Only stockholders of record at the close of business on December 21, 2015 will be entitled to notice of and to vote at the meeting.

We have adopted the U.S. Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet. As a result, we are mailing a Notice of Internet Availability of Proxy Materials (the "Internet Availability Notice") to most of our stockholders instead of a paper copy of this Proxy Statement and our 2015 Annual Report. The Internet Availability Notice contains instructions on how to access and review those documents over the Internet. We believe that this process allows us to provide our stockholders with the information they need in a more timely manner, while reducing the environmental impact and lowering the costs of printing and distributing our proxy materials. If you received an Internet Availability Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Internet Availability Notice.

Your vote is very important. Whether or not you plan to attend the Annual Meeting (in person or virtually via the Internet), please complete and return your proxy card or vote by telephone or via the Internet by following the instructions on your Internet Availability Notice. Returning a proxy card or otherwise submitting your proxy does not deprive you of your right to attend the Annual Meeting and vote in person or virtually via the Internet. Proxies are being solicited on behalf of the board of directors.

By Order of the Board of Directors

GENERAL INFORMATION ABOUT THE MEETING

This Proxy Statement is furnished in connection with the solicitation of proxies to be voted at the 2016 Annual Meeting of Stockholders of TD Ameritrade Holding Corporation (the "Company"). The 2016 Annual Meeting will be held on Thursday, February 18, 2016 at 9:00 a.m., Central Standard Time, at the Company's corporate headquarters facility, 200 South 108th Avenue in Omaha, Nebraska and via the Internet at amtd.onlineshareholdermeeting.com, where you will be able to vote electronically and submit questions during the meeting. This Proxy Statement and the accompanying proxy card are first being sent to stockholders on or about January 7, 2016.

Q u o r u m a n d V o t i n g R e q u i r e m e n t s

The Company has one class of common stock. Each share of common stock is entitled to one vote upon each matter to be voted on at the Annual Meeting. Stockholders do not have the right to cumulate votes in the election of directors. Only stockholders of record at the close of business on December 21, 2015 (the "Record Date") will be entitled to vote at the Annual Meeting. As of the Record Date, there were 536,710,087 shares of common stock issued and outstanding.

This Proxy Statement relates only to the solicitation of proxies from the stockholders with respect to the election of four Class II directors recommended by the board of directors, an advisory vote on executive compensation, the approval of the amended and restated Long-Term Incentive Plan and the amended and restated Management Incentive Plan and ratification of the appointment of the Company's independent registered public accounting firm. All shares of the Company's common stock represented by properly executed and unrevoked proxies will be voted by the persons named as proxies in accordance with the directions given. Where no instructions are indicated on any such proxy, properly executed proxies will be voted "FOR" the proposals set forth in this Proxy Statement for consideration at the Annual Meeting. At this time, we are unaware of any matters, other than described above in the Notice of Annual Meeting of Stockholders, that may properly come before the Annual Meeting. If any other

matters come before the Annual Meeting, the proxies in the enclosed form will confer discretionary authority on the persons named as proxies to vote in their discretion with respect to such matters.

The accompanying proxy is solicited from the holders of the Company's common stock on behalf of the board of directors of the Company. A proxy is revocable at any time by giving written notice of revocation to the secretary of the Company prior to the Annual Meeting or by executing and delivering a later-dated proxy via the Internet, telephone or mail prior to the Annual Meeting. Furthermore, the stockholders who are present at the Annual Meeting (in person or via the Internet) may revoke their proxies and vote in person. Stockholders attending the Annual Meeting via the Internet should follow the instructions at amtd.onlineshareholdermeeting.com in order to vote at the meeting. A quorum consisting of at least a majority of shares of common stock issued and outstanding must be present at the meeting for any business to be conducted. Shares of common stock entitled to vote and represented by properly executed, returned and unrevoked proxies, including shares with respect to which votes are withheld or abstentions are cast or shares that are "broker non-votes," will be considered present at the Annual Meeting for purposes of determining a quorum. Broker non-votes are shares held by brokers or nominees for which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and for which the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers. If your broker holds your shares in its name and you do not instruct your broker how to vote, your broker will nevertheless have discretion to vote your shares on our sole "routine" matter – the ratification of the appointment of the Company's independent registered public accounting firm. Your broker will not have discretion to vote on the following "non-routine" matters absent direction from you: the election of directors recommended by the board of directors, the advisory vote on executive compensation and the approval of the amended and restated Long-Term

PROPOSAL NO. 1 — ELECTION OF DIRECTORS
RECOMMENDED BY THE BOARD OF DIRECTORS

B o a r d o f D i r e c t o r s

The Company's certificate of incorporation divides the Company's board of directors into three classes, with four directors per class and with each class being elected to a staggered three-year term. J. Joe Ricketts, the Company's founder, certain members of his family and trusts established for their benefit (collectively, the "Ricketts holders") owned approximately 11% of our common stock as of the Record Date. The Toronto-Dominion Bank, a Canadian chartered bank, owned approximately 42% of our common stock as of the Record Date. References to "TD" or "TD Bank Group" in this Proxy Statement refer to The Toronto-Dominion Bank and its subsidiaries. In connection with the Company's January 24, 2006 acquisition of TD Waterhouse Group, Inc. ("TD Waterhouse"), the Ricketts holders, TD and the Company entered into a stockholders agreement, as amended (the "Stockholders Agreement"). Pursuant to the amended Stockholders Agreement, the Ricketts holders will be removed as parties to the agreement effective January 24, 2016, which means that all of the rights and obligations of the Ricketts holders described below will end and have no force and effect after January 24, 2016 (the "Ricketts Cessation").

Under the Stockholders Agreement, the Company's board of directors consists of twelve members, up to five of whom may be designated by TD, up to three of whom may be designated by the Ricketts holders, one of whom is the chief executive officer of the Company, and a minimum of three of whom are outside independent directors who are nominated by the Outside Independent Directors ("OID") Committee and then approved by TD and the Ricketts holders. The right of each of TD and the Ricketts holders to designate directors is subject to their maintenance of specified ownership thresholds of Company common stock, as set forth in the Stockholders Agreement. As of the Record Date, based on their respective ownership positions in the Company, TD has the right to designate five members of the board of directors and the Ricketts holders have the right to designate one. On December 22, 2015, Todd M. Ricketts was elected as a member of the board of directors as an outside independent director,

effective February 18, 2016, obviating the requirement under the Stockholders Agreement that he resign from the board of directors immediately prior to the Annual Meeting in connection with the Ricketts Cessation. In order to accommodate the election of Tim Hockey as a member of the board of directors concurrent with his employment as president of the Company effective January 2, 2016, TD irrevocably waived its right to designate one of its directors. This waiver will expire at the first to occur of (1) the cessation of employment of Mr. Hockey by the Company, (2) the effective date of the resignation from the board of the current chief executive officer, or (3) October 1, 2016, at which time TD will have the right to designate the full number of directors provided for in the Stockholders Agreement. It is anticipated that Mr. Hockey will fill the board seat reserved for the chief executive officer on October 1, 2016, upon the retirement of Fredric J. Tomczyk as chief executive officer. See discussion under "STOCK OWNERSHIP AND RELATED INFORMATION – Stockholders Agreement" for additional information regarding the terms of the Stockholders Agreement. Because TD and the Ricketts holders collectively own more than 50% of the voting power of the outstanding common stock of the Company, the Company qualifies as a "controlled company" for purposes of Nasdaq Rule 5615(c) and therefore is exempt from specified director independence requirements of The Nasdaq Stock Market. The Company will cease to be a "controlled company" as of January 24, 2016, when the Ricketts holders are no longer a party to the Stockholders Agreement.

The board of directors has nominated the following persons as directors to be voted upon at the 2016 Annual Meeting: Bharat B. Masrani, Irene R. Miller, Todd M. Ricketts and Allan R. Tessler, as Class II directors to serve terms ending at the 2019 Annual Meeting. Mr. Masrani and Ms. Miller are designees of TD. Mr. Ricketts is a designee of the Ricketts holders until January 24, 2016, and is standing for reelection as an outside independent director as a result of the Ricketts Cessation. Mr. Tessler is an outside independent director. Lorenzo A. Bettino, V. Ann Hailey, Joseph H. Moglia and Wilbur J. Prezzano are Class III directors serving terms ending at the 2017 Annual

Meeting. Tim Hockey, Karen E. Maidment, Mark L. Mitchell and Fredric J. Tomczyk are Class I directors serving terms ending at the 2018 Annual Meeting. The board of directors has determined that Mses. Hailey, Maidment and Miller and Messrs. Bettino, Mitchell, Moglia, Prezzano, Ricketts and Tessler are independent as defined in Nasdaq Rule 5605.

The board of directors knows of no reason why any of Messrs. Masrani, Ricketts and Tessler and Ms. Miller might be unavailable to serve as directors, and each has expressed an intention to serve if elected. If any of Messrs. Masrani, Ricketts and Tessler and Ms. Miller is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the board of directors may recommend. With the exception of the Stockholders Agreement, there are no arrangements or understandings between any of the persons nominated to be a Class II director and any other person pursuant to which any of such nominees was selected.

The election of a director requires the affirmative vote of a plurality of the shares of common stock present in person

or represented by proxy at the meeting and voting, provided a quorum of at least a majority of the outstanding shares of common stock is represented at the meeting. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker how to vote on this "non-routine" proposal, your broker does not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the election of directors. Where no instructions are indicated, properly executed and unrevoked proxies will be voted "FOR" the election of each of Messrs. Masrani, Ricketts and Tessler and Ms. Miller as Class II directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE ELECTION OF BHARAT B. MASRANI, IRENE R. MILLER, TODD M. RICKETTS AND ALLAN R. TESSLER AS CLASS II DIRECTORS.

The tables below set forth certain information regarding the directors of the Company.

The board of directors conducts its business through meetings of the board, actions taken by written consent in lieu of meetings and by the actions of its committees. The non-employee members and the independent members of our board of directors meet in executive session without management present at each regularly scheduled in-person meeting of the board. These directors select a presiding director at these meetings on an ad-hoc basis. The board of directors has a policy requiring the separation of the roles of chief executive officer and chairman of the board because the board of directors believes it improves the ability of the board to exercise its oversight role. Mr. Tomczyk serves as the chief executive officer and Mr. Moglia serves as chairman of the board. The chairman is responsible for managing the affairs of the board, with the objective that it is properly organized, functions effectively and fulfills its responsibilities. The chairman also works with the chief executive officer and the corporate secretary to establish the agenda for each board meeting and receives input from other directors as necessary or desired for the coordination of board activities. The separation of the roles of chief executive officer and chairman of the board does not affect risk oversight, which is the responsibility of the board of directors, primarily overseen by the Risk Committee. Our management team is responsible for managing risk, using risk management processes, policies and procedures to identify, measure and manage risks.

During the fiscal year ended September 30, 2015, the board of directors held seven meetings. During fiscal year 2015, each incumbent director attended at least 75% of the aggregate number of meetings of the board of directors and meetings of the committees of the board of directors on which he or she served during the period in which he or she served, if any. Although the Company does not have a formal policy regarding director attendance at our Annual Meeting of Stockholders, directors are encouraged to attend. Eleven of the 12 directors of the Company at the time of the 2015 Annual Meeting of Stockholders attended the 2015 Annual Meeting of Stockholders.

The OID Committee reviews and approves (or ratifies) any related person transaction that is required to be disclosed by the Company. The OID Committee is also responsible for approving transfers of voting securities by TD and the Ricketts holders not otherwise permitted by the Stockholders Agreement, approving qualifying transactions (as defined in the Stockholders Agreement) and determining the fair market value (or selecting an independent investment banking firm to determine the fair market value) of certain property in connection with the stock purchase and transfer rights of TD and the Ricketts holders set forth in the Stockholders Agreement. All current OID Committee members are "independent" as defined in the applicable listing standards of The Nasdaq Stock Market. The Company's OID Committee met nine times during fiscal year 2015.

- Decisions for recommending candidates for nomination are based on merit, qualifications, performance, character and integrity and the Company's business needs and will comply with the Company's anti-discrimination policies and federal, state and local laws.
- The composition of the entire board of directors will be taken into account when evaluating individual directors, including: the diversity, depth and breadth of knowledge, skills, experience and background represented on the board of directors; the need for financial, business, financial industry, public company and other experience and expertise on the board of directors and its committees; and the need to have directors work cooperatively to further the interests of the Company and its stockholders.

The following table summarizes non-employee director compensation for calendar year 2015 under the terms of the TD Ameritrade Holding Corporation 2006 Directors Incentive Plan:

Non-employee Director Compensation	Amount
Chairman of the Board Annual Retainer	\$400,000 in cash or a combination of cash and RSUs
Annual Cash Retainer (excluding Chairman)	\$80,000
Annual Equity Grant (excluding Chairman)	\$130,000 in RSUs
Committee Chairperson Retainer	\$10,000 (\$25,000 for Audit and Risk Committee chair)

Non-employee directors may also receive, at the discretion of the Corporate Governance Committee and approved by the board of directors, payment of additional non-employee director compensation when special circumstances warrant.

On November 20, 2015, the Corporate Governance Committee recommended and the board of directors approved a one-time cash payment to members of the CEO succession planning sub-committee in the amount of \$25,000 for Mr. Prezzano, the lead director, and \$10,000 for each of the other members, Messrs. This payment was made to compensate the members of the sub-committee for their work that led to the hiring of Mr. Hockey, who will succeed Mr. Tomczyk as chief executive officer of the Company upon Mr. Tomczyk's retirement on September 30, 2016. PROPOSAL NO. 1 — ELECTION OF DIRECTORS
RECOMMENDED BY THE BOARD OF DIRECTORS

The 2006 Directors Incentive Plan is designed to:

• fairly compensate non-employee directors for work required of a company the size and complexity of TD Ameritrade and

• align directors' interests with the long-term interests of stockholders.

The annual cash retainer, the committee chairperson retainer and the Audit Committee member fee are paid in advance at the beginning of each calendar year.

Under the 2006 Directors Incentive Plan, any non-employee director is permitted to defer any or all of the cash or equity award. Investment earnings on amounts deferred in the form of stock units are based on the fluctuations in the underlying common stock of the Company. Deferred cash awards earn interest at the prime rate as reported by The Wall Street Journal.

The number of restricted stock units ("RSUs") under the annual equity grant is calculated by using the average of the high and low price of the Company's common stock for the 20 trading days prior to the grant date. RSU awards vest completely on the first anniversary of the grant date and are settled by issuing shares of Company common stock. In the event of a change in control of the Company,

the RSUs vest as soon as practicable after the change in control. RSUs do not have any voting rights. RSUs receive the benefit of any dividends on common stock of the Company in the form of additional RSUs. In the event of the death of a non-employee director, the RSUs will vest and be settled in common stock of the Company. In the event of the disability of a non-employee director, the RSUs will continue to vest over the applicable vesting period whether or not the director continues to serve as a director of the Company.

Non-employee directors are reimbursed for expenses incurred in connection with attending meetings of the board of directors. The Company also indemnifies and provides liability insurance for its directors and officers.

Mr. Moglia is compensated pursuant to a non-employee chairman term sheet. Under the term sheet, Mr. Moglia earns an annual retainer of \$400,000, which is paid in either cash or a combination of cash and equity as agreed upon between Mr. Moglia and the board of directors. Mr. Moglia was paid in cash for his 2015 annual retainer. For the provisions of the non-employee chairman term sheet, see Exhibit 10.2 of the Company's Annual Report on Form 10-K filed with the SEC on November 18, 2011.

terms of this agreement, which are taken into account in his data included in the Summary Compensation Table and other tables below, provide for a single lump sum cash payment for his fiscal year 2015 annual cash and equity incentive award based on actual performance, rather than a combination of cash and equity, and accelerated vesting of all unvested restricted stock units ("RSUs") as of the date of his retirement. In addition, Mr. Gerber will receive cash payments, in an aggregate amount of \$2.5 million, to be paid over four years following the date of his retirement (subject to required withholdings) in exchange for entering into a consulting and release of claims agreement containing customary terms, including a noncompetition agreement for 24 months and providing support and counsel to the CEO and his successor to assist in the transition of the CFO responsibilities.

On March 25, 2015, Mr. Boyle entered into an agreement to become the Company's executive vice president, finance effective July 1, 2015 and chief financial officer effective October 1, 2015. On November 9, 2015, Mr. Tomczyk notified the board of directors of his retirement as chief executive officer, effective September 30, 2016, and of his resignation as president, effective January 2, 2016. EXECUTIVE COMPENSATION AND RELATED INFORMATION

We have organized this report as follows:

1. First, we provide information regarding our Compensation Committee and its role in setting executive compensation.
2. Next, we discuss the guiding principles underlying senior executive compensation policies and decisions.
3. We describe the risk assessment of our compensation programs.
4. We discuss the elements of compensation, how we determined the amount of each element and how each element fits into the Company's compensation objectives.
5. We describe stock ownership guidelines.
6. We discuss severance and change in control provisions.
7. We discuss certain tax treatment of senior executive compensation.
8. We conclude by describing certain compensation-related actions taken since the end of fiscal year 2015.

1. The H.R. and Compensation Committee

The Compensation Committee establishes and administers the Company's executive compensation programs and, in consultation with the Risk Committee, reviews compensation-related risks. The board of directors evaluates the performance of the chief executive officer and reviews the Compensation Committee's compensation recommendation. The Compensation Committee then formally approves the chief executive officer's compensation. The chief executive officer and the Compensation Committee together assess the performance of each of the other named executive officers and then the Compensation Committee determines their compensation based on initial recommendations from the chief executive officer. Beginning in October 2005, the Compensation Committee retained Mercer Human Resources Consulting ("Mercer") to advise the Compensation Committee on executive compensation practices and market compensation levels. Annually, Mercer provides the Compensation Committee with independent validation of the market data provided by management. In addition,

Mercer provides management with guidance on industry trends and best practices. Management also engages Mercer to provide consulting services to the Company on its health and welfare plans. In fiscal year 2015, Mercer earned \$33,439 in fees for executive compensation market analysis and \$431,336 in fees for other services, including consulting services on the Company's benefit plans, compensation market surveys and compensation market survey software. In addition, the Company paid an affiliate of Mercer \$697,447, which was primarily for premiums on certain insurance coverages during fiscal year 2015. The other services and insurance coverages were not approved by the board of directors or the Compensation Committee because they relate to broad-based compensation and benefit plans.

The Compensation Committee is composed of non-employee directors of the board. No member of the Compensation Committee during fiscal year 2015 was an employee of the Company or any of its subsidiaries at the time of his service on the Compensation Committee. Each member of the Compensation Committee during fiscal year 2015 qualified as a "non-employee director" under rule 16b-3 under the Securities Exchange Act of 1934 (the "1934 Act") and as an "outside director" under section 162(m) of the Internal Revenue Code of 1986, as amended ("the Code"). Mr. Masrani, group president and chief executive officer of TD, serves on the Compensation Committee. Given that TD is the Company's largest stockholder, we believe Mr. Masrani's views are properly aligned with stockholder interests.

The Compensation Committee has delegated to the chief executive officer of the Company (the "CEO") the authority to increase the compensation of, and grant equity awards to, any employee participating in the Management Incentive Plan (the "MIP"), except for executive officers and employees whose total target compensation equals or exceeds \$1 million per year, subject in each case to any increase or grant being (1) within the budget previously approved by the Compensation Committee and (2) in accordance with the terms of the applicable compensation plan.

2. Guiding Principles

The objective of the executive compensation plans is to attract, retain and motivate high-performing executives to create sustainable long-term value for stockholders. To achieve this objective, the Company and the Compensation Committee use the following guiding principles when evaluating executive compensation policies and decisions:

▲ Alignment with the Company's Business Strategy

—Executive compensation is linked with the achievement of specific short- and long-term strategic business objectives and the Company's overall performance.

—Compensation plans are linked to key business drivers that support long-term stockholder value creation.

▲ Alignment to Stockholders' Interests

—The interests of executives are aligned with those of long-term stockholders through policy and plan design.

—Stock ownership guidelines are used to align the interests of executives with those of stockholders over the long term.

—As an executive increases in seniority, an increasing percentage of total compensation is subject to vesting through the greater use of equity-based awards to aid in retention and to focus executives on sustainable long-term performance.

▲ Risk Management

—Compensation plan design should not create an incentive for excessive risk-taking and each plan is reviewed on at least an annual basis to determine that it is operating as intended.

—Incentive compensation is subject to risk of forfeiture in accordance with the clawback policy.

▲ Pay for Performance

—Clear relationships should exist between executive compensation and performance. Compensation should reward both corporate and individual performance.

—Total compensation includes a meaningful variable

component that is linked to key business objectives and the Company's overall performance.

—A substantial portion of variable compensation is awarded in the form of equity-based awards.

—Equity awards are generally granted based on the achievement of annual performance goals and are subject to time-based vesting.

—The Compensation Committee has the ability to exercise negative discretion to reduce compensation.

▲ Pay Competitively

—Target total compensation should be based on the median of the competitive market and adjusted to reflect scope of responsibility, experience, potential and performance or other factors specific to the executive.

At the Company's 2015 Annual Meeting, stockholders approved, on a non-binding advisory basis, the compensation of the fiscal year 2014 named executive officers, with more than 99% of the total votes cast voting in favor of the say-on-pay proposal. In connection with the review of such vote and in considering the overall design of the executive compensation program, the Compensation Committee decided to maintain the general approach with respect to the Company's executive compensation program for fiscal year 2015.

3. Risk Assessment

The Compensation Committee, together with the Risk Committee, assessed all of the Company's incentive compensation plans and has concluded that our compensation plans and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Management assessed all of the Company's executive, sales and broad-based compensation plans to determine if any provisions or practices create undesired or unintentional risk of a material nature. This risk assessment process included a review of plan design, including business drivers and performance measures. Incentive compensation plan design varies across business units based on differing goals established for business units. Incentive compensation targets are reviewed

annually and adjusted as necessary to align with quantitative and qualitative CEO goals (defined below). The Company's compensation structure includes the following risk-mitigating factors: approval of executive compensation by a committee of independent directors, performance-based long-term incentive awards aligned with stockholder interests, stock ownership guidelines and anti-hedging and clawback policies (described below).

4. Elements of Compensation

Targeted Overall Compensation

The Company operates in the highly competitive financial services sector, with a leadership position in retail securities brokerage services. The overall compensation program is designed to align the interests of executives with those of our stockholders and be competitive with the compensation practices of financial services companies with characteristics similar to the Company. The comparator group consists of:

• E*TRADE Financial Corporation,
• The Charles Schwab Corporation,
• Ameriprise Financial, Inc.,
• Broadridge Financial Solutions, Inc.,
• CME Group Inc.,
• Comerica Incorporated,
• Fifth Third Bancorp,
• Franklin Resources, Inc.,
• Intercontinental Exchange, Inc.,
• Invesco Ltd.,
• Legg Mason, Inc.,
• LPL Investment Holdings Inc.,
• The NASDAQ OMX Group, Inc.,
• Northern Trust Corporation,
• Raymond James Financial, Inc., and
• T. Rowe Price Group, Inc.

The criteria for determining the comparator group were industry, business mix, market capitalization, revenue, net

income, geographic presence, say-on-pay stockholder advisory vote results, peer group inclusion and competition for talent.

Target total executive compensation consists of: (1) base salary, (2) incentive compensation, which is comprised of cash and equity, and (3) in the case of Mr. Adams, an additional annual equity award. Each of these elements of compensation, as well as the compensation package as a whole, is intended to enable the Company to remain competitive in attracting and retaining talented individuals. While base salaries and fixed annual equity awards are provided to reward executives on a day-to-day basis for their time and services, the incentive compensation links the executives' compensation to achievement of the Company's business strategy and stockholders' interests. These targeted total compensation levels are developed using market data from our comparator group and other financial services compensation data obtained from human resources consulting firms, such as McLagan, Mercer and Towers Watson. The market data considered as part of the competitive review reflect executive responsibilities that are similar to the responsibilities of our executive officers, where available. Mercer, our outside independent compensation consultant, reviewed the market compensation information and confirmed its appropriateness as a point of reference in setting target total compensation levels for each of our named executive officers for fiscal year 2015.

A significant portion of each executive's total compensation is variable or "at risk." The "at risk" portion of total compensation includes the annual cash incentive and the annual equity incentive, which are both linked to

performance during the year. If the Company's or individual's performance is below target, "at risk" compensation may decrease. Conversely, if the Company's or individual's performance is above target, "at risk" compensation may increase.

The equity incentive compensation target is established so that a meaningful portion of total compensation is awarded as equity which vests in full on the third anniversary of the grant date. The target mix between cash and equity is based on total compensation level, with the portion that is

awarded as equity generally increasing as total compensation increases. This practice, combined with stock ownership guidelines, promotes retention and

focuses executives on executing business strategies, sustaining performance and growing value for stockholders over the long-term.

Each named executive officer had target annual compensation for fiscal year 2015 as follows:

Name	Base Salary (\$)	Target Cash Incentive (\$)	Target Equity Incentive (\$)	Total Target Incentive (\$)	Additional Annual Equity Award ⁽¹⁾ (\$)	Targeted Overall Compensation (\$)
Fredric J. Tomczyk	1,000,000	1,800,000	4,200,000	6,000,000	—	7,000,000
William J. Gerber	400,000	1,100,000	—	1,100,000	—	1,500,000
Marvin W. Adams	500,000	1,500,000	1,500,000	3,000,000	1,000,000	4,500,000
J. Thomas Bradley, Jr.	500,000	1,100,000	1,100,000	2,200,000	—	2,700,000
Thomas A. Nally	450,000	775,000	775,000	1,550,000	—	2,000,000
Stephen J. Boyle	400,000	675,000	675,000	1,350,000	—	1,750,000

(1) On October 22, 2012, in order to keep Mr. Adams' compensation competitive with current market compensation for similar positions in the financial services industry and to provide an additional retention incentive, the Compensation Committee approved additional annual RSU awards for Mr. Adams with a value of \$1 million per year over a 5-year period. The initial award was granted on November 20, 2012. The fiscal year 2015 award is the fourth of the five annual awards. Pursuant to the provisions of the RSU agreements, the awards will vest in full on the third anniversary of each grant date, subject to Mr. Adams' continued employment through the applicable vesting date. However, in the event Mr. Adams ceases to be an employee due to his voluntary resignation on or after December 1, 2016, any granted and unvested awards will vest in full and be settled by the Company as soon as practicable after the date of his resignation. The awards are also subject to accelerated vesting upon certain other events of termination, as described under "Potential Payments Upon Termination or Change-in-Control" later in this section. Consistent with the Company's overall compensation principles, a large percentage of the total compensation package is paid only after performance objectives have been met. The percentage of each executive's targeted total annual compensation that was subject to performance-based objectives for fiscal 2015 was:

Name	Performance-Based
Fredric J. Tomczyk	86%
William J. Gerber	73%
Marvin W. Adams	67%
J. Thomas Bradley, Jr.	81%
Thomas A. Nally	78%

Annual Incentive Award

In fiscal year 2015, the first step for calculating awards under the annual incentive plan for executive officers was based on the achievement of goals for the following key metrics: (1) earnings per share ("EPS"), (2) market share of client revenue trades among the Company's primary publicly-traded competitors and (3) net new client assets. These goals were recommended by the CEO and established and approved by the Compensation Committee, to align the interests of executives with those of our stockholders. We refer to market share of client revenue trades and net new client assets as the quantitative CEO goals. In addition, the following factors were considered in determining the annual incentive awards of our executive officers:

• Attainment of key qualitative short- and long-term goals, established by the CEO and approved by the Compensation Committee, which we refer to as the qualitative CEO goals and

• Attainment of individual quantitative and qualitative performance goals.

The Compensation Committee reserves the right to reduce the payouts initially determined by the achievement of EPS and quantitative CEO goals by up to 40% for other qualitative considerations and up to an additional 40% based on each executive's specific performance of individual goals. In addition, the Compensation Committee retains the ability to exercise further negative discretion to reduce incentive payments to executives.

The Compensation Committee has designed our annual incentive plan to support our pay-for-performance philosophy, with the objective of closely aligning each executive to the long-term growth of the Company and the business strategy for which each executive is most responsible. Based on pre-established targets for EPS and quantitative and qualitative CEO goals, the Compensation Committee believes that the design provides for a balanced assessment of short- and long-term performance.

A portion of the annual incentive award is granted in equity under the Long-Term Incentive Plan (the "LTIP"). Equity

is used to motivate, reward and retain key executives and to align their interests to those of stockholders. Equity awards are only granted if the applicable performance measures have been achieved, and then are subject to time-based vesting. If the Company grants RSUs as a component of the annual incentive, the RSUs will fully vest on the third anniversary of the grant date, so long as the executive is then employed by the Company. This vesting schedule aligns the long-term interests of executives with those of our stockholders. The vesting of RSU awards accelerates upon certain events of employment termination, as described under "Potential Payments Upon Termination or Change-in-Control" later in this section.

The MIP permits the "clawback" of any cash incentive awards, and the Company's RSU agreements permit the clawback of awards granted pursuant to the MIP and LTIP if the Compensation Committee determines, within three years of the date of the award, that certain conduct has occurred. Generally, under the terms of the clawback provisions, an executive who is involved in fraud or willful misconduct that results in a restatement of the Company's financial statements or who commits an act of fraud, negligence or breach of fiduciary duty resulting in material loss, damage or injury to the Company can be required to: (1) forfeit and transfer to the Company, at no cost to the Company, any unvested RSUs and any shares of common stock issued in connection with vested RSUs and (2) repay to the Company any cash incentive awarded under the MIP or any gain realized from the disposition of any such shares of common stock awarded under the LTIP. The board of directors adopted the clawback policy to prevent executives from unjustly benefiting from certain wrongful conduct.

The Compensation Committee believes that the clear performance measures and specific targets used by the Company ensure a strong, team-oriented, pay-for-performance philosophy. Our compensation plans are designed to permit the full incentive payments to executive officers to qualify as performance-based compensation under section 162(m) of the Code.

Fiscal Year 2015

For fiscal year 2015, 60% of the initial measurement of results under the annual incentive plan was based on EPS, a key measure of the Company's short-term financial performance. The remaining 40% was based on the quantitative CEO goals: (1) market share of client revenue trades among the Company's primary publicly traded competitors (16%) and (2) net new client assets (24%). Both quantitative CEO goals impact the Company's long-term financial performance and support its long-term strategic goals. All three metrics are intended to incentivize management to drive Company performance in alignment with stockholder interests. The goal ranges and corresponding maximum payout percentage for each of these measures is summarized below (boxed amounts represent actual results):

In fiscal year 2015, the Company achieved EPS of \$1.49, client trading market share of 51.0% and net new client assets of \$63.0 billion. The following table summarizes the payout calculation based on actual performance results, qualitative adjustments and negative discretion applied by the Compensation Committee.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

Qualitative downward adjustments to the quantitative CEO goal results were made to account for performance of long-term qualitative goals, resulting in funding for the CEO goals of 61.6%. Accordingly, under the terms of the annual incentive program for fiscal year 2015, the Compensation Committee approved annual incentive awards equal to 140.8% of the target annual incentive, subject to the exercise of up to 40% negative discretion for EPS and the CEO goals, up to 40% negative discretion for individual performance goals and further negative discretion based on other qualitative factors determined by the Compensation Committee. The Compensation Committee did not utilize a formula for qualitative considerations or individual performance assessment, as it does with EPS and the quantitative CEO goals, in determining the amount of negative discretion to apply. The qualitative considerations used in fiscal year 2015 to determine the appropriate amount, if any, of qualitative adjustments and negative discretion to be used consisted of the following key corporate performance goals: growth in client cash and market fee-based assets, client experience, progress on strategic initiatives, associate engagement and delivering superior stockholder return. The Compensation Committee

decided that significant strides were accomplished in fiscal year 2015 on reaching the qualitative CEO goals and applied 20% negative discretion, reducing the maximum incentive award funding to 120.8% for each of the named executive officers. The Compensation Committee then used its judgment to measure the individual performance of each of these named executive officers in order to determine the amount of any additional negative discretion to employ. After all negative discretion was applied, actual incentive awards, as summarized in the table below, were 100.8% of target for each of the named executive officers.

Management was rewarded in fiscal year 2015 for successfully executing on the Company's business strategy, which, in the face of continued difficult operating conditions, resulted in numerous records for the year, including EPS, net new client assets and average client trades per day. The fiscal year 2015 annual incentive awards consisted of a cash component and an equity component for each named executive officer except Mr. Gerber, whose annual incentive award was paid entirely in cash.

The following table sets forth total cash and equity compensation earned by our named executive officers for service during fiscal 2015, including base salary, actual awards earned under the fiscal year 2015 annual incentive, and other equity awards.

(1) For Mr. Boyle's service with his previous employer during fiscal year 2015, TD has agreed to reimburse the Company for a portion of his fiscal year 2015 cash incentive. The Company will receive \$450,000 from TD, or 66.67% of Mr. Boyle's target cash incentive for fiscal 2015, based on eight months of service with his previous employer. Although TD is reimbursing the Company based on Mr. Boyle's target cash incentive, he was paid 100.8% for his fiscal 2015 cash incentive based on actual performance.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

The equity awards for 2015 for each of these named executive officers were granted solely in the form of RSUs. Mr. Boyle's \$3 million special RSU award was granted in connection with his hiring during fiscal year 2015, in order to replace equity compensation he forfeited from his prior employer. Because all of the other RSU awards were granted in fiscal year 2016, they are not included in the Summary Compensation Table or the Grants of Plan-based Awards and Outstanding Equity Awards at Fiscal Year-End tables later in this section. As described above, the RSUs will vest in full on the third anniversary of the grant date.

5. Stock Ownership Guidelines and Anti-Hedging Policy

The Compensation Committee and the board of directors strongly believe that senior executives should own a significant amount of Company common stock. This provides a direct and continuing alignment of financial interests between executives and stockholders.

The stock ownership guidelines for current named executive officers are as follows:

ten times base salary for Mr. Tomczyk and

five times base salary for Messrs. Adams, Boyle, Bradley and Nally.

The stock ownership guideline for Mr. Hockey is ten times his base salary. None of these executive officers are permitted to sell any equity interest in the Company until they meet their respective stock ownership guidelines, after which the chief executive officer must obtain prior approval from the Compensation Committee and all other senior executives must obtain prior approval from the chief executive officer. Mr. Tomczyk has agreed to maintain stock ownership under these guidelines for two years after he ceases to be an employee or director of the Company. The Company considers any stock held without restrictions, unvested restricted stock units, vested but unexercised in-the-money stock options, deferred compensation that will settle in common stock and common stock held under the Company's 401(k) plan in determining whether the stock ownership guidelines have been met. All current named executive officers have met the stock ownership guidelines.

The Company does not allow any of its employees to enter into hedging transactions involving its common stock.

6. Change in Control and Severance Provisions

Our senior executive team has been instrumental to the success of the Company, and we believe it is important to provide certain benefits to them in the event of a change in control. We believe that the interests of our stockholders are best served if the interests of senior management are aligned with them, and providing change in control benefits should minimize any reluctance of senior management to pursue change in control transactions that may be in the best interest of our stockholders. Equity awards under the MIP will vest and settle as soon as practicable following termination by the Company for any reason, other than for cause, within 24 months after a change in control. Our executive officers are not entitled to any other benefits upon a change in control. Rather, our employment arrangements with Messrs. Tomczyk and Adams and our executive compensation practices (described later in this section under "Potential Payments Upon Termination or Change-in-Control") require a termination of employment without cause or resignation with good reason in connection with or following a change in control for any benefits to apply. We utilize this dual-trigger change in control provision because we believe that triggering payments simply upon a change in control is not in the Company's or stockholders' best interests.

7. Tax Treatment

The Compensation Committee designs certain components of executive compensation to preserve income tax deductibility under section 162(m) of the Code. Section 162(m) generally disallows a tax deduction to public corporations for non-performance-based compensation over \$1 million paid for any fiscal year to each of the individuals who were, at the end of the fiscal year, the corporation's chief executive officer and the three other most highly compensated executive officers.

The Company believes that the cash bonuses paid and stock-based awards granted to executive officers under the MIP are and will be fully deductible under section 162(m). In addition, the Company has adopted a policy that stock-based awards granted to its executive officers should

generally be made pursuant to plans that the Company believes satisfy the requirements of section 162(m). However, the Compensation Committee retains discretion and flexibility in developing appropriate compensation

programs and establishing compensation levels and, in some instances, may approve compensation that is not fully deductible.

8. Actions Since End of Fiscal Year 2015

The table below summarizes RSUs granted to our named executive officers since the end of fiscal year 2015. Because these grants were made in fiscal year 2016, they are not included in the Summary Compensation Table or the Grants of Plan-based Awards and Outstanding Equity Awards at Fiscal Year-End tables later in this section.

Stephen J. Boyle	680,400	18,769	684,779	—	—	—

(1) Pursuant to the provisions of Mr. Gerber's consulting and release of claims agreement, his compensation for fiscal year 2015 was paid in cash, rather than a combination of cash and equity.

The number of RSUs granted was determined by dividing the dollar amount earned by \$36.25, the average of the high and low price of the Company's common stock for the 20 trading days ended November 25, 2015. The grant date fair value for accounting purposes was determined based upon the volume-weighted average market price (the "VWAP") of the underlying common stock as of November 25, 2015, the date of the grant. The VWAP on November 25, 2015 was \$36.4846. Except for Mr. Bradley's additional equity award, these awards vest in full

on the third anniversary of the grant date if the executive is then employed by the Company.

On November 6, 2015, in order to provide an additional retention incentive, the Compensation Committee approved an additional award of RSUs to Mr. Bradley with a value of \$1 million, with vesting on the fifth anniversary of the grant date, and an additional award of RSUs to Mr. Nally with a value of \$250,000, with vesting on the third anniversary of the grant date.

Stephen J. Boyle	400,000	675,000	675,000	1,350,000	—	1,750,000

(1) In connection with Mr. Tomczyk's announced retirement on September 30, 2016, his compensation for fiscal year 2016 will be paid in cash, rather than a combination of cash and equity.

For fiscal 2016, Mr. Bradley's annual target incentive compensation was increased from \$2.2 million to \$2.5 million, which continues to be comprised of 50% cash and 50% equity. Mr. Nally's annual base salary was increased

from \$450,000 to \$500,000 and his annual target incentive was increased from \$1.55 million to \$1.7 million, which continues to be comprised of 50% cash and 50% equity.

These RSUs represent the equity component of the fiscal year 2014 annual incentive award. The Company measures the fair value of the RSUs based upon the volume-weighted average market price, or VWAP, of the underlying common stock as of the date of the grant. The VWAP on November 25, 2014 was \$34.4409 per share.

(1) The RSUs vest in full on the third anniversary of the grant date, subject to the named executive officer's continued employment with the Company through such date. RSU awards are automatically increased by the number of units equivalent to the value of any cash dividends paid by the Company while the awards are outstanding ("dividend equivalent units"). Dividend equivalent units are subject to the same vesting schedule as the underlying award.

In connection with Mr. Gerber's retirement, the Company entered into a consulting and release of claims agreement (2) that provides for fully accelerated vesting of all unvested RSUs as of the date of his retirement, September 30, 2015, with settlement to occur on April 4, 2016.

These RSUs represent an additional annual equity award granted on November 25, 2014 at a fair value of \$34.4409 per share (VWAP of the underlying common stock as of the grant date). The RSUs vest in full on the third (3) anniversary of the grant date, subject to the named executive officer's continued employment with the Company through such date. This RSU award is eligible to receive dividend equivalent units as described in footnote (1) above.

Upon the commencement of Mr. Boyle's employment with the Company, in order to replace equity compensation he forfeited from his prior employer, he was granted a special award of RSUs on July 8, 2015 at a fair value of (4) \$36.1244 per share (VWAP of the underlying common stock as of the grant date). The RSUs vest in full on the third anniversary of the grant date, subject to the named executive officer's continued employment with the Company through such date. This RSU award is eligible to receive dividend equivalent units as described in footnote (1) above.

Potential Payments Upon

Termination or Change-in-Control

Introduction and Overview

The Company has entered into employment agreements with Messrs. Tomczyk, Adams and Boyle. The Company has entered into a consulting and release of claims agreement with Mr. Gerber. Messrs. Bradley and Nally do not have employment agreements. The employment

agreements and certain compensation plans and award agreements require the Company to provide compensation and benefits to the executives in the event of a termination of employment, including in connection with a change in control of the Company. Payments are not triggered simply upon the occurrence of a change in control. Rather, our executives will only receive change in control benefits if their employment is terminated in certain instances following a change in control.

Compensation Plans and Award Agreements

Under the MIP, in the event of death or disability prior to the payment of a scheduled award, compensation will be paid to the executive's estate or other authorized person. Under the RSU award agreements, the consequences of death, disability, retirement, termination without cause and change in control are:

Triggering Event	Consequence
Death, disability or retirement	Award vests in full and settles as soon as practicable
Termination without cause	Award is prorated through the date of termination and then settles as soon as practicable
Change in control	Award vests in full and settles as soon as practicable following termination by the Company for any reason, other than cause, within 24 months after a change in control

In addition, in accordance with the Company's executive compensation practices, unless otherwise specified in an employment agreement, named executive officers will generally receive the following severance benefits upon

any termination by the Company without cause or a resignation by the executive for good reason following a change in control: (a) four weeks of base salary for each completed year of service, up to a maximum of 104 weeks, (b) four weeks of annual cash incentive for each completed

year of service, up to a maximum of 104 weeks, calculated based on target performance and (c) continued Company-paid employer portion of premium costs for medical and dental coverage for a period equal to four weeks for each completed year of service, up to a maximum of 78 weeks.

Employment Agreements of Named Executive Officers

President and Chief Executive Officer – Fredric J. Tomczyk

Effective October 1, 2013, the Company and Mr. Tomczyk entered into an employment agreement to coincide with the expiration of his previous employment agreement on September 30, 2013. Following is a brief summary of certain terms of his employment agreement.

Stockholders Agreement

Concurrently with entering into the share purchase agreement related to the Company's acquisition of TD Waterhouse, the Company, the Ricketts holders and TD entered into the Stockholders Agreement. The Stockholders Agreement contains certain governance arrangements and provisions relating to board of directors composition, stock ownership, transfers by TD and the Ricketts holders, voting and various other matters. On December 4, 2013, the Company entered into Amendment No. 5 to the Stockholders Agreement, which extended the term of the Stockholders Agreement until January 24, 2021 and, effective January 24, 2016, will remove the Ricketts holders as parties, which means that all of the rights and obligations of the Ricketts holders described below will end and have no force and effect after January 24, 2016 (the "Ricketts Cessation").

Governance of TD Ameritrade. The Stockholders Agreement provides that the board of directors of the Company consists of twelve members, five of whom may be designated by TD, three of whom may be designated by the Ricketts holders, one of whom is the chief executive officer of the Company and three of whom are outside independent directors. The outside independent directors are nominated by the OID Committee and subject to the consent of TD and the Ricketts holders. The number of directors designated by TD and by the Ricketts holders depends on their maintenance of specified ownership thresholds of common stock and may increase or decrease

from time to time based on those ownership thresholds, but will never exceed five in the case of TD or three in the case of the Ricketts holders.

On December 22, 2015, Mr. Todd M. Ricketts was elected as a member of the board of directors as an outside independent director, effective February 18, 2016, obviating the requirement under the Stockholders Agreement that Mr. Ricketts resign from the board of directors immediately prior to the Annual Meeting in connection with the Ricketts Cessation.

In order to accommodate the election of Mr. Hockey as a member of the board of directors concurrent with his employment as president effective January 2, 2016, TD irrevocably waived its right to designate one of its directors. This waiver will expire at the first to occur of (1) the cessation of employment of Mr. Hockey by the Company, (2) the effective date of the resignation from the board of the current chief executive officer, or (3) October 1, 2016, at which time TD will have the right to designate the full number of directors provided for in the Stockholders Agreement. It is anticipated that Mr. Hockey will fill the board seat reserved for the chief executive officer under the Stockholders Agreement effective October 1, 2016, following the retirement of Mr. Tomczyk as chief executive officer. In 2013, the Ricketts holders' ownership decreased, resulting in a decrease in the number of directors that they are entitled to designate from two to one. The vacancy created by the decrease in the number of Ricketts holders' designates was filled by Mr. Bettino, an

outside independent director, in accordance with the terms of the Stockholders Agreement. In May 2014, Mr. Moglia met the requirements for independence under the rules of NYSE and was designated as an outside independent director.

The Stockholders Agreement provides, subject to applicable laws and certain conditions and exceptions, that the Company shall cause each committee of its board of directors to consist of two of the directors designated by TD, one director designated by the Ricketts holders and two outside independent directors. These levels of committee representation are subject to adjustment from time to time based on TD's and the Ricketts holders' maintenance of specified ownership thresholds. The parties to the Stockholders Agreement each agreed to vote their shares of common stock in favor of, and the Company agreed that it would solicit votes in favor of, each director nominated for election in the manner provided for in the Stockholders Agreement.

Share Ownership. TD is permitted to exercise voting rights only with respect to 45% of the outstanding shares of common stock of the Company for the remaining term of the Stockholders Agreement. Under the Stockholders Agreement, beginning January 24, 2016, if the Company's stock repurchases cause TD's ownership percentage to exceed 45%, TD shall use reasonable efforts to sell or dispose of such excess stock, subject to TD's commercial judgment as to the optimal timing, amount and method of sales with a view to maximizing proceeds from such sales. TD has no absolute obligation to reduce its ownership percentage to 45% by the termination of the Stockholders Agreement. However, prior to and following the termination of the Stockholders Agreement, TD will either not vote any such excess stock or, at the discretion of the Company, vote any such excess stock on any matter in the same proportions as all the outstanding shares of stock held by holders other than TD and its affiliates are voted. Beginning January 24, 2016, in no event may the Company repurchase shares of its common stock that would result in TD's ownership percentage exceeding 47%.

The Stockholders Agreement also provides that TD will not, subject to certain exceptions, solicit proxies with

respect to common stock. Notwithstanding the limitations on TD's ownership described above, the Stockholders Agreement permits TD to make a non-public proposal to the board of directors to acquire additional shares pursuant to a tender offer or merger for 100% of the outstanding voting securities of the Company and to complete such a transaction, subject to the approval of independent directors and holders of a majority of the outstanding shares of common stock not affiliated with TD. Under the Stockholders Agreement, the Ricketts holders may acquire additional shares of common stock only up to an aggregate ownership interest of 29% of the outstanding common stock.

Right to Purchase Securities. TD and the Ricketts holders have the right to purchase up to their respective proportionate share of future issuances of common stock, other than in connection with the Company stock issued as consideration in an acquisition by the Company. If the Company proposes to issue shares as consideration in an acquisition, the Company will discuss in good faith with TD and with the Ricketts holders alternative structures in which a portion of such shares would be sold to TD or the Ricketts holders, with the proceeds of such sale used to fund the acquisition.

The Stockholders Agreement further provides that if the Company engages in discussions with a third party that could result in the acquisition by such party of 25% of the voting securities or consolidated assets of the Company, the Company must offer TD the opportunity to participate in parallel discussions with the Company regarding a comparable transaction.

Transfer Restrictions. The Stockholders Agreement generally prohibits TD and the Ricketts holders from transferring shares of common stock, absent approval of the OID Committee, to any holder of 5% or more of the outstanding shares of the Company, subject to certain exceptions. As long as TD and the Company constitute the same audit client, TD may not engage the auditor of the Company, and the Company will not engage the auditors of TD, to provide certain non-audit services.

Information Rights. Subject to confidentiality and nondisclosure obligations and as long as it owns at least 15% of the outstanding shares of common stock, TD is entitled to access information regarding the Company's business, operations and plans as it may reasonably require to appropriately manage and evaluate its investment in the Company and to comply with its obligations under U.S. and Canadian laws.

Obligation to Repurchase Shares. If the Company issues shares of its common stock pursuant to any compensation or similar program or arrangement, then the Company will, subject to certain exceptions, use its reasonable efforts to repurchase a corresponding number of shares of its common stock in the open market within 120 days after any such issuance.

Non-Competition Covenants. Subject to specified exceptions, the Stockholders Agreement generally provides that TD and its affiliates may not participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. to retail traders, individual investors and registered investment advisors. If TD acquires indirectly a competing business as a result of its acquisition of a non-competing business, TD must offer to sell the competing business to the Company at its appraised fair value determined in accordance with the terms of the Stockholders Agreement. If the Company decides not to purchase the competing business, TD must use commercially reasonable efforts to divest the competing business within two years. TD and its affiliates are permitted under the terms of the Stockholders Agreement to own a passive investment representing less than 2% of a class of equity securities of a competing business so long as the class of equity securities is traded on a national securities exchange in the U.S. or the Toronto Stock Exchange. TD also is permitted to engage in certain activities in the ordinary course of its banking and securities businesses. In addition, the Company has agreed that it will not hold or acquire control of a bank or similar depository institution except (1) as a result of a business combination transaction approved by the Company's board of directors and involving an entity not more than 75% of whose consolidated revenues were generated by one or

more insured depository institutions and as to which (a) TD has elected to acquire such entity's insured depository institutions at a price mutually agreed between the Company and TD, (b) the Company divests or causes the seller to divest completely such insured depository institution before closing, or (c) TD otherwise consents to the business combination transaction with such entity, or (2) in the event that TD does not hold control of any bank or similar depository institution that is able to offer money market deposit accounts to clients of the Company as a designated sweep vehicle or TD has indicated that it is not willing to offer such accounts to clients of the Company through a bank or similar depository institution it controls.

Termination of the Stockholders Agreement. The Stockholders Agreement will terminate (1) with respect to the Ricketts holders, upon the earlier of (a) their aggregate ownership of common stock falling below approximately 4% or (b) January 24, 2016 and (2) in its entirety, upon the earliest to occur of (a) the consummation of a merger or tender offer where TD acquires 100% of the common stock, (b) January 24, 2021, (c) the date on which TD's ownership of common stock falls below approximately 4% of the outstanding voting securities of the Company, (d) the commencement by a third party of a tender offer or exchange offer for not less than 25% of the Company's common stock, unless the board of directors recommends against the offer and continues to take steps to oppose the offer, (e) the approval by the board of directors of a business combination that would result in another party owning more than 25% of the voting securities or consolidated assets of the Company or which would otherwise result in a change of control of the Company, or (f) the acquisition of more than 20% of the voting securities of the Company by a third party. For a period of up to one year following a termination under clause (2)(d), (2)(e) or (2)(f) above, TD and, until January 24, 2016, the Ricketts holders will be prohibited from acquiring shares of the Company's common stock that would cause, in the case of TD, its aggregate ownership to exceed 45% or, in the case of the Ricketts holders, 29%, except pursuant to a tender offer or merger for 100% of the outstanding shares of common stock approved by the holders of a majority of the Company's outstanding shares of common stock (other

than the Ricketts holders and TD). In addition, during that one-year period, the provisions of the Stockholders Agreement relating to the designation of directors and certain other provisions will remain in effect.

Section 16(a) Beneficial Ownership

Reporting Compliance

Based solely upon the Company's review of forms filed by directors, officers and certain beneficial owners of the Company's common stock (the "Section 16(a) Reporting Persons") pursuant to the 1934 Act, the Company has not identified any late filings by the Section 16(a) Reporting Persons.

Certain Relationships and Related

Party Transactions

Review and Approval of Related Party Transactions. The board of directors has adopted a written Related Party Transactions Policy covering the review and approval or ratification of any transaction, arrangement or relationship involving the Company or any of its subsidiaries, with a value of \$120,000 or more per fiscal year, and in which any related party had, has or will have a direct or indirect material interest required to be disclosed under applicable SEC rules. Related parties are our directors, executive officers and any stockholder beneficially owning more than 5% of our common stock or any of their immediate family members. Under the policy, the OID Committee reviews

related party transactions and may approve or ratify them only if it is determined that they are in, or not inconsistent with, the best interests of the Company and its stockholders. When reviewing a related party transaction, the OID Committee will consider, among other factors determined to be appropriate, the following factors (to the extent relevant to the related party transaction):

- whether the terms of the related party transaction are fair to the Company and are no less favorable than terms that would apply if the transaction did not involve a related party;
- whether there are business reasons for the Company to enter into the related party transaction;
- whether the related party transaction would impair the independence of an outside director; and
- whether the related party transaction would present an improper conflict of interest for any director or executive officer of the Company, taking into account the size of the transaction, the overall financial position of the director, executive officer or related party, the direct or indirect nature of the director's, executive officer's or related party's interest in the transaction and the ongoing nature of any proposed relationship.

Nothing in the policy supersedes or modifies any contractual rights or obligations provided in the Stockholders Agreement.

(1) The Company is party to an insured deposit account ("IDA") agreement, under which TD Bank USA and TD Bank, N.A. (together, the "TD Depository Institutions") make available to clients of the Company FDIC-insured money market deposit accounts as either designated sweep vehicles or as non-sweep deposit accounts. The Company provides marketing, recordkeeping and support services for the TD Depository Institutions with respect to the money market deposit accounts. In exchange for providing these services, the TD Depository Institutions pay the Company an aggregate marketing fee based on the weighted average yield earned on the client IDA assets, less the actual interest paid to clients, a servicing fee to the TD Depository Institutions and the cost of FDIC insurance premiums.

The current IDA agreement became effective as of January 1, 2013 and has an initial term expiring July 1, 2018. It is automatically renewable for successive five-year terms, provided that it may be terminated by either the Company or the TD Depository Institutions by providing written notice of non-renewal at least two years prior to the initial expiration date or the expiration date of any subsequent renewal period.

The fee earned on the IDA agreement is calculated based on two primary components: (a) the yield on fixed-rate "notional" investments, based on prevailing fixed rates for identical balances and maturities in the interest rate swap market (generally LIBOR-based) at the time such investments were added to the IDA portfolio (including any adjustments required to adjust the variable rate leg of such swaps to a one-month reset frequency and the overall swap payment frequency to monthly) and (b) the yield on floating-rate investments. As of September 30, 2015, the IDA portfolio was comprised of approximately 74% fixed-rate notional investments and 26% floating rate investments.

Table of Contents

STOCK OWNERSHIP AND RELATED INFORMATION

The IDA agreement provides that the Company may designate amounts and maturity dates for the fixed-rate notional investments in the IDA portfolio, subject to certain limitations. For example, if the Company designates that \$100 million of deposits be invested in 5-year fixed-rate investments, and on the day such investment is confirmed by the TD Depository Institutions the prevailing fixed yield for the applicable 5-year U.S. dollar LIBOR-based swaps is 1.45%, then the Company will earn a gross fixed yield of 1.45% on that portion of the portfolio (before any deductions for interest paid to clients, the servicing fee to the TD Depository Institutions and the cost of FDIC insurance premiums). In the event that (1) the federal funds effective rate is established at 0.75% or greater and (2) the rate on 5-year U.S. dollar interest rate swaps is equal to or greater than 1.50% for 20 consecutive business days, then the rate earned by the Company on new fixed-rate notional investments will be reduced by 20% of the excess of the 5-year U.S. dollar swap rate over 1.50%, up to a maximum of 0.10%.

The yield on floating-rate investments is calculated daily based on the greater of the following rates published by the Federal Reserve: (1) the interest rate paid by Federal Reserve Banks on balances held in excess of required reserve balances and contractual clearing balances under Regulation D and (2) the daily effective federal funds rate.

The interest rates paid to clients are set by the TD Depository Institutions and are not linked to any index. The servicing fee to the TD Depository Institutions under the IDA agreement is equal to 25 basis points on the aggregate average daily balance in the IDA accounts, subject to adjustment as it relates to deposits of less than or equal to \$20 billion kept in floating-rate investments or in fixed-rate notional investments with a maturity of up to 24 months ("short-term fixed-rate investments"). For floating-rate and short-term fixed-rate investments, the servicing fee is equal to the difference of the interest rate earned on the investments less the FDIC premiums paid (in basis points), divided by two. The servicing fee has a floor of 3 basis points (subject to adjustment from time to time to reflect material changes to the TD Depository Institutions' leverage costs) and a maximum of 25 basis points.

In the event the marketing fee computation results in a negative amount, the Company must pay the TD Depository Institutions the negative amount. This effectively results in the Company guaranteeing the TD Depository Institutions revenue equal to the servicing fee on the IDA agreement, plus the reimbursement of FDIC insurance premiums. The marketing fee computation under the IDA agreement is affected by many variables, including the type, duration, principal balance and yield of the fixed-rate and floating-rate investments, the prevailing interest rate environment, the amount of client deposits and the yield paid on client deposits. Because a negative marketing fee computation would arise only if there were extraordinary movements in many of these variables, the maximum potential amount of future payments the Company could be required to make under this arrangement cannot be reasonably estimated.

Management believes the potential for the marketing fee calculation to result in a negative amount is remote.

In consideration of the performance by TD of the call center services, the Company pays TD, on a monthly basis, (2) an amount approximately equal to TD's monthly cost. Either party may terminate this agreement without cause and without penalty by providing 24 months' prior written notice.

TD Ameritrade, Inc. is a party to a referral and strategic alliance agreement with TD Bank, N.A. and TD Wealth Management Services, Inc. ("TDWMS"), a wholly-owned subsidiary of TD. The strategic alliance agreement had an initial term of five years beginning February 1, 2010 and is automatically renewable for successive three-year terms, provided that it may be terminated by any party upon 180 days' prior written notice. Under the agreement, (3) TD Bank, N.A. promotes TD Ameritrade, Inc.'s brokerage services to its clients using a variety of marketing and referral programs and TDWMS referred its existing brokerage account clients to TD Ameritrade, Inc. while TDWMS discontinued its brokerage operations. and TDWMS clients that elected to transfer their accounts to TD Ameritrade, Inc. are considered program clients. TD Ameritrade, Inc. retains a fee for providing brokerage services to the program clients, and the program's net margin is shared equally between TD Ameritrade, Inc. and TD Bank, N.A.

The order routing agreement automatically renews for successive one-year terms on October 31 each year, provided that it may be terminated by either party upon 90 days' prior written notice. Under the agreement, TDAC (4) provides TDW Canada order routing services for U.S. equity and option orders to U.S. brokers and market centers with which TDW Canada has order execution arrangements. TDAC retains a percentage of the net order routing revenue it receives on TDW Canada trades and remits the remainder to TDW Canada.

In connection with its brokerage business, the Company engages in securities borrowing and lending with (5) TD Securities, Inc. ("TDSI"). The transactions with TDSI are subject to the same collateral requirements as transactions with other counterparties.

In exchange for cash management services provided by TD Bank USA to clients of TD Ameritrade, Inc., the (6) Company pays service-based fees agreed upon by the parties. This agreement will continue in effect as long as the IDA agreement remains in effect, provided that it may be terminated by TD Ameritrade, Inc. without cause upon 60 days' prior written notice to TD Bank USA.

Under this agreement, TDAC provides clearing services to clients of TDW UK that trade in U.S. equity securities. In exchange for such services, TDW UK pays TDAC a per-trade commission. The agreement has an initial term of (7) ten years beginning July 16, 2010 and will automatically renew for consecutive two-year terms, provided that either party may give written notice of its intent not to renew at least 180 days prior to the end of the initial term or any renewal term.

The Company and an affiliate of TD are parties to a transfer agency agreement and a shareholder services agreement pursuant to which certain mutual funds are made available as money market sweep or direct purchase options to Company clients. The Company performs certain distribution and marketing support services and acts as a transfer agent with respect to those funds. In consideration for offering the funds, performing the distribution and marketing support services and acting as a transfer agent, an affiliate of TD compensates the Company in (8) accordance with the provisions of the agreements. The transfer agency agreement may be terminated by an affiliate of TD upon 60 days' prior written notice and by the Company upon one year's prior written notice. The shareholder services agreement may be terminated by either party upon 15 days' notice.

Under these sublease agreements, the Company incurred \$0.1 million of rental expense and recognized \$0.1 (9) million of sublease rental income during fiscal 2015. As of September 30, 2015, the Company expects to incur approximately \$0.8 million of rental expense and recognize \$0.5 million of sublease income over the remaining terms of these agreements.

Certain directors and executive officers, and members of their immediate families, maintain margin trading accounts with the Company as permitted by applicable law. Margin loans to these individuals were made in the (10) ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectability or present other unfavorable features.

On June 11, 2009, immediately following the closing of the Company's acquisition of thinkorswim Group Inc. (11) ("thinkorswim"), the Company completed the sale of thinkorswim Canada, Inc. ("thinkorswim Canada") to TDW Canada. In connection with the sale of thinkorswim Canada, the Company and TDW Canada entered into a trading

platform hosting and services agreement. The agreement had an initial term of five years beginning June 11, 2009 and automatically renews for additional periods of two years, unless either party provides notice of non-renewal to the other party at least 90 days prior to the end of the then-current term. Because this agreement represents contingent consideration to be paid for the sale of thinkorswim Canada, the Company recorded a \$10.7 million receivable for the fair value of this agreement. Under the agreement, TDW Canada uses the thinkorswim trading platform and TD Ameritrade, Inc. provides the services to support the platform. In consideration for the performance by TD Ameritrade, Inc. of all its obligations under this agreement, TDW Canada pays TD Ameritrade, Inc., on a monthly basis, a fee based on average client trades per day and transactional revenues. Fees earned under the agreement are recorded as a reduction of the contingent consideration receivable until the receivable is reduced to zero, and thereafter will be recorded as fee revenue. As of September 30, 2015, the receivable balance for this agreement was approximately \$2.1 million, a reduction of \$2.4 million from September 30, 2014.

The Company and TD are a party to a trademark license agreement that requires the Company to use the TD (12) trademark and logo as part of the Company's corporate identity. The following is a summary of selected provisions of the trademark license agreement.

The Company is required to use the TD Ameritrade name in the U.S. as its exclusive corporate entity name and to use the TD logo in connection with the TD Ameritrade name in the U.S. in corporate identity and marketing materials. The Company has a worldwide (except in Canada) license to use the name and trademark "TD" as part of the trademark, service mark, trade name, corporate name or domain name "TD Ameritrade" in connection with the Company's business of providing securities brokerage services to retail traders, individual investors and registered investment advisors. TD has agreed not to use the TD mark or any trademarks, service marks, trade names, corporate names and domain names incorporating the TD mark in connection with any business or activity providing securities brokerage services to retail traders, individual investors and registered investment advisors in the U.S., as so restricted by the Stockholders Agreement.

TD and the Company jointly own the TD Ameritrade name. The Company has agreed to be responsible for the registration, maintenance and prosecution of any trademark applications and registrations for the TD Ameritrade name. The Company and TD have each agreed to be responsible for 50% of the costs and expenses associated with the registration, maintenance and prosecution of the TD Ameritrade trademark.

The Company has agreed to indemnify TD for liability incurred by TD as a result of the Company's (and any of its sublicensees') breach of its obligations under the trademark license agreement. TD has agreed to indemnify the Company for liability incurred by the Company so long as the Company's actions are in accordance with the terms of the trademark license agreement and the Company's use of the TD Ameritrade name or the TD logo is in a jurisdiction where TD has trademark applications or registrations or is using or has used the TD trademark or logo.

The trademark license agreement had an initial term of 10 years beginning June 22, 2005 and is automatically renewable for additional periods of 10 years, unless earlier terminated pursuant to the terms of the agreement.

TD and the Company are party to a license agreement pursuant to which TD granted the Company an exclusive license to use the TDWaterhouse.com Internet domain name for redirection to the Company's home page as well as the rights to include links to international TD Waterhouse Internet domain names. In exchange for those rights, (13) the Company agreed to not transfer the rights to the domain names and to use commercially reasonable efforts to include a link on the homepage of the Company to the international TD Waterhouse websites. The term of the URL license agreement is 10 years from January 24, 2006 unless mutually extended. Either party may terminate the agreement if

the trademark license is terminated or the other party materially breaches the agreement. The Company has the right to terminate the agreement for any reason upon 30 days' prior written notice.

The Company, the Ricketts holders and TD are parties to a registration rights agreement, pursuant to which the (14) Ricketts holders and TD are granted the following rights to be included in registrations of Company common stock.

The Company has granted the Ricketts holders and TD, together, the right to demand registration of the shares of Company common stock held by them on nine separate occasions. Six of the nine demand rights, including two shelf registrations, are allocated to TD, and three of the nine demand rights, including one shelf registration, are allocated to the Ricketts holders.

The Company has also agreed that if at any time the Company proposes to file a registration statement with respect to any offering of its securities for its own account or for the account of any stockholder who holds its securities (subject to certain exceptions) then, as expeditiously as reasonably possible (but in no event less than 20 days prior to the proposed date of filing such registration statement), the Company shall give written notice of such proposed filing to all holders of securities subject to registration rights pursuant to the registration rights agreement, or registrable securities, and such notice shall offer the holders of such registrable securities the opportunity to register such number of registrable securities as each such holder may request in writing. The registration rights granted in the registration rights agreement are subject to customary restrictions such as minimums, blackout periods and limitations on the number of shares to be included in any underwritten offering imposed by the managing underwriter. In addition, the registration rights agreement contains other limitations on the timing and ability of stockholders to exercise demands. The Company has agreed to pay all registration expenses, including the legal fees of one counsel for the stockholders exercising registration rights under the registration rights agreement, but excluding underwriting discounts, selling commissions, stock transfer taxes and any other legal fees of such stockholders.

(15) A son and a daughter-in-law of Mr. Gerber each were employed by the Company during fiscal 2015 and received compensation ranging from approximately \$162,000 to \$175,000.

PROPOSAL NO. 2 — ADVISORY VOTE
ON EXECUTIVE COMPENSATION

The guiding principles of the Company's compensation policies and decisions include aligning each executive's compensation with the Company's business strategy and the interests of our stockholders and providing incentives needed to attract, motivate and retain key executives who are important to our long-term success. Consistent with this philosophy, a significant portion of the total incentive compensation for each of our executives is directly related to the Company's earnings and to other performance factors that measure our progress against the goals of our strategic and operating plans, as well as performance against our peers.

Stockholders are urged to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses how our compensation design and practices reflect our compensation philosophy. The Compensation Committee and the board of directors believe that our compensation design and practices are effective in implementing our guiding principles. At the 2015 Annual Meeting, our stockholders approved the say-on-pay proposal with more than 99% of the total votes cast voting in favor.

As required by Section 14A of the 1934 Act, we are asking our stockholders to indicate their support for the compensation of our named executive officers as disclosed in this Proxy Statement. This advisory vote on executive compensation proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on the compensation of our named executive officers. This vote is not intended to address any

specific item of compensation, but rather the overall compensation of our named executive officers and the principles, policies and practices described in this Proxy Statement. We currently hold our say-on-pay vote every year.

Stockholders will have an opportunity to cast an advisory vote on the frequency of say-on-pay votes at least every six years. The next advisory vote on the frequency of the say-on-pay vote will occur at the 2017 Annual Meeting.

As this is an advisory vote, the result will not be binding on the Company, the board of directors or the Compensation Committee, although our Compensation Committee will consider the outcome of the vote when evaluating our compensation principles, design and practices. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker how to vote on this "non-routine" proposal, your broker does not have authority to vote your shares. Where no instructions are indicated, properly executed and unrevoked proxies will be voted "FOR" the approval of the compensation of the Company's named executive officers, as disclosed in this Proxy Statement.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF ITS NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL NO. 3 — APPROVAL OF THE
AMENDED AND RESTATED LONG-TERM INCENTIVE PLAN

General

We are asking stockholders to approve the amended and restated Long-Term Incentive Plan. The LTIP is intended to increase stockholder value by attracting and retaining high-caliber employees, consultants and directors essential to our success and in motivating these individuals to strive to enhance our growth and profitability. The LTIP also is intended to permit us to pay compensation (following the achievement of specified performance goals) that is intended to be fully tax deductible for the Company under Section 162(m) of the Internal Revenue Code ("Section 162(m)").

The LTIP was last approved by stockholders at the 2011 Annual Meeting of Stockholders (the "2011 Annual Meeting"). The amended and restated LTIP has been changed in the following material ways since the 2011 Annual Meeting to:

- permit us to establish performance periods (that is, the period of time over which performance is measured and compensation is earned) of up to five fiscal years (or twenty fiscal quarters);
 - set new, lower limits on the maximum number of awards under the LTIP that may be granted in any fiscal year to any non-employee director of the Company;
 - increase the limit on performance units that may be granted to any individual in any year and to provide flexibility to grant additional restricted stock units to an individual in connection with our initial hiring of that individual;
 - permit stock options intended to qualify as incentive stock options to be granted up to November 18, 2025.
- clarify that the authority of the administrator of the LTIP to adjust the shares available under the LTIP, outstanding awards under the LTIP and other limits under the LTIP for various corporate transactions includes authority to adjust for an extraordinary cash dividend (although no extraordinary cash dividend currently is being contemplated or planned by the Company).

Importantly, the Company is not requesting any increase in the number of shares of our common stock that are available for grant under the LTIP. Other than as described above, the LTIP has not been changed in any material way. However, under Section 162(m), approval of a plan such as the LTIP is required every five years in order to be able to grant certain types of awards that are intended to qualify under Section 162(m). Thus, given that it has been five years since the LTIP was last approved by stockholders, we once again are submitting the LTIP to stockholders for approval. If stockholders approve the amended and restated LTIP, it will replace the version of the LTIP that was approved at the 2011 Annual Meeting. If stockholders do not approve the amended and restated LTIP, we will not make further grants under the LTIP to our "named executive officers" as shown in the Summary Compensation Table and Compensation Discussion & Analysis sections of this proxy statement. However, if that happens, we may be unable to make grants of equity incentive awards to named executive officers in order to retain them and motivate them to achieve the Company's goals. We also may choose to adopt other compensation plans or arrangements in addition to the LTIP, as business conditions and our goals may warrant.

The board of directors believes that the Company must offer a competitive equity incentive program if it is to continue to successfully attract and retain the best possible candidates for positions of responsibility within the Company. The board of directors expects that the LTIP will continue to be an important factor in attracting, retaining and rewarding the high-caliber employees, consultants and directors essential to our success and in motivating these individuals to strive to enhance our growth and profitability.

In submitting the amended and restated LTIP for approval by stockholders at the Annual Meeting, we considered the following:

- **Attracting and Retaining Talent.** The board considered the importance of an appropriately-sized pool of shares to attract, keep and engage high-caliber talent.

PROPOSAL NO. 3 — APPROVAL OF THE
AMENDED AND RESTATED LONG-TERM INCENTIVE PLAN

Historical Grant Practices. The board considered our historical grants of equity awards in the past three years. In fiscal years 2013, 2014 and 2015, we granted equity awards representing 2,112,269, 1,165,993 and 1,177,200 shares, respectively, or a total of 4,455,462 shares over the three-year period.

Forecasted Usage. If stockholders approve the amended LTIP, the Compensation Committee and the board currently anticipate that we likely will not request additional shares for the LTIP until our 2020 Annual Meeting of Stockholders at the earliest. However, future circumstances and business needs may result in us seeking more shares sooner than 2020. In determining this estimate, we considered that as of December 16, 2015, 7,578,876 shares were available for issuance under the LTIP (excluding shares already subject to outstanding awards that, if forfeited, may become available for issuance again), estimated cancellations returned back to the LTIP and forecasted future grants, which were assumed to be at approximately the same as recent levels.

S u m m a r y o f t h e L T I P

The following summary of the principal features of the LTIP is qualified in its entirety by the specific language of the LTIP, a copy of which is attached to this Proxy Statement as Appendix A and which may also be accessed from the SEC's website at www.sec.gov. In addition, a copy of the LTIP may be obtained upon written request to the Company General. The purpose of the LTIP is to advance the interests of the Company by providing an incentive program that will enable the Company to attract and retain employees, consultants and directors upon whose judgment, interest and efforts the Company's success is dependent and to provide them with an equity interest in the success of the Company in order to motivate superior performance. These incentives are provided through the grant of stock options, stock appreciation rights, restricted stock awards, restricted stock units, performance shares and performance units.

Authorized Shares. A total of 42,104,174 shares of our common stock, subject to adjustment as described below, have been reserved for the granting of awards. These shares may be currently authorized but unissued or currently held or subsequently acquired by the Company as treasury shares, including shares purchased in the open market or in private transactions. If any award expires, lapses or otherwise terminates for any reason without having been exercised or settled in full, or if shares subject to forfeiture or repurchase are forfeited or repurchased by the Company, any such shares that are reacquired or subject to such a terminated award will again become available for issuance. However, shares shall not again become available for issuance under the LTIP if they were (1) withheld or surrendered to satisfy tax withholding obligations of any award, (2) surrendered in payment of stock option exercise price or (3) subject to the grant of a stock appreciation right which were not issued upon settlement of the stock appreciation right. As of December 16, 2015, 7,578,876 shares of our common stock remained available for future issuance under the LTIP. As of that same date, there were 1,259,769 shares subject to issuance upon exercise of outstanding options, at a weighted average exercise price of \$18.36, and with a weighted average remaining life of 2.6 years. In addition, as of December 16, 2015, there were a total of 3,394,512 shares subject to outstanding restricted stock units that remain subject to vesting and/or forfeiture.

Adjustments to Shares Subject to the LTIP. In the event of any merger, consolidation, reorganization, spin-off, stock dividend, extraordinary cash dividend, stock split, reverse stock split, exchange or other distribution with respect to shares of common stock or other change in the corporate structure or capitalization affecting common stock (whether in cash, shares of our common stock, or other securities or property), the number of shares of stock reserved, the type and number of shares of stock which are subject to outstanding awards, the terms of any such outstanding awards (including the price at which shares of stock may be issued pursuant to an outstanding award) and the per person limits on grants under the LTIP shall be equitably adjusted by the board of directors or the Compensation Committee, in its sole discretion, to

preserve the value of benefits awarded or to be awarded to participants.

Administration. The LTIP will be administered by the Compensation Committee. In the case of awards intended to qualify for the performance-based compensation exemption under Section 162(m), administration must be by a compensation committee comprised solely of two or more "outside directors" within the meaning of Section 162(m). Subject to the provisions of the LTIP, the Compensation Committee determines in its discretion the persons to whom and the times at which awards are granted, the types and sizes of such awards, and all of their terms and conditions. The Compensation Committee may, subject to certain limitations on the exercise of its discretion required by Section 162(m), amend, cancel or renew any award, waive any restrictions or conditions applicable to any award, and accelerate, continue, extend or defer the vesting of any award. However, the LTIP forbids, without stockholder approval, the repricing of any outstanding option or stock appreciation right through either (1) the cancellation of outstanding options or stock appreciation rights and the grant in substitution therefore of any new award, or (2) the amendment of outstanding options or stock appreciation rights to reduce the exercise price thereof.

The Compensation Committee will interpret the LTIP and awards granted thereunder, and all determinations of the Compensation Committee will be final and binding on all persons having an interest in the LTIP or any award. In addition, the LTIP includes a provision for the forfeiture or repayment of amounts paid thereunder in connection with certain events (also known as a "clawback") whether required by law or under a clawback policy adopted by the Company from time to time.

Eligibility. Awards may be granted to employees, consultants and directors of the Company or any present or future parent or subsidiary corporation of the Company and any other business, partnership, limited liability company or other entity in which the Company, or any parent or subsidiary corporation, holds a substantial ownership. Incentive stock options may be granted only to employees who, as of the time of grant, are employees of the

Company or any parent or subsidiary of the Company. The Compensation Committee has discretion to select the individuals who will receive awards under the LTIP. Consequently, it is not possible to state precisely the number of individuals who will receive awards. As of December 16, 2015, the Company had a total of approximately 6,500 individuals who were eligible to receive awards under the LTIP.

Stock Options. Each option granted must be evidenced by a written agreement between the Company and the optionee specifying the number of shares subject to the option and the other terms and conditions of the option, consistent with the requirements of the LTIP.

The exercise price of each option may not be less than the fair market value of a share of common stock on the date of grant. However, any incentive stock option granted to a person who at the time of grant owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary corporation of the Company (a "Ten Percent Stockholder") must have an exercise price equal to at least 110% of the fair market value of a share of common stock on the date of grant. Generally, the fair market value of the common stock is the closing market composite price per share on the date of grant as quoted on the Nasdaq Global Select Market. On December 16, 2015, the closing price of the Company's common stock on the Nasdaq Global Select Market was \$35.70 per share.

An option's exercise price may be paid in cash, by check, by the assignment of the proceeds of a sale with respect to some or all of the shares being acquired upon the exercise of the option (a "cashless exercise"), to the extent legally permitted, by tender of shares of common stock owned by the optionee having a fair market value not less than the exercise price, or by any combination of these. No option may be exercised unless the optionee has made adequate provision for federal, state, local and foreign taxes, if any, relating to the exercise of the option.

Options will become vested and exercisable at such times or upon such events and subject to such terms, conditions, performance criteria or restrictions as specified by the

Table of Contents

PROPOSAL NO. 3 — APPROVAL OF THE
AMENDED AND RESTATED LONG-TERM INCENTIVE PLAN

Compensation Committee. The maximum term of any option is ten years, provided that an incentive stock option granted to a Ten Percent Stockholder must have a term not exceeding five years. The Compensation Committee will specify in each written option agreement, and solely in its discretion, the period of post-termination exercise applicable to each option.

Stock options are nontransferable by the optionee, other than by will or by the laws of descent and distribution, and are exercisable during the optionee's lifetime only by the optionee.

Stock Appreciation Rights. Each stock appreciation right must be evidenced by a written agreement between the Company and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the LTIP.

A stock appreciation right gives a participant the right to receive the appreciation in the fair market value of the Company common stock between the date of grant of the award and the date of its exercise. The Company may pay the appreciation either in cash or in shares of common stock. The Compensation Committee may grant stock appreciation rights in tandem with a related stock option or as a freestanding award. A tandem stock appreciation right is exercisable only at the time and to the same extent that the related option is exercisable, and its exercise causes the related option to be canceled. Freestanding stock appreciation rights vest and become exercisable at the times and on the terms established by the Compensation Committee. Stock appreciation rights are generally nontransferable by the participant other than by will or by the laws of descent and distribution, and are generally exercisable during the participant's lifetime only by the participant. The Company has not granted any stock appreciation rights pursuant to the LTIP.

Restricted Stock Awards. Each restricted stock award granted must be evidenced by a written agreement between the Company and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements

of the LTIP. Restricted stock awards may be subject to vesting conditions based on such service or performance criteria as the Compensation Committee specifies, and the shares acquired may not be transferred by the participant until vested. Unless otherwise provided by the Compensation Committee, a participant will forfeit any shares of restricted stock as to which the restrictions have not lapsed prior to the participant's termination of service.

Participants holding restricted stock will have the right to vote the shares and to receive any dividends paid, except that dividends or other distributions paid in shares will be subject to the same restrictions as the original award. The Company has not granted any restricted stock awards pursuant to the LTIP.

Restricted Stock Units. The Compensation Committee may grant restricted stock units which represent a right to receive shares of common stock at a future date determined in accordance with the participant's award agreement. No monetary payment is required for receipt of restricted stock units or the shares issued in settlement of the award, the consideration for which is furnished in the form of the participant's service to the Company. The Compensation Committee may grant restricted stock unit awards subject to the attainment of performance goals similar to those described below in connection with performance shares and performance units, or may make the awards subject to vesting conditions similar to those applicable to restricted stock awards. The Company may pay the fair market value either in cash or in shares of common stock. Participants have no voting rights or rights to receive cash dividends with respect to restricted stock unit awards until shares of stock are issued in settlement of such awards. However, the Compensation Committee may grant restricted stock units that entitle a participant to receive dividend equivalents, which are rights to receive additional restricted stock units for a number of shares whose value is equal to any cash dividends paid with respect to common stock.

Performance Units and Performance Shares. Performance units and performance shares are awards that result in a payment to a participant (in the form of cash, shares of equal value, or a combination thereof, as determined by the

AMENDED AND RESTATED LONG-TERM INCENTIVE PLAN

Compensation Committee) if any applicable performance goals and/or other vesting criteria established by the Compensation Committee are achieved or the awards otherwise vest. Any applicable performance goals (which may be solely continued employment) will be determined by the Compensation Committee and may be applied based on company-wide, departmental or individual goals, applicable federal or securities laws, or any other basis determined by the Compensation Committee in its discretion. After the grant of an award of performance units or performance shares, the Compensation Committee may reduce or waive any performance objective for such award and may accelerate the time at which any restrictions will lapse or be removed. However, if the Compensation Committee desires that the Award be intended to qualify as performance-based compensation under Section 162(m), any restrictions will be based on a specified list of performance goals and certain other requirements (see "Performance-Based Compensation" below for more information).

The initial value of a performance unit is established by the Compensation Committee on or before the grant date. The initial value of each performance share will be the fair market value of a Share on the grant date. Performance units and performance shares are subject to the per person award limits described further below.

Performance-Based Compensation. The Compensation Committee (in its discretion) may make performance goals applicable to a participant with respect to an award. Performance goals are measured over one or more specified periods referred to as performance periods. Performance periods may not be shorter than one fiscal quarter of the Company nor longer than five fiscal years (or twenty consecutive fiscal quarters). The LTIP previously did not set outer bounds on the duration of performance periods. The LTIP provides specific measures from which the Compensation Committee may base performance goals. Specifically, performance goals to be used for awards shall be chosen from one or more of the following measures: (1) cash flow, (2) client growth (assets or accounts), (3) client satisfaction, (4) earnings, (5) economic value added, (6) expense control, (7) income,

(8) revenue, (9) market share, (10) product quality, (11) total stockholder return, and (12) working capital.

Prior to the beginning of any applicable performance period or such later date as permitted under Section 162(m), the Compensation Committee will establish one or more performance goals applicable to the award. The target levels with respect to these performance measures may be expressed on an absolute basis or relative to a standard specified by the Compensation Committee. The Compensation Committee may choose to set target goals (from the above list): (1) in absolute terms, (2) in combination with another performance goal or goals (for example, but not by way of limitation, as a ratio or matrix), (3) in relative terms (including, but not limited to, as compared to results for other periods of time, against financial metrics, and/or against another company, companies or an index or indices), (4) on a per-share or per-capita basis, (5) against the performance of the Company as a whole or a specific business unit(s), business segment(s) or product(s) of the Company, and/or (6) on a pre-tax or after-tax basis. The Compensation Committee also will determine whether any elements (for example, the effect of mergers or acquisitions) will be included in or excluded from the calculations (whether or not such determinations result in any performance goal being measured on a basis other than generally accepted accounting principles).

Following completion of the applicable performance period, the Compensation Committee will certify in writing the extent to which the applicable performance goals have been attained and the resulting value to be paid to the participant. The Compensation Committee retains the discretion to eliminate or reduce, but not increase, the amount that would otherwise be payable to the participant on the basis of the performance goals attained. However, no such reduction may increase the amount paid to any other participant. Performance award payments may be made in lump sum or in installments. If any payment is to be made on a deferred basis, the Compensation Committee may provide for the payment of dividend equivalents or interest during the deferral period.

AMENDED AND RESTATED LONG-TERM INCENTIVE PLAN

The Company reserves the right to grant awards that do not qualify for the performance-based exception under Section 162(m).

Individual Award Limitations. The LTIP contains annual grant limits intended to satisfy Section 162(m). Specifically, the maximum number of shares which could be issued to any employee or consultant in any fiscal year (1) pursuant to options and/or stock appreciation rights is limited to 4,000,000 shares, (2) pursuant to restricted stock, restricted stock units or performance shares is limited to 2,000,000 shares, and (3) the maximum which could be issued to any one individual in any fiscal year pursuant to the grant of performance units is \$15,000,000. Under the version of the LTIP that was approved at the 2011 Annual Meeting, the annual limit on performance units was \$6,000,000 per individual. The other limits described immediately above have not been changed. An individual who is a new hire employee may be granted options or stock appreciation rights to purchase up to an additional 2,000,000 shares of stock, and an additional 1,000,000 shares of restricted stock or restricted stock units, in connection with his or her initial hiring with the Company. Under the version of the LTIP that was approved at the 2011 Annual Meeting, there was no provision for an additional amount of restricted stock or restricted stock units for new hires. The new hire limit for options and stock appreciation rights has not been changed. Each non-employee director may be granted awards in any fiscal year having a total grant date fair value (calculated using the same method as in the Company's financial statements) of no more than \$1,000,000. Under the version of the LTIP that was approved at the 2011 Annual Meeting, the same per person limits that apply to employees and consultants also applied to non-employee directors.

Effect of a Change in Control. The LTIP provides that in the event of a "change in control" of the Company after the date the stockholders approve the LTIP, the successor corporation will assume, substitute an equivalent award, or replace with a cash incentive program each outstanding award that is granted under the LTIP after the date the stockholders approve the LTIP. If there is no assumption, substitution or replacement with a cash incentive program

of outstanding awards granted after the date the stockholders approve the LTIP, such awards will become fully vested and exercisable immediately prior to the change in control, and the Company will provide notice to the recipient that he or she has the right to exercise such outstanding awards for a period of 15 days from the date of the notice. The awards will terminate upon the expiration of the 15-day period.

Termination or Amendment. The LTIP will continue in effect until the first to occur of (1) its termination by the Compensation Committee or (2) the date on which all shares available for issuance have been issued and all restrictions on such shares have lapsed. However, no incentive stock option may be granted on or after November 18, 2025. Under the LTIP that was approved at the 2011 Annual Meeting, this date was January 19, 2016. The Compensation Committee may terminate or amend the LTIP at any time, provided that no amendment may be made without stockholder approval if (1) the Compensation Committee deems such approval necessary for compliance with any applicable tax or securities law or other regulatory requirements, including the requirements of any stock exchange or market system on which the common stock of the Company is then listed or (2) the amendment purports to reprice stock options or stock appreciation rights. No termination or amendment may affect any outstanding award unless expressly provided by the Compensation Committee, and, in any event, may not adversely affect an outstanding award without the consent of the participant unless necessary to comply with any applicable law, regulation or rule.

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the LTIP and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

Incentive Stock Options. An optionee recognizes no taxable income for regular income tax purposes as a result

PROPOSAL NO. 3 — APPROVAL OF THE
AMENDED AND RESTATED LONG-TERM INCENTIVE PLAN

of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. Optionees who do not dispose of their shares within two years following the date the option was granted or within one year following the exercise of the option will normally recognize a capital gain or loss equal to the difference, if any, between the sale price and the purchase price of the shares. If an optionee satisfies such holding periods upon a sale of the shares, the Company will not be entitled to any deduction for federal income tax purposes. If an optionee disposes of shares within two years after the date of grant or within one year after the date of exercise (a "disqualifying disposition"), the difference between the fair market value of the shares on the determination date (see discussion under "Nonstatutory Stock Options" below) and the option exercise price (not to exceed the gain realized on the sale if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) will be taxed as ordinary income at the time of disposition. Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income recognized by the optionee upon the disqualifying disposition of the shares generally should be deductible by the Company for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

The difference between the option exercise price and the fair market value of the shares on the determination date of an incentive stock option (see discussion under "Nonstatutory Stock Options" below) is treated as an adjustment in computing the optionee's alternative minimum taxable income and may be subject to an alternative minimum tax which is paid if such tax exceeds the regular tax for the year. Special rules may apply with respect to certain subsequent sales of the shares in a disqualifying disposition, certain basis adjustments for purposes of computing the alternative minimum taxable income on a subsequent sale of the shares and certain tax credits which may arise with respect to optionees subject to the alternative minimum tax.

Nonstatutory Stock Options. Options not designated or

qualifying as incentive stock options will be nonstatutory stock options having no special tax status. An optionee generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the optionee normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the determination date (as defined below). If the optionee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The "determination date" is the date on which the option is exercised unless the shares are subject to a substantial risk of forfeiture (as in the case where an optionee is permitted to exercise an unvested option and receive unvested shares which, until they vest, are subject to the Company's right to repurchase them at the original exercise price upon the optionee's termination of service) and are not transferable, in which case the determination date is the earlier of (1) the date on which the shares become transferable or (2) the date on which the shares are no longer subject to a substantial risk of forfeiture. If the determination date is after the exercise date, the optionee may elect, pursuant to Section 83(b) of the Code, to have the exercise date be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the option is exercised. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. No tax deduction is available to the Company with respect to the grant of a nonstatutory stock option or the sale of the stock acquired pursuant to such grant. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the optionee as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Code.

Stock Appreciation Rights. In general, no taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares of our common stock received. Any additional gain or loss

Table of Contents

PROPOSAL NO. 3 — APPROVAL OF THE
AMENDED AND RESTATED LONG-TERM INCENTIVE PLAN

recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock Awards. A participant acquiring restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the "determination date" (as defined above under "Nonstatutory Stock Options"). If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the determination date is after the date on which the participant acquires the shares, the participant may elect, pursuant to Section 83(b) of the Code, to have the date of acquisition be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Restricted Stock Unit Awards. There are no immediate tax consequences of receiving an award of restricted stock units. A participant who is awarded restricted stock units will be required to recognize ordinary income in an amount equal to the fair market value of shares issued to such participant at the end of the applicable vesting period or, if later, the settlement date elected by the Compensation Committee or a participant. Any additional gain or loss recognized upon any later disposition of any shares received would be capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Performance Shares and Performance Unit Awards. A participant generally will recognize no income upon the grant of a performance share or a performance unit award. Upon the settlement of such awards, participants normally will recognize ordinary income in the year of receipt in an

amount equal to the cash received and the fair market value of any cash or nonrestricted shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the participant receives shares of stock, the participant generally will be taxed in the same manner as described above (see discussion under "Restricted Stock Awards"). Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the "determination date" (as defined above under "Nonstatutory Stock Options"), will be taxed as capital gain or loss. The Company generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Tax Effect for the Company. As described above, the Company generally will be entitled to a tax deduction in connection with an award under the LTIP in an amount equal to the ordinary income recognized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonqualified stock option). However, special rules limit the deductibility of compensation paid to our chief executive officer and to our three other most highly compensated named executive officers (other than our chief executive officer and our chief financial officer). Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the LTIP, setting limits on the number of awards that any individual may receive and for awards other than certain stock options, establishing performance criteria that must be met before the award actually will vest or be paid. The LTIP has been designed to permit (but not require) the Compensation Committee to grant awards that are intended to qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby potentially permitting us to receive a full federal income tax deduction in connection with such awards.

Awards Granted to Certain Individuals and Groups. The number of restricted stock units or other awards (if any) that an individual may receive under the LTIP is in the discretion of the Compensation Committee and therefore cannot be determined in advance. Our executive officers and non-employee directors are eligible to receive awards under the LTIP and, accordingly, our executive officers and non-employee directors have an interest in this proposal. The following table sets forth the total number of shares of the Company's common stock subject to restricted stock units or other awards (if any) granted under the LTIP to the listed persons and groups during the fiscal year ended September 30, 2015.

**Required Vote and Board of
Directors Recommendation**

The affirmative vote of the holders of a majority of the shares of Company common stock present in person or represented by proxy and voting on the matter is required to approve the LTIP. If you abstain from voting on this matter, your abstention will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this "non-routine" proposal, your broker will not have authority to vote your

shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any other effect on the outcome of the proposal.

The board of directors believes that the LTIP is in the best interests of the Company and its stockholders for the reasons stated above.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" APPROVAL OF THE AMENDED AND RESTATED LTIP.

PROPOSAL NO. 4 — APPROVAL OF THE
AMENDED AND RESTATED MANAGEMENT INCENTIVE PLAN

General

We are asking stockholders to approve the amended and restated Management Incentive Plan. The MIP is intended to increase stockholder value by motivating eligible executives to perform to the best of their abilities and to achieve the Company's objectives. The MIP also is intended to permit us to pay compensation (following the achievement of specified performance goals) that is intended to be fully tax deductible for the Company under Section 162(m).

The MIP was last approved by stockholders at the 2011 Annual Meeting. The amended and restated MIP has been changed in the following material ways since the 2011 Annual Meeting to:

- permit us to establish performance periods (that is, the period of time over which performance is measured and compensation is earned) of up to five fiscal years (or twenty fiscal quarters); and

- increase the limit on awards that may be earned by a participant during any fiscal year to \$25,000,000.

Other than as described above, the MIP has not been changed in any material way since the 2011 Annual Meeting.

Under Section 162(m), approval of a plan such as the MIP is required every five years in order to permit us to pay compensation that is intended to be fully tax deductible. Thus, given that it has been five years since the MIP was last approved by stockholders, we once again are submitting the MIP to stockholders for approval.

The Compensation Committee of our board of directors has approved the amended and restated MIP, subject to approval of our stockholders at the meeting. If stockholders approve the MIP, it will replace the version of the MIP that was approved by stockholders at the 2011 Annual Meeting. If stockholders do not approve the amended and restated MIP, we will not use the MIP after the date of the Annual Meeting. However, in that case, we may find it necessary or desirable to adopt another bonus plan or arrangement that likely would not permit us to take a full tax deduction for certain compensation paid under

that plan or arrangement. We also may adopt other plans or arrangements in addition to the MIP.

Summary of the MIP

The following paragraphs provide a summary of the principal features of the MIP and its operation. The summary is qualified in its entirety by reference to the full text of the MIP, a copy of which is attached hereto as Appendix B and which may also be accessed from the SEC's website at www.sec.gov. In addition, a copy of the MIP may be obtained upon written request to the Company.

Purpose. The purpose of the MIP is to increase stockholder value and the success of the Company by motivating key executives to perform to the best of their abilities and to achieve the Company's objectives. The MIP's goals are to be achieved by providing such executives with incentive awards only after the achievement of specified goals relating to the performance of the Company.

Administration. The MIP will be administered by the Compensation Committee. The Compensation Committee may delegate specific administrative tasks to Company employees or others to assist with day-to-day administration of the MIP. To the extent such a delegation of authority has been made, the term "Compensation Committee" in this Proposal No. 4 should be read as "Compensation Committee or its delegate." Under the MIP, the Compensation Committee must consist of at least two members of the board who are not employees of the Company and who otherwise qualify as outside directors under Section 162(m). Subject to the terms of the MIP, the Compensation Committee has sole discretion to:

- select the employees who will be eligible to receive awards;
- determine the target award for each participant;
- establish a period of time or "performance period" (subject to the limits described below) during which performance will be measured;
- set the performance goals (from the list described

Table of Contents

PROPOSAL NO. 4 — APPROVAL OF THE
AMENDED AND RESTATED MANAGEMENT INCENTIVE PLAN

below) that must be achieved during the performance period before any actual awards are paid;
• establish a payout formula to provide for an actual award greater or less than a participant's target award to reflect actual performance versus the predetermined performance goals; and
• interpret the provisions of the MIP.

Participation and Eligibility. The Compensation Committee selects the employees of the Company who will be eligible to receive awards under the MIP for each performance period. The actual number of employees who will be eligible to receive an award during any particular performance period cannot be determined in advance because the Compensation Committee has discretion to select the participants.

Approximately 45 employees were designated for participation in the MIP for fiscal year 2016. We currently expect that a similar number of employees will participate in future years and performance periods, but the actual number of employees participating may be higher or lower as determined by the Compensation Committee.

Plan Operation. The duration of each performance period will be determined by the Compensation Committee in its discretion. Since the inception of the MIP in 2007, each performance period has lasted for one fiscal year of the Company. The Compensation Committee currently expects that performance periods under the MIP will continue to last for one fiscal year each. However, the MIP permits the Compensation Committee to establish shorter or longer performance periods. Under the amended and restated MIP, no performance period may be shorter than a fiscal quarter of the Company nor longer than five fiscal years (or twenty consecutive fiscal quarters) of the Company. Prior to the amendment and restatement, the MIP gave the Compensation Committee discretion to specify a performance period of up to three fiscal years.

For each performance period, the Compensation Committee will designate the employees eligible to

participate in that performance period and for each participant also will establish:

• a target award, expressed as a percentage of the participant's base salary, a specific dollar amount or a formula, and
• the performance goal or goals that must be achieved before an award actually will be paid to the participant.

The performance goals will require the achievement of objectives for one or more of the following measures: (1) cash flow, (2) client growth (assets or accounts), (3) client satisfaction, (4) earnings, (5) economic value added, (6) expense control, (7) income, (8) revenue, (9) market share, (10) product quality, (11) total stockholder return, and (12) working capital. Performance goals may differ from participant to participant, performance period to performance period and from award to award.

The Compensation Committee may choose to set target goals (from the above list): (1) in absolute terms, (2) in combination with another performance goal or goals (for example, but not by way of limitation, as a ratio or matrix), (3) in relative terms (including, but not limited to, as compared to results for other periods of time, against financial metrics, and/or against another company, companies or an index or indices), (4) on a per-share or per-capita basis, (5) against the performance of the Company as a whole or a specific business unit(s), business segment(s) or product(s) of the Company, and/or (6) on a pre-tax or after-tax basis. The Compensation Committee also will determine whether any elements (for example, the effect of mergers or acquisitions) will be included in or excluded from the calculations (whether or not such determinations result in any performance goal being measured on a basis other than generally accepted accounting principles).

After the performance period ends, the Compensation Committee will certify the extent to which the pre-established performance goals actually were achieved or exceeded. The actual award that is payable to a participant increases or decreases based on the level of actual performance attained. However, the MIP limits actual

awards to a maximum of \$25,000,000 per person for all performance periods that end during any fiscal year of the Company, even if the pre-established formula otherwise indicates a larger award or awards. The version of the MIP that was approved at the 2011 Annual Meeting permitted the award for any performance period to be a maximum of \$20,000,000.

The Compensation Committee has discretion to reduce or eliminate the actual award of any participant. Also, unless determined otherwise by the Compensation Committee or otherwise required under existing contractual agreements, a participant will forfeit the bonus if a participant terminates employment before the bonus actually is paid. However, the Compensation Committee has discretion to pay out part or all of the award. In addition, the MIP includes a provision for the forfeiture or repayment of amounts paid thereunder in connection with certain events (also known as a "clawback") as required by law or under any clawback policy adopted by the Company from time to time. Actual awards generally will be paid in cash within two and one-half months after the performance period ends. However, the Compensation Committee has discretion to pay any such award in the form of restricted shares, restricted stock units or stock options under any of the Company's stock plans. If the Compensation Committee declares that an award will be paid as provided in the preceding sentence, the Compensation Committee also has discretion to apply a vesting schedule (which may be time-based or performance-based) to part or all of the award (including increasing the size of the award but only if the increase is subject to performance goals under Section 162(m)). No time-based vesting schedule (that is, the period of time for which an employee must remain employed to actually receive the bonus) may be longer than four years. The Compensation Committee also may pay bonuses to participants in the MIP outside of the MIP for reasons that the Compensation Committee may determine in its discretion, including, for example, for the achievement of other strategic or financial goals or objectives.

F e d e r a l I n c o m e T a x C o n s i d e r a t i o n s

An actual award under the MIP generally will be compensation taxable as ordinary income (and subject to income tax withholding) when paid to the participant. The Company generally will be entitled to a corresponding deduction for federal income tax purposes, except as follows. Section 162(m) of the Code generally limits to \$1,000,000 the amount of compensation that may be deducted by the Company in any tax year with respect to the Company's chief executive officer or any of the three other most highly compensated executive officers (other than the Company's chief financial officer). However, if the Company pays compensation that is "performance based" under Section 162(m), the Company still may receive a federal income tax deduction for the compensation even if it is more than \$1,000,000 during a single year. The MIP is designed to permit (but not require) the Company to pay incentive compensation that is intended to be performance based under Section 162(m) and therefore fully tax deductible on the Company's federal income tax return.

A m e n d m e n t a n d T e r m i n a t i o n o f t h e P l a n

The Compensation Committee may amend or terminate the plan at any time and for any reason. However, no amendment or termination may impair the rights of a participant with respect to payments made prior to such amendment or termination unless the Compensation Committee has determined that such amendment or termination is in the best interests of all persons to whom awards have been granted.

Estimated Bonuses to be Paid to Certain Individuals and Groups

Awards under the MIP (if any) will be determined based on actual future performance during performance periods designated by the Compensation Committee. As a result, future actual awards cannot now be determined. The following table sets forth the target awards for fiscal year 2016 performance period for the persons and groups shown below. For the fiscal year 2016 performance period, the Compensation Committee selected performance goals that relate to the achievement of targets based upon EPS, market share and net new assets. These potential bonus amounts (if any) for the fiscal year 2016 performance period are included in the table below and are subject to stockholder approval. The maximum award any individual participant can receive for all performance periods ending during any fiscal year is a total of \$25,000,000. APPENDIX A

TD AMERITRADE HOLDING
CORPORATION LONG-TERM
INCENTIVE PLAN

(November 20, 2015 Amendment and Restatement)

1. History, Purpose and Term of Plan.

1.1 History. The Plan was originally adopted by the Ameritrade Holding Corporation ("Old Ameritrade") effective as of October 1, 1996 (the "Original Effective Date"). Pursuant to an agreement and plan of merger, Old Ameritrade became a subsidiary of the Company, a newly formed corporation, effective as of September 9, 2002, and thereafter the Company assumed the Plan, and all outstanding obligations under the Plan. The Board approved an amendment and restatement of the Plan on September 7, 2005, and Company stockholders approved such amendment and restatement on January 4, 2006. The Board subsequently approved this amendment and restatement of the Plan on January 19, 2006 (the "2006 Restatement Date"), and Company stockholders approved this amendment and restatement of the Plan on March 9, 2006. The Board approved an additional amendment and restatement of the Plan, subject to Company stockholder approval, on November 9, 2009, and stockholders approved the Plan on February 25, 2010. The HR & Compensation Committee approved additional amendments on February 24, 2010. The stockholders again approved the Plan on February 16, 2011. The HR & Compensation Committee and the Board approved this amendment and restatement of the Plan on November 19, 2015 and November 20, 2015, respectively, subject to stockholder approval at the 2016 Annual Meeting of Stockholders.

The Plan seeks to achieve this purpose by providing for Awards in the form of Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units.

1.3 Term. The Plan shall continue in effect until the earlier of its termination by the Board or the date on which all of the shares of Stock available for issuance under the Plan have been issued and all restrictions on such shares under the terms of the Plan and the agreements evidencing Awards granted under the Plan have lapsed. that, together with the Stock held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or total voting power of the Stock of the Company; provided, however, that for purposes of this subsection (i), the acquisition of additional Stock by any one person, or more than one person acting as a group, who is considered to own more than fifty percent (50%) of the total fair market value or total voting power of the Stock of the Company shall not be considered a Change of Control; and provided further, that if the stockholders of the Company immediately before the change in ownership continue to retain, immediately after the change in ownership, in substantially the same proportions as their ownership of the total fair market value or total voting power of the Stock of the Company immediately prior to the change in ownership, the direct or indirect beneficial ownership of fifty percent (50%) or more of the total fair market value or total voting power of the Stock of the Company or of the ultimate parent entity of the Company, such event will not be considered a Change in Control under this subsection (i); or

For purposes of this subsection (ii), if any one person, or more than one person acting as a group, is considered to effectively control the Company, the acquisition of additional control of the Company by the same person or persons shall not be considered a Change of Control; or

(iii) A change in the ownership of a substantial portion of the Company's assets. A change in the ownership of a substantial portion of the Company's assets shall occur on the date that any one person, or more than one person acting as a group, acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value equal to or more than fifty percent (50%) of the total fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions; provided, however, that for purposes of this subsection (iii), the following shall not constitute a change in the ownership of a substantial portion of the Company's assets: (1) a transfer to an entity that is controlled by the Company's stockholders immediately after the transfer; or (2) a transfer of assets by the Company to: (A) a stockholder of the Company (immediately before the asset transfer) in exchange for or with respect to the Company's Stock; (B) an entity, fifty percent (50%) or more of the total value or voting power of which is owned, directly or indirectly, by the Company; (C) a person, or more than one person acting as a group, that owns, directly or indirectly, fifty percent (50%) or more of the total value or voting power of all the outstanding Stock of the Company; or (D) an entity, at least fifty percent (50%) of the total value or voting power of which is owned, directly or indirectly, by a person described in this subsection 2.1(f)(iii)(2)(C). For purposes of this subsection (iii), gross fair market value means the value of the assets of the Company, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets.

For purposes of this Section 2.1(f), persons will be considered to be acting as a group if they are owners of a corporation that enters into a merger, consolidation, purchase or acquisition of stock, or similar business transaction with the Company.

Notwithstanding the foregoing, a transaction will not be deemed a Change in Control unless the transaction qualifies as a change in control event within the meaning of Section 409A. Further and for the avoidance of doubt, a transaction will not constitute a Change in Control if: (i) its

Administrator and shall conform to the provisions of the Plan and such other guidelines as shall be established from time to time by the Administrator.

(q) in accordance with Section 14 of the Plan, to specify in an Award Agreement at the time of the Award, or later pursuant to an amendment of an outstanding Award, that the Participant's rights, payments and benefits with respect to an Award (including amounts received upon the settlement or exercise of an Award) shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award; and

(r) to make all other determinations deemed necessary or advisable for administering the Plan.

3.3 Effect of Decisions and Determinations under Plan. The decisions, determinations and interpretations of the Administrator will be final and binding on all Participants and any other holders of Awards.

3.5 No Repricing. Notwithstanding anything in the Plan to the contrary, without the affirmative vote of holders of a majority of the shares of Stock cast in person or by proxy at a meeting of the stockholders of the Company at which a quorum representing a majority of all outstanding shares of Stock is present or represented by proxy, the Administrator shall not approve a program providing for either (a) the cancellation of outstanding Options and/or SARs and the grant in substitution therefore of any new Awards, including specifically, without limitation, any new Options and/or SARs having a lower exercise price or (b) the amendment of outstanding Options and/or SARs to reduce the exercise price thereof. This Section 3.5 shall not be

construed to apply to "issuing or assuming a stock option in a transaction to which Section 424(a) applies" within the meaning of Section 424 of the Code.

5. Shares Subject to the Plan.

5.1 Number of Shares Reserved. The shares of Stock with respect to which Awards may be made under the Plan shall be shares currently authorized but unissued or currently held or subsequently acquired by the Company as treasury shares, including shares purchased in the open market or in private transactions. Subject to the provisions of subsection 5.4, the number of shares of Stock which may be issued with respect to Awards under the Plan shall not exceed 42,104,174 shares in the aggregate.

5.2 Reusage of Shares.

(a) In the event of the exercise or termination (by reason of forfeiture, expiration, cancellation, surrender or otherwise) of any Award under the Plan, that number of shares of Stock that was subject to the Award but not delivered shall again be available for Awards under the Plan.

(b) In the event that shares of Stock are delivered under the Plan as Restricted Stock or Restricted Stock Units and are thereafter forfeited or reacquired by the Company pursuant to rights reserved in the Award Agreement, such forfeited or reacquired shares of Stock shall again be available for Awards under the Plan.

(c) Notwithstanding the provisions of Sections 5.2(a) or (b), the following shares of Stock shall not be available for reissuance under the Plan: (i) shares of Stock with respect to which the Participant has received the benefits of ownership (other than voting rights), either in the form of dividends or otherwise; (ii) shares of Stock which are withheld from any Award or payment under the Plan to satisfy tax withholding obligations; (iii) shares of Stock which are surrendered to fulfill tax obligations; (iv) shares of Stock which are surrendered in payment of the Option Price upon the exercise of an Option; and (v) shares of Stock subject to the grant of SAR which are not issued upon settlement of the SAR.

5.3 Adjustments to Shares Reserved. In the event of any merger, consolidation, reorganization, recapitalization, spinoff, stock dividend, extraordinary cash dividend, stock split, reverse stock split, exchange or other distribution (whether in the form of cash, Shares, other securities, or

other property) with respect to shares of Stock or other change in the corporate structure or capitalization affecting the Stock, the type and number of shares of stock which are or may be subject to awards under the Plan, the individual limits under Section 5.4 and the terms of any outstanding Awards (including, but not limited to, the price at which shares of stock may be issued pursuant to an Award) shall be equitably adjusted by the Administrator, in its sole discretion, as it may determine to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan.

5.4 Individual Limits on Awards. Notwithstanding any other provision of the Plan to the contrary, the following limitations shall apply to Awards under the Plan:

(a) No Employee or Consultant shall be granted, in any fiscal year of the Company (1) Options or SARs to purchase more than 4,000,000 Shares, (2) Restricted Stock or Restricted Stock Units covering more than 2,000,000 Shares, (3) Performance Shares covering more than 2,000,000 Shares, and (4) Performance Units which could result in such Service Provider receiving more than \$15,000,000. No Director who is not also an Employee shall be granted, in any fiscal year of the Company, Awards having a grant date fair value of more than \$1,000,000. For this purpose, Awards will be valued using the same method as the Company uses in preparing its publicly-filed financial statements.

(b) In connection with an individual's initial employment with the Company, an Employee may be granted (in addition to the Awards described in 5.4(a)) (1) Options or SARs to purchase up to an additional 2,000,000 Shares, and (2) Restricted Stock or Restricted Stock Units covering up to an additional 1,000,000 Shares.

(c) If an Award is cancelled in the same fiscal year of the Company in which it was granted (other than in connection with a Change in Control), the cancelled Award will also be counted against the limits set forth in subsections (a) and (b) above.

(d) The determination made under this Section 5.4 shall be

A-8

Table of Contents

APPENDIX A

based on the shares subject to the Awards at the time of grant, regardless of when the Awards become exercisable and/or are settled.

6. Options.

6.1 Term of Option. The term of each Option will be stated in the Award Agreement. In the case of an Incentive Stock Option, the term will be ten (10) years from the date of grant or such shorter term as may be provided in the Award Agreement. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time of the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or a Related Entity, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

6.2 Restrictions Relating to Incentive Stock Options. To the extent that the aggregate fair market value of Stock with respect to which Incentive Stock Options are exercisable for the first time by any individual during any calendar year (under all plans of the Company) exceeds \$100,000, such options shall be treated as Non-Qualified Stock Options, to the extent required by Section 422 of the Code.

6.3 Option Price. The Option Price shall be established by the Administrator or shall be determined by a method established by the Administrator at the time the Option is granted; provided, however, that in no event shall such price be less than 100% of the Fair Market Value of a share of Stock as of the date on which the Option is granted.

Notwithstanding the foregoing, any Incentive Stock Option granted to an Employee who, at the time of grant, owns Stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or a Related Entity, the Option Price will be no less than 110% of the Fair Market Value on the date of grant.

6.4 Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will

determine any conditions that must be satisfied before the Option may be exercised. The Administrator, in its discretion, may impose such restrictions on shares of Stock acquired pursuant to the exercise of an Option (including stock acquired pursuant to the exercise of a tandem Stock Appreciation Right) as it determines to be desirable, including, without limitation, restrictions relating to disposition of the shares and forfeiture restrictions based on service, performance, Stock ownership by the Participant, and such other factors as the Administrator determines to be appropriate.

6.5 Form of Consideration. The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator will determine the acceptable form of consideration at the time of grant. Such consideration to the extent permitted by Applicable Laws may consist entirely of: (a) cash; (b) check; (c) other shares of Stock which meet the conditions established by the Administrator to avoid any adverse financial accounting consequences (as determined solely by the Administrator); (d) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan; (e) consideration received by the Company under a net exercise program implemented by the Company in connection with the Plan, (f) any combination of the foregoing methods of payment; or (g) such other consideration and method of payment for the issuance of shares of Stock to the extent permitted by Applicable Laws.

6.6 Exercise of Option.

(a) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (x) written or electronic notice of exercise (in accordance with the Award Agreement) from the person

A-9

Table of Contents

APPENDIX A

entitled to exercise the Option, and (y) full payment for the Shares with respect to which the Option is exercised (together with any applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the shares of Stock underlying such Option, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in the applicable Award Agreement.

Exercising an Option in any manner will decrease the number of Shares thereafter available for sale under the Option, by the number of Shares as to which the Option is exercised. In addition, the exercise of an Option will result in the surrender of the corresponding rights under a tandem Stock Appreciation Right, if any.

(b) Termination of Service Provider Relationship. If a Participant ceases to be a Service Provider, other than upon the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, and except to the extent terminated earlier pursuant to the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant

does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(c) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination as a result of Disability. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(d) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire

A-10

APPENDIX A

Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

6.7 Reload Provision. In the event the Participant exercises an Option that was granted on or prior to the 2006 Restatement Date and pays all or a portion of the Option Price in Stock, such Participant (either pursuant to the terms of the Option Award, or pursuant to the exercise of Administrator discretion at the time the Option is exercised) may be issued a new Option to purchase additional shares of Stock equal to the number of shares of Stock surrendered to the Company in such payment. Such new Option shall have an exercise price equal to the Fair Market Value per share on the date such new Option is granted, shall first be exercisable six months from the date of grant of the new Option and shall expire on the same date as the expiration date of the original Option so exercised by payment of the Option Price in shares of Stock. Options granted after the 2006 Restatement Date will not be subject to this reload provision in this Section 6.7.

7. Stock Appreciation Rights.

7.1 Types of SARs Authorized. SARs may be granted in tandem with all or any portion of a related Option or may be granted independently of any Option.

7.2 Exercise Price and Other Terms. The Administrator, subject to the provisions of the plan, will have complete discretion to determine the terms and conditions of each SAR granted under the Plan; provided, however, that (a) the exercise price per share subject to a tandem SAR shall be the exercise price per share under the related Option and (b) the exercise price per share subject to an independently granted SAR shall not be less than the Fair Market Value of a share of Stock on the effective date of grant of the SAR.

7.3 Exercise. If a SAR is not in tandem with an Option, then the SAR shall be exercisable in accordance with the terms established by the Administrator at the time of grant

and set forth in the Award Agreement. If a SAR is granted in tandem with an Option, then the SAR shall be exercisable at the time the tandem Option is exercisable. The exercise of a tandem SAR will result in the surrender of the corresponding rights under the related Option.

7.4 Settlement of Award. Upon the exercise of a SAR, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying: (a) the difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times (b) the number of shares of Stock with respect to which the SAR is exercised. At the discretion of the Administrator, the payment upon SAR exercise may be in cash, in shares of Stock of equivalent value, or in some combination thereof.

7.5 Terms and Expiration of SARs. The Administrator, in its discretion, may impose such restrictions on shares of Stock acquired pursuant to the exercise of a SAR as it determines to be desirable, including, without limitation, restrictions relating to disposition of the shares and forfeiture restrictions based on service, performance, ownership of Stock by the Participant, and such other factors as the Administrator determines to be appropriate. Each SAR grant under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement. Notwithstanding the foregoing, the requirements of Section 6.6 also will apply to SARs.

8. Restricted Stock.

8.1 Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine.

8.2 Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Unless the Administrator determines otherwise, Restricted Stock will be held by the Company as escrow agent until the

A-11

APPENDIX A

restrictions on such Shares have lapsed.

8.3 Other Restrictions. The Administrator, in its sole discretion, may impose such other restrictions on Restricted Stock as it may deem advisable or appropriate, including granting such an Award of Restricted Stock subject to Performance Goals or to the requirements of Section 12.

8.4 Removal of Restrictions. Except as otherwise provided in the Plan or the applicable Award Agreement, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

8.5 Voting Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise and as set forth in the Award Agreement.

8.6 Dividend Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock may be entitled to Dividend Rights with respect to such Shares to the extent provided in the Award Agreement. If any such Dividend Rights are paid in shares of Stock, the shares of Stock will be subject to the same restrictions on transferability and forfeitability as the Restricted Stock with respect to which they were paid. Dividend Rights shall be settled in cash or in shares of Stock, as determined by the Administrator, shall be payable at the time and in the form determined by the Administrator, and shall be subject to such other terms and conditions as the Administrator may determine.

8.7 Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

9. Restricted Stock Units.

9.1 Grant of Restricted Stock Units. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Restricted Stock Units to Service Providers in such amounts as the Administrator, in its sole discretion, will determine.

9.2 Restricted Stock Unit Agreement. Each Award of Restricted Stock Units will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares to be issued in settlement of the Award, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

9.3 Other Restrictions. The Administrator, in its sole discretion, may impose such other restrictions on Restricted Stock Units as it may deem advisable or appropriate, including granting such an Award of Restricted Stock Units subject to Performance Goals or to the requirements of Section 12.

9.4 Settlement of Restricted Stock Units. At the time of grant of any Restricted Stock Unit, the Administrator will specify the settlement date applicable to each grant of Restricted Stock Units which will be no earlier than the vesting date or dates of the Award and may be determined at the election of the Participant. On the settlement date, the Company will transfer to the Participant either (a) one share of Stock or (ii) cash equal to the value of one such share of Stock for each Restricted Stock Unit scheduled to be paid out on such date and which was not previously forfeited.

9.5 Voting Rights. Service Providers holding Restricted Stock Units will not have any right to exercise voting rights with respect to the shares of Stock underlying such Restricted Stock Unit.

9.6 Dividend Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock Units may be entitled to Dividend Rights with respect to such Shares to the extent and in the manner provided in the Award Agreement. Dividend Rights shall be settled in cash or in shares of Stock, as determined by the Administrator, shall be payable at the time and in the form determined by

A-12

APPENDIX A

the Administrator, and shall be subject to such other terms and conditions as the Administrator may determine.

9.7 Return of Restricted Stock Units to Company. On the date set forth in the Award Agreement, the Restricted Stock Units for which restrictions have not lapsed, and for which shares of Stock have not been issued in settlement of the Award, will revert to the Company and again will become available for grant under the Plan.

10. Performance Units and Performance Shares.

10.1 Grant of Performance Units/Shares. Subject to the terms and conditions of the Plan, Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Performance Units and Performance Shares granted to each Participant.

10.2 Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

10.3 Performance Objectives and Other Terms. The Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as a Participant) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Participants. The time period during which the performance objectives must be met will be called the "Performance Period." Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine. The Administrator may set Performance Goals based upon the achievement of Company-wide, divisional, or individual goals, applicable federal or state securities laws, or any other basis determined by the Administrator in its discretion.

10.4 Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives for such Performance Unit/Share.

10.5 Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon after the expiration of the applicable Performance Period at the time determined by the Administrator. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

10.6 Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

11. Replacement Awards. Each holder of an Award related to the common stock of Old Ameritrade which was granted pursuant to the Plan prior to the Assumption Date and which was outstanding as of the Assumption Date after giving effect to the transactions contemplated by the Merger Agreement (the "Existing Awards"), will, as of the Assumption Date, be automatically granted a "Replacement Award" under the Plan and the Existing Awards shall be cancelled in exchange for the Replacement Awards. The number of shares of Stock and, if applicable, the Option Price per share of Stock, subject to a Replacement Award shall be equal to the same number of shares of common stock of Old Ameritrade and, if applicable, the same Option Price per share, subject to corresponding Existing Award. Except as provided in the preceding sentence, the Replacement Awards granted

A-13

Table of Contents

APPENDIX A

pursuant to this Section 11 shall be subject to the same terms and conditions as the corresponding Existing Awards.

12. Terms and Conditions of Any Performance-Based Award.

12.1 Purpose. The purpose of this Section 12 is to provide the Administrator the ability (but not the obligation) to grant Awards (other than Options and SARs) that are intended to qualify as performance-based compensation under Section 162(m) of the Code. If the Administrator, in its discretion, decides to grant a Performance-Based Award subject to Performance Goals to a Covered Employee, the provisions of this Section 12 will control over any contrary provision in the Plan; provided, however, that the Administrator may in its discretion grant Awards to such Covered Employees that are based on Performance Goals or other specific criteria or goals but that do not satisfy the requirements of this Section 12.

12.2 Applicability. This Section 12 will apply to those Covered Employees which are selected by the Administrator to receive any Award subject to Performance Goals. The designation of a Covered Employee as being subject to Section 162(m) of the Code will not in any manner entitle the Covered Employee to receive an Award under the Plan. Moreover, designation of a Covered Employee subject to Section 162(m) of the Code for a particular Performance Period will not require designation of such Covered Employee in any subsequent Performance Period and designation of one Covered Employee will not require designation of any other Covered Employee in such period or in any other period.

12.3 Procedures with Respect to Performance Based Awards. To the extent necessary to comply with the performance-based compensation of Section 162(m) of the Code, with respect to any Award granted subject to Performance Goals, no later than ninety (90) days following the commencement of any Performance Period (or such other deadline as may be required or permitted for awards intended to qualify under Section 162(m)), the Administrator will, in writing, (a) designate one or more Participants who are Covered Employees, (b) determine

the applicable Performance Period, (c) select the Performance Goals applicable to the Performance Period, (d) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (e) specify the relationship between Performance Goals and the amounts of such Awards, as applicable, to be earned by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Administrator will certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amounts earned by a Covered Employee, the Administrator will have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Administrator may deem relevant to the assessment of individual or corporate performance for the Performance Period. Unless specifically provided otherwise by the Administrator when establishing any Performance Goal, and only to the extent applicable to each particular Performance Goal, such Performance Goals shall be automatically adjusted to (a) the reflect the impact of any change in accounting standards that may be required by the Financial Accounting Standards Board after the adoption of the Performance Goal and (b) reflect the impact of any restatement of the Company's financial statements as result of such a change in the accounting standards.

12.4 Payment of Performance Based Awards. Unless otherwise provided in the applicable Award Agreement, a Covered Employee must be employed by the Company or a Related Entity on the day a Performance-Based Award for such Performance Period is paid to the Covered Employee. Furthermore, a Covered Employee will be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if the Performance Goals for such period are achieved.

12.5 Additional Limitations. Notwithstanding any other provision of the Plan, any Award which is granted to a Covered Employee and is intended to constitute qualified performance based compensation under Section 162(m) of the Code will be subject to any additional limitations set forth in the Code (including any amendment to Section 162

A-14

Table of Contents

APPENDIX A

(m)) or any regulations and ruling issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m) of the Code, and the Plan will be deemed amended to the extent necessary to conform to such requirements.

13. Change in Control.

13.1 Options and SARs. In the event of a Change in Control, an outstanding Option or SAR that was granted on or after the 2006 Restatement Date may be (i) assumed or substituted with an equivalent option or SAR of the successor corporation or a Parent or Subsidiary of the successor corporation, (ii) replaced with a cash incentive program of the successor corporation or a Parent or Subsidiary of the successor corporation, or (iii) terminated. Unless determined otherwise by the Administrator, in the event that the successor corporation does not assume, substitute or replace a Participant's Option or SAR that was granted on or after the 2006 Restatement Date, the Participant shall, immediately prior to the Change in Control, fully vest in and have the right to exercise such Option or SAR that was granted on or after the 2006 Restatement Date and which is not assumed, substituted or replaced as to all of the Stock underlying the Award, including Shares as to which it would not otherwise be vested or exercisable. If an Option or SAR that was granted on or after the 2006 Restatement Date is not assumed, substituted or replaced in the event of a Change in Control, the Administrator shall notify the Participant in writing or electronically that the Option or SAR that was granted on or after the 2006 Restatement Date shall be exercisable, to the extent vested, for a period of up to fifteen (15) days from the date of such notice, and the Option or SAR that was granted on or after the 2006 Restatement Date shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option or SAR that was granted on or after the 2006 Restatement Date shall be considered assumed if, following the Change in Control, the option or stock appreciation right confers the right to purchase or receive, for each Share of Stock subject to such Option or SAR immediately prior to the Change in Control, the consideration (whether stock, cash,

or other securities or property) received in the Change in Control by holders of Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR that was granted on or after the 2006 Restatement Date, for each Share of Stock subject to the Option or SAR that was granted on or after the 2006 Restatement Date, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Stock in the Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

13.2 Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units. In the event of a Change in Control, an outstanding Award of Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the 2006 Restatement Date may be (i) assumed or substituted with an equivalent restricted stock, restricted stock unit, performance share or performance unit award of the successor corporation or a Parent or Subsidiary of the successor corporation, (ii) replaced with a cash incentive program of the successor corporation or a Parent or Subsidiary of the successor corporation, or (iii) terminated. Unless determined otherwise by the Administrator, in the event that the successor corporation refuses to assume, substitute or replace a Participant's Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was

A-15

APPENDIX A

granted on or after the 2006 Restatement Date, the Participant shall, immediately prior to the Change in Control, fully vest in such Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit that was granted on or after the 2006 Restatement Date including as to Shares which would not otherwise be vested. For the purposes of this paragraph, a Restricted Stock, Restricted Stock Unit, Performance Share or Performance Unit award that was granted on or after the 2006 Restatement Date shall be considered assumed if, following the Change in Control, the award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) received in the Change in Control by holders of Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received, for each Share and each unit/right to acquire a Share subject to the Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Stock in the Change in Control. Notwithstanding anything herein to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to such Performance Goals only to reflect the successor corporation's post-merger or post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

14. Forfeiture Events. The Administrator may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition

to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, fraud, breach of a fiduciary duty, restatement of financial statements as a result of fraud or willful errors or omissions, termination of employment for cause, violation of material Company and/or Subsidiary policies, breach of non-competition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company and/or its Subsidiaries.

Notwithstanding any contrary provision in the Plan or any Award Agreement, an Award shall be subject to the Company's clawback policy as may be established and/or amended from time to time (the "Clawback Policy"). The Board or the Administrator, as applicable, may require a Participant to forfeit, return or reimburse to the Company all or a portion of the Award and any amounts paid thereunder pursuant to the terms of the Clawback Policy or as necessary or appropriate to comply with Applicable Laws.

15. Miscellaneous.

15.1 Limit on Distribution. Distribution of shares of Stock or other amounts under the Plan shall be subject to the following:

(a) Notwithstanding any other provision of the Plan, the Company shall have no liability to deliver any shares of Stock under the Plan or make any other distribution of benefits under the Plan unless such delivery or distribution would comply with all applicable laws and the applicable requirements of any securities exchange or similar entity.

(b) In the case of a Participant who is subject to Section 16(a) and 16(b) of the Exchange Act, the Administrator may, at any time, add such conditions and limitations to any Award to such Participant, or any feature of any such Award, as the Administrator, in its sole discretion, deems necessary or desirable to comply with Section 16(a) or 16(b) of the Exchange Act and the rules and regulations thereunder or to obtain any exemption therefrom. To the extent that any provision of the Plan, Award Agreement or action by the Administrator fails to so comply, it shall be deemed null and void, to the extent permitted by law and

A-16

Table of Contents

APPENDIX A

deemed advisable or appropriate by the Administrator.

(c) To the extent that the Plan provides for issuance of certificates to reflect the transfer of shares of Stock, the transfer of such shares may be effected on a non-certificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

15.2 Tax.

(a) Withholding Requirements. Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof) or such earlier time as any Tax Obligations are due, the Company will have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy all Tax Obligations.

(b) Withholding Arrangements. The Administrator, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such Tax Obligations, in whole or in part by (without limitation) (a) paying cash, (b) electing to have the Company withhold otherwise deliverable cash or Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld or such other amount as will not result in any adverse accounting consequences to the Company, as the Administrator determines in its sole discretion, or (c) delivering to the Company already-owned Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld or such other amount as will not result in any adverse accounting consequences to the Company, as the Administrator determines in its sole discretion. The Fair Market Value of the Shares to be withheld or delivered will be determined as of the date that the taxes are required to be withheld.

(c) Compliance With Section 409A. Awards will be designed and operated in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Section 409A, except as otherwise determined in the sole discretion of the Administrator. Each payment or benefit under this Plan and

under each Award Agreement is intended to constitute a separate payment for purposes of Section 1.409A-2(b)(2) of the Treasury Regulations. The Plan, each Award and each Award Agreement under the Plan is intended to be exempt from or otherwise meet the requirements of Section 409A and will be construed and interpreted, including but not limited with respect to ambiguities and/or ambiguous terms, in accordance with such intent, except as otherwise specifically determined in the sole discretion of the Administrator. To the extent that an Award or payment, or the settlement or deferral thereof, is subject to Section 409A the Award will be granted, paid, settled or deferred in a manner that will meet the requirements of Section 409A, such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Section 409A. Unless the Administrator determines otherwise, in no event will a Participant be reimbursed for the taxes imposed or any other costs incurred as a result of Section 409A.

15.3 Transferability. Awards under the Plan are not transferable except as designated by a Participant by will or by the laws of descent and distribution. To the extent that the Participant who receives an Award under the Plan has the right to exercise such Award, the Award may be exercised during the lifetime of the Participant only by the Participant.

15.4 Notices. Any notice or document required to be filed with the Administrator under the Plan will be properly filed if delivered or mailed by registered mail, postage prepaid, to the Administrator, in care of the Company, at its principal executive offices. The Administrator may, by advance written notice to affected persons, revise such notice procedure from time to time. Any notice required under the Plan (other than a notice of election) may be waived by the person entitled to notice.

15.5 Form and Time of Elections. Unless otherwise specified herein, each election required or permitted to be made by any Participant or other person entitled to benefits under the Plan, and any permitted modification or revocation thereof, shall be in writing filed with the Administrator at such times, in such form, and subject to

A-17

Table of Contents

APPENDIX A

such restrictions and limitations, not inconsistent with the terms of the Plan, as the Administrator shall require.

15.6 Agreement With Company. At the time of an Award to a Participant under the Plan, the Administrator may require a Participant to enter into an Award Agreement with the Company in a form specified by the Administrator, agreeing to the terms and conditions of the Plan and to such additional terms and conditions, not inconsistent with the Plan, as the Administrator may, in its sole discretion, prescribe.

15.7 Limitation of Implied Rights.

(a) Neither a Participant nor any other person shall, by reason of the Plan, acquire any right in or title to any assets, funds or property of the Company whatsoever, including, without limitation, any specific funds, assets, or other property which the Company, in its sole discretion, may set aside in anticipation of a liability under the Plan. A Participant shall have only a contractual right to the amounts, if any, payable under the Plan, unsecured by any assets of the Company. Nothing contained in the Plan shall constitute a guarantee by the Company that the assets of such companies shall be sufficient to pay any benefits to any person.

(b) The Plan does not constitute a contract of employment, and selection as a Participant will not give any employee the right to be retained in the employ of the Company, nor any right or claim to any benefit under the Plan, unless such right or claim has specifically accrued under the terms of the Plan. Except as otherwise provided in the Plan, no Award under the Plan shall confer upon the holder thereof any right as a shareholder of the Company prior to the date on which he fulfills all service requirements and other conditions for receipt of such rights.

15.8 Evidence. Evidence required of anyone under the Plan may be by certificate, affidavit, document or other information which the person acting on it considers pertinent and reliable, and signed, made or presented by the proper party or parties.

15.9 Gender and Number. Where the context admits, words in one gender shall include the other gender, words

in the singular shall include the plural and the plural shall include the singular.

15.10 Severability. Notwithstanding any contrary provision of the Plan or an Award to the contrary, if any one or more of the provisions (or any part thereof) of this Plan or the Awards shall be held invalid, illegal or unenforceable in any respect, such provision shall be modified so as to make it valid, legal and enforceable, and the validity, legality and enforceability of the remaining provisions (or any part thereof) of the Plan or Award, as applicable, shall not in any way be affected or impaired thereby.

15.11 Date of Grant. The date of grant of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

16. Amendment and Termination.

16.1 Amendment and Termination. The Administrator may at any time amend, alter, suspend or terminate the Plan.

16.2 Stockholder Approval. The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws. Other than pursuant to Section 13, the Company also will obtain stockholder approval before implementing a program to reduce the exercise price of outstanding Options and/or SARs through a repricing or Award exchange.

16.3 Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Company, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

2.16 "Performance Goals" means the goal(s) determined by the Committee (in its discretion) to be applicable to a Participant with respect to an Award. As determined by the Committee, the Performance Goals applicable to an Award may provide for a targeted level or levels of achievement using one or more of the following measures: (i) cash flow, (ii) client growth (assets or accounts), (iii) client satisfaction, (iv) earnings (v) economic value added, (vi) expense control, (vii) income, (viii) revenue, (ix) market share, (x) product quality, (xi) total stockholder return, and (xii) working capital. Any Performance Goal used may be measured (1) in absolute terms, (2) in combination with another Performance Goal or Goals (for example, but not by way of limitation, as a ratio or matrix), (3) in relative terms (including, but not limited to, as compared to results for other periods of time, against financial metrics, and/or against another company, companies or an index or indices), (4) on a per-share or per-capita basis, (5) against the performance of the Company as a whole or a specific business unit(s), business segment(s) or product(s) of the Company, and/or (6) on a pre-tax or after-tax basis. The Committee, in its discretion, will determine (no later than the Determination Date) whether any significant element(s) or item(s) will be included in or excluded from the calculation of any Performance Goal with respect to any

Participants (for example, but not by way of limitation, the effect of mergers and acquisitions). As determined in the discretion of the Committee, achievement of Performance Goals for a particular Award may be calculated in accordance with the Company's financial statements, prepared in accordance with generally accepted accounting principles, or as adjusted for certain costs, expenses, gains and losses to provide non-GAAP measures of operating results.

2.17 "Performance Period" means any period of time not shorter than a fiscal quarter or longer than twenty consecutive fiscal quarters (or five fiscal years), as determined by the Committee in its sole discretion.

2.18 "Plan" means the TD Ameritrade Holding Corporation Management Incentive Plan, as set forth in this instrument and as hereafter amended from time to time.

2.19 "Retirement" means, with respect to any Participant, a Termination of Employment after attaining at least age 55 and after having at least ten (10) years of continuous service with the Company or any Affiliate.

2.20 "Shares" means shares of the Company's common stock.

2.21 "Target Award" means the target award payable under the Plan to a Participant for the Performance Period, expressed as a percentage of his or her Base Salary, a specific dollar amount, or a result of a formula or formulae, as determined by the Committee in accordance with Section 3.3.

2.22 "Termination of Employment" means a cessation of the employee-employer relationship between an Employee and the Company or an Affiliate for any reason, including, but not by way of limitation, a termination by resignation, discharge, death, Disability, Retirement, or the disaffiliation of an Affiliate, but excluding any such termination where there is a simultaneous reemployment by the Company or an Affiliate.

APPENDIX B

SECTION 3

SELECTION OF PARTICIPANTS AND DETERMINATION OF AWARDS

3.1 Selection of Participants. The Committee, in its sole discretion, shall select the Employees who shall be Participants for any Performance Period. Participation in the Plan is in the sole discretion of the Committee, and on a Performance Period by Performance Period basis. Accordingly, an Employee who is a Participant for a given Performance Period in no way is guaranteed or assured of being selected for participation in any subsequent Performance Period.

3.2 Determination of Performance Goals. The Committee, in its sole discretion, shall establish the Performance Goal(s) for each Participant for the Performance Period. Such Performance Goal(s) shall be set forth in writing.

3.3 Determination of Target Awards. The Committee, in its sole discretion, shall establish a Target Award for each Participant. Each Participant's Target Award shall be set forth in writing.

3.4 Determination of Payout Formula or Formulae. On or prior to the Determination Date, the Committee, in its sole discretion, shall establish a Payout Formula or Formulae for purposes of determining the Actual Award (if any) payable to each Participant. Each Payout Formula shall (a) be in writing, (b) be based on a comparison of actual performance to the Performance Goals, (c) provide for the payment of a Participant's Target Award if the Performance Goals for the Performance Period are achieved, and (d) provide for an Actual Award greater than or less than the Participant's Target Award, depending upon the extent to which actual performance exceeds or falls below the Performance Goals. Notwithstanding the preceding, in no event shall a Participant's Actual Award(s) exceed his or her Maximum Award.

3.5 Date for Determinations. The Committee shall make all determinations under Section 3.1 through 3.4 on or before the Determination Date.

3.6 Determination of Actual Awards. After the end of each Performance Period, the Committee shall certify in writing (for example, in meeting minutes) the extent to which the Performance Goals applicable to each Participant for the Performance Period were achieved or exceeded, as determined by the Committee. The Actual Award for each Participant shall be determined by applying the Payout Formula to the level of actual performance that has been certified by the Committee, subject to the following. Notwithstanding any contrary provision of the Plan, the Committee, in its sole discretion, may (a) eliminate or reduce the Actual Award payable to any Participant below the amount that otherwise would be payable under the Payout Formula, and (b) determine whether or not a Participant will receive an Actual Award in the event the Participant incurs a Termination of Employment prior to the date the Actual Award is to be paid pursuant Section 4.2 below.

SECTION 4

PAYMENT OF AWARDS

4.1 Right to Receive Payment. Each Actual Award that may become payable under the Plan shall be paid solely from the general assets of the Company or the Affiliate that employs the Participant (as the case may be), as determined by the Committee. Nothing in this Plan shall be construed to create a trust or to establish or evidence any Participant's claim of any right to payment of an Actual Award other than as an unsecured general creditor with respect to any payment to which he or she may be entitled.

4.2 Timing of Payment. Subject to Section 3.6, payment of each Actual Award shall be made as soon as administratively practicable, but in no event later than (a) the 15th day of the third month following the end of the Company's taxable year in which the Performance Period has ended, or (b) March 15th of the calendar year following the calendar year in which the applicable Performance Period has ended.

4.3 Form of Payment. Each Actual Award normally shall be paid in cash (or its equivalent) in a single lump sum. However, the Committee, in its sole discretion, may declare any Actual Award, in whole or in part, payable in

B-3

APPENDIX B

Shares of restricted stock, restricted stock units and/or options granted under one of the Company's stock plans. The number of Shares of restricted stock and/or restricted stock units granted shall not exceed the cash amount foregone divided by the fair market value of a Share on the date that the cash payment otherwise would have been made, rounded down to the nearest whole number of shares. For this purpose, "fair market value" shall have the same meaning as provided by the applicable Company stock plan under which the award shall be granted. The number of options granted shall generally be determined by dividing the cash amount foregone by an option pricing model determined by the Committee (e.g., Black-Scholes), rounded down to the nearest whole number of shares. Any restricted stock, restricted stock units or options so awarded may be subject to such additional vesting over a period of not more than four years, and/or be subject to additional vesting conditions, including specifically additional Performance Goals, all as determined by the Committee in its sole discretion. The number of Shares of restricted stock and/or restricted stock units granted pursuant to this Section 4.3 may be increased if such new award is granted by the Committee subject to Performance Goals and decreased at the discretion of the Committee, provided that any increase otherwise meets all the performance-based compensation requirements of section 162(m) of the Code. For the avoidance of doubt, nothing in this Plan precludes the Committee from granting to any Employee any other awards under any Company stock plan, so long as such grants are consistent with the applicable stock plan and applicable law.

4.4 Payment in the Event of Death or Disability. If a Participant dies, or is determined to have a Disability, prior to the payment of an Actual Award that was scheduled to be paid to him or her prior to death, or the determination of a Disability, for a prior Performance Period, the Award shall be paid, in the case of death, to his or her estate, and in the case of Disability, to the Participant or any other person authorized under applicable law.

4.5 Forfeiture or Repayment in Connection with Certain Events.

(a) Forfeiture or Repayment. Notwithstanding any contrary provision of the Plan or the terms of any written agreement between the Company and the Participant (including specifically any written employment, severance or change in control agreement), if the Committee determines (in its sole discretion, but acting in good faith) that a Clawback Event has occurred at any time while an individual who participated in the Plan was an Employee and, with respect to each Target Award and Actual Award, such determination is made no later than three (3) years following the later of (i) the end of the applicable Performance Period or, (ii) the date of grant of the Shares of restricted stock, restricted stock units and/or options issued to the Affected Participant in payment of the Actual Award for such Performance Period, then: (i) with respect to the Performance Period then in effect, if the Affected Participant is currently participating in the Plan, participation in the Plan may, in the sole discretion of the Committee, immediately cease, in which case the Affected Participant will have no further rights or interest in his or her Target Award; (ii) with respect to any Performance Period that has ended, but for which any Actual Award has not yet been paid in full to the Affected Participant, the Committee may, in its discretion, reduce or eliminate the unpaid portion of the Actual Award; and (iii) each Actual Award to which this Section 4.5 applies that has previously been paid to the Affected Participant must, if required by the Committee, in its sole discretion, be repaid to the Company. The portion of the Actual Award paid to the Affected Participant in cash must be repaid to the Company in cash. The manner in which the portion, if any, of the Actual Award paid to the Affected Participant in Shares of restricted stock, restricted stock units and/or options granted under one of the Company's stock plans must be repaid to the Company will be governed by the terms and conditions of the applicable award agreement for such Shares of restricted stock, restricted stock units and/or options. For the portion of the Actual Award that must be repaid in cash, if the Affected Participant refuses to make such payment, the Company will, if directed by the Committee, in its sole discretion, and subject to applicable

law (including any Code Section 409A considerations), recover such payment and, if applicable, the amount of its court costs, attorneys' fees and other costs and expenses incurred in connection with enforcing this Section 4.5 by (w) reducing the amount that would otherwise be payable to the Affected Participant under any compensatory plan, program or arrangement maintained by the Company or any Affiliate, (x) withholding payment of future increases in compensation (including the payment of any discretionary bonus amount) or grants of compensatory awards that would otherwise have been made in accordance with the Company's (or its Affiliate's) otherwise applicable compensation practices, (y) reducing any severance benefits that would otherwise be payable or provided to the Affected Participant under any plan, program or arrangement maintained or entered into by the Company or any Affiliate (including specifically under any employment or severance agreement) or (z) by any combination of the foregoing.

(b) Discretion to Reduce Amount Subject to Forfeiture or Repayment. In the event of a Clawback Event described in subsection (c)(iii)(A) of this Section 4.5, the Committee may, in its sole discretion, limit the amount to be recovered from the Affected Participant to the amount by which the Actual Award exceeded the amount that would have been payable to the Affected Participant had the financial statements been initially filed as restated, as determined by the Committee in accordance with the terms and conditions of the Plan. In the event the Committee exercises such discretion, the Committee will have the discretion to determine how the amount to be recovered will be allocated among the portion, if any, of the Actual Award paid in cash and the portion, if any, of the Actual Award paid in Shares of restricted stock, restricted stock units and/or options granted under one of the Company's stock plans.

(c) Definitions.

(i) For purposes of this Section 4.5, "Affected Participant" shall mean an individual who is or was a Participant with respect to whom the Committee has determined that a Clawback Event has occurred, regardless of whether the individual is a Participant or Employee at the time of such determination.

(ii) For purposes of this Section 4.5, "Change of Control" shall have the same meaning as the term "Change in Control" under the Company's Long-Term Incentive Plan.

(iii) For purposes of this Section 4.5, "Clawback Event" shall mean the occurrence of any of the following: (A) any of the Company's financial statements are required to be restated resulting from fraud or willful misconduct by the Affected Participant or any other person, provided that the Affected Participant knew or should have known of such fraud or willful misconduct; (B) any act of fraud, negligence or breach of fiduciary duty by the Affected Participant or any other person, provided that the Affected Participant knew or should have known of such fraud, negligence or breach of fiduciary, which act results in material loss, damage or injury to the Company; or (C) any other event or situation that is covered by the Company's clawback policy as it may be established and/or amended from time to time.

(d) Restrictions on Sale of Stock Pending Determination of Clawback Event. If the Company reasonably believes that a Clawback Event has occurred, the Company may, in its sole discretion, restrict the Affected Participant's ability to directly or indirectly sell, offer, contract or grant any option to sell (including without limitation any short sale), pledge, swap, hedge, transfer, or otherwise dispose of any shares of Company common stock held by the Affected Participant in his or her Company brokerage account (whether issued in connection with an Actual Award or otherwise) pending a final determination by the Committee that a Clawback Event has or has not occurred. Such determination shall be made as soon as administratively practicable but in no event will the Affected Participant be restricted in accordance with the preceding sentence for more than that period of time that the Committee determines is reasonably necessary to determine the existence of a Clawback Event. The Company shall have no responsibility or liability for any fluctuations that occur in the price of the Company's common stock or for any potential loss or gain the Affected Participant could have realized from the sale of his or her shares of Company common stock during the period of time in which the

APPENDIX B

Affected Participant is restricted in accordance with this Section 4.5(d).

(e) Applicability and Expiration. This Section 4.5 shall not apply to Actual Awards paid prior to the Amended Effective Date. Further, this Section 4.5 shall expire and have no further force or effect upon a Change of Control (except to the limited extent required by the Dodd-Frank Wall Street Reform and Consumer Protection Act). Solely with respect to this Section 4.5, a "Change of Control" shall not be deemed to have occurred if the Company's outstanding Shares or substantially all of the Company's assets are purchased by TD Bank Financial Group.

(f) No Waiver. Any failure by the Company to assert the forfeiture and repayment rights under this Section 4.5 with respect to specific claims against the Affected Participant shall not waive, or operate to waive, the Company's right to later assert its rights hereunder with respect to other or subsequent claims against the Affected Participant.

(g) No Limitation on Remedies. The Company's forfeiture and repayment rights under this Section 4.5 shall be in addition to, and not in lieu of, actions the Company may take to remedy or discipline any misconduct by the Affected Participant including, but not limited to, termination of employment or initiation of appropriate legal action.

SECTION 5

ADMINISTRATION

5.1 Committee is the Administrator. The Plan shall be administered by the Committee. The Committee shall consist of not less than two (2) members of the Board. The members of the Committee shall be appointed from time to time by, and serve at the pleasure of, the Board. Each member of the Committee shall qualify as an "outside director" under section 162(m) of the Code. If it is later determined that one or more members of the Committee do not so qualify, actions taken by the Committee prior to such determination shall be valid despite such failure to qualify.

5.2 Committee Authority. It shall be the duty of the Committee to administer the Plan in accordance with the

Plan's provisions. The Committee shall have all powers and discretion necessary or appropriate to administer the Plan and to control its operation, including, but not limited to, the power to (a) determine which Employees shall be granted awards, (b) prescribe the terms and conditions of awards, (c) interpret the Plan and the awards, (d) adopt such procedures and subplans as are necessary or appropriate to permit participation in the Plan by Employees who are foreign nationals or employed outside of the United States, (e) bifurcate the Plan and treat Participants differently as provided by Section 8.1, (f) adopt rules for the administration, interpretation and application of the Plan as are consistent therewith, and (g) interpret, amend or revoke any such rules.

5.3 Decisions Binding. All interpretations, determinations and decisions made by the Committee, the Board, and any delegate of the Committee pursuant to the provisions of the Plan shall be final, conclusive, and binding on all persons, and shall be given the maximum deference permitted by law.

5.4 Delegation by the Committee. The Committee, in its sole discretion and on such terms and conditions as it may provide, may delegate all or part of its authority and powers under the Plan to one or more directors and/or officers of the Company; provided, however, that the Committee may delegate its authority and powers only to the extent that the delegation would not jeopardize the qualification of an award as performance-based compensation under section 162(m) of the Code (with respect to awards that are intended to so qualify).

SECTION 6

GENERAL PROVISIONS

6.1 Tax Withholding. The Company shall withhold all applicable taxes (and any other required amounts) from any payment, including (but not limited to) any federal, Federal Insurance Contributions Act (FICA), state, and local taxes.

6.2 No Effect on Employment. Nothing in the Plan shall interfere with or limit in any way the right of the Company or an Affiliate, as applicable, to terminate any Participant's

B-6

APPENDIX B

employment or service at any time, with or without cause. For purposes of the Plan, transfer of employment of a Participant between the Company and any one of its Affiliates (or between Affiliates) shall not be deemed a Termination of Employment. Employment with the Company and its Affiliates is on an at-will basis only. The Company expressly reserves the right, which may be exercised at any time and without regard to when during or after a Performance Period such exercise occurs, to terminate any individual's employment with or without cause, and to treat him or her without regard to the effect which such treatment might have upon him or her as a Participant.

6.3 Participation. No Employee shall have the right to be selected to receive an award under this Plan, or, having been so selected, to be selected to receive a future award. Participation in this Plan shall not give any Employee the right to participate in any other benefit, stock or deferred compensation plan of the Company or any Affiliate.

6.4 Indemnification. Each person who is or shall have been a member of the Committee, or of the Board, shall be indemnified and held harmless by the Company against and from (a) any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan or any award, and (b) from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such claim, action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, by contract, as a matter of law, or otherwise, or under any power that the Company may have to indemnify them or hold them harmless.

6.5 Successors. All obligations of the Company under the Plan, with respect to awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business or assets of the Company.

6.6 Beneficiary Designations. If permitted by the Committee, a Participant under the Plan may name a beneficiary or beneficiaries to whom any vested but unpaid award shall be paid in the event of the Participant's death. Each such designation shall revoke all prior designations by the Participant and shall be effective only if given in a form and manner acceptable to the Committee. In the absence of any such designation, any vested benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

6.7 Nontransferability of Awards. No award granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will, by the laws of descent and distribution, or to the limited extent provided in Section 6.6. All rights with respect to an award granted to a Participant shall be available during his or her lifetime only to the Participant.

6.8 Deferrals. The Committee, in its sole discretion, may permit a Participant to defer receipt of the payment of cash that would otherwise be delivered to a Participant under the Plan. Any such deferral elections shall be subject to such rules and procedures as shall be determined by the Committee in its sole discretion.

SECTION 7

AMENDMENT, TERMINATION AND DURATION

7.1 Amendment, Suspension or Termination. The Board, in its sole discretion, may amend or terminate the Plan, or any part thereof, at any time and for any reason. The amendment, suspension or termination of the Plan shall not, without the consent of the Participant, alter or impair any rights or obligations under any Target Award theretofore granted to such Participant. No award may be

B-7

APPENDIX B

granted during any period of suspension or after termination of the Plan.

7.2 Duration of the Plan. The Plan shall commence on the date specified herein, and subject to Section 7.1 (regarding the Board's right to amend or terminate the Plan), shall remain in effect thereafter.

SECTION 8

LEGAL CONSTRUCTION

8.1 Section 162(m) Conditions; Bifurcation of Plan. It is the intent of the Company that the Plan and the awards paid under the Plan to Participants who are or may become persons whose compensation is subject to section 162(m) of the Code, satisfy any applicable requirements of section 162(m) of the Code. Any provision, application or interpretation of the Plan inconsistent with this intent shall be disregarded. The provisions of the Plan may be bifurcated by the Board or the Committee at any time so that certain provisions of the Plan, or any award, required in order to satisfy the requirements of section 162(m) of the Code are only applicable to Participants whose compensation is subject to section 162(m) of the Code.

8.2 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

8.3 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

8.4 Requirements of Law. The granting of awards under the Plan shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental

agencies or national securities exchanges as may be required.

8.5 Governing Law. The Plan and all awards shall be construed in accordance with and governed by the laws of the State of Nebraska, but without regard to its conflict of law provisions.

8.6 Section 409A of the Code. It is intended that all bonuses payable under this Plan will be exempt from the requirements of Section 409A of the Code pursuant to the "short-term deferral" exemption or, in the alternative, will comply with the requirements of Section 409A so that none of the payments and benefits to be provided under this Plan will be subject to the additional tax imposed under Section 409A, and any ambiguities or ambiguous terms herein shall be interpreted to so comply or be exempt. Each payment and benefit payable under this Plan is intended to constitute a separate payment for purposes of Section 1.409A-2(b)(2) of the Treasury Regulations. The Company may, in good faith and without the consent of any Participant, make any amendments to this Plan and take such reasonable actions which it deems necessary, appropriate or desirable to avoid imposition of any additional tax or income recognition under Section 409A prior to actual payment to the Participant. However, in no event will the Company pay or reimburse a Participant for any taxes or other costs that may be imposed on the Participant as a result of Section 409A.

8.7 Bonus Plan. The Plan is intended to be a "bonus program" as defined under U.S. Department of Labor regulation section 2510.3-2(c) and shall be construed and administered by the Company in accordance with such intention.

8.8 Captions. Captions are provided herein for convenience only, and shall not serve as a basis for interpretation or construction of the Plan.
