GeoGlobal Resources Inc.

(a development stage enterprise)

(Unaudited)

March 31, 2005

1.

Nature of operations

On August 29, 2003, all of the issued and outstanding shares of GeoGlobal Resources (India) Inc. ("GeoGlobal India") were acquired by GeoGlobal Resources Inc., formerly Suite101.com, Inc. As a result of the transaction, the former shareholder of GeoGlobal India held approximately 69.3% of the issued and outstanding shares of GeoGlobal Resources Inc. This transaction is considered an acquisition of GeoGlobal Resources Inc. (the accounting subsidiary and legal parent) by GeoGlobal India (the accounting parent and legal subsidiary) and has been accounted for as a purchase of the net assets of GeoGlobal Resources Inc. by GeoGlobal India. Accordingly, this transaction represents a recapitalization of GeoGlobal India, the legal subsidiary, effective August 29, 2003. These consolidated financial statements are issued under the name of GeoGlobal Resources Inc. but are a continuation of the financial statements of the accounting acquirer, GeoGlobal India. The assets and liabilities of GeoGlobal India are included in the consolidated financial statements at their historical carrying amounts. As a result, the stockholders' equity of GeoGlobal Resources Inc. is eliminated and these consolidated financial statements reflect the results of operations of GeoGlobal Resources Inc. only from the date of the acquisition (refer to acquisition note 6).

GeoGlobal Resources Inc. changed its name from Suite101.com, Inc. after receiving shareholder approval at the Annual Shareholders Meeting held on January 8, 2004. Collectively, GeoGlobal Resources Inc., GeoGlobal India and its other wholly-owned direct and indirect subsidiaries, are referred to as the "Company" or GeoGlobal .

The Company is engaged primarily in the pursuit of petroleum and natural gas through exploration and development in India. Since inception, the efforts of GeoGlobal have been devoted to the pursuit of Production Sharing Contracts (PSC) with the Gujarat State Petroleum Corporation ("GSPC") and the Government of India and the development thereof. To date, the Company has not earned revenue from these operations and is considered to be in the development stage. The recoverability of the costs incurred to date is uncertain and dependent upon achieving commercial production or sale, the ability of the Company to obtain sufficient financing to complete its obligations in India and upon future profitable operations.

2.

Basis of presentation

The accompanying unaudited interim consolidated financial statements have been prepared in accordance with US generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Item 310(b) of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three month period ended March 31, 2005 are not necessarily indicative of the results that may be expected for the year ended December 31, 2005.

The consolidated balance sheet at December 31, 2004 has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by accounting principles generally accepted in the United States for complete financial statements.

For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-KSB for the year ended December 31, 2004.

a)

Exploration costs India

The exploration costs incurred to date are not subject to depletion and cover three exploration blocks, known as the KG Block, Mehsana Block and the Sanand and Mirola Block. It is anticipated these exploration costs will be subject to depletion no earlier than the 2007 fiscal year.

b)

Capitalized overhead costs

Included in the US\$916,506 of exploration cost additions during the three months ended March 31, 2005 (year ended December 31, 2004 US\$460,016) are certain overhead costs capitalized by the Company in the amount of US\$64,724 (year ended December 31, 2004 US\$336,535) directly related to the exploration activities in India. Of the capitalized overhead amount, US\$2,181 (year ended December 31, 2004 US\$49,370) was paid to third parties, and US\$62,543 was paid to and on behalf of a related party (year ended December 31, 2004 US\$287,165) (see note 7c). These indirect costs are incurred solely by and on behalf of the Company in providing its services under the Carried Interest Agreement and are therefore not reimbursable under the Carried Interest Agreement (see note 3c).

c)

Carried Interest Agreement

On August 27, 2002, GeoGlobal entered into a Carried Interest Agreement (CIA) with GSPC, which grants the Company a 10% carried interest (net 5% - see note 3d) in the Exploration Block KG-OSN-2001/3. The CIA provides that GSPC is responsible for GeoGlobal's entire share of any and all costs incurred during the Exploration Phase prior to the date of initial commercial production.

As at March 31, 2005, GSPC has incurred costs of approximately Rs 35.54 Crore (approximately US\$7.8 million) (December 31, 2004 Rs 22.77 Crore (approximately US\$5.0 million)) attributable to GeoGlobal under the CIA of which 50% is for the account of Roy Group (Mauritius) Inc. ("RGM"), a related party (note 7b) under the terms of the Participating Interest Agreement.

d)

Participating Interest Agreement

On March 27, 2003, GeoGlobal entered into a Participating Interest Agreement (PIA) with RGM, whereby GeoGlobal assigned and holds in trust for RGM subject to Government of India consent, 50% of the benefits and obligations of the PSC-KG and the CIA leaving GeoGlobal with a net 5% Participating Interest in the PSC-KG and a net 5% carried interest in the CIA.

e)

Deed of Assignment and Assumption

On April 7, 2005, the Company entered into a Deed of Assignment and Assumption with GSPC whereby, subject to the terms of the agreement, the Company agreed to acquire and assume and GSPC agreed to assign a 20% participating interest in the onshore CB-ON/2 Exploration Block (Tarapur) located in the center of the Cambay Basin. Commencing as of April 7, 2005, the Company agreed to be bound by the terms of the PSC relating to the Tarapur

block and assume its proportionate share of obligations under it. The agreement provides that the Company pay 20% of the total of the past costs incurred in exploration activities on the block through the date of agreement, which sum amounted to approximately Rs. 2.53 Crore (approximately US\$579,523). As the holder of a participating interest, the Company will be required to fund its 20% share of all further exploration and development costs incurred on the exploration block. It is expected that the total capital the Company will be required to contribute to exploration activities on Tarapur during 2005 based on the 20% participating interest will be approximately \$300,000 and the Company has committed to expend an aggregate of approximately \$1.2 million for exploration activities under the terms of the agreement entered into covering the Tarapur block over a period of 2½ years. The Company has further agreed to provide necessary geological and geophysical assistance at no cost to GSPC toward fulfillment of the work commitment made under the PSC in carrying out the exploration activities. The assignment of the 20% interest is subject to obtaining the consent of the Government of India to the assignment which consent has not yet been obtained. Based on the Company's past experience as a party to other PSCs with GSPC and its relationship with GSPC, the Company believes that such consent from the Government of India will be forthcoming. In the event such consent is not obtained, the assignment would be terminated. Under such circumstances, the Company intends to negotiate an alternative acceptable arrangement with GSPC. Under the terms of the agreement, the Company is required to keep in force a financial and performance guarantee securing its performance under the Tarapur PSC. Oil and Natural Gas Corporation Limited of India has the right to participate into the development of any commercial discovery by acquiring a 30% participating interest as provided under the PSC. This exercise of this right would result in the reduction of the Company's participating interest to 14%. The payment of the US\$579,523 to GSPC under the terms of the Company's agreement with GSPC has been included in Exploration costs India at March 31, 2005.

Acquisition

On August 29, 2003, pursuant to an agreement dated April 4, 2003 and amended August 29, 2003, the Company completed a transaction with Mr. Roy and GeoGlobal Resources (India) Inc. ("GeoGlobal India"), a corporation then wholly-owned by Mr. Roy, whereby the Company acquired from Mr. Roy all of the outstanding capital stock of GeoGlobal India. In exchange for the outstanding capital stock of GeoGlobal India, the Company issued 34.0 million shares of our Common Stock. Of the 34.0 million shares, 14.5 million shares were delivered to Mr. Roy at the closing of the transaction being August 29, 2003 and an aggregate of 19.5 million shares were held in escrow by an escrow agent. The terms of the escrow provide for the release of the shares upon the occurrence of certain developments relating to the outcome of oil and natural gas exploration and development activities conducted on the KG Block. On August 27, 2004, 14.5 million shares were released to Mr. Roy from escrow upon the actual commencement of a drilling program on the KG Block. The final 5.0 million shares remaining in escrow will be released only if a commercial discovery is declared on the KG Block. In addition to the shares of Common Stock, the Company delivered to Mr. Roy a \$2.0 million promissory note, of which \$500,000 was paid on the closing of the transaction on August 29, 2003, \$500,000 was paid on October 15, 2003, \$500,000 was paid on January 15, 2004 and \$500,000 was paid on June 30, 2004. The note did not accrue interest. The note was secured by the outstanding stock of GeoGlobal India which has subsequently been released. As a consequence of the transaction, Mr. Roy held as of the closing of the transaction an aggregate of 34.0 million shares of our outstanding Common Stock, or approximately 69.3% of the shares outstanding, assuming all shares held in escrow are released to him. The terms of the transaction provide that Mr. Roy is to have the right to vote all 34.0 million shares following the closing, including the shares during the period they are held in escrow. Shares not released from the escrow will be surrendered back to GeoGlobal.

As discussed in note 1, the acquisition of GeoGlobal India by GeoGlobal was accounted for as a reverse takeover transaction. As a result, the cost of the transaction was determined based upon the net assets of GeoGlobal deemed to have been acquired. These consolidated financial statements include the results of operations of GeoGlobal from the date of acquisition. The net identifiable assets acquired of GeoGlobal are as follows:

Recent Accounting Standards

On December 16, 2004, the Financial Accounting Standards Board (FASB) issued FASB Statement No. 123 (revised 2004), *Share-Based Payment*, which is a revision of FASB Statement No. 123, *Accounting for Stock-Based Compensation*. Statement 123(R) supersedes APB Opinion No. 25, *Accounting for Stock Issued to Employees*, and amends FASB Statement No. 95, *Statement of Cash Flows*. Generally, the approach in Statement 123(R) is similar to the approach described in Statement 123. However, Statement 123(R) requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro forma disclosure is no longer an alternative.

Statement 123(R) must be adopted no later than January 1, 2006. Early adoption will be permitted in periods in which financial statements have not yet been issued. The Company was planning to adopt Statement 123(R) on January 1, 2005, however, on April 14, 2005, the Securities Exchange Commission provided for a phased-in implementation process for Statement 123(R). As such, the Company is delaying implementation until January 1, 2006.

The Company intends to adopt Statement 123(R) using the modified prospective method.
