2. United States of America. For additional information, reference is made to the Company's annual report on
Form 10-K for the fiscal year ended October 31, 2014. The results of operations for the three month periods
ended January 31, 2015 and 2014 are not necessarily indicative of operating results for the full year.

NOTE 3. INVENTORY

Inventory consists principally of purchased finished goods. Inventory is stated at the lower of cost or market on a first-in, first-out basis. Innovative Designs, Inc. (the "Company") has decided to discontinue the manufacturing of its hunting and swimming line of apparel. The Company has booked a reserve against this inventory at January 31, 2015 and October 31, 2014 of \$46,000. Management will continue to evaluate its obsolete inventory reserve throughout the year and make adjustments as needed.

NOTE 4. EARNINGS PER SHARE

The Company calculates net income (loss) per share in accordance with Financial Accounting Standards Board ("FASB") Accounting Standard Codification ("ASC") Topic 260 "*Earnings per Share*". Basic earnings (loss) per share is calculated by dividing income (loss) by the weighted average number of common shares outstanding for the period. During the periods presented, the Company only has common stock outstanding. As a result, diluted earnings per share was not calculated.

NOTE 5. DEPOSITS

The Company only has one manufacturer that produces the apparel and the INSULTEX material for the House Wrap on behalf of the Company, located in Indonesia. The Company will send deposits to the manufacturer for future production of the apparel and/or INSULTEX material, as the case may be, based on approved purchase orders

between the Company and the manufacturer. Once finished purchase orders are received by the Company, the deposits associated with those purchase orders are transferred into inventory. As of January 31, 2015 and October 31, 2014, the Company had no deposits with its manufacturer.

NOTES TO THE CONDENSED FINANCIAL STATEMENTS

Three Month Periods Ended January 31, 2015 and 2014 (Unaudited)

NOTE 6. INCOME TAXES

The Company accounts for income taxes in accordance with ASC Topic 740 "*Income Taxes*", which requires an asset and liability approach for financial reporting purposes.

Deferred income taxes are provided for differences between the tax bases of assets and liabilities and the financial reporting amounts at the end of the period, and for net operating loss and tax credit carryforwards available to offset future taxable income. Changes in enacted tax rates or laws result in adjustments to recorded deferred tax assets and liabilities in the periods in which the tax laws are enacted or tax rates are changed. The Company will continue to evaluate its income tax obligation throughout the year and will record a tax provision when it is necessary.

NOTE 7. SHIPPING AND HANDLING COSTS

The Company pays shipping and handling costs on behalf of customers for purchased apparel merchandise. These costs are billed back to the customer through the billing invoice. The shipping and handling costs associated with merchandise ordered by the Company are included as part of inventory as these costs are allocated across the merchandise received. With House Wrap orders the customer pays the shipping cost. The shipping and handling costs billed back to customer orders was approximately \$9,700 and \$11,600 for the three month periods ended January 31, 2015 and 2014, respectively. These amounts are included in both revenue and selling, general and administrative expenses.

NOTE 8. COMMON STOCK

During the three month period ended January 31 2015, the Company sold its stock to five investors. The stock was issued for prices from \$.60 to \$.80 per share. A total of 283,000 shares of common stock were sold, resulting in proceeds of \$203,750. We believe that Section 4(2) of the Securities Act of 1933, as amended, was available because these transactions did not involve a public offering and there was no general solicitation or general advertising involved in these transactions. We placed legends on the stock certificates stating that the securities were not registered under the Securities Act and set forth the restrictions on their transferability and sale.

NOTE 9. SEGMENT INFORMATION

We have organized our operations into two segments. We rely on an internal management reporting process that provides segment information for purposes of making financial decisions and allocating resources.

Background

Innovative Designs, Inc. (hereinafter referred to as the "Company", "we or "our") was formed on June 25, 2002. We market and sell clothing products such as outdoor apparel, and cold weather gear called "Arctic Armor" that are made from INSULTEX, a material with buoyancy, scent block and thermal resistant properties. We obtain INSULTEX through a license agreement with the owner and manufacturer of the material. Since our formation we have devoted our efforts to:

- Completing the development, design and prototypes of our products,
- Obtaining retail stores or sales agents to offer and sell our products,

- Developing our website to sell more of our products, and
- Establishing distribution channels for our House Wrap product.

The following table shows a comparison of the results of operations between the three month periods ended January 31, 2015 and January 31, 2014:

Net income (loss)	\$ (15,590)	-5.44 %	\$ 34,694	9.28 %	\$ (50,284)	-144.94 %

Revenues for the quarter ended January 31, 2015 were \$286,404 compared to revenues of \$373,252 for the quarter ended January 31, 2014, the decrease in revenue was largely the result of decreased sales of our Arctic Armor product line. The decrease is caused, in part, by increased competition in this product area. We are also focusing most of our resources and efforts toward the development of a market for our House Wrap product line. During the three month period ended January 31, 2015 House Wrap sales totaled \$7,605 in comparison with \$6,851 during the three month period ended January 31, 2014. Our net loss for the three months ended January 31, 2015 was \$(15,590). In February 2015, we announced that the laboratory which we use for testing our House Wrap product passed international accreditation which can now be documented on lab results. This allows the Company to begin an aggressive marketing program to national home builders who require the type of accreditation recently achieved.

Our selling, general and administrative expenses were \$151,907 for the three months ended January 31, 2015 compared to \$140,836 for the three months ended January 31, 2014.

INNOVATIVE DESIGNS, INC.

Liquidity and Capital Resources

During the quarter ended January 31, 2015, we funded our operations from revenues from sales and private sales of our securities.

Short Term: We will continue to fund our operations from sales and the sale of our securities. We continue to pay our creditors when payments are due. We will require more funds to be able to order the material for our House Wrap product and to purchase equipment needed for the manufacture of the product.

Long Term: The Company will continue to fund its operations from revenues, borrowings from private parties and the possible sale of our securities. Should we not be able to rely on the private sources for borrowing, our operations would be severely effected as we would not be able to fund our purchase orders to our suppliers for finished goods.

INNOVATIVE DESIGNS, INC.

PART II – OTHER INFORMATION

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

During the three month period ended January 31 2015, the Company sold its stock to five investors. The stock was issued for prices from \$.60 to \$.80 per share. A total of 283,000 shares of common stock were sold, resulting in proceeds of \$203,750. We believe that Section 4(2) of the Securities Act of 1933, as amended, was available because these transactions did not involve a public offering and there was no general solicitation or general advertising involved in these transactions and all of the purchasers were “accredited investors” as that term is defined under the securities laws. We placed legends on the stock certificates stating that the securities were not registered under the Securities Act and set forth the restrictions on their transferability and sale. Subsequent to the quarter, we sold 190,000 shares of stock at prices between \$0.60 and \$0.75 to five investors. Total proceeds were \$130,000. During the same period we issued 10,000 shares of stock, at \$1.20 per share, for services to one individual. We believe that Section 4(2) of the Securities Act of 1933, as amended, was available. All of the investors were “accredit investors.”

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a smaller reporting company, we are not required to provide the information otherwise required by this Item.

ITEM 4T. CONTROLS AND PROCEDURES

Management has developed and implemented a policy and procedures for reviewing, on a quarterly basis, our disclosure controls and procedures. During the quarter ended January 31, 2015, our principle executive/financial officer concluded that these controls and procedures were ineffective. At this time we do not have the financial resources to employ a financial staff with accounting and financial expertise, once we have the necessary financial resources, we plan to hire and designate an individual responsible for identifying reportable developments and to implement procedures designed to remediate the material weakness by focusing additional attention and resources in our internal accounting functions. During the fourth quarter of 2014 and the first quarter ended January 31, 2015, the Company was not able to close the books and records in a timely fashion. Consequently, the Company was unable to file its Form 10-K for the year ended October 31, 2014 within the timeline established by the SEC and was required to seek an extension for filing the form.

Changes in Internal Control Over Financial Reporting

During the most recent fiscal quarter, there were no changes in the Company's internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13(a)-15 or 15d-15 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
