Item 8.01. Other Events

On January 2, 2013, a subsidiary of Pennsylvania Real Estate Investment Trust (the "Company") completed the sale of the Company's interests in Paxton Towne Centre, a power center in Harrisburg, Pennsylvania, to a third party purchaser on terms consistent with those disclosed in the Company's Current Report on Form 8-K filed on November 8, 2012. The sale price was \$76.8 million. The mortgage loan secured by this property had a balance of \$50.0 million, and the Company used a portion of the sale proceeds to repay this mortgage loan in full. The Company intends to use the remaining cash proceeds, after settlement prorations and payment of closing costs, of approximately \$24.9 million for further reductions of debt and for general corporate purposes. Under the agreement, the Company remains subject to contingent obligations of up to \$3.3 million until 21 months after the closing date. The Company expects to recognize a gain on sale from this transaction of approximately \$33.6 million in the quarter ending March 31, 2013.

Forward Looking Statements

This Current Report on Form 8-K contains certain "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Forward-looking statements relate to expectations, beliefs, projections, future plans, strategies, anticipated events, trends and other matters that are not historical facts. These forward-looking statements reflect our current views about future events, achievements or results and are subject to risks, uncertainties and changes in circumstances that might cause future events, achievements or results to differ materially from those expressed or implied by the forward-looking statements. In particular, our business might be materially and adversely affected by uncertainties affecting real estate businesses generally as well as the following, among other factors: our substantial debt and our high leverage ratio; constraining leverage, interest and tangible net worth covenants under our 2010 Credit Facility; potential losses on impairment of certain long-lived assets, such as real estate, or of intangible assets, such as goodwill; potential losses on impairment of assets that we might be required to record in connection with any dispositions of assets; recent changes to our corporate management team and any resulting modifications to our business strategies; our ability to refinance our existing indebtedness when it matures, on favorable terms or at all, due in part to the effects on us of dislocations and liquidity disruptions in the capital and credit markets; our ability to raise capital, including through the issuance of equity or equity-related securities if market conditions are favorable, through joint ventures or other partnerships, through sales of properties or interests in properties, or through other actions; our short- and long-term liquidity position; current economic conditions and their effect on employment, consumer confidence and spending and the corresponding effects on tenant business performance, prospects, solvency and leasing decisions and on our cash flows, and the value and potential impairment of our properties; general economic, financial and political conditions, including credit market conditions, changes in interest rates or unemployment; changes in the retail industry, including consolidation and store closings, particularly among anchor tenants; our ability to maintain and increase property occupancy, sales and rental rates, in light of the relatively high number of leases that have expired or are expiring in the next two years; increases in operating costs that cannot be passed on to tenants; risks relating to development and redevelopment activities; the effects of online shopping and other uses of technology on our retail tenants; concentration of our properties in the Mid-Atlantic region; changes in local market conditions, such as the supply of or demand for retail space, or other competitive factors; potential dilution from any capital raising transactions; possible environmental liabilities; our ability to obtain insurance at a reasonable cost; and existence of complex regulations, including those relating to our status as a REIT, and the adverse consequences if we were to fail to qualify as a REIT. Additional factors that might cause future events, achievements or results to differ materially from those expressed or implied by our forward-looking statements include those discussed in the section of our Annual Report on Form 10-K in the section entitled "Item 1A. Risk Factors" and in our Quarterly Reports on Form 10-Q. We do not intend to update or revise any forward-looking statements to reflect new information, future events or otherwise.
