Q:

How do I vote?

A:

A:

Yes. If you change your mind and wish to revoke your proxy, prepare a written statement to this effect or, if you are a registered shareholder, you may attend the annual meeting and vote and this will automatically revoke your proxy. This statement must be delivered either to the executive office of the Corporation at 5655 South Yosemite Street, Suite 200, Greenwood Village, Colorado 80111-3220 no later than 5:00 p.m. (Toronto time) on May 22, 2006 or to the Chairman of the Meeting on the day of the Meeting, May 24, 2006, or any adjournment of the Meeting, prior to the time of voting.

Q:

How will my shares be voted if I give my proxy?

A:

Q:

Who counts the votes?

A:

This is done independently of the Corporation to preserve the confidentiality of individual shareholder votes. Proxies are referred to the Corporation only in cases where a shareholder clearly intends to communicate with management or when it is necessary to do so to meet the requirements of applicable law.

Q:

If I need to contact the transfer agent, how do I reach them?

A:

You can contact the transfer agent as follows:

Q:

If my shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my shares?

A:

There are two ways you can vote your shares held by your nominee. Unless you have previously informed your nominee that you do not wish to receive material relating to the Meeting, you will have received this Circular from your nominee, together with a request for voting instructions for the number of shares you hold.

For your shares to be voted for you, please follow the voting instructions provided by your nominee. If you are a non-registered shareholder who has voted and want to change your mind and vote in person, contact your nominee to discuss whether this is possible and what procedure to follow.

Since the Corporation does not have access to the names of its non-registered shareholders, if you attend the Meeting, the Corporation will have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as proxyholder. Therefore, if you are a non-registered shareholder and wish to vote in person at the Meeting, insert your own name in the space provided on the voting instruction form sent to you by your nominee. By doing so, you are instructing your nominee to appoint yourself as proxyholder. Then sign and return the voting instruction form by following the signing and returning instructions provided by your nominee. Do not otherwise complete the voting instruction form as your vote will be taken at the Meeting. Please register with the transfer agent, CIBC Mellon Trust Company, upon arrival at the Meeting.

Q:

What rights of appraisal or similar rights of dissent do I have with respect to any matter to be acted upon at the Meeting?

A:

No action is proposed herein for which the laws of the Yukon Territory or By-laws of the Corporation provide a right of a shareholder to dissent and obtain appraisal of or payment for such shareholder's Common Shares.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Canadian securities regulatory authorities have adopted National Instrument 58-101 Disclosure of Corporate Governance Practices (NI 58-101), which requires disclosure of the approach of the Corporation to corporate governance, and National Policy 58-201 Corporate Governance Guidelines (NP 58-201), which provides guidance on corporate governance practices, and in the U.S., the United States *Sarbanes-Oxley Act of 2002* (SOX) as well as the AMEX listing standards and corporate governance requirements (the AMEX Standards) require similar disclosure.

A detailed description of the Corporation's governance practices is provided in Schedule A to this Circular. The following are reports of Board committees which summarize the mandates and activities of each committee.

BOARD COMMITTEES

During 2005, the Board had an Audit and Finance Committee, Compensation Committee, Technical Committee, and Nominating Committee.

Audit and Finance Committee

The Audit and Finance Committee held six meetings during the year ended December 31, 2005. From January 1, 2005 through May 19, 2005, the Audit and Finance Committee was composed of the following three independent non-employee directors: Messrs. Stott, Thompson, and Watts. Messrs. Thompson and Watts did not stand for re-election as members of the Board, and the Board replaced them with Messrs. Babensee and Graff effective May 19, 2006. Also on May 19, 2006, Mr. Graff was appointed as Chairperson of the Audit and Finance Committee. The Board has determined that each of Messrs. Stott, Babensee, and Graff meet the independence and the financial literacy requirements of the TSX and AMEX. The Board has determined that Mr. Graff is the Audit and Finance Committee's financial expert as defined in the AMEX Standards.

The Board has adopted a Charter of the Audit and Finance Committee, which, among other responsibilities, requires the Audit and Finance Committee review the Corporation's financial reporting process and the quality of its financial reporting. In discharging its responsibilities, the Audit and Finance Committee meets regularly with the Corporation's auditors and Chief Financial Officer. The amended and restated charter is posted on the Corporation's website at www.apollogold.com.

Report of the Audit and Finance Committee

In the performance of its oversight function, the Audit and Finance Committee reviewed and discussed the Corporation's audited consolidated financial statements as of and for the year ended December 31, 2005, with management and Deloitte & Touche LLP. Management and Deloitte & Touche LLP represented to the Audit Committee that the Corporation's audited consolidated financial statements as of and for the year ended December 31, 2005, were prepared in accordance with accounting principles generally accepted in Canada (except for Note 20, Differences Between Canadian and U.S. GAAP). The Audit and Finance Committee also discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards (SAS) Nos. 61, 89 and 90 issued by the Auditing Standards Board of the American Institute of Certified Public Accountants. SAS Nos. 61, 89 and 90 set forth requirements pertaining to the independent auditor's communications with the Audit and Finance Committee regarding the conduct of the audit.

The Audit and Finance Committee received the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board (ISB) Standard No. 1, *Independence Discussions with Audit Committees*, as amended. ISB Standard No. 1 requires the independent auditor to disclose in writing to the Audit and Finance Committee all relationships between the auditor and the Corporation that, in the auditor's judgment, reasonably may be thought to bear on independence and to discuss the auditor's independence with the Audit Committee. The Audit and Finance Committee discussed with Deloitte & Touche LLP its independence and considered in advance whether the provision of any non-audit services by Deloitte & Touche LLP is compatible with maintaining its independence.

Based on the reviews and discussions of the Audit and Finance Committee described above, in reliance on the unqualified opinion of Deloitte & Touche LLP dated March 30, 2006 regarding the Corporation's audited consolidated financial statements as of and for the year ended December 31, 2005, the Audit and Finance Committee recommended to the Board of Directors, and the Board of Directors approved, that such financial statements be included in the Corporation's annual report on Form 10-K for the year ended December 31, 2005, to be filed with the Securities and Exchange Commission.

The Audit and Finance Committee met 6 times in 2005 and is satisfied that it appropriately fulfilled its mandate to the best of its ability during the year ended December 31, 2005.

Submitted by:

Audit and Finance Committee
Richard P. Graff, Chairperson
Robert W. Babensee
Charles E. Stott

Compensation Committee

The Compensation Committee held 2 meetings during the year ended December 31, 2005 and is satisfied that it appropriately fulfilled its mandate to the best of its ability during the year. From January 1, 2005 through December 31, 2005, the Compensation Committee was comprised of the following three non-employee directors: Messrs. Hobart, Stott, and Vaughan. Mr. Hobart served as Chairperson during 2005. In March 2006, Mr. Hobart resigned from the Compensation Committee.

The Board has adopted a Compensation Committee Charter, which, among other responsibilities, requires the Compensation Committee to establish, administer, and evaluate the compensation philosophy, policies and plans for non-employee directors and executive officers; make recommendations to the board regarding director and executive compensation; and review the performance and determine the compensation of the President and Chief Executive Officer, based on criteria including the Corporation's performance and accomplishment of long-term strategic objectives. The charter is posted on the Corporation's website at www.apollogold.com.

Report of the Compensation Committee on Executive Compensation

Compensation Philosophy

The Corporation's executive officer compensation policies are intended to provide an appropriate overall compensation package that will permit the Corporation to attract and retain highly qualified and experienced senior executive officers and to encourage superior performance by such senior executive officers. The Corporation's compensation policies are intended to motivate individuals to achieve results at the specific subsidiary at which they are employed as well as overall corporate results. In addition, the Corporation believes that directors, officers and employees should have their benefits aligned with both the short and long term interests of the shareholders.

The compensation of the Corporation's executive officers is comprised of three components: base salary, annual cash bonus, and long-term incentives in the form of stock options. It is structured to be competitive with a select group of comparative producing gold mining companies. The annual cash bonus is discretionary based on factors including attaining or exceeding certain budgeted goals for metal production and the related cash operating costs of such production at the Montana Tunnels mine and set targets on development of the Black Fox project, including increases in the proven and probable gold reserves and measured advancement at the Huizopa exploration project.

Cash bonuses and stock options are directly related to company performance and the individual's contribution thereto.

Base Salary

The base salary for each Named Executive Officer (as defined below in this Circular) is reviewed annually by the Compensation Committee within the context of individual and corporate performance and market competitiveness. The market assessment is based primarily on the compensation practices of producing gold mining companies for comparable positions.

Stock Options

The Corporation has two stock option plans: an employee stock option incentive plan, as amended (the "Stock Option Incentive Plan") and a stock option plan authorized by the shareholders pursuant to the terms of the Plan of Arrangement (the "Plan of Arrangement Stock Option Plan"). The purpose of these stock option plans is to develop the interest and incentive of eligible employees, officers and directors in the Corporation's growth and development by giving an opportunity to purchase Common Shares on a favourable basis, thereby advancing the interests of the Corporation, enhancing the value of the Common Shares for the benefit of all shareholders and increasing the ability of the Corporation to attract and retain skilled and motivated individuals.

Stock options granted pursuant to the Plan of Arrangement Stock Option Plan have an exercise price of US\$0.80 per share, as approved by a special resolution of shareholders pursuant to the terms and conditions of the Plan of Arrangement effective June 25, 2002, whereby International Pursuit Corporation and Nevoro Gold Corporation amalgamated to form the Corporation.

Compensation of the President and Chief Executive Officer

The Compensation Committee approved Mr. Russell's total compensation based on the following factors, which are listed in the order of importance to the Compensation Committee: (1) the desire to attract and retain the best available executive talent and to encourage the highest level of executive performance to continue to serve the best interests of the Corporation and its shareholders; (2) the levels of compensation paid to executive officers by other companies in the gold mining industry as determined from published compensation surveys; and (3) the achievement of goals and objectives established for Mr. Russell.

The Compensation Committee and the Board continue to be of the view that Mr. Russell provides the leadership that permitted the Corporation to grow in 2005. In making their compensation decision they considered this as well as other factors, including his contribution to the business performance and anticipated future performance of the Corporation.

The President and Chief Executive Officer's compensation consists of a base salary, an annual cash bonus and various perquisites. In 2005, the base salary accounted for approximately 95% of all cash compensation paid to the President and Chief Executive Officer. Pursuant to the Corporation's bonus policies, bonus awards may be made to the President and Chief Executive Officer and other senior executives based upon several factors, including the Corporation's return on equity, the performance of the subsidiary with respect to which such senior executive has responsibility and the achievement of stipulated individual goals of such senior executive.

Going forward, the Compensation Committee and, as appropriate, the Board, will address other issues relating to executive compensation, including the relative emphasis on the components of executive compensation, including compensation for the Corporation's President and Chief Executive Officer.

STOCK OPTION PLANS

Stock Option Incentive Plan

The purpose of the Stock Option Incentive Plan is to develop the interest of the senior officers, directors and key employees of the Corporation and its subsidiaries and affiliates, as well as any other person or company engaged to provide ongoing management and consulting services to the Corporation or to its subsidiaries and affiliates (Participants).

The Compensation Committee, which administers the Stock Option Incentive Plan, has broad authority to fix the terms and conditions of individual agreements with Participants, including the duration of the award and any vesting requirements, subject to requirements of applicable regulatory authorities. The Stock Option Incentive Plan permits the Board of Directors to grant options for the purchase of Common Shares of the Corporation for a term of up to 10 years. The number of Common Shares granted pursuant to each option is determined in the discretion of the Board of Directors, provided that in the case of any one person, the aggregate number of Common Shares reserved for issuance may not exceed 5% of the Common Shares outstanding at the time of the grant. The aggregate number of Common

Shares reserved for issuance to insiders of the Corporation, at any time, or in any one-year period, under all security based compensation arrangements, cannot exceed 10% of the outstanding Common Shares.

In accordance with the provisions of the Stock Option Incentive Plan, the option price and the terms and conditions on which the options may be exercised are set out in written stock option agreements, in the form approved by the Board, entered into by the Corporation and each option holder. Under the Stock Option Incentive Plan, the option price is determined by the Board, provided that the price is not less than the closing price of the Common Shares on the stock exchanges where they are traded on the trading day immediately preceding the date of the grant and if there be no sale on such trading day, then the average of the closing bid and ask prices on such trading day. The options are not transferable and terminate on the earlier of the expiry date and the date that the optionee ceases to be eligible for any reason whatsoever, other than death. In the event of death, the option is fully exercisable by the optionee's legal representative on the earlier of the expiry date and one year from the date of death. Option agreements approved by the Board may provide that all or any part of the options that are outstanding upon the occurrence of a change of control may continue to be exercised by the holder for such extended period up to and including the normal expiry date of such options

The Stock Option Incentive Plan may be amended by the Board, subject to approval of the shareholders as well as the TSX and the AMEX, and subject to compliance with applicable legislation.

Subject to compliance with applicable corporate and securities laws, the Board may at any time authorize the Corporation to loan money to a Participant in order to assist him or her to exercise options granted under the Stock Option Incentive Plan. Such loan shall be provided on a non-recourse basis, shall be non-interest bearing and shall be on such other terms and conditions to be determined from time to time by the Board. The Board has not loaned any money to Participants and has no intention to do so in the future.

The Board has approved certain amendments to the Stock Option Incentive Plan, which must be approved by shareholders at the Meeting to be effective. Please see **Particulars of Matters to be Acted Upon Proposal #3 - Amendments to Stock Option Incentive Plan** of this Circular.

PROPOSAL #2 APPOINTMENT OF AUDITORS

The Board recommends the re-appointment of Deloitte & Touche LLP Chartered Accountants, of Vancouver, British Columbia, the present independent auditors, as the auditors of the Corporation to hold office until the close of the next annual meeting of the shareholders. Deloitte & Touche LLP has served as the Corporation's independent auditors continuously since 2002. Deloitte & Touche LLP will not attend this Meeting.

The following table shows the aggregate fees billed to the Corporation for professional services by Deloitte & Touche LLP for fiscal years 2005 and 2004 (in Cdn\$):

	Fiscal 2005	Fiscal 2004
Audit Fees	\$ 691,000	\$ 934,500
Audit-Related Fees	\$ 182,500	\$ 275,000
Tax Fees	\$ 0	\$ 0
All Other Fees	\$ 0	\$ 0
Total	\$ 873,500	\$ 1,209,500

Audit Fees. This category includes the aggregate fees billed for professional services rendered for the audits of our consolidated financial statements for fiscal years 2005 and 2004, for the reviews of the financial statements included in our quarterly reports on Form 10-Q during fiscal 2005 and 2004, and for other services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for the relevant fiscal years.

Audit-Related Fees. This category includes the aggregate fees billed in each of the last two fiscal years for assurance and related services by the independent auditors that are reasonably related to the performance of the audits or reviews of the financial statements and are not reported above under Audit Fees, and generally consist of fees for other engagements under professional auditing standards, accounting and reporting consultations, internal control-related matters, and audits of employee benefit plans.

Tax Fees. This category includes the aggregate fees billed in each of the last two fiscal years for professional services rendered by the independent auditors for tax compliance, tax planning and tax advice. Of these amounts, \$0 was related to tax compliance services for review of federal and state tax returns for both 2005 and 2004.

In the past, the Board has reviewed and approved the fees to be paid to the auditors. Such fees have been based upon the complexity of the matters in question and the time incurred by the auditors. Management believes that the fees negotiated in the past with the auditors of the Corporation were reasonable in the circumstances and would be comparable to fees charged by other auditors providing similar services.

As discussed in the Report of the Audit and Finance Committee in this Circular, the Audit and Finance Committee has reviewed and considered whether the provision of services other than audit services is compatible with maintaining the auditors' independence. Commencing in 2003, the Audit and Finance Committee considered and pre-approved expenditure limits for the Corporation's auditors and reviewed and pre-approved the provision of non-audit services by the Corporation's auditors to ensure they are consistent with maintaining the auditors' independence.

It is intended that on any ballot that may be called relating to the appointment of auditors, the shares represented by proxies in favour of the management nominees will be voted in favour of the appointment of Deloitte & Touche LLP as auditors of the Corporation and the resolution authorizing the directors to fix remuneration of the auditors, unless a shareholder has specified in his proxy that his shares are to be withheld from voting on the appointment of auditors.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services and Independent Auditors

The Audit and Finance Committee has established a policy requiring pre-approval of all audit engagement letters and fees for all auditing services (including providing comfort letters in connection with securities underwritings) and all permissible non-audit services performed by the independent auditors. Such services may be approved at a meeting of the Audit and Finance Committee or by the Chairman of the Audit and Finance Committee, provided that the Chairman present any such pre-approvals to the Audit and Finance Committee at each of its scheduled meetings.

(4)

The Amended Plan includes provisions to address compliance with the deferred compensation rules contained in the recently enacted Section 409A of the United States Internal Revenue Code of 1986, as amended.

New Plan Benefits

No awards will be granted under the Amended Plan until the Corporation receives shareholder approval. It is not possible to predict the individuals who will receive future awards under the Amended Plan or the number of Common Shares covered by any future award because such awards are wholly within the discretion of the Compensation Committee.

Attached hereto as Schedule B is the Amended Plan.

The Board is requesting shareholders to pass, with or without variation, the following resolution (the Stock Option Plan Resolution):

BE IT RESOLVED THAT:

In the event the resolution is not passed, the Stock Option Incentive Plan will remain in force.

In order to be approved, the Stock Option Plan Resolution must be passed by a majority of the votes cast at the Meeting. The Board has unanimously approved the Stock Option Plan Resolution and recommends that shareholders vote FOR such resolution. Proxies received in favour of management will be voted in favour of the Stock Option Plan Resolution, unless the shareholder has specified in the proxy that his or her Common Shares are to be voted against the resolution.

SCHEDULE A

CORPORATE GOVERNANCE PROCEDURES

The Canadian securities regulatory authorities have adopted National Instrument 58-101 Disclosure of Corporate Governance Practices (NI 58-101), which requires disclosure of the approach of the Corporation to corporate governance, and National Policy 58-201 Corporate Governance Guidelines (NP 58-201), which provides guidance on corporate governance practices, and in the U.S., the United States *Sarbanes-Oxley Act of 2002* as well as the AMEX listing standards and corporate governance requirements (the AMEX Standards) require similar disclosure.

OVERVIEW OF CORPORATE GOVERNANCE PRACTICES

Assumption of Responsibilities by the Board of Directors

The Board participates fully in assessing and approving strategic plans and prospective decisions proposed by management. In order to ensure that the principal business risks borne by the Corporation are appropriate, the Board receives and comments on periodic reports from management of the Corporation's assessment and management of such risks. The Board regularly monitors the financial performance of the Corporation, including receiving and reviewing detailed financial information contained in management reports. The Board, directly and through the Audit and Finance Committee, assesses the integrity of the Corporation's internal control and management information systems. In 2003, the Board adopted a Disclosure Policy and appointed a Disclosure Policy Officer being an Assistant Secretary of the Corporation, to determine, among other things, the appropriateness and timing of the release of information with respect to developments at the Corporation.

The Board regularly receives reports regarding the monitoring of senior management of the Corporation and its subsidiaries. Input is received at both the Compensation Committee and Board meetings regarding the performance of senior management. Both the Compensation Committee and the Board have specifically assumed responsibility for reviewing the performance of senior management.

The Board meets at least four times each calendar year, and more frequently as required. The frequency of meetings as well as the nature of the agenda items change depending on the state of the Corporation's affairs and in light of opportunities or risks which the Corporation faces from time to time. In 2005, the Board held 13 meetings.

Corporate Governance Principles

In 2003, the Board formally adopted a set of corporate governance principles. Those principles provide guidelines on Board size, independence of Board members, nominating and orientation of new directors, retirement and resignation of Board members, conduct of Board meetings, conflicts of interest, share ownership by directors, compensation review, assessing Board and committee performance, interaction with third parties and confidentiality. The principles also require each of the Board committees to adopt a written charter approved by the Board, as well as set out minimum numbers for committee meetings. In addition, in 2004, the Board created a Nominating Committee to comply with the AMEX Standards.

Composition of the Board of Directors

NI 58-101 and the AMEX Standards define an independent director as a director who is affirmatively determined by the board of directors not to have a material relationship with the listed company that would interfere with the exercise of independent judgment.

NP 58-201 states that the board of directors of every corporation should be constituted with a majority of individuals who qualify as unrelated directors. The AMEX Standards require that each listed company must have a sufficient

number of independent directors on its board of directors such that at least a majority of such directors are independent directors subject to the certain exceptions. The Corporation's Board has determined that five of the proposed nominees for director are independent directors. Mr. Hobart is a partner of law firm that provides legal services to the Corporation, and the Board has determined that Mr. Hobart is not independent. The other director that is not independent is R. David Russell, the President and Chief Executive Officer of the Corporation.

A-1

The Chairman of the Board is Charles Stott, an independent director. The Chairman's responsibilities include acting as liaison between the Board and the Chief Executive Officer and establishing, in consultation with the Chief Executive Officer and the Board, procedures to govern the Board's performance. Further, the Chairman ensures that the Board operates independently of management and that directors have an independent leadership contact. As part of his responsibilities, the Chairman is responsible for obtaining peer reviews of the operation of the Board to obtain insight as to areas where the Board and its committees could be operating more effectively. The Chairman chairs all Board meetings including meetings at which only independent directors are present. During their meetings, several Board committees also hold sessions with only independent directors present.

The Board believes that the current size and composition of the Board serves the Corporation and its shareholders well. The Board believes that all of its directors, including its non-independent directors, make a valuable contribution to the Board and the Corporation. As indicated above, a majority of the Corporation's directors are independent. The non-independent directors possess an extensive knowledge of the Corporation's business and have extensive business experience, both of which have proven to be beneficial to the other directors, and their participation as directors contribute to the effectiveness of the Board. The Board also believes that the directors are sensitive to conflicts of interest and excuse themselves from deliberations and voting in appropriate circumstances.

See "Particulars of Matters to be Acted Upon - Election of Directors" for biographies of the nominee directors, which includes details of other boards on which the Corporation's directors serve.

Committees

The Board has four committees: an Audit and Finance Committee, a Compensation Committee, a Technical Committee and a Nominating Committee. The Board committees are generally composed of outside directors, a majority of whom are independent directors in accordance with the AMEX Standards. All of the directors on the Compensation Committee and Nominating Committee are independent directors in accordance with NP 58-201 and the AMEX Listing Standards, except Mr. Hobart who resigned from the Compensation Committee in March 2006. The composition, mandate and certain activities of each committee are set out under "Statement of Corporate Governance Practices - Board Committees" of this Circular.

Position Descriptions

The Board has given a mandate to the Compensation Committee to develop position descriptions for senior management. Guidelines have been developed and approved by the Board which set out those matters requiring Board approval. See above under "Composition of the Board of Directors" for the position description for the Chairman of the Board.

Director Orientation and Continuing Education

In accordance with NI 58-101 and NP 58-201, the Corporation has established a process to provide an orientation and education program for new recruits to the Board. Such orientation and education program consists of details of the Corporation's organizational structure, the structure of the Board and its committees, compliance requirements for directors, corporate policies and by-laws. They also meet with a number of directors and senior management personnel of the Corporation and its material subsidiaries to learn of the functions and activities of the Corporation. On an ongoing basis, presentations are made to the Board on various aspects of the Corporation's operations.

Board Functioning and Independence

In accordance with the NP 58-201 and the AMEX Standards, the Corporation provides orientation to new recruits to the Board. Such orientation consists of orientation sessions with management, a review of prior Board activity, receipt of documentation including the Corporation's articles, by-laws, policies and procedures and personal meetings with

directors and management of subsidiaries.

The Board has a formal policy that all acquisitions and divestitures of a material nature require the approval of the Board. In addition, Board policy requires that all major strategic decisions, including any change in the strategic direction of the Corporation, be presented by management to the Board for approval. As part of its ongoing activity,

A-2

the Board regularly receives and comments upon reports of management as to the performance of the Corporation's business and management's expectations and planned actions in respect thereto.

The Board reviews the adequacy and form of the compensation of directors to ensure the compensation realistically reflects the responsibility and risk involved in being an effective director. The Board has made it a priority to continue to examine and develop the processes which it follows in its deliberations in order that it will continue to fulfill its mandate.

The Board and the Chief Executive Officer engage in regular dialogue regarding the performance of the senior management team, including the Chief Executive Officer, in achieving the Corporation's strategic objectives as determined by management and the Board. As the Board has plenary power, any responsibility which is not delegated to management or a Board committee remains with the Board.

The Board conducts in-camera sessions without management present as it deems appropriate and also conducts in-camera sessions to review the recommendations of the Compensation Committee. The Compensation Committee also conducts part of its deliberations without management present. As well, the Audit and Finance Committee has a policy to meet annually with the Corporation's auditors without management present.

The By-laws of the Corporation provide for a system which enables an individual director to engage an outside adviser at the expense of the Corporation in appropriate circumstances. Prior approval of the Audit and Finance Committee is required for the retention of such an adviser.

The Corporation has adopted a formal policy that all members of the Board are encouraged, but not required, to attend the annual meeting of shareholders of the Corporation. All Board members attended the Corporation's 2005 annual and special meeting held on May 19, 2005.

Shareholder Communications

The Corporation endeavours to keep all shareholders well informed as to the financial performance of the Corporation, primarily by means of its annual and quarterly reports, and by press releases. The Board has specifically adopted a disclosure policy in furtherance of these goals.

Management of the Corporation is receptive to shareholder feedback in any form. It is the policy of the Corporation to receive and respond promptly to shareholder enquiries, while being guided by legal requirements as well as the Corporation's policies in respect to confidentiality and disclosure. Shareholders wishing to send communications to the Board of the Corporation should write to either the Chairman of the Board or the Secretary of the Corporation at the following address: Apollo Gold Corporation, 5655 South Yosemite Street, Suite 200, Greenwood Village, Colorado, 80111-3220. All such communication shall state the type and amount of Corporation securities held by the security holder and shall clearly state that the communication is intended to be shared with the Board, or if applicable, with a specific committee of the Board. The Chairman of the Board or the Secretary of the Corporation, as applicable, will forward all such communication to the members of the Board or specific Board committee.

Code of Business Conduct and Ethics

In 2003, the Corporation formally adopted a Code of Business Conduct and Ethics and related policies, which sets high standards for ethical behavior throughout the organization. The Code of Business Conduct and Ethics provides the entire organization with the same frame of reference for dealing with sensitive and complex issues such as conflicts of interest, use of information, confidentiality of personal information, confidentiality of business information, corporate opportunities, use of inside information, fair trading, protection and use of company assets, accounting practices, records retention, compliance with laws, rules and regulations, and duty to report and consequences.

Edgar Filing: APOLLO GOLD CORP - Form DEF 14A

In addition, in 2004 the Corporation formally adopted a Code of Ethics (the Code) pursuant to section 406 of SOX and the Rules of AMEX in order to provide written standards and guidance to the Corporation s directors, principal executive officer, principal financial officer, principal accounting officer or controller or those performing similar functions and any executive officers (as defined under Rule 16a-1(f) of the Securities Exchange Act of 1934, as amended) of the Corporation not named above. The purpose of the Code is to promote:

A-3

- honest, and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- compliance with applicable governmental laws, rules and regulations;
- full, fair, accurate, timely and understandable disclosure in reports and documents that the Corporation files with, or submits to, the Securities and Exchange Commission and in other public communications made by the Corporation;
- the prompt internal reporting of violations of the Code to an appropriate person or persons identified in the Code; and
- accountability for adherence to the Code.

The Code is posted on the Corporation's website at www.apollogold.com.

Whistleblower Policy

The Corporation's internal controls and corporate reporting and disclosure procedures are intended to prevent, deter and remedy any violation of the applicable laws and regulations that relate to corporate reporting and disclosure, accounting and auditing controls and procedures, securities compliance and other matters pertaining to fraud against shareholders. Even the best systems of control and procedures, however, cannot provide absolute safeguard against such violations.

In 2004, the Audit and Finance Committee of the Corporation formally adopted a Whistleblower Policy which governs the process through which employees and others, either directly or anonymously, can notify the Corporation's Compliance Officer or Audit and Finance Committee of potential violations or concerns.

The Whistleblower Policy also establishes a mechanism for responding to, and keeping records of, complaints from employees and others regarding such potential violations or concerns.

the Option Agreement executed by any Eligible Person who is a U.S. taxpayer shall specify whether each Option it evidences is a non-qualified option (NQO) or an incentive stock option (ISO). Notwithstanding designation of any Option as an ISO or a NQO, if the aggregate fair market value of the shares under Options designated as ISOs which would become exercisable for the first time by any Optionee is in excess of one hundred thousand dollars (\$100,000) in any calendar year (under all plans of the Company), then unless otherwise provided in the Option Agreement or by the Compensation Committee, such Options shall be NQOs to the extent of the excess above one hundred thousand dollars (\$100,000). B-3

8. TERMS AND CONDITIONS OF THE OPTIONS

The terms and conditions of each Option granted under the Plan shall be set forth in an Option Agreement. An Option Agreement shall include the following terms and conditions:

(a)

Number of Common Shares The Board or the Committee shall, in its sole discretion, but subject to the TSX Rules, fix the aggregate number of Common Shares which are the subject of the Option.

(b)

Option Price The Board or the Committee shall fix the exercise price per Common Share under any Option which shall not be less than the market price per Common Share at the time of the grant.

For the purposes of this subparagraph 8(b), market price per Common Share at the time of grant means:

(i)

if the exercise price per Common Share under the Option is in Canadian dollars, the closing price in Canadian dollars on the Toronto Stock Exchange (or if not then traded on such exchange, the closing market price on the over-the-counter market in Toronto) of the Common Shares one trading day prior to the date the Option is granted by the Board or the Committee and if there be no sale on such trading day, then the average of the closing bid and ask prices on such trading day; or

(ii)

if the exercise price per Common Share under the Option is in United States dollars, the greater of:

(A)

the closing price in Canadian dollars (such closing price converted into United States dollars using the Bank of Canada noon nominal rate of exchange on the same date as such closing price) on the Toronto Stock Exchange of the Common Shares one trading day prior to the date the Option is granted by the Board or the Committee and if there be no sale on such trading day, then the average of the closing bid and ask prices on such trading day; and

(B)

the closing price in United States dollars on the American Stock Exchange of the Common Shares one trading day prior to the date the Option is granted by the Board or the Committee and if there be no sale on such trading day, then the average of the closing bid and ask prices on such trading day,

provided that if the Common Shares are not then traded on any public market, the Board in its sole discretion (but subject to compliance with the TSX Rules) shall determine market price per Common Share at the time of grant in accordance with Section 922 or 409A of the Code. Reference is made to paragraph 11 hereof as to the limit to grants to one person.

(c)

Payment The full purchase price for the Common Shares purchased under the Option shall unless otherwise provided in the separate Option Agreement, be paid for in cash upon the exercise thereof. An Optionee who is not already a

shareholder shall have none of the rights of a shareholder of the Company until Common Shares issuable pursuant to this Option are issued to him.

(d)

Term of Option No Options shall be granted under this Plan after ten (10) years from the adoption of the Plan by the Board of Directors. The Board or the Committee shall fix the term of the Option which term shall not be for more than ten (10) years from the date the Option is granted, subject, in the case of a NQO, to subparagraphs (e), (f) and (g) of this paragraph 8.

(e)

Death or Disability of Optionee In the event of the death or disability of the Optionee prior to the end of the term of the Option, where immediately prior to death or disability such Optionee was an Eligible Person, the Optionee or Optionee's legal representative may:

(i)

exercise the Option to the extent that the Optionee was entitled to do so at the date of his death at any time up to and including, but not after, a date one (1) year following the date of death of the Optionee, or prior to the close of business on the day of the expiry of the term of the Option, whichever is earlier; and at any time up to and including, but not after, a date twelve (12) months following the date of disability of the Optionee, or prior to the close of business on the day of the expiry of the term of the Option, whichever is earlier; and

(ii)

with the prior written consent of the Board or the Committee, exercise the Option to purchase all or any of the optioned shares as the Board or the Committee may designate but not exceeding the number of optioned shares that the Optionee would have been entitled to otherwise had he survived or not been

disabled. The Option may be exercised at any time up to and including, but not after, the respective dates set forth in paragraph (i) above.

(f)

Resignation or Discharge for Cause of Optionee In the event of the resignation of the Optionee as an employee of the Company or an Affiliate, or the discharge for cause of the Optionee as an employee of the Company or an Affiliate, or in the case of any other Eligible Person, in the event of the voluntary termination by the Optionee of the contract with the Company or an Affiliate, or in the event of the termination of the contract with an Eligible Person by the Company or an Affiliate for cause, the Option shall in all respects, except as otherwise exercised as set forth below in paragraph (g)(ii) hereof, cease and terminate. For the purposes of the Plan, the determination by the Company that the Optionee was discharged, or that a contract was otherwise terminated for cause, shall be binding on the Optionee.

(g)

Other Termination of Optionee In the event of the termination of employment of the Optionee, or in the case of any other Eligible Person, the contract with the Company or an Affiliate, other than as referred to in paragraph (f) above, the Optionee may:

(i)

exercise the Option to the extent that he was entitled to do so at the time of such termination of employment or contract, at any time up to and including, but not after, the effective date of such termination of employment or contract prior to the close of business on the day of the expiry of the term of the Option, whichever is earlier; and

(ii)

with the prior written consent of the Board or the Committee, which consent may be withheld in the Company's sole discretion, exercise the Option to purchase all or any of the optioned shares as the Board or the Committee may designate but not exceeding the number of optioned shares that he would have been entitled to otherwise had his employment or other contractual relationship with the Company or an Affiliate been maintained for the term of the Option. The Option may be exercised at any time up to and including, but not after, a date three (3) months following the date of the said termination, or prior to the close of business on the expiry of the term of the Option, whichever is earlier.

(h)

Non-Transferability of Option The Options granted under the Plan may not be transferred, assigned, (except by will, by laws of descent or, in the case of a NQO, pursuant to a qualified domestic relations order) encumbered or otherwise disposed of by the Optionee, provided that nothing herein shall operate to restrict the transfer of any Common Shares issued pursuant to the exercise of a particular Option granted under the Plan. During the life of the Optionee, an Option shall be exercisable only by Optionee or Optionee's guardian or conservator.

(i)

Exercise of Option Subject to the provisions of the Plan, an Option granted under the Plan shall be exercised from time to time by the Optionee, or in the event of death, by his legal representatives, by giving notice in writing on the notice of exercise form addressed to the Company at its registered office, to the attention of the Secretary of the Company, or to such other person as the Secretary may designate, specifying the number of optioned shares in respect of which such notice is being given, and unless otherwise specified, together with payment by cash or certified cheque in full of the purchase price for the shares being purchased.

(j)

Change of Control Anything to the contrary in this Plan notwithstanding, Option Agreements approved by resolution of the Board or Committee in the Board's or Committee's discretion may provide that all or any part of the Options that are outstanding upon the occurrence of an Effective Change in Control may continue to be exercised by the Optionee holding such Options for such extended period up to and including the normal expiry date of such Options notwithstanding any termination of such Optionee's status as an employee, officer, director or Consultant to the Company or an Affiliate that may occur on or after the date of such Effective Change in Control. As used in this paragraph 8(j), the term Effective Change in Control means the occurrence, within a single transaction or series of related transactions occurring within the same 12-month period, of a change in the identity of persons who individually or collectively hold rights to elect, or to approve the election of, a majority of the members of the Board, including, without limitation, transactions consisting of one or more sales or other transfers of assets or equity securities, mergers, consolidations, amalgamations, reorganizations, or any similar transactions.

(k)

Section 409A of the Code If any payment under this Plan constitutes deferred compensation within the meaning of Section 409A of the Code and if the Plan fails to satisfy the requirements of Section 409A(2),

B-5

(3) or (4) of the Code with respect to such payment, such provision shall be operated in a manner that, in the good-faith determination of the Board or the Committee, seeks to bring the provision into compliance with those requirements while preserving as closely as possible the original intent of the provision.

9. CHANGE IN STRUCTURE OF CAPITAL/CHANGE OF CONTROL

(a)

Changes in Capital Structure Appropriate adjustments in the number of Common Shares optioned and in the option price per Common Share, relating to Options granted or to be granted, shall be made by the Board or the Committee, in its sole discretion, to give effect to adjustments in the number of Common Shares of the Company resulting, subsequent to the approval of the Plan by the shareholders of the Company from any subdivisions, consolidations or reclassification of the Common Shares of the Company, or other relevant changes in the capital structure of the Company, or the payment of stock dividends other than in the ordinary course of business by the Company.

(b)

Corporate Transactions In connection with (i) any merger, consolidation, acquisition, separation, or reorganization in which more than fifty percent (50%) of the shares of the Company outstanding immediately before such event are converted into cash or into another security, (ii) any dissolution or liquidation of the Company or any partial liquidation involving fifty percent (50%) or more of the assets of the Company, (iii) any sale of more than fifty percent (50%) of the Company's assets, or (iv) any like occurrence in which the Company is involved, the Board or the Compensation Committee may, in its absolute discretion, do one or more of the following upon ten (10) days' prior written notice to all Optionees: (a) accelerate any vesting schedule to which an Option is subject; (b) cancel Options upon payment to each Optionee in cash, with respect to each Option to the extent then exercisable, of any amount which, in the absolute discretion of the Board or the Compensation Committee, is determined to be equivalent to any excess of the market value (at the effective time of such event) of the consideration that such Optionee would have received if the Option had been exercised before the effective time over the exercise price of the Option; (c) shorten the period during which such Options are exercisable (provided they remain exercisable, to the extent otherwise exercisable, for at least ten days after the date the notice is given); or (d) arrange that new Option rights be substituted for the Option rights granted under this Plan, or that the Company's obligations as to Options outstanding under this Plan be assumed, by an employer corporation other than the Company or by a parent or subsidiary of such employer corporation; provided that, in the good faith determination of the Board or the Committee, such action will not likely result in the imposition of additional tax or interest under Section 409A of the Code for the holder of the affected Option. The actions described in this paragraph may be taken without regard to any resulting tax consequence to the Optionee.
