---

We believe that it is important to communicate our plans and expectations about the future to our stockholders and to the public. Some of the statements in this report are forward-looking statements about our plans and expectations of what may happen in the future, including in particular the statements about our plans and expectations in Part I of this report under the heading “Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.” Statements that are not historical facts are forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). You can sometimes identify forward-looking statements by our use of forward-looking words like “may,” “should,” “expects,” “intends,” “plans,” “anticipates,” “believes,” “estimates,” “predicts,” “potential,” or “continue” or the negative of these terms and other similar expressions.

Although we believe that the plans and expectations reflected in or suggested by our forward-looking statements are reasonable, those statements are based only on the current beliefs and assumptions of our management and on information currently available to us and, therefore, they involve uncertainties and risks as to what may happen in the future. Accordingly, we cannot guarantee that our plans and expectations will be achieved. Our actual results and stockholder values could be very different from and worse than those expressed in or implied by any forward-looking statement in this report as a result of many known and unknown factors, many of which are beyond our ability to predict or control. These factors include, but are not limited to, those described in Part I, Item 1A of annual report on Form 10-K for the year ended December 31, 2008 filed with the SEC on April 15, 2009, as amended on May 1, 2009 and July 13, 2009 (the “Form 10-K”), including without limitation the following:

- The early stage of adoption of our Safety-Sponge System and the unpredictability of our sales cycle
  - Our need for additional financing to support our business
  - Any failure of our new management team to operate effectively
- Our reliance on third-party manufacturers, some of whom are sole-source suppliers
  - Any inability to successfully defend our intellectual property portfolio

All written and oral forward-looking statements attributable to us are expressly qualified in their entirety by these cautionary statements.

Our forward-looking statements speak only as of the date they are made and should not be relied upon as representing our plans and expectations as of any subsequent date. Although we may elect to update or revise forward-looking statements at some time in the future, we specifically disclaim any obligation to do so, even if our plans and expectations change.

---
