interests in communications businesses in the country of Georgia, announced that:

1) Magticom, Limited, the leading provider of mobile communications services in the country of Georgia, in which the Company owns a 50.1% interest, issued a dividend in the amount of \$40 million net of Georgian dividend withholding taxes. Of this amount, the Company received \$20.04 million, with the balance distributed to holders of the minority interests in Magticom.

2) The Company also purchased the remaining 74.4% ownership interests in each of the Georgian communications companies Telecom Georgia and Telenet not owned by the Company, for a combined cash price of approximately \$12.64 million. Of this combined cash purchase price, the Company paid its (a) minority partner George Jokhtaberidze \$5.14 million for his interests in these ventures and (b) other minority partners, Strickland Investments Inc. and Great Bay Investments, Ltd., \$7.5 million for their respective interests in connection with such minority partners' exercise of a put option at that price. Prior to this purchase, the Company owned a 25.6% interest in each of these Georgian companies. In consequence of these purchases, the Company is now the sole owner of all of the ownership interests in each of Telecom Georgia and Telenet.

Telecom Georgia is a leading provider of international long distance and local operator interconnection services in Georgia. Telenet is a provider of internet access and related data communications services in Georgia and holds licenses to operate 450 MHz wireless telephony services and 3.5 GHz wireless services suitable for deployment of WiMax internet access and data communication services. Further information about Telecom Georgia and Telenet can be found in the Company's annual report on Form 10-K for the fiscal year ended December 31, 2004, as filed with the United States Securities and Exchange Commission.

Following issuance of the aforementioned dividend and consummation of the aforementioned purchases, the Company's unrestricted corporate cash balance was approximately \$11.8 million and Magticom's unrestricted cash balance, in various currencies, was approximately \$5.3 million (at current exchange rates).
