=====  
Item 2.02 Results of Operations and Financial Condition.

In a Press Release dated August 6, 2007, Rogers Corporation (the "Registrant" or "Rogers") announced its final second quarter 2007 results. The Registrant's

## Edgar Filing: ROGERS CORP - Form 8-K/A

Press Release is furnished herewith as Exhibit 99.1.

The press release contains non-GAAP financial measures. For purposes of Regulation G, a non-GAAP financial measure is a numerical measure of a registrant's historical or future financial performance, financial position or cash flows that excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measure calculated and presented in accordance with GAAP in the statement of income, balance sheet or statement of cash flows (or equivalent statements) of the issuer; or includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measure so calculated and presented. In this regard, GAAP refers to generally accepted accounting principles in the United States. Pursuant to the requirements of Regulation G, the Registrant has provided reconciliations within the earnings release of the non-GAAP financial measures to the most directly comparable GAAP financial measures.

Rogers believes that net income from continuing operations and diluted earnings per share, excluding the effect of any restructuring and impairment charges, is a measure that should be presented in addition to income determined in accordance with generally accepted accounting principles (GAAP) and is useful to investors. The following matters should be considered when evaluating these non-GAAP financial measures:

- o Rogers reviews the operating results of its businesses excluding the impact of any restructuring and impairment charges because it provides an additional basis of comparison. We believe that these events are unusual in nature, and would not be indicative of ongoing operating results. As a result, management believes such charges should be excluded in order to compare past, current and future periods.
- o Restructuring and impairment charges principally represent adjustments to the carrying value of certain assets and do not typically require a cash payment.
- o Restructuring and impairment charges are typically material and are considered to be outside the normal operations of a business. Corporate management is responsible for making decisions about such charges.

The non-GAAP financial measures included in the earnings release have been reconciled to the comparable GAAP results. This reconciliation can also be found on the Registrant's web site at [www.rogerscorporation.com](http://www.rogerscorporation.com).

The information in this Form 8-K/A and the Exhibit attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934 (the "Exchange Act") or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

### ITEM 2.05 Costs Associated with Exit or Disposal Activities

On June 27, 2007, the Registrant announced that it committed to a plan to restructure its workforce and reduce other related costs. Together with the plan announced on June 13, 2007 related to the employee reduction in the Company's Custom Electrical Components reporting segment, the Registrant expected that the total cash severance charge would be approximately \$3 million.

## Edgar Filing: ROGERS CORP - Form 8-K/A

On August 6, 2007, the Registrant concluded that it would take restructuring charges of \$12.9 million or \$8.0 million net of taxes. Of the \$12.9 million, approximately \$7.1 million is attributable to the Durel division of the Custom Electrical Components reportable segment and approximately \$2.7 million is related to the Flexible Circuit Materials portion of the Printed Circuit Materials reporting segment. The remainder of the charges of approximately \$3.1 million primarily relates to severance associated with the company-wide work force reductions. As a result of these restructuring activities, the Company also expects to incur additional charges of approximately \$2.7 million over the next three quarters.

A copy of the press release issued by the Registrant on August 6, 2007 announcing the amount of the restructuring charges is filed as Exhibit 99.1 to this Form 8-K/A and is incorporated herein by reference.

### ITEM 2.06 Material Impairments

On June 27, 2007, the Registrant announced that it had concluded that it would potentially take a non-cash charge in the second quarter of 2007 related to the write-down of impaired assets within the Registrant's Printed Circuit Materials reporting segment. The Registrant could not at that time estimate the amount or the range of amounts of the impairment charge and indicated that it would provide this information when it is able to make a determination of such estimate or range of estimates.

On August 6, 2007, the Registrant announced that it concluded that the initiatives taken in the second quarter of 2007 did not result in impairment charges, however it did incur the restructuring charges disclosed in Item 2.05.

A copy of the press release issued by the Registrant on August 6, 2007 announcing the Registrant's conclusion to not take an impairment charge is filed as Exhibit 99.1 to this Form 8-K/A and is incorporated herein by reference.

### ITEM 7.01 Regulation FD Disclosure

On August 6, 2007, the Registrant provided earnings guidance for the third quarter of 2007. A copy of the August 6, 2007 press release is furnished herewith as Exhibit 99.1.

The discussion in Item 2.02 of this 8-K/A with regard to non-GAAP financial measures is incorporated by reference into this Item 7.01.

The information in this Form 8-K/A and the Exhibit attached hereto shall not be deemed "filed" for purposes of Section 18 of the Exchange Act or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.
