This Prospectus Supplement No. 3 (the "Prospectus Supplement") supplements and should be read in conjunction with our Prospectus dated March 4, 2010 (the "Prospectus") as amended by Prospectus Supplement No. 1 dated May 12, 2010 and Prospectus Supplement No. 2 dated September 21, 2010. Consummation of Second Follow-On Closing

On December 20, 2010, pursuant to a Letter Agreement dated September 16, 2010 between the Registrant and Seaside 88, LP ("Seaside"), as disclosed in Prospectus Supplement No. 2, Seaside purchased 250,000 shares of the Registrant's Series B Convertible Preferred Stock (the "Series B Preferred Stock") at the purchase price of \$10.00 per share (the "Purchase Price") for an aggregate purchase price of \$2,500,000. 40,000 shares of Series B Preferred Stock (or such lesser number that remains unconverted) shall automatically convert into shares of the Registrant's common stock, par value \$0.001 per share (the "Common Stock") commencing on January 3, 2011 and every fourteen (14) days thereafter. Each share of Series B Preferred Stock converts into shares of Common Stock at a conversion factor equal to the Purchase Price divided by the lower of (i) the daily volume weighted average of actual trading prices of the Common Stock on the trading market (the "VWAP") for the ten (10) consecutive trading days immediately prior to a conversion date multiplied by 0.85 or (ii) the VWAP for the trading day immediately prior to a conversion date multiplied by 0.88.

The Series B Preferred Stock accrues dividends at the rate per annum of 10% per share. The dividend can be paid in either cash or in shares of Common Stock at a fifteen (15) percent discount to the ten (10) trading days VWAP immediately preceding the dividend date. Dividends are payable at each conversion date.

In no event will a conversion of the Series B Preferred Stock into Common Stock occur if the VWAP of the Common Stock during the 20-day trading period immediately preceding a conversion date does not exceed a floor of \$0.20 or the registration statement with respect to the shares of Common Stock being issued upon conversion is not in effect. If a conversion fails to occur because the registration statement is not in effect, Seaside has available to it certain redemption rights as described in the Certificate of Designation. If a conversion fails to occur because the floor has not been met, the shares not converted on such conversion date are added to the shares to be converted on the following conversion date.
