Proxies for use at the EGM are being solicited by the Board of Directors of the Company. Only shareholders of record at the close of business on March 22, 2005 will be entitled to receive notice of, and to vote at the EGM. Proxies are being mailed to shareholders on or about March 22, 2005 and will be solicited primarily by mail; however, certain of our officers, directors, employees and agents, none of whom will receive additional compensation therefore, may solicit proxies by telephone, telegram or other personal contact. We will bear the cost of the solicitation of the proxies by the Board of Directors, including postage, printing and handling, and will reimburse the reasonable expenses of brokerage firms and others for forwarding material to beneficial owners of Ordinary Shares.

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

On February 28, 2005, the Company had outstanding 184,402,060 Ordinary Shares. The holder of each Ordinary Share is entitled to one vote upon each of the matters to be presented at the EGM. Two or more shareholders holding Ordinary Shares conferring in the aggregate at least one-third of our voting rights, present in person or by proxy at the EGM, or who have delivered to us a deed of vote, and entitled to vote, will constitute a quorum at the EGM.

Background to EGM

Since launching full commercial operations in January 1999, the Company has evolved from an early stage company relying on external capital to fund operations and network build-out, to a more mature operating business with GSM and 3G networks and approximately 32% share of the Israeli cellular market, and generating significant cash flow. The Company now plans to recapitalize its balance sheet in line with its current business profile.

The principal elements of the recapitalization are as follows:

1. entering into a new senior credit facility, to replace our existing senior credit facility, whose outstanding balance was approximately US\$ 273 million as of February 28, 2005, discussed in this Item 1 below;
2. the planned issuance of new notes with a principal amount of up to 1.5 billion in Israel (the **New Notes**). The securities offered will not be or have not been registered under the U.S. Securities Act of 1933 and may not be offered or sold in the United States absent registration or an applicable exemption from registration requirements.
3. the repurchase of up to 33,317,932 Ordinary Shares of the Company from its founding Israeli shareholders at an aggregate price of up to approximately NIS 1.1 billion (the **Repurchase Transaction**), discussed in Item 3 below; and
4. the planned redemption of the 13% senior subordinated notes we issued in August 2000 (the **13% Notes**).

We currently intend to use the proceeds of our new senior credit facility and the proceeds from the anticipated issuance of debt securities to (i) complete the Repurchase Transaction, (ii) redeem the 13% Notes at a cost of approximately \$193 million, assuming redemption in August 2005 (and assuming receipt of any corporate approvals required by law), (iii) repay outstanding amounts under our existing senior credit facility, and (iv) general corporate purposes. Our board of directors has not yet approved the issuance of New Notes nor the redemption of the 13% Notes.

As conditions to the Repurchase Transaction, we are requesting that our shareholders approve (i) our entering into a new senior credit facility and (ii) the amendment to our Articles of Association, discussed in Item 2 below and relating primarily to the requirement in our license that at least 5% of our means of control be held by Israeli shareholders that meet certain conditions detailed in our license and the establishment of a committee for security matters. If either of these approvals from our shareholders is not received, a resolution approving the Repurchase Transaction will not have any effect, and we will not be able to complete the Repurchase Transaction.

**ITEM 1 APPROVAL OF A NEW
SENIOR CREDIT FACILITY**

We executed a term sheet for a new senior credit facility (the **New Facility**) on March 14, 2005. The principal purpose for entering into the New Facility is to provide the Company with greater financial flexibility by adopting terms and conditions appropriate to our current business profile. We intend to enter into the New Facility with Bank Hapoalim B.M., Bank Leumi Le-Israel B.M. and Israel Discount Bank Ltd. and cancel our existing senior credit facility (the **Existing Facility**). Below is a brief description of certain of the material terms of the New Facility and a comparison to similar terms in the Existing Facility. Our Existing Facility was filed as an attachment to our Form 20-F for the year ending December 31, 2002 and is available via EDGAR at www.sec.gov.

Tranches/Currency/Repayment/Purpose

Existing Facility. Our Existing Facility is divided into three tranches: a \$410 million term loan facility (**Facility A**), \$150 million revolving loan facility (**Facility B**) and a \$150 million shekel term loan facility (**Facility C**). Facilities A and B of our Existing Facility may be drawn in shekels, US dollars or euros, provided that not less than 60% of the outstanding advances under facilities A and B, at any time, must be in shekels and that not more than 40% of the outstanding advances under facilities A and B may be drawn in US dollars or euros. Facility C may be drawn only in shekels.

Facility A was available for drawing until March 31, 2003, Facility B is available for drawing until June 30, 2008 and Facility C was available for drawing until December 31, 2004. At February 28, 2005, approximately \$18 million was available for drawing under Facility A and approximately \$ 132 million under facility B. Repayment under Facility A began on March 31, 2003 and is scheduled to continue until June 30, 2008, repayment under Facility B is scheduled to begin on June 30, 2008, and repayment under Facility C is scheduled to begin on March 31, 2005 and continue until June 30, 2009.

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

New Facility. Our New Facility will be divided into two tranches: a \$450 million term loan facility (**New Facility A**) and a \$100 million revolving loan facility (**New Facility B**). New Facilities A and B of our New Facility may be drawn in shekels or US dollars, provided that not less than 90% of the outstanding Facilities A and B advances, at any time, must be in NIS and that no more than 10% of the outstanding Facilities A and B advances may be drawn in US dollars. Under the New Facility, New Facility A will be available for drawing for the first year of the New Facility, and New Facility B will be available for drawing for a period of six years. Amounts repaid under New Facility A may be reborrowed during the one-year period following repayment, subject to the payment of a fee of 0.5% per annum during such period for undrawn commitments. Generally, amounts repaid under New Facility B may be reborrowed at any time during the six-year term of the New Facility.

Under the New Facility, repayment of the New Facility A will begin after one year and continue until the end of the sixth year of the New Facility, and repayment of the New Facility B will be required at the end of the sixth year of the New Facility.

Under the New Facility, we must use amounts borrowed by us for the refinancing of existing senior debt and may use remaining amounts to repurchase shares of the Company or pay dividends; and working capital.

Margin

Existing Facility. Under the Existing Facility, with respect to Facility A and Facility B the margin is 0.90% per annum over the cost of funds to the lending banks for similar loans, but may be reduced prior to the end of 2006 to 0.70% if we exceed certain financial covenants by at least 35%, and to 0.45% if we exceed certain financial covenants by at least 75%, in both cases provided that we repaid at least 50% of our total commitments under the Existing Facility. Beginning in 2007, no reduction in margin will be made under Facility A and Facility B unless already reduced in 2006. The margin with respect to Facility C is 1.25% per annum over the cost of funds for the lending banks for similar loans and may not be reduced. In addition, so long as an Event of Default under the Existing Facility exists, the margin with respect to each facility will be increased by an additional 2% per annum.

New Facility. Under the New Facility, the margin with respect to New Facility A and New Facility B will be 1% per annum over the wholesale rate of interest (or comparable lending rate) of each lending bank. In addition, so long as an Event of Default exists under the New Facility, the margin with respect to each facility will be increased by (i) an additional 1% per annum during the first quarter of a default not related to non-payment and (iii) an additional 3% for a default that lasts more than one quarter or that results from our non-payment of amounts due.

Fees

Existing Facility. The commitment fee with respect to Facility A and Facility B ranges between 0.125% and 0.375% of undrawn commitments under Facilities A and B together, depending on utilized amount. In addition, we pay to the banks a commitment fee of 0.35% per annum of the undrawn commitments under Facility C.

New Facility. The commitment fee for New Facility A will be 0.25% of undrawn commitments of New Facility A during the first year and 0.5% thereafter, and 0.5% of undrawn commitments of New Facility B. In addition, we will pay an upfront fee and annual fees as is customary in bank facilities.

Financial Covenants

Existing Facility. Under the Existing Facility, the Company was required to meet financial covenants including certain minimum levels for the following financial ratios, measured annually and for the first half of each year:

Fixed Charge Coverage Ratio (EBITDA after subscriber acquisition costs (SAC), divided by the sum of debt service, capital expenditures and tax payments).

Facility Debt Coverage Ratio (EBITDA after SAC, divided by the aggregate advances made under the Existing Facility).

Total Debt Coverage Ratio (EBITDA after SAC, divided by Total Debt (as defined in the Existing Facility)).

ADSCR (EBITDA after SAC divided by Debt Service (as defined in the Existing Facility)).

New Facility. The New Facility requires the Company to meet certain minimum or maximum levels for the following financial covenants, to be measured each June 30 and December 31 based on the last six month results multiplied by two:

Ratio of equity (book capitalization) to total liabilities.

Ratio of net debt to EBITDA.

Ratio of net debt to EBITDA minus capital expenditures.

Dividend Restrictions and Share Pledges

Existing Facility. The Existing Facility prohibits any payment of dividends or any other similar payments on our ordinary shares or repayment of principal on subordinated loans or shareholders' loans, or payments to shareholders generally by way of return or repurchase of capital other than by way of a permitted distribution. In addition, under the Existing Facility the principal shareholders are required to pledge in favor of the Security Trustee shares constituting 51% of the total issued share capital of the Company during the term of the Existing Facility. In the event that the Company meets the following financial conditions, a permitted distribution will be permitted and shares pledged by the principal shareholders under the share pledges may be released:

During the years 2003-2007, each of the Fixed Charge Coverage Ratio, Facility Debt Coverage Ratio, Total Debt Coverage Ratio and ADSCR for the preceding one-year ratio period shall exceed the financial covenants by at least 35% of such minimum ratio required for such period. In the year 2008, the Total Debt Coverage Ratio for the year 2007 shall be not less than 135%, and in the year 2009, the Total Debt Coverage Ratio for the year 2008 shall be not less than 280%; and

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

We repaid to the participating banks an amount equal to half the amount of our total commitments under the Existing Credit Facility.

In the absence of these current proposals, we would expect to meet the conditions that would permit the release of the share pledges of the principal shareholders during the first quarter of this year, and the conditions that would permit a distribution by the end of 2005.

New Facility. The New Facility will also prohibit any payment of dividends or any other similar payments on our ordinary shares or repayment of principal on subordinated loans or shareholders' loans, or payments to shareholders generally by way of return or repurchase of capital other than by way of a permitted distribution. A permitted distribution will be permitted in the event that the Company meets the following financial conditions:

The ratio of equity (book capitalization) to total liabilities is more than 20%.

The ratio of net debt to EBITDA is less than 2.0.

The ratio of net debt to EBITDA (minus capital expenditures) is less than 3.25.

Security

Existing Facility. Repayment of amounts due under the Existing Facility is secured principally by a debenture executed by the Company and certain of its subsidiaries, an assignment by way of security of its hedging agreements, as well as the pledge of the Company shares by our principal shareholders, referred to above.

New Facility. Repayment of amounts due under the New Facility will be secured by a general floating charge on all of our assets, but will not require a share pledge by principal shareholders.

Change in Control

Existing Facility. The Existing Facility provides that upon a change in control of the Company, the Company must immediately repay all amounts due under the Existing Facility. Change in Control is defined as: (a) the Hutchison Telecommunications Group ceasing to hold, directly or indirectly, at least 30% of our voting rights; (b) the Hutchison Telecommunications Group together with Elbit, Eurocom, Polar and Matav ceasing to hold, directly or indirectly, at least 51% of our voting rights; or (c) Hutchison Whampoa ceasing to hold, directly or indirectly, at least 51% of the Hutchison Telecommunications Group.

New Facility. The New Facility will similarly provide that upon a change in control of the Company, the Company must immediately repay all amounts due under the New Facility. However, a Change in Control is defined as a reduction of the holdings of the founding shareholders in the Company, as a group, below that required by our license which is currently 26%.

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

It is proposed that at the EGM the following resolutions be adopted:

RESOLVED, to approve the execution and performance by the Company of the new senior credit facility substantially in accordance with the terms described above and to cancel the Company's existing senior credit facility;

FURTHER RESOLVED, that the Company's management shall be authorized to take all steps and to execute and deliver all such instruments and documents in the name and on behalf of the Company, as in its judgment shall be necessary, proper or advisable in order to fully carry out the intent and to accomplish the purposes of the foregoing resolution .

Under the Companies Law, an extraordinary transaction of a company with a controlling shareholder or in which a controlling shareholder has a personal interest requires the approval of the company's audit committee, board of directors and shareholders. The approval by the shareholders of such a transaction requires approval by the affirmative vote of the holders of a majority of the Ordinary Shares present, in person or by proxy, and voting on the matter for the approval thereof, provided that either (a) the majority of the Ordinary Shares voted at the meeting includes at least one-third of the Ordinary Shares voted by shareholders who do not have a personal interest in the matter; or (b) the total Ordinary Shares of the shareholders referred to in clause (a) voted against the matter does not exceed one percent of the aggregate voting rights of the Company.

Under the Companies Law, a personal interest of a shareholder (i) includes a personal interest of any members of the shareholder's immediate family (or spouses thereof) or a personal interest of an entity in which the shareholder (or such family member thereof) serves as a director or the chief executive officer, owns at least 5% of its issued share capital or its voting rights or has the right to appoint a director or the chief executive officer and (ii) excludes an interest arising solely from the ownership of shares in the Company. Each shareholder is asked to indicate on the enclosed proxy card whether or not he has a personal interest in this matter as a condition for his right to vote and be counted with respect to such resolution.

Because the execution of the New Facility may accelerate the release of the share pledges granted by our founding shareholders, and because a substantial portion of the proceeds may be used to fund the Repurchase Transaction described below, the New Facility may be considered a transaction in which a controlling shareholder has a personal interest. In addition, certain controlling persons of principal shareholders of the Company are also, indirectly, part of the controlling group of shareholders of Bank Hapoalim, a participating bank in the Existing Facility and New Facility. Accordingly, and for the avoidance of doubt, we are seeking the special shareholders' approval required of an extraordinary transaction in which a controlling shareholder has a personal interest.

The Audit Committee and the Board of Directors recommend a vote FOR approval of these proposed resolutions.

*In the event this resolution is not approved by the shareholders,
the resolutions set forth in Item 3 will have no effect.*

**ITEM 2 AMENDMENT TO THE COMPANY S
ARTICLES OF ASSOCIATION**

Amendment No. 31 to our general license adopts new provisions relating principally to the requirement of our general license for certain minimum shareholdings by Israeli shareholders, and relating to the formation of a new mechanism for addressing security related matters. In accordance with the terms of this amendment, we are required to amend our Articles of Association. The amendment proposed is attached hereto as Annex A.

It is proposed that at the EGM the following resolution be adopted:

RESOLVED,to approve the amendment to the Company s Articles of Association in the form attached hereto as Annex A.

Pursuant to the Articles of Association, the affirmative vote of the holders of 75% of the Ordinary Shares present, in person or by proxy, and voting on the matter is required for the approval of an amendment to the Company s Articles of Association.

In addition, under the Companies Law, an extraordinary transaction of a company with a controlling shareholder or in which a controlling shareholder has a personal interest requires the approval of the company s audit committee, board of directors and shareholders. The approval by the shareholders of such a transaction requires approval by the affirmative vote of the holders of a majority of the Ordinary Shares present, in person or by proxy, and voting on the matter for the approval thereof, provided that either (a) the majority of the Ordinary Shares voted at the meeting includes at least one-third of the Ordinary Shares voted by shareholders who do not have a personal interest in the matter; or (b) the total Ordinary Shares of the shareholders referred to in clause (a) voted against the matter does not exceed one percent of the aggregate voting rights of the Company.

Under the Companies Law, a personal interest of a shareholder (i) includes a personal interest of any members of the shareholder s immediate family (or spouses thereof) or a personal interest of an entity in which the shareholder (or such family member thereof) serves as a director or the chief executive officer, owns at least 5% of its issued share capital or its voting rights or has the right to appoint a director or the chief executive officer and (ii) excludes an interest arising solely from the ownership of shares in the Company. Each shareholder is asked to indicate on the enclosed proxy card whether or not he has a personal interest in this matter as a condition for his right to vote and be counted with respect to such resolution.

Because the amendment to the articles is a condition for approval of the Ministry of Communications of a reduction in the minimum holding of Israeli entities in the Company, and because such a reduction is a condition to the repurchase transaction described below, for the avoidance of doubt, we are seeking the special shareholders approval required of an extraordinary transaction in which a controlling shareholder has a personal interest.

The Audit Committee and the Board of Directors recommend a vote FOR approval of this proposed resolution.

In the event this resolution is not approved by the shareholders, the resolutions set forth in Item 3 will have no effect.

ITEM 3 APPROVAL OF REPURCHASE TRANSACTION

Background

Our audit committee and board of directors have approved the Company's acceptance of an offer made on February 7, 2005 by our founding Israeli shareholders, Elbit, Eurocom, Polar and Matav (the **Founding Israeli Shareholders**), who together held 22.5% of our shares as of February 28, 2005, to sell Partner shares back to the Company. By accepting the offer, we agreed, subject to certain conditions, to repurchase approximately 31.7 million Partner shares held by Elbit, Eurocom and Polar, representing in the aggregate 17.2% of our shares (and all of the shares held by those shareholders). As a result of the repurchase, the holdings of our major shareholder, Hutchison Telecommunications International Limited (**HTIL**) would increase from 42.9% to 51.8%.

In addition, pursuant to this offer, Matav has the right to participate in the sale to us. In the event that Matav elects to sell shares, the total number of shares repurchased by us would increase to approximately 33.3 million Partner shares, representing in the aggregate 18.1% of our ordinary shares. If Matav exercises its rights to sell shares to the Company together with Elbit, Eurocom and Polar, following the repurchase, the holdings in Partner of Elbit, Eurocom, Matav and Polar would be reduced to 2.1%, 1.5%, 1.3% and 0.5%, respectively, while the indirect holdings of HTIL would increase from 42.9% to 52.4% instead.

The price per share in the Repurchase Transaction is 90% of the volume weighted average price of our ordinary shares on the Tel Aviv Stock Exchange over the 20 trading days immediately preceding the day before the EGM, for which this proxy is being distributed, but in no event lower than NIS 31.04 per Ordinary Share or higher than NIS 32.22 per Ordinary Share. Assuming the maximum price and the maximum number of shares, the total consideration would be NIS 1,074 million.

We intend to cancel the shares that we repurchase in the Repurchase Transaction.

Conditions of the Repurchase Transaction

The Repurchase Transaction is subject to the satisfaction of the following conditions precedent:

- a. receipt of financing by the Company of approximately \$250 million from its lending banks to finance the Repurchase Transaction and amendment of its credit facility to the extent required to effect the Repurchase Transaction. This condition will be fulfilled upon approval of the New Facility as described above in Item 1.

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

- b. approval of the Repurchase Transaction and the financing by the shareholders of the Company in accordance with section 275 of the Companies Law, 5759-1999, including the amendment of the Company's Articles of Association, to the extent required to effect the Repurchase Transaction. This condition will be fulfilled upon approval of the New Facility as described above in Item 1, approval of the amendment to the Articles of Association of the Company as described in Item 2 above and approval of the Repurchase Transaction in this Item 3.
- c. receipt of consent from the Company's lending banks to release the secured guarantees of the credit facility granted by shareholders of the Company (and related share pledges); *provided* that if the banks so require, the Company may agree that the shares may be purchased subject to the related share pledges, in which event this condition shall be deemed to have been satisfied. This condition will be fulfilled upon approval of the New Facility as described above in Item 1.
- d. approval of the Ministry of Communications (**MOC**) pursuant to the Company's general license to the transfer of more than 10% of the means of control of the Company. This approval has been received.
- e. amendment of the Company's general license to lower the minimum percentage holding required of Israeli entities , including citizens or residents of Israel, either directly or indirectly, (the **Required IsraeliPercentage**) from 20% to no greater than 5% of each of the Means of Control. An amendment of our general license lowering the Required Israeli Percentage to 5% has been approved.
- f. approval of the Repurchase by the Commissioner of Restrictive Trade Practices to HTIL's Transaction controlling more than 50% of the Company. This approval has not yet been approved.
- g. no Founding Israeli Shareholder shall have defaulted on its offer to sell shares in the Repurchase.

Termination of the Repurchase

The Repurchase Transaction will automatically terminate if:

- (i) the shareholders meeting to approve the Repurchase Transaction and related actions is not held by April 19, 2005;
- (ii) the shareholders of the Company do not duly approve the Repurchase Transaction at the shareholder meeting convened for such purpose; or
- (iii) the Repurchase Transaction will not have closed for any reason by April 28, 2005.

Purposes

The principal purposes for the Repurchase Transaction are to increase shareholder value by (a) removing the perceived overhang in the equity market created by the Founding Israeli Shareholders actively seeking to exit their investment in the Company, and (b) enhancing the Company's earnings per share.

The proposed Repurchase Transaction offers the following advantages to the Company and its shareholders:

The purchase will maximize the number of shares sold in a single transaction by the Founding Israeli Shareholders and will, therefore, minimize any future overhang.

The price to be paid to the Founding Israeli Shareholders will reflect at least a 10% discount to the weighted average price during the 20 trading days prior to the day before the date of the shareholders meeting.

By virtue of the Repurchase Transaction, the earnings per share of the Company, a factor which we believe is an investment measure used by investors to judge our financial performance, is expected to rise, and may also lead to an increase in equity value.

Fallback Agreement

According to Schedule 13D filings made with the US Securities and Exchange Commission, on February 7, 2005, the Founding Israeli Shareholders and Matav Investments Ltd., a wholly-owned subsidiary of Matav, entered into an agreement with Advent Investments Pte Limited and Hutchison Telecommunications International (Netherlands) BV (**HTIN**), the HTIL subsidiaries holding Partner's shares, (the **Fallback Agreement**) that, among other things, (i) sets forth terms and conditions for the sale of Partner shares by such shareholders in the event that the Repurchase Transaction does not occur under certain circumstances, and (ii) obligates all of the parties to the Fallback Agreement to vote all of their respective Partner shares in favor of the Repurchase Transaction. Under the Fallback Agreement, the Founding Israeli Shareholders and Matav Investments Ltd. have a right to sell, and HTIN has certain rights to purchase, their Partner shares if the Repurchase Transaction fails to be consummated in certain circumstances, including the failure of the shareholders to approve the Repurchase Transaction.

Our Audit Committee and Board of Directors received a fairness opinion in connection with the Repurchase Transaction from Lehman Brothers. The opinion states that, subject to the assumptions set out therein, Lehman Brothers is of the opinion as of the date of the opinion that, from a financial point of view, the maximum consideration to be paid in the proposed Repurchase Transaction is fair to the Company. The Lehman Brothers opinion did not address the Company's underlying business decision to proceed with or effect the proposed transaction, which decision was made by the Company's Audit Committee and Board of Directors.

Provided that the resolutions set forth in Items 1 and 2 above have been duly adopted by the shareholders of the Company, it is proposed that at the EGM the following resolutions be adopted:

Edgar Filing: PARTNER COMMUNICATIONS CO LTD - Form 6-K

RESOLVED, to approve the repurchase of up to 33,317,932 Ordinary Shares of the Company from our founding Israeli shareholders in accordance with the terms of the offer dated February 7, 2005 from these shareholders, and

FURTHER RESOLVED, that the management of the Company be authorized to take all steps and to execute and deliver all such instruments and documents in the name and on behalf of the Company, as in its judgment shall be necessary, proper or advisable in order to fully carry out the intent and to accomplish the purposes of the foregoing resolution.

Under the Companies Law, an extraordinary transaction of a company with a controlling shareholder or in which a controlling shareholder has a personal interest requires the approval of the company's audit committee, board of directors and shareholders. The approval by the shareholders of such a transaction requires approval by the affirmative vote of the holders of a majority of the Ordinary Shares present, in person or by proxy, and voting on the matter for the approval thereof, provided that either (a) the majority of the Ordinary Shares voted at the meeting includes at least one-third of the Ordinary Shares voted by shareholders who do not have a personal interest in the matter; or (b) the total Ordinary Shares of the shareholders referred to in clause (a) voted against the matter does not exceed one percent of the aggregate voting rights of the Company.

Under the Companies Law, a personal interest of a shareholder (i) includes a personal interest of any members of the shareholder's immediate family (or spouses thereof) or a personal interest of an entity in which the shareholder (or such family member thereof) serves as a director or the chief executive officer, owns at least 5% of its issued share capital or its voting rights or has the right to appoint a director or the chief executive officer and (ii) excludes an interest arising solely from the ownership of shares in the Company. Each shareholder is asked to indicate on the enclosed proxy card whether or not he has a personal interest in this matter as a condition for his right to vote and be counted with respect to such resolution.

The Company believes that the Founding Israeli Shareholders and HTIL may be considered to have a personal interest in this matter. Accordingly, we are seeking the special shareholders' approval required of an extraordinary transaction, in which a controlling shareholder has a personal interest.

The Audit Committee and the Board of Directors recommend a vote FOR approval of these proposed resolutions.

In the event the resolutions set forth in Items 1 or 2 above are not approved by the shareholders, the resolutions set forth in Item 3 will have no effect.

RESTRICTIONS ON VOTING RIGHTS

Partner conducts its operations pursuant to a license granted to Partner by the Minister of Communications of the State of Israel. Partner's Articles of Association and, with respect to shareholders other than shareholders of Partner prior to its public offering, Partner's license contain provisions that may cause the suspension of voting rights of the holders of Ordinary Shares or ADSs if such voting rights would breach the ownership limits contained in our license. These limits prohibit the transfer or acquisition of 10% or more of Partner's means of control and acquisition of control of the Company without the consent of the Minister of Communications in Israel, and restrict cross-control and cross-ownership of other mobile telephone operators in Israel, and shareholdings and agreements which may reduce or harm competition. Ordinary Shares or Ordinary Shares represented by ADSs held in breach of these limits may be considered as dormant shares. Notwithstanding anything to the contrary in this Proxy Statement, dormant shares will not bear any rights to which the holders would otherwise be entitled, other than the right to receive dividends and other distributions to shareholders (including the right to participate in rights offerings). Specifically, the holders of dormant shares will not have voting rights with respect to their dormant shares, nor will they have the right to participate in general meetings of shareholders.

Any shareholder seeking to vote at the General Meetings must notify the Company prior to the vote, or, if the vote is by deed of vote, must so indicate on the deed of vote, if any of the shareholder's holdings in Partner or the shareholder's vote requires the consent of the Minister of Communications due to a breach by the shareholder of the restrictions on the transfer or acquisition of means of control or acquisition of control of Partner, or the provisions regarding cross-ownership or cross-control of other mobile telephone operators in Israel, in each case as specified in sections 21 and 23 of Partner's license. If a shareholder does not provide such notification, the shareholder shall not vote and, if the shareholder has voted, his or her vote shall not be counted.

By Order of the Board of Directors

ROLY KLINGER, ADV.

Vice President

Chief Legal Counsel and Joint Company Secretary

Dated: March 17, 2005

25A.2. Security matters which the audit committee or board of directors shall be required to consider in accordance with the mandatory rules of the Companies Law or other Law applicable to the Company, shall be considered to the extent necessary only by Directors with Clearance. 25A.4. The shareholders at a general meeting shall not be entitled to assume, delegate, transfer or exercise any of the authorities granted to any other corporate body in the Company with respect to security matters.

The Security Observer will not act as an observer or in any other position at a competitor of the Company, and will avoid a conflict between his position as an observer and the interests of the Company. The Security Observer shall undertake not to serve as an observer or officer or director, and not serve in any other capacity or be employed, directly or indirectly, by any entity competing with the Company or in a position of conflict of interest with the Company during the period of his service as the Security Observer and for two years after termination of such period.

If the Security Observer still believes the information is needed for his duties, the matter shall be brought for decision to the head of the General Security Service.

(6) If the Security Observer believes that the Company has made a decision, or is about to make a decision, in a security matter, which conflicts with a provision of the License or section 13 of the Communications Law (Telecommunications and Broadcasting), 1982 or section 11 of the General Security Service Law, 2002, he shall promptly notify the Company in writing. Said notice shall be delivered to the chairman of the board of directors and chairman of the Committee for Security Matters and shall provide an appropriate defined period of time, in light of the circumstances, in which the Company shall be required to correct the violation or change the decision, to the extent possible.

5. In order to avoid duplicative mechanisms with respect to our license requirements regarding Israeli holdings and holdings of founding shareholders and their substitutes, the following amendments to section 44 are proposed:
