SPECIAL NOTE REGARD FORWARD-LOOKING STATEMENTS

Certain statements contained in this report, including information with respect to our future business plans, constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. For this purpose, any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements, subject to a number of risks and uncertainties that could cause actual results to differ significantly from those described in this report. These forward-looking statements include statements regarding, among other things, our business strategy and operations, future expansion plans, future prospects, financial position, anticipated revenues or losses and projected costs, and objectives of management. Without limiting the foregoing, the words may, will, should, could, expects, plans, anticipates, believes, estimates, predicts, potential or continue or the negative or comparable terminology are intended to identify forward-looking statements. There are a number of important factors that could cause our results to differ materially from those indicated by such forward-looking statements. These factors include, but are not limited to, changes in economic conditions generally and the real estate and bond markets specifically, legislative/regulatory changes (including changes to laws governing the taxation of real estate investment trusts (REITs)), availability of capital, interest rates and interest rate spreads, changes in generally accepted accounting principles and policies and guidelines applicable to REITs, those factors set forth herein in Part I, Item 1A. Risk Factors and other risks and uncertainties as may be detailed from time to time in our public announcements and our reports filed with the Securities and Exchange Commission (the SEC).

The risks here are not exhaustive. Other sections of this report may include additional factors that could adversely affect our business and financial performance. Moreover, we operate in a competitive and rapidly changing environment. New risk factors emerge from time to time and it is not possible for management to predict all such risks factors, nor can it assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, undue reliance should not be placed on forward-looking statements as a prediction of actual results.

PART I

Executive Summary

2004 was a productive and exciting year for Berkshire Income Realty, Inc. (the Company or BIR). BIR acquired an interest in twelve new properties in six transactions with an aggregate market value at purchase of approximately \$140,000,000, interest rates were fixed on more than \$120,000,000 of both new and refinanced mortgages, occupancies improved at our Same Portfolio Properties (properties acquired or placed in service prior to January 1, 2003) and we continued our strategy of exploring and implementing renovation opportunities at our properties.

In 2004 interests were acquired in twelve new multifamily apartment communities. Five of these communities were acquired through ventures, providing additional diversification. During 2004 the Company also entered two new markets, Virginia and Illinois, while expanding its presence in its existing Florida, Texas and Maryland markets.

During 2004 a large portion of the portfolio was aggressively financed and refinanced to take advantage of historically low mortgage rates. Fixed rate mortgages of \$47,767,000 were financed on new acquisitions during the year at an average interest rate of approximately 5.0% and \$72,320,000 of mortgages were replaced, reducing mortgages with an average fixed interest rate of a 5.95% to an average fixed interest rate of 4.86%.

In 2004, market related occupancy increased from 92.09% to 94.72%, at the Same Portfolio Properties. This increase was primarily driven by increases in occupancy at the Maryland properties. Occupancy

levels are expected to stabilize during 2005 as the economy continues its slow but steady upward movement.

The Company's strategy for setting rental rates generally tries to balance occupancy with rental increases to achieve market level occupancy rates. In soft markets, BIR will offer short-term concessions to new and renewing tenants to maintain occupancy without producing significant fluctuations in market rental rates. This strategy allows the Company to react more quickly to temporary changes in market conditions without obligating the Company to long-term commitments of lower than necessary rental rates.

The renovation of Seasons of Laurel in Maryland, which began 2003, crossed the halfway point in October 2004. This \$8,100,000 project continues to meet our expectation with respect to return on investment and it is expected to be complete by early 2006. The retro fit of Hannibal Grove to provide in unit washer and dryer connections is progressing quickly and a decision will be made to implement a full internal unit renovation project at the property in 2005.

2005 is off to a good start with the acquisition of Westchester West Apartments, a 345 unit multifamily apartment community located in Silver Spring, Maryland from an affiliate of the Company for \$39,250,000. The Company will continue exploring acquisition sourcing strategies that include market, non-market/seller direct, bank and lender owned real estate and foreclosure auctions. 2004 included an acquisition from each of these sources.

As used herein, the terms we, us or the Company refer to Berkshire Income Realty, Inc. (the Company), a Maryland corporation, organized on July 19, 2002. The Company is in the business of acquiring, owning and operating multifamily apartment communities.

RISK FACTORS

The following risk factors should be read carefully in connection with evaluating our business and the forward-looking statements contained in this report and other statements we or our representatives make from time to time. Any of the following risks could materially adversely affect our business, our operating results, our financial condition and the actual outcome of matters as to which forward-looking statements are made in this report. In connection with the forward-looking statements that appear in this report, you should also carefully review the cautionary statement referred to herein under Special Note Regarding Forward-Looking Statements.

Risk Factors Relating to the Company

Maintenance of our Investment Company Act exemption imposes limits on our operations.

We intend to conduct our operations so as not to be required to register as an investment company under the Investment Company Act of 1940. We believe that there are exemptions under the Investment Company Act that are applicable to us. The assets that we may acquire are limited by the provisions of the Investment Company Act and the exemption on which we rely. In addition, we could, among other things, be required either to change the manner in which we conduct our operations to avoid being required to register as an investment company, or to register as an investment company. Either of these could have an adverse effect on us and the market price for our publicly traded securities. For example, one exception from the definition of an investment company we believe we could rely on would require us to manage our assets such that no

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

more than 40% of our total assets (exclusive of government securities and cash) are invested in investment securities. Generally speaking, investment securities are all securities except securities issued by majority-owned operating company subsidiaries and government securities. To be able to continue to rely on this exception in the event the value of our investment securities were to increase relative to our total assets, we may need to sell certain investment securities that we otherwise would not want to sell. Furthermore, we may be required to hold other non-investment security assets, such as some

of our real property assets that we may otherwise want to sell, in order to avoid increasing the value of our investment securities relative to our total assets.

Certain Federal Income Tax Risks

Our failure to qualify as a REIT would result in higher taxes and reduced cash available for distribution to our stockholders.

We intend to operate in a manner to allow us to qualify as a REIT for federal income tax purposes. Although we believe that we will be organized and will operate in this manner, we cannot be certain that we will be able to operate so as to qualify as a REIT under the Internal Revenue Code of 1986, as amended (the Code), or to remain so qualified. Qualification as a REIT involves the application of highly technical and complex provisions of the Code for which there are only limited judicial or administrative interpretations. The determination of various factual matters and circumstances not entirely within our control may affect our ability to qualify as a REIT. The complexity of these provisions and of the applicable income tax regulations under the Code is greater in the case of a REIT that holds its assets through a partnership, as we do. Moreover, our qualification as a REIT depends upon the qualification of certain of our investments as REITs. In addition, we cannot be certain that legislation, new regulations, administrative interpretations or court decisions will not significantly change the tax laws with respect to the qualification as a REIT or the federal income tax consequences of this qualification. We are not aware of any proposal currently being considered by Congress to amend the tax laws in a manner that would materially and adversely affect our ability to operate as a REIT.

If for any taxable year we fail to qualify as a REIT, we would not be allowed a deduction for distributions to our stockholders in computing our taxable income and would be subject to federal income tax (including any applicable alternative minimum tax) on our taxable income at regular corporate rates. In addition, we would normally be disqualified from treatment as a REIT for the four taxable years following the year of losing our REIT status. This would likely result in significant increased costs to us. Any corporate tax liability could be substantial and would reduce the amount of cash available for distribution to our stockholders and for investment, which in turn could have an adverse impact on the value of, and trading prices for, our publicly traded securities.

Although we intend to operate in a manner designed to qualify as a REIT, future economic, market, legal, tax or other considerations may cause our Board of Directors (the Board) and the holders of our common stock to determine that it is in the best interests of the Company and our stockholders to revoke our REIT election.

We believe that our operating partnership will be treated for federal income tax purposes as a partnership and not as a corporation or an association taxable as a corporation. If the Internal Revenue Service were to determine that our operating partnership were properly to be treated as a corporation, our operating partnership would be required to pay federal income tax at corporate rates on its net income, its partners would be treated as stockholders of the operating partnership and distributions to partners would constitute dividends that would not be deductible in computing the operating partnership's taxable income. In addition, we would fail to qualify as a REIT, with the resulting consequences described above.

REIT distribution requirements could adversely affect our liquidity.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

To obtain the favorable tax treatment for REITs qualifying under the Code, we generally are required each year to distribute to our stockholders at least 90% of our real estate investment trust taxable income, determined without regard to the deduction for dividends paid and by excluding net capital gains. We are subject to a 4% nondeductible excise tax on the amount, if any, by which distributions paid by us with respect to any calendar year are less than the sum of: (1) 85% of our ordinary income for the calendar year; (2) 95% of our capital gain net income for the calendar year, unless we elect to retain and pay income tax on those gains; and (3) 100% of our undistributed amounts from prior years.

Failure to comply with these requirements would result in our income being subject to tax at regular corporate rates.

We intend to distribute our income to our stockholders in a manner intended to satisfy the distribution requirement and to avoid corporate income tax and the 4% excise tax. Differences in timing between the recognition of income and the related cash receipts or the effect of required debt amortization payments could require us to borrow money or sell assets to distribute enough of our taxable income to satisfy the distribution requirement and to avoid corporate income tax and the 4% excise tax in a given year.

Legislative or regulatory action could adversely affect holders of our securities.

In recent years, numerous legislative, judicial and administrative changes have been made to the federal income tax laws applicable to investments in REITs and similar entities. Additional changes to tax laws are likely to continue to occur in the future, and we cannot be certain that any such changes will not adversely affect the taxation of a holder of our securities.

Risk Factors Relating to Our Business

Operating risks and lack of liquidity may adversely affect our investments in real property.

Varying degrees of risk affect real property investments. The investment returns available from equity investments in real estate depend in large part on the amount of income earned and capital appreciation generated by the related properties as well as the expenses incurred. If our assets do not generate revenue sufficient to meet operating expenses, including debt service and capital expenditures, our income and ability to service our debt and other obligations could be adversely affected. Some significant expenditures associated with an investment in real estate, such as mortgage and other debt payments, real estate taxes and maintenance costs, generally are not reduced when circumstances cause a reduction in revenue from the investment. In addition, income from properties and real estate values are also affected by a variety of other factors, such as interest rate levels, governmental regulations and applicable laws and the availability of financing.

Equity real estate investments, such as ours, are relatively illiquid. This illiquidity limits our ability to vary our portfolio in response to changes in economic or other conditions. We cannot be certain that we will recognize full value for any property that we are required to sell for liquidity reasons. Our inability to respond rapidly to changes in the performance of our investments could adversely affect our financial condition and results of operations.

Our properties are subject to operating risks common to apartment ownership in general. These risks include: our ability to rent units at the properties; competition from other apartment communities; excessive building of comparable properties that might adversely affect apartment occupancy or rental rates; increases in operating costs due to inflation and other factors, which increases may not necessarily be offset by increased rents; increased affordable housing requirements that might adversely affect rental rates; inability or unwillingness of residents to pay rent increases; and future enactment of rent control laws or other laws regulating apartment housing, including present and possible future laws relating to access by disabled persons or the right to convert a property to other uses, such as condominiums or cooperatives. If operating expenses increase, the local rental market may limit the extent to which rents may be increased to meet increased expenses without decreasing occupancy rates. If any of the above were to occur, our ability to meet our debt service and other obligations could be adversely affected.

In order to achieve or enhance our desired financial results we may make investments that involve more risk than market rate core and core-plus acquisitions.

In many of the markets where we may seek to acquire multifamily apartment communities we may face significant competition from well capitalized real estate investors, including private investors, publicly traded REITs and institutional investors. This competition can result in sellers obtaining premiums on their real estate, which sometimes pushes the price beyond what we may consider to be a prudent purchase price. We have thus begun expanding our sourcing strategy to include non-market/seller direct deals, bank and lender owned real estate and foreclosure auctions. Some of these acquisition strategies can involve more risk than market rate core and core-plus acquisitions, but may allow the Company to realize higher returns if the underlying assumptions are achieved. However, if the underlying assumptions are not achieved, the additional risks associated with these broader sourcing strategies could result in lower profits, or higher losses, than would be realized in market rate acquisitions.

We may renovate our properties, which could involve additional operating risks.

We expect to be working on the renovation of multifamily properties that we may acquire. We may also acquire completed multifamily properties. The renovation of real estate involves risks in addition to those involved in the ownership and operation of established multifamily properties, including the risks that specific project approvals may take longer to obtain than expected, that construction may not be completed on schedule or budget and that the properties may not achieve anticipated rent or occupancy levels.

We may not be able to pay the costs of necessary capital improvements on our properties, which could adversely affect our financial condition.

We anticipate funding any required capital improvements on our properties using cash flow from operations, cash reserves or additional financing if necessary. However, the anticipated sources of funding may not be sufficient to make the necessary improvements. If our cash flow from operations and cash reserves prove to be insufficient, we might have to fund the capital improvements by borrowing money. If we are unable to borrow money on favorable terms, or at all, we may not be able to make necessary capital improvements, which could harm our financial condition.

Our tenants-in-common or future joint venture partners may have interests or goals that conflict with ours, which may restrict our ability to manage some of our investments and adversely affect our results of operations.

One or more of our properties that we acquire may be owned through tenancies-in-common or by joint venture partnerships between us and the seller of the property, an independent third party or another investment entity sponsored by our affiliates. Our investment through tenancies-in-common or in joint venture partnerships that own properties may, under certain circumstances, involve risks that would not otherwise be present. For example, our tenant-in-common or joint venture partner may experience financial difficulties and may at any time have economic or business interests or goals that are inconsistent with our economic or business interests or our policies or goals. In addition, actions by, or litigation involving, any tenant-in-common or joint venture partner might subject the property owned through a tenancy-in-common or by the joint venture to liabilities in excess of those contemplated by the terms of the tenant-in-common or joint venture agreement. Also, there is a risk of impasse between the parties since generally either party may disagree with a proposed transaction involving the property owned through a tenancy-in-common or joint venture and impede any proposed action, including the sale or other disposition of the property.

Our inability to dispose of a property we may acquire in the future without the consent of a tenant-in-common or joint venture partner would increase the risk that we could be unable to dispose of the property, or dispose of it promptly, in response to economic or other conditions. The inability to respond promptly to changes in performance of the property could adversely affect our financial condition and results of operations.

We may face significant competition and we may not compete successfully.

We may face significant competition in seeking investments. We may be unable to acquire a desired property because of competition from other well capitalized real estate investors, such as publicly traded REITs, institutional investors and other investors, including companies that may be affiliated with Berkshire Property Advisors, L.L.C. (Berkshire Advisor). When we are successful in acquiring a desired property, competition from other real estate investors may significantly increase our purchase price. Some of our competitors may have greater financial and other resources than us and may have better relationships with lenders and sellers, and we may not be able to compete successfully for investments.

We plan to borrow, which may adversely affect our return on our investments and may reduce income available for distribution.

Where possible, we may seek to borrow funds to increase the rate of return on our investments and to allow us to make more investments than we otherwise could. Borrowing by us presents an element of risk if the cash flow from our properties and other investments is insufficient to meet our debt service and other obligations. A property encumbered by debt increases the risk that the property will operate at a loss and may ultimately be forfeited upon foreclosure by the lender. Loans that do not fully amortize during the term, such as bullet or balloon-payment loans, present refinancing risks. Variable rate loans increase the risk that the property may become unprofitable in adverse economic conditions. Loans that require guaranties, including full principal and interest guaranties, master leases, debt service guaranties and indemnities for liabilities such as hazardous waste, may result in significant liabilities for us.

Under our current investment policies, we may not incur indebtedness if by doing so our ratio of debt to total assets, at fair market value, exceeds 75%. However, we may reevaluate our borrowing policies from time to time, and the Board may change our investment policies without the consent of our stockholders. At December 31, 2004 and 2003, our ratio of debt to total assets, at fair market value, was 70.00% and 74.21%, respectively.

Our insurance on our real estate may not cover all losses.

We carry comprehensive liability, fire, extended coverage and rental loss insurance covering all of our properties, with policy specifications and insured limits that we believe are adequate and appropriate under the circumstances. Some types of losses, such as from terrorism, are uninsurable or not insurable on economically feasible terms. In addition, many insurance carriers are excluding asbestos-related claims and most mold-related claims from standard policies, pricing asbestos and mold endorsements at prohibitively high rates or adding significant restrictions to this coverage. Because of our inability to obtain specialized coverage at rates that correspond to the perceived level of risk, we have not obtained insurance for acts of terrorism or asbestos-related claims or all mold-related risks. We continue to evaluate the availability and cost of additional insurance coverage from the insurance market. If we decide in the future to purchase insurance for terrorism, asbestos or mold, the cost could have a negative impact on our results of operations. If an uninsured loss or a loss in excess of insured limits occurs on a property, we could lose our capital invested in the property, as well as the anticipated future revenues from the property and, in the case of debt that is recourse to us, we would remain obligated for any mortgage debt or other financial obligations related to the property. Any loss of this nature could adversely affect us.

Environmental compliance costs and liabilities with respect to our real estate may adversely affect our results of operations.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

Our operating costs may be affected by our obligation to pay for the cost of complying with existing environmental laws, ordinances and regulations, as well as the cost of complying with future legislation with respect to the assets, or loans secured by assets, with environmental problems that materially impair the value of assets. Under various federal, state or local environmental laws, ordinances and regulations, an owner of real property may be liable for the costs of removal or remediation of hazardous or toxic substances located on or in the property. These laws often impose liability without regard to whether the owner knew of, or was responsible for, the presence of the hazardous or toxic substances. The costs of any

required remediation or removal of these substances may be substantial. In addition, the owner's liability as to any property is generally not limited under these laws, ordinances and regulations and could exceed the value of the property and/or the aggregate assets of the owner. The presence of hazardous or toxic substances, or the failure to remediate properly, may also adversely affect the owner's ability to sell or rent the property or to borrow using the property as collateral. Under these laws, ordinances and regulations, an owner or any entity who arranges for the disposal of hazardous or toxic substances, such as asbestos, at a disposal facility may also be liable for the costs of any required remediation or removal of the hazardous or toxic substances at the facility, whether or not the facility is owned or operated by the owner or entity. In connection with the ownership of any of our properties, or participation in joint ventures, or the disposal of hazardous or toxic substances, we may be liable for any of these costs.

Other federal, state and local laws may impose liability for the release of hazardous material, including asbestos-containing materials, into the environment, or require the removal of damaged asbestos containing materials in the event of remodeling or renovation, and third parties may seek recovery from owners of real property for personal injury associated with exposure to released asbestos-containing materials or other hazardous materials. We do not currently have insurance for asbestos-related claims.

Recently there has been an increasing number of lawsuits against owners and managers of multifamily properties alleging personal injury and property damage caused by the presence of mold in residential real estate. Some of these lawsuits have resulted in substantial monetary judgments or settlements. We do not currently have insurance for all mold-related risks. Environmental laws may also impose restrictions on the manner in which a property may be used or transferred or in which businesses may be operated, and these restrictions may require additional expenditures. In connection with the ownership of properties, we may be potentially liable for any of these costs. The cost of defending against claims of liability or remediating contaminated property and the cost of complying with environmental laws could materially adversely affect our results of operations and financial condition.

We have been notified of the presence of asbestos in certain structural elements in our properties, which we are addressing in accordance with various operations and maintenance plans. The asbestos operations and maintenance plans require that all structural elements that contain asbestos not be disturbed. In the event the asbestos containing elements are disturbed either through accident, such as a fire, or as a result of planned renovations at the property, those elements would require removal by a licensed contractor, who would provide for containment and disposal in an authorized landfill. The property managers of our properties have been directed to work proactively with licensed ablation contractors whenever there is any question regarding possible exposure.

We are not aware of any environmental liability relating to our properties that we believe would have a material adverse effect on our business, assets or results of operations. Nevertheless, it is possible that there are material environmental liabilities of which we are unaware with respect to our properties. Moreover, we cannot be certain that future laws, ordinances or regulations will not impose material environmental liabilities or that the current environmental condition of our properties will not be affected by residents and occupants of our properties, by the uses or condition of properties in the vicinity of our properties, such as leaking underground storage tanks, or by third parties unrelated to us.

Our failure to comply with various regulations affecting our properties could adversely affect our financial condition.

Various laws, ordinances, and regulations affect multifamily residential properties, including regulations relating to recreational facilities, such as activity centers and other common areas. We believe that each of our properties has all material permits and approvals to operate its business.

Our multifamily residential properties must comply with Title II of the Americans with Disabilities Act (the ADA) to the extent that such properties are "public accommodations" and/or "commercial facilities" as defined by the ADA. Compliance with the ADA requires removal of structural barriers to handicapped access in certain public areas of such of our properties where such removal is "readily achievable." The ADA

does not, however, consider residential properties to be public accommodations or commercial

facilities, except to the extent portions of such facilities, such as a leasing office, are open to the public. We believe that our properties comply in all material respects with all current requirements under the ADA and applicable state laws. Noncompliance with the ADA could result in imposition of fines or an award of damages to private litigants. The cost of defending against any claims of liability under the ADA or the payment of any fines or damages could adversely affect our financial condition.

The Fair Housing Act (the "FHA") requires, as part of the Fair Housing Amendments Act of 1988, apartment communities first occupied after March 13, 1990 to be accessible to the handicapped. Noncompliance with the FHA could result in the imposition of fines or an award of damages to private litigants. We believe that our properties that are subject to the FHA are in compliance with such law. The cost of defending against any claims of liability under the FHA or the payment of any related fines or damages could adversely affect our financial condition.

We face risks associated with property acquisitions.

We intend to acquire additional properties in the future, either directly or by acquiring entities that own properties. These acquisition activities are subject to many risks. We may acquire properties or entities that are subject to liabilities or that have problems relating to environmental condition, state of title, physical condition or compliance with zoning laws, building codes, or other legal requirements. In each case, our acquisition may be without any recourse, or with only limited recourse, with respect to unknown liabilities or conditions. As a result, if any liability were asserted against us relating to those properties or entities, or if any adverse condition existed with respect to the properties or entities, we might have to pay substantial sums to settle or cure it, which could adversely affect our cash flow and operating results. However, some of these liabilities may be covered by insurance. In addition, we intend to perform customary due diligence regarding each property or entity we acquire. We also intend to obtain appropriate representations and indemnities from the sellers of the properties or entities we acquire, although it is possible that the sellers may not have the resources to satisfy their indemnification obligations if a liability arises. Unknown liabilities to third parties with respect to properties or entities acquired might include: liabilities for clean-up of undisclosed environmental contamination; claims by tenants, vendors or other persons dealing with the former owners of the properties; liabilities incurred in the ordinary course of business; and claims for indemnification by general partners, directors, officers and others indemnified by the former owners of the properties.

We may acquire multifamily apartment communities through foreclosure auctions, which limit our ability to perform due diligence.

One of our acquisition strategies seeks to acquire multifamily apartment communities through foreclosure auctions. Generally when a property is foreclosed on by a lender, there is minimal time between the announcement of foreclosure and the auction to dispose of the property and access to the property for due diligence is either severely limited or unavailable. The lack of time and access for due diligence can result in only limited knowledge of problems, including environmental issues, that are identified after the acquisition has taken place. While the Company generally includes provisions for unforeseen problems into its underwriting models, there is no assurance that these provisions will be sufficient to remediate all of the issues identified after closing. If significant issues are identified after closing, which were not provided for during the underwriting, this sourcing strategy could result in lower profits, or higher losses, than would be realized in market rate acquisitions, where full due diligence is available.

Risk Factors Relating to Our Management

We are dependent on Berkshire Advisor and may not find a suitable replacement at the same cost if Berkshire Advisor terminates the advisory services agreement.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

We have entered into a contract with Berkshire Advisor (which we refer to as the advisory services agreement) under which Berkshire Advisor is obligated to manage our portfolio and identify investment opportunities consistent with our investment policies and objectives, as the Board may adopt from time to

time. Although the Board has continuing exclusive authority over our management, the conduct of our affairs and the management and disposition of our assets, the Board initially has delegated to Berkshire Advisor, subject to the supervision and review of our Board, the power and duty to make decisions relating to the day-to-day management and operation of our business. We generally utilize officers of Berkshire Advisor to provide our services and employ only a few individuals as our officers, none of whom are compensated by us for their services to us as our officers. We believe that our success depends to a significant extent upon the experience of Berkshire Advisor's officers, whose continued service is not guaranteed. We have no separate facilities and are completely reliant on Berkshire Advisor, which has significant discretion as to the implementation of our operating policies and strategies. We face the risk that Berkshire Advisor could terminate the advisory services agreement and we may not find a suitable replacement at the same cost with similar experience and ability. However, we believe that so long as KRF Company, L.L.C. (KRF Company), which is an affiliate of Berkshire Advisor, continues to own a significant amount of our common stock, Berkshire Advisor will not terminate the advisory services agreement. Although KRF Company currently owns all of our common stock, we cannot be certain that KRF Company will continue to do so.

Our relationship with Berkshire Advisor may lead to general conflicts of interest that adversely affect the interests of holders of our Series A Preferred Stock.

Berkshire Advisor is an affiliate of KRF Company, which owns all of our common stock. All of our directors and executive officers, other than our three independent directors, are also officers or directors of Berkshire Advisor. As a result, our advisory services agreement with Berkshire Advisor was not negotiated at arm's-length and its terms, including the fees payable to Berkshire Advisor, may not be as favorable to us as if it had been negotiated with an unaffiliated third party. Asset management fees and acquisition fees for new investments are payable to Berkshire Advisor under the advisory services agreement regardless of the performance of our portfolio and may create conflicts of interest. Conflicts of interest also may arise in connection with any decision to renegotiate, renew or terminate our advisory services agreement. In order to mitigate these conflicts, the renegotiation, renewal or termination of the advisory services agreement requires the approval of the audit committee of the Board (which committee is comprised of our three directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange).

Through December 31, 2004, our property manager, an affiliate of Berkshire Advisor, in most cases provided on-site management services for our properties. Our directors who are affiliates of our property manager might be subject to conflicts of interest in their dealings with our property manager. In order to mitigate these conflicts, the renegotiation, renewal or termination of the property management agreements requires the approval of the audit committee of the Board (which committee is comprised of our three directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange). As of January 1, 2005, Berkshire Advisor assumed the role of property manager for our properties, under the same terms as the agreements with the prior property manager.

Berkshire Advisor and its affiliates may engage in other businesses and business ventures, including business activities relating to real estate or other investments, whether similar or dissimilar to those made by us, or may act as advisor to any other person or entity (including other REITs). The ability of Berkshire Advisor and its officers and employees to engage in these other business activities may reduce the time Berkshire Advisor spends managing us. Berkshire Advisor and its affiliates may have conflicts of interest in the allocation of management and staff time, services and functions among us and its other investment entities presently in existence or subsequently formed. However, under our advisory services agreement with Berkshire Advisor, Berkshire Advisor is required to devote sufficient resources as may be required to discharge its obligations to us under the advisory services agreement.

Our advisory services agreement with Berkshire Advisor provides that neither Berkshire Advisor nor any of its affiliates is obligated to present to us all investment opportunities that come to their attention, even if any of those opportunities might be suitable for investment by us. It is within the sole discretion of Berkshire Advisor to allocate investment opportunities to us as it deems advisable. However, it is expected that, to the extent possible, the resolution of conflicting investment opportunities between us and others will

be based upon differences in investment objectives and policies, the makeup of investment portfolios, the amount of cash and financing available for investment and the length of time the funds have been available, the estimated income tax effects of the investment, policies relating to leverage and cash flow, the effect of the investment on diversification of investment portfolios and any regulatory restrictions on investment policies.

We have adopted policies to ensure that Berkshire Advisor does not enter into investments on our behalf involving its affiliates that could be less favorable to us than investments involving unaffiliated third parties. For example, any transaction between us and Berkshire Advisor or any of its affiliates requires the prior approval of the audit committee of the Board (which committee is comprised of our three directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange). Members of our audit committee are also required under our bylaws to be unaffiliated with Berkshire Advisors and its affiliates. We cannot be certain that these policies will be successful in eliminating the influence of any conflicts.

Our Board of Directors has approved investment guidelines for Berkshire Advisor, but might not approve each multifamily residential property investment decision made by Berkshire Advisor within those guidelines.

Berkshire Advisor is authorized to follow investment guidelines adopted from time to time by the Board in determining the types of assets it may decide to recommend to the Board as proper investments for us. The Board periodically reviews our investment guidelines and our investment portfolio. In conducting periodic reviews, the Board relies primarily on information provided by Berkshire Advisor. However, Berkshire Advisor may make investments in multifamily residential property on our behalf within the Board approved guidelines without the approval of the Board.

We may change our investment strategy without stockholder consent, which could result in our making different and potentially riskier investments.

We may change our investment strategy at any time without the consent of our stockholders, which could result in our making investments that are different from, and possibly riskier than, our initial plan to primarily acquire, own and operate multifamily residential properties. In addition, the methods of implementing our investment policies may vary as new investment techniques are developed. A change in our investment strategy may increase our exposure to interest rate and real estate market fluctuations.

ITEM 1. BUSINESS

In 2002, the Company filed a registration statement on Form S-11 with the SEC with respect to its offers (the Offering) to exchange its 9% Series A Cumulative Redeemable Preferred Stock (Preferred Shares) for interests (Interests) in the following six mortgage funds: Krupp Government Income Trust (GIT), Krupp Government Income Trust II (GIT II), Krupp Insured Mortgage Limited Partnership (KIM), Krupp Insured Plus Limited Partnership (KIP), Krupp Insured Plus II Limited Partnership (KIP II), and Krupp Insured Plus III Limited Partnership (KIP III) (collectively, the Mortgage Funds). For each Interest in the Mortgage Funds validly tendered and not withdrawn in the Offering, the Company offered to exchange its Preferred Shares based on an exchange ratio applicable to each Mortgage Fund. The registration statement was declared effective on January 9, 2003. Offering costs incurred in connection with the Offering have been reflected as a reduction of preferred shares reflected in the financial statements of the Company.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

On April 4, 2003 and April 18, 2003, the Company issued 2,667,717 and 310,393 shares, respectively, of its Preferred Shares, with a \$25.00 liquidation preference per share. The Preferred Shares were issued in exchange for Interests in the six Mortgage Funds referred to above. For each Interest in the Mortgage Funds that was validly tendered and not withdrawn in the Offering, the Company issued its Preferred Shares based on an exchange ratio applicable to each Mortgage Fund.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

Simultaneously with the completion of the Offering on April 4, 2003, KRF Company, an affiliate of the Company, contributed its ownership interests in five multifamily apartment communities (the Properties), to our operating partnership, Berkshire Income Realty OP, L.P. (the Operating Partnership) in exchange for common limited partner interests in the Operating Partnership. KRF Company then contributed an aggregate of \$1,283,213, or 1% of the fair value of the total net assets of the Operating Partnership, to the Company, which together with the \$100 contributed prior to the Offering, resulted in the issuance of 1,283,313 shares of common stock of the Company. This amount was contributed by the Company to its wholly owned subsidiary, BIR GP, L.L.C., who then contributed the cash to the Operating Partnership in exchange for the sole general partner interest in the Operating Partnership.

The Operating Partnership is the successor to the Berkshire Income Realty Predecessor Group (the Predecessor). The merger of the separate businesses into the Company and the Operating Partnership was considered a purchase business combination with the Predecessor being the accounting acquirer. Accordingly, the acquisition or contribution of the various Predecessor interests was accounted for at the interests' historical cost. The acquisition of the Interests was accounted for using purchase accounting based upon the fair value of the Interests acquired.

Certain minority ownership interests in three of the contributed multifamily properties are owned by an unaffiliated third party. As the minority interests did not change in connection with the completion of the Offering, the accounting for these interests is based on existing carrying amounts.

As a result of the common control of ownership between the Predecessor and the Company, the Company has not been deemed a new reporting entity pursuant to the provisions of Accounting Principles Board Opinion #20 Accounting Changes. Accordingly, the financial statements of the Company did not start fresh upon completion of the Offering in April 2003. Rather, the Company's financial statements are a continuation of the Predecessor's financial statements and have been re-titled to those of the Company effective in April 2003.

The Company's financial statements include the accounts of the Company, its subsidiary, the Operating Partnership, as well as the various subsidiaries of the Operating Partnership. The Company owns preferred and general partner interests in the Operating Partnership. The remaining common limited partnership interests in the Operating Partnership owned by KRF Company and affiliates are reflected as Minority Interest in Operating Partnership in the financial statements of the Company.

On March 20, 2003, KRF Company, through a newly formed affiliate, Gables of Texas Limited Partnership (Gables), and its general partner, Gables of Texas, L.L.C., also a newly formed affiliate, acquired The Gables Apartments, a 140-unit multifamily apartment community located in Houston, Texas, from an unrelated third party for a purchase price of approximately \$6,925,000. On April 24, 2003, the Operating Partnership acquired all of the interests in Gables and Gables of Texas L.L.C. from KRF Company for approximately \$6,925,000 plus closing costs of approximately \$143,000. The purchase price for Gables and Gables of Texas, L.L.C. was equal to the purchase price KRF Company paid the original seller of The Gables Apartments (including equity payments, transfer taxes, financing and closing costs as applicable). The Gables Apartments is a contiguous property to Walden Pond Apartments; the Company owns both communities and currently operates them as one community under the name Walden Pond/Gable Apartments.

Due to the affiliation of the ownership of the Company and KRF Company, the acquisition of interests in the Gables property has been accounted for as a reorganization of entities under common control, requiring the Company to retroactively restate its financial statements from March 20, 2003, the acquisition date of the property by KRF Company, through the period presented, which is similar to the accounting for a pooling of interests.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

On April 29, 2003, the Preferred Shares began trading on the American Stock Exchange, under the symbol BIR.pr.a .

On May 30, 2003, the Operating Partnership and its wholly owned subsidiary, BIR McNab Sub, L.L.C., a newly formed Delaware limited liability Company, acquired all of the outstanding limited and general partner units of McNab KC3 Limited Partnership (McNab) from affiliates of the Company. The acquisition was structured as a contribution of units from an affiliate of the Company in exchange for the issuance by the Operating Partnership of 5,000 common limited partner units valued at \$10.00 per unit. McNab is the fee simple owner of a 276-unit multifamily apartment community located in Pompano, Florida that is referred to as Windward Lakes Apartments. The former general and limited partners of McNab are affiliates of the Company, namely George and Douglas Krupp. The acquisition was approved by the audit committee of the Board, which is composed solely of directors who are independent under applicable rules and regulations of the SEC and American Stock Exchange. At the time of the contribution, control of both the Company and McNab rested with George and Douglas Krupp via their 100% ownership interest in the common stock of the Company and their 100% indirect ownership interest in the general and limited partnership units of McNab. Therefore, the acquisition or contribution of the general and limited partnership units of McNab by the Operating Partnership in exchange for the issuance by the Operating Partnership of common limited partner units is considered a transfer of net assets between entities under common control.

Due to the affiliation of the ownership of the Company and McNab, the acquisition of the interests in McNab has been accounted for as a reorganization of entities under common control, requiring the Company to retroactively restate its financial statements for the periods presented, which is similar to the accounting for a pooling of interests.

On October 30, 2003, the Operating Partnership, through a newly formed and wholly owned subsidiary, St. Marin/Karrington Limited Partnership (St. Marin/Karrington), whose general partner, SM Karrington, L.L.C., also a newly formed affiliate, acquired The St. Marin/Karrington Apartments, a 600 unit multifamily apartment community located in Coppell, Texas, from a third party for a purchase price of approximately \$46,125,000.

On January 28, 2004, our Operating Partnership, through its newly formed and wholly owned subsidiary Marina Mile L.L.C., purchased Pond Apple Creek Apartments (subsequently renamed The Berkshires at Marina Mile (Marina Mile)), a 306-unit multifamily apartment community located in Fort Lauderdale, Florida, from Pond Apple Creek Associates Limited Partnership. The seller was an unaffiliated third party. The purchase and sale agreement, as amended, was agreed upon through arms-length negotiations and provided for the purchase price of \$23,000,000 to be paid in cash. The purchase price was funded with available cash and new first mortgage financing. Effective May 1, 2004, the Company consummated a multifamily venture relationship (the Multifamily Venture) with an unrelated third party (the Venture Partner) whereby each of the parties to the agreement will participate, on a pro rata basis, in the economic benefits of Marina Mile. Under the terms of the limited liability company agreement governing the Multifamily Venture, the Venture Partner contributed, in cash, 65% of the total Multifamily Venture equity in exchange for a 65% interest in the newly formed entity, JV Marina Mile, L.L.C. (the L.L.C.). The Operating Partnership contributed its interest in Marina Mile, L.L.C., the fee simple owner of the property, in exchange for a 35% interest in the L.L.C. and a cash distribution representing a return of capital, of approximately \$3,594,693 net of \$387,236 of additional capital invested by the Operating Partnership. Both parties will receive proportional distributions of available cash up to an effective 10% internal rate of return on each party's capital (the Preferred Return). After payment of the Preferred Return and the return of each party's capital contribution, the Operating Partnership will be entitled to, in addition to its 35% pro rata share, additional distributions equal to approximately 30% of the distributions otherwise payable to the Venture Partner. The Operating Partnership is the managing member of the L.L.C. The Company evaluated its investment in the Multifamily Venture and concluded that the investment did not fall under the requirements of FIN 46R; therefore the Company accounted for the investment under Statement of Position 78-9, Accounting for Investments in Real Estate (SOP 78-9) as an equity method investment.

On March 30, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiary BIR Laurel Woods Limited Partnership, purchased Laurel Woods Apartments (Laurel Woods), a 150-unit multifamily apartment community located in Austin, Texas, from Berkshire Mortgage Finance Limited

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

Partnership (the Seller), an affiliate of the Company. The acquisition was approved by the audit committee of the Board, which is composed solely of directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange. The Seller acquired the property through foreclosure on February 2, 2004. The purchase price of \$5,250,000 was funded with available cash.

On March 31, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiary BIR Bear Creek Limited Partnership, purchased Bear Creek Apartments (Bear Creek) from an unaffiliated third party. The purchase price of \$4,900,000 was funded with available cash. Bear Creek is a 152-unit multifamily apartment community located in Dallas, Texas. Prior to the sale, the seller had acquired the property through foreclosure.

On November 3, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiaries, BIR Bridgewater, L.L.C. and BIR Trellis L.L.C., purchased Bridgewater on the Lake Apartments (Bridgewater) and Trellis at Lee's Mill Apartments (Trellis), respectively, from an unaffiliated third party. Bridgewater is a 216 unit multifamily apartment community located in Hampton, Virginia. Trellis is a 176 unit multifamily apartment community located in Newport News, Virginia. The purchase price for Bridgewater and Trellis was \$18,590,000 and \$8,825,000, respectively, and was funded with available cash and new first mortgage financing.

On November 4, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiaries, BIR Arboretum L.L.C. and BIR Silver Hill L.L.C., purchased Arboretum Place Apartments (Arboretum) and Silver Hill at Arboretum Apartments (Silver Hill), respectively, from an unaffiliated third party. Arboretum is a 184 unit multifamily apartment community located in Newport News, Virginia. Silver Hill is a 153 unit multifamily apartment community also located in Newport News, Virginia. The gross purchase price for Arboretum and Silver Hill was \$10,575,000 and \$4,350,000, respectively. The properties were purchased subject to the assumption of the existing mortgages outstanding on the properties with a face value of approximately \$5,929,000 and \$3,444,000, respectively. The purchase price, net of assumed debt, was paid from available cash. Pursuant to the provisions of SFAS No. 141, Business Combinations, the assumed mortgages were recorded at fair value, based on the present value of the amounts to be paid under the obligations. The fair market value of the debt assumed on Arboretum and Silver Hill is \$6,894,193 and \$4,010,241, respectively. Additionally, on November 4, 2004, the Company acquired the vacant land adjacent to Arboretum for \$1,500,000 from F.C. Arboretum Land Associates, L.P. The purchase of the land was funded with available cash.

Effective September 24, 2004, the Operating Partnership consummated the JV BIR/ERI, L.L.C. multifamily venture agreement (JV BIR/ERI) with Equity Resources Investments, L.L.C. (ERI), an unrelated third party, whereby each of the parties to the agreement will participate, on a pro rata basis, in the economic benefits of the partnership interests purchased from Capital Realty Investors-II Limited Partnership (CRI). Under the terms of the limited liability company agreement governing JV BIR/ERI, the Operating Partnership will own a 58% interest as the managing member and ERI will own the remaining 42% interest. All profits and losses will be shared by the Operating Partnership and ERI on a pro rata basis according to their respective ownership interests. Affiliates of the Operating Partnership will be entitled to perform asset management and property management services and receive fees in payment thereof. The Company evaluated its investment in JV BIR/ERI and concluded that the investment did not fall under the requirements of FIN 46R, Emerging Issues Task Force Issue No. 03-16, Accounting for Investments in Limited Liability Companies, Statement of Position 78-9, Accounting for Investments in Real Estate Ventures or Accounting Principles Board Opinion No. 18, The Equity Method of Accounting for Investments in Common Stock. Therefore the Company accounted for the investment under Accounting Research Bulletin 51, Consolidated Financial Statements (ARB 51) based on its controlling interest in the subsidiary.

On November 17, 2004, the Operating Partnership, through JV BIR/ERI, completed the acquisition of 100% of the outstanding limited and general partner interests of Arrowhead Apartments Associates Limited Partnership, the fee owner of Arrowhead Apartments (Arrowhead), a 200 unit multifamily apartment community located in Palatine, Illinois, and Moorings Apartments Associates Limited Partnership, the fee

owner of Moorings Apartments (Moorings), a 216 unit multifamily apartment community located in Roselle, Illinois. The net purchase price for the Arrowhead and Moorings interests was \$1,313,392 and \$416,455, respectively. The properties owned by the partnerships were subject to existing mortgages at the time of the purchase of the Arrowhead and Moorings interests. These mortgages were recorded at their fair value pursuant to the provisions of SFAS No. 141. The fair value approximates the payoff value of the amounts to be paid under the obligations, including the right of defeasance. JV BIR/ERI exercised its right of defeasance and extinguished the outstanding mortgage obligations of approximately \$7,431,000 and \$8,801,000, respectively. The purchase price and payoff of the existing mortgages were funded through a combination of new mortgage debt, available cash and contributions from our Venture Partner.

On December 28, 2004, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Yorktowne, L.L.C., consummated the acquisition of 100% of the fee simple interest of Yorktowne at Olde Mill Apartments (Yorktowne), a 216 unit multifamily apartment community located in Millersville, Maryland, from EQR-Yorktowne Vistas, Inc. , an unaffiliated third party, for \$21,500,000, plus customary closing costs. The purchase price was paid from available cash. As of December 31, 2004, the Operating Partnership had locked the interest rate on \$16,125,000 of first mortgage debt at a fixed interest rate of 5.13% for ten years secured by the Yorktowne property. The Operating Partnership completed the financing in January 2005.

On December 29, 2004, the Operating Partnership, through JV BIR/ERI, completed the acquisition of 100% of the outstanding limited and general partner interests of Blackburn Associates Limited Partnership, the fee owner of Country Place I Apartments (Country Place I), a 192 unit multifamily apartment community located in Burtonsville, Maryland, and Second Blackburn Associates Limited Partnership, the fee owner of Country Place II Apartments (Country Place II), a 120 unit multifamily apartment community also located in Burtonsville, Maryland. The net purchase price for the Country Place I and Country Place II interests was \$7,769,720 and \$5,054,677, respectively. The properties owned by the partnerships were subject to existing mortgages at the time of the purchase of the Country Place I and Country Place II interests. These mortgages were recorded at their fair value pursuant to the provisions of SFAS No. 141. The fair value approximates the payoff value of the amounts to be paid under the obligations, including the right of prepayment. JV BIR/ERI exercised its right of prepayment on the purchase date and extinguished the outstanding mortgage obligations of approximately \$6,728,000 and \$4,078,000, respectively. The purchase price and payoff of the existing mortgages were funded through a combination of new mortgage debt, available cash and contributions from our Venture Partner.

The Company continues to expand its portfolio. On February 15, 2005, the Company completed the acquisition of the outstanding limited and general partner interests of BRI Westchester Limited Partnership, the fee simple owner of Westchester West Apartments (Westchester West), a 345 unit multifamily apartment community located in Silver Spring, Maryland, from BRH Westchester, L.L.C. and BRI OP Limited Partnership (collectively, BRH Westchester). BRH Westchester is an affiliate of the Company. The purchase price, which was agreed upon through arms-length negotiations, was \$39,250,000, subject to normal operating pro rations. The acquisition was approved by the audit committee of the Board, which is comprised solely of directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange. The purchase price and related closing costs were funded in part through a \$29,500,000 first mortgage and available cash. The first mortgage has a fixed interest rate of 5.03% for a term of ten years.

On March 1, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Brompton Limited Partnership, consummated the acquisition of 100% of the fee simple interest of Waters on Brompton, a 362 unit multifamily apartment community located in Houston, Texas, from an unaffiliated third party. The acquisition was consummated pursuant to a winning bid placed on the property at foreclosure auction. The successful bid was \$14,400,000 and was immediately paid from available cash. The Company is currently seeking financing that, if obtained, would be collateralized by the property.

On March 16, 2005, the Company signed an agreement of sale with Owings Manor Realty, L.L.C. and GMAC Commercial Realty Partners, L.P. (collectively the Sellers) to purchase the 100% of the outstanding interests of Owings Manor Investors, L.L.C., the fee simple owner of Owings Manor Apartments, a 791 unit multifamily apartment community located in Reisterstown, Maryland. The Sellers are unaffiliated third parties. The purchase price is \$67,235,000, and is subject to normal operating apportionments as provided for in the agreement.

On March 16, 2005, the Company signed an agreement of sale with Pacy Oletsky, general and limited partner, Jack L. Baylin, general and limited partner, Michael Baylin, limited partner, Gail Baylin, limited partner, Bonnie Oletsky, limited partner, Howard Gartner, limited partner, Ruth P. Weiss, limited partner, The Abraham & Virginia Weiss Charitable Trust A, limited partner, and The Abraham & Virginia Weiss Charitable Trust B, limited partner (collectively the Owners) to purchase the 100% of the general and limited partner interests of Pelham Wood Limited Liability Limited Partnership, the fee simple owner of Pelham Wood Apartments, a 464 unit multifamily apartment community located in Baltimore, Maryland. The Owners are unaffiliated third parties. The purchase price is \$30,160,000, and is subject to normal operating apportionments as provided for in the agreement.

On March 30, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Westchace Limited Partnership, completed the acquisition of Antilles Apartment Homes, a 324 unit multifamily apartment community located in Houston, Texas from Trivest Westpark L.P, (Trivest) the fee simple owner of the property. The Company will operate the property under the name Berkshires at Westchace Apartments. Trivest is not an affiliate of the Company. The purchase price was \$9,900,000, and was subject to normal operating pro rations. The purchase price was immediately paid from available cash. The Company is currently seeking financing that, if obtained, would be collateralized by the property.

The Company does not have any employees. Its day-to-day business is managed by an affiliate of KRF Company, Berkshire Advisor, which has been retained pursuant to the advisory services agreement described under Item 13. Our properties were managed by BRI OP Limited Partnership pursuant to property management agreements described under Item 13 until December 31, 2004. As of January 1, 2005, Berkshire Advisor assumed property management responsibilities under the various property management agreements.

(1) - The Company has adopted the revised definition of Funds from Operations (FFO) adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (NAREIT). Management considers FFO to be an appropriate measure of performance of an equity REIT. We calculate FFO by adjusting net income (loss) (computed in accordance with GAAP, including non-recurring items), for gains (or losses) from sales of properties, real estate related depreciation and amortization, and adjustment for unconsolidated partnerships and ventures. Management believes that in order to facilitate a clear understanding of the historical operating results of the Company, FFO should be considered in conjunction with net income as presented in the financial statements included elsewhere herein. Management considers FFO to be a useful measure for reviewing the comparative operating and financial performance of the Company because, by excluding gains and losses related to sales of previously depreciated operating real estate assets and excluding real estate asset depreciation and amortization (which can vary among owners of identical assets in similar condition based on historical cost accounting and useful life estimates), FFO can help one compare the operating performance of a company s real estate between periods or as compared to different companies.

The Company s calculation of FFO may not be directly comparable to FFO reported by other REITs or similar real estate companies that have not adopted the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently. FFO should not be considered as an alternative to net income (determined in accordance with GAAP) as an indication of our performance. FFO does not

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

represent cash generated from operating activities determined in accordance with GAAP and is not a measure of liquidity or an indicator of our ability to make cash distributions. We believe that to further understand our performance, FFO should be compared with our reported net income and considered in addition to cash flows in accordance with GAAP, as presented in our financial statements. The Company did not have common shares or Operating Partnership units and shares outstanding for the years ended December 31, 2000, 2001 and 2002.

The following is a reconciliation of GAAP net income (loss) to FFO:

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS OF BERKSHIRE INCOME REALTY, INC. (FORMERLY BERKSHIRE INCOME REALTY PREDECESSOR GROUP)

The following discussion should be read in conjunction with the consolidated financial statements, the notes thereto and the selected financial data appearing elsewhere in this report. Historical results and percentage relationships set forth in the consolidated financial statements, including trends which might appear, should not be taken as indicative of future operations. The Company considers portions of the information to be forward-looking statements within the meaning of Section 27A of the Securities Exchange Act of 1933 and Section 21E of the Securities Exchange Act of 1934, both as amended, with respect to the Company's expectations for future periods. Forward-looking statements include, without limitation, statements related to acquisition, (including any related pro forma financial information) future capital expenditures, financing sources and availability and the effects of environmental and other regulations. Although the Company believes that the expectations reflected in those forward-looking statements are based upon reasonable assumptions, we cannot be certain that our expectation will be achieved. Factors that may cause actual results to differ include general economic and local real estate conditions, the weather and other conditions that might affect operating expenses, the timely completion of repositioning activities within anticipated budgets, the actual pace of future acquisitions and sales, and continued access to capital to fund growth. For this purpose, any statements contained herein that are not statements of historical fact should be deemed to be forward-looking statements. Without limiting the foregoing, the words believes, anticipates, plans, expects, seeks, estimates, and similar expressions are intended to identify forward-looking statements. Readers should exercise caution in interpreting and relying on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond the Company's control and could materially affect the Company's actual results, performance or achievements.

Overview

The Company is engaged primarily in the ownership, acquisition and rehabilitation of multifamily apartment communities in the Baltimore/Washington D.C., Southeast, Southwest and Midwest areas of the United States. We conduct substantially all of our business and own, either directly or through subsidiaries, substantially all of our assets through Berkshire Income Realty OP, L.P. (the Operating Partnership), a Delaware limited partnership. The Company's wholly owned subsidiary, BIR GP, L.L.C., a Delaware limited liability company, is the sole general partner of the Operating Partnership. As of March 29, 2005, the Company is the owner of 100% of the preferred limited partner units of the Operating Partnership, whose terms mirror the terms of the Company's Preferred Shares and, through BIR GP, L.L.C., owns 100% of the general partner interest of the Operating Partnership, which represents approximately 2.39% of the common economic interest of the Operating Partnership.

Our general and limited partner interests in the Operating Partnership entitle us to share in cash distributions from, and in the profits and losses of the Operating Partnership in proportion to our percentage interest therein. The other partners of the Operating Partnership are affiliates who contributed their direct or indirect interests in certain properties to the Operating Partnership in exchange for common units of limited partnership interest in the Operating Partnership.

Our highlights of the year ended December 31, 2004 included the following:

On January 28, 2004, the Company acquired Marina Mile in Fort Lauderdale, Florida from a third party for \$23,000,000. The multifamily apartment community has 306 units. The Company also obtained first mortgage financing of \$17,400,000 on the property at a fixed rate of interest of 5.15% for 10 years.

On March 30, 2004, the Company acquired Laurel Woods in Austin, Texas from an affiliate of the Company. The community has 150 units and was acquired for \$5,250,000 and funded with available cash.

On March 31, 2004, the Company acquired Bear Creek in Dallas, Texas from an unaffiliated third party for \$4,900,000. The community has 152 units and was funded with available cash.

On May 1, 2004, the Company consummated a multifamily venture agreement (JV Marina Mile) with an unrelated third party. The Operating Partnership contributed its interest in Marina Mile L.L.C. in exchange for equity in JV Marina Mile. The partners in JV Marina Mile will participate in economic benefits of the Marina Mile property.

On September 24, 2004, the Company consummated a multifamily venture agreement (JV BIR/ERI) with an unrelated third party. JV BIR/ERI was created for the purpose of acquiring multifamily apartment communities. The partners will participate in the economic benefits, on a pro rata basis, of properties acquired by JV BIR/ERI.

On November 1, 2004, the Company closed on the refinancing of \$42,800,000 of first mortgage debt on the Dorsey s Forge and Hannibal Grove properties. The interest rate is fixed at 4.86% for a term of 9 years.

On November 1, 2004, the Company closed on the refinancing of \$29,520,000 of first mortgage debt on the Century property. The interest rate is fixed at 4.87% for a term of 9 years.

On November 3 and 4, 2004, the Company acquired Bridgewater Apartments in Hampton, Virginia and Trellis, Silver Hill and Arboretum Apartments, all in Newport News, Virginia. The combined properties have 729 units and were acquired with available cash and plus new and assumed financing for \$42,340,000. The Company obtained first mortgage financing of \$20,962,500 at 5.11% and 5.17% fixed rates of interest for terms of 9 years. The Company also assumed existing mortgage debt of the seller totaling \$10,573,000 with interest at a fixed rate of 7.18%. The assumed mortgage notes mature in 2026.

On November 17, 2004, the Operating Partnership, through JV BIR/ERI acquired the outstanding partnership interest of the owners of the Arrowhead and Moorings Apartments, two multifamily apartment communities located in Palatine and Roselle, Illinois, respectively. The properties have a total of 416 units and the partnership interests were acquired with available cash for \$1,313,392 and \$416,455, respectively. JV BIR/ERI also obtained first mortgage financing of \$11,285,000 on the properties with fixed rates of interest of 5.00% for terms of 9 years. The proceeds of the financing was used, in part, to satisfy existing mortgage obligations of the acquired partnership interests.

On December 28, 2004, the Company acquired Yorktowne Apartments in Millersville, Maryland from an unaffiliated third party for \$21,500,000. The multifamily apartment community has 216 units and the purchase was funded with available cash.

On December 29, 2004, the Operating Partnership, through JV BIR/ERI acquired the outstanding partnership interest of the owners of the Country Place I and Country Place II Apartments, two multifamily apartment communities located in Burtonsville, Maryland. The properties have a total of 312 units and the partnership interests were acquired with available cash and financing for \$7,769,720 and \$5,054,677, respectively. JV BIR/ERI obtained first mortgage financing of \$15,520,000 on the properties with a fixed rate of interest of 5.01% for a term of 10 years. The proceeds of the financing were used, in part, to satisfy existing mortgage obligations of the acquired partnership interests.

Acquisition Strategy

The Company continues to seek out market rate core and core-plus acquisitions as it grows its portfolio. However, it is seeing significant competition in many of the markets where it intends to invest. To broaden the scope of its acquisition sourcing efforts the Company is seeking to include non-market/seller direct deals, bank and lender owned real estate and foreclosure auctions. We believe that this broadened approach will provide additional opportunities to acquire multifamily apartment communities that otherwise would not exist in the highly competitive markets in which we are seeking to buy.

Financing and Capital Strategy

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

In select instances the Company evaluates opportunities available through joint venture relationships with institutional real estate investors on certain acquisitions. This strategy will allow the Company to enhance its returns on core and core-plus properties, without increasing the risk that is otherwise inherent in real estate investments. A joint venture strategy will allow us to acquire more multifamily apartment communities than our current capital base would allow, thereby achieving greater diversification and a larger portfolio to support the operating overhead inherent in a public company.

On January 28, 2005, the Board approved the investment of up to \$25,000,000 in, or 10% of the total equity raised by, the Berkshire Multifamily Value Fund, L.P. (the Fund). The Fund, which has not yet been formed, will be sponsored by our affiliate, Berkshire Advisors. The investment was also approved by the audit committee of the Board, which is composed solely of directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange.

The investment objectives of the Fund are similar to those of the Company and under the terms of the Fund, Berkshire Advisors will generally be required to present investment opportunities, which meet the Fund's investment criteria, only to the Fund. However, the Company expects to have invested the bulk of its available capital by the end of the third quarter of 2005 and intends to finance its commitment to the Fund with proceeds from the refinancing of properties in its portfolio. Under the proposed terms of the Fund, the Company is expected to have the right to acquire assets that: (i) satisfy the requirements of Section 1031 of the Internal Revenue Code for like-kind exchanges for properties held by the Company or (ii) involve less than \$8,000,000 of equity capital in any 12-month period if such capital is generated as a result of refinancing of debts of the Company.

Critical Accounting Policies

The discussion below describes what we believe are the critical accounting policies that affect the Company's more significant judgments and the estimates used in the preparation of its financial statements. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires us to make estimates and judgments that affect the reported amounts of assets and liabilities, revenues and expenses, and related disclosures of contingent assets and liabilities in the Company's financial statements and related notes. We believe that the following critical accounting policies affect significant judgments and estimates used in the preparation of the Company's financial statements:

Purchase Accounting for Acquisition of Real Estate

The Company accounts for its acquisitions of investments in real estate in accordance with Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations, which requires the fair value of the real estate acquired to be allocated to the acquired tangible assets, consisting of land, building, furniture, fixtures and equipment and identified intangible assets and liabilities, consisting of the value of the above-market and below-market leases, other value of in-place leases and value of other tenant relationships, based in each case on their fair values. The Company considers acquisitions of operating real estate assets to be businesses as that term is contemplated in Emerging Issues Task Force Issue No. 98-3, Determining Whether a Nonmonetary Transaction Involves Receipt of Productive Assets or of a Business.

The Company allocates purchase price to the fair value of the tangible assets of an acquired property (which includes land, building, furniture, fixtures and equipment) determined by valuing the property as if it were vacant. The as-if-vacant value is allocated to land and buildings, furniture, fixtures and equipment based on management's determination of the relative fair values of these assets.

Above-market and below market in-place lease values for acquired properties are recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable term of the lease. The capitalized above-market lease values are amortized as a reduction of rental income over the

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

remaining non-cancelable terms of the respective leases. The capitalized below-market lease values are amortized as an increase to rental income over the initial term and any fixed-rate renewal periods in the respective leases.

Management may engage independent third-party appraisers to perform these valuations and those appraisals use commonly employed valuation techniques, such as discounted cash flow analyses. Factors considered in these analyses include an estimate of carrying costs during hypothetical expected lease-up periods considering current

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

market conditions, and costs to execute similar leases. The Company also considers information obtained about each property as a result of its pre-acquisition due diligence, marketing and leasing activities in estimating the fair value of the tangible and intangible assets acquired. In estimating carrying costs, management also includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods depending on specific local market conditions and depending on the type of property acquired.

The total amount of other intangible assets acquired is further allocated to in-place leases and tenant relationships, which includes other tenant relationship intangible values based on management's evaluation of the specific characteristics of the residential leases and the Company's tenant retention history.

The value of in-place leases and tenant relationships are amortized over the initial term of the respective leases and any expected renewal period. The intangible assets associated with the acquisition of properties by the Company in 2004, the related amortization, which totaled \$1,603,612, and the net amount as of December 31, 2004 are as follows:

Unconsolidated Investments in Mortgage Funds

The acquisition of the Interests in the Mortgage Funds by the Company has been accounted for using purchase accounting based upon the fair value of the Preferred Shares for the interests acquired. The fair value was determined to be the \$25.00 liquidation preference for the Preferred

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

Shares since this was the most readily available market value at the date of the closing of the exchange offer.

This transaction generated a basis difference between the Company's investment in the Mortgage Funds (fair value) and its underlying equity in the net assets of the Mortgage Funds (book value). The excess of the book value over the carrying value for each Mortgage Fund has been allocated to such fund's mortgage loan investments based upon their relative value. Such allocated amounts are being amortized into income over the contractual life of the respective mortgage loans on a basis which approximates the effective interest method. Amounts allocated into income are accelerated upon the early repayment of the respective mortgage loans.

The Company is accounting for its investments in the Mortgage Funds, which it does not control, using the equity method of accounting. Under the equity method of accounting, the net equity investment of the Company is reflected on the balance sheet, and the Company's share of net income or loss from the Mortgage Funds is included on the statement of operations.

Impairment of Long-Lived Assets

The Company reviews its long-lived assets used in operations for impairment when there is an event or change in circumstances that indicates an impairment in value. If such impairment is present, an impairment loss is recognized based on the excess of the carrying amount of the asset over its fair value. The evaluation of anticipated cash flows is highly subjective and is based in part on assumptions regarding future rental occupancy, rental rates and capital requirements that could differ materially from actual results in future periods. No such losses have been recognized to date.

Capital Improvements

The Company's policy is to capitalize costs related to the acquisition, rehabilitation and improvement of properties. Capital improvements are costs that increase the value and extend the useful life of an asset. Ordinary repair and maintenance costs that do not extend the useful life of the asset are expensed as incurred. Costs incurred on a lease turnover due to normal wear by the resident are expensed on the turn. Recurring capital improvements typically include items such as appliances, carpeting, flooring, HVAC equipment, kitchen and bath cabinets, site improvements and various exterior building improvements. Non-recurring upgrades include kitchen and bath upgrades, new roofs, window replacements and the development of on-site fitness, business and community centers.

The Company is required to make subjective assessments as to the useful lives of its properties and improvements for purposes of determining the amount of depreciation to reflect on an annual basis. These assessments have a direct impact on the Company's net income.

Revenue Recognition

The properties are leased under terms of leases with terms of generally one year or less. Rental revenue is recognized when earned. Recoveries from tenants for utility expenses are recognized in the period the applicable costs are incurred. Other income, which consists primarily of income from damages, laundry, cable, phone, pool, month to month tenants, relet fees and pet fees, are recognized when earned.

Investment in Multifamily Ventures

The Company's investment in the Multifamily Venture was evaluated pursuant to the requirements of FIN46R Consolidation of Variable Interest Entities and was determined not to qualify as a variable interest entity. The Company has accounted for the investment in accordance with Statement of Position 78-9, Accounting for Investments in Real Estate (SOP 78-9) as an equity method investment. The investment is carried as an asset on the balance sheet as Investment in Multifamily Venture and the Company's equity in the income or loss of the joint venture is reflected as a single line item in the income statement as Equity in loss of Multifamily Venture.

Corporate Governance

Since the creation of our newly formed Company, we have implemented the following corporate governance initiatives to address certain legal requirements promulgated under the Sarbanes-Oxley Act of 2002, as well as the recently adopted American Stock Exchange corporate governance listing standards:

We elected three new independent directors, Messrs. Robert Kaufman, Richard Peiser and Randolph Hawthorne each of whom the Board determined to be independent under applicable SEC and American Stock Exchange rules and regulations;

The Board determined that Robert Kaufman, the Chairman of our Audit Committee, qualifies as an "audit committee financial expert" under applicable rules and regulations of the SEC, and is "independent" under applicable rules and regulations of the American Stock Exchange;

The Board's Audit Committee adopted our Audit and Non-Audit Services Pre-Approval Policy, which sets forth the procedures and the conditions pursuant to which permissible services to be performed by our independent public accountants must be pre-approved;

The Board's Audit Committee established "Audit Committee Complaint Procedures" for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, including the anonymous submission by employees of concerns regarding questionable accounting or auditing matters;

The Board adopted a Code of Business Conduct and Ethics, which governs business decisions made and actions taken by our directors, officers and employees. A copy of this Code is available in print to stockholders upon written request addressed to Investor Relations, One Beacon Street Suite 1500, Boston, MA 02108;

The Board established an Ethics Hotline that employees may use to anonymously report possible violations of the Code of Business Conduct and Ethics, including concerns regarding questionable accounting, internal accounting controls or auditing matters.

Recent Accounting Pronouncements

In January 2003, the FASB issued Financial Interpretation No. 46 Consolidation of Variable Interest Entities (FIN 46), as further revised in December 2003 (FIN 46R), which clarifies the application of Accounting Research Bulletin No. 51, Consolidated Financial Statements, to certain entities in which equity investors do not have a controlling interest or sufficient equity at risk for the entity to finance its activities without additional financial support. FIN 46 requires that if a business entity has a controlling financial interest in a variable interest entity, the financial statements must be included in the consolidated financial statements of the business entity. The adoption of FIN 46 for all interests in variable interest entities created after January 31, 2003 was effective immediately. For variable interest entities created before February 1, 2003, it was effective July 1, 2003. The Company adopted FIN 46R during the first quarter of 2004. The Company evaluated its investments in the Mortgage Funds interests for which it previously offered to exchange the Preferred Shares, its investment in the Multifamily Venture and JV BIR/ERI and concluded that the investments did not meet the requirements for consolidation under FIN 46R. In the case of JV BIR/ERI, the Company determined that proper accounting treatment required consolidation of the entity pursuant to Accounting Research Bulletin 51, Consolidated Financial Statements .

At their March 2005 meeting, the Emerging Issues Task Force ("EITF") reaffirmed its position regarding Issue 04-5, Investor's Accounting for an Investment in a Limited Partnership When the Investor Is the Sole General Partner and the Limited Partners Have Certain Rights . Issue 04-5 addresses when it is appropriate for a general partner of a limited partnership to consolidate the activities of the limited partnership. The Task Force has concluded that the general partner of a limited partnership should consolidate a limited partnership unless, the limited the limited partners possess substantive kick-out rights as defined in paragraph B20 of FIN 46(R), *Consolidation of Variable Interest Entities*, or (2) the limited partners possess substantive participating rights similar to the rights described in Issue 96-16, Investor's Accounting for an Investee When the Investor has a Majority of the Voting Interest but the Minority Shareholder or Shareholders Have Certain Approval or Veto Rights. In addition, the Task Force has concluded that the guidance should be expanded to include all limited partnerships, including those with multiple general partners. The Issue has not been finalized and no effective date has been announced. At this time, the Company does not anticipate that Issue 04-5 will have a material effect on the consolidated and combined results of the Company. The Company will evaluate its limited partnership activity fully when the EITF finalizes its guidance under Issue 04-5.

Liquidity and Capital Resources

Cash and Cash Flows

As of December 31, 2004 and 2003, the Company had approximately \$31,913,045 and \$42,145,947 of cash and cash equivalents, respectively.

	Year ended December 31,		
	2004	2003	2002
Cash provided by operating activities	\$ 9,638,906	\$ 7,809,045	\$ 7,552,654

Cash provided by financing activities	56,826,573	53,674,277	(3,597,813)

During 2004, cash decreased by approximately \$10,300,000. The main components of the overall decrease include an increase of approximately \$9,600,000 provided by operational activities, an increase of approximately \$56,800,000 provided by financing activities, including proceeds of new and refinanced mortgages and contributions from holders of minority interest in properties which were offset by principal payments on mortgages as well as the pay down of the refinanced mortgages and related financing fees, and a decrease of approximately \$76,700,000 used in investing activities of the Company. The decrease in cash related to investing activities of the Company is due mainly to the acquisition of multifamily apartment communities as well as the acquisition of partnership interests that own such communities and capital expenditures for rehabilitation of the Company's properties. The acquisitions were partially offset by proceeds from the liquidation of available-for-sale securities and distributions from the Mortgage Funds.

The Company's principal liquidity demands are expected to be distributions to the preferred and common stockholders and Operating Partnership unitholders, capital improvements, rehabilitation projects and repairs and maintenance for the properties, acquisition of additional properties, and debt repayments.

The Company intends to meet its short-term liquidity requirements through net cash flows provided by operating activities and cash distributions from its investments, including the Company's investments in the Mortgage Funds. The Company considers its ability to generate cash to be adequate to meet all operating requirements and make distributions to its stockholders in accordance with the provisions of the Internal Revenue Code, as amended, applicable to REITs.

The Company intends to meet its long-term liquidity requirements through distributions of principal from its investments in the Mortgage Funds and property debt financing. The Company may seek to expand its purchasing power through the use of joint venture relationships with other companies. Management has not concluded that the sale of any properties in the Company's portfolio would be beneficial strategically or otherwise, although we cannot be certain that no such dispositions will actually occur.

The Company's mortgage debt on its Seasons of Laurel property is due in 2009, which includes the additional \$20,378,000 of mortgage debt obtained in fiscal year 2003 that is coterminous with the first mortgage. Total long term obligations due in 2009 are \$70,011,630, which the Company plans to pay through the refinancing of the respective property, although we cannot be certain that such financing will be available.

Indebtedness

The following table provides summary information with respect to the mortgage debt incurred by the Company during the year ended December 31, 2004:

* The mortgages of the Silver Hill at Arboretum and Arboretum Place properties were assumed from the seller of the properties. The original term of the mortgage notes was 30 years of which approximately 21 years of principal and interest payments remain outstanding as of December 31, 2004. The balances recorded on the Balance Sheet represent the present value of the future payments at 5.37%, which the Company determined to be the current market interest rate for mortgages with similar terms.

Capital Expenditures

The Company paid or accrued \$3,282,678 and \$3,573,065 in recurring capital expenditures during the year ended December 31, 2004 and 2003, respectively. Recurring capital expenditures typically include items such as appliances, carpeting, flooring, HVAC equipment, kitchen and bath cabinets, site improvements and various exterior building improvements.

The Company paid or accrued \$6,115,568 and \$2,261,886 in renovation related capital expenditures during the year ended December 31, 2004 and 2003, respectively. Renovation related capital expenditures generally include capital expenditures of a significant non-recurring nature, where the Company expects to see a financial return on the expenditure or where the Company believes the expenditures preserve the status of a property within its sub-market.

In April 2003, the Company began a significant renovation project at its Seasons of Laurel property. The renovation involved substantial upgrades to the kitchens and bathrooms in all of the property s 1,088 apartment units and was originally expected to cost approximately \$8,100,000, or \$7,444 per apartment unit. In 2004, the original contractor sent notification to the Company of its desire to renegotiate the contract. As a result of that notification, the Company sought new bids from several contractors and ultimately dismissed the original contractor and awarded the contract to a new company based on the new bids. The current cost estimate is now approximately \$8,450,000, an increase of approximately 5% over the original cost estimate. As of December 31, 2004, the project is approximately 52% complete, approximately \$4,394,000 of costs have been incurred to date and the project continues to be on track to meet the adjusted cost estimate. During 2004, the

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

Company also completed construction on the new fitness center at Seasons of Laurel. The Company currently anticipates spending and has budgeted approximately \$3,000,000 for continued renovations to the Seasons of Laurel property in 2005 in accordance with the renovation project currently in process.

In January 2004, the Company authorized the renovation of 252 apartment units at its Hannibal Grove property to provide for in-unit washer and dryer hookups. The total cost of the project is expected to be approximately \$1,455,000, or \$5,775 per apartment unit, and is expected to be completed by August 2005. As of December 31,

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

2004, the project is approximately 25% complete, approximately \$375,000 has been spent to date and the project is on track to meet the original cost estimate. The Company believes the renovations are necessary to maintain the property's competitiveness in its sub-market and that the property will also achieve significant growth in rental rates as a result of the renovations. The Company currently anticipates spending and has budgeted approximately \$850,000 for continued project spending in 2005.

In addition to the washer and dryer program, the Company renovated 13 apartment units at its Hannibal Grove property at a cost of approximately \$200,000. These units were renovated as part of a test program to determine if the market would be willing to pay a premium for renovated apartment units. Management has evaluated the results of the test program and has approved the renovation of 10 additional apartment units in the first quarter of 2005 for the purpose of testing the potential to achieve specific rent premium levels. If the 10 unit test is successful, the Company will consider moving forward with the full property renovation project. In July 2004, the Company finished replacing all of the windows at Hannibal Grove at a total cost of \$714,815.

In April 2004 the Company approved changes to the scope of the clubhouse renovation plan implemented at its Windward Lakes property, which it acquired in 2003. The changes in the original scope of the plan and final bidding on items within the original scope resulted in an increase of the overall project cost from approximately \$365,000 to approximately \$692,000. The renovations were completed on budget in October 2004.

In July 2004, the Company completed replacing all windows at its Dorsey's Forge property at a total cost of \$213,280.

The Company is currently evaluating renovation strategies at other properties in its portfolio, including the renovation of test units at various properties to test anticipated market acceptance and financial assumptions. Specifically, the Company is considering a rehabilitation project for the newly acquired Yorktowne property. Preliminary cost estimates for a full property renovation range from \$3,000,000 to \$4,000,000 and would only be committed pursuant to a successful completion of the renovation test program. As of December 31, 2004, the Company has not made any material commitments with respect to the Yorktowne or any other additional renovation projects. However, if after the appropriate level of evaluation is completed, and the Company believes there are sufficient economic benefits to implementing additional renovation programs it is prepared to move forward.

Acquisitions

On March 20, 2003, KRF Company, through a newly formed affiliate, Gables of Texas Limited Partnership (Gables), and its general partner, Gables of Texas, L.L.C., also a newly formed affiliate, acquired The Gables Apartments, a 140-unit multifamily apartment community located in Houston, Texas, from an unrelated third party for a purchase price of approximately \$6,925,000. On April 24, 2003, the Operating Partnership acquired all of the interests in Gables and Gables of Texas L.L.C. from KRF Company for approximately \$6,925,000 plus closing costs of approximately \$143,000. The purchase price for Gables and Gables of Texas, L.L.C. was equal to the purchase price KRF Company paid the original seller of The Gables Apartments (including equity payments, transfer taxes, financing and closing costs as applicable). The Gables Apartments is a contiguous property to Walden Pond Apartments; the Company owns both communities and currently operates them as one community under the name Walden Pond/Gable Apartments.

Due to affiliation of the ownership of the Company and KRF Company, the acquisition of interests in the Gables property has been accounted for as a reorganization of entities under common control, requiring the Company to retroactively restate its financial statements from March 20, 2003, the acquisition date of the property by KRF Company, through the period presented.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

On May 30, 2003, the Operating Partnership and its wholly owned subsidiary, BIR McNab Sub L.L.C., a newly formed Delaware limited liability company, acquired all of the outstanding limited and general partner units of McNab KC3 Limited Partnership (McNab) from affiliates of the Company. The acquisition was structured as a contribution of units from an affiliate of the Company in exchange for the issuance by the Operating Partnership of 5,000 common limited partner units valued at \$10.00 per unit. McNab is the fee simple owner of a 276-unit multifamily apartment community located in Pompano, Florida that is known as Windward Lakes Apartments. The general and limited partners of McNab were affiliates of the Company, namely George and Douglas Krupp. Prior to the acquisition, control of both the Company and McNab rested with George and Douglas Krupp via their 100%

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

ownership interest in the common stock of the Company and their 100% ownership interest in the general and limited partnership units of McNab. Therefore, the acquisition or contribution of the general and limited partnership units of McNab by the Operating Partnership in exchange for the issuance by the Operating Partnership of common limited partner units is considered a transfer of net assets between entities under common control.

Due to the affiliation of the ownership of the Company and McNab, the acquisition of the interests in McNab has been accounted for as a reorganization of entities under common control, requiring the Company to retroactively restate its financial statements for the periods presented, which is similar to the accounting for a pooling of interests.

On October 30, 2003, the Operating Partnership, through a newly formed affiliate, St. Marin/Karrington Limited Partnership, whose general partner, SM Karrington, L.L.C., also a newly formed affiliate, acquired The St. Marin/Karrington Apartments, a 600-unit multifamily apartment community located in Coppell, Texas from a third party for a purchase price of approximately \$46,125,000 plus closing costs.

On January 28, 2004, our Operating Partnership, through its newly formed and wholly owned subsidiary Marina Mile L.L.C., purchased Pond Apple Creek Apartments (subsequently renamed The Berkshires at Marina Mile (Marina Mile)), a 306-unit multifamily apartment community located in Fort Lauderdale, Florida, from Pond Apple Creek Associates Limited Partnership. The seller was an unaffiliated third party. The purchase and sale agreement, as amended, was agreed upon through arms-length negotiations and provided for the purchase price of \$23,000,000 to be paid in cash. The purchase price was funded with available cash and new first mortgage financing. Effective May 1, 2004, the Company consummated a multifamily venture relationship (the Multifamily Venture) with an unrelated third party (the Venture Partner) whereby each of the parties to the agreement will participate, on a pro rata basis, in the economic benefits of Marina Mile. Under the terms of the limited liability company agreement governing the Multifamily Venture, the Venture Partner contributed, in cash, 65% of the total Multifamily Venture equity in exchange for a 65% interest in the newly formed entity, JV Marina Mile, L.L.C. (the L.L.C.). The Operating Partnership contributed its interest in Marina Mile, L.L.C., the fee simple owner of the property, in exchange for a 35% interest in the L.L.C. and a cash distribution representing a return of capital, of approximately \$3,594,693 net of \$387,236 of additional capital invested by the Operating Partnership. Both parties will receive proportional distributions of available cash up to an effective 10% internal rate of return on each party's capital (the Preferred Return). After payment of the Preferred Return and the return of each party's capital contribution, the Operating Partnership will be entitled to, in addition to its 35% pro rata share, additional distributions equal to approximately 30% of the distributions otherwise payable to the Venture Partner. The Operating Partnership is the managing member of the L.L.C. The Company evaluated its investment in the Multifamily Venture and concluded that the investment did not fall under the requirements of FIN 46R; therefore the Company accounted for the investment under Statement of Position 78-9, Accounting for Investments in Real Estate (SOP 78-9) as an equity method investment.

On March 30, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiary BIR Laurel Woods Limited Partnership, purchased Laurel Woods Apartments (Laurel Woods), a 150-unit multifamily apartment community located in Austin, Texas, from Berkshire Mortgage Finance Limited Partnership (the Seller), an affiliate of the Company. The acquisition was approved by the audit committee of the Board, which is composed solely of directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange. The Seller acquired the property through foreclosure on February 2, 2004. The purchase price of \$5,250,000 was funded with available cash.

On March 31, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiary BIR Bear Creek Limited Partnership, purchased Bear Creek Apartments (Bear Creek) from an unaffiliated third party. The purchase price of \$4,900,000 was funded with available cash. Bear Creek is a 152-unit multifamily apartment community located in Dallas, Texas. Prior to the sale, the seller had acquired the property through foreclosure.

On November 3, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiaries, BIR Bridgewater, L.L.C. and BIR Trellis L.L.C., purchased Bridgewater on the Lake Apartments (Bridgewater) and Trellis at Lee's Mill Apartments (Trellis), respectively, from an unaffiliated third party. Bridgewater is a 216 unit multifamily apartment community located in Hampton, Virginia. Trellis is a 176 unit multifamily apartment community located in Newport News, Virginia. The purchase price for Bridgewater and Trellis was \$18,590,000 and \$8,825,000, respectively, and was funded with available cash and new first mortgage financing.

On November 4, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiaries, BIR Arboretum L.L.C. and BIR Silver Hill L.L.C., purchased Arboretum Place Apartments (Arboretum) and Silver Hill at Arboretum Apartments (Silver Hill), respectively, from an unaffiliated third party. Arboretum is a 184 unit multifamily apartment community located in Newport News, Virginia. Silver Hill is a 153 unit multifamily apartment community also located in Newport News, Virginia. The gross purchase price for Arboretum and Silver Hill was \$10,575,000 and \$4,350,000, respectively. The properties were purchased subject to the assumption of the existing mortgages outstanding on the properties with a face value of approximately \$5,929,000 and \$3,444,000, respectively. The purchase price, net of assumed debt, was paid from available cash. Pursuant to the provisions of SFAS No. 141, Business Combinations, the assumed mortgages were recorded at fair value, based on the present value of the amounts to be paid under the obligations. The fair market value of the debt assumed on Arboretum and Silver Hill is \$6,894,193 and \$4,010,241, respectively. Additionally, on November 4, 2004, the Company acquired the vacant land adjacent to Arboretum for \$1,500,000 from F.C. Arboretum Land Associates, L.P. The purchase of the land was funded with available cash.

Effective September 24, 2004, the Operating Partnership consummated the JV BIR/ERI, L.L.C. multifamily venture agreement (JV BIR/ERI) with Equity Resources Investments, L.L.C. (ERI), an unrelated third party, whereby each of the parties to the agreement will participate, on a pro rata basis, in the economic benefits of the partnership interests purchased from Capital Realty Investors-II Limited Partnership (CRI). Under the terms of the limited liability company agreement governing JV BIR/ERI, the Operating Partnership will own a 58% interest as the managing member and ERI will own the remaining 42% interest. All profits and losses will be shared by the Operating Partnership and ERI on a pro rata basis according to their respective ownership interests. Affiliates of the Operating Partnership will be entitled to perform asset management and property management services and receive fees in payment thereof. The Company evaluated its investment in the JV BIR/ERI and concluded that the investment did not fall under the requirements of FIN 46R, Emerging Issues Task Force Issue No. 03-16, Accounting for Investments in Limited Liability Companies, Statement of Position 78-9, Accounting for Investments in Real Estate Ventures or Accounting Principles Board Opinion No. 18, The Equity Method of Accounting for Investments in Common Stock; therefore the Company accounted for the investment under Accounting Research Bulletin 51, Consolidated Financial Statements (ARB 51) based on its controlling interest in the subsidiary.

On November 17, 2004, the Operating Partnership, through JV BIR/ERI, completed the acquisition of 100% of the outstanding limited and general partner interests of Arrowhead Apartments Associates Limited Partnership, the fee owner of Arrowhead Apartments (Arrowhead), a 200 unit multifamily apartment community located in Palatine, Illinois and Moorings Apartments Associates Limited Partnership, the fee owner of Moorings Apartments (Moorings), a 216 unit multifamily apartment community located in Roselle, Illinois. The net purchase price for the Arrowhead and Moorings interests was \$1,313,392 and \$416,455, respectively. The properties owned by the partnerships were subject to existing mortgages at the time of the purchase of the Arrowhead and Moorings interests. These mortgages were recorded at their fair value pursuant to the provisions of SFAS No. 141. The fair value approximates the payoff value of the amounts to be paid under the obligations, including the right of defeasance. JV BIR/ERI exercised its right of defeasance and extinguished the outstanding mortgage obligations of approximately \$7,431,000 and \$8,801,000, respectively. The purchase price and payoff of the existing mortgages were funded through a combination of new mortgage debt, available cash and contributions from our Venture partner.

On December 28, 2004, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Yorktowne, L.L.C., consummated the acquisition of 100% of the fee simple interest of Yorktowne at Olde Mill Apartments (Yorktowne), a 216 unit multifamily apartment community located in Millersville, Maryland, from EQR-Yorktowne Vistas, Inc., an unrelated third party, for \$21,500,000, plus customary closing costs. The purchase price was paid from available cash. As of December 31, 2004, the Operating Partnership had locked the interest rate on \$16,125,000 of first mortgage debt at a fixed interest rate of 5.13% for ten years secured by the Yorktowne property. The Operating Partnership completed the financing in January 2005.

On December 29, 2004, the Operating Partnership, through JV BIR/ERI, completed the acquisition of 100% of the outstanding limited and general partner interests of Blackburn Associates Limited Partnership, the fee owner of Country Place I Apartments (Country Place I), a 192 unit multifamily apartment community located in Burtonsville, Maryland, and Second Blackburn Associates Limited Partnership, the fee owner of Country Place II Apartments

(Country Place II), a 120 unit multifamily apartment community also located in Burtonsville, Maryland. The net purchase price for the Country Place I and Country Place II interests was \$7,769,720 and \$5,054,677, respectively. The properties owned by the partnerships were subject to existing mortgages at the time of the purchase of the Country Place I and Country Place II interests. These mortgages were recorded at their fair value pursuant to the provisions of SFAS No. 141. The fair value approximates the payoff value of the amounts to be paid under the obligations, including the right of prepayment. JV BIR/ERI exercised its right of prepayment on the purchase date and extinguished the outstanding mortgage obligations of approximately \$6,728,000 and \$4,078,000, respectively. The purchase price and payoff of the existing mortgages were funded through a combination of new mortgage debt, available cash and contributions from our Venture Partner.

The Company continues to expand its portfolio. On February 15, 2005, the Company completed the acquisition of the outstanding limited and general partner interests of BRI Westchester Limited Partnership, the fee simple owner of Westchester West Apartments (Westchester West), a 345 unit multifamily apartment community located in Silver Spring, Maryland, from BRH Westchester, L.L.C. and BRI OP Limited Partnership, each an affiliate of the Company. The purchase price, which was agreed upon through arms-length negotiations, was \$39,250,000, subject to normal operating pro rations. The acquisition was approved by the audit committee of the Board, which is comprised solely of directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange. The purchase price and related closing costs were funded in part through a \$29,500,000 first mortgage and available cash. The first mortgage has a fixed interest rate of 5.03% for a term of ten years.

On March 1, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Brompton Limited Partnership, consummated the acquisition of 100% of the fee simple interest of Waters on Brompton, a 362 unit multifamily apartment community located in Houston, Texas, from an unaffiliated third party. The acquisition was consummated pursuant to a winning bid placed on the property at foreclosure auction. The successful bid was \$14,400,000 and was immediately paid from available cash. The Company is currently seeking financing that, if obtained, would be collateralized by the property.

On March 16, 2005, the Company signed an agreement of sale with Owings Manor Realty, L.L.C. and GMAC Commercial Realty Partners, L.P. (collectively the Sellers) to purchase the 100% of the outstanding interests of Owings Manor Investors, L.L.C., the fee simple owner of Owings Manor Apartments, a 791 unit multifamily apartment community located in Reisterstown, Maryland. The Sellers are unaffiliated third parties. The purchase price is \$67,235,000, and is subject to normal operating apportionments as provided for in the agreement.

On March 16, 2005, the Company signed an agreement of sale with Pacy Oletsky, general and limited partner, Jack L. Baylin, general and limited partner, Michael Baylin, limited partner, Gail Baylin, limited partner, Bonnie Oletsky, limited partner, Howard Gartner, limited partner, Ruth P. Weiss, limited partner, The Abraham & Virginia Weiss Charitable Trust A, limited partner, and The Abraham & Virginia Weiss Charitable Trust B, limited partner (collectively the Owners) to purchase the 100% of the general and limited partner interests of Pelham Wood Limited Liability Limited Partnership, the fee simple owner of Pelham Wood Apartments, a 464 unit multifamily apartment community located in Baltimore, Maryland. The Owners are unaffiliated third parties. The purchase price is \$30,160,000, and is subject to normal operating apportionments as provided for in the agreement.

On March 30, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Westchace Limited Partnership, completed the acquisition of Antilles Apartment Homes, a 324 unit multifamily apartment community located in Houston, Texas from Trivest Westpark L.P. (Trivest) the fee simple owner of the property. The Company will operate the property under the name Berkshires at Westchace Apartments. Trivest is not an affiliate of the Company. The purchase price was \$9,900,000, and was subject to normal operating pro rations. The purchase price was immediately paid from available cash. The Company is currently seeking financing that, if obtained, would be collateralized by the property.

Cash flows from Investment in Mortgage Funds

On April 4, 2003 and April 18, 2003, the Company issued 2,667,717 and 310,393 shares, respectively, of its Preferred Shares, with a \$25.00 liquidation preference per share. The Preferred Shares were issued in exchange for Interests in

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

the six Mortgage Funds. For each Interest in the Mortgage Funds that was validly tendered and not withdrawn in the Offering, the Company issued its Preferred Shares based on an exchange ratio applicable to each Mortgage Fund.

For the year ended December 31, 2004 and 2003, the Company received cash distributions totaling approximately \$17,271,799 and \$57,339,731, respectively, from the Mortgage Funds on which the Company has recognized approximately \$3,392,585 and \$6,720,746, respectively, in equity in the income of the Mortgage Funds. During 2004, the GIT, KIP and KIP III funds were liquidated as the remaining participating insured mortgage investments in each portfolio were paid off.

Contractual Obligations and Other Commitments

On April 1, 2002, the mortgage notes payable on Century, Dorsey s Forge and Hannibal Grove were refinanced with non-recourse mortgage notes payable of \$22,800,000, \$10,635,000 and \$16,145,000, respectively, which are collateralized by the related properties. The interest rates on the notes are fixed at 5.96%. The notes mature on April 1, 2007, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice. The Company used the proceeds from the refinancing on Century, Dorsey s Forge and Hannibal Grove to repay the existing mortgage notes and accrued interest, closing costs, and to fund escrows required by the lender. The remaining cash of \$11,357,000 was distributed to the owners. The Company also recognized a \$610,000 loss resulting from the prepayment penalty upon the early principal repayment and write-off of unamortized deferred financing costs for each of the notes payable, which is reflected in the statement of operations for the year ended December 31, 2002. As discussed below, these mortgage notes were refinanced on November 1, 2004.

On July 31, 2002, the mortgage note payable on Seasons of Laurel was refinanced with a \$52,500,000 non-recourse mortgage note payable, which was collateralized by the property. The interest rate on the note was fixed at 5.74%. The mortgage note matures on August 1, 2009, at which time the remaining principal and accrued interest are due. The note may be prepaid, subject to a prepayment penalty, at any time with 30 days notice. The Company used the proceeds from the refinancing to repay the existing mortgage note and accrued interest on the property, to pay closing costs, to fund escrows required by the lender and to pay a prepayment penalty. The remaining cash of \$14,579,000 was distributed to the owners. The Company also recognized a \$558,000 loss resulting from the prepayment penalty upon the early principal repayment and write-off of unamortized deferred financing costs, which is reflected in the statement of operations for the year ended December 31, 2002.

The McNab partnership interests contributed to the Operating Partnership by George and Douglas Krupp; were subject to certain obligations of McNab and its partners including the assumption of \$13,398,430 of first mortgage debt, including accrued interest, \$4,161,551 of principal, accrued interest, participation interest and interest rebates collateralized by the partnership interests (the Additional Loan) and the assumption of approximately \$1,266,245 of liabilities payable to other affiliates of the Company. Upon completion of the acquisition, the Operating Partnership immediately paid off the first mortgage and Additional Loan debt totaling \$18,244,282 using available cash. The Company recognized a loss of approximately \$252,000 resulting from the write-off of unamortized deferred financing costs. In accordance with FAS 145, the Company has determined that such costs do not meet the criteria for classification as extraordinary pursuant to APB Opinion No. 30. Accordingly, costs associated with the early extinguishment of debt are included in the caption Loss on extinguishment of debt in the consolidated statement of operations for the year ended December 31, 2003. Furthermore, costs previously classified as extraordinary in prior periods have been reclassified to conform with the adoption of this pronouncement.

In accordance with SOP 97-1, Accounting by Participating Mortgage Loan Borrowers, the Company estimated the fair value of the participation feature in the first mortgage debt of McNab noted above to be approximately \$720,000 at December 31, 2002. The fair value of the participating interest was deferred and amortized into the statement of operations over the first mortgage debt s estimated life using the effective interest rate method.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

The lender on both the Additional Loan and the first mortgage for McNab is GIT. As of the completion of the Offering, the Operating Partnership owns approximately 31% of GIT. The Operating Partnership received \$5,650,000 as a special distribution from GIT after the payoff of this indebtedness on July 24, 2003.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

On August 21, 2003, the Company refinanced its mortgage on Walden Pond. The original variable mortgage of \$4,353,438 was paid in full and the related deferred financing costs incurred in the original financing was recorded in Loss on extinguishment of debt in the consolidated financial statement of operations for the year ended December 31, 2003. The new financing of \$12,675,000 with a fixed interest rate of 4.86% for a term of 10 years and related deferred financing costs are included on the accompanying balance sheet at December 31, 2003.

On August 21, 2003 and August 15, 2003, the Company obtained non-recourse mortgage notes payable on Windward and Gables for \$13,467,000 and \$5,325,000, respectively, which are collateralized by the related properties. The interest rates on the notes are fixed at 5.10% and 4.86%, respectively. The notes mature on September 1, 2012 and September 1, 2013, respectively, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

On November 25, 2003, the Company obtained a mortgage note payable on St. Marin/Karrington for \$32,500,000, which is collateralized by the related property. The interest rate on the note is fixed at 4.90% for a 9 year term. The note is interest only for the first 24 months and may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

On August 16, 2004, the Company secured a \$3,320,000 first mortgage on Laurel Woods Apartments in Houston, Texas. Under the terms of the note, the mortgage bears interest at a variable rate of the Reference Bill plus 2.20%, or 4.29% at December 31, 2004, and matures on September 1, 2011. The variable interest rate is capped at 6.75% for the term of the loan.

On November 1, 2004, the mortgage notes payable on Century, Dorsey's Forge and Hannibal Grove were refinanced with \$29,520,000, \$16,200,000 and \$26,600,000, respectively, non-recourse mortgage notes payable, which are collateralized by the related properties. The interest rates on the notes are fixed at 4.87% for the Century note and 4.86% for both the Dorsey's Forge and Hannibal Grove notes. The notes mature on November 1, 2013, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

The Company used the proceeds from the refinancing on Century, Dorsey's Forge and Hannibal Grove to repay the existing mortgage notes and accrued interest, to pay closing costs, and to fund escrows required by the lender. Of the remaining cash of \$21,905,000, \$2,821,344 was distributed to our multifamily venture partner and the balance has been retained for general operating purposes. The Company also recognized a \$1,059,143 loss resulting from the prepayment penalty upon the early principal repayment and write-off of unamortized deferred financing costs for each of the notes payable, which is reflected in the statement of operations for the year ended December 31, 2004.

On November 3, 2004, the Company secured \$14,212,500 and \$6,750,000 of first mortgage non-recourse mortgage financing on the Bridgewater and Trellis properties, respectively, which is collateralized by the properties. The interest rates on the notes are 5.11% and 5.07%, respectively, and are fixed for the term of the loans. The notes mature on December 1, 2013, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

On November 4, 2004, the Company, simultaneously with the purchase of the Arboretum and Silver Hill apartment communities, assumed a fixed rate mortgage on each of the properties. The outstanding balance of the mortgage secured by the Arboretum property was \$5,928,659 and has an interest rate of 7.18% for the original 30 year term of the loan. The loan originated on September 23, 1994 and can be prepaid generally no earlier than November 1, 2024, subject to a prepayment penalty. The outstanding balance of the mortgage secured by the Silver Hill property was \$3,444,109 and also has an interest rate of 7.18% for the original 30 year term of the loan. The loan originated on September 23, 1994 and can be prepaid generally no earlier than November 1, 2024, subject to a prepayment penalty. In accordance with FAS 41, Business Combinations, the Company recorded these mortgages at fair value, which was determined by calculating the present value of the future payments at current interest rates. The fair market value for the debt assumed on Arboretum and Silver Hill is \$6,894,193 and \$4,010,241, respectively.

On December 2, 2004, the Company secured \$5,510,000 and \$5,775,000 of non-recourse mortgage financing on the Arrowhead and Moorings properties, respectively, which is collateralized by the properties. The interest rate of both

notes is fixed at 5.00%. The notes mature on January 1, 2014, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

On December 29, 2004, the Company secured \$15,520,000 of non-recourse mortgage financing on the Country Place I and Country Place II properties, which is collateralized by both properties. The interest rate on the note is fixed at 5.01%. The note matures on January 1, 2015, at which time the remaining principal and accrued interest are due. The note may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

The Company expects to continue to take advantage of the low interest rate mortgage environment as it acquires additional properties. The Company expects to use leverage amounts up to 75% of the fair market value on a portfolio basis.

The primary obligations of the Company relate to its borrowings under the mortgage notes payable. The \$268,716,955 in mortgage notes payable have varying maturities ranging from 5 to 10 years. The following table summarizes our contractual obligations as of December 31, 2004:

	2005	2006	2007	2008	2009	Thereafter
Long Term Debt (1)	\$1,810,621	\$2,506,583	\$4,220,668	\$4,424,148	\$70,011,630	\$185,743,305

(1) - As of December 31, 2004, approximately 1% of the Company's outstanding mortgage debt is at variable interest rates. The Company estimates that the effect of a 1% increase or decrease in interest rates would not have a material impact on interest expense as substantially all of the outstanding mortgage debt is at fixed interest rates.

(2) - The Company has obligations under numerous contracts with various service providers at its properties. None of these contracts are for periods greater than one year or are material either individually or in aggregate to the Company's financial statements.

Competition

The Company competes with other multifamily apartment community owners and operators and other real estate companies in seeking properties for acquisition and in attracting potential residents. The Company's properties are in developed areas where there are other properties of the same type, which directly compete for residents. The Company believes that its focus on resident service and satisfaction gives it an edge when competing against other communities for tenants.

Market Environment

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

The Company believes the multifamily sector will benefit from the ongoing economic recovery and favorable current demographic trends. While the apartment sector has experienced slower growth over the past four years due to rising unemployment and a significant renter migration to single family homes, a reversal of both trends is now expected to spur an apartment recovery. The economic recovery is generating increased job growth which typically translates into household formation and rising apartment occupancy. The Company feels, for single family homebuyers over the next several years, increasing housing costs and potentially higher interest rates may make purchases increasingly expensive and out of reach. In addition, we believe the projected demographic trends strongly favor the multifamily sector, driven primarily by the initial wave of echo boomers (age 20 to 29), the fastest growing segment of the population, and an increasing number of immigrants who are typically renters by necessity.

Most of the Company's properties are located in markets where zoning restrictions, scarcity of land, and high construction costs create significant barriers to new development.

In the future, changes in zoning restrictions and deflation in the markets in which the Company currently owns properties or in markets in which the Company may enter, which could reduce or eliminate some of the barriers to new development, could have an adverse affect on the Company's financial condition, results of operations or cash flows.

Declaration of Dividends and Distributions

On March 25, 2003, the Board declared a dividend at an annual rate of 9% the stated liquidation preference of \$25 per share, on the outstanding Series A Cumulative Redeemable Preferred Stock (the Preferred Stock) of the Company, which is payable quarterly in arrears, on February 15, May 15, August 15 and November 15 of each year to shareholders of record in the amount of \$0.5625 per share per quarter. The dividend paid on May 15, 2003 was prorated to reflect the issue date of the Preferred Shares. For the years ended December 31, 2004 and 2003, the Company declared aggregate dividends of \$6,700,814 and \$4,951,258, respectively, of which \$837,607 and \$837,593, respectively, were payable and included on the balance sheet in Dividends and Distributions Payable.

On August 12, 2003, the Board authorized the general partner of the Operating Partnership to distribute three quarterly distributions of \$250,000 each from its operating cash flows to common general and common limited partners. On the same day the Board also declared a common dividend of \$0.004656 per share on the Company's Class B common stock. Both the distributions and the dividend were payable on August 15, 2003, November 15, 2003 and February 15, 2004. For the year ended December 31, 2003, the Company declared \$750,000 of which \$250,000 was payable and included on the balance sheet in Dividends and Distributions Payable at December 31, 2003.

On May 11, 2004, the Board authorized the general partner of the Operating Partnership to distribute two quarterly distributions of \$250,000 each from its operating cash flows to common general and common limited partners, payable on May 15, 2004 and August 15, 2004. On the same day, the Board also declared a common dividend of \$.004656 per share on the Company's Class B common stock payable concurrently with the Operating Partnership distributions.

On August 19, 2004, the Board authorized the general partner of the Operating Partnership to distribute two additional quarterly distributions of \$250,000 each from its operating cash flows to common general and common limited partners, payable on November 15, 2004 and February 15, 2005. On the same day, the Board also declared a common dividend of \$0.004656 per share on the Company's Class B common stock payable concurrently with the Operating Partnership distributions.

For the year ended December 31, 2004, the Company declared a total of \$1,000,000 of distributions to common shareholders, of which \$250,000 was payable and included on the balance sheet in Dividends and Distributions Payable at December 31, 2004.

Results of Operations and Financial Condition

During 2004, the Company's portfolio increased from 7 to 18 properties, which was an increase over the previous year's portfolio growth from 6 to 7 properties (the Total Portfolio). As a result of significant changes in the Total Portfolio over time, the financial statements show considerable changes in revenue and expenses from period to period. The Company does not believe that its period-to-period financial data are comparable. Therefore, the comparison of operating results for the years ended December 31, 2004 and 2003 reflect changes attributable to the properties that were owned by the Company throughout each period presented (the Same Property Portfolio).

Net Operating income (NOI) and Income (loss) before minority interest in properties, equity in loss of Multifamily Venture, equity in income of Mortgage Funds, minority common interest in Operating Partnership, and gain on transfer of property to Multifamily Venture (Income (Loss)) may fall within the definition of "non-GAAP financial measure" as stated in Item 10(e) of Regulation S-K and, as a result, the Company may be required to include in this report a statement disclosing the reasons why management believes that presentation of this measure provides useful information to investors. The Company believes NOI and Income (Loss) are measures of operating results that are useful to investors to analyze the performance of a real estate company because it provides a direct measure of the

operating results of the Company's multifamily apartment communities. The Company also believes it is a useful measure to facilitate the comparison of operating performance among competitors.

Comparison of year ended December 31, 2004 to the year ended December 31, 2003.

The table below reflects selected operating information for the Same Property Portfolio and the Total Property Portfolio. The Same Property Portfolio consists of the 6 properties acquired or placed in service on or prior to January 1, 2003 and owned through December 31, 2004. The Total Property Portfolio includes the effect of the additional rental properties acquired after January 1, 2003.

Comparison of the year ended December 31, 2004 to the year ended December 31, 2003.

Revenue

Of the \$9,146,879, or 32.1% increase in rental revenue, \$8,335,733, or 29.3% is attributable to the twelve multifamily apartment communities acquired during 2003 and 2004, which are not included in the Same Property Portfolio. The \$811,146 balance of the increase, or 3.0%, was derived from the assets comprising the Same Property Portfolio and can be attributed to a 5.08% increase in effective rental income offset by a slight decrease in average physical occupancy from 91.99% to 91.62% for the years ended December 31, 2003 and 2004, respectively. In the Same Property Portfolio, five of the six properties realized increases in gross rental revenue while only the Walden Pond property experienced a decrease in revenue. The decrease was due mainly to competition from existing as well as new product on the market in the Houston, Texas area.

The increase in interest, utility reimbursement and other revenue of \$1,131,589, or 63.7%, is primarily attributable to an increase in interest of \$724,909, which resulted from the significant amounts of cash and available for sale securities held by the Company since the later half of 2003. The large balances of cash and available for sale securities is primarily the result of the liquidation of the Company's investment in the Mortgage Funds and the net proceeds from the refinancing of the Company's properties, which are being held by the Company to fund future acquisitions and existing, and contemplated, rehabilitation projects. Additionally, other revenue, consisting primarily of the various fees charged to tenants and potential tenants, including late fees, parking fees, pet fees, laundry fees, application fees and other similar items increased by \$364,076 as a result of the twelve multifamily apartment communities acquired during 2003 and 2004. Interest, utility reimbursement and other revenue decreased \$28,026, or 1.7%, for the Same Property Portfolio.

Operating Expenses

Operating expense increased \$2,881,295, of which \$2,245,952 is attributable to newly acquired multifamily apartment communities. The balance of the increase, or \$635,343, is associated to the Same Property Portfolio and is related to increases in payroll and benefits costs of \$329,229, utility expenses of \$325,113 and other operating expense categories of \$120,714, which were partially offset by savings realized in property insurance costs. Payroll and benefits costs increased as a result of general increases in salaries and wages as well as benefits costs, including health insurance across the entire portfolio. The Seasons of Laurel property contributed significantly to the year over year increases as it experienced higher utility consumption and increases in salaries and overtime due to the hiring of a rehabilitation supervisor all of which were related to the rehabilitation project currently underway at the property. The Company currently expects the upward trend in these expense areas to continue for the foreseeable future.

Maintenance expense increased \$582,720, of which newly acquired apartment communities accounted for a \$561,600 increase, while the balance of the increase of \$21,120 was related to the Same Property Portfolio. The Same Property Portfolio increase is generally attributable to general increases in the cost of goods and services in this area. The Company continues to proactively maintain its properties to increase, and in some cases maintain, its occupancy rates and lower its vacancies and rental concession requirements.

Real estate taxes increased \$1,985,248 in 2004 over 2003, of which \$1,881,666 is attributable to the new multifamily apartment communities acquired during 2004 and 2003. The increase of \$103,582 that relates to the Same Property Portfolio is a combination of increases in taxes resulting from escalation in property valuations which were offset by real estate tax abatements received during 2004. The Company is not able to predict future property assessment values, but routinely reviews increases in assessed values on its properties. The Company will contest and

seek arbitration on any increase in assessed value that it considers to be unreasonable. The Company currently expects the general trend in real estate taxes to

continue upward as local and state governments persist in using real estate taxes to support decreased revenues.

General and administrative expenses increased slightly by \$157,593 on a Total Property Portfolio basis and \$29,020 on a Same Property Portfolio basis. The Same Property Portfolio increase is generally tied to general increases in the cost of goods and services in this area.

Management fees of the Total Property Portfolio increased \$619,898 in 2004 from 2003 due to property management fees incurred for the newly acquired properties during the year. Management fees of the Same Property Portfolio decreased \$66,653 in 2004 from 2003 due to the modification of existing property management fee agreements with an affiliate that became effective April 1, 2003. As a result of the agreement modifications, property management fees generally decreased from 5% to 4% of gross income. This decrease was partially offset by an increase in gross income during the period. The only exception was property management fees related to the Windward Lakes property, which increased from 3% to 4% of gross income, also effective April 1, 2003. The annual rate of the asset management fee of 0.40% of the fair market value of the properties in the portfolio did not change during 2004. Actual fees incurred increased year over year due to the acquisition of additional properties and changes in the fair market value of the properties during the year.

Non Operating Expenses

Organizational costs decreased from 2003 to 2004 as all costs related to the formation of the REIT have been incurred and properly recorded in previous periods.

Depreciation expense of the Same Property Portfolio increased \$626,601 due to related increases in the Same Property Portfolio fixed assets during 2004. The total additions to fixed assets in 2004 were \$6,435,336, thus increasing the basis on which depreciation is computed. The fixed asset additions were driven primarily by rehabilitation projects ongoing at the Seasons of Laurel property, and to a lesser degree, the Hannibal Grove property. Depreciation expense for the remainder of the Total Property Portfolio increased \$3,104,048 and is related to depreciation computed and expensed on fixed assets of the properties acquired during 2003 and 2004.

Interest expense in 2004 increased \$1,036,354 over 2003 for properties in the Same Property Portfolio. The increase is due mainly to the addition of a second mortgage in the amount of \$20,378,000 on the Seasons of Laurel property in October 2003. The balance of the overall increase in interest expense, or \$2,286,102, is primarily related to the mortgage debt obtained on the newly acquired properties during 2003 and 2004.

Loss on extinguishment of debt increased due mainly to prepayment penalties associated with refinancing which took place in 2004 as compared to 2003. In 2004, the Company refinanced mortgages associated with the Century, Hannibal Grove and Dorsey's Forge properties which resulted in extinguishment costs totaling approximately \$1,059,000. The costs were comprised of prepayment penalties and the write-off of previously capitalized deferred mortgage costs. No other mortgages were refinanced in 2004. In 2003, the Company refinanced its mortgages related to the Walden and Windward Lakes properties, resulting in extinguishment costs of \$353,286.

Amortization of acquired in-place leases and tenant relationships increased \$1,391,412 from 2004 over 2003. The increase relates to the fact that there were no instances of capitalized intangible assets that required amortization until the acquisition of the St. Marin/Karrington property in late 2003. The increase represents the current year amortization of the St. Marin/Karrington intangible assets as well as the amortization of intangible assets related to the 2004 property acquisitions. There was no amortization of intangible assets related to the Same Property Portfolio in 2003 or 2004.

Comparison of year ended December 31, 2003 to the year ended December 31, 2002.

The table below reflects selected operating information for the Same Property Portfolio and the Total Property Portfolio. The Same Property Portfolio consists of the 6 properties acquired or placed in service on or prior to January 1, 2002 and owned through December 31, 2003. The Total Property Portfolio includes the effect of the additional rental property acquired after January 1, 2002.

Comparison of the year ended December 31, 2003 to the year ended December 31, 2002

The entities comprising the Berkshire Income Realty Predecessor Group are deemed to be our predecessors for accounting purposes. Because we did not have any operations until the second quarter of 2003, the following discussion relates to our operations for the year ended December 31, 2003 and the operations of the Berkshire Income Realty Predecessor Group for the year ended December 31, 2002.

Revenue

Rental income increased due to strong rental occupancy rates at our Maryland properties, with Hannibal and Dorsey's Forge increasing in total rental revenues, offset by decreases in rental occupancy rates at properties at other locations, such as Windward Lakes, Walden Pond and Century. Seasons of Laurel's increase is due to increased rents on the rehabbed units, offset by a decrease in occupancy rate from 94.69% at the beginning of fiscal year 2003 to an occupancy rate of 85.68% at December 31, 2003. This decrease is attributed to taking units offline during the rehab project. Hannibal Grove experienced higher rental income due to an increase in rental occupancy rates. The Company experienced higher vacancies at Windward Lakes and Walden, thus offsetting the positive increase in rental income. The balance of the increase in total rental income is due to acquisitions of additional multifamily apartment communities during the year.

Interest income decreased as a result of lower average cash balances and decreased interest rates on short-term cash investments. This reduction in cash is due to distributions in late 2002 and to the ongoing rehab project.

Utility reimbursement decreased in 2003 due to the collection of amounts previously deemed uncollectible as of December 31, 2001, which resulted in the 2002 amounts being higher than normal.

Other income increased due to increases in the various fees collected from tenants and recorded within other income, such as pet, relet and late fees.

Operating Expenses

Operating expenses increased significantly at the Seasons of Laurel property due to higher utility consumption, increases in overtime and salaries due to the hiring of a rehab supervisor to oversee the rehabilitation project currently underway. Windward Lakes also experienced an increase in operating expenses due to increased costs for rubbish removal, labor costs due to high turnover and other miscellaneous operating costs such as increases in electricity expense as a result of vacant apartments. Total property operating expenses increased due to the additional multifamily apartment communities during the year.

Maintenance expenses increased due to normal maintenance needs of the properties, including but not limited to painting, decorating and janitorial contracts. The Seasons of Laurel property experienced the highest increase in maintenance. The Company is proactively maintaining its properties to increase, and in some cases, maintain its occupancy rates and lower its vacancies and concessions. Total property maintenance

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

expense increased due to the additional cost of maintaining our newly acquired properties, Gables of Texas and St. Marin/Karrington.

Real estate taxes increased due to an increase in tax rates at our properties located in Maryland effective July 1, 2003 from \$0.084 to \$0.132 per thousand dollars of assessed value, which affected four of the Company's same store properties. In addition, all of the Company's properties are subject to reassessment on a regular basis. Future increases in assessments could be significant and would result in increases to real estate tax expense even if tax rates remain stable. The Company cannot predict future assessment values, but aggressively arbitrates any increases in value that it considers to be unreasonable in light of comparable properties or other economic factors relating to particular properties. The balance of the difference in total property real estate tax expense is due to real estate taxes at our newly acquired properties, Gables of Texas and St. Marin, of \$125,800 and \$201,437, respectively.

General and administrative expenses decreased due to termination of certain centralized services reimbursable to affiliates charged in 2002 for the Seasons of Laurel property. The savings at Seasons of Laurel was offset by increased general and administrative costs at Windward Lakes due to an implementation of a new security system service. Additional increases in general and administrative expenses were due to increases in insurance premiums due to the tragic events of September 11, 2001. Total property general and administrative expenses increased due to legal and audit expenses relating to the formation of the REIT during the year, Board fees, legal and audit fees relating to becoming a public company during the year, and additional expenses for our newly acquired properties during the year.

Management fees decreased due to modification of the existing management fee agreements with an affiliate, effective April 1, 2003. As a result of the modifications, property management fees decreased from 5% of gross income to 4% of gross income. Our Windward Lakes property management fee increased from 3% of gross income to 4% of gross income, also effective April 1, 2003. Annual asset management fees on our properties did not change significantly. Asset management fees are calculated at .40% of the fair market value of our properties as of April 1, 2003. Asset management fees are not included in the Same Property portfolio because those fees were assessed at a fixed amount in 2002 and the amounts are not directly compatible.

Non Operating Expenses

Organizational costs increased in total property from prior year due to the formation of the newly formed REIT. These costs were directly attributable to those legal and audit costs associated with the Company's Form S-11 Registration Statement.

Depreciation expense increased due to an increase in the same store fixed assets from fiscal year 2002 to 2003. The total increase in fixed assets in fiscal year 2003 as compared to 2002 was \$5,834,951, thus increasing the basis for which depreciation is taken. Fixed asset additions were driven primarily by rehab work done at the Seasons of Laurel property. Total property depreciation increased due to the depreciation of the newly acquired assets obtained through the purchase of Gables of Texas and St. Marin/Karrington.

Interest expense increased due to additional mortgage debt obtained on the Seasons of Laurel and Walden Pond properties, thus increasing interest expense. The Company obtained an additional \$20,378,000 of mortgage debt on Seasons of Laurel in October 2003, and refinanced its variable rate mortgage on Walden Pond from \$4,353,438 to a fixed interest mortgage of \$12,628,000 in August 2003. In addition to the increase in mortgage debt, the Company's refinancing of Walden Pond resulted in an increase in the interest rate from reference bill plus 1.74% to a fixed rate of 4.86%. The balance of the change in total property interest expense is due to obtaining a mortgage on Gables of Texas in August 2003.

Loss on extinguishment of debt decreased due to a decrease in refinancings in 2003 as compared with 2002. In 2002, the Company refinanced mortgages for Century, Hannibal and Dorsey's Forge, resulting in extinguishments totaling \$610,000, plus the refinancing of Seasons of Laurel, which resulted in a loss of \$558,000. In fiscal year 2003, the Company refinanced its Walden and Windward Lakes mortgages, resulting in losses of \$81,572 and \$271,714, respectively. As a result, the charge to the Company's income statement during 2003 was less than that of 2002.

Participation interest expense decreased due to the elimination of this expense on the Windward Lakes property in 2002, which was fully accrued through December 31, 2002.

Mortgage Debt to Fair Market Value of Real Estate Assets

The Company's total mortgage debt summary and debt maturity schedule, as of December 31, 2004 is as follows:

The Company's Mortgage Debt-to-Fair Market Value of Real Estate Assets as of December 31, 2004 and 2003 is presented in the following table. The Company calculates the fair market value of real estate assets based on the most recently available third party appraisal or recent purchase price. The following information is presented in lieu of information regarding the Company's Debt-to-Total Market Capitalization Ratio, which is a commonly used measure in our industry, because the Company's market capitalization is not readily determinable since there was no public market for its common equity during the periods presented in these financial statements.

The information regarding Mortgage Debt-to-Fair Value of Real Estate Assets is presented to allow investors to calculate our loan-to-value ratios in a manner consistent with those used by management and others in our industry including those used by our current and potential lenders. Management uses this information when making decisions about financing or refinancing properties. Management also uses fair market value information when making decisions about selling assets as well as evaluating acquisition opportunities within markets where we have assets. The most directly comparable financial measure of our property value, calculated and presented in accordance with GAAP, is net book

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

value, shown on the balance sheet as multifamily apartment communities, net of accumulated depreciation. At December 31, 2004 and 2003, the aggregate net book value of our real estate assets was \$260,554,434 and \$145,222,916, respectively.

Mortgage Debt-to-Fair Market Value of Real Estate Assets
as of December 31

	<u>2004</u>	<u>2003</u>
Fair Market Value	\$ 383,898,000	\$ 248,595,000
Mortgage Debt	\$ 268,716,955	\$ 184,471,204
Loan-to-Value	<u>70.00%</u>	<u>74.21%</u>

The fair market values are based on management's best estimate of current value for properties purchased in prior years or purchase price for properties acquired within the current year. Estimated values of individual properties within the portfolio range from \$4,350,000 to \$90,500,000.

Funds From Operations

The Company has adopted the revised definition of Funds from Operations (FFO) adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (NAREIT). Management considers FFO to be an appropriate measure of performance of an equity REIT. We calculate FFO by adjusting net income (loss) (computed in accordance with GAAP, including non-recurring items), for gains (or losses) from sales of properties, real estate related depreciation and amortization, and adjustment for unconsolidated partnerships and ventures. Management believes that in order to facilitate a clear understanding of the historical operating results of the Company, FFO should be considered in conjunction with net income as presented in the financial statements included elsewhere herein. Management considers FFO to be a useful measure for reviewing the comparative operating and financial performance of the Company because, by excluding gains and losses related to sales of previously depreciated operating real estate assets and excluding real estate asset depreciation and amortization (which can vary among owners of identical assets in similar condition based on historical cost accounting and useful life estimates), FFO can help one compare the operating performance of a company's real estate between periods or as compared to different companies.

The Company's calculation of FFO may not be directly comparable to FFO reported by other REITs or similar real estate companies that have not adopted the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently. FFO should not be considered as an alternative to net income (determined in accordance with GAAP) as an indication of our performance. FFO does not represent cash generated from operating activities determined in accordance with GAAP and is not a measure of liquidity or an indicator of our ability to make cash distributions. We believe that to further understand our performance, FFO should be compared with our reported net income and considered in addition to cash flows in accordance with GAAP, as presented in our financial statements.

The following table presents a reconciliation of Net Income to FFO for the years ended December 31, 2004, 2003 and 2002:

Environmental Issues

There are no recorded amounts resulting from environmental liabilities because there are no known contingencies with respect to environmental liabilities. The Company obtains environmental audits, through various sources including lender evaluations and acquisition due diligence, for each of its properties at various intervals throughout a property's life. The Company has not been advised by any third party as to the existence of, nor has it identified on its own, any material liability for site restoration or other costs that may be incurred with respect to any of its properties.

Inflation and Economic Conditions

Substantially all of the leases at the initial properties are for a term of one year or less, which enables the Company to seek increased rents for new leases or upon renewal of existing leases. These short-term leases minimize the potential adverse effect of inflation on rental income, although residents may leave without penalty at the end of their lease terms and may do so if rents are increased significantly.

The Company believes the multifamily sector will benefit from the ongoing economic recovery and favorable current demographic trends. While the apartment sector has experienced slower growth over the past four years due to rising unemployment and a significant renter migration to single family homes, a reversal of both trends is now expected to spur an apartment recovery. The economic recovery is generating increased job growth which typically translates into household formation and rising apartment occupancy. The Company feels, for single family homebuyers over the next several years, increasing housing costs and potentially higher interest rates may make purchases increasingly expensive and out of reach. In addition, we believe the projected demographic trends strongly favor the multifamily sector, driven primarily by the initial wave of echo boomers (age 20 to 29), the fastest growing segment of the population, and an increasing number of immigrants who are typically renters by necessity.

Other Matters

The Company at all times intends to conduct its business so as to not become regulated as an investment company under the Investment Company Act of 1940, as amended (the "Investment Company Act"). If the Company were to become regulated as an investment company, then, among other things, the Company's ability to use leverage would be substantially reduced and there would be restrictions on certain types of fees paid. The Investment Company Act exempts entities that are primarily engaged in the business of purchasing or otherwise acquiring mortgages and other liens on and interest in real estate (i.e., "Qualifying Interest"). Under the current interpretation of the staff of the SEC, in order to qualify for this exemption, the Company must maintain at least 55% of its assets directly in Qualifying Interests. Accordingly, the Company monitors its compliance with this requirement in order to maintain its exempt status. As of December 31, 2004 and 2003, the Company determined that it is

in and has maintained compliance with this requirement.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The tables below provide information about the Company's financial instruments that are sensitive to changes in interest rates, specifically debt obligations. The tables present principal cash flows and related weighted average interest rates by expected maturity dates for mortgage notes payable as of December 31, 2004 and 2003.

The following table reflects the mortgage notes payable as of December 31, 2004.

Mortgage Debt, Including Current Portion Maturing In

	2005	2006	2007	2008	2009	Thereafter	Total
Fixed Rate Debt	\$1,757,493	\$2,450,009	\$4,161,583	\$4,362,826	\$69,947,202	\$182,732,160	\$265,411,273
Average Interest Rate	5.36%	5.25%	5.13%	5.13 %	5.52%	4.75%	5.12%
Variable Rate debt	\$53,128	\$56,574	\$59,085	\$61,322	\$64,428	\$3,011,145	\$3,305,682
Average Interest Rate Variable	4.29%	4.29%	4.29%	4.29%	4.29%	4.29%	4.29%

The following table reflects the mortgage notes payable as of December 31, 2003.

	2004	2005	2006	2007	2008	Thereafter	Total
Fixed Rate	\$ 2,096,010	\$ 2,217,477	\$ 2,344,624	\$ 48,262,389	\$ 1,813,980	\$ 127,736,724	\$ 184,471,204
Average Interest Rate	5.50%	5.50%	5.50%	5.93%	5.33%	5.23%	5.49%

The level of market rate interest risk increased from December 31, 2003 to December 31, 2004. The increase relates to the incremental level of outstanding mortgage notes payable of \$268,716,955 from \$184,471,204, at December 31, 2004 and December 31, 2003, respectively, which is offset by the decline in the average interest rate on the outstanding debt over the same period, due mainly to lower interest rate levels on new debt as well as the refinancing of existing debt at available lower rates during the year. The Company manages its interest rate risk on mortgage debt by monitoring the funding markets and the related changes in prevailing mortgage debt interest levels. Financing on new acquisitions, if applicable, is obtained at prevailing market rates while mortgage debt interest rates on existing properties is monitored to determine if refinancing at current prevailing rates would be appropriate.

As of December 31, 2004, approximately 1% of the Company's outstanding mortgage debt is at variable interest rates. The Company estimates that the effect of a 1% increase or decrease in interest rates would not have a material impact on interest expense as substantially all of the outstanding mortgage debt is at fixed interest rates. There was no variable interest rate debt outstanding at December 31, 2003.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

See Index to Financial Statements and Financial Statement Schedule on page 60 to this report.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

None.

ITEM 9A. CONTROLS AND PROCEDURES

Evaluation of disclosure controls and procedures:

The Company's management, with the participation of the Company's chief executive officer and chief financial officer, evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this annual report on Form 10-K. Based on this evaluation, the Company's chief executive officer and chief financial officer concluded that the Company's disclosure controls and procedures were (1) designed to ensure that material information relating to the Company, including its consolidated subsidiaries, is made known to the Company's chief executive officer and chief financial officer by others within those entities, particularly during the period in which this report was being prepared, and (2) effective, in that they provide reasonable assurance that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms.

ITEM 9B. OTHER INFORMATION

None.

Mr. Spelfogel currently serves and has served as Senior Vice President and General Counsel to The Berkshire Group, an affiliate of Berkshire Income Realty, Inc., since 1996. Before that, Mr. Spelfogel served as Vice President and Assistant General Counsel. Before joining The Berkshire Group in November 1988, Mr. Spelfogel was in private practice in Boston. Mr. Spelfogel received a Bachelor of Science degree in Business Administration from Boston University, a Juris Doctor degree from Syracuse University's College of Law and a Master of Laws Degree in Taxation from Boston University Law School. Mr. Spelfogel is admitted to the bar in Massachusetts and New York.

The Board has determined that Robert Kaufman, Randolph Hawthorne and Richard Peiser, a majority of our directors, are independent under applicable SEC and American Stock Exchange rules and regulations. Such persons act as the Company's audit committee. The Board has determined that Robert Kaufman qualifies as an "audit committee financial expert" under applicable SEC rules and regulations.

The Company has adopted a code of ethics (the "Code") that applies to all of its employees (including its principal executive officers, principal financial officer and principal accounting officer) and directors. To the extent applicable, the Company intends to satisfy the disclosure requirement under Item 10 of Form 8-K regarding an amendment to, or waiver from, a provision of the Code applicable to certain enumerated executive officers by posting such information on its website at <http://www.berkshireincomerealty.com>. The Company shall provide to any person without charge, upon request, a copy of the Code. Any such request must be made in writing to the Company, c/o Phil Darby, One Beacon Street, Boston, MA 02108.

SECTION 16 (a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on a review of reports furnished to the Company or written representations from the Company's directors, executive officers and 10% stockholders, the Company believes that during the fiscal years ended December 31, 2004 none of the Company's directors, executive officers and 10% stockholders failed to file on a timely basis any reports required to be filed pursuant to Section 16 of the Securities Exchange Act of 1934, as amended.

ITEM 11. EXECUTIVE COMPENSATION

Except for our independent directors identified below, our executive officers and directors are not compensated by us for their services to us as officers and directors. However, certain of our officers and directors are compensated by our advisor, Berkshire Advisor, for their services to Berkshire Advisor.

The Board has determined that Robert Kaufman, Randolph Hawthorne and Richard Peiser, a majority of our directors, are independent under applicable SEC and American Stock Exchange rules and regulations. These persons are compensated at the rate of \$30,000 per year for service and receive reimbursement for their travel expenses incurred in connection with Board duty. There were no other arrangements to compensate the directors in 2004.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth information regarding the beneficial ownership of our equity securities as of December 31, 2004 by (1) each person who is known by us to beneficially own five percent or more of any class of our equity securities, (2) each of our directors and executive officers and (3) all of our directors and executive officers as a group. The address for each of the persons named in the table is One Beacon Street, Suite 1500, Boston, Massachusetts 02108.

Under our charter, we are authorized to issue 10,000,000 shares of our common stock, of which 5,000,000 shares have been classified as Class A Common Stock and 5,000,000 shares have been classified as Class B Common Stock. As of December 31, 2004, we had 1,283,313 shares of our Class B common stock outstanding, all of which were owned by KRF Company, and no outstanding shares of Class A Common Stock.

Each share of Class B Common Stock entitles the holder to ten votes per share, and each share of Class A Common Stock entitles the holder to one vote per share, on all matters to be submitted to the stockholders for vote. Each share of Class B Common Stock is convertible, at the option of the holder at any time, into one share of Class A Common Stock. The exclusive voting power of the Company's stockholders for all purposes (including amendments to the charter) is vested in the holders of our common stock. We may not issue shares of our Class A Common Stock unless the issuance has been approved by the affirmative vote of the holders of a majority of the shares of our outstanding Class B Common Stock.

The holders of our common stock are entitled to receive ratably such distributions as may be authorized from time to time on our common stock by the Board in its discretion from funds legally available for such distribution. In the event our liquidation, dissolution, winding-up or termination, after payment of all debt and other liabilities, each holder of our common stock is entitled to receive, ratably with each other holder of our common stock, all our remaining assets available for distribution to the holders of our common stock. Holders of our common stock have no subscription, redemption, appraisal or preemptive rights.

Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business, unless approved by the affirmative vote of stockholders holding at least two thirds of the shares entitled to vote on the matter. However, a Maryland corporation may provide in its charter for approval of these matters by a lesser percentage, but not less than a majority of all the votes entitled to be cast on the matter. Our charter provides for approval of these matters by the affirmative vote of a majority of the votes entitled to be cast on the matter.

The holders of our common stock have the exclusive right (except as otherwise provided in our charter) to elect or remove directors. The outstanding shares of our common stock are fully paid and nonassessable.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Management Fees

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

We have entered into an advisory services agreement with Berkshire Advisor. Douglas Krupp, one of our directors, together with his brother George Krupp (formerly the Chairman of the Board), indirectly own substantially all of the member interests in Berkshire Advisor. Under the advisory services agreement, Berkshire Advisor is entitled to receive an annual asset management fee equal to 0.40% of the purchase price of real estate properties owned by us, as adjusted from time to time to reflect the then current fair market value of the properties. The purchase price is defined as the capitalized basis of an asset under GAAP, including renovation of new construction costs, costs of acquisition or other items paid or received that would be considered an adjustment to basis. The purchase price does not include acquisition fees and capital costs of a recurring nature. The asset management fee was payable with respect to the initial properties contributed to us by our affiliate at the completion of the Company's offers (the Offering) to exchange its 9% Series A Cumulative Redeemable Preferred Stock for interests (Interests) in certain mortgage funds, but not with respect to the Interests acquired by us in the Offering. Berkshire Advisor may propose adjustments to the asset management fee, subject to the approval of the audit committee of the Board (which committee is comprised of directors who are independent under applicable rules and regulations of the SEC and American Stock Exchange).

Berkshire Advisor is also entitled to receive an acquisition fee equal to 1% of the purchase price (as defined above) of any new property acquired directly or indirectly by us. Berkshire Advisor may propose adjustments to the acquisition fee, subject to the approval of the audit committee of the Board (which committee is comprised of directors who are independent under applicable rules and regulations of the SEC and American Stock Exchange). Berkshire Advisor received acquisition fees for 2004 and 2003 as follows:

The Asset Management fees are payable quarterly, in arrears, and may be paid only after all distributions currently payable on the Company's Preferred Shares have been paid. Prior to April 4, 2003, asset management fees paid by the Predecessor were based on fees specified under the terms of the agreements governing the various Predecessor entities. Berkshire Advisor earned asset management fees of \$1,180,545 and \$647,567 during 2004 and 2003, respectively.

The Berkshire Group, an affiliate of the Company, which is indirectly owned by Douglas and George Krupp, received advisory fees for asset management services aggregating approximately \$407,000 in 2002. In addition, the Berkshire Group received advisory fees related to the refinancings of Dorsey's Forge, Hannibal Grove, Century and Seasons of Laurel totaling approximately \$255,000 during 2002. The advisory services agreement between the Company and the Berkshire Group no longer provides for fees related to refinancings and as such, no fees were accrued or paid in 2004 or 2003.

During 2004 and 2003, BRI OP Limited Partnership (BRI OP), an affiliate of The Berkshire Group, acted as property manager under property management agreements between the Company and BRI OP. Douglas and George Krupp indirectly own general and limited partner interests in Berkshire Realty Holdings, L.P., the parent of BRI OP, which is owned in joint venture with unaffiliated third parties. Under the original property management agreement, BRI OP was entitled to receive a property management fee, payable monthly, equal to 5% of the gross rental receipts, including rentals and other operating income, received each month with respect to the initial properties. On May 6, 2003, the property management agreement was modified to reduce those fees from 5% of gross income to 4% of gross income. The change was applied prospectively effective April 1, 2003. The property management fee for Windward Lakes was increased from 3% of gross income to 4% of gross income once the McNab debt was paid off. The total amount of property management fees paid to BRI OP under the property management agreements was \$1,553,222 and \$1,276,301 for the years ended December 31, 2004 and 2003, respectively. As of January 1, 2005, Berkshire Advisor assumed property management responsibilities under the various property management agreements.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

Under the advisory services agreement and the property management agreements, Berkshire Advisor and BRI OP, respectively, are reimbursed at cost for all out-of-pocket expenses incurred by them, including the

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

actual cost of goods, materials and services that are used in connection with the management of us and our properties. Berkshire Advisor also will be reimbursed for administrative services rendered by it that are necessary for our prudent operation, including legal, accounting, data processing, transfer agent and other necessary services. Expense reimbursements paid was \$232,065 and \$165,417 for the years ended December 31, 2004 and 2003, respectively. Salary reimbursements paid was \$4,328,538 and \$2,814,116 for the years ended December 31, 2004 and 2003, respectively.

In addition to the fees listed above, the Multifamily Venture paid Berkshire Advisor an acquisition fee of \$230,000 upon the consummation of the Multifamily Venture on May 1, 2004. Also, the Multifamily Venture paid a construction management fee of \$99,000 and a property management fee of \$81,889 to Berkshire Advisor during 2004.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of Berkshire Income Realty, Inc.

(formerly Berkshire Income Realty Predecessor Group):

In our opinion, the accompanying consolidated and combined financial statements listed in the accompanying index present fairly, in all material respects, the financial position of Berkshire Income Realty, Inc. (the Company) at December 31, 2004 and 2003, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statement schedule listed in the accompanying index presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the Standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

BERKSHIRE INCOME REALTY, INC.

(FORMERLY BERKSHIRE INCOME REALTY PREDECESSOR GROUP)

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION AND BASIS OF PRESENTATION

Berkshire Income Realty, Inc., (the Company), a Maryland corporation, was organized on July 19, 2002 and 100 Class B common shares were issued upon organization. The Company is in the business of acquiring, owning, operating and rehabilitating multifamily apartment communities.

The Company filed a registration statement on Form S-11 with the Securities and Exchange Commission (the SEC) with respect to its offers (the Offering) to exchange its 9% Series A Cumulative Redeemable Preferred Stock (the Preferred Shares) for interests (Interests) in the following six mortgage funds: Krupp Government Income Trust (GIT), Krupp Government Income Trust II (GIT II), Krupp Insured Mortgage Limited Partnership (KIM), Krupp Insured Plus Limited Partnership (KIP), Krupp Insured Plus II (KIP II), and Krupp Insured Plus III (KIP III) (collectively, the Mortgage Funds). The registration statement was declared effective on January 9, 2003. Offering costs incurred in connection with the Offering have been reflected as a reduction of preferred shares.

On April 4, 2003 and April 18, 2003, the Company issued 2,667,717 and 310,393 shares, respectively, of its Preferred Shares, with a \$25.00 liquidation preference per share. The Preferred Shares were issued in exchange for Interests in the six Mortgage Funds referred to above. For each Interest in the Mortgage Funds that was validly tendered and not withdrawn in the Offering, the Company issued its Preferred Shares based on an exchange ratio applicable to each Mortgage Fund.

Simultaneously with the completion of the Offering on April 4, 2003, KRF Company, L.L.C. (KRF Company), an affiliate of the Company, contributed its ownership interests in five multifamily apartment communities (the Properties) to our operating partnership, Berkshire Income Realty OP, L.P. (the Operating Partnership) in exchange for common limited partner interests in the Operating Partnership. KRF Company then contributed an aggregate of \$1,283,213, or 1% of the fair value of the total net assets of the Operating Partnership, to the Company, which together with the \$100 contributed prior to the Offering, resulted in the issuance of 1,283,313 shares of common stock of the Company. This amount was contributed by the Company to its wholly owned subsidiary, BIR GP, L.L.C., who then contributed the cash to the Operating Partnership in exchange for the sole general partner interest in the Operating Partnership.

The Operating Partnership is the successor to the Berkshire Income Realty Predecessor Group (the Predecessor). The merger of the separate businesses into the Company and the Operating Partnership was considered a purchase business combination with the Predecessor being the accounting acquirer. Accordingly, the acquisition or contribution of the various Predecessor interests was accounted for at the Interests historical cost. The acquisition of the Interests was accounted for using purchase accounting based upon the fair value of the Interests acquired.

Certain minority ownership interests in three of the contributed multifamily properties are owned by an unaffiliated third party. As the minority interests have not changed in connection with the completion of the Offering, the accounting for these interests is based on existing carrying

amounts.

As a result of the common control of ownership between the Predecessor and the Company, the Company has not been deemed a new reporting entity pursuant to the provisions of Accounting Principles Board Opinion #20 Accounting Changes. Accordingly, the financial statements of the Company did not start fresh upon completion of the Offering in April 2003. Rather, the Company's financial statements are a continuation of the Predecessor's financial statements and have been re-titled to those of the Company effective in April 2003.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

The Company's financial statements include the accounts of the Company, its subsidiary, the Operating Partnership, as well as the various subsidiaries of the Operating Partnership. The Company owns preferred and general partner interests in the Operating Partnership. The remaining common limited partnership interests in the Operating Partnership owned by KRF Company and affiliates are reflected as Minority Interest in Operating Partnership in the financial statements of the Company.

On March 20, 2003, KRF Company, through a newly formed affiliate, Gables of Texas Limited Partnership (Gables), and its general partner, Gables of Texas, L.L.C., also a newly formed affiliate, acquired The Gables Apartments, a 140-unit multifamily apartment community located in Houston, Texas, from an unrelated third party for a purchase price of approximately \$6,925,000. On April 24, 2003, the Operating Partnership acquired all of the interests in Gables and Gables of Texas L.L.C. from KRF Company for approximately \$6,925,000 plus closing costs of approximately \$143,000. The purchase price for Gables and Gables of Texas, L.L.C. was equal to the purchase price KRF Company paid the original seller of The Gables Apartments (including equity payments, transfer taxes, financing and closing costs as applicable). The Gables Apartments is a contiguous property to Walden Pond Apartments; the Company owns both communities and currently operates them as one community under the name Walden Pond/Gable Apartments.

Due to the affiliation of the ownership of the Company and KRF Company, the acquisition of interests in the Gables property has been accounted for as a reorganization of entities under common control, requiring the Company to retroactively restate the financial statements from March 20, 2003, the acquisition date of the property by KRF Company, through the period presented, which is similar to the accounting for a pooling of interests.

On April 29, 2003, the Preferred Shares began trading on the American Stock Exchange, under the symbol BIR.pr.a .

On May 30, 2003, the Operating Partnership and its wholly owned subsidiary, BIR McNab Sub, L.L.C., a newly formed Delaware limited liability company, acquired all of the outstanding limited and general partner units of McNab KC3 Limited Partnership (McNab) from affiliates of the Company. The acquisition was structured as a contribution of units from an affiliate of the Company in exchange for the issuance by the Operating Partnership of 5,000 common limited partner units valued at \$10.00 per unit. McNab is the fee simple owner of a 276-unit multifamily apartment community located in Pompano, Florida that is known as Windward Lakes Apartments. The former general and limited partners of McNab are affiliates of the Company, namely George and Douglas Krupp. At the time of the contribution, control of both the Company and McNab rested with George and Douglas Krupp via their 100% ownership interest in the common stock of the Company and their 100% indirect ownership interest in the general and limited partnership units of McNab. Therefore, the acquisition or contribution of the general and limited partnership units of McNab by the Operating Partnership in exchange for the issuance by the Operating Partnership of common limited partner units is considered a transfer of net assets between entities under common control.

Due to the affiliation of the ownership of the Company and McNab, the acquisition of the interests in McNab has been accounted for as a reorganization of entities under common control, requiring the Company to retroactively restate the financial statements for the periods presented, which is similar to the accounting for a pooling of interests.

On October 30, 2003, the Operating Partnership, through a newly formed and wholly owned subsidiary, St. Marin/Karrington Limited Partnership, whose general partner, SM Karrington L.L.C., also a newly formed affiliate, purchased the St. Marin Apartments, a 350-unit multifamily apartment community, and The Karrington Apartments, a 250-unit multifamily apartment community, which are contiguous properties located in Coppell, Texas, from a third party for purchase prices of \$26,125,000 and \$20,000,000, respectively.

On January 28, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiary Marina Mile L.L.C., purchased Pond Apple Creek Apartments (subsequently renamed The Berkshires at Marina Mile (Marina Mile)), a 306-unit multifamily apartment community located in Fort Lauderdale, Florida, from Pond Apple Creek Associates Limited Partnership. The seller was an unaffiliated third party. The purchase and sale agreement, as amended, was agreed upon through arms-length negotiations and provided for the purchase price of \$23,000,000 to be paid in cash. The purchase price was funded with available cash and new first mortgage financing. Effective May 1, 2004, the Company consummated a multifamily venture relationship (the Multifamily Venture) with an unrelated third party (the Venture Partner) whereby each of the parties to the agreement will participate, on a pro rata basis, in the economic benefits of Marina Mile. Under the terms of the limited liability company agreement governing the Multifamily Venture, the Venture Partner contributed, in cash, 65% of the total Multifamily Venture equity in exchange for a 65% interest in the newly formed entity, JV Marina Mile, L.L.C. (the L.L.C.). The Operating Partnership contributed its interest in Marina Mile, L.L.C., the fee simple owner of the property, in exchange for a 35% interest in the L.L.C. and a cash distribution representing a return of capital of approximately \$3,594,693 net of \$387,236 of additional capital invested by the Operating Partnership. Both parties will receive proportional distributions of available cash up to an effective 10% internal rate of return on each party's capital (the Preferred Return). After payment of the Preferred Return and the return of each party's capital contribution, the Operating Partnership will be entitled to, in addition to its 35% pro rata share, additional distributions equal to approximately 30% of the distributions otherwise payable to the JV Partner. The Operating Partnership is the managing member of the L.L.C. The Company evaluated its investment in the Multifamily Venture and concluded that the investment did not fall under the requirements of FIN 46R; therefore the Company accounted for the investment under Statement of Position 78-9, Accounting for Investments in Real Estate (SOP 78-9) as an equity method investment.

On March 30, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiary BIR Laurel Woods Limited Partnership, purchased Laurel Woods Apartments (Laurel Woods), a 150-unit multifamily apartment community located in Austin, Texas, from Berkshire Mortgage Finance Limited Partnership (the Seller), an affiliate of the Company. The acquisition was approved by the audit committee of the Company's Board of Directors (the Board), which is composed solely of directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange. The Seller acquired the property through foreclosure on February 2, 2004. The purchase price of \$5,250,000 was funded with available cash.

On March 31, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiary BIR Bear Creek Limited Partnership, purchased Bear Creek Apartments (Bear Creek) from an unaffiliated third party. The purchase price of \$4,900,000 was funded with available cash. Bear Creek is a 152-unit multifamily apartment community located in Dallas, Texas. Prior to the sale, the seller had acquired the property through foreclosure.

On November 3, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiaries, BIR Bridgewater, L.L.C. and BIR Trellis L.L.C., purchased Bridgewater on the Lake Apartments (Bridgewater) and Trellis at Lee's Mill Apartments (Trellis), respectively, from an unaffiliated third party. Bridgewater is a 216 unit multifamily apartment community located in Hampton, Virginia. Trellis is a 176 unit multifamily apartment community located in Newport News, Virginia. The purchase price for Bridgewater and Trellis was \$18,590,000 and \$8,825,000, respectively. The purchase price for Bridgewater and Trellis was funded with new first mortgage debt secured by the respective property in the amount of \$14,212,500 and \$6,750,000, respectively, with the balance coming from available cash.

On November 4, 2004, the Operating Partnership, through its newly formed and wholly owned subsidiaries, BIR Arboretum L.L.C. and BIR Silver Hill L.L.C., purchased Arboretum Place Apartments (Arboretum) and Silver Hill at Arboretum Apartments (Silver Hill), respectively, from an unaffiliated third party. Arboretum is a 184 unit multifamily apartment community located in Newport News, Virginia. Silver Hill is a 153 unit multifamily apartment community also located in Newport News, Virginia. The gross purchase price for Arboretum and Silver Hill was \$10,575,000 and \$4,350,000, respectively. The properties were purchased subject to the assumption of the existing mortgages outstanding on the properties with a face value of approximately \$5,929,000 and \$3,444,000, respectively. The purchase price, net of assumed debt, was paid from available cash. Pursuant to the provisions of SFAS No. 141, Business Combinations, the assumed mortgages were recorded at fair value, based on the present value of the amounts to be paid under the obligations. The fair market value of the debt assumed on Arboretum and Silver Hill is \$6,894,193 and \$4,010,241, respectively. Additionally, on November 4, 2004, the Company acquired the vacant land adjacent to Arboretum for \$1,500,000 from F.C. Arboretum Land Associates, L.P. The purchase of the land was funded with available cash.

Effective September 24, 2004, the Operating Partnership consummated the JV BIR/ERI, L.L.C. multifamily venture agreement (JV BIR/ERI) with Equity Resources Investments, L.L.C. (ERI), an unrelated third party whereby each of the parties to the agreement will participate, on a pro rata basis, in the economic benefits of the partnership interests purchased from Capital Realty Investors-II Limited Partnership (CRI). Under the terms of the limited liability company agreement governing JV BIR/ERI, the Operating Partnership will own a 58% interest as the managing member and ERI will own the remaining 42% interest. All profits and losses will be shared by the Operating Partnership and ERI on a pro rata basis according to their respective ownership interests. Affiliates of the Operating Partnership will be entitled to perform asset management and property management services and receive fees in payment thereof. The Company evaluated its investment in the BIR/ERI and concluded that the investment did not fall under the requirements of FIN 46R, Emerging Issues Task Force Issue No. 03-16, Accounting for Investments in Limited Liability Companies, Statement of Position 78-9, Accounting for Investments in Real Estate Ventures or Accounting Principles Board Opinion No. 18, The Equity Method of Accounting for Investments in Common Stock; therefore the Company accounted for the investment under Accounting Research Bulletin 51, Consolidated Financial Statements (ARB 51) based on its controlling interest in the subsidiary.

On November 17, 2004, the Operating Partnership, through JV BIR/ERI, completed the acquisition of 100% of the outstanding limited and general partner interests of Arrowhead Apartments Associates Limited Partnership, the fee owner of Arrowhead Apartments (Arrowhead), a 200 unit multifamily apartment community located in Palatine, Illinois, and Moorings Apartments Associates Limited Partnership, the fee owner of Moorings Apartments (Moorings), a 216 unit multifamily apartment community located in Roselle, Illinois. The net purchase price for the Arrowhead and Moorings interests was \$1,313,392 and \$416,455, respectively. The properties owned by the partnerships were subject to existing mortgages at the time of the purchase of the Arrowhead and Moorings interests. These mortgages were recorded at their fair value pursuant to the provisions of SFAS No. 141. The fair value approximates the payoff value of the amounts to be paid under the obligations, including the right of defeasance. JV BIR/ERI exercised its right of defeasance and extinguished the outstanding mortgage obligations of approximately \$7,431,000 and \$8,801,000, respectively. The purchase price and payoff of the existing mortgages were funded through a combination of new mortgage debt, available cash and contributions from our Venture Partner.

On December 28, 2004, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Yorktowne, L.L.C., consummated the acquisition of 100% of the fee simple interest of Yorktowne at Olde Mill Apartments (Yorktowne), a 216 unit multifamily apartment community located in Millersville, Maryland, from EQR-Yorktowne Vistas, Inc., an unrelated third party, for \$21,500,000, plus customary closing costs. The purchase price was paid from available cash. As of December 31, 2004, the Operating Partnership had locked the interest rate on \$16,125,000 of first mortgage debt at a fixed interest rate of 5.13% for ten years secured by the Yorktowne property. The

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

Company completed the financing in January 2005. See note 9, *Commitments and Contingencies* and note 16, *Subsequent Events* for additional details related to the Yorktowne mortgage debt.

On December 29, 2004, the Operating Partnership, through JV BIR/ERI, completed the acquisition of 100% of the outstanding limited and general partner interests of Blackburn Associates Limited Partnership, the fee owner of Country Place I Apartments (Country Place I), a 192 unit multifamily apartment community located in Burtonsville, Maryland, and Second Blackburn Associates Limited Partnership, the fee owner of Country Place II Apartments (Country Place II), a 120 unit multifamily apartment community also located in Burtonsville, Maryland. The net purchase price for the Country Place I and Country Place II interests was \$7,769,720 and \$5,054,677, respectively. The properties owned by the partnerships were subject to existing mortgages at the time of the purchase of the Country Place I and Country Place II interests. These mortgages were recorded at their fair value pursuant to the provisions of SFAS No. 141. The fair value approximates the payoff value of the amounts to be paid under the obligations, including the right of prepayment. JV BIR/ERI exercised its right of prepayment on the purchase date and extinguished the outstanding mortgage obligations of approximately \$6,728,000 and \$4,078,000, respectively. The purchase price and payoff of the existing mortgages were funded through a combination of new mortgage debt, available cash and contributions from our Venture Partner.

2. SIGNIFICANT ACCOUNTING POLICIES

Principles of combination and consolidation

The accompanying consolidated and combined financial statements include the accounts of the Company, its wholly-owned subsidiaries and entities which it controls in accordance with Accounting Research Bulletin No. 51, Consolidated Financial Statements, Statement of Financial Accounting Standards (SFAS) No. 94, Consolidation of All Majority-Owned Subsidiaries and the Financial Accounting Standards Board Interpretation (FIN) No. 46 (R), Consolidation of Variable Interest Entities. Variable interest entities (VIEs) are entities in which the equity investors do not have a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support. In accordance with FIN No. 46 (R), the Company consolidates VIEs for which it has a variable interest (or a combination of variable interests) that will absorb a majority of the entity's expected losses, receive a majority of the entity's expected residual returns, or both, based on an assessment performed at the time the Company becomes involved with the entity. The Company reconsiders this assessment only if the entity's governing documents or the contractual arrangements among the parties involved change in a manner that changes the characteristics or adequacy of the entity's equity investment at risk, some or all of the equity investment is returned to the investors and other parties become exposed to expected losses of the entity, the entity undertakes additional activities or acquires additional assets beyond those that were anticipated at inception or at the last reconsideration date that increase its expected losses, or the entity receives an additional equity investment that is at risk, or curtails or modifies its activities in a way that decreases its expected losses.

For entities not deemed to be VIEs, the Company consolidates those entities in which it owns a majority of the voting securities or interests, except in those instances in which the minority voting interest owner effectively participates through substantive participative rights, as discussed in Emerging Issues Task Force No. 96-16 and Statement of Position No. 78-9. Substantive participatory rights include the ability to select, terminate, and set compensation of the investee's management, the ability to participate in capital and operating decisions of the investee (including budgets), in the ordinary course of business.

The Company owns a majority interest in JV BIR/ERI L.L.C., a venture that owns multifamily apartment communities with a partner. The Company has determined that the entity did not meet the requirements for consolidation as a variable interest entity under Financial Interpretation No. 46R. However the Company has determined that the entity should be consolidated under Accounting Research Bulletin No. 51 *Consolidated Financial Statements*, based on its controlling financial interest in the entity.

Real estate

Real estate assets are recorded at depreciated cost. Costs related to the acquisition, rehabilitation and improvement of properties are capitalized. Recurring capital improvements typically include appliances, carpeting, flooring, HVAC equipment, kitchen and bath cabinets, site improvements and various exterior building improvements. Non-recurring upgrades include kitchen and bath upgrades, new roofs, window replacements and the development of on-site fitness, business and community centers.

The Company accounts for its acquisitions of investments in real estate in accordance with Statement of Financial Accounting Standards (SFAS) No. 141, Business Combinations, which requires the fair value of the real estate acquired to be allocated to the acquired tangible assets, consisting of land, building, furniture, fixtures and equipment and identified intangible assets and liabilities, consisting of the value of the above-market and below-market leases, the value of in-place leases and value of other tenant relationships, based in each case on their fair values. The Company considers acquisitions of operating real estate assets to be businesses as that term is contemplated in Emerging Issues Task Force Issue No. 98-3, Determining Whether a Nonmonetary Transaction Involves Receipt of Productive Assets or of a Business.

The Company allocates purchase price to the fair value of the tangible assets of an acquired property (which includes land, building, furniture, fixtures and equipment) determined by valuing the property as if it were vacant. The as-if-vacant value is allocated to land and buildings, furniture, fixtures and equipment based on management's determination of the relative fair values of these assets.

Above-market and below market in-place lease values for acquired properties are recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable term of the lease. The capitalized above-market lease values are amortized as a reduction of rental income over the remaining non-cancelable terms of the respective leases. The capitalized below-market lease values are amortized as an increase to rental income over the initial term and any fixed-rate renewal periods in the respective leases.

Management may engage independent third-party appraisers to perform these valuations and those appraisals use commonly employed valuation techniques, such as discounted cash flow analyses. Factors considered in these analyses include an estimate of carrying costs during hypothetical expected lease-up periods considering current market conditions, and costs to execute similar leases. The Company also considers information obtained about each property as a result of its pre-acquisition due diligence, marketing and leasing activities in estimating the fair value of the tangible and intangible assets acquired. In estimating carrying costs, management also includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods depending on specific local market conditions and depending on the type of property acquired.

The total amount of other intangible assets acquired is further allocated to in-place leases, which includes other tenant relationship intangible values based on management's evaluation of the specific characteristics of the residential leases and the Company's tenant retention history.

The value of in-place leases and tenant relationships are amortized over the initial term of the respective leases. The following condensed table provides the amounts assigned to each major balance sheet asset caption for the 2004 acquisitions as of the acquisition date:

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

Property	Multifamily Apartment Communities	Acquired In-Place Leases and tenant relationships	Total booked at acquisition date

Yorktowne	21,616,443	376,045	21,992,488
Total	\$117,744,621	\$2,602,064	\$120,346,685

Expenditures for ordinary maintenance and repairs are charged to operations as incurred. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets, as follows:

Rental property	25 to 27.5 years
Improvements	5 to 20 years
Appliances and equipment	3 to 8 years

When a property is sold, its costs and related depreciation are removed from the accounts with the resulting gains or losses reflected in net income or loss for the period.

Pursuant to Statement of Financial Accounting Standards Opinion No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, management reviews its long-lived assets used in operations for impairment when there is an event or change in circumstances that indicates impairment in value. An asset is considered impaired when the undiscounted future cash flows are not sufficient to recover the asset's carrying value. If such impairment is present, an impairment loss is recognized based on the excess of the carrying amount of the asset over its fair value. The evaluation of anticipated cash flows is highly subjective and is based in part on assumptions regarding future rental occupancy, rental rates and capital requirements that could differ materially from actual results in future periods. No such impairment losses have been recognized to date.

Cash and cash equivalents

The Company invests its cash primarily in deposits and money market funds with commercial banks. All short-term investments with maturities of three months or less from the date of acquisition are included in cash and cash equivalents. The cash investments are recorded at cost, which approximates current market values.

Concentration of credit risk

The Company maintains cash deposits with major financial institutions, which from time to time may exceed federally insured limits. The Company does not believe that this concentration of credit risk represents a material risk of loss with respect to its financial position.

Investments

The Company accounts for its investments in accordance with Statement of Financial Accounting Standards (SFAS) No. 115, Accounting for Certain Investments in Debt and Equity Securities. At the time of purchase, fixed maturity securities are classified based on intent, as held-to-maturity, trading, or available-for-sale. In order for the security to be classified as held-to-maturity, the Company must have positive intent and ability to hold the securities to maturity. Securities held-to-maturity are stated at cost adjusted for amortization of premiums and accretion of discounts. Securities that are bought and held principally for the purpose of selling them in the near term are classified as trading. Securities that do not meet this criterion are classified as available-for-sale. Available-for-sale securities are carried at aggregate fair value with changes in unrealized gains or losses reported as a component of comprehensive income. Fair values for publicly traded securities are obtained from external market quotations. All security transactions are recorded on a trade date basis.

The Company s accounting policy for impairment requires recognition of an other-than-temporary impairment write-down on a security if it is determined that the Company is unable to recover all amounts due under the contractual obligations of the security. In addition, for securities expected to be sold, an other-than-temporary impairment charge is recognized if the Company does not expect the fair value of a security to recover to cost or amortized cost prior to the expected date of sale. Once an impairment charge has been recorded, the Company then continues to review the other-than-temporarily impaired securities for additional impairment, if necessary.

Cash restricted for tenant security deposits

Cash restricted for tenant security deposits represents security deposits held by the Company under the terms of certain tenant lease agreements.

Replacement reserve escrows

Certain lenders require escrow accounts for capital improvements. The escrows are funded from operating cash, as needed.

Unconsolidated investments in Mortgage Funds

The acquisition of the Interests in the Mortgage Funds by the Company has been accounted for using purchase accounting based upon the fair value of the Preferred Shares for the interests acquired. The fair value was determined to be the \$25.00 liquidation preference for the Preferred Shares since this was most readily available market value at the date of the closing of the Offering.

This transaction generated a basis difference between the Company s investment in the Mortgage Funds (fair value) and its underlying equity in the net assets of the Mortgage Funds (book value). The excess of the book value over the carrying value for each Mortgage Fund has been allocated to such fund s mortgage loan investments based upon their relative value. Such allocated amounts are being amortized into income over the contractual life of the respective mortgage loans on a basis which approximates the effective interest method. Amounts allocated into income are accelerated upon the early repayment of the respective mortgage loans.

The Company is accounting for its investments in the Mortgage Funds, which it does not control, using the equity method of accounting. Under the equity method of accounting, the net equity investment of the Company is reflected on the balance sheet, and the Company s share of net income or loss from the Mortgage Funds is included on the statement of operations.

Deferred expenses

Fees and costs incurred to obtain long-term financing have been deferred and are being amortized over the terms of the related loans, on a method which approximates the effective interest method.

Minority Interest in Properties

Unaffiliated third parties have ownership interests in seven of the Company's multifamily apartment communities. Such interests are accounted for as *Minority Interest in Properties* in the accompanying financial statements. Allocations of earnings and distributions are made to minority holders based upon their respective share allocations. Losses in excess of minority holders' investment basis are allocated to the Company. Distributions from operations to the minority holders in excess of their investment basis are recorded in the Company's statement of operations as *Minority Interest in Properties* as there is typically no legal obligation for such investors to restore deficit capital accounts.

Minority Interest in Operating Partnership

In accordance with the Emerging Issues Task Force Issue (EITF) No. 94-2, Treatment of Minority Interest in Certain Real Estate Investment Trusts, KRF Company and affiliates' common limited partnership interest in the Operating Partnership is being reflected as *Minority Interest in Operating Partnership* in the financial statements of the Company. Upon completion of the Offering, the net equity to the common and general partner interests in the Operating Partnership was less than zero after an allocation to the Company and affiliates' preferred interest in the Operating Partnership. Further, KRF Company and affiliates have no obligation to fund such deficit. Accordingly, for financial reporting purposes, KRF Company and affiliates' minority interest in the Operating Partnership has been reflected as zero with common stockholders' equity being reduced for the deficit amount.

In accordance with the guidance in EITF No. 95-7, Implementation Issues Related to the Treatment of Minority Interests in Certain Real Estate Investment Trusts, earnings of the Operating Partnership are first being allocated to the preferred interests held by the Company. The remainder of earnings, if any, are allocated to the Company's general partner and KRF Company and affiliates' common limited partnership interests in accordance with their relative ownership percentages. The excess of the allocation of income to KRF Company and affiliates over cash distributed to them will be credited directly to the Company's equity (with a corresponding debit to minority interest) until the minority interest deficit that existed upon the completion of the Offering is eliminated. Distributions to the minority holders in excess of their investment basis are recorded in the Company's statement of operations as *Minority Interest in Operating Partnership*.

Stockholders' equity/owners' deficit

Capital contributions, distributions and profits and losses are allocated in accordance with the terms of the individual partnership and or limited liability company agreements. Distributions and dividends are accrued and recorded in the period declared.

Equity offering costs

Underwriting commissions and offering costs have been reflected as a reduction of proceeds from issuance of the Preferred Shares.

Debt extinguishment costs

Effective January 1, 2003, the Company adopted Statement of Financial Accounting Standards No. 145, Rescission of FAS Nos. 4, 44, and 64, Amendment of FAS 13, and Technical Corrections. Prior periods that included such debt extinguishment costs have been reclassified to conform to this standard.

Prior to the adoption of FAS 145, the Company classified costs associated with the early extinguishment of debt as extraordinary items. In accordance with FAS 145, the Company has determined that such costs do not meet the criteria for classification as extraordinary pursuant to APB Opinion No. 30. Accordingly, costs associated with the early extinguishment of debt are included in the caption "loss on extinguishment of debt" in the Statements of Operations for the years ended December 31, 2004, 2003 and 2002.

Rental revenue

The properties are leased with terms of generally one year or less. Rental revenue is recognized when earned. Recoveries from tenants for utility expenses are recognized in the period the applicable costs are incurred.

Other income

Other income, which consists primarily of income from damages, laundry, cable, phone, pool, month to month tenants, relet fees and pet fees, is recognized when earned.

Income taxes

The Company elected to be treated as a real estate investment trust (REIT) under Section 856 of the Internal Revenue Code of 1986, as amended (the "Code"), with the filing of its first tax return. As a result, the Company generally is not subject to federal corporate income tax on its taxable income that is distributed to its stockholders. A REIT is subject to a number of organizational and operational requirements, including a requirement that it currently distribute at least 90% of its annual taxable income. The Company's policy is to make sufficient distributions of its taxable income to meet the REIT distribution requirements.

The Company must also meet other operational requirements with respect to its investments, assets and income. The Company monitors these various requirements on a quarterly basis and believes that as of and for the years ended December 31, 2004 and 2003, it was in compliance on all such requirements. Accordingly, the Company has made no provision for federal income taxes in the accompanying consolidated financial statements.

The net difference between the tax basis and the reported amounts of the Company's assets and liabilities is approximately \$925,000 and \$3,800,000 as of December 31, 2004 and 2003, respectively. The Company believes that due to its structure and the terms of the partnership agreement of the Operating Partnership, if the net difference is realized under the Code, any impact would be substantially realized by the common partners of the Operating Partnership and the impact on the common and preferred shareholders would be negligible.

Recent Accounting Pronouncements

In January 2003, the FASB issued Financial Interpretation No. 46 "Consolidation of Variable Interest Entities" (FIN 46), as further revised in December 2003 (FIN 46R), which clarifies the application of Accounting Research Bulletin No. 51, "Consolidated Financial Statements," to certain entities in which equity investors do not have a controlling interest or sufficient equity at risk for the entity to finance its activities without additional financial support. FIN 46 requires that if a business entity has a controlling financial interest in a variable interest entity, the financial statements must be included in the consolidated financial statements of the business entity. The adoption of FIN 46 for all interests in variable interest entities created after January 31, 2003 was effective immediately. For variable interest

entities created before February 1, 2003, it was effective July 1, 2003. The Company adopted FIN 46R during the first quarter of 2004. The Company evaluated its investments in the Mortgage Funds interests for which it previously offered to exchange the Preferred Shares, its investment in the

Multifamily Venture and JV BIR/ERI and concluded that the investments did not meet the requirements for consolidation under FIN 46R. In the case of JV BIR/ERI, the Company determined that proper accounting treatment required consolidation of the entity pursuant to Accounting Research Bulletin 51, Consolidated Financial Statements .

At their March 2005 meeting, the Emerging Issues Task Force ("EITF") reaffirmed its position regarding Issue 04-5, Investor's Accounting for an Investment in a Limited Partnership When the Investor Is the Sole General Partner and the Limited Partners Have Certain Rights . Issue 04-5 addresses when it is appropriate for a general partner of a limited partnership to consolidate the activities of the limited partnership. The Task Force has concluded that the general partner of a limited partnership should consolidate a limited partnership unless, the limited the limited partners possess substantive kick-out rights as defined in paragraph B20 of FIN 46(R), Consolidation of Variable Interest Entities, or (2) the limited partners possess substantive participating rights similar to the rights described in Issue 96-16, Investor's Accounting for an Investee When the Investor has a Majority of the Voting Interest but the Minority Shareholder or Shareholders Have Certain Approval or Veto Rights. In addition, the Task Force has concluded that the guidance should be expanded to include all limited partnerships, including those with multiple general partners. The Issue has not been finalized and no effective date has been announced. At this time, the Company does not anticipate that Issue 04-5 will have a material effect on the consolidated and combined results of the Company. The Company will evaluate its limited partnership activity when the EITF finalizes its guidance under Issue 04-5.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, contingent assets and liabilities at the date of financial statements and revenue and expenses during the reporting period. Such estimates include the amortization of acquired in-place leases and tenant relationships, the allowance for depreciation and the fair value of the accrued participating note interest. Actual results could differ from those estimates.

3. MULTIFAMILY APARTMENT COMMUNITIES

The following summarizes the carrying value of the Company's multifamily apartment communities:

	December 31, 2004	2003
Land	\$ 39,105,352	\$ 23,031,562

6. INVESTMENT IN MULTIFAMILY VENTURE

Effective May 1, 2004, the Company consummated the Limited Liability Company Agreement of JV Marina Mile with a partner whereby each of the parties to the agreement will participate, on a pro rata basis, in the economic benefits of the ownership of Marina Mile. Under the terms of the Multifamily Venture agreement governing the entity, the partner contributed, in cash, 65% of the total venture equity in exchange for a 65% interest in the L.L.C. The Operating Partnership contributed its interest in Marina Mile, L.L.C., the fee simple owner of the property, in exchange for a 35% interest in the L.L.C. and a cash distribution of approximately \$3,594,693 net of \$387,236 of additional capital

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

invested by the Operating Partnership. Both parties will receive proportional distributions of available cash up to the effective 10% Preferred Return. After payment of the Preferred Return and the return of each party's capital contribution, the Operating Partnership will be entitled to additional distributions equal to approximately 30% of the distributions otherwise payable to the venture partner. The Operating Partnership is the managing member for the Multifamily Venture. The Company evaluated its investment in the Multifamily Venture and concluded that the investment did not fall under the requirements of FIN 46R; therefore the Company accounted for the investment under Statement of Position 78-9, Accounting for Investments in Real Estate (SOP 78-9) as an equity method investment.

The summarized balance sheet of the Multifamily Venture is as follows:

ASSETS	December 31, 2004
Multifamily apartment communities, net	\$23,215,432
Cash and cash equivalents	494,376
Other assets	542,285
Total Assets	\$24,252,093
LIABILITIES AND OWNERS' EQUITY	
Mortgage notes payable	\$17,400,000
Other liabilities	353,522
Owners' equity	6,498,571
Total liabilities and owners' equity	\$24,252,093
Carrying value of the Company's investment in Multifamily Venture	\$ 2,274,500

The summarized statement of operations of the Multifamily Venture for the year ended December 31, 2004 is as follows:

	Year Ended December 31, 2004
Revenue	\$2,945,765
Expenses	3,942,013
Net loss	(996,248)
Net loss included in consolidated results	207,805
Net loss attributable to investment	\$(788,443)
Equity in loss of Multifamily Venture	\$(276,085)

To the extent that the Company contributes assets to a multifamily venture, the Company's investment in the multifamily venture is recorded at the Company's cost basis in the assets which were contributed to the multifamily venture. To the extent that the Company's cost basis is different than the basis reflected at the multifamily venture level, the basis difference is amortized over the life of the related asset and included in the Company's share of equity in net income of multifamily venture. In accordance with the provisions of SOP 78-9, the Company recognizes gains on the contribution of real estate to multifamily ventures, relating solely to the outside partner's interest, to the extent the economic substance of the transaction is a sale.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

As a result of the Multifamily Venture, Marina Mile, as a multifamily apartment community, is excluded from the consolidated balance sheet. The results of operations of Marina Mile, after contribution of the property to the Multifamily Venture on May 1, 2004, is included in the statement of operations under the caption, Equity in loss of Multifamily Venture. The Company's interest in the Multifamily Venture is included on the consolidated balance sheet as Investment in Multifamily Venture.

(1) Represents assumed balance of the mortgage note payable as adjusted to its fair value of as required by FAS 141 Business Combinations.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

(2) Laurel Woods is a variable rate mortgage subject to monthly adjustment based on changes to

the underlying reference rate of the loan. The rate is based on the Freddie Mac Reference Bill Index Rate plus 2.20% or, 4.29% at December 31, 2004.

All the mortgage notes are collateralized by the referenced property, which are all multifamily residential apartment communities. All payments on the outstanding mortgage notes are made timely and all the mortgage loans were current as of December 31, 2004 and 2003. Also, there were no amounts of principal on the notes that were subject to delinquent principal or interest as of December 31, 2004.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

Combined aggregate principal maturities of mortgage notes payable at December 31, 2004 are as follows:

2005	\$ 1,810,621
2006	2,506,583
2007	4,220,668
2008	4,424,148

On April 1, 2002, the mortgage notes payable on Century, Dorsey's Forge and Hannibal Grove were refinanced with \$22,800,000, \$10,635,000 and \$16,145,000, respectively, non-recourse mortgage notes payable, which are collateralized by the related properties. The interest rates on the notes are fixed at 5.96%. The notes mature on April 1, 2007, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice. As discussed below, these mortgage notes were refinanced on November 1, 2004. The Company used the proceeds from the refinancing on Century, Dorsey's Forge and Hannibal Grove to repay the existing mortgage notes and accrued interest, to pay closing costs, and to fund escrows required by the lender. The remaining cash of \$11,357,000 was distributed to the owners. The Company also recognized a \$610,000 loss resulting from the prepayment penalty upon the early principal repayment and write-off of unamortized deferred financing costs for each of the notes payable, which is reflected in the statement of operations for the year ended December 31, 2002.

On July 31, 2002, the mortgage note payable on Seasons of Laurel was refinanced with a \$52,500,000 non-recourse mortgage note payable, which is collateralized by the property. The fixed interest rate on the note is 5.74%. The mortgage note matures on August 1, 2009, at which time the remaining principal and accrued interest are due. The note may be prepaid, subject to a prepayment penalty, at any time with 30 days notice. The Company used the proceeds from the refinancing to repay the existing mortgage note and accrued interest, to pay closing costs, and to fund escrows required by the lender. The remaining cash of \$14,579,000 was distributed to the owners. The Company also recognized a \$558,000 loss resulting from the prepayment penalty upon the early principal repayment and write-off of unamortized deferred financing costs, which is reflected in the statement of operations for the year ended December 31, 2002.

The McNab partnership interests contributed to the Operating Partnership by George and Douglas Krupp were subject to certain obligations of McNab and its partners including the assumption of \$13,398,430 of first mortgage debt, including accrued interest, \$4,161,551 of principal, accrued interest, participation interest and interest rebates collateralized by the partnership interests (the Additional Loan) and the assumption of approximately \$1,266,245 of liabilities payable to other affiliates of the Company. Upon completion of the acquisition, the Operating Partnership immediately paid off the first mortgage and Additional Loan debt totaling \$18,244,282 using available cash. The Company recognized a loss of approximately \$252,000 resulting from the write-off of unamortized deferred financing costs. In accordance with FAS 145, the Company has determined that such costs do not meet the criteria for classification as extraordinary pursuant to APB Opinion No. 30. Accordingly, costs associated with the early extinguishment of debt are included in the caption Loss on extinguishment of debt in the consolidated statement of operations for the year ended December 31, 2003. Furthermore, costs previously classified as extraordinary in prior periods have been reclassified to conform with the adoption of this pronouncement.

In accordance with SOP 97-1, Accounting by Participating Mortgage Loan Borrowers, the Company estimated the fair value of the participation feature in the first mortgage debt of McNab noted above to be approximately \$720,000 at December 31, 2002 and was recorded as due to affiliates in the accompanying balance sheet. The fair value of the participating interest was deferred and amortized into the statement of operations over the first mortgage debt's estimated life using the effective interest rate method.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

The lender on both the Additional Loan and the first mortgage for McNab was GIT. As of the completion of the Offering, the Operating Partnership owned approximately 31% of GIT. The Operating Partnership received \$5,650,000 as a special distribution from GIT after the payoff of this indebtedness on July 24, 2003.

On August 21, 2003, the Company refinanced its mortgage on Walden Pond. The original variable mortgage of \$4,353,438 was paid in full and the related deferred financing costs incurred in the original financing was recorded in Loss on extinguishment of debt in the consolidated financial statement of operations for the year ended December 31, 2003. The new financing of \$12,675,000, with a fixed interest rate of 4.86% for a term of 10 years and related deferred financing costs are included on the accompanying balance sheet at December 31, 2004 and 2003.

On August 21, 2003 and August 15, 2003, the Company obtained non-recourse mortgage notes payable on Windward and Gables for \$13,467,000 and \$5,325,000, respectively, which are collateralized by the related properties. The interest rates on the notes are fixed at 5.10% and 4.86%, respectively. The notes mature on September 1, 2012 and September 1, 2013, respectively, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

On November 25, 2003, the Company obtained a mortgage note payable on St. Marin/Karrington for \$32,500,000, which is collateralized by the related property. The interest rate on the note is fixed at 4.90% for a 9 year term. The note is an interest only note which may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

On August 16, 2004, the Company secured a \$3,320,000 first mortgage on Laurel Woods Apartments in Houston, Texas. Under the terms of the note, the mortgage bears interest at a variable rate of the Reference Bill plus 2.20%, or 4.29% at December 31, 2004, and matures on September 1, 2011. The variable interest rate is capped at 6.75% for the term of the loan.

On November 1, 2004, the mortgage notes payable on Century, Dorsey's Forge and Hannibal Grove were refinanced with \$29,520,000, \$16,200,000 and \$26,600,000, respectively, non-recourse mortgage notes payable, which are collateralized by the related properties. The interest rates on the notes are fixed at 4.87% for the Century note and 4.86% for both the Dorsey's Forge and Hannibal Grove notes. The notes mature on November 1, 2013, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

The Company used the proceeds from the refinancing on Century, Dorsey's Forge and Hannibal Grove to repay the existing mortgage notes and accrued interest, to pay closing costs, and to fund escrows required by the lender. Of the remaining cash of \$21,905,000, \$2,821,344 was distributed to our joint venture partner and the balance has been retained for general operating purposes. The Company also recognized a \$1,059,143 loss resulting from the prepayment penalty upon the early principal repayment and write-off of unamortized deferred financing costs for each of the notes payable, which is reflected in the statement of operations for the year ended December 31, 2004.

On November 3, 2004, the Company secured \$14,212,500 and \$6,750,000 of first mortgage non-recourse mortgage financing on the Bridgewater and Trellis properties, respectively, which is collateralized by the properties. The interest rates on the notes are 5.11% and 5.07%, respectively, and are fixed for the term of the loans. The notes mature on December 1, 2013, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

On November 4, 2004, the Company, simultaneously with the purchase of the Arboretum and Silver Hill apartment communities, assumed a fixed rate mortgage on each of the properties. The outstanding balance of the mortgage secured by the Arboretum property was \$5,928,659 and has an interest rate of

7.18% for the original 30 year term of the loan. The loan originated on September 23, 1994 and can be prepaid generally no earlier than November 1, 2024, subject to a prepayment penalty. The outstanding balance of the mortgage secured by the Silver Hill property was \$3,444,109 and also has an interest rate of 7.18% for the original 30 year term of the loan. The loan originated on September 23, 1994 and can be prepaid generally no earlier than November 1, 2024, subject to a prepayment penalty. In accordance with FAS 41, Business Combinations, the Company recorded these mortgages at fair value, which was determined by calculating the present value of the future payments at current interest rates. The fair market value for the debt assumed on Arboretum and Silver Hill is \$6,894,193 and \$4,010,241, respectively.

On December 2, 2004, the Company secured \$5,510,000 and \$5,775,000 of non-recourse mortgage financing on the Arrowhead and Moorings properties, respectively, which is collateralized by the properties. The interest rate of both notes is fixed at 5.00%. The notes mature on January 1, 2014, at which time the remaining principal and accrued interest are due. The notes may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

On December 29, 2004, the Company secured \$15,520,000 of non-recourse mortgage financing on the Country Place I and Country Place II properties, which is collateralized by both properties. The interest rate on the note is fixed at 5.01%. The note matures on January 1, 2015, at which time the remaining principal and accrued interest are due. The note may be prepaid, subject to a prepayment penalty, at any time with 30 days of notice.

8. DECLARATION OF DIVIDEND AND DISTRIBUTIONS

On March 25, 2003, the Company's Board of Directors (the Board) declared a dividend at an annual rate of 9%, on the stated liquidation preference of \$25 per share of the outstanding Preferred Shares of the Company which is payable quarterly in arrears, on February 15, May 15, August 15, and November 15 of each year to shareholders of record in the amount of \$0.5625 per share per quarter. The first quarterly dividend paid on May 15, 2003 was prorated to reflect the issue date of the Preferred Stock. Total	\$0.018624	100.0%	\$0.009312	100.0%

The Company's policy to provide for distributions is based on available cash and Board approval.

9. COMMITMENTS AND CONTINGENCIES

The Company is party to certain legal actions arising in the ordinary course of its business, such as those relating to tenant issues. All such proceedings taken together are not expected to have a material adverse effect on the Company. While the resolution of these matters cannot be predicted with certainty, management believes that the final outcome of such legal proceedings and claims will not have a material adverse effect on the Company's liquidity, financial position or results of operations.

The Company entered into indemnification agreements with each of the independent members of the Board and its president on August 12, 2003. The agreements indemnify our independent Board members and president with respect to claims arising from or related to their service to the Company to the extent permitted under Maryland law.

As of December 31, 2004, the Company has purchase commitments with a supplier of natural gas to provide the daily gas requirements of the Season of Laurel property in Maryland. The term of the commitment is January 1, 2005 to June 30, 2005. The agreement obligates the Company to purchase the agreed upon quantities on a daily basis at a fixed rate per unit. The total obligation under the agreement is not material.

On December 22, 2004, the Company locked the interest rate on \$16,125,000 of first mortgage debt to finance the acquisition of Yorktowne Apartments. The terms of the debt commitment include a fixed interest rate of 5.13%, a maturity date of February 1, 2015 and an interest only option for the first two years with amortization based on a 360 month payment term beginning in year three. Under the terms of the rate lock agreement, the Company was required to make a good faith deposit equal to three percent of the committed loan amount, or \$483,750. The Company closed on this financing on January 26, 2005.

10. MINORITY INTERESTS*Minority Interest in Properties*

Three of our properties, Dorsey's Forge Apartments, Hannibal Grove Apartments and Century II Apartments, are owned with a third party who was given certain rights when the properties were acquired. Among those rights is the right to require us to use our good faith efforts to sell the properties during a 180-day period beginning on April 27, 2005. There have been no communications between the third party and us regarding their intentions. We believe that if the third party exercised this right on one or more of these properties, it would be willing to allow us to retain the properties and instead accept a cash payment from us equal to what it would have received in an arm's-length sale, if we decided to make such a proposal to the third party. Our interest in each of Dorsey's Forge and Hannibal Grove Apartments is 91.382% and our interest in Century II Apartments is 75.82%. At December 31, 2004, we estimate the total value of the third party's interest in these properties at approximately \$5,500,000.

Additionally, as a result of the refinancing of these properties' mortgages, distributions totaling \$2,821,344 were made to the third party partner based on their interest in the properties. The Company retained the balance of the net proceeds as working capital.

Minority Interest in Operating Partnership

The following table sets forth the calculation of minority interest in the Operating Partnership at December 31:

	2004	2003
Net income (loss)	\$ (7,811,651)	\$ 3,642,260
Add:		
Minority common interest in Operating Partnership	976,100	732,075

Common Operating Partnership units of minority interest	97.61%	97.61%
Minority common interest in Operating Partnership	\$(13,212,846)	\$ (563,135)

Since the result continues to be negative and there is no positive basis in the Operating Partnership, there was no allocation to the minority common interest in Operating Partnership at December 31, 2004 and 2003, except to the extent distributions were paid or accrued.

The following table sets forth a summary of the items affecting the minority interest in the Operating Partnership:

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

- (1) Minority common interest in Operating Partnership is carried at zero on the balance sheet due to the minority interest having no obligation to fund losses/deficits.

As of December 31, 2004 and 2003, the minority interest in the Operating Partnership consisted of 5,242,223 Operating Partnership units held by parties other than the Company.

On August 12, 2003, the Board authorized the general partner of the Operating Partnership to distribute three quarterly distributions of \$250,000 from its operating cash flows to common general and common limited partners. The distributions were payable on August 15, 2003, November 15, 2003 and February 15, 2004. Total distributions authorized as of December 31, 2003 were \$750,000 of which \$250,000 was payable and included on the balance sheet in Dividends and Distributions Payable at December 31, 2004.

On May 11, 2004, the Board authorized the general partner of the Operating Partnership to distribute two quarterly distributions of \$250,000 each from its operating cash flows to common general and common limited partners, payable on May 15, 2004 and August 15, 2004.

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

On August 19, 2004, the Board authorized the general partner of the Operating Partnership to distribute two additional quarterly distributions of \$250,000 each from its operating cash flows to common general and common limited partners, payable on November 15, 2004 and February 15, 2005.

Total distributions authorized in 2004 totaled \$1,000,000 of which \$250,000 is payable and accrued as Dividends and Distributions Payable at December 31, 2004.

11. RELATED PARTY TRANSACTIONS

The Company pays property management fees to an affiliate for property management services. The fees are payable for the properties under management. On May 6, 2003, the Company's property manager agreed to reduce the property management fee payable by the Company from 5% of gross income to 4% of gross income. This change in the management fee has been applied prospectively effective April 1, 2003. Upon payoff of the McNab debt (Note 1), the property management fee for the Windward Lakes property was increased from 3% to 4% of gross income.

The Company pays asset management fees to an affiliate for asset management services. These fees are payable quarterly, in arrears, and may be paid only after all distributions currently payable on the Company's Preferred Shares have been paid. Effective April 4, 2003, the affiliate is entitled to receive annual asset management fees equal to 0.40% of the purchase price of real estate properties owned by the Company, as adjusted from time to time to reflect the then current fair market value of the properties. The purchase price is defined as the capitalized basis of an asset under GAAP, including renovation or new construction costs, costs of acquisition or other items paid or received that would be considered an adjustment to basis. Prior to April 4, 2003, asset management fees paid by the Predecessor were based on fees specified under the terms of the agreements governing the various Predecessor entities.

The Company also reimburses affiliates for certain expenses incurred in connection with the operation of the properties, including administrative expenses and salary reimbursements.

The Company pays acquisition fees to an affiliate for acquisition services. These fees are payable upon the closing of an acquisition of real property. The fee is equal to 1% of the purchase price of any new property acquired directly and indirectly by the Company. The purchase price is defined as the capitalized basis of an asset under GAAP, including renovations or new construction costs, cost of acquisition or other items paid or received that would be considered an adjustment to basis. The purchase price does not include acquisition fees and capital costs of a recurring nature. During the year ended December 31, 2004 and 2003, the Company incurred fees on the following acquisitions:

Acquisition	Acquisition Fee	Acquisition Fee
	2004	2003

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

All acquisition fees have been capitalized and are included in the caption "Multifamily apartments" in the accompanying balance sheet with the exception of the Windward Lakes acquisition fee, which has been expensed and included in management fees on the statement of operations because Windward Lakes is included in the financial statements in a method similar to a pooling of interests. Accordingly, all expenses associated with the Company's acquisition of Windward Lakes have been expensed.

During 2002, the Company paid an affiliate an advisory fee of \$255,000 related to the refinancing of Dorsey's Forge, Hannibal Grove, Century and Seasons of Laurel, which are included in deferred expenses at December 31, 2002.

Amounts accrued or paid to the Company's affiliates for the year ended December 31, 2004 and 2003 are as follows:

	Year ended December 31,	
	2004	2003
Property management fees	\$ 1,553,222	\$ 1,276,301
Expense reimbursements	232,065	165,417
Salary reimbursements	4,328,538	2,814,116

Asset management fees	1,180,545	647,567
Total	\$ 8,433,775	\$ 5,623,901

Expense reimbursements due to affiliates of \$3,046,064 and \$2,060,035 are included in due to affiliates at December 31, 2004 and 2003, respectively.

Expense reimbursements due from affiliates of \$1,183,242 and \$741,280 are included in due to affiliates at December 31, 2004 and 2003, respectively.

Amounts due to affiliates of \$1,862,822 and \$1,318,755 at December 31, 2004 and 2003, respectively, represent intercompany development fees and shared services.

In addition to the fees listed above, the Multifamily Venture paid Berkshire Advisor an acquisition fee of \$230,000 upon the consummation of the Multifamily Venture on May 1, 2004. Also, the Multifamily Venture paid a construction management fee of \$99,000 and a property management fee of \$81,889 to Berkshire Advisor during 2004.

The Company has an investment in the Mortgage Funds, which are affiliates of the Company, and which the Company does not control. The investment, which is recorded on the equity method, is included on the balance sheet, and the related equity in income of Mortgage Funds is included as a component of net income.

14. DISCLOSURES ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used to estimate the fair value of financial instruments:

Cash and cash equivalents

For those cash equivalents with maturities of three months or less from the date of acquisition, the carrying amount of the investment is a reasonable estimate of fair value.

Available for sales securities

For securities held for sale, the fair value of the securities are based on quoted market prices.

Mortgage notes payable

Market fixed rate mortgage notes payable - For fixed rate mortgages that have been obtained in the open market, the fair value is based on the borrowing rates currently available to the Company with similar terms and average maturities. The Company believes that the carrying amounts of the mortgages are reasonable estimates of fair value.

Market variable rate mortgage notes payable - For variable rate mortgages that have been obtained in the open market, the fair value is based on the borrowing rates currently available to the Company with similar terms and average maturities. The Company believes that the carrying amount of the mortgage is a reasonable estimate of fair value.

Assumed fixed rate mortgage notes payable - For fixed rate mortgage notes payable that the Company has assumed as part of various property acquisitions, the net present value of future cash flows method was used to determine the fair value of the liabilities when recorded by the Company. At December 31, 2004, the carrying amount is the fair value of the assumed mortgage notes payable.

15. SUBSEQUENT EVENTS

On January 26, 2005, the Company, through its wholly owned subsidiary, BIR Yorktowne, L.L.C., obtained a non-recourse mortgage note payable on Yorktowne for \$16,125,000, which is collateralized by the related property. The interest rate on the note is fixed at 5.03% for a term of 10 years. The note is interest only for two years and matures on February 1, 2015, at which time the remaining principal and accrued interest

Edgar Filing: BERKSHIRE INCOME REALTY INC - Form 10-K

is due. The note may be prepaid, subject to a prepayment penalty, at anytime with 30 days of notice.

On February 15, 2005, the Operating Partnership, through its newly formed and wholly owned subsidiary, BIR Westchester West, L.L.C., consummated the acquisition of 100% of the outstanding limited and general partner interests of BRI Westchester Limited Partnership, the fee simple owner of Westchester West Apartments, a 345 unit multifamily apartment community located in Silver Spring, Maryland, from BRH Westchester, L.L.C. and BRI OP Limited Partnership (collectively, the BRI OP Seller). BRI OP Seller is an affiliate of the Company. The purchase price, which was agreed upon through arms-length negotiations, was \$39,250,000, subject to normal operating pro rations. The acquisition was approved by the audit committee of the Board, which is comprised solely of directors who are independent under applicable rules and regulations of the SEC and the American Stock Exchange. The purchase price and related closing costs were funded in part through a \$29,500,000 first mortgage and available cash. The first mortgage has a fixed interest rate of 5.03% for a term of ten years.

On March 1, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Brompton Limited Partnership, consummated the acquisition of 100% of the fee simple interest of Waters on Brompton, a 362 unit multifamily apartment community located in Houston, Texas, from an unaffiliated third party. The acquisition was consummated pursuant to a winning bid placed on the property at foreclosure auction. The successful bid was \$14,400,000 and was immediately paid from available cash. The Company is currently seeking financing that, if obtained, would be collateralized by the property.

On March 16, 2005, the Company signed an agreement of sale with Owings Manor Realty, L.L.C. and GMAC Commercial Realty Partners, L.P. (collectively the Sellers) to purchase the 100% of the outstanding interests of Owings Manor Investors, L.L.C., the fee simple owner of Owings Manor Apartments, a 791 unit multifamily apartment community located in Reisterstown, Maryland. The Sellers are unaffiliated third parties. The purchase price is \$67,235,000, and is subject to normal operating apportionments as provided for in the agreement.

On March 16, 2005, the Company signed an agreement of sale with Pacy Oletsky, general and limited partner, Jack L. Baylin, general and limited partner, Michael Baylin, limited partner, Gail Baylin, limited partner, Bonnie Oletsky, limited partner, Howard Gartner, limited partner, Ruth P. Weiss, limited partner, The Abraham & Virginia Weiss Charitable Trust A, limited partner, and The Abraham & Virginia Weiss Charitable Trust B, limited partner (collectively the Owners) to purchase the 100% of the general and limited partner interests of Pelham Wood Limited Liability Limited Partnership, the fee simple owner of Pelham Wood Apartments, a 464 unit multifamily apartment community located in Baltimore, Maryland. The Owners are unaffiliated third parties. The purchase price is \$30,160,000, and is subject to normal operating apportionments as provided for in the agreement.

On March 30, 2005, the Operating Partnership, through a newly formed and wholly owned subsidiary, BIR Westchace Limited Partnership, completed the acquisition of Antilles Apartment Homes, a 324 unit multifamily apartment community located in Houston, Texas from Trivest Westpark L.P. (Trivest) the fee simple owner of the property. The Company will operate the property under the name Berkshires at Westchace Apartments. Trivest is not an affiliate of the Company. The purchase price was \$9,900,000, and was subject to normal operating pro rations. The purchase price was immediately paid from available cash. The Company is currently seeking financing that, if obtained, would be collateralized by the property.
