Notice is hereby given that the Annual Meeting of the Stockholders of American Biltrite Inc. will be held at the Bank of America, America Room, Second Floor, 100 Federal Street, Boston, Massachusetts, on Tuesday May 9, 2006 at 9:00 A.M. local time, for the following purposes:

- 1. To elect three directors who will hold office until the Annual Meeting of Stockholders in 2009 and until their successors are duly elected and qualified.
- 2. To transact any other business that may properly come before the meeting or any adjournment thereof.

The close of business on March 10, 2006 has been fixed as the record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment thereof.

A copy of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 is enclosed with this proxy statement.

It is desirable that the stock of the Company should be represented as fully as possible at the Annual Meeting. Please sign, date and return the accompanying proxy card in the enclosed envelope, which requires no postage if mailed in the United States. ### PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation, by and on behalf of the Board of Directors (the "Board") of American Biltrite Inc. (the "Company" or "ABI"), of proxies to be used in voting at the Annual Meeting of Stockholders (the "Meeting") to be held on May 9, 2006 at the Bank of America, America Room, Second Floor, 100 Federal Street, Boston, Massachusetts at 9:00 A.M. local time, and at any adjournments thereof. The principal executive offices of the Company are located at 57 River Street, Wellesley Hills, Massachusetts 02481. The cost of preparing and mailing the notice, proxy statement and proxy card will be paid by the Company. It is expected that the solicitation of proxies will be by the Company by mail only, but may also be made by overnight delivery service, facsimile, personal interview, e-mail or telephone by directors, officers or employees of the Company. The Company will request banks and brokers holding stock in their names or custody, or in the names of nominees for others, to forward copies of the proxy material to those persons for whom they hold such stock and, upon request, will reimburse such banks and brokers for their out-of-pocket expenses incurred in connection therewith. This proxy statement and the accompanying proxy card were first mailed to stockholders on or about April 7, 2006.

Proxies in the accompanying form, properly executed, duly returned to the Company and not validly revoked, will be voted at the Meeting (including adjournments) in accordance with your instructions, or if no instruction is given in the proxy as to how to vote the shares, the shares will be voted FOR the proposal to elect three directors to be voted at the Meeting. If shares are held in "street name" through a broker, written instructions should be provided to the broker on how to vote those shares if you wish to direct how those shares will be voted on that proposal. To ensure that your broker receives your instructions, you should promptly complete, sign and send to your broker in the envelope enclosed with this proxy statement the voting instruction form which is also enclosed.

Any stockholder giving a proxy in the accompanying form retains the power to revoke it at any time prior to the exercise of the powers conferred thereby by filing a later dated proxy, by written notice of revocation delivered to the Secretary of the Company before the Meeting or by voting the shares subject to such proxy in person at the Meeting. If you hold your shares through a broker or other custodian, you will need to contact them to revoke your proxy. Attendance at the Meeting in person will not be deemed to revoke the proxy unless the stockholder affirmatively indicates at the Meeting an intention to vote the shares in person. If you plan to attend the Meeting and wish to vote in person, the Company will give you a ballot at the Meeting; however, if your shares are held in the name of your broker, bank or other nominee, you must obtain from your nominee and bring to the Meeting a "legal proxy" authorizing you to vote your "street name" shares held at the close of business on March 10, 2006.

On March 10, 2006, there were issued and outstanding 3,441,551 shares of the Company's Common Stock, par value \$.01 per share (the "Common Stock"). Only stockholders of record at the close of business on that date are entitled to notice of and to vote at the Meeting or any adjournment thereof, and those entitled to vote will have one vote for each share held.

A quorum for the consideration of any question at the Meeting will consist of a majority in interest of all stock issued and outstanding and entitled to vote upon that question. A plurality of the shares represented and voting at the Meeting at which a quorum is present is required to elect directors. On all other matters, a majority of the shares represented and voting at the meeting is

## Edgar Filing: AMERICAN BILTRITE INC - Form DEF 14A

required to decide the question. Shares represented by proxies marked "WITHHELD" with regard to the election of directors will be counted for purposes of determining whether there is a quorum at the Meeting, but will not be voted in the election of directors, and therefore, will have no effect on the determination of the outcome of the votes for the election of directors.

A "broker non-vote" occurs with respect to shares as to a proposal when a broker who holds shares of record in its name is not permitted to vote on that proposal without instruction from the beneficial owner of the shares and no instruction is given. A broker holding your shares in its name will be permitted to vote such shares with respect to the proposal to elect three directors to be voted on at the Meeting without instruction from you, and, accordingly, broker non-votes will not occur with respect to this proposal.

### DELIVERY OF PROXY MATERIAL AND ANNUAL REPORTS TO HOUSEHOLDS

The Securities and Exchange Commission has implemented a rule permitting companies and brokers, banks or other intermediaries to deliver a single copy of an annual report and proxy statement to households at which two or more beneficial owners reside. This method of delivery, which eliminates duplicate mailings, is referred to as "householding." Beneficial owners sharing an address who have been previously notified by their broker, bank or

1

other intermediary and have consented to householding, either affirmatively or implicitly by not objecting to householding, will receive only one copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2005 and this proxy statement.

If you hold your shares in your own name as a holder of record, householding will not apply to your shares.

Beneficial owners who reside at a shared address at which a single copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2005 and this proxy statement is delivered may obtain a separate Annual Report on Form 10-K for the year ended December 31, 2005 and/or proxy statement without charge by sending a written request to: American Biltrite Inc., 57 River Street, Wellesley Hills, Massachusetts 02481, attention Henry W. Winkleman, or by calling the company at 781-237-6655. The Company will promptly deliver an Annual Report on Form 10-K for the year ended December 31, 2005 and/or proxy statement upon request.

Not all brokers, banks or other intermediaries may offer the opportunity to permit beneficial owners to participate in householding. If you want to participate in householding and eliminate duplicate mailings in the future, you must contact your broker, bank or other intermediary directly. Alternatively, if you want to revoke your consent to householding and receive separate annual reports and proxy statements for each beneficial owner sharing your address, you must contact your broker, bank or other intermediary to revoke your consent to householding.

### ELECTION OF DIRECTORS

The Board is divided into three classes, the terms of which expire at successive Annual Meetings of Stockholders. Stockholders are being asked to elect three Class I directors at the Meeting. The accompanying proxy will be voted for the election of the nominees named in Class I below unless otherwise instructed. The term of those Class I directors elected at the Meeting will expire at the Annual Meeting of Stockholders held in 2009 upon the election and qualification of their successors. Should any person named below be unable or

Edgar Filing: AMERICAN BILTRITE INC - Form DEF 14A

Accordingly, these individuals may be deemed to constitute a "group" within the meaning of Section 13(d)(3) of the Securities Exchange Act of 1934, as amended, and Rule 13d-5 thereunder. In light of the existence of this "group," the Company is a "controlled company," as that term is defined in Section 801 of the American Stock Exchange ("AMEX") Company Guide. As a result of the Company's status as a "controlled company," it may avail itself of exceptions to the AMEX's corporate governance standards that generally require a company whose stock is listed for trading on the AMEX to have a majority of its board of directors consist of independent directors, to have director nominations selected or recommended for the board's selection by either a nominating committee comprised solely of independent directors or by a majority of the independent directors and to have officer compensation determined or recommended to the board for determination either by a compensation committee comprised of independent directors or by a majority of the independent directors. Pursuant to the AMEX's independence standards, the Company's Board of Directors has determined that the following seven of its 11 directors are independent: Leo R. Breitman, John C. Garrels III, Frederick H. Joseph, Mark N. Kaplan, James S. Marcus, Gilbert K. Gailius and Kenneth I. Watchmaker.

### SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors, officers and holders of more than 10% of the Common Stock and other equity securities of the Company to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of the Common Stock and other equity securities of the Company. Based solely upon a review of Forms 3, 4, and 5 furnished to the Company during or in respect of the fiscal year ended December 31, 2005, the Company is not aware of any director or officer of the Company or any holder of more than 10% of the Common Stock who has not timely filed reports required by Section 16(a) of the Exchange Act

## Edgar Filing: AMERICAN BILTRITE INC - Form DEF 14A

during or in respect of such fiscal year, except that Roger S. Marcus had a late filing of a Form 4 pursuant to which he reported a gift of Common Stock to his daughter.

### DIRECTOR COMPENSATION AND COMMITTEES

During 2005, the Board held seven meetings. Each director who was not an officer and employee of the Company received a director's fee of \$15,000 per year and \$2,000 for each of the four regular Board meetings attended, and each member of the Audit Committee received \$3,000 for each Audit Committee meeting attended during 2005. The Directors do not receive a fee for telephonic meetings. In 2005, each director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and 75% of the aggregate of the total number of meetings of the committees of the Board on which each Director serves except James S. Marcus with respect to Board of Directors meetings only.

Directors may elect to defer the receipt of all or a part of their fees. Amounts so deferred earn interest, compounded quarterly, at a rate equal to the base rate quoted by Bank of America at the end of each quarter.

Directors are also eligible to have their contributions to qualified charitable organizations matched by the Company in an aggregate amount up to \$5,000 per director per year.

Pursuant to the Company's 1999 Stock Option Plan for Non-Employee Directors, on July 1, 2005, each director of the Company was granted an option to purchase 500 shares of the Common Stock. Each of those options was originally scheduled to become fully exercisable on January 1, 2006; however, on November 10, 2005, the Board of Directors accelerated, as of that date, the vesting of all the Company's then outstanding options to purchase the Common Stock granted under the Company's Stock Award and Incentive Plan, as amended and restated as of March 4, 1997, and 1999 Stock Option Plan for Non-Employee Directors. As a result, those options became fully vested and exercisable as of that date.

7

Mark N. Kaplan also serves as a director of Congoleum and as a member of Congoleum's Compensation Committee. In that capacity, Mr. Kaplan received a director's fee of \$15,000 for the year and \$2,000 for each of the four regular meetings of the board of directors of Congoleum held in 2005. Pursuant to Congoleum's director compensation policies, directors of Congoleum may elect to defer the receipt of all or a part of their fees. Amounts so deferred earn interest, compounded quarterly, at a rate equal to the Bank of America base rate at the end of each quarter. In addition, Congoleum directors are also eligible to have their contributions to qualified charitable organizations matched by Congoleum in an aggregate amount up to \$5,000 per director per year. In 2005, pursuant to Congoleum's 1999 Stock Option Plan for Non-Employee Directors, Mr. Kaplan was granted an option to purchase 500 shares of Congoleum Class A common stock.

The Company's Compensation Committee consists of three members. The Compensation Committee met once during 2005. The members of the Compensation Committee are Messrs. Mark N. Kaplan (Chairman), John C. Garrells III, and Kenneth I. Watchmaker. The Compensation Committee is responsible for the review and establishment of executive compensation, including base salaries, bonuses and criteria for their award, personnel policies, particularly as they relate to fringe benefits, savings and investment, pension and retirement plans and other benefits.

## Edgar Filing: AMERICAN BILTRITE INC - Form DEF 14A

The Company has an Audit Committee composed of independent directors as determined under AMEX's listing standards and the applicable rules of the Securities and Exchange Commission. The members of the Audit Committee are Messrs. Kenneth I. Watchmaker (Chairman), John C. Garrells III, and James S. Marcus. Information regarding the functions performed by the Audit Committee, its membership, and the number of meetings held during the fiscal year, is set forth in the Audit Committee Report included in this annual proxy statement. The Board of Directors has determined that the Company has at least one audit committee financial expert serving on its audit committee. The audit committee financial expert is Kenneth I. Watchmaker who is an independent director as defined in AMEX's listing standards. The written charter adopted by the Board that governs the Audit Committee has been filed with the Securities and Exchange Commission and is available upon request from the Company.

The Company does not have a standing nominating committee or formal procedure for nomination of directors. The Board of Directors believes that this is appropriate in light of the Company's ownership structure, which includes individuals who together beneficially own approximately 58% of the outstanding Common Stock as of March 10, 2006 and who have identified themselves as persons who have in the past taken, and in the future may take, actions which direct or may cause the direction of the management of the Company, and their voting of shares of Common Stock, in a manner consistent with each other. Accordingly, these individuals may be deemed to constitute a "group" within the meaning of Section 13(d)(3) of the Exchange and Rule 13d-5 thereunder. In light of the existence of this "group," the Company is a "controlled company," as that term is defined in Section 801 of the AMEX Company Guide. Pursuant to the AMEX's corporate governance rules, a "controlled company" may avail itself of an exception to the AMEX rule that generally requires a company whose stock is listed for trading on the AMEX to have director nominations selected or recommended for the board's selection by either a nominating committee comprised of independent directors or by a majority of the independent directors. All members of the Board of Directors participate in the consideration of director nominees. The Board does not have a policy with regard to the consideration of any director candidates recommended by security holders. The Board of Directors believes that such a policy is not necessary because the directors have access to a sufficient number of excellent candidates from which to select a nominee when a vacancy occurs on the Board and because the Board includes the controlling shareholders of the Company. Individual directors will generally recommend candidates to the controlling shareholders and, if acceptable, will submit that person's name for consideration by the Board. The Board generally seeks candidates with a broad business background and who may also have a specific expertise in such areas as law, accounting, banking, or investment banking. All members of the Board of Directors are encouraged, but not required, to attend the Company's annual meeting of stockholders. All members of the Board of Directors attended the annual meeting of stockholders held in 2005.

### AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 with management and the independent auditors, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as

to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, the Audit Committee discussed with the independent auditors the auditors' independence from management and the Company, including the matters required to be discussed by Statement on Auditing Standards No. 61, has received and reviewed written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 and considered the compatibility of nonaudit services with the auditors' independence.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee met quarterly with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held four meetings during fiscal year 2005.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board has approved) that the Company's 2005 audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission. The Audit Committee has also appointed Ernst & Young LLP as the Company's independent auditors for 2006.

COMPENSATION COMMITTEE REPORT

Overall Policy

The Company's executive compensation program is designed to reflect both corporate performance and individual responsibilities and performance. The Compensation Committee administers the Company's executive compensation strategy in an attempt to relate executive compensation appropriately to the Company's overall growth and success and to the executive's duties, demonstrated abilities and, where appropriate, the performance of the operating division or subsidiary for which the executive is responsible. The objectives of the Company's compensation strategy are to attract and retain the best possible executives, to motivate those executives to achieve the Company's business goals and to provide a compensation package that recognizes individual contributions as well as overall business results.

Each year, the Compensation Committee conducts a review of the Company's executive compensation. This review includes consideration of: the relationship between an executive's current compensation and his/her current duties and responsibilities; and inflationary trends. The annual compensation review permits an ongoing evaluation of the relationships among the size and scope of the Company's operations, the Company's performance and its executive compensation. The Compensation Committee also considers the legal and tax effects (including the effects of Section 162(m) of the Internal Revenue Code of 1986, as amended) of the Company's executive compensation program in order to provide the most favorable legal and tax consequences for the Company.

## Edgar Filing: AMERICAN BILTRITE INC - Form DEF 14A

The Compensation Committee determines the compensation of the individuals whose compensation is detailed in this proxy statement (including in the Summary Compensation Table) and sets policies for and reviews the compensation awarded to the Company's most highly compensated corporate executives. This process is designed to provide consistency throughout the executive compensation program. In reviewing the individual performance of the executives whose compensation is described in this proxy statement (other than Roger S. Marcus, the Company's Chief Executive Officer), the Compensation Committee takes into account the views of Roger S. Marcus.

The material elements of the Company's executive compensation consist of base salary, annual bonus and stock options. In 1996, the Compensation Committee established certain additional elements to the Company's executive compensation program, including principally split-dollar insurance arrangements. The Compensation Committee's policies with respect to each of these elements, including the bases for the compensation awarded to Roger S. Marcus, are discussed below. In addition, although the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package afforded by the Company (including its subsidiaries) to the individual, including pension benefits, insurance and other benefits, as well as the specific elements of the program described below.

9

### Base Salaries

Base salaries for executive officers are determined by considering historical salaries paid by the Company to officers having certain duties and responsibilities and then evaluating the current responsibilities of the position, the scope of the operations under management and the experience of the individual. Annual salary adjustments are determined by evaluating on an individual basis (i) new responsibilities of the executive's position, (ii) changes in the scope of the operations managed, (iii) the performance both of such operations and of the executive in the position and (iv) annual increases in the cost of living.

With respect to the base salary of Roger S. Marcus in 2005, the Compensation Committee took into account the Company's performance (including the performance of Congoleum Corporation, a majority-owned subsidiary of the Company) and the assessment by the Compensation Committee of Mr. Marcus's individual performance as Chief Executive Officer of both the Company and Congoleum Corporation. The Compensation Committee also took into account the length of Mr. Marcus's service to the Company and his increasing responsibilities in the course of such service.

### Annual Bonus

The Company's executive officers are eligible for an annual cash bonus. Annual bonuses are determined on the basis of individual and corporate performance. The most significant corporate performance measure for bonus payments is earnings of the Company as a whole and then the relevant divisions or subsidiaries, where appropriate. The Compensation Committee has adopted a policy of paying bonuses to each of Roger S. Marcus and Richard G. Marcus of approximately 3-4% of the Company's after-tax earnings, taking into account significant exceptional or non-operational occurrences and the actual level of profitability for the relevant year. In determining annual bonuses, the Committee also considers the views of Roger S. Marcus as Chief Executive Officer and discusses with him the appropriate bonuses for all executives, including himself.

## Edgar Filing: AMERICAN BILTRITE INC - Form DEF 14A

For 2005, Roger Marcus received a bonus of \$150,000. A portion of Mr. Marcus's 2005 bonus was based on earnings for the Company as a whole in accordance with the Compensation Committee policy set forth above. Consideration was also given to his performance as Chief Executive Officer of the Company and as Chief Executive Officer of Congoleum Corporation. In awarding Mr. Marcus's bonus, the Compensation Committee also considered the performance of the Common Stock and Mr. Marcus's role in promoting the long-term strategic growth of the Company. Mr. Marcus was not awarded a bonus in 2004.

### Stock Options

Under the Company's 1993 Stock Award and Incentive Plan, as amended, stock options are granted to the Company's executive officers. Stock options are granted to the Company's executive officers by the Compensation Committee or the Stock Award Committee, as appropriate. Currently, these committees set guidelines for the size of stock option awards based on factors similar to those used to determine base salaries and annual bonus. Stock options are designed to align the interests of executives with those of the stockholders.

Under the Company's 1993 Stock Award and Incentive Plan, as amended and restated as of March 4, 1997, stock options are typically granted with an exercise price equal to the market price of the Common Stock on the date of grant and vest over time. This approach is designed to encourage the creation of stockholder value over the long term since the full benefit of options granted under the plan cannot be realized unless stock price appreciation occurs over time.

On November 10, 2005, the Board of Directors approved the vesting of all outstanding and unvested stock options held by directors, officers, and employees under the Company's 1993 Stock Award and Incentive Plan, as amended and restated as of March 4, 1997, and the Company's 1999 Stock Option Plan for Non-Employee Directors. The primary purpose for accelerating the vesting of those options was to enable the Company to avoid recognizing future compensation expense that would have been required to be recognized with respect to those stock options upon the adoption of FASB Statement No. 123R, "Share-Based Payments," which the Company adopted effective with the start of its 2006 fiscal year which started on January 1, 2006. The Company expects the acceleration to reduce the stock option expense it otherwise would have been required to record beginning with fiscal year 2006 by approximately \$799,000 in the aggregate on a pre-tax basis.

### Supplemental Benefits

In 1996, the Compensation Committee established supplemental benefits for certain executive officers of the Company. These supplemental benefits were proposed and approved as a means of addressing the substantial inequity to the five most highly compensated executive officers of the Company created by the cap on credited compensation under the Company's qualified pension plan described below under the caption "Defined Benefit Pension Plan." The Company entered into split-dollar life insurance agreements for the benefit of each of William M. Marcus, Richard G. Marcus, Roger S. Marcus, J. Dennis Burns and Howard N. Feist III. Under these contracts, the Company agreed to pay a portion of premiums due over a specified time period on certain variable life insurance policies providing life insurance protection for the family of each executive officer, subject to various terms and conditions.

The Company has not paid premiums under these agreements since 2001

## Edgar Filing: AMERICAN BILTRITE INC - Form DEF 14A

because such payments may be considered prohibited loans under the Sarbanes-Oxley Act of 2002. Because of this prohibition, as well as recent tax law changes, the Compensation Committee has determined these split dollar agreements are no longer a viable means of achieving their intended purpose and is considering alternatives. The split-dollar life insurance agreements with Mr. William M. Marcus and Mr. Roger S. Marcus have been terminated.

### Employment Agreements

No executive officer of the Company has an employment agreement with the Company.

### Conclusion

Through the programs described above, a significant portion of the Company's executive compensation is linked directly to individual and corporate performance. In 2005, 18% of the Company's executive compensation consisted of performance-based variable elements. In the case of Roger S. Marcus, 20% of his 2005 compensation consisted of performance-based variable elements. The Compensation Committee intends to continue the policy of linking executive compensation to corporate and individual performance, recognizing that the ups and downs of the business cycle from time to time may result in an imbalance for a particular period.

The following table shows for various income and service levels, the annual benefits payable under the Pension Plan, commencing at normal retirement at age 65. These benefits are presented on a five years certain and life thereafter basis and reflect any reduction for Social Security or other offset amounts that may apply.

The Pension Plan provides non-contributory benefits based upon years of service and average annual earnings for the 60 consecutive months in which the participating employee had the highest level of earnings during the 120 consecutive months preceding retirement.

The compensation used to determine a person's benefits under the Pension Plan is such person's salary (including amounts deferred as salary reduction contributions to any applicable tax-qualified plans maintained under Sections 401(k) or 125 of the Internal Revenue Code of 1986, as amended). The Internal Revenue Service has limited the maximum compensation for benefit purposes to \$210,000 in 2005. Salary amounts listed in the Summary Compensation Table are items of compensation covered by the Pension Plan. A person's benefits under the Pension Plan are subject to deduction for Social Security and other offset amounts that may apply, including offsets for service credited under the pension plan of a subsidiary.

The table below sets forth certain information relating to the Pension Plan with respect to the named executive officers.

For purposes of the 1993 Plan, an "exempt person" means (a) the Company, (b) any trustee or other fiduciary holding securities under an employee benefit plan of the Company, (c) any corporation owned, directly or indirectly, by the Company's stockholders in substantially the same proportions as their ownership of the Company, or (d) any person or group of persons who, immediately prior to the adoption of the 1993 Plan owned more than 50% of the combined voting power of the Company's then outstanding voting securities.

The Audit Committee has selected Ernst & Young LLP as independent auditors to audit the financial statements of the Company for 2006. Fees billed by Ernst & Young LLP for 2004 and 2005 are as follows:

#### Audit Fees

The aggregate fees and expenses billed by Ernst & Young LLP for professional services rendered for the audit of the financial statements of the Company and Congoleum for 2004 and 2005 and the reviews of the Company's and Congoleum's quarterly financial statements included in the Company's and Congoleum's respective Quarterly Reports on Form 10-Q for 2004 and 2005 were \$1,001,000 and \$957,400, respectively (\$340,000 in 2004 and \$380,000 in 2005 of such fees were for services provided to Congoleum).

#### Audit Related Fees

The aggregate fees and expenses billed by Ernst & Young LLP for professional services rendered to the Company and Congoleum for audit related services which were primarily related to services with respect to the Company's and Congoleum's internal controls in preparation for compliance with Section 404 of the Sarbanes Oxley Act of 2002 for 2004 and 2005 were \$40,000 and \$164,500, respectively (\$20,000 in 2004 and \$69,000 in 2005 of such fees were for services provided to Congoleum).

#### Tax Fees

The aggregate fees billed by Ernst & Young LLP for tax services provided to the Company and Congoleum related to tax compliance, tax advice, tax planning and tax examination assistance in 2004 and 2005 were \$245,000 and \$213,000, respectively (\$10,000 in 2004 and \$0 in 2005 of such fees were for services provided to Congoleum).

Fees for services provided to Congoleum Corporation are approved by Congoleum's audit committee. The Company's Audit Committee does not pre-approve fees for services for Congoleum but considers the amounts of such fees paid when making judgments regarding independence. All audit related services, tax services and other services, other than those provided to Congoleum, were pre-approved by the Audit Committee, which concluded that the provision of such

## Edgar Filing: AMERICAN BILTRITE INC - Form DEF 14A

services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Audit Committee's pre-approval policy and procedure is to review proposed Ernst & Young LLP audit, audit-related services, tax services and other services and pre-approve such services specifically described by the Audit Committee on an annual basis. In addition, individual engagements anticipated to exceed pre-established thresholds must be separately approved. The policy authorizes the Audit Committee to delegate to one or more members of the Audit Committee pre-approval authority with respect to permitted services. The Audit Committee did not approve any services pursuant to Rule 2-01(c)(7)(i)(C) of Regulation S-X of the regulations promulgated by the Securities and Exchange Commission.

Representatives of Ernst & Young LLP are expected to be present at the Meeting, will be given an opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions.
