PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation by the board of directors, or the board, of Senesco Technologies, Inc., a Delaware corporation, referred to herein as Senesco, we, us or our, of proxies to be voted at a special meeting of stockholders to be held on September 22, 2009, referred to herein as the Meeting, at the offices of Morgan Lewis & Bockius, LLP at 101 Park Avenue, New York, NY 10178, at 11:00 A.M., local time, and at any adjournment or adjournments thereof. The holders of record of our common stock, \$0.01 par value per share, also referred to herein as common stock, as of the close of business on August 7, 2009, also referred to herein as the Record Date, will be entitled to notice of and to vote at the Meeting and any adjournment or adjournments thereof. As of the Record Date, there were 21,939,339 shares of our common stock issued and outstanding and entitled to vote. Each share of our common stock is entitled to one vote on any matter presented at the Meeting.

If proxies in the accompanying form are properly voted and received, the shares of our common stock represented thereby will be voted in the manner specified therein. If not otherwise specified, the shares of our common stock represented by the proxies will be voted: (1) FOR a proposal to amend Senesco's Certificate of Incorporation to increase the total authorized shares of common stock, \$0.01 par value per share, of Senesco from 100,000,000 to 120,000,000; (2) FOR a proposal to approve, for purposes of section 713 of the NYSE Amex Company Guide, the issuance of shares of our common stock and warrants (and the shares of common stock issuable upon exercise of the warrants), which in the aggregate exceed 20% of our currently outstanding shares of common stock, pursuant to the terms and conditions of the Securities Purchase Agreement, dated as of July 9, 2009, between Partlet Holdings Limited and us the Securities Purchase Agreement, dated as of July 29, 2009, between each of Robert Forbes, Timothy Forbes, Harlan W. Waksal, M.D., Rudolf Stalder, Christopher Forbes, David Rector, John N. Braca, Jack Van Hulst, Warren Isabelle and the Thomas C. Quick Charitable Foundation (which is an affiliate of our board member Thomas C. Quick), and us, and the Securities Purchase Agreement, dated as of July 29, 2009, between Cato Holding Company and us; (3) FOR a proposal to approve, for purposes of section 711 of the NYSE Amex Company Guide, the issuance of our shares of common stock and warrants (and the shares of common stock issuable upon exercise of the warrants) pursuant to the terms and conditions of the Securities Purchase Agreement, dated as of July 29, 2009, to certain of our insiders and affiliates and (4) in the discretion of the persons named in the enclosed form of proxy, on any other proposals which may properly come before the meeting or any adjournment or adjournments thereof. Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by written notice addressed to and received by our Corporate Secretary, by submitting a duly executed proxy bearing a later date or by electing to vote in person at the meeting. The mere presence at the meeting of the person appointing a proxy does not, however, revoke the appointment.

The presence, in person or by proxy, of holders of shares of our common stock having a majority of the votes entitled to be cast at the meeting shall constitute a quorum. If such a quorum is present, Proposal 1 requires the affirmative vote of our stockholders possessing a majority of the shares of our common stock issued and outstanding as of the record date, and Proposals 2 and 3 require the affirmative vote of our stockholders representing a majority of the votes cast by holders of shares present, or represented by proxy, and entitled to vote thereon.

Abstentions are included in the shares present at the meeting for purposes of determining whether a quorum is present,

and are counted as a vote against for purposes of determining whether any of the foregoing proposals are approved. A broker non-vote is when shares are represented at the meeting by a proxy specifically conferring only limited authority to vote on certain matters and no authority to vote on other matters. Brokers may vote on Proposal 1, and, therefore, broker non-votes are included in the determination of the number of shares represented at the meeting for purposes of determining whether a quorum is present. A broker non-vote will have the same effect as a vote against Proposal 1. Brokers may not vote on Proposals 2 and 3 and, therefore, broker non-votes will not have an effect on those proposals.

On or about August 10, 2009, this proxy statement, together with the related proxy card, is being mailed to our stockholders of record as of the record date.

Solicitation of proxies may be made by directors and officers of Senesco by mail, telephone, facsimile transmission or other electronic media and in person for which they will receive no additional compensation. The entire cost of soliciting proxies will be borne by us.

BACKGROUND INFORMATION

Background of the Transaction

As disclosed in our filings with the Securities and Exchange Commission, since consummating our last financing with certain investors in the fourth quarter of 2007 and first quarter of 2008, we have been seeking additional sources of capital in order to fund our operations and research and development projects. While we have been utilizing funds raised in this previous financing to fund our operations, since the winter of 2009 through the present time, our board and management have been focusing their efforts on ascertaining sources of financing.

In January 2009, our board engaged in formal internal discussions as to the best course of action which would present the most opportunity for us to ascertain funding. Our board, along with our management, at that time, attempted to reach out to several of our current investors as well as engage in discussions with several investment banks in the hopes that the then current investors and/or the investment banks could provide us with funding, or at least sources through which we could raise funds.

In addition, during our second quarter of 2009, from January through March, our management attended various investor conferences and engaged in one-on-one discussions with investors in the hopes that such investors would be interested in getting to better know and understand our operations. The members of our board also reached out to various contacts that they had around the country in an attempt to ascertain if such contacts, or any who they knew of, had an interest in investing in us.

Further, during this time, management and the board also engaged in informal discussions on a routine basis regarding our financial position. While the company remained focused on moving towards our proposed clinical trial, the board and management were well aware that such trials would not succeed, or even occur, if we were unable to secure additional funding.

At a meeting of our board, on March 23, 2009, we formally retained two investment banks to assist us in consummating a financing. Formal engagement letters were signed with each of the banks. Over the course of the next two months, we worked closely with such banks, and continued to pursue additional contacts. An extensive search was undertaken, including a significant effort on the part of the retained investment banks, however, unfortunately, due partly to the deteriorating equity market conditions and the demise of Stanford Venture Capital Holdings, Inc. no viable sources of funding were ascertained during that time.

At a board meeting, which was held on June 23, 2009, after believing that all opportunities had been exhausted, we learned that Partlet Holdings Limited was potentially interested in engaging in a small financing with us. During the days that ensued, certain members of our board had one-on-one conversations with their friends and family in the hopes that such friends and family would consider investing in us.

Finally, at a board meeting which was held on June 25, 2009, management presented the board with certain terms that they had negotiated with Partlet Holdings Limited. Certain members of the board, at that time, believing that all current alternatives had been exhausted, also informed the board that certain members of their family desired to invest in the financing. Finally, several members of the board, understanding that the funds from Partlet Holdings Limited as well as the funds committed by friends and family, were insufficient for us to sufficiently progress our proposed clinical trial, determined to invest in us. Accordingly, on that date, management and certain members of the board approved the transactions with each of Partlet (as defined below) and the Remaining Investors (as defined below) subject to the negotiation of definitive agreements. The terms of such financing had been previously heavily negotiated with each investor over the course of several of the following weeks and management and the board agreed at such meeting, that the terms of such deal, were the best that could be ascertained. In addition, the Audit Committee of the board approved any related party transaction.

The exercise price of the Warrant and the number of shares issuable upon exercise of the Warrant will be proportionately adjusted for any stock splits, stock dividends, recapitalization or other combination or subdivision of the outstanding shares of our common stock.

Representations and Warranties. Except for its status as the contractual document between the parties with respect to the agreements described therein, it is not intended to provide factual information about the parties. The representations and warranties contained in the Purchase Agreements were made only for purposes of such agreement and as of specific dates, were solely for the benefit of the parties to such agreement, and are subject to limitations agreed to by the contracting parties, including being qualified by disclosures between the parties. These representations and warranties have been made for the purposes of allocating contractual risk between the parties to the agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Accordingly, they should not be relied upon by investors as statements of factual information.

Need for Additional Capital. We need to raise substantial additional funds, to continue our operations and fund clinical studies. Our plan is to continue to finance our operations with a combination of equity issuances (including the possible closings of the transaction) and other financings. Any future issuance of convertible debt securities, preferred stock or common stock may be at a discount from the then-current trading price of our common stock. If we issue additional common or preferred stock or securities convertible into common stock, our stockholders will experience additional dilution, which may be significant. If we are unable to raise substantial additional capital through the possible additional closings of the transactions covered by Proposals 2 and 3, and otherwise, we may not be able to continue to operate as a going concern. To the extent the additional closings of the transactions covered by Proposals 2 and 3 do not occur as a result of the failure to obtain requisite approval of our stockholders, we do not know whether additional funding will be available to us on acceptable terms, or at all, to continue to operate as a going concern.

Interest of Certain Persons in Matters to be Acted Upon

Each of Messrs. Harlan W. Waksal, M.D., Rudolf Stalder, Thomas C. Quick, Christopher Forbes, David Rector, John N. Braca, Jack Van Hulst and Warren Isabelle are members of our board. It is anticipated that if Proposals 1, 2 and 3 are approved, each of Harlan W. Waksal, M.D., Rudolf Stalder, Thomas C. Quick (through the Thomas C. Quick Charitable Foundation which is an affiliate of Thomas C. Quick), Christopher Forbes, David Rector, John N. Braca, Jack Van Hulst and Warren Isabelle will participate in the transaction and purchase the Securities on the terms and conditions as set forth in the Purchase Agreement. For additional information regarding the number of Shares and Warrants (and shares underlying the Warrants) to be purchased by the Affiliated Investors, assuming the transaction is consummated, please refer to the chart contained in Proposal 3.

PROPOSAL 1

APPROVAL OF AMENDMENT TO SENESCO'S CERTIFICATE OF INCORPORATION
TO INCREASE THE TOTAL NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Overview and Reasons for Amendment

Stockholders are being asked to approve an amendment to our Amended and Restated Certificate of Incorporation, as amended to date, referred to herein as our Certificate of Incorporation, to increase the number of authorized shares of our common stock from 100,000,000 to 120,000,000. On June 25, 2009, our board adopted resolutions approving and authorizing the amendment and directing that the amendment be submitted to a vote of the stockholders at the meeting.

The board determined that the amendment is in the best interests of Senesco and its stockholders and unanimously recommends approval by the stockholders. If the proposed amendment is approved by the stockholders, the board currently intends to file, with the Secretary of State of the State of Delaware, a Certificate of Amendment to the Certificate of Incorporation, referred to herein as the Certificate of Amendment, reflecting such amendment as soon as practicable following stockholder approval. The following summary is qualified in its entirety by reference to the Certificate of Incorporation. Attached hereto as Appendix A to this proxy statement is the proposed Certificate of Amendment.

Our board has proposed this increase in authorized shares of common stock to ensure that we have sufficient shares of common stock available for general corporate purposes including, without limitation, sufficient shares available underlying the securities issued in the financings, equity financings, acquisitions, establishing strategic relationships with corporate and other partners, providing equity incentives to employees, and payments of stock dividends, stock splits or other recapitalizations. As of the date of this proxy statement, we have plans to issue additional equity as described in the section entitled "Background Information" beginning on page 4. As disclosed in our public filings, we are also exploring additional financing opportunities and will likely issue such equity when an opportunity presents itself.

Our Certificate of Incorporation currently authorizes the issuance of up to 100,000,000 shares of common stock and 5,000,000 shares of preferred stock, par value \$0.01 per share, referred to herein as the preferred stock. No shares of preferred stock are currently issued and outstanding. The proposed amendment will not, if adopted, result in an increase in the number of authorized shares of preferred stock.

Of the 100,000,000 shares of common stock currently authorized, as of the close of business on the record date, there were 21,939,339 shares of common stock issued and outstanding. Furthermore, we have reserved for future issuance:

- a. 4,661,684 shares of common stock upon the exercise of outstanding options and restricted stock units granted under the 1998 Stock Plan;
- b. 6,137,200 shares of common stock upon the exercise of options and restricted stock units, of which 249,728 have been granted and 5,887,472 may be granted in the future, under the 2008 Incentive Compensation Plan;
- c. 10,000 shares of common stock upon exercise of options granted outside the 1998 Stock Plan and 2008 Incentive Compensation Plan;
- d. 20,666,221 shares of common stock upon the exercise of warrants issued and outstanding.

e. 11,064,706 shares of common stock upon conversion, at the current conversion fixed conversion price of \$.85, of the convertible debentures issued pursuant to the previously disclosed financing which we entered into with each of YA Global Investments, L.P. and Stanford Venture Capital Holdings, Inc. in 2007/2008;

f. 33,095,854 shares of common stock which may be issued upon conversion, when the conversion rate is either adjusted in connection with the anti-dilution feature of the convertible debenture or the conversion price is no longer fixed, of the convertible debentures issued pursuant to the previously disclosed financing which we entered into with each of YA Global Investments, L.P. and Stanford Venture Capital Holdings, Inc. in 2007/2008; and

g. an estimated 2,000,000 shares of common stock, which may be issued as interest shares pursuant to the previously disclosed financing which we entered into with each of YA Global Investments, L.P. and Stanford Venture Capital Holdings, Inc. in 2007/2008.

If the proposed amendment is approved, then after the meeting, there will be 22,778,226 shares of common stock issued and outstanding.

Reason For Request For Stockholder Approval

In accordance with Delaware law, approval and adoption of an amendment to our Certificate of Incorporation to increase the authorized shares of our common stock and preferred stock requires stockholder approval.

Consequences if Stockholders Approve this Proposal

Dilution. As is the case with the current authorized but unissued shares of common stock, the additional shares of common stock authorized by this proposed amendment could be issued upon approval by our board without further vote of our stockholders except as may be required in particular cases by our Certificate of Incorporation, applicable law, regulatory agencies or the NYSE Amex rules. Under our Certificate of Incorporation, stockholders do not have preemptive rights to subscribe to additional securities that may be issued by Senesco, which means that current stockholders do not have a prior right to purchase any new issue of common stock in order to maintain their proportionate ownership interest in Senesco. In addition, if we issue additional shares of common stock or securities convertible into or exercisable for common stock, such issuance would have a dilutive effect on the voting power and could have a dilutive effect on the earnings per share of Senesco's currently outstanding shares of common stock.

The following table sets forth the total number of: (1) authorized shares of our common stock, (2) outstanding shares of our common stock, (3) reserved shares of our common stock, (4) shares of our common stock available for issuance, (5) proposed shares authorized by this Proposal 1 and (6) common stock available for issuance if this Proposal 1 is approved by the stockholders.

Currently Authorized Shares (1)	Currently Outstanding Shares	Shares Currently Reserved for Issuance	Shares Currently Available for Issuance	Proposed Authorized Shares (2)	Shares Potentially Available for Issuance(3)
100,000,000	21,939,339	77,635,665	424,996	120,000,000	20,424,996

(1) As of August 7, 2009.

(2) The number of authorized shares of our common stock, if this Proposal 1 is approved by the stockholders.

(3) The number of shares of our common stock available for issuance, if this Proposal 1 is approved by the stockholders.

Anti-takeover Effects. The proposed Certificate of Amendment could also, under certain circumstances, have an anti-takeover effect. The proposed increase in the number of authorized shares of common stock may discourage or make it more difficult to effect a change in control of Senesco. For example, we could issue additional shares to dilute the voting power of, create voting impediments for, or otherwise frustrate the efforts of persons seeking to take over or gain control of Senesco, whether or not the change in control is favored by a majority of our unaffiliated stockholders. We could also privately place shares of common stock with purchasers who would side with our board in opposing a

hostile takeover bid. The board is not aware of any plans for or attempt to take control of Senesco.

If approved, the amendment would amend and restate the first section of the fourth paragraph of the Certificate of Incorporation, as follows:

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is One Hundred and Twenty Five Million (125,000,000) shares. The Corporation is authorized to issue two classes of stock designated "Common Stock" and "Preferred Stock," respectively. The total number of shares of Common Stock authorized to be issued by the Corporation is One Hundred and Twenty Million (120,000,000), each such share of Common Stock having a \$0.01 par value. The total number of shares of Preferred Stock authorized to be issued by the Corporation is Five Million (5,000,000), each such share of Preferred Stock having \$0.01 par value.

The Certificate of Amendment, which contains the above amendment, is attached to this proxy statement as Appendix A. The affirmative vote of a majority of the outstanding shares of common stock is required for approval of the proposed amendment. Therefore, abstentions and broker non-votes will have the same effect as votes against this proposal.

Consequences if Stockholders Do Not Approve this Proposal

We currently are in need of financing and have a limited number of shares available for issuance. Typically capital is raised by issuing shares in exchange for financing. If our stockholders do not approve this proposed amendment, it is likely that we will be unable to fully consummate the transactions described in the section entitled "Background Information" beginning on page 4. Accordingly, because we could not consummate the transactions described, we would fall short of the working capital necessary to complete our corporate objectives and, thus, we would be required to pursue other strategic alternatives. We may not be able to realize such alternatives on commercially reasonable terms, if at all, given the current economic climate.

We have no additional plans to issue the common stock authorized pursuant to Proposal 1 other than in connection with the transactions described in the section entitled "Background Information" beginning on page 4. We are however seeking additional financing, but do not have any potential deals pending, other than those described in this proxy statement.

No Appraisal Rights

Under Delaware law, stockholders are not entitled to appraisal rights with respect to the actions contemplated by Proposal 1.

Required Stockholder Approvals

The following table sets forth the stockholder approvals which are necessary to consummate the transactions set forth in the section entitled "Background Information" beginning on page 4.

Transaction	Proposal 1 approval required to consummate the transaction?	Proposal 2 approval required to consummate the transaction?	Proposal 3 approval required to consummate the transaction?
Partlet Holdings Limited	No	Yes	No
Robert Forbes	Yes	Yes	No

Cato Holding Company	Yes	Yes	No

Affiliate Investors	Yes	Yes	Yes

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE PROPOSAL TO AMEND SENESCO’S CERTIFICATE OF INCORPORATION.

PROPOSAL 2

PROPOSAL TO APPROVE, FOR PURPOSES OF SECTION 713 OF THE NYSE AMEX COMPANY GUIDE, THE ISSUANCE OF OUR SHARES OF COMMON STOCK AND WARRANTS (AND THE SHARES OF COMMON STOCK ISSUABLE UPON EXERCISE OF THE WARRANTS), WHICH IN THE AGGREGATE EXCEED 20% OF OUR CURRENTLY OUTSTANDING SHARES OF COMMON STOCK PURSUANT TO THE TERMS AND CONDITIONS OF THE SECURITIES PURCHASE AGREEMENT, DATED AS OF JULY 9, 2009, BETWEEN PARTLET HOLDINGS LIMITED AND US, THE SECURITIES PURCHASE AGREEMENT, DATED AS OF JULY 29, 2009, BETWEEN EACH OF ROBERT FORBES, TIMOTHY FORBES, HARLAN W. WAKSAL, M.D., RUDOLF STALDER, CHRISTOPHER FORBES, DAVID RECTOR, JOHN N. BRACA, JACK VAN HULST, WARREN ISABELLE AND THE THOMAS C. QUICK CHARITABLE FOUNDATION AND US AND THE SECURITIES PURCHASE AGREEMENT, DATED AS OF JULY 29, 2009, BETWEEN CATO HOLDING COMPANY AND US.

Proposal

We are seeking approval of the issuance of the Securities in connection with the transactions contemplated pursuant to the terms and conditions of the Securities Purchase Agreement, dated as of July 9, 2009, between Partlet Holdings Limited and us, the Securities Purchase Agreement, dated as of July 29, 2009, between each of Robert Forbes, Timothy Forbes Harlan W. Waksal, M.D., Rudolf Stalder, Christopher Forbes, David Rector, John N. Braca, Jack Van Hulst, Warren Isabelle and the Thomas C. Quick Charitable Foundation and us and the Securities Purchase Agreement, dated as of July 29, 2009, between Cato Holding Company and us. For information regarding our proposed issuance of the Securities and the terms of the Purchase Agreements and Warrants, see "Background Information" beginning on page 4.

Reason For Request For Stockholder Approval

As of August 7, 2009, the record date for the Special Meeting, we had One Hundred Million authorized shares of common stock and approximately 21,939,339 shares of common stock outstanding. If successfully completed, the transaction, in the aggregate, will result in the issuance of more than 20% of our currently outstanding shares of common stock pre-transaction. Section 713 of the NYSE Amex Company Guide requires stockholder approval prior to the issuance of common stock, or securities convertible into or exercisable for common stock, in any transaction or series of transactions if (i) the sale, issuance, or potential issuance by the issuer of common stock (or securities convertible into common stock) at a price less than the greater of book or market value which together with sales by officers, directors or principal stockholders of the issuer equals 20% or more of presently outstanding common stock; or (ii) the sale, issuance, or potential issuance by the issuer of common stock (or securities convertible into common stock) equal to 20% or more of presently outstanding stock for less than the greater of book or market value of the stock.

Our issuance of the Shares and the shares and Warrants issuable under the Purchase Agreements will result in the issuance of common stock, or securities convertible into common stock, equal to 20% or more of our common stock outstanding immediately before we entered into the Purchase Agreements on each of July 9, 2009 and July 29, 2009. The per share market price of our common stock (which was greater than book value) was less than the consolidated closing bid price of \$0.73 on July 9, 2009 and immediately preceding entering into the Partlet Securities Purchase Agreement, which occurred after the close of market on that date. The per share market price of our common stock (which was greater than book value) was less than the consolidated closing bid price of \$0.51 on July 29, 2009 and immediately preceding entering into the Forbes Securities Purchase Agreement and the Cato Securities Purchase Agreement, which occurred after the close of market on that date. Accordingly, we are seeking stockholder approval of this proposal in order to ensure compliance with Section 713(a) of the NYSE Amex Company Guide.

Completion of the transaction depends on a number of conditions being satisfied or waived, including that our stockholders approve the issuance of our shares of common stock and warrants (and shares of common stock issuable upon exercise of the warrants) pursuant to the Purchase Agreements for purposes of Section 713(a) of the NYSE Amex Company Guide. We have already received gross proceeds of \$950,000 (and net proceeds of approximately \$900,000 after deducting estimated expenses), in connection with our sale of Securities to Partlet Holdings Limited. We expect to receive additional net proceeds of approximately \$725,000 if we are able to consummate the Remaining Partlet Transaction as well as the transaction with the Remaining Investors. We expect the Remaining Partlet Transaction as well as the transaction with the Remaining Investors to close within five business days after receipt of any required approvals from our stockholders. We expect to use the net proceeds for general corporate purposes.

Consequences if Stockholders Approve this Proposal 2

Ability to Complete the Transaction. Assuming that our stockholders also approve (i) Proposal 1 relating to the amendment to our Certificate of Incorporation and (ii) Proposal 3 relating to the consummation of the transaction with the Affiliate Investors, the approval by the stockholders of the issuance the Securities pursuant to the terms and conditions of the Purchase Agreements will allow us, subject to the satisfaction or waiver of the other conditions contained in the Purchase Agreements, to complete the Remaining Partlet Transaction as well as the transaction with all of the Remaining Investors. Should stockholders not approve this Proposal 2 then we will not be able to consummate the Remaining Partlet Transaction as well as the transaction with all of the Remaining Investors.

Dilution. The issuance of our shares of common stock in connection with the Remaining Partlet Transaction as well as the transaction with the Remaining Investors would have a dilutive effect on our earnings per share and on each stockholder's percentage voting power. In addition, such issuance could, under certain circumstances, have the effect of delaying or preventing a change in control by increasing the number of outstanding shares entitled to vote and by increasing the number of votes required to approve a change in control or remove incumbent directors from office. Moreover, any dividends paid per common share could be lower, as the funds available to pay dividends would be spread among a greater number of shares upon completion of the Remaining Partlet Transaction as well as the transaction with the Remaining Investors.

The following table summarizes (1) the total number of shares which will be issued and outstanding pursuant to the Purchase Agreements (not including the Warrants), (2) the number of shares each investor will be issued pursuant to Remaining Partlet Transaction as well as the transaction with the Remaining Investors assuming the Warrants are fully exercised at the current applicable exercise price and (3) the percentage of outstanding shares that the investors could potentially own after all securities anticipated by the Remaining Partlet Transaction as well as the transaction with the Remaining Investors are issued.

(1) Represents the total number of shares outstanding assuming all shares are issued under the terms of the Purchase Agreements (not including the Warrants).

- (2) Represents the total number of shares which will be issued and outstanding assuming (a) all shares are issued under the terms of the Purchase Agreements and (b) upon the full exercise of the Warrants at the current applicable exercise price.
- (3) Represents the percentage of outstanding shares that the Investors could potentially own, calculated on a post-transaction basis, after all securities anticipated by the Remaining Partlet Transaction as well as the transaction with the Remaining Investors are issued.

Consequences if Stockholders Fail to Approve this Proposal 2

If our stockholders do not approve the issuance of the Securities pursuant to the Purchase Agreements, we will fail to satisfy one of the conditions contained in the Purchase Agreement, and we will not be able to complete the Remaining Partlet Transaction as well as the transaction with the Remaining Investors. Accordingly, because we could not consummate the Remaining Partlet Transaction as well as the transaction with the Remaining Investors, we would fall short of the working capital necessary to further our immediate corporate objectives and, thus, we would be required to pursue other strategic alternatives. We may not be able to realize such alternatives on commercially reasonable terms, if at all, given the current economic climate.

Financial and other information concerning our company is incorporated herein by reference and contained in our Annual Report for the year ended June 30, 2008 and our Quarterly Report for the quarter ended March 31, 2009 which are being mailed with this proxy statement.

No Appraisal Rights

Under Delaware law, stockholders are not entitled to appraisal rights with respect to the actions contemplated by Proposal 2.

Required Stockholder Approvals

The NYSE Amex Company Guide requires that this proposal be approved by our stockholders representing a majority of the votes cast on the proposal (provided that a quorum is present).

The following table sets forth the proposals which are necessary to consummate the transactions set forth in the section entitled "Background Information" beginning on page 4.

Transaction	Proposal 1 approval required to consummate the transaction?	Proposal 2 approval required to consummate the transaction?	Proposal 3 approval required to consummate the transaction?
Partlet Holdings Limited	No	Yes	No

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE PROPOSAL TO APPROVE, FOR PURPOSES OF SECTION SECTION 713 OF THE NYSE AMEX COMPANY GUIDE, THE ISSUANCE OF OUR SHARES OF COMMON STOCK AND WARRANTS (AND THE SHARES OF COMMON STOCK ISSUABLE UPON EXERCISE OF THE WARRANTS), WHICH IN THE AGGREGATE EXCEED 20% OF OUR CURRENTLY OUTSTANDING SHARES OF COMMON STOCK, PURSUANT TO THE TERMS AND

CONDITIONS OF THE SECURITIES PURCHASE AGREEMENT, DATED AS OF JULY 29, 2009, BETWEEN PARTLET HOLDINGS LIMITED AND US, THE SECURITIES PURCHASE AGREEMENT, DATED AS OF JULY 29, 2009, BETWEEN EACH OF ROBERT FORBES, TIMOTHY FORBES, HARLAN W. QUICK CHARITABLE FOUNDATION AND US AND THE SECURITIES PURCHASE AGREEMENT, DATED AS OF JULY 29, 2009, BETWEEN CATO HOLDING COMPANY AND US.

PROPOSAL 3

PROPOSAL TO APPROVE, FOR PURPOSES OF SECTION 711 OF THE NYSE AMEX COMPANY GUIDE, THE ISSUANCE OF OUR SHARES OF COMMON STOCK AND WARRANTS (AND THE SHARES OF COMMON STOCK ISSUABLE UPON EXERCISE OF THE WARRANTS) PURSUANT TO THE TERMS AND CONDITIONS OF THE SECURITIES PURCHASE AGREEMENT, DATED AS OF JULY 29, 2009, TO CERTAIN OF OUR INSIDERS AND AFFILIATES.

Proposal

We are seeking approval of the issuance of the Securities to the Affiliated Investors. For information regarding our proposed issuance of the Securities and the terms of the Affiliates Purchase Agreement and Warrant, see “Background Information” beginning on page 4.

Reason For Request For Stockholder Approval

Pursuant to Section 711 of the NYSE Amex Company Guide, we are required to obtain stockholder approval when an equity compensation arrangement is made, pursuant to which stock may be acquired by officers, directors, employees, or consultants. NYSE Amex guidance indicates that the issuance of common stock or securities convertible into or exercisable for common stock by a company to affiliated entities of the company’s officers, directors, employees or consultants other than in a public offering at a price less than the greater of the book or market value of the common stock may be deemed to be equity compensation requiring stockholder approval under Section 711. Because each of Harlan W. Waksal, M.D., Rudolf Stalder, Thomas C. Quick, Christopher Forbes, David Rector, John N. Braca, Jack Van Hulst and Warren Isabelle serve as directors of Senesco, we need to seek approval of this proposal in order to ensure compliance with Section 711 of the NYSE Amex Company Guide.

Consequences if Stockholders Approve this Proposal

Ability to Complete the Transaction. Assuming that our stockholders also approve (i) Proposal 1 relating to the amendments to our Certificate of Incorporation and (ii) Proposal 2 relating to our ability to issue Securities which, in the aggregate (assuming the Warrants are fully exercised), exceed 20% of our currently outstanding shares of common stock, the approval by the stockholders of the issuance of Securities pursuant to the terms and conditions of the Purchase Agreements will allow us, subject to the satisfaction or waiver of the other conditions contained in the Purchase Agreements, to complete the transaction with the Affiliated Investors.

Dilution. The issuance of our shares of common stock in connection with the transaction with the Affiliated Investors would have a dilutive effect on our earnings per share and on each stockholder’s percentage voting power. In addition, such issuance could, under certain circumstances, have the effect of delaying or preventing a change in control by increasing the number of outstanding shares entitled to vote and by increasing the number of votes required to approve a change in control or remove incumbent directors from office. Moreover, any dividends paid per common share could be lower, as the funds available to pay dividends would be spread among a greater number of shares upon completion of the transaction with the Affiliated Investors.

The following table summarizes (1) the total number of shares which will be issued and outstanding pursuant to the Purchase Agreement (not including the Warrants), (2) the number of shares each Affiliated Investor will be issued pursuant to the transaction with the Affiliated Investors assuming the Warrants are fully exercised at the current applicable exercise price and (3) the percentage of outstanding shares that the Affiliated Investors could potentially own after all securities anticipated by the transaction with the Affiliated Investors are issued.

- (3) Represents the percentage of outstanding shares, calculated on a post-transaction basis, that the Affiliated Investors could potentially own after all securities anticipated by the Transaction with the Affiliated Investors are issued.

Consequences if Stockholders Fail to Approve this Proposal 3

If our stockholders do not approve the issuance of our shares of common stock and warrants (including the shares of common stock issuable upon exercise of the Warrants) pursuant to the Purchase Agreement with the Affiliated Investors, we will fail to satisfy one of the conditions contained in the Purchase Agreement which is applicable to the Affiliated Investors and will not be able to complete the transaction with the Affiliated Investors in its entirety. Because stockholder approval is needed to consummate the transaction with the Affiliated Investors in its entirety, the Company, pursuant to the terms of the Purchase Agreement with the Affiliated Investors would not be able to close on the sale of any of Securities. Accordingly, because we could not consummate the transaction with the Affiliated Investors in its entirety, we would fall short of the working capital necessary to further our immediate corporate objectives and, thus, we would be required to pursue other strategic alternatives. We may not be able to realize such alternatives on commercially reasonable terms, if at all, given the current economic climate.

We have already received gross proceeds of \$950,000 (and net proceeds of approximately \$900,000 after deducting estimated expenses), in connection with our sale of Securities to Partlet Holdings Limited. We expect to receive additional net proceeds of approximately \$110,000 if we are able to consummate the transaction with the Affiliated Investors. We expect the transaction with the Affiliated Investors to close within five business days after receipt of any required approvals from our stockholders. We expect to use the net proceeds for general corporate purposes.

Financial and other information concerning our company is incorporated herein by reference and contained in our Annual Report for the year ended June 30, 2008 and our Quarterly Report for the quarter ended March 31, 2009 which are being mailed with this proxy statement.

No Appraisal Rights

Under Delaware law, stockholders are not entitled to appraisal rights with respect to the actions contemplated by Proposal 3.

Required Stockholder Approvals.

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE PROPOSAL TO APPROVE FOR PURPOSES OF SECTION 711 OF THE NYSE AMEX COMPANY GUIDE, THE ISSUANCE OF OUR SHARES OF COMMON STOCK AND WARRANTS (AND THE SHARES OF COMMON STOCK ISSUABLE UPON EXERCISE OF THE WARRANTS) PURSUANT TO THE TERMS AND CONDITIONS OF THE SECURITIES PURCHASE AGREEMENT, DATED AS OF JULY 29, 2009, TO CERTAIN OF OUR INSIDERS AND AFFILIATES.

STOCKHOLDERS' PROPOSALS-2009 ANNUAL MEETING

Stockholders may submit proposals on matters appropriate for stockholder action at annual meetings in accordance with the rules and regulations adopted by the Securities and Exchange Commission. Any proposal that an eligible stockholder wished to submit for inclusion in our 2009 annual meeting proxy statement must have advised our Secretary of such proposals in writing by July 5, 2009 (120 calendar days prior to the anniversary of the mailing date of our 2008 annual meeting proxy statement). Such proposal would have been included if it complied with Securities and Exchange Commission rules regarding inclusion of proposals in proxy statements.

We did not receive notice of a stockholder proposal within this timeframe. If we had received notice of a stockholder proposal within this timeframe, our management would have used its discretionary authority to vote the shares they represent, as our board may recommend. We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these requirements.

OTHER MATTERS

Our board of directors is not aware of any matter to be presented for action at the meeting other than the matters referred to above and does not intend to bring any other matters before the meeting. However, if other matters should come before the meeting, it is intended that holders of the proxies will vote thereon in their discretion.

MULTIPLE STOCKHOLDERS SHARING ONE ADDRESS

In accordance with Rule 14a-3(e)(1) under the Exchange Act, one proxy statement will be delivered to two or more stockholders who share an address, unless we have received contrary instructions from one or more of the stockholders. We will deliver promptly upon written or oral request a separate copy of the proxy statement to a stockholder at a shared address to which a single copy of the proxy statement was delivered. Requests for additional copies of the proxy statement, and requests that in the future separate proxy statements be sent to stockholders who share an address, should be directed to Senesco Technologies, Inc., 303 George Street, Suite 420, New Brunswick, New Jersey 08901, telephone: (732) 296-8400.
