including residual returns. The estimation of an entities expected future losses, expected gains, and residual returns requires significant judgment. We will continue to evaluate each of our investments and contractual relationships to determine if consolidation is required based upon the provisions of FIN 46R.

Impairment of Long-Lived Assets.

We review the carrying value of each hotel property in accordance with Statement of Financial Accounting Standards ("SFAS") No. 144 to determine if circumstances exist indicating an impairment in the carrying value of the investment in the hotel property or if depreciation periods should be modified. Long-lived assets are reviewed for impairment whenever events or changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable. We perform undiscounted cash flow analyses to determine if an impairment exists. If an impairment is determined to exist, any related impairment loss is calculated based on fair value. Hotel properties held for sale are presented at the lower of carrying amount or fair value less cost to sell.

We would record an impairment charge if we believe an investment in hotel property has been impaired such that future undiscounted cash flows would not recover the book basis of the investment in the hotel property. Future adverse changes in market conditions or poor operating results of underlying investments could result in losses or an inability to recover the carrying value of the investments that may not be reflected in an investment's carrying value, thereby possibly requiring an impairment charge in the future. We have reviewed each of our hotel properties at September 30, 2006 for impairment and, based on our estimate of each hotel's future undiscounted cash flows, determined that no impairment existed at any of our hotels.

Inflation

Operators of hotels in general possess the ability to adjust room rates. However, competitive pressures may limit the hotel operator's ability to raise room rates in the face of inflation.

Seasonality

Our hotels' operations historically have been seasonal in nature, reflecting higher occupancy rates during the second and third quarters. This seasonality can be expected to cause fluctuations in our quarterly lease revenue to the extent that we receive percentage rent.

Subsequent Events

On September 14, 2006, our Board of Trustees declared quarterly cash dividends of \$0.18 per common share and unit of limited partnership interest in our operating partnership for the quarter ending September 30, 2006. The common share dividend and limited partnership unit distribution were paid on October 17, 2006 to shareholders and unitholders of record on September 30, 2006. The quarterly dividend pertaining to the Series A Preferred Shares for the third quarter of 2006 was declared on September 14, 2006 to shareholders of record on October 1, 2006 at a rate of \$0.50 per share. The dividend was paid on October 18, 2006.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Our primary market risk exposure is to changes in interest rates on our variable rate Line of Credit and other floating rate debt. At September 30, 2006, we maintained a balance of \$37,768 under our Line of Credit. The total floating rate mortgages payable of \$38,188 had a current weighted average interest rate of 8.23%. The total fixed rate mortgages payable of \$421,821 had a current weighted average interest rate of 6.47%.

Our interest rate risk objectives are to limit the impact of interest rate fluctuations on earnings and cash flows and to lower our overall borrowing costs. To achieve these objectives, we manage our exposure to fluctuations in market interest rates for a portion of our borrowings through the use of fixed rate debt instruments to the extent that reasonably favorable rates are obtainable with such arrangements. We may enter into derivative financial instruments such as interest rate swaps or caps and treasury options or locks to mitigate our interest rate risk on a related financial instrument or to effectively lock the interest rate on a portion of our variable rate debt. Currently, we have one interest rate swap related to debt on the Four Points by Sheraton, Revere. We do not intend to enter into derivative or interest rate transactions for speculative purposes.

Approximately 91.7% of our outstanding mortgages payable are subject to fixed rates, including the debt whose rate is fixed through a derivative instrument, while approximately 8.3% of our outstanding mortgages payable are subject to floating rates. The total weighted average interest rate on our debt and Line of Credit as of September 30, 2006 was approximately 6.67%. If the interest rate for our Line of Credit and other variable rate debt was 100 basis points higher or lower during the period ended September 30, 2006, our interest expense for the three month and nine month period ended September 30, 2006 would have been increased or decreased by approximately \$144 and \$244, respectively.

As of September 30, 2006, mortgages and notes payable and liabilities related to hotel assets held for sale included fixed-rate debt, with a carrying value of approximately \$421.8 million. Changes in market interest rates on our fixed-rate debt impact the fair value of the debt, but it has no impact on interest incurred for cash flow. If interest rates raise 100 basis points and our fixed rate debt balance remains constant, we expect the fair value of our debt to decrease, the same way the price of a bond declines as interest rates rise. The sensitivity analysis related to our

fixed-rate debt assumes an immediate 100 basis point move in interest rates from their September 30, 2006 levels, with all other variables held constant. A 100 basis point increase in market interest rates would result in the fair value of our fixed-rate debt approximating \$380 million, and a 100 basis point decrease in market interest rates would result in the fair value of our fixed-rate debt approximating \$470 million.

We regularly review interest rate exposure on our outstanding borrowings in an effort to minimize the risk of interest rate fluctuations. For debt obligations outstanding at September 30, 2006, the following table presents expected principal repayments and related weighted average interest rates by expected maturity dates (in thousands):

Table of Contents

	2006	2007	2008	2009	2010	Thereafter	Total
Fixed Rate							
Debt	\$ 851	\$ 6,166	\$ 21,843	\$ 29,978	\$ 29,562	\$ 333,422	\$ 421,822
Average							
Interest Rate	6.47%	6.45%	6.46%	6.45%	6.28%	6.28%	6.40%
Floating Rate							
Debt	\$ 144	\$ 593	\$ 13,873	\$ 8,596	\$ 12,366	\$ 2,615	\$ 38,187
Average							
Interest Rate	8.24%	8.24%	7.83%	8.00%	8.00%	8.00%	8.05%

The table incorporates only those exposures that existed as of September 30, 2006 and does not consider exposure or positions that could arise after that date. As a result, our ultimate realized gain or loss with respect to interest rate fluctuations will depend on the exposures that arise during the future period, prevailing interest rates, and our hedging strategies at that time.

At September 30, 2006, the fair value of the interest rate swap was \$41 and is included in other assets on the face of the consolidated balance sheets. At December 31, 2005, the fair value of the interest rate cap was \$23 and is included in other assets and the fair value of the interest rate swap was \$0. The change in net unrealized gains/losses was a loss of \$122 and a gain of \$167 for the three months ended September 30, 2006 and 2005, respectively, for derivatives designated as cash flow hedges and the change in net unrealized gains/losses was a loss of \$87 and a gain of \$267 for the nine months ended September 30, 2006 and 2005, respectively, for derivatives designated as cash flow hedges. Hedge ineffectiveness of \$3 and \$4 on cash flow hedges was recognized in unrealized gain/loss on derivatives during the three months ended September 30, 2006 and 2005, respectively. Hedge ineffectiveness of \$10 and \$11 on cash flow hedges was recognized in unrealized gain/loss on derivatives during the nine months ended September 30, 2006 and 2005, respectively. Hedge ineffectiveness is included in interest expense on the face of the consolidated statements of operations. On June 12, 2006, we terminated the interest rate cap due to the refinancing of the associated interest rate debt instrument to a fixed rate. We received \$79 in cash and reclassified \$58 in reduction to interest expense as a result of the termination of this cap.

Item 4. Controls and Procedures.*Disclosure Controls and Procedures*

The Company's management, under the supervision of and with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as of the end of the period covered by this report. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures are effective and reasonably designed to ensure that all material information relating to the Company required to be included in the Company's reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission.

Changes in Internal Control Over Financial Reporting

In connection with our annual assessment of internal control over financial reporting, management identified certain material weaknesses in internal control, which are described in our Annual Report on Form 10-K for the year ended December 31, 2005. In response to the material weaknesses identified by the Company, the Company and HHMLP have taken certain remedial measures in response to identified material weaknesses. To date, the remedial measures

occurring during the nine months ended September 30, 2006 include the following:

- HHMLP has hired additional senior accounting professionals including a corporate controller and director of internal audit. The Company intends to continue its oversight of the internal control improvements being implemented by HHMLP and other third party service providers.
- The Company has worked with HHMLP to establish additional and more rigorous procedures to be performed by HHMLP to prepare and review financial information prior to release to the Company for inclusion in the consolidated financial statements.
- HHMLP, in cooperation with the Company, has taken steps to better inform and train hotel and corporate level accounting employees regarding controls over revenue accounting, account reconciliations and account analysis.

Except as described above, there was no change in our internal control over financial reporting during the quarter ended September 30, 2006, that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
