Dear Berry Petroleum Company Shareholder:

It is our pleasure to invite you to Berry Petroleum Company's 2009 Annual Meeting of Shareholders. This year's meeting will be held on Wednesday, May 13, 2009 at 10:00 a.m. (MDT), at the Ritz Carlton Hotel at 1881 Curtis Street, Denver, Colorado. At the meeting we will focus on the business items listed in the notice of the meeting, which is contained on the cover page of this Proxy Statement.

We are pleased to take advantage of the new Securities and Exchange Commission rule allowing companies to furnish proxy materials to the shareholders over the Internet. We believe that this new e-proxy process will expedite shareholders' receipt of proxy materials and lower the costs and reduce the environmental impact of our annual meeting. On April 1, 2009 we expect to mail to our shareholders a Notice containing instructions on how to access our 2009 Proxy Statement and Annual Report for the year ending December 31, 2008 and how to vote online. As we did last year we have elected to send a full paper copy of the Proxy Statement and Annual Report to our registered shareholders. The Proxy Statement contains instructions on how you can (i) receive a paper copy of the Proxy Statement and Annual Report, if you only received a Notice by mail, or (ii) elect to receive your Proxy Statement and Annual Report over the Internet, if you received them by mail this year.

Whether or not you plan to attend the meeting, your vote is important and we encourage you to vote promptly. You may vote your shares via a toll-free telephone number or over the Internet. If you received a paper copy of the proxy card by mail, you may sign, date and mail the proxy card in the envelope provided. Instructions regarding all three methods of voting are contained on the proxy card.

We look forward to seeing you at the Annual Meeting.

This Proxy Statement is being mailed or transmitted on or about April 1, 2009 to the Company's shareholders of record on March 16, 2009.

Sincerely,

Proxy Statement for the

Annual Meeting of Shareholders of

BERRY PETROLEUM COMPANY

To Be Held on Wednesday, May 13, 2009

Solicitation

This Proxy Statement is furnished by our Board of Directors of Berry Petroleum Company (respectively our Board and we, us or the Company) in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders to be held on May 13, 2009, or at any adjournment thereof (the Annual Meeting or Meeting) pursuant to the Notice of Annual Meeting of Shareholders for said Meeting. This Proxy Statement and the proxies solicited hereby are being mailed or made available to our shareholders on or about April 1, 2009.

SHAREHOLDERS ARE URGED, WHETHER OR NOT THEY EXPECT TO ATTEND THE ANNUAL MEETING, TO COMPLETE, SIGN AND DATE THE ACCOMPANYING PROXY CARD AND RETURN IT PROMPTLY IN THE ENCLOSED ENVELOPE OR OTHERWISE VOTE YOUR PROXY CARD VIA THE TELEPHONE OR INTERNET.

VOTING SECURITIES

March 16, 2009 has been fixed as the record date for determination of shareholders entitled to notice of, and to vote at, the Annual Meeting or any adjournment thereof. As of March 16, 2009 there were 42,783,075 and 1,797,784 shares, respectively, of our Class A Common Stock (Class A Common Stock or Common Stock) and our Class B Stock (Class B Stock), par value \$.01 per share, issued and outstanding, referred to collectively as the Capital Stock.

Our Certificate of Incorporation provides that, except for proposed amendments to our Certificate of Incorporation adversely affecting the rights of a particular class (which must be approved by the affected class voting separately), the Class A Common Stock and the Class B Stock will vote as a single class on all matters upon which the Capital Stock is entitled to vote. Each share of Class A Common Stock is entitled to one vote and each share of Class B Stock is entitled to 95% of one vote. The Certificate of Incorporation also provides for certain adjustments to the Capital Stock in the event a separate class vote is imposed by applicable law.

Holders of the Capital Stock are entitled to cumulative voting rights for election of Directors. Cumulative voting rights entitle a shareholder to cast as many votes as is equal to the number of Directors to be elected multiplied by the number of shares owned by such shareholder. A shareholder may cast all of such shareholder's votes as calculated above for one candidate or may distribute the votes among two or more candidates. If you choose to cumulate your votes, you will need to submit a proxy card or a ballot and make an explicit statement of your intent to cumulate your votes, either by so indicating in writing on the proxy card or by indicating in writing on your ballot when voting at the annual meeting. If you hold shares beneficially in street name and wish to cumulate votes, you should contact your broker, trustee or nominee.

If you sign your proxy card or voting instruction card with no further instructions, Robert F. Heinemann or Kenneth A. Olson, or their successors, as proxy holders, may cumulate and cast your votes in favor of the election of some or all of the applicable nominees in their sole discretion, except that none of your votes will be cast for any nominee as to whom you vote against or abstain from voting. Unless otherwise instructed, the shares represented by proxies will be voted in the discretion of the proxy holders so as to elect the maximum number of Management nominees which may be elected by cumulative voting.

Cumulative voting applies only to the election of Directors. For all other matters, each share of Common Stock outstanding as of the close of business on the Record Date is entitled to one vote and each share of Class B Stock is entitled to 95% of one vote as described below.

1

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

I am a beneficial shareholder; why did I just receive a one-page Notice in the mail regarding the internet availability of proxy materials this year instead of a full set of proxy materials?

Pursuant to the new rules recently adopted by the Securities and Exchange Commission, we have elected to provide access to our proxy materials over the internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our beneficial owners. All beneficial shareholders will have the ability to access the proxy materials on a website referred to in the Notice or request to receive a printed set of proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed copy may be found on the Notice. In addition, shareholders may request, by calling Broadridge Financial Solutions, Inc. (Broadridge) at the number listed on the Notice, to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

How can I get electronic access to the proxy materials?

The Notice provides you with instructions regarding how to:

View our proxy materials for the Annual Meeting on the internet; and

Instruct us to send our future proxy materials to you electronically by email.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual shareholder's meeting on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Who may vote at the Annual Meeting?

Our Board of Directors has set March 16, 2009 as the record date for the Annual Meeting. If you were the owner of our Capital Stock at the close of business on March 16, 2009, you may vote at the Annual Meeting. Class A Common shareholders are entitled to one vote for each share of Class A Common Stock held on the record date and Class B shareholders are entitled to 95% of one vote for each share of Class B Stock held on the record date, including shares:

held directly in your name with our transfer agent as a "shareholder of record" and

held for you in an account with a broker, bank or other nominee (shares held in "street name").

A list of shareholders entitled to vote at the Annual Meeting will be open to the examination of any shareholder, for any purpose germane to the Annual Meeting, during normal business hours for a period of ten days before the Annual Meeting at our corporate offices at 1999 Broadway, Suite 3700, Denver, Colorado 80202, and at the time and place of the Annual Meeting.

How many shares must be present to hold the Annual Meeting?

A majority of our shares of Capital Stock outstanding as of the record date must be present at the Annual Meeting in order to hold the meeting and conduct business. This is called a quorum. On the record date, there were 42,783,075 shares of our Class A Common Stock and 1,797,784 shares of Class B Stock outstanding. Your shares are counted as present at the Annual Meeting if you:

are present and vote in person at the Annual Meeting; or

have properly submitted your proxy card by mail or voted your proxy card by telephone or via the internet prior to the Annual Meeting.

What proposals will be voted on at the Annual Meeting?

The items scheduled to be voted on at the Annual Meeting are:

the election of ten Director nominees to our Board of Directors until the next Annual Meeting of Shareholders, or until their respective successors are elected and qualified;

the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accountants; and

such other business as may be properly brought before the meeting or any adjournment thereof.

We are not currently aware of any other business to be acted upon at the Annual Meeting. If any other matters are properly submitted for consideration at the Annual Meeting, including any proposal to adjourn the Annual Meeting, the persons named as proxies shall vote the shares represented thereby in their discretion. Adjournment of the Annual Meeting may be made for the purpose of, among other things, soliciting additional proxies. Any adjournment may be made from time to time by approval of the holders of our Capital Stock representing a majority of the votes present in person or by proxy at the Annual Meeting, whether or not a quorum exists, without further notice other than by an announcement made at the Annual Meeting.

How does our Board of Directors recommend that I vote?

Our Board of Directors recommends that you vote:

"FOR" the Director nominees named in this Proxy Statement; and

"FOR" ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accountants.

How many votes are required to approve each proposal?

Directors are elected by a plurality of the votes cast at the Annual Meeting. This means that the ten nominees who receive the largest number of "FOR" votes cast will be elected as Directors.

Approval of the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accountants requires a majority of the votes cast at the Annual Meeting.

How are votes counted?

You may either vote "FOR" or "WITHHOLD" authority to vote for our Director nominees. If you withhold authority to vote with respect to any nominee, your shares will be counted for purposes of establishing a quorum, but will have no effect on the election of that nominee.

You may vote "FOR," "AGAINST" or "ABSTAIN" on the other proposals to be presented at the Annual Meeting and set forth in the Notice of Annual Meeting of Shareholders. If you abstain from voting on these proposals, your shares will be counted as present for purposes of establishing a quorum at the Annual Meeting. An abstention will have the same effect as a vote against the proposal.

Broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business but will not be counted for purposes of determining whether a proposal has been approved. Broker non-votes occur when brokers do not receive voting instructions from their customers and the broker does not have discretionary voting authority with respect to a proposal. If you hold shares through a broker, bank or other nominee and you do not give instructions as to how to vote, your broker may have authority to vote your shares on certain routine items but not on other items. Broker non-votes will not be counted for purposes of the election of Directors or the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accountants.

3

The persons named as proxies are Officers of Berry. All properly executed proxies returned in time to be counted at the Annual Meeting will be voted in accordance with the instructions given. If you sign and submit your proxy card without voting instructions, your shares will be voted in accordance with the recommendations of our Board of Directors.

How do I vote my shares without attending the Annual Meeting?

Whether you are a "shareholder of record" or hold your shares in "street name," you may direct your vote without attending the Annual Meeting in person. If you are a shareholder of record, you may vote by signing and dating your enclosed proxy card and mailing it in the postage-paid envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as guardian, executor, trustee, custodian, attorney or officer of a corporation), you should indicate your name and title or capacity. You may also vote by telephone or internet by following the instructions on the enclosed proxy card.

If your shares are registered in the name of a bank or a brokerage firm, you may be eligible to vote your shares electronically over the internet or by telephone. A large number of banks and brokerage firms participate in the ADP Investor Communications Services online program. This program provides eligible shareholders that hold shares in "street name" the opportunity to vote via the internet or by telephone. If your bank or brokerage firm is participating in ADP's program, your proxy materials will provide voting instructions. Eligible shareholders who elected to receive our Proxy Statement and Annual Report to Shareholders via the internet will be receiving an e-mail on or about April 1, 2009 with information explaining how to access Annual Meeting materials and instructions for voting. If you provide specific voting instructions by mail, telephone or the internet, your broker or nominee will vote your shares as you have directed.

How do I vote my shares in person at the Annual Meeting?

Even if you plan to attend the Annual Meeting, we encourage you to vote by signing, dating and returning the enclosed proxy card or otherwise to vote your proxy card via the telephone or internet so your vote will be counted if you are unable to, or later decide not to, attend the Annual Meeting. If you are a shareholder of record, you may vote in person by marking and signing the ballot to be provided at the Annual Meeting. If you hold your shares in "street name," you must obtain a form of proxy card in your name from your bank, broker or other shareholder of record in order to vote by ballot at the Annual Meeting.

What happens if my shares are held in more than one account?

If your shares are held in more than one account, you will receive a proxy card (or other voting instructions if your shares are held in street name) for each account. To ensure that all of your shares in each account are voted, you must sign, date and return each proxy card you receive or otherwise vote each proxy card via the telephone or internet.

How do I revoke my proxy and change my vote?

You may revoke your proxy at any time before the meeting.

Your method of doing so will depend upon how you originally voted:

By Internet simply log in and resubmit your vote Broadridge will only count the last instructions;

By Telephone simply sign in and resubmit your vote - Broadridge will only count the last instructions;

By Mail you must give written notice of revocation to Broadridge, 51 Mercedes Way, Edgewood, NY 11717 as noted on the Notice, submit another properly signed proxy with a more recent date, or vote in person at the meeting. For written notices, you must include the control number that is printed on the upper portion of the proxy card.

Unless otherwise directed in the accompanying proxy card, persons named therein will vote "FOR" the election of the ten Director nominees listed under the Nominees for Election section below and "FOR" the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accountants. As to any other business that may properly come before the Meeting, the proxy holders will vote in accordance with the recommendation of our Board of Directors.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Nominees for Election

Our Directors are elected at each Annual Meeting of Shareholders. At the Annual Meeting, ten Directors, constituting the authorized number of Directors, will be elected to serve until the next Annual Meeting of Shareholders and until their successors are elected and qualified. The nominees receiving the greatest number of votes at the Annual Meeting up to the number of authorized Directors will be elected.

Edgar Filing: BERRY PETROLEUM CO - Form DEF 14A

The nominees for election as Directors at the Annual Meeting are set forth in the table below and are all incumbent Directors who were elected at the May 2008 Annual Meeting of Shareholders. The ages shown are as of December 31, 2008. Each of the nominees has consented to serve as a Director if elected. Unless authority to vote for any Director is withheld in a proxy, it is intended that each proxy will be voted "FOR" such nominees. In the event that any of the nominees for Director should, before the Meeting, become unable to serve, it is intended that shares represented by proxies, which are executed and returned, will be voted for such substitute nominees as may be recommended by our existing Board of Directors, unless other directions are given in the proxies. To the best of our knowledge, all the nominees will be available to serve.

At its February 17, 2009 meeting, the Audit Committee recommended and approved the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm (independent auditors) to examine our financial statements for the year ending December 31, 2009. Our Board of Directors unanimously agreed to the recommendation. We are seeking shareholder ratification of such action. In the event the shareholders fail to ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee will reconsider this appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may recommend the appointment of a different independent registered public accounting firm at any given time during the year if the Audit Committee determines that such a change would be in our best interest and in the best interest of our shareholders.

It is expected that representatives of PricewaterhouseCoopers LLP will attend the Annual Meeting and be available to make a statement or to respond to appropriate questions.

YOUR BOARD AND THE AUDIT COMMITTEE RECOMMEND THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (INDEPENDENT AUDITORS).

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Berry Petroleum Company is committed to having sound corporate governance principles. Having such principles is essential to running our business efficiently and to maintaining our integrity in the marketplace. Our Corporate Governance Guidelines, Code of Business Conduct and Ethics, Code of Ethics for Senior Financial Officers and other documents of interest are available at <http://www.bry.com> or by writing to us Attention: Investor Relations. The contents of our website are not incorporated into this document.

Director Independence

In February 2007 and in February 2009, our Board, upon recommendation of the Corporate Governance and Nominating Committee, amended our Director Independence Standards, originally adopted in February 2005. Our Director Independence Standards is available at <http://www.bry.com> or by writing to us Attention: Investor Relations. The contents of our website are not incorporated into this document.

After careful review, our Board has determined that with the exception of Mr. Heinemann, the President and Chief Executive Officer, each of the current Directors (Mr. Joseph H. Bryant, Mr. Ralph B. Busch, III, Mr. William E. Bush, Jr., Mr. Stephen L. Cropper, Mr. J. Herbert Gaul, Jr., Mr. Thomas J. Jamieson, Mr. J. Frank Keller, Mr. Ronald J. Robinson and Mr. Martin H. Young, Jr.) standing for re-election has no material relationship with us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) and is independent within the meaning of our Director Independence Standards. All Board committees are entirely comprised of independent Directors.

Edgar Filing: BERRY PETROLEUM CO - Form DEF 14A

In reaching the findings of independence of the nine non-employee Directors, the Corporate Governance and Nominating Committee and our Board considered not only our categorical independence standards but each of the facts and circumstances of such nine Directors. Specifically with regard to the stock ownership by Mr. Bush and Mr. Busch and the directorship by Mr. Bush of Eagle Creek Mining and Drilling Inc. (the parent company to S&D Supply Company) as described in related party transactions on page 33 of this Proxy Statement, our Board considered the fact that our transactions with S&D Supply Company are completed on a purchasing basis consistent with that used with all other vendors, are at prices competitive in the industry, and represent benefit to us in the availability of the equipment utilized by us. The Board also considered the fact that these purchases represent less than 4% of our total purchases of such similar equipment and services, that this relationship between S&D Supply Company and us

7

predates our formation in 1985, and that the relative ownership and relationship with Mr. Bush and Mr. Busch to Eagle Creek is a small minority of that company.

In considering the independence of Mr. Young, our Board considered the fact that Falcon Seaboard Investment Company, an affiliate of Falcon Seaboard of which Mr. Young serves as Chief Financial Officer and Senior Vice President, purchased a position in our 8.25% Senior Subordinated Notes (Notes) in a transaction that did not involve the Company. These are publicly registered notes and Falcon and Mr. Young received no consideration from the Company in this matter. Likewise, Mr. Busch through a family trust, and Mr. Bush, Mr. Robinson and Mr. Gaul directly have also purchased our Notes in transactions that did not involve the Company. In fact, our Board encourages our Directors to not only own stock in the Company, but, if they should see fit, to own other of our non-equity securities. The Board would not consider any such ownership as impairing a Director's independence. Our only non-equity securities currently are the Notes issued pursuant to the Form 424B5 filed October 19, 2006.

Nomination for Directors

Shareholder Nominees

If a shareholder wishes to recommend a nominee for our Board of Directors, the shareholder should write to our Corporate Secretary at:

Corporate Secretary

Berry Petroleum Company

1999 Broadway, Suite 3700

Denver, CO 80202

Shareholders should specify the name and address of the nominee and the qualifications of such nominee for membership on our Board of Directors. All such recommendations will be brought to the attention of the Corporate Governance and Nominating Committee.

Evaluating Nominees for Director

Recommendations for open Board positions may come from a variety of sources including business contacts of current and former Directors or Officers, or a professional search firm selected by the Corporate Governance and Nominating Committee and shareholder nominations. In evaluating such recommendations, the Corporate Governance and Nominating Committee seeks to achieve a balance of knowledge, skills and experience on our Board. Each nominee will be considered based on the need or desire to fill existing vacancies, or to expand the size of our Board, and to select nominees that best suit our needs.

Director Qualifications

Board of Directors

Berry Petroleum Company

1999 Broadway, Suite 3700

Denver, CO 80202

Communications that are intended specifically for the independent Directors or the presiding Director should be sent to the address above to the attention of the Chairman of the Board. Personnel designated by us will review and create a log of all such correspondence that, in our opinion, deals with the functions of our Board or committees thereof. The Chairman of the Board periodically reviews the log of all such correspondence we receive and determines which items to bring to the attention of the full Board or to any particular Committee of our Board.

Additional Information Concerning Directors

Effective January 1, 2007, non-employee Directors, excluding the Chairman of the Board, are paid a quarterly fee of \$10,000, plus \$1,200 per day for each Board meeting day attended and \$1,200 per day for each Committee meeting attended which is not held on the same day as a Board meeting. As of January 1, 2007, the Chairman of the Audit Committee receives an additional retainer of \$3,750 per quarter, the Chairman of the Compensation Committee receives an additional retainer of \$2,500 per quarter, and the Chairman of the Corporate Governance and Nominating Committee receives an additional retainer of \$1,875 per quarter, each in addition to the meeting fees that are paid to other non-employee Directors. Effective January 1, 2007, the Chairman of the Board receives an annual Director's fee of \$150,000 payable quarterly in addition to the meeting fees that are paid to other non-employee Directors. Mr. Heinemann, as CEO, receives no further compensation as a Director. We reimburse all Directors for their reasonable expenses in connection with their activities as Directors. Non-employee Directors can elect to have their quarterly and meeting fees or other cash compensation paid in cash, or defer payment until their resignation from our Board of Directors in an interest account or to a stock unit account which mirrors our Class A Common Stock under deferral provisions of the Non-Employee Directors Deferred Compensation Plan. See the Director Compensation table on page 28 of this Proxy Statement.

The 2005 Equity Incentive Plan, which was approved by the shareholders in May 2005, allows for equity grants to Directors as recommended by the Compensation Committee and approved by our Board of Directors. Under the 2005 Equity Incentive Plan no options or restricted stock units were granted to the Directors in 2008. For 2007, 3,956 options and 1,319 restricted stock units (RSUs) were granted to the non-employee Directors on December 14, 2007. The grant date fair market value of the total Options and RSUs granted to each non-employee Director for 2007 was \$115,002 based on the average of the high and low stock price on December 14, 2007 of \$43.61. The 1,319 RSUs granted do not require any payment when exercised but are subject to a restriction that they may not be issued until at least January of 2012 or earlier when the Director leaves the Board, subject to a Director's deferral election to thereafter receive the underlying shares in five equal installments or in a lump sum. All undistributed shares are immediately issued in the event of a change in control. Pursuant to the 2005 Equity Incentive Plan, the exercise price of the options granted in 2007 is the average of the high and the low market stock price on the date of the award. The maximum option exercise period is ten years from the date of the grant. The options and RSUs issued to the Directors vest immediately. See page 29 of this Proxy Statement for a summary of the share holdings in the Company by our Directors.

Annually, the Directors participate in a multi-day session to discuss our strategy and goals. Each Director's spouse is invited to accompany the Director to the location of the session at our expense. The spouses do not participate in the business sessions. The cost of the spouses' travel along with the cost of any and all other perquisites is paid by the Company and for this meeting in 2008 was less than \$10,000. The cost of any and all perquisites paid to or on behalf of each non-employee Director was less than \$10,000 for 2008.

MEETINGS AND COMMITTEES OF OUR BOARD

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee (for purposes of this analysis, the Committee) has responsibility for establishing, implementing and continually monitoring adherence with our compensation philosophy subject to the ultimate approval of our Board of Directors. While this analysis is primarily intended to discuss the 2008 executive compensation of the five named executive officers consisting of Mr. Heinemann, Mr. Wolf, Mr. Duginski, Mr. Anderson and Mr. Kelso plus Mr. Canaday and Mr. Goehring who both held the position of Chief Financial Officer during 2008 (the Executive Officers), we have included discussion of our overall compensation program as the entire employee workforce is critical to our success. In our program there is natural linkage between compensation of our entire workforce, as primarily directed by our CEO, and the compensation of our Executive Officers.

The Committee ensures that the total compensation paid to the Executive Officers is fair, reasonable, competitive, and in our best interests. In carrying out its responsibilities, the Committee is authorized to engage outside advisors as the Committee deems appropriate. During 2008, the Committee utilized the services of Cogent Compensation Partners Inc. (Cogent). The services provided by Cogent included obtaining information and advice on compensation practices by an industry peer group, the makeup of which was pre-approved by the Committee and is described below. Cogent undertook no other services for us in 2008.

When determining the compensation for the Executive Officers (excluding the CEO), the Committee consults with, and receives recommendations from, the CEO as to compensation for each of the Executive Officers (excluding the CEO). The CEO does not make recommendations concerning his own compensation.

Compensation Philosophy and Objectives

Our compensation philosophy is designed to support the overall objective of maximizing the return to our shareholders while maintaining a qualified workforce by:

- attracting, developing, rewarding, and retaining highly qualified and productive individuals;
- directly aligning compensation to both the Company's performance and individual performance;
- ensuring compensation levels that are externally competitive and internally equitable; and
- encouraging executive stock ownership to enhance a mutuality of interest with our shareholders.

It is the Committee's policy to provide incentives that promote both our short term and long term financial objectives that are appropriate to the nature of our assets. Base salary and short term incentive compensation are designed to reward achievement of short term objectives while the long term incentive compensation is intended to encourage employees, particularly executives, to focus on our long term goals. Salary, annual cash bonuses and equity awards are the primary focus of our program and we believe attention to all three is important to retain our existing personnel and to attract and hire new employees. With the exception of our CEO, CFO and COO, we do not have employment agreements (other than change in control agreements, discussed below) with any of our employees. As to any given individual, the factors considered in any compensation decision include, but are not limited to, the complexity of that individual's job, the person's demonstrated contributions to our value, competitive pressures in the marketplace and his or her relative performance compared to peers within the Company.

Setting Executive Compensation

Our Board has determined that it is in our best interest to maintain flexibility when establishing executive compensation due to the intense competition for quality people within our industry and the volatility of commodity prices not under our direct control. Consequently, we have not set standards for executive compensation on a year to year basis nor set standards for the amount of short term versus long term compensation. The Committee utilizes its own discretion and experience and, if utilized by the Committee, the input of outside advisors to recommend both Executive Officer compensation as well as Board compensation for ultimate approval by the Board. Additionally, the CEO, at least annually, presents to the Committee his views as to salary adjustments, bonus amounts, and equity grants (in the form of stock options and/or RSUs) for the Executive Officers (excluding himself) and other employees.

12

After consulting with the CEO and any outside advisors that the Committee deems necessary, the Committee recommends to our Board the compensation it deems appropriate for the Executive Officers. All compensation for our officers is subject to Board approval. Currently, all equity grants are ultimately reviewed and ratified by the Committee and the Board.

As noted above, it is our belief that the competitive environment, particularly for skilled and technically trained personnel, in the energy business in the last several years has been unprecedented. This fact combined with extreme volatility in oil and gas prices in the second half of 2008, presented particular challenges for our executive compensation program in 2008. Consequently, in 2008, the Committee retained the services of Cogent to augment the Committee's own base of information on executive compensation. In addition, for non-executive employees, we participated in a series of compensation surveys and were able to draw upon the results of those surveys. Furthermore, we do our own internal analysis of the published compensation data of our peer group. The make up of that peer group was determined by the Committee in consultation with the CEO and with Cogent and is unchanged from the prior year. The peer group consists of: Bill Barrett Corp., Cabot Oil & Gas Corp., Cimarex Energy Co., Comstock Resources Inc., Denbury Resources Inc., Encore Acquisition Co., Forest Oil Corp., Petrohawk Energy Corp.,

Edgar Filing: BERRY PETROLEUM CO - Form DEF 14A

Plains Exploration & Production Co., Quicksilver Resources Inc., Range Resources Corp., St. Mary Land & Exploration Co., Stone Energy Corp., Swift Energy Co., and Whiting Petroleum Corp.

The Committee compares the competitive data for the base salary, short term incentive compensation and long term incentive compensation for each Executive Officer. When it is available, the data also is used to determine the relationship of cash compensation to equity compensation and the proration of the long term compensation between RSUs and stock option grants. The Committee begins its comparisons of the competitive data at the 50th percentile of the peer group and then determines what, if any, individual performance warrants compensation awards above or below that level. The Committee recognizes that the public data available is fundamentally at least six months or more old and, therefore, is only a directional tool in making decisions on executive compensation, particularly in the highly competitive environment experienced in recent years. This presented a particular challenge for the awards made in December 2008 in light of the unprecedented rise in commodity prices in the first half of 2008 and the even more disruptive and significant decline in oil and gas prices in the last months of 2008.

The basic tool used to encourage participation of our employee base in our equity ownership is currently RSUs, which are an important foundation of equity ownership that retain value in volatile commodity markets. All equity grants in 2008 were in the form of RSUs except for the equity grant to Mr. Wolf upon his date of hire of August 4, 2008 which was 50% in Options and 50% RSUs. While we believe stock options are by their nature tied to performance and therefore remain part of the potential compensation tools our Board has used and may use in the future, no other stock options were granted in 2008.

Elements of Executive Compensation Components

During fiscal year 2008, we compensated our Executive Officers with a compensation program composed of:

- base salary;
- short term incentive compensation;
- long term incentive compensation;
- 401(k) excess matching;
- executive life insurance; and
- other personal benefits.

Base Salary. The Committee reviews each Executive Officer and certain other Management employees' salaries annually. In determining appropriate salary levels, the Committee considers the level and scope of responsibility, experience, our performance, individual performance relative to internal peers, as well as pay practices of other companies relating to executives of similar responsibility. By design, we strive to set executives' salaries at or close to competitive market levels. For 2008, salaries paid to our named Executive Officers accounted for the following percentages of their Total 2008 Compensation: Mr. Heinemann (22%), Mr. Wolf (4%), Mr. Duginski (28%), Mr. Anderson (44%), Mr. Kelso (61%), Mr. Canaday (50%) and Mr. Goehring (100%). For this determination Total 2008 Compensation is the sum of 1) 2008 base salary, 2) the cash bonus approved by our Board of Directors on December 12, 2008 and paid in February 2009 and 3) the grant date fair value of RSU awards granted on December 12, 2008 (Total 2008 Compensation). In addition for Mr. Wolf, it includes his equity grants awarded on his date of hire. As noted below, Mr. Goehring announced his plan to retire in mid-2008 and did retire in December 2008 so he did not

receive any long term equity grant in 2008 or 2007. Consequently, his salary was a higher percentage of his total compensation. No salary increases were made for 2009 for officers.

2008 Short Term Incentive Compensation Plan. In February 2008, upon recommendation of the Committee and the CEO, our Board approved a short term incentive compensation program for 2008 for all our employees (2008 ICP). All employees participated in the 2008 ICP which was intended to align employee incentives to achievement of our annual performance goals. A targeted, short term payout was determined and communicated to each employee. This amount is directly dependent upon the individual's position, responsibility, and ability to impact our operating and/or financial success. The actual short term incentive compensation received by an employee was a product of the targeted payout multiplied by a bonus percentage determined by regional and Company performance as determined under the 2008 ICP. External market data is reviewed periodically to determine the competitiveness of our incentive programs. Total payout under our incentive compensation plan in any year (ICP) is currently limited to approximately 3.75% of our annual net income and the range of percentages of salary for the Executive Officers was 0% to 100%. For 2008, bonuses paid to our named Executive Officers in February 2009 and declared by our Board of Directors on December 12, 2008 accounted for the following percentages of their Total 2008 Compensation: Mr. Heinemann (25%), Mr. Wolf (4%), Mr. Duginski (22%), Mr. Anderson (17%), Mr. Kelso (17%), Mr. Canaday (17%) and Mr. Goehring (0%).

The 2008 ICP had four measures of performance and each measure of performance had (i) assigned a relative weight and (ii) threshold, target and maximum levels for the applicable year. The target measures of performance in 2008 for the Executive Officers were as follows:

Measure of Performance	Relative Weight	Metric Target
Profitability measured by net income (1)	25%	\$135,000,000
Growth measured by total Company production (BOE/D)	25%	30,250
Finding and development costs per barrel	25%	\$10.10
Total shareholder return measured relative to the peer group	25%	50%

(1) The net income target and the funding and development costs per barrel were based on the approved 2008 capital budget and assumed \$75/barrel (BBL) West Texas Intermediate (WTI) crude price and \$7.50/Million British Thermal Units (MM BTU) Henry Hub (HH) gas price as well as differentials for oil and gas prices by region. The 2008 ICP allowed for adjustments to the net income and funding and development costs per barrel numbers as these assumptions changed.

Where appropriate, metrics were broken down between our two principal regions, California and the Rocky Mountain region, and also to Company support services. However, the Executive Officers were only measured based on overall Company performance. Additionally, there is an overall modifier based on our environmental health and safety (EHS) performance.

The Committee and the Board, with input from the CEO, have the discretion to adjust the ICP over the course of the year. For example, adjustments to ICP targets may be required when events occur that could not be anticipated in the design of the ICP at the beginning of the year. These would include acquisitions completed over the course of the year or events outside our control such as disruptions in our access to crude oil and natural gas markets. Certain adjustments were made to reflect the impact of our East Texas acquisition that occurred in July, 2008.

For 2008, based on the actual regional and Company performance against the metric targets of the ICP, including the EHS multiplier of 101%, the range of companywide bonus percentages was from 78% to 122%. The applicable bonus percentages were then applied against an individual's targeted bonus award. For Executive Officers the applicable percentage was 78%.

Awards under the ICP are paid to all employees, except the Executive Officers and other officers, at the end of January in the year following the applicable year. Executive Officers and other officers receive their awards under the ICP following our receipt of audited financials for the applicable year which was in February 2009 for 2008 cash bonuses.

Long Term Incentive Compensation. Long term incentive compensation is awarded to employees that we must retain to accomplish our strategic goals over the longer term. As with base salary and short term incentive compensation, the value of long term awards is determined by several factors. These factors include our need to retain a specific employee, the employee's performance, the employee's ability to add value to our enterprise and the competitive compensation data. Since the shareholders' approval of the 2005 Equity Incentive Plan, restricted share unit awards are the primary method used to provide equity grants for employees other than officers although a mix of both stock options and restricted share unit awards is sometimes considered. RSUs are aligned with our shareholders' interest and provide retention value even in a low price commodity environment. In the past, officers received both types of awards, but in 2008 all awards were of restricted share unit awards except for Mr. Wolf who, upon his commencing employment with us in August 2008, received an equity grant that was 50% in stock options and 50% in RSUs. It is our opinion that our Executive Officers and other officers have the highest opportunity, in comparison to other employees, to effectuate our achievement of our corporate strategies.

It is the determination of our Board that the most appropriate time for us to make awards under the 2005 Equity Incentive Plan is at the end of the calendar year, as has been our practice since 1987. It is the opinion of our Board that announcing the awards at that time provides the greatest incentive to the employees going into the beginning of the next calendar year. Our Board has mechanisms in place to assure itself as to the accuracy of the performance numbers used at that time as our Board historically has made its final decisions within the first half of the month of December. Stock options are priced on the date of our Board meeting at which the decision on the grants is made and for which the meeting date is set well in advance. Likewise, all other stock options that may be occasionally granted during the year for new hires or special retention awards are priced on the date of grant. Under the 2005 Equity Incentive Plan, stock options are awarded at the average of the high and the low market sales price on the date of the award, while under the prior plan, the price was the closing market price on the date of the award. At the time the 2005 Equity Incentive Plan was adopted it was determined that using the average price on the date of the award was more appropriate than the closing price.

For the awards made in December 2008 to our Executive Officers, our Board and Compensation Committee determined the awards should be 100% in RSUs, each vesting 25% per year over 4 years. These RSUs, once vested, are transferred to the Executive Officer in the earlier of January 2013 or the January following their termination of employment subject to the Executive Officer's deferral election to then receive the shares in a lump sum or over five years. The total dollar value of each award was first determined for each of the individuals, based first on recommendations by Mr. Heinemann for the other Executive Officers and for Mr. Heinemann by the Compensation Committee using the Compensation Committee members' experience and knowledge in evaluating the competitive data as to the chief executive officers within the peer group. The Committee also compared the long term compensation to the competitive data for the other Executive Officers. Overall, the corresponding value of units granted on December 12, 2008 was down approximately 47% compared to the value of the grants made in December 2007 primarily due to the significant reduction in commodity prices year to year. Due to Mr. Goehring's announced retirement, he was not given any long term compensation awards. For 2008, the average share price on the grant date for RSUs of awards made to our Executive Officers under the 2005 Equity Incentive Plan accounted for the following percentages of their Total 2008 Compensation: Mr. Heinemann (52%), Mr. Wolf (92%), Mr. Duginski (50%), Mr. Anderson (40%), Mr. Kelso (23%), Mr. Canaday (33%) and Mr. Goehring (0%). Mr. Wolf's equity awards include his awards on his date of hire.

Conclusion. At the conclusion of its consideration of our performance under the ICP, the Compensation Committee and then our Board of Directors considers the recommendation of the CEO as to the cash bonuses, equity awards and salary adjustments to be made, with particular emphasis on those for the officers (excluding the CEO). The CEO's compensation is discussed within and solely determined by the independent Directors upon recommendation of the Committee and following review of the performance of the CEO.

Due to the disruptive and significant decline in oil and gas prices in the last months of 2008 as well as a general decline of the United States economy in those same months, our Board of Directors concluded that a general reduction in each Executive Officer's Total 2008 Compensation (as compared to such Executive Officer's Total 2007 Compensation) should be implemented. As a result, Mr. Heinemann's Total 2008 Compensation was reduced by 30.7% to \$2,703,303; Mr. Duginski's Total 2008 Compensation was reduced by 27.4% to \$1,149,327; Mr. Anderson's Total 2008 Compensation was reduced by 29.0% to \$516,673; and Mr. Kelso's Total 2008 Compensation was reduced by 31.9% to \$361,475. Overall, for these Executive Officers Total 2008 Compensation declined 29.6% when compared to Total 2007 Compensation. Due to Mr. Goehring's announcement in 2007 of his impending retirement, Mr. Canaday's being named Interim Chief Financial Officer for a portion of 2008 and Mr. Wolf's beginning his employment in the second half of 2008, a comparison of the Total 2008 Compensation to the

Total 2007 Compensation for these Executive Officers for the chief financial officer position does not present a helpful comparison summary of compensation granted.

As stated above, for the purpose of the above referenced numbers, Total 2008 Compensation is the sum of 1) 2008 base salary, 2) the cash bonus approved by our Board of Directors on December 12, 2008 and paid in February 2009 and 3) the grant date fair value of RSU awards granted on December 12, 2008 (Total 2008 Compensation). Additionally, for purposes of the above referenced numbers, Total 2007 Compensation is the sum of 1) 2007 base salary, 2) the cash bonus approved by our Board of Directors on December 14, 2007 and paid in February 2008 and 3) the grant date fair value of RSU awards granted on December 14, 2007. Total 2008 Compensation and Total 2007 Compensation do not have the same meaning as the number set forth in Column (j) of the Summary Compensation Table set forth below, which is calculated pursuant to specific rules found in Item 402 of Regulation S-K but we present the above supplemental information because it is particularly reflective of the perspective of our Board of Directors. The Total 2008 Compensation is comprised of the figures from the applicable rows in columns (c) and (d) from the Summary Compensation Table on page 21 and column (l) from the Grants of Plan Based Awards table on page 23 herein. Similarly, the Total 2007 Compensation is comprised of the figures from the applicable rows in columns (c) and (d) from the Summary Compensation Table on page 21 herein and \$2,600,013, \$1,050,033, \$415,014, and \$240,003 for Messrs. Heinemann, Duginski, Anderson, and Kelso, respectively, representing the fair market value of equity grants in 2007 as set forth in column (l) from the Grants of Plan Based Awards table on page 23 of our 2008 proxy statement.

2009 Compensation Program and ICP. For 2009, we will continue to have a compensation program that includes base salary, short term incentive compensation and long term compensation in the form of equity awards. The short term compensation includes the 2009 ICP, which was approved in February 2009 by the Compensation Committee and the Board of Directors, to align employee incentives to achievement of our annual performance goals. The 2009 ICP has five measures of performance and each measure of performance has (i) an assigned relative weight and (ii) a threshold, target and maximum levels for 2009. The target measures of performance in 2009 for the Executive Officers are as follows:

Measure of Performance(1)	Relative Weight	Metric Target
Cash flow	20%	\$250,000,000
Total Company production (BOE/D)	20%	32,300
G&A Costs	20%	\$47,000,000
Total Debt Reduction	20%	\$14,000,000
Total shareholder return measured relative to the peer group	20%	50%

(1) The Committee and the Board retain the discretion to adjust the ICP targets when market conditions or other events occur that could not be anticipated in the design of the ICP at the beginning of the year. Examples include acquisitions and divestitures completed over the course of the year or other events outside our control such as disruptions in access to crude oil and natural gas markets.

Where appropriate, metrics for our employees are delineated between our seven asset teams and also to various Company support services. However, the Executive Officers are only measured on our overall performance as reflected in the described Company scorecard. Additionally, there is an overall modifier based on our EHS performance.

As in prior years, decisions about adjustments to base salaries, final decisions on outcomes under the 2009 ICP and equity awards are projected to be made in December, 2009.

Perquisites and Other Personal Benefits. The Executive Officers are entitled to the same benefits coverage as all other employees such as health insurance, 125 Cafeteria Plan, reimbursement of ordinary and reasonable business expenses, relocation expenses when the relocation is at our request, and the like with the exception that the Executive Officers and other officers may also receive a monthly automobile allowance. In 2008, the total amount we paid for automobile allowances for all the Executive Officers was \$44,799.

Pursuant to the terms of our 2005 Equity Incentive Plan, each recipient of RSUs receives a payment, in conjunction with our payment of dividends, equal to the amount of dividends that would have been paid on the shares

16

of our Common Stock had the RSUs been converted to Common Stock. In 2008, we paid \$88,252 to the Executive Officers for this benefit.

We also provide, for certain senior executives, an amount toward assisting those executives with financial planning services. In 2008, the total amount we paid to all the Executive Officers for financial planning services was \$22,500 for this benefit.

Chief Executive Officer

Mr. Heinemann was named the President and Chief Executive Officer on June 16, 2004 and was previously named the interim President and interim Chief Executive Officer on April 26, 2004 and the Chairman of the Board from April 1, 2004 until June 16, 2004. From December 5, 2003, to March 31, 2004, Mr. Heinemann served as the Director designated to preside at executive sessions of our Board in the absences of the Chairman as well as to act as liaison between the independent Directors and the Chief Executive Officer. From 2000 until 2002, Mr. Heinemann served as the Senior Vice President and Chief Technology Officer of Halliburton Company and as the Chairman of the Halliburton Technology Advisory committee. He was previously with Mobil Oil Corporation (Mobil) where he served in a variety of positions for Mobil and its various affiliate companies in the energy and technical fields from 1981 to 1999, most recently as the Vice President of Mobil Technology Company and the General Manager of the Mobil Exploration and Producing Technical Center. Mr. Heinemann has bachelors and doctorate degrees in Chemical Engineering from Vanderbilt University, Nashville, Tennessee.

Upon Mr. Heinemann's appointment as full time President and Chief Executive Officer in June 2004, we entered into a written Employment Agreement with Mr. Heinemann which provided for an initial base salary of \$375,000 and specified Mr. Heinemann's eligibility for discretionary annual bonuses. The term of the Agreement was for three years unless earlier terminated pursuant to its terms. In 2004, Mr. Heinemann received a signing bonus of \$300,000 as well as a stock option grant of 100,000 stock options as an inducement for Mr. Heinemann to accept the position and in recognition of his foregoing other business opportunities.

In the spring of 2006, in the face of increasing intensity of competition for qualified, experienced personnel in our industry, Mr. Heinemann's retention as President and Chief Executive Officer was deemed by our Board to be vital to the ongoing implementation of our long term strategies and in particular our growth activities in the Rocky Mountain region and the potential development of the diatomite resource in California. This assessment was based on his experience, qualifications in upstream technology and oil and gas production and his leadership qualities. In recognition of these facts, as well as the fact that only approximately one year remained in the term of his employment agreement, it was the unanimous consensus of the independent Directors that it was prudent to enter into an amended and restated employment agreement with Mr. Heinemann to ensure the continuity of his services. Our Board charged the Committee to begin to consider the variety of approaches to ensure Mr. Heinemann's retention and to recognize his accomplishments to date and the additional efforts required to retain him.

Edgar Filing: BERRY PETROLEUM CO - Form DEF 14A

Based on the experience and knowledge of members of the Committee, data generally available to us from industry surveys and input from outside experts, the Committee identified potential terms, including benefits that would be appropriate to offer to Mr. Heinemann. The Committee engaged the services of an outside tax consulting firm to provide calculations of the relative cost to us under various assumptions as directed by the Committee for the total compensation package, with particular focus on the cost of the change in control and the tax gross up provisions of a new contract with Mr. Heinemann.

On June 23, 2006, we entered into an amended and restated employment agreement with Mr. Heinemann (the Amended and Restated Employment Agreement) that amended and restated Mr. Heinemann's existing employment agreement. The Amended and Restated Employment Agreement extended the term of Mr. Heinemann's employment until January 31, 2010 and provides that we may annually elect to extend the term for an additional year by giving two years prior notice. It provides for an annual salary of \$500,000 and eligibility for a discretionary annual bonus with a target of 100% of the base salary, provided that the bonus may range from 50% to 200% of the base salary (though in certain circumstances it may be less) and a one-time grant of RSUs representing 161,300 shares of Common Stock which vests on January 31, 2010, assuming Mr. Heinemann's continuing service as CEO on that date. Effective January 2008, the Board raised Mr. Heinemann's salary to \$600,000 and on December 14, 2007 awarded him 89,470 options and 29,810 RSUs, each vesting over four years, for a total value of \$2,600,002 in recognition of his performance in 2007. A cash bonus of \$720,000 was paid to Mr. Heinemann in February 2008 for 2007 performance. In December 2007 and 2008, the Board exercised its right to give notice to Mr. Heinemann of additional one year extensions of the Amended and Restated Employment Agreement such that his agreement now expires January 31,

17

2012. In November 2008, a further amendment was entered into for the sole purpose of ensuring compliance with certain technical terms under IRC 409A.

Mr. Heinemann's compensation incentives are primarily derived from short term incentive compensation and the 2005 Equity Incentive Plan. The ultimate value of the stock options and RSUs received and other equity incentives that may be granted in the future are directly related to our current and future stock performance.

In the event we terminate Mr. Heinemann's employment without cause, or Mr. Heinemann terminates employment for good reason, Mr. Heinemann will be entitled to severance in an amount equal to two times (1) his annual base salary, (2) his highest annual bonus in the last two years, and (3) our then maximum annual matching contribution to our 401(k) Plan, plus certain other benefits for a two year period. Mr. Heinemann's unvested stock options and RSUs will also fully vest upon such an event. He will also have additional time to exercise stock options granted under our 1994 Stock Option Plan.

In the event we terminate Mr. Heinemann's employment without cause, or Mr. Heinemann terminates employment for good reason within two years after (or in certain cases within six months before) a change in control, as defined, Mr. Heinemann will be entitled to the above benefits with respect to his stock options and RSUs, and enhanced severance representing three times (1) his annual base salary, (2) highest annual bonus in the last two years, and (3) our then maximum annual matching contribution to our 401(k) Plan, and to continue certain other benefits for a period of three years. We also agree to pay Mr. Heinemann for any taxes on parachute payments imposed as a result of the foregoing benefits. See page 25 of this Proxy Statement for a table that summarizes these benefits under certain assumptions.

If Mr. Heinemann resigns or if we terminate his employment for cause, Mr. Heinemann is not eligible for any separation benefits and will forfeit all unvested stock options and RSUs when his employment ends. The independent Directors acted unanimously to approve the Amended and Restated Employment Agreement, including the concurrent restricted stock unit grant, upon the recommendation of the Committee, and as an inducement and incentive to Mr. Heinemann to continue in his employment with us and likewise unanimously approved the compensation awards to him based on 2007 and 2008 performance and the notices of extension of the term of his Amended and Restated Employment Agreement.

When Mr. Heinemann was recruited to join our Board, he maintained his residence in Texas. When his role expanded with us, first as interim Chief Executive Officer, and then as President and Chief Executive Officer, being able to maintain his residence in Texas was a condition of his employment. Our Board readily accepted that condition when balanced against all of the other significant attributes Mr. Heinemann brought to the Chief Executive Officer position. A great deal of travel is required as part of the performance of our Chief Executive Officer's position whether to corporate headquarters in Denver, Colorado, to the regional office in Bakersfield, California or to tour our properties now located in multiple locations over many states. In addition, travel is required to meet with Directors in their various states of residence and with a wide variety of third parties including investors in our stock and Notes located throughout the United States.

Travel to many of our locations is difficult and/or time consuming on a commercial basis, and ultimately, in order to maximize Mr. Heinemann's and other executives' productivity, we began using chartered aircraft, commencing in 2005. In 2006, our Board evaluated the use of chartered aircraft and determined that it was in our best interests, both from an efficiency and an economic perspective, that we purchase our own corporate aircraft which we did in July 2006. An aircraft-use policy was adopted which placed certain restrictions on the use of the aircraft and certain protocols to ensure safety considerations at all times and to avoid non-prior approved personal use. In December 2006, we sold the aircraft and leased back the aircraft in an agreement with the purchaser. The aggregate incremental cost to us for Mr. Heinemann's non-business, primarily commuter, use of our chartered or leased aircraft in 2008, was \$187,389. To the extent that any of the cost for travel is deemed to be taxable income to Mr. Heinemann under applicable tax laws, Mr. Heinemann pays those taxes on such deemed income.

Executive Vice Presidents

On November 19, 2008, we entered into employment agreements with Mr. David Wolf, Executive Vice-President and Chief Financial Officer and Mr. Michael Duginski, Executive Vice-President and Chief Operating Officer. Each of such employment agreements provide for a three-year term of employment and provides that the term of employment will thereafter be automatically renewed for successive one year terms unless cancelled by either us or the executive officer upon six months notice. The employment agreements confirm Mr. Duginski's current annual

18

salary of \$320,000 and Mr. Wolf's annual salary of \$300,000 (and Mr. Wolf's initial cash bonus of \$150,000), and eligibility for each executive officer to receive discretionary annual bonus with a range from 50% to 200% of the base salary per year. In the event we terminate either Mr. Wolf or Mr. Duginski's employment without cause, such executive officer employment terminates due to death or disability, or the executive officer terminates employment for good reason, any outstanding equity awards may immediately vest.

Other Executive Officers Compensation

Other than employment agreements with Messrs. Heinemann, Wolf and Duginski, and the Severance Protection Agreements described below, we have no employment agreements with our other Executive Officers. See the Summary Compensation Table on page 21 of this Proxy Statement for compensation descriptions for our Executive Officers.

Change in Control Agreements

Edgar Filing: BERRY PETROLEUM CO - Form DEF 14A

Since the late 1980s, we have provided salary continuation agreements for certain of our executives which provided for a multiple from two times to one half times the executive's salary and bonus, as defined, in the event of a defined change in control. These contracts are generally known as "single trigger" in that the payment was due without regard to future status of employment of that executive in the event that the change in control occurred. As part of the execution of the Amended and Restated Employment Agreement with Mr. Heinemann in June 2006, his salary continuation agreement was terminated and replaced by a provision that would pay Mr. Heinemann three times his compensation as described above, but would only be paid in the event there was both a change in control and either Mr. Heinemann was terminated or he resigned for good reason as defined. This approach is known as a "double trigger."

On August 22, 2006, upon recommendation of the Committee, our Board authorized a plan pursuant to which we would enter into a Change in Control Severance Protection Agreement (Severance Protection Agreement) in an approved form with each of our Executive Vice Presidents, Vice Presidents, the Controller, the Treasurer and the Corporate Secretary. The Severance Protection Agreements provide for payment of severance to the executive upon the termination of the executive's employment without cause or the resignation of employment by the executive for good reason, in either case within two years after a change in control of Berry. These Severance Protection Agreements are designed to attract and retain executives as we compete for talented employees in an environment where such protections are routinely provided. For Mr. Wolf and Mr. Duginski, the outstanding Severance Protection Agreements were terminated effective November 19, 2008, and the provisions of those agreements were incorporated into the terms of their respective Employment Agreements.

For the Vice Presidents, the severance will be in an amount equal to two times (1) annual base salary, (2) highest annual bonus in the last two years, (3) our then maximum annual matching contribution to our 401(k) Plan, and (4) the executive's car allowance, if any. For the Treasurer and Corporate Secretary, the payment will be in an amount equal to one and one half times the foregoing amounts. Such amounts will include any annual bonus earned by the executive for the calendar year in which a qualifying termination occurs, and no separate bonus will be paid. The Severance Protection Agreements also provide that we will, upon a qualifying termination, continue to pay the portion of the premium for the executive's health coverage that we paid before the qualifying termination, and continue to pay for term life insurance coverage at the level in effect before the qualifying termination, for a number of years equal to the compensation multiple approved for the executive. In addition, the Severance Protection Agreements provide that all unvested stock options and RSUs will fully vest upon a qualifying termination, and the executive will have additional time to exercise stock options granted under our 1994 Stock Option Plan. The Severance Protection Agreements also provide that we will pay the executive for any taxes on "parachute payments" imposed as a result of the foregoing benefits. The Committee and our Board believe that having these Severance Protection Agreements in place is an important retention incentive for our officers.

See "Potential Payments Upon Termination and Change in Control" beginning on page 26 for an analysis of the Severance Protection Agreements under described assumptions.

Compliance with Section 162(m) of the Internal Revenue Code

Our policy with respect to compensation paid to our Executive Officers is, to the extent possible, to deduct compensation that qualifies under Section 162(m) of the IRC, as amended, as an expense. Section 162(m) of the IRC and related Treasury Department regulations restrict deductibility of executive compensation paid to our Chief

Executive Officer and each of the four other most highly compensated Executive Officers holding office at the end of any year to the extent such compensation exceeds \$1,000,000 for any of such officers in any year and does not qualify for an exception under the statute or regulations. The Committee endeavors to maximize deductibility of compensation under Section 162(m) of the IRC to the extent practicable while maintaining a competitive, performance-based compensation program. However, tax consequences, including but not limited to tax deductibility, are subject to many factors (such as changes in the tax laws and regulations or interpretations thereof) that are beyond our control or the Committee's control. In addition, the Committee and the Board believe that it is important to retain maximum flexibility in designing compensation programs that meet our stated objectives and fit within the Committee's guiding principles. For all of the foregoing reasons, the Committee, while considering

Edgar Filing: BERRY PETROLEUM CO - Form DEF 14A

tax deductibility as one of our factors in determining compensation, has not and will not limit compensation to those levels or types of compensation that will be deductible. The Committee will, of course, consider alternative forms of compensation that preserve deductibility, consistent with our compensation goals. The Committee expects that some of the Executive Officers' compensation as currently designed may not be fully deductible under Section 162(m) under some circumstances.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) The number of shares acquired on vesting is on a gross basis before mandatory withholding of shares to cover income taxes on the vesting.
- (2) The RSUs reflected in this table granted to the Executive Officers vests 25% per year on the anniversary date of the grants. This column reflects the value of the awards that vested on December 15, 2008 at the Fair Market Value price of \$8.74, which was the average of the high and low stock price on that date as reported by the New York Stock Exchange, times the number of shares acquired on vesting. The Restricted Stock units awarded on December 12, 2008 and on December 14, 2007 are subject to a deferral election in addition to the vesting schedule. This deferral election delays the issuance of the underlying stock after full vesting until the earlier of January 2012 for 2007 awards or January 2013 for 2008 awards or until cessation of employment.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The purpose of this section is to present calculations made under described assumptions of the value of potential benefits to be paid to our Executive Officers upon termination or upon termination in conjunction with a change in control.

When calculating the potential benefits to be paid, we have relied on the following assumptions, some of which are required by SEC regulations:

1. We experienced a change in ownership or effective control (as considered under IRC Section 280G) on December 31, 2008, the last business day of our last completed fiscal year. Such event did not actually occur.
2. The closing market stock price of the Class A Common Stock as of December 31, 2008 which was \$7.56.
3. Each Executive Officer's base amount was calculated using W-2, Box 1 compensation history amounts for the 2004 through 2008 calendar years. We annualized partial year compensation based on the date the Executive Officer commenced services for us and any extraordinary one time payments in the year such services commenced.
4. The 120% semi-annual applicable federal rates for December 2008 which were as follows: 1.63% (short-term); 3.40% (mid-term); and 5.28% (long-term).
- 5.

Edgar Filing: BERRY PETROLEUM CO - Form DEF 14A

The applicable tax rates for purposes of computing the IRC Section 4999 excise tax gross-up were as follows: 35% (Federal); 10.3% (CA state); 4.63% (CO state); 0% (TX state); 1.45% (Medicare), and 20% (IRC Section 4999).

6. Each Executive Officer terminated employment with us on December 31, 2008. Such event did not actually occur.

A) Potential Payments on Termination Without Cause or with Good Reason

Per Mr. Heinemann's Amended and Restated Employment Agreement, if we terminate Mr. Heinemann's employment without cause, or Mr. Heinemann terminates his employment for good reason, he is entitled to severance in an amount equal to two times (1) his annual base salary, (2) the highest annual bonus in the last two years, and our then maximum annual matching contribution to our 401(k) Plan, plus certain other benefits for a period of two years. Mr. Heinemann's unvested stock options and RSUs will also fully vest upon such an event, and he will have additional time to exercise stock options granted under our 1994 Stock Option Plan. This section describes various termination scenarios as well as the payments and benefits payable under those scenarios. Per the employment agreement with each of Mr. Wolf and Mr. Duginski, if we terminate either officer's employment without cause, or either officer terminates his employment for good reason, such officer is entitled to severance in an amount equal to one and one-half times (1) annual base salary, (2) highest annual bonus in the last two years, and (3) the then maximum annual Company matching contribution to the Company's 401(k) plan, plus certain other benefits for an eighteen month period. Additionally any of such officer's outstanding equity awards may immediately vest.

	Base Salary	Annual Incentive	Health and Welfare	Other Perquisites	Vesting of Unvested Equity	Total Estimated Payout Following Termination (\$)
	(\$) (1)	(\$) (2)	(\$) (3)	(\$) (4)	(\$)	
Robert F. Heinemann	1,200,000	1,440,000	80,759	114,000	2,820,028	5,654,787
David D. Wolf	450,000	-	45,413	49,500	733,488	1,278,401
Michael Duginski	480,000	367,538	46,913	51,900	681,589	1,627,940

- (1) Represents the base salary rate at December 31, 2008 multiplied times a factor of two times for Mr. Heinemann and one and one-half times for Mr. Wolf and Mr. Duginski.

26

- (2) Represents the highest annual bonus in the last two years multiplied times a factor of two times for Mr. Heinemann and one and one-half times for Mr. Wolf and Mr. Duginski.

- (3) Represents the normal Health Care and Life Insurance Coverage for a period of two years for Mr. Heinemann and eighteen months for Mr. Wolf and Mr. Duginski.

- (4) Represents the maximum annual matching contribution to the Company's 401(k) Plan, plus certain other benefits for a period of two years for Mr. Heinemann and eighteen months for Mr. Wolf and Mr. Duginski.

B) Potential Payments on Death or Disability

Per Mr. Heinemann's Amended and Restated Employment Agreement, and Mr. Wolf's and Mr. Duginski's Employment Agreements, if Mr. Heinemann, Mr. Wolf or Mr. Duginski dies or becomes disabled while employed by the Company, Mr. Heinemann's, Mr. Wolf's and Mr. Duginski's unvested stock options and RSUs will fully vest upon such an event, and they or their estates will have additional time to exercise stock options granted under our 1994 Stock Option Plan. The value of that scenario amounts to \$2,812,247 for Mr. Heinemann, \$733,488 for Mr. Wolf and \$654,162 for Mr. Duginski.

C) Potential Payments on Termination and Change in Control

Our Executive Officers are eligible to receive certain benefits in the event of termination of employment following a change in control. As discussed in the sections Chief Executive Officer, Executive Vice President and Change in Control Agreements, the Company has agreements with its Executive Officers which require that in conjunction with a change in control, as defined, if we terminate the employment without cause or if the Executive Officer terminates employment for good reason within two years following a change in control, the Executive Officer is entitled to severance consisting of 1) annual base salary; 2) the highest annual bonus in the last two years; 3) our then maximum annual matching contribution to our 401(k) Plan; 4) car allowance; 5) welfare benefit continuation; and 6) life insurance premium continuation. In addition, the Executive Officer's unvested stock options and RSUs will fully vest upon such as event and the Internal Revenue Code Section 280 tax gross up for severance will be paid if applicable. The time period for the calculation of the payments is: 1) three years for Mr. Heinemann; 2) two and one-half years for Mr. Wolf and Mr. Duginski; and 3) two years for Messrs. Anderson, Kelso and Canaday. See table below for certain calculations:

Termination in Conjunction with a Change in Control

(2) Represents the highest annual bonus in the last two years multiplied times a factor of: three times for Mr. Heinemann; two and one-half times for Mr. Wolf and Mr. Duginski; and two times for Mr. Anderson, Mr. Kelso and Mr. Canaday.

27

(3) Represents the normal Health Care and Life Insurance Coverage for a period of three times for Mr. Heinemann; two and one-half times for Mr. Wolf and Mr. Duginski; and two times for Mr. Anderson, Mr. Kelso and Mr. Canaday.

(4) Represents the maximum annual matching contribution to the Company's 401(k) Plan, plus certain other benefits for a factor of: three times for Mr. Heinemann; two and one-half times for Mr. Wolf and Mr. Duginski; and two times for Mr. Anderson, Mr. Kelso and Mr. Canaday.

(5) Represents the value calculated for the acceleration of vesting of unvested options and RSUs and the highest value calculated for the stock option life extension that would apply to amounts triggered by the termination of employment in conjunction with a change in control (as shown in the Vesting of Unvested Equity column) and amounts triggered by an eligible termination following a change in control (as shown in the above table). The amounts shown in the table above use the upper range of the tax gross up amounts calculated. If the bottom range of the stock option life extension were used, the amounts shown would be reduced by \$7,781 for Mr. Heinemann, \$0 for Mr. Wolf, \$27,427 for Mr. Duginski, \$3,294 for Mr. Anderson, \$0 for Mr. Kelso and \$883 for Mr. Canaday.

Edgar Filing: BERRY PETROLEUM CO - Form DEF 14A

- (6) Represents the excise tax gross-up payment that would apply to amounts triggered by a termination in conjunction with a change in control (as shown in the Vesting of Unvested Equity column) and amounts triggered by an eligible termination following a change in control (as shown in the above table). The amounts shown in the table above use the upper range of the tax gross up amounts calculated. If the bottom range of the tax gross up were used, the amounts shown would be reduced by \$3,775 for Mr. Heinemann, \$0 for Mr. Wolf, \$0 for Mr. Duginski, \$0 for Mr. Anderson, \$0 for Mr. Kelso and \$452 for Mr. Canaday.

DIRECTOR COMPENSATION

Ronald J. Robinson	\$ 59,200	\$ -	\$ -	\$ -	\$ -	\$ 59,200

- (1) Robert F. Heinemann, our CEO, is not included in this table as he is our employee and thus receives no compensation for serving as a Director.
- (2) Represents the fees earned by each of the Directors under our Board of Director fee arrangements disclosed on page 9 of this Proxy Statement. Each Director is able to defer his fees in full or in part into the Non-Employee Director Deferred Compensation Plan as disclosed on page 9 of this Proxy Statement. In 2008, Mr. Young, Mr. Bryant, Mr. Gaul and Mr. Jamieson deferred 100% of their Director's fees into the Plan and Mr. Busch and Mr. Robinson deferred a portion of their Director's fees into the Plan.
- (3) The Directors did not receive any equity awards in 2008. On February 18, 2009, the Directors granted an award of \$100,000 to each of the nine non-employee Directors. The grant is not included in this table. Pursuant to the deferral elections previously in place, Mr. Young, Mr. Bryant, Mr. Bush, Mr. Busch, Mr. Jamieson and Mr. Keller deferred all of this cash award into 15,480 stock units respectively under the Non-Employee Director Deferred Compensation Plan and Mr. Robinson deferred 50% of the award or 7,740 stock units under the Non-

Employee Director Deferred Compensation Plan. The February 18, 2009 \$100,000 grant is in contrast to the \$115,002 grant date fair market value of the equity awards made to the Directors on December 14, 2007 as described on page 9 herein.

- (4) Reflects the dollar value of dividend equivalents earned by the Directors in 2008 and deferred in the Non-Employee Director Deferred Compensation Plan. At December 31, 2008, each Director had the following aggregate number of deferred stock units accumulated in their deferral accounts for all of their years of service for which they deferred compensation into the Plan as a Director, including additional share units credited as a result of the reinvestment of dividend equivalents: Mr. Young, 47,045 units, Mr. Bryant, 6,522 units; Mr. Busch, 17,687 units; Mr. Gaul, 32,795 units; Mr. Jamieson, 36,202 units; and Mr. Robinson, 1,103 units. These share units are not included in the Security Ownership Table below because the share units are not issued nor do they have any voting power until such time as the Director retires or resigns from our Board. Mr. Heinemann has 3,092 deferred stock units under this Plan that relate back to the time he served as a Director

prior to his employment with the Company.

(5) Includes \$3,600 earned by Mr. Cropper in 2008 but due to an error in payment was not received until 2009.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 and related Securities and Exchange Commission rules require that Directors, officers and beneficial owners of 10% or more of any class of equity securities report to the Securities and Exchange Commission changes in their beneficial ownership of our Capital Stock and that any late filings be disclosed. On January 26, 2009, Mr. Busch, a director, filed a Form 5 to evidence

shares gifted to him in 2008. Based solely on a review of the copies of such forms furnished to us, or written representations that no other Form 5 was required, we believe in 2008 that there was compliance with all Section 16(a) filing requirements except for Mr. Busch, a Director, who filed one late Form 4 to report the sale of shares from a family trust at Union Bank for which he is not a trustee but does have an ownership interest and a Form 4 was filed late for Mr. Goehring to report the forfeiture of his RSUs upon the termination of his employment. An amended Form 3 and amended Form 4 were filed late for Mr. Wilson to correct his initial holdings and those at December 31, 2008. In addition, the Form 4 filings to report the December 15, 2008 RSU vesting for all officers, except for Mr. Wolf who did not have any RSUs vest in 2008, were not filed until early January 2009.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board is committed to maintaining the highest legal and ethical obligations and recognizes that related party transactions can present a heightened risk of potential or actual conflicts of interest. Our Charter of the Corporate Governance and Nominating Committee requires that members of the Corporate Governance and Nominating Committee, all of whom are independent Directors, review, approve, and publicly disclose related party transactions for which such approval is required under applicable law, including Securities and Exchange Commission and New York Stock Exchange rules. The Corporate Governance and Nominating Committee, to the extent feasible, reviews related party transactions in advance to approve such transactions. However, our Board has determined that the Chairman of the Committee can pre-approve or ratify, as the case may be, any related transaction in which the

31

aggregate amount involved is expected to be less than \$250,000 so long as each such transaction is presented to the Corporate Governance and Nominating Committee at its next regularly scheduled meeting. Additionally, the Corporate Governance and Nominating Committee annually reviews and assesses each approved related party transaction to see that each transaction is in compliance with the Corporate Governance and Nominating Committee's guidelines and that the related party transaction remains appropriate.

We have determined that the Corporate Governance and Nominating Committee shall, subject to certain defined exceptions, review and approve any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which:

- the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year;
- we are a participant; and
- any Related Person has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity).

We define a Related Person to be:

- any of our senior officers (which shall include at a minimum each Executive Vice President and any Section 16(a) officer) or Directors;
- a shareholder owning (either directly or beneficially) in excess of 5 percent of our outstanding stock;
- a person who is an immediate family member of any of the foregoing; or
- an entity which is owned or controlled by someone listed above, or an entity in which someone listed above has a substantial ownership interest or control of such entity. Immediate family member includes a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone residing in such person's home (other than a tenant or employee).

Edgar Filing: BERRY PETROLEUM CO - Form DEF 14A

The Corporate Governance and Nominating Committee has reviewed the general types of related party transactions described below and determined that each of the following general related party transactions is deemed to be pre-approved by the Corporate Governance and Nominating Committee and does not rise to the level of deeming the relevant Related Person to become non-independent, even if the aggregate amount involved will exceed \$120,000:

any employment by us of an Executive Officer if: (a) the related compensation is required to be reported in our Proxy Statement under Item 402 of the Securities and Exchange Commission's (SEC's) compensation disclosure requirements (generally applicable to Named Executive Officers); or (b) the officer is not an immediate family member of another of our officers or Directors, the related compensation would be reported in our Proxy Statement under Item 402 of the SEC's compensation disclosure requirements if the Executive Officer was a Named Executive Officer, and our Compensation Committee approved (or recommended that our Board approve) such compensation;

any compensation paid to a Director if the compensation is required to be reported in our Proxy Statement under Item 402 of the SEC's compensation disclosure requirements;

any transaction with another company at which a Related Person's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's outstanding stock, if the aggregate amount involved does not exceed the greater of \$1,000,000, or 2 percent of that company's total annual revenues;

any charitable contribution, grant or endowment by us to a charitable organization, foundation or university at which a Related Person's only relationship is as an employee (other than an executive officer) or a director, if the aggregate amount involved does not exceed the lesser of \$1,000,000, or 2 percent of the charitable organization's total annual receipts;

any transaction where the Related Person's interest arises solely from the ownership of our Common Stock and all holders of our Common Stock received the same benefit on a pro rata basis (e.g. dividends);

any transaction involving a Related Person where the rates or charges involved are determined by

32

competitive bids;

any transaction with a Related Person involving the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority;

the purchase by us of up to \$1,000,000 annually of oilfield parts and supplies from S&D Supply Company, a division of Eagle Creek Mining & Drilling, Inc; or

the purchase or sale through a third party for investment purposes by a Related Person of any of our Senior Subordinated Notes as issued from time to time.

When considering the Eagle Creek Mining & Drilling, Inc. transactions and the purchase of our Senior Subordinated Notes as well as the Victory Settlement Trust, the Corporate Governance and Nominating Committee acknowledged that while each of these is considered a related party transaction pursuant to our Corporate Governance Guidelines, they do not rise to the level of deeming the relevant Related Party to become non-independent, and that the Corporate Governance and Nominating Committee and our Board have therefore determined that those transactions set forth below do not require further analysis by the Corporate Governance and Nominating Committee or our Board unless such

transactions materially change in the future.

Eagle Creek Mining & Drilling, Inc.

Eagle Creek Mining & Drilling, Inc. (Eagle Creek), a California corporation, was a wholly-owned subsidiary of our predecessor, Berry Holding Company, until it was spun off to the majority shareholders of the predecessor in 1984. On November 30, 1989, Eagle Creek purchased the assets of S&D Supply Company (S&D), a California partnership. S&D, a retail distributor of oilfield parts and supplies, is now a division of Eagle Creek. The five-year contract whereby we purchased oilfield parts and supplies from S&D at competitive prices expired November 30, 1999 and was not renewed. Even though the contract expired, based on competitive pricing, we continue to purchase oilfield parts and supplies from S&D. The amounts paid to S&D in 2008, 2007 and 2006 were \$722,679, \$560,216 and \$776,365, respectively. Our total purchases of oilfield pipe, parts and supplies in 2008 from competing vendors selling similar items were in excess of \$22 million such that our purchases from S&D were approximately 4% of our total purchases. We believe we pay competitive prices for our purchases from S&D. Mr. Bush is a director of Eagle Creek and collectively Mr. Bush and his immediate family and Mr. Busch and his immediate family own more than 10% but less than 30% of the stock of Eagle Creek.

Senior Subordinated Notes

We have been informed that on November 20, 2006, Falcon Seaboard Investment Company (Falcon Investment), an affiliate of Falcon Seaboard Diversified, Inc., purchased \$3,000,000 of our 8.25% Senior Subordinated Notes from an independent broker. As a result of its purchase of the notes, Falcon Investment is treated like any other holder of the notes and receives interest payments and a return of principal in accordance with terms of the notes as set forth in our registration statement filed October 19, 2006. Mr. Young is the Senior Vice President and Chief Financial Officer of Falcon Seaboard Diversified, Inc. In addition, we are informed that on February 23, 2007, the Busch Charitable Trust of which Mr. Busch is a Trustee, purchased from an independent third party, \$100,000 of our Notes. We are also informed that Mr. William Bush has purchased \$250,000, Mr. Gaul has purchased \$1,000,000 and Mr. Robinson has purchased \$150,000 of Notes. In addition, Mr. Wolf owns \$500,000, Mr. Duginski owns \$150,000 and other officers own less than \$120,000 of our Notes. We encourage our insiders to hold our securities and consider such ownership to be in our shareholders' interest. While the purchase or sale of our equity securities would not be deemed a related transaction under SEC regulations, the purchase or sale of our debt securities is not afforded the same treatment even though the purchaser of such debt security receives the same benefits on a pro rata basis as all other holders of the debt securities and the holder did not purchase the debt securities directly from us.

Victory Settlement Trust

In connection with our reorganization in 1985, a shareholder of Berry Holding Company (BHC), Victory Oil Company (Victory), a California partnership, brought suit against Berry Holding Company (one of our predecessor companies prior to the reorganization in 1985) and all of its Directors and Officers and certain significant shareholders seeking to enjoin the reorganization. As a result of the reorganization, Victory's shares of BHC stock were converted into shares of our Class A Common Stock representing approximately 9.7% of the shares of our Class A Common Stock outstanding immediately subsequent to the reorganization. In 1986, we, along with Victory, together with certain of its affiliates, entered into the Instrument for Settlement of Claims and Mutual Release (the Settlement Agreement).

The Settlement Agreement provided for the exchange (and retirement) of all shares of our Class A Common Stock held by Victory and certain of its affiliates for certain assets (the Settlement Assets) conveyed by us to Victory. The Settlement Assets consisted of (i) a 5% overriding royalty interest in the production removed or sold from certain real property situated in the Midway-Sunset field which is referred to as the

Maxwell property (Maxwell Royalty) and (ii) a parcel of real property in Napa, California.

The shares of BHC originally acquired by Victory and the shares of our Class A Common Stock issued to Victory in exchange for the BHC Stock in the reorganization (the Victory Shares) were acquired subject to a legend provision designed to carry out certain provisions of the Will of Clarence J. Berry, the founder of our predecessor companies. The legend enforces an Equitable Charge (the Equitable Charge) which requires that 37.5% of the dividends declared and paid on such shares from time to time be distributed to a group of lifetime income beneficiaries (the B Group).

As a result of the Settlement Agreement, the B Group was deprived of the distributions related to the stock that they would have received on the Victory Shares under the Equitable Charge. In order to protect the interests of the B Group, we executed a Declaration of Trust (the Victory Settlement Trust). In recognition of our, and Victory's, obligations with respect to the Equitable Charge, Victory agreed in the Settlement Agreement to pay to us in our capacity as trustee under the Victory Settlement Trust, 20% of the 5% Maxwell Royalty (Maxwell B Group Payments). The Maxwell B Group Payments will continue until the death of the last surviving member of the B Group, at which time the payments will cease and the Victory Settlement Trust will terminate. There is one surviving member of the B Group.

Under the Settlement Agreement, we agreed to guarantee that the B Group will receive the same distributions under the Equitable Charge that they would have received had the Victory shares remained as issued and outstanding shares. Accordingly, when we declare and pay dividends on our capital stock, we are obligated to calculate separately the applicable distribution (the Trust Payment). We will make payments from the Victory Settlement Trust to the surviving member of the B Group, which payments may constitute all or a part of the Trust Payment in March and September of each year. Such payments will be made to the surviving member of the B Group for the remainder of his life. Typically, the Maxwell B Group Payments have contributed to a portion or all of the Trust Payment. During 2008 the Company was not required to pay any amounts to meet our obligations to the Victory Settlement Trust.

Report of the Audit Committee of our Board of Directors

The Audit Committee of our Board of Directors consists of Mr. Cropper, Mr. Gaul, Mr. Jamieson, and Mr. Young. Our Board has determined that each of Mr. Cropper, Mr. Gaul, Mr. Jamieson and Mr. Young is an audit committee financial expert as defined in Item 401(h) of Regulation S-K and that each member of the Audit Committee is an independent director as defined in the Securities Exchange Act of 1934. Mr. Gaul serves as the Chairman of the Committee. In 2008, the Audit Committee met eight times.

Management is responsible for Berry's internal controls and financial reporting process. PricewaterhouseCoopers LLP (PwC), Berry's independent registered public accounting firm for the year ended December 31, 2008, is responsible for performing an independent audit of Berry's financial statements in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB), and an audit of the effectiveness of Berry's internal control over financial reporting in accordance with the standards of the PCAOB, and to issue its reports thereon.

The Audit Committee reviews, acts on, and reports to our Board of Directors with respect to our auditing performance and practices, risk management, financial and credit risks, accounting policies, internal control, internal audit practices, tax matters, financial reporting and financial disclosure practices. The Committee is responsible for: 1)

Edgar Filing: BERRY PETROLEUM CO - Form DEF 14A

reviewing and selecting our independent registered public accounting firm, 2) reviewing the scope of the annual audit, 3) pre-approving the nature of non-audit services, 4) approving the fees to be paid to the independent registered public accounting firm, 5) reviewing the performance of our independent registered public accounting firm, 6) approving the outside accounting firms hired for special projects and internal audits and reviewing their reports, 7) reviewing our accounting practices and 8) any other tasks as described in the Audit Committee's Charter, which is available at <http://www.bry.com> or by writing to us, attention Investor Relations.

We have reviewed and discussed with Management and with PwC, our audited financial statements as of, and for the year ended December 31, 2008.

We have also discussed with PwC the matters required to be discussed by Statement on Auditing Standards No. 61, (Communication with Audit Committees), as amended, and as adopted by the PCAOB in Rule 3200T.

We have received and reviewed the written disclosures and the letter from PwC required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board, and have discussed with PwC the auditors independence. The Audit Committee has reviewed the services provided by PwC and has specifically pre-approved all services performed by the auditor and determined that all fees billed by PwC for non-audit services are compatible with maintaining the auditor's independence. PwC representatives do meet with and directly report to the Audit Committee (and the Audit Committee Chairman).

Based on the reviews and discussions referred to above, we recommended to our Board of Directors that the financial statements referred to above be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 for filing with the Securities and Exchange Commission.

The 2008 audit and non-audit services provided by PwC were approved by the Audit Committee. The non-audit services which were approved by the Audit Committee were also reviewed to ensure compatibility with maintaining the accounting firm's independence.

The Audit Committee implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee members or the Audit Committee Chairman pre-approves both the type of services to be provided by PwC and the estimated fees related to these services. During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the accounting firm. The services and fees must be deemed compatible with the maintenance of the accounting firm's independence, including compliance with SEC rules and regulations. Throughout the year, the Audit Committee reviews any revisions to the estimates of audit and non-audit fees initially approved. All of the engagements and fees for 2008 and 2007 were approved by the Audit Committee.
