CHANGE OF CONTROL

Agreement

As previously disclosed, we have entered into an agreement with Eloxx and Sevion Acquisition Co. Ltd., an Israeli company and a wholly-owned subsidiary of the Company ("Acquisition Sub"), dated as of May 31, 2017, as amended on August 1, 2017 and November 23, 2017 (the "Agreement"), pursuant to which Eloxx will merge with and into Acquisition Sub with Eloxx surviving as our wholly-owned subsidiary (the "Transaction"). We anticipate that the Transaction will be consummated on or about December 18, 2017, which we refer to herein as the "Closing" or the "Closing Date", though the Transaction may close at a later date in accordance with the Agreement.

At Closing, all of the ordinary and preferred shares of Eloxx's stock issued and outstanding as of the Closing will be converted, on a pro rata basis, into the right to receive such number of shares of our Common Stock, which shall constitute, in the aggregate, 71.60% of our issued and outstanding share capital as of the Closing, calculated on a Fully Diluted As Converted Basis (as defined in the Agreement), but excluding any then outstanding warrants and options to acquire shares of our Common Stock and any of the warrants and options to acquire ordinary shares of Eloxx that we assume in connection with the Transaction, respectively, which amount is subject to adjustment prior to Closing upon the occurrence of specified events, including to account for (i) any additional shares of our capital stock that may be issued prior to Closing and (ii) the payment of expenses by us above certain thresholds (as described in the Agreement) as of Closing. In connection with the Transaction, we will also, at Closing, and subject to the terms of the Agreement, assume each of the (i) outstanding stock options of Eloxx and (ii) outstanding warrants of Eloxx, each of which will be converted into a stock option or warrant, as applicable, to acquire such number of shares of our Common Stock equal to the number of Eloxx ordinary shares issuable upon exercise of the award multiplied by the Exchange Ratio (as defined in the Agreement), and we will also assume Eloxx's 2013 Share Ownership and Stock Option Plan to the extent it pertains to the Eloxx stock options that are assumed. Upon Closing, our existing stockholders will own a total of 29.40% of our issued and outstanding shares of Common Stock, and the former stockholders of Eloxx will hold in the aggregate approximately 71.60% of those shares of Common Stock, as may be further adjusted in accordance with the terms of the Agreement described above. The Transaction will result in a change of control of the Company.

A copy of the Agreement was filed as an exhibit to the Company's Current Report on Form 8-K, filed with the SEC on June 6, 2017. A copy of the first amendment to the Agreement was filed as an exhibit to the Company's Annual Report on Form 10-K for the year ended June 30, 2017, filed with the SEC on October 13, 2017, and a copy of the second amendment to the Agreement was filed as an exhibit to the Company's Current Report on Form 8-K, filed with the SEC on November 29, 2017.

Subscription Agreement

Pursuant to the Agreement, the Company and Eloxx are each obligated to raise at least \$12 million in cash investments from equity financings (the "Equity Raise Requirement"). In connection with the Equity Raise Requirement, certain investors entered into a share purchase agreement with Eloxx (the "Eloxx SPA") and such equity raise referred to as the "Eloxx Equity Raise") for the aggregate investment of \$24 million in cash, half of which was invested in Eloxx on May 31, 2017 and the remainder is due upon a second closing to occur on the earlier of December 31, 2017 or the Closing Date (the "Second Closing"). To the extent that the closing under the Agreement takes place prior to December 31, 2017, then, the second half will not be invested in Eloxx but will be rather invested in the Company under separate subscription agreements executed with the Company (the "Company Equity Raise" and the "Company Subscription Agreement" respectively). The Company Subscription Agreement contains customary representations and warranties and covenants, including, but not limited to, the entering into of a lockup agreement and registration rights agreement between the Company and the subscribers, in such forms as are to be mutually agreed to by the Company and Eloxx.

In accordance with a joinder to the Eloxx SPA, additional investors were brought in by Eloxx under the Eloxx SPA, which increased the total amount raised by Eloxx to \$30 million (of which \$12 million was invested on May 31, 2017, with an additional \$3 million invested under the joinder on June 29, 2017). The remaining \$15 million will be invested at the Second Closing either in Eloxx or, to the extent that the closing of the Transaction Agreement takes place prior to December 31, 2017, in the Company under the Company Subscription Agreement.

Pursuant to a second joinder to the Eloxx SPA an additional aggregate amount of \$8 million was raised from LSP V Coöperatieve U.A. (“LSP”), half of the amount was invested in Eloxx on August 2, 2017. Under the Eloxx SPA, the remainder shall be invested by LSP in Eloxx, upon Second Closing even if the closing of the Transaction takes place, but the second installment of \$4 million shall be deemed an investment in the Company for the purpose of the Exchange Ratio under the Agreement.

Accordingly, the Equity Raise Requirement under the Transaction Agreement was increased to the cash amount raised under the Eloxx SPA and the Company Subscription Agreement (with the second installment of LSP viewed as if invested in the Company).

As part of the Eloxx SPA and pursuant to the Company Subscription Agreements entered into on May 31, 2017 and June 29, 2017, certain investors agreed to purchase shares of the Company’s Common Stock, with such investment intended to satisfy the Company’s Equity Raise Requirement pursuant to and in accordance with the terms of the Company Subscription Agreement. The investment in the Company pursuant to the Company Subscription Agreement is subject to Closing of the Transaction.

OPKO Health, Inc. (“OPKO”), a multi-national biopharmaceutical and diagnostics company and current stockholder of the Company, is a signatory to the Company Subscription Agreement but it was agreed that its investment of \$1.5 million under the Company Subscription Agreement will not be subject to closing of the Transaction and may be provided to the Company at any time following the execution of the respective Company Subscription Agreement, though it will be counted for purposes of calculating the aggregate investment raised by (and cash amount with) the Company pursuant to the Equity Raise Requirement. Dr. Phillip Frost and Steven D. Rubin, each a member of the current Board, are the Chief Executive Officer and Chairman and Executive Vice President-Administration of OPKO, respectively. A copy of the Company Subscription Agreements was filed as an exhibit to the Company’s Current Report on Form 8-K, filed with the SEC on August 3, 2017.

CORPORATE GOVERNANCE

Board Leadership Structure and Role in Risk Oversight

The Board evaluates its leadership structure and role in risk oversight on an ongoing basis. Currently, David Rector is the Chairman of the Board and the Company's Chief Executive Officer. The Board does not currently have a lead independent director. The Board determines what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of the Company or other relevant factors.

The Board is also responsible for oversight of the Company's risk management practices while management is responsible for the day-to-day risk management processes. This division of responsibilities is the most effective approach for addressing the risks facing the Company, and the Company's Board leadership structure supports this approach. The Board receives periodic reports from management regarding the most significant risks facing the Company. In addition, the Audit Committee assists the Board in its oversight role by receiving periodic reports regarding the Company's risk and control environment.

Corporate Governance Guidelines

Our Board has long believed that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. During the past year, our Board has continued to review our governance practices in light of the Sarbanes-Oxley Act of 2002, the rules and regulations of the SEC and the listing standards, policies and requirements of the NYSE MKT. Although we have not been listed on the NYSE MKT for several years, we intend to continue to adhere to the corporate governance policies and requirements of the NYSE MKT.

Our Board has adopted corporate governance guidelines to assist it in the exercise of its duties and responsibilities and to serve the best interests of the Company and its stockholders. These guidelines, which provide a framework for the conduct of our Board's business, include that:

- the principal responsibility of the directors is to oversee the management of the Company;
- a majority of the members of our Board shall be independent directors;
- the independent directors met regularly in executive session;
- directors have full and free access to management and, as necessary and appropriate, independent advisors;

new directors participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and
at least annually, our Board and its committees will conduct a self-evaluation to determine whether they are functioning effectively.

Director Independence

We are not a listed issuer and so are not subject to the director independence requirements of any exchange or interdealer quotation system. Although we are not currently subject to director independence requirements, we use, nevertheless, in determining whether our directors and director nominees are independent, the definition of independence provided under Section 803 of the NYSE MKT Company Guide. Under this definition of independence, a director will, among other things, qualify as an “independent director” if, in the determination of our Board, that person does not have a relationship that would interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director. Our Board has determined that each of Messrs. Braca, Rubin and Frost is an “independent director” under Section 803 of the NYSE MKT Company Guide. Mr. Rector and Dr. Smider would not be considered independent because they currently serve or have served as officers of our company.

Committees and Meetings of our Board of Directors

Our Board held twenty-five (25) meetings during Fiscal 2017. Throughout this period, each member of our Board attended or participated in at least 75% of the aggregate of the total number of meetings of our Board held during the period for which such person has been a director, and the total number of meetings held by all committees of our Board on which each the director served during the periods the director served, with the exception of Drs. Frost and Smider. Currently, our Board has three standing committees: the Compensation Committee, the Audit Committee, and the Nominating and Corporate Governance Committee. From time to time, our Board may form additional committees on a short-term basis, such as a Pricing Committee to review the Company's financing activities and an Executive Committee to review certain of the Company's significant developments. Each standing committee operates under a charter that has been approved by our Board. Each of these charters is also posted on our website at www.seviontherapeutics.com. Our corporate governance guidelines provide that directors are expected to attend the annual meeting of stockholders. We did not hold an annual meeting during Fiscal 2017.

Compensation Committee

Our Compensation Committee was established in July 1999, pursuant to the Compensation Committee Charter. Our Compensation Committee generally makes recommendations concerning salaries and incentive compensation for our management and our employees. The primary responsibilities of our Compensation Committee, as more fully set forth in the Compensation Committee Charter adopted in July 1999 and amended and restated on March 11, 2011, include:

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is or has been an officer or employee of our company or any of our subsidiaries. In addition, no member of the Compensation Committee had any relationships with us or any other entity that requires disclosure under the regulations promulgated by the SEC and none of our executive officers served on the Compensation Committee or board of any company that employed any member of our Board.

Audit Committee

Our Audit Committee was established in July 1999. On March 11, 2011, our Board adopted an Amended and Restated Audit Committee Charter. The primary responsibilities of our Audit Committee include:

- appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;

Our Audit Committee is currently comprised of John N. Braca and Steven Rubin. Mr. Braca currently serves as the chairman of the Audit Committee. Although we are not currently subject to audit committee independence requirements, in determining whether our Audit Committee members are independent, we use the definition of independence provided under Section 803 of the NYSE MKT Company Guide. The NYSE MKT currently requires an Audit Committee comprised solely of independent directors. Messrs. Braca and Rubin are “independent” members of our Board as defined in Rule 10A-3 under the Exchange Act, and Section 803 of the NYSE MKT Company Guide. In addition, our Board has determined that Mr. Braca satisfies the definition of an audit committee “financial expert” as set forth in Item 407(d)(5) of Regulation S-K promulgated by the SEC. Our Audit Committee held four (4) meetings during Fiscal 2017.

Nominating and Corporate Governance Committee

The primary responsibilities of our Nominating and Corporate Governance Committee, as more fully set forth in the Nominating and Corporate Governance Committee Charter and Corporate Governance Guidelines adopted on October 15, 2004, and amended and restated on March 11, 2011 include:

- identifying individuals qualified to become our Board members;
- evaluating and recommending to our Board the persons to be nominated for election as directors at any meeting of stockholders and to each of our Board’s committees;
- reviewing and making recommendations to our Board with respect to management succession planning;
- developing and recommending to our Board a set of corporate governance principles applicable to the Company; and
- overseeing the evaluation of our Board.

Our Nominating and Corporate Governance Committee was formed on September 29, 2004, and it is currently comprised of Dr. Frost, who serves as the chairman. Dr. Frost is independent, as independence for nominating and corporate governance committee members is defined under Section 803 of the NYSE MKT Company Guide. The Nominating and Corporate Governance Committee did not hold any meetings during Fiscal 2017.

The Nominating and Corporate Governance Committee does not have a specific policy with regard to the consideration of diversity in identifying director nominees. The Nominating and Corporate Governance Committee considers the diversity of the professional experience, education and skill set in identifying the director nominees.

Code of Business Ethics and Conduct

On March 17, 2003, our Board adopted a Code of Business Ethics and Conduct, or Code of Ethics, which may be found on our website at www.seviontherapeutics.com. The Code of Business Ethics and Conduct applies to our principal executive officer, principal financial officer, principal accounting officer, and other persons who perform similar functions for the Company, in addition to our corporate directors and employees.

Our Code of Ethics contains written standards designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely, and understandable disclosure in reports and documents filed with the SEC and in other public communications made by our company;
- compliance with applicable governmental laws, rules and regulations;
- the prompt internal reporting of violations of our Code of Ethics to an appropriate person or persons identified in our Code of Ethics; and
- accountability for adherence to our Code of Ethics.

Each of our employees, officers and directors completed a signed certification to document his or her understanding of and compliance with our Code of Ethics.

Director Candidates

The process followed by our Nominating and Corporate Governance Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, our Nominating and Corporate Governance Committee will apply the criteria contained in the committee's charter. These criteria include, but are not limited to, the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. Our Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. In addition, although we do not have a formal diversity policy, we review diversity as one of the criteria for nomination. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Stockholders may recommend individuals to our Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than \$2,000 in market value, or 1%, of our Common Stock for at least one (1) year as of the date such recommendation is made, to: Nominating and Corporate Governance Committee, c/o Corporate Secretary, Sevion Therapeutics, Inc., 10210 Campus Point Drive, Suite 150., San Diego, California 92121. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Communicating with our Independent Directors

Our Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The Chairman of the Board, with the assistance of our outside counsel, is primarily responsible for monitoring communications from our stockholders and for providing copies or summaries to the other

directors as he considers appropriate. Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Chairman of the Board considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board should address such communications to: Board of Directors, c/o Corporate Secretary, Sevion Therapeutics, Inc., 10210 Campus Point Drive, Suite 150, San Diego, California 92121. Our Corporate Secretary will forward such communications to our Chairman of the Board.

Review and Approval of Related Person Transactions

Our Audit Committee Charter requires that our Audit Committee review and approve or ratify transactions involving us and any executive officer, director, director nominee, 5% stockholder and certain of their immediate family members, also referred to herein as a related person. The policy and procedures cover any transaction involving a related person, also referred to herein as a related person transaction, in which the related person has a material interest and which does not fall under an explicitly stated exception set forth in the applicable disclosure rules of the SEC.

A related person transaction will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person's interest in the transaction. In considering related person transactions, the Audit Committee will consider any information considered material to investors and the following factors:

- the related person's interest in the transaction;
- the approximate dollar value of the transaction;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that we could have reached with an unrelated third party; and
- the purpose and potential benefit to us of the transaction.

The following table sets forth information concerning compensation for services rendered in all capacities during the fiscal years ended June 30, 2017 and June 30, 2016, if applicable, awarded to, earned by or paid to: (i) all persons that served as our Chief Executive Officer during Fiscal 2017; (ii) our three most highly compensated executive officers other than the Chief Executive Officer who were serving as executive officers at the end of Fiscal 2017; and (iii) individuals who would qualify under (ii) but for the fact that the individual was not serving as an executive officer at the end of the fiscal year, collectively referred to herein as the named executive officers. No other executive officers who would have otherwise been includable in such table on the basis of total compensation for Fiscal 2017 have been excluded by reason of their termination of employment or change in executive status during that year.

Narrative Explanation of Certain Aspects of the Summary Compensation Table

Each of our named executive officers is eligible to receive (i) a base salary and (ii) an annual performance bonus payable in cash, stock or a combination at the discretion of the Compensation Committee.

Cash Compensation

The base salary for each of our named executive officers for our Fiscal 2017, is listed in the table below:

Name	Fiscal 2017 Base Salary
David Rector	\$ 60,000
Vaughn Smider, M.D., Ph.D.	\$ 40,000
James Graziano, Ph.D.	\$ 122,500
Miguel de los Rios Ph.D.	\$ 87,500

The Compensation Committee determined, as a result of reviewing several factors, and primarily because of our limited cash resources reserved for research and development activities, that no bonuses were or would be granted for Fiscal 2017.

Equity Compensation

During Fiscal 2017, the Compensation Committee determined that there would be no performance based options.

Grants of Plan-Based Awards

The Company did not grant any stock awards, option awards or equity incentive plan awards to its named executive officers during the fiscal year ended June 30, 2017.

Outstanding Equity Awards at Fiscal Year-End

The following table summarizes the equity awards we have made to our named executive officers, which remain outstanding as of June 30, 2017.

(1) Such amounts consist of performance based options with the maximum number of option shares in which the optionee may vest to be determined by the Compensation Committee within 90 days following the fiscal year-end based on achievement of performance metrics and shall vest one-quarter on the first anniversary of the date of grant with one-thirty-sixth of the balance vesting each month thereafter with continued service.

Option Exercises and Stock Vested

There were no option exercises and stock vested activity for our named executive officers during the year ended June 30, 2017.

Executive Benefits and Perquisites

In General – The named executive officers are also provided with certain market competitive benefits, described below. It is the Compensation Committee’s belief that such benefits are necessary for us to remain competitive and to attract and retain top caliber executive officers, since such benefits are typically provided by companies in the biotechnology industry and with other companies with which we compete for executive talent.

Retirement Benefits – The named executive officers may participate in our 401(k) plans administered by the Company and Fabrus, the Company’s wholly-owned subsidiary.

Other Benefits and Perquisites –All administrative employees, including the named executive officers, are eligible to receive standard health, disability, and life insurance. We do not provide any additional benefits and perquisites.

Severance and Change in Control Benefits

Retention Policy

On October 9, 2012, our Board approved a Retention Policy for those officers who do not have an employment agreement as of the date of their termination (the “Policy”). Pursuant to the terms and provisions of the Policy, in the event that an officer is terminated or resigns for good reason (as such term is defined in the Policy) in connection with a change of control transaction (as such term is defined in the Policy), such officer will be entitled to receive the following (subject to the limitation discussed below):

- (i) The involuntary termination benefits provided in the officer’s employment agreement, if any, including unpaid compensation and benefits.
- (ii) The full incentive bonus allocated to the officer for the calendar year in which termination occurs, as determined by the Board.
- (iii) A multiple of the officer’s annual base salary: (CEO=2x, CFO=1.5x, VP R&D=1.5x, VP Clinical=1.5x, other officers=1x).
- (iv) Medical coverage with term equal to base salary continuation under the Company’s group health insurance.
- (v) Allowance for all vested options to be exercisable for the remainder of each such vested option’s full remaining exercise period.

(vi) Immediate vesting of all unvested options granted to the officer.

Notwithstanding the foregoing, if the aggregate compensation set forth in clauses (i), (ii), (iii) and (iv) above to be paid to all officers exceeds 10% of the value of the transaction as determined by the parties (as reflected in a definitive agreement, including the fair market value of any publicly traded securities), or if not reflected in a definitive agreement, then as determined by a qualified, independent third party selected by our Board, then the Board shall have the discretion to reduce such compensation pro-rata to the extent necessary to consummate the change of control transaction.

The Policy also provides that our Board shall have discretion to grant a termination package in the event an officer is terminated by the Board without cause (as such term is defined in the Policy) or resigns for good reason (as such term is defined in the Policy).

The Compensation Committee believes that the severance benefits under the Policy provide financial protection against the potential loss of employment in designated circumstances and will allow our executive officers to focus attention on changes that are in the best interests of the stockholders, without undue concern as to each officer's own financial situation. The Compensation Committee also believes the accelerated vesting of equity awards is justified because those awards are designed to serve as the primary vehicle for the executives to accumulate financial resources for retirement. Finally, given the time periods and risks involved in pharmaceutical development, the Compensation Committee believes that the extended exercise period is an appropriate way to provide the officers with an opportunity to realize financial gains from decisions made during his or her tenure as an officer.

On October 6, 2017, our Board terminated the Retention Policy.

Executive Compensation Agreements

Consulting Agreement

On January 9, 2015, we entered into a consulting agreement with The David Stephen Group LLC, an entity controlled by David Rector, our interim President and Chief Executive Officer, setting forth Mr. Rector's monthly compensation amount for the provision of his services as our interim President and Chief Executive Officer, as well as certain other standard provisions, such as confidentiality and invention assignment. Effective as of March 23, 2016, our consulting agreement with The David Stephen Group LLC was amended to reflect a reduction in the compensation payable under such agreement.

Director Compensation

We pay our non-employee directors cash compensation, paid in quarterly increments as consideration for their service on our Board for each fiscal year as follows:

Annual (Base) Retainer	\$10,000
Per Scheduled Board Meeting Fee	\$1,500 ⁽¹⁾
Per Committee Meeting Fee	\$750 ⁽²⁾
Additional Annual Retainer:	
Chairman of the Board	\$5,000
Audit Committee Chair	\$3,500
Compensation Committee Chair	\$3,500
Nominating and Corporate Governance Committee Chair	\$1,500
Non-Chair Committee Member Additional Retainer (All Committees)	\$1,000
Maximum Per Diem For All Meetings	\$2,000

(1) \$750 for telephonic meetings (less than 30 minutes: \$375).

(2) \$375 for telephonic meetings.

Equity Compensation

Equity Election Program

A non-employee director may elect to receive, in lieu of such cash retainer and meeting fees, either (i) restricted stock units, or RSUs, covering that number of shares having a fair market value on the grant date equal to such cash award or (ii) a number of option shares equal to twice the number of RSU's that would have been received, with an exercise price per share equal to the fair market value of our Common Stock on the option grant date. Such election must be timely made and generally applies for the entire year. The awards are fully-vested on the grant date and each option has a maximum term of 10 years subject to earlier termination 3 months following cessation of board service. The RSUs or options are generally granted quarterly, effective two (2) days following the filing of our quarterly reports on Form 10-Q for that quarter, and are fully vested as of the grant date.

For Fiscal 2017, all of the non-employee directors elected to receive options in lieu of cash. Accordingly, the directors received options to purchase shares of our Common Stock pursuant to the provisions of the 2008 Stock Plan and their equity elections with the exercise price per share equal to the closing price on the option grant date. The dollar amount of the fees paid in equity pursuant to such program by each director for Fiscal 2017 and the number of shares subject to such equity awards was as follows:

Director	Grant Date	\$ Amount of Fees paid in Equity	Number of Shares subject to Options
John N. Braca	02/14/17	\$ 18,375	167,045
Phillip Frost, M.D.	02/14/17	\$ 12,000	109,091
Steven Rubin	02/14/17	\$ 17,625	160,227

Annual Equity Awards

We do not automatically grant options or other equity to our non-employee Board members. Our Compensation Committee reviews the equity program each year and determines the appropriate level of the equity awards to be made for that year. The Compensation Committee did not approve any grant of options or other equity to our non-employee Board members during Fiscal 2017.

Aggregate Equity Compensation

The following table sets forth information relating to the equity awards granted to the non-employee directors during Fiscal 2017.

Assumptions used in the calculation of these amounts are included in Notes 2 and 9 to our consolidated financial statements included elsewhere in this Annual Report on Form 10-K. The grant date fair values used to calculate such compensation costs were not adjusted to take into (1) account any estimated forfeitures. These amounts do not reflect the actual economic value that will be realized by the named executive officer upon the vesting of the stock options, the exercise of the stock options or the sale of the common stock underlying such stock options.
