SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by United States generally accepted accounting principles for complete financial statements.

The accompanying consolidated financial statements reflect all adjustments which are, in the opinion of management, necessary for a fair statement of the results for the interim periods presented. All such adjustments are of a normal recurring nature. Operating results for the three and six months ended June 30, 2013 are not necessarily indicative of the results that may be expected for the year ending December 31, 2013. The consolidated financial statements should be read in conjunction with the 2012 annual report and the notes thereto.

2. Business Description and Summary of Significant Accounting Policies

Business Description

Servotronics, Inc. and its subsidiaries design, manufacture and market advanced technology products consisting primarily of control components and consumer products consisting of knives and various types of cutlery and other edged products.

Principles of Consolidation

The consolidated financial statements include the accounts of Servotronics, Inc. and its wholly-owned subsidiaries (the "Company"). All intercompany balances and transactions have been eliminated upon consolidation.

Cash and Cash Equivalents

The Company considers cash and cash equivalents to include all cash accounts and short-term investments purchased with an original maturity of three months or less.

Accounts Receivable

The Company grants credit to substantially all of its customers and carries its accounts receivable at original invoice amount less an allowance for doubtful accounts. On a periodic basis, the Company evaluates its accounts receivable and establishes an allowance for doubtful accounts based on history of past write-offs, collections, and current credit conditions. The allowance for doubtful accounts amounted to approximately \$112,000 at June 30, 2013 and \$130,000 at December 31, 2012. The Company does not accrue interest on past due receivables.

Revenue Recognition

Revenues are recognized as services are rendered or as units are shipped and at the designated FOB point consistent with the transfer of title, risks and rewards of ownership. Such purchase orders generally include specific terms relative to quantity, item description, specifications, price, customer responsibility for in-process costs, delivery

schedule, shipping point, payment and other standard terms and conditions of purchase.

Inventories

Inventories are stated at the lower of standard cost or net realizable value. Cost includes all costs incurred to bring each product to its present location and condition. Market provisions in respect of lower of cost or market adjustments and inventory expected to be used in greater than one year are applied to the gross value of the inventory through a reserve of approximately \$734,000 and \$778,000 at June 30, 2013 and December 31, 2012, respectively. Pre-production and start-up costs are expensed as incurred.

- 7 -

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The purchase of suppliers' minimum economic quantities of material such as steel, etc. may result in a purchase of quantities exceeding one year of customer requirements. Also, in order to maintain a reasonable and/or agreed to lead time, certain larger quantities of other product support items may have to be purchased and may result in over one year's supply.

Shipping and Handling Costs

Shipping and handling costs are classified as a component of cost of goods sold.

Property, Plant and Equipment

Property, plant and equipment is carried at cost; expenditures for new facilities and equipment and expenditures which substantially increase the useful lives of existing plant and equipment are capitalized; expenditures for maintenance and repairs are expensed as incurred. Upon disposal of properties, the related cost and accumulated depreciation are removed from the respective accounts and any profit or loss on disposition is included in income.

Depreciation is provided on the basis of estimated useful lives of depreciable properties, primarily by the straight-line method for financial statement purposes and by accelerated methods for tax purposes. Depreciation expense includes the amortization of capital lease assets. The estimated useful lives of depreciable properties are generally as follows:

Buildings and improvements	5-39 years
Machinery and equipment	5-20 years
Tooling	3-5 years

Income Taxes

The Company recognizes deferred tax assets and liabilities for the expected future tax consequences of operating loss and credit carryforwards and temporary differences between the carrying amounts and the tax basis of assets and liabilities. The Company and its subsidiaries file a consolidated federal income tax return, combined New York and Texas state income tax returns and separate Pennsylvania and Arkansas state income tax returns.

The Company's practice is to recognize interest and/or penalties related to income tax matters in income tax expense. The Company did not have any accrued interest or penalties included in its consolidated balance sheets at June 30, 2013 or December 31, 2012, and did not recognize any interest and/or penalties in its consolidated statements of income during the three and six months ended June 30, 2013 and 2012.

The 2009 through 2012 Federal and state returns remain open under statute.

Supplemental Cash Flow Information

Income taxes paid during the three months ended June 30, 2013 and 2012 amounted to approximately zero and \$248,500, respectively, and amounted to approximately \$2,700 and \$256,000 for the six months ended June 30, 2013

and 2012, respectively. Interest paid during the three months ended June 30, 2013 and 2012 amounted to approximately \$11,000 and \$14,000, respectively, and amounted to \$21,000 and \$27,000 for the six months ended June 30, 2013 and 2012, respectively. In the first quarter of 2013, the Company reduced its tax liability by approximately \$21,000 related to the exercise of stock options and was credited directly to capital in excess of par value.

- 8 -

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Employee Stock Ownership Plan

Contributions to the employee stock ownership plan are determined annually by the Company according to plan formula.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in business circumstances indicate, or at least annually, that the carrying amount of the assets may not be fully recoverable based on undiscounted future operating cash flow analyses. If an impairment is determined to exist, any related impairment loss is calculated based on fair value. Impairment losses on assets to be disposed of, if any, are based on the estimated proceeds to be received, less costs of disposal. The Company has determined that no impairment of long-lived assets existed at June 30, 2013 and December 31, 2012.

Use of Estimates

The preparation of the consolidated financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain balances as previously reported were reclassified to conform with classifications adopted in the current period.

Research and Development Costs

Research and development costs are expensed as incurred.

Concentration of Credit Risks

Financial instruments that potentially subject the Company to concentration of credit risks principally consist of cash accounts in financial institutions. Although the accounts exceed the federally insured deposit amount, management does not anticipate nonperformance by the financial institutions. Refer to Note 12, Business Segments, for disclosures related to customer concentrations.

Fair Value of Financial Instruments

The carrying amount of cash and cash equivalents, accounts receivable, accounts payable and accrued expenses are reasonable estimates of their fair value due to their short maturity. Based on variable interest rates and the borrowing rates currently available to the Company for loans similar to its long-term debt, the fair value approximates its carrying amount.

3.

Discontinued Operations

During the second quarter of 2012, the Company committed to a plan to enhance profit margins through the expected sale of a component. On September 18, 2012, Queen Cutlery Company (QCC), a wholly owned subsidiary of Servotronics Inc., completed the disposition of substantially all of its assets for cash consideration of \$650,000. QCC is accounted for as a discontinued operation in the accompanying consolidated financial statements. During the three and six months ended June 30, 2013 there was no loss from discontinued operations related to QCC. A loss before income taxes of approximately \$112,000 and \$241,000 from discontinued operations was reported for the same three and six month periods in 2012.

- 9 -

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

On July 23, 2013, Aero Metal Products, Inc. ("AMP"), a wholly owned subsidiary of Servotronics, Inc., gave notice of termination of a personal property capital lease for machinery and equipment previously reported under a \$588,000 capital lease with a related party. Due to the termination, beginning in July 2012, this lease is accounted for as an operating lease rather than a capital lease for the remaining term and the related assets and liabilities were removed from the consolidated balance sheet. In the third quarter of 2012, AMP ceased all manufacturing operations and in the fourth quarter of 2012, the Company surrendered all assets under the personal property and real property lease to the lessor, Aero Inc., a previously reported related party. During the three and six months ended June 30, 2013, there was no loss from discontinued operations related to AMP. A loss before income taxes of approximately \$186,000 and \$368,000 from discontinued operations was reported for the same three and six month periods in 2012.

The following is a summary of discontinued operations:

	Three Months Ended June 30, 2013		Six Months Ended June 30, 2013

- 10 -

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Property, plant and equipment includes land and building in Elma, New York, under a \$5,000,000 capital lease which can be purchased for a nominal amount at the end of the lease term. As of June 30, 2013 and December 31, 2012, accumulated amortization on the building amounted to approximately \$2,617,000 and \$2,552,000, respectively. Amortization expense amounted to \$33,000 for the three month periods ended June 30, 2013 and 2012, respectively, and amounted to \$65,000 for the six month periods ended June 30, 2013 and 2012, respectively. The associated current and long-term liabilities are discussed in Note 6, Long-Term Debt, of the accompanying consolidated financial statements.

On July 23, 2012, the Company gave notice of termination of a capital lease for machinery and equipment previously reported under a \$588,000 capital lease with a related party. Due to the termination, beginning in July 2012, this lease is accounted for as an operating lease rather than a capital lease for the remaining term and the related assets and liabilities were removed from the consolidated balance sheet. See also, Note 7, Capital Lease – Related Party, of the accompanying consolidated financial statements for more information. Amortization expense related to the capital lease related party, included in the loss from operations of a discontinued component, net of tax, amounted to zero and approximately \$21,000 for the three month periods ended June 30, 2013 and 2012, respectively, and amounted to approximately zero and \$42,000 for the six month periods ended June 30, 2013 and 2012, respectively.

Depreciation expense from continuing operations amounted to \$119,000 and \$114,000 for the three month periods ended June 30, 2013 and 2012, respectively, and amounted to \$238,000 and \$227,000 for the six month periods ended June 30, 2013 and 2012, respectively. The combined depreciation and amortization expense from continuing operations amounted to \$155,000 and \$149,000 for the three month periods ended June 30, 2013 and 2012, respectively, and amounted to \$308,000 and \$296,000 for the six month periods ended June 30, 2013 and 2012, respectively. The Company believes that it maintains property and casualty insurance in amounts adequate for the risk and nature of its assets and operations and which are generally customary in its industry.

Included in the machinery, equipment and tooling is approximately \$947,000 of construction in progress, of which approximately \$792,000 relates to the facility expansion and related equipment in Elma, New York, not yet placed in service at June 30, 2013. There was approximately \$290,000 of construction in progress at December 31, 2012, all related to this facility expansion and related equipment.

6.	Long-Term Debt	June 30, 2013 (\$000's omitted)	December 31, 2012
	Industrial Development Revenue Bonds; secured by an equivalent letter of credit from a bank with interest payable monthly at a floating rate (0.31% at June 30, 2013) (A)	\$ 2,790	\$ 2,790

- 11 -

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(A) The Industrial Development Revenue Bonds were issued by a government agency to finance the construction of the Company's headquarters/advanced technology facility. Annual sinking fund payments of \$170,000 commenced December 1, 2000 and continue through 2013, with a final payment of \$2,620,000 due December 1, 2014. The Company has agreed to reimburse the issuer of the letter of credit if there are draws on that letter of credit. The Company pays the letter of credit bank an annual fee of 1% of the amount secured thereby and pays the remarketing agent for the bonds an annual fee of 1/4% of the principal amount outstanding. The Company's interest under the facility capital lease has been pledged to secure its obligations to the government agency, the bank and the bondholders.

The Company has an unsecured \$2,000,000 line of credit on which there was no balance outstanding at June 30, 2013 or December 31, 2012.

Certain lenders require the Company to comply with debt covenants as described in the specific loan documents, including a debt service ratio. At June 30, 2013 and December 31, 2012, the Company was in compliance with its debt covenants.

7. Capital Lease – Related Party

On November 3, 2009, the Company entered into a capital lease with a related party of the Company for certain personal property. Monthly payments of \$7,500 which include an imputed fixed interest rate of 2.00% commenced November 3, 2009 through the fourth quarter of 2016.

On July 23, 2012, the Company gave twelve months notice of termination of this lease. There was no material gain or loss associated with the cancellation of such agreement. Due to the termination, beginning in July 2012, this lease was accounted for as an operating lease rather than a capital lease for the remaining term and the related assets and liabilities were removed from the consolidated balance sheet. The Company has accrued for the remaining balances payable on the accompanying June 30, 2013 consolidated financial statements. The termination relates to discontinued operations as discussed in Note 3, Discontinued Operations, of the accompanying consolidated financial statements. There are no other future obligations under this lease.

8. Income Taxes

The Company did not have any material uncertain tax positions or unrecognized tax benefits or obligations as of June 30, 2013 and December 31, 2012. The Company recorded a tax benefit of approximately \$40,000 in the first quarter of 2013 to reflect the research and development tax credit re-enactment related to fiscal 2012. The Company and its subsidiaries file a consolidated federal income tax return, combined New York and Texas state income tax returns and separate Pennsylvania and Arkansas state income tax returns.

Balance June 30, 2013	2,614,506	\$ 523	\$ 14,008	\$ 12,008	\$ (1,165)	\$ (1,760)	\$ (85)	\$ 23,529

In January 2006, the Board of Directors authorized the purchase of up to 250,000 shares of the Company's outstanding common stock in the open market or in privately negotiated transactions. On October 31, 2008, the Company announced that its Board of Directors authorized the purchase of an additional 200,000 shares of the Company's common stock under the Company's current purchase program. As of June 30, 2013, the Company has purchased 273,314 shares and there remain 176,686 shares available to purchase under this program. There were 21,489 shares purchased by the Company during the six month period ended June 30, 2013.

In the first quarter of 2013 certain option holders elected to exercise 15,000 options. These shares were issued out of treasury stock for net proceeds of approximately \$70,000. Such transactions were properly reported on Form 4 with the Securities and Exchange Commission. A tax benefit to the Company of approximately \$21,000 associated with these transactions reduced taxes payable and was credited directly to capital in excess of par value.

On April 18, 2013, the Company issued 165,000 shares of restricted stock to Executive Officers of the Company under the Company's 2012 Long-Term Incentive Plan that was approved by the shareholders at the 2012 Annual Meeting of Shareholders. The restricted share awards vest over four year periods between January 2014 and January 2017; however, have voting rights and accrue dividends prior to vesting. The aggregate amount of expense to the Company, measured based on grant date fair value is expected to be

\$1,336,500 (of which approximately \$75,000 is included in the second quarter ended June 30, 2013) and will be recognized over the four year requisite service period.

On May 28, 2013 the Company announced that its Board of Directors declared a \$0.16 per share cash dividend. The dividend was subsequently paid on July 15, 2013 to shareholders of record on June 24, 2013 and was approximately \$406,000 in the aggregate. These dividends do not represent that the Company will pay dividends on a regular or scheduled basis. The amount is recorded in dividends payable on the accompanying consolidated balance sheet.

Earnings Per Share

Basic earnings per share is computed by dividing net earnings by the weighted average number of shares outstanding during the period. Diluted earnings per share is computed by dividing net earnings by the weighted average number of shares outstanding during the period plus the number of shares of common stock that would be issued assuming all contingently issuable shares having a dilutive effect on the earnings per share that were outstanding for the period. Incremental shares from assumed conversions are calculated as the number of shares that would be issued, net of the number of shares that could be purchased in the marketplace with the cash received upon stock option exercise.

10. Commitments and Contingencies

The Company has a contingent liability related to the termination of an employment agreement for a former Executive Officer of the Company, effective September 29, 2012. The Company is unable to reasonably or accurately estimate the amount of the liability at this time. Under the terms of the agreement, management estimates that the compensation in the form of future medical benefits and severance payments could result in additional liabilities as high as approximately \$1,400,000. The Company is disputing these amounts through negotiation, accordingly, no additional liability has been accrued as of June 30, 2013 or December 31, 2012 related to these items since the

likelihood, if any, cannot be determined or reliably measured at this time.

The Company leases certain equipment pursuant to operating lease arrangements. Total rental expense in the three and six month periods ended June 30, 2013 and 2012 and future minimum payments under such leases are not material to the consolidated financial statements. The Company also leases certain real property being accounted for under capital leases. See also Note 5, Property, Plant and Equipment, Note 6, Long-Term Debt, Note 7, Capital Lease – Related Party and Note 11, Related Party Transactions of the accompanying consolidated financial statements for information on the leases.

The Company anticipates a multi-year investment plan designed to consolidate the operations of the CPG. The five year plan includes the construction of an approximate 25,000 square foot addition, capital improvements to the existing plant, the reconfiguration of its production process within the expanded facility, and the addition of new state of the art knife-making equipment. The timing, nature and extent of the expansion and renovation project are dependent upon the ability of the Company to secure financial assistance from various governmental assistance programs that it has applied for. At this time there are no material commitments for financial resources.

- 14 -

SERVOTRONICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

11. Related Party Transactions

During 2009 the Company formed a new wholly owned subsidiary that leased certain personal property from a related party through the execution of a capital lease. The Company also entered into a real property operating lease agreement, with the same related party, which provided for annual rental payments of \$60,000. These transactions were disclosed as related party transactions because the wife of a former officer of Servotronics, Inc. is a sole shareholder of the company that was leasing/selling the assets. In connection with the Company's decision to cease all manufacturing operations in the third quarter of 2012 at this subsidiary, and the subsequent surrender of assets under the personal property and real property leases to the related party in the fourth quarter of 2012, the Company accrued for the remaining lease payments which are not material to the June 30, 2013 consolidated financial statements. See Note 7, Capital Lease-Related Party, of the accompanying consolidated financial statements.

12. Business Segments

The Company operates in two business segments, Advanced Technology Group ("ATG") and Consumer Products Group ("CPG"). The Company's reportable segments are strategic business units that offer different products and services. The segments are composed of separate corporations and are managed separately. Operations in ATG primarily involve the design, manufacture, and marketing of servo-control components (i.e., torque motors, control valves, actuators, etc.) for government, commercial and industrial applications. CPG's operations involve the design, manufacture and marketing of a variety of cutlery products for use by consumers and government agencies. The Company derives its primary sales revenue from domestic customers, although a portion of finished products are for foreign end use.

As of June 30, 2013, the Company had identifiable assets of approximately \$30,406,000 (\$29,303,000 – December 31, 2012) of which approximately \$19,973,000 (\$19,211,000 – December 31, 2012) was for ATG and approximately \$10,433,000 (\$10,092,000 – December 31, 2012) was for CPG.

13.

Other Income

Components of other income include interest income on cash and cash equivalents, and other amounts not directly related to the sale of the Company's products. Other income is immaterial in relationship to the consolidated financial statements.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations Overview

During the three months ended June 30, 2013 and 2012 approximately 22% and 30%, respectively, and 20% and 33% for the six months ended June 30, 2013 and 2012, respectively, of the Company's revenues from continuing operations were derived from contracts with agencies of the U.S. Government or their prime contractors and their subcontractors. Sales of products sold for government applications decreased when comparing the results of the three and six months ended June 30, 2013 to June 30, 2012, due to decreased government shipments at the Consumer Products Group in the amount of approximately \$421,000 and \$1,736,000, respectively, and decreased shipments to the government at the Advanced Technology Group in the amount of approximately \$140,000 and \$323,000, respectively. Sales for both the Advanced Technology and Consumer Products military applications are dependent on governmental funding, which can change from year to year. There are risks that overall spending may be reduced in the future, specific programs may be eliminated or that the Company may fail to win new business through the competitive bid process. While the Company is optimistic in relation to these potential opportunities, it recognizes that sales to the government are affected by defense budgets, the foreign policies of the U.S. and other nations, the level of military operations and other factors, and as such, it is difficult to predict the impact on future financial results.

The Company's commercial business is affected by such factors as uncertainties in today's global economy, global competition, the vitality and ability of the commercial aviation industry to purchase new aircraft, the effects of terrorism and the threat of terrorism, market demand and acceptance both for the Company's products and its customers' products which incorporate Company made components.

The ATG continues its aggressive business development efforts in its primary markets and is broadening its activities to include new domestic and foreign markets that are consistent with its core competencies. Although the ATG backlog continues to be strong, actual scheduled shipments may be delayed/changed as a function of the Company's customers' final delivery determinations that may be based on changes in the global economy and other factors.

The Company's CPG develops new commercial products and products for government and military applications. Included in the significant uncertainties in the near and long term is the impact of expected budget cuts for military spending and vagaries inherent in the government procurement process and programs.

Increasing profitability is dependent on many things, primarily revenue growth and the Company's ability to control operating expenses. The Company continues to address these challenges by working to improve operating efficiencies and focusing on new product development and the acquisition and development of new product lines while continuing to respond to U.S. government procurement requests for quotes.

Results of Operations

The following table compares the Company's consolidated statements of income data for the six and three months ended June 30, 2013 and 2012 (\$000's omitted).

	Six Months Ended June 30,				2013 vs. 2012

Revenue

The Company's consolidated revenues from continuing operations increased approximately \$348,000 or 4.5% for the three month period ended June 30, 2013 and decreased \$377,000 or 2.4% for the six month period ended June 30, 2013 when compared to the same three and six month periods in 2012. The variation in sales is the result of two off-setting trends. Commercial sales at both the ATG & CPG have increased due to opportunities among existing and new customers that is not yet fully mitigating the decrease in shipments related to orders from the U.S. Government and its prime vendors of approximately \$1,736,000 at the Consumer Products Group (CPG) and \$323,000 at the Advanced Technology Group for the six month period ended June 30, 2013. The increase in commercial sales more than offset the decrease in sales to the government during the three month period ended June 30, 2013.

Cost of Goods Sold

Cost of goods sold as a percentage of revenues increased for the three and six month periods ended June 30, 2013 and 2012 primarily due the mix of products sold at both ATG and CPG. Also contributing to the additional cost of sales are labor inefficiencies at ATG related to new employee training and implementation of development and design changes to existing technology of approximately \$272,000.

The Company continues to aggressively pursue cost saving opportunities in material procurements and other operating efficiencies including capital investments in updated and new equipment/machinery as well as investing in the development and training of its labor force.

- 20 -

Selling, General and Administrative Expenses

Selling, general and administrative (SG&A) expenses increased approximately \$115,000 or 9.4% for the three month period ended June 30, 2013 and increased \$156,000 or 6.3% for the six months periods ended June 30, 2013 when compared to the same periods in 2012. Selling, general and administrative expenses are attributable to marketing of products (i.e., costs of internal and external sales efforts, catalog production, and the promotion of new and existing products in current and new markets). Also included in SG&A expenses are the labor and related costs for general and administrative support, accounting, professional, legal and information technology costs. Labor and labor related expenses for general and administrative support account for approximately 44% and 43% of total SG&A for the six month periods ended June 30, 2013 and 2012. The overall increase in total SG&A is attributable to stock based compensation and increased salaries, wages and employee benefits cost.

Interest Expense

Interest expense remained relatively consistent for the three and six month periods ended June 30, 2013 compared to the same period in 2012 due to interest rates which have remained consistent. See also Note 6, Long-Term Debt, of the accompanying consolidated financial statements for information on long-term debt.

Depreciation and Amortization Expense

Depreciation and amortization expense increased approximately \$6,000 or 4.0% for the three month period ended June 30, 2013 and increased \$12,000 or 4.1% for the six month period ended June 30, 2013 when compared to the same periods in 2012. Depreciation expense fluctuates due to variable estimated useful lives of depreciable property (as identified in Note 2, Summary of Significant Accounting Policies, of the accompanying consolidated financial statements) as well as the amount and nature of capital expenditures in current and previous periods. It is anticipated that the Company's future capital expenditures will, at a minimum, follow the Company's requirements to support its manufacturing delivery commitments and to meet certain information technology related capital expenditure requirements.

Other Income

Components of other income include interest income on cash and cash equivalents and other amounts not directly related to the sale of the Company's products. Other income is immaterial in relationship to the consolidated financial statements.

Income Taxes

The Company's continuing operations effective tax rate was approximately 27.3% and 29.3% for the three month periods ended June 30, 2013 and 2012, respectively, and approximately 22.3% and 29.4% for the six months ended June 30, 2013 and 2012, respectively, and the discontinued operations effective tax rate was approximately 34.0% for the three and six month periods ended June 30, 2012, respectively. The effective tax rate in both years reflects federal and state income taxes, permanent non-deductible expenditures and the expected tax benefit for manufacturing deductions allowable under the American Jobs Creation Act of 2004. The Company recorded a tax benefit of approximately \$40,000 in the first quarter of 2013 to reflect the research and development tax credit re-enactment related to fiscal 2012. See also Note 8, Income Taxes, of the accompanying consolidated financial statements for information concerning income tax.

Income From Continuing Operations

Income from continuing operations for the three month period ended June 30, 2013 decreased \$241,000 or 32.3% when compared to the same period ended June 30, 2012. Income from continuing operations for the six month period ended June 30, 2013 decreased \$345,000 or 33.6% when compared to the same period ended June 30, 2012. The decrease in income from continuing operations is primarily the result of decreased revenues and shipments of products at the Company's Consumer Products Group for the six months ended June 30, 2013 and decreased gross profits for the three months ended June 30, 2013.

Discontinued Operations

During the second quarter of 2012, the Company committed to a plan to enhance profit margins through the expected sale of a component. On September 18, 2012, Queen Cutlery Company ("QCC"), a wholly owned subsidiary of Servotronics Inc., completed the disposition of substantially all of its assets for cash consideration of \$650,000. QCC is accounted for as a discontinued operation in the accompanying consolidated financial statements. During the three and six months ended June 30, 2013 there was no loss from discontinued operations related to QCC. A loss before income taxes of approximately \$112,000 and \$241,000 from discontinued operations was reported for the same three and six month periods in 2012.

On July 23, 2012, Aero Metal Products, Inc. ("AMP"), a wholly owned subsidiary of Servotronics, Inc., gave notice of termination of a personal property capital lease for machinery and equipment previously reported under a \$588,000 capital lease with a related party. Due to the termination, beginning in July 2012, this lease is accounted for as an operating lease rather than a capital lease for the remaining term and the related assets and liabilities were removed from the consolidated balance sheet. In the third quarter of 2012, AMP ceased all manufacturing operations and in the fourth quarter of 2012, the Company surrendered all assets under the personal property and real property lease to the lessor, Aero Inc., a previously reported related party. During the three and six months ended June 30, 2013 there was no loss from discontinued operations related to AMP. A loss before income taxes of approximately \$186,000 and \$368,000 from discontinued operations was reported for the same three and six month periods in 2012.

Liquidity and Capital Resources

The Company's primary liquidity and capital requirements relate to working capital needs; primarily inventory, accounts receivable and accounts payable as well as capital expenditures for property, plant and equipment and principal and interest payments on debt. At June 30, 2013, the Company had working capital of approximately \$19,522,000 (\$19,938,000 – December 31, 2012) of which approximately \$4,942,000 (\$5,573,000 – December 31, 2012) was comprised of cash and cash equivalents.

The Company generated approximately \$478,000 in cash from operations during the six months ended June 30, 2013. Cash was generated primarily through net income, prepaid income taxes, timing differences on payments to vendors and an increase in accrued employee compensation and benefit costs. The primary use of cash for the Company's operating activities for the six months ended June 30, 2013 include working capital requirements, mainly timing differences on collections of accounts receivable, increase in inventory, prepayments on insurances and property tax, other current assets and other accrued liabilities. Cash generated and used in operations is consistent with sales volume, customer expectations and competitive pressures. The Company's primary use of cash in its financing and investing activities in the first six months of 2013 included approximately \$179,000 for the purchase of treasury shares. The Company also expended approximately \$989,000 for capital expenditures during the six months ended June 30, 2013.

At June 30, 2013, there are no material commitments for capital expenditures.

The Company also has an unsecured \$2,000,000 line of credit on which there is no balance outstanding at June 30, 2013. If needed, this can be used to fund cash flow required for operations or capital investment projects. The Company believes that it has adequate internal and external resources available to fund expected working capital and capital expenditure requirements through fiscal 2013 as supported by the level of cash/cash equivalents on hand, cash flow from operations and bank lines of credit.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and is not required to provide the information required under this item.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

The Company carried out an evaluation under the supervision and with the participation of its management, including the Company's Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), of the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)) as of June 30, 2013. Based upon that evaluation, the CEO and CFO concluded that the Company's disclosure controls and procedures are effective to ensure that the information required to be disclosed by the Company in SEC reports under the Exchange Act (i) is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) is accumulated and communicated to the Company's management, including the CEO and CFO, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Controls

During the six month period ended June 30, 2013, there were no changes in internal controls over financial reporting that have materially affected, or are reasonably likely to affect, the Company's internal controls over financial reporting.

PART II
OTHER INFORMATION

Item 1. Legal Proceedings

There are no legal proceedings which are material to the Company currently pending by or against the Company other than ordinary routine litigation incidental to the business which is not expected to materially adversely affect the business or earnings of the Company.

Item 1A. Risk Factors

The Company is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and is not required to provide the information required under this item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(c) Company Purchases of Company's Equity Securities

2013 Periods	Total Number of Shares Purchased	Weighted Average Price \$ Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number of Shares that may yet be Purchased under the Plans or Programs
January-March	16,952	\$8.44	16,952	181,223
April	1,101	\$7.71	1,101	180,122
May	1,398	\$7.46	1,398	178,724
June	2,038	\$7.90	2,038	176,686
Total	21,489	\$8.28	21,489	176,686

In January 2006, the Board of Directors authorized the purchase of up to 250,000 shares of the Company's outstanding common stock in the open market or in privately negotiated transactions. On October 31, 2008, the Company announced that its Board of Directors authorized the purchase of an additional 200,000 shares of the Company's common stock under the Company's current purchase program. As of June 30, 2013, the Company has purchased 273,314 shares and there remain 176,686 shares available to purchase under this program. There were 21,489 shares purchased by the Company during the six month period ended June 30, 2013.

Item 3. Defaults Upon Senior Securities

101 The following materials from Servotronics, Inc.'s Quarterly Report on Form 10-Q for the quarter ended June 30, 2013, formatted in XBRL (eXtensible Business Reporting Language): (i) consolidated balance sheets, (ii) consolidated statements of income, (iii) consolidated statements of comprehensive income, (iv) consolidated statements of cash flows and (v) the notes to the consolidated financial statements.**

** Pursuant to Rule 406T of Regulation S-T, the Interactive Data Files on Exhibit 101 hereto are deemed not filed or part of a registration statement or prospectus for purposes of Sections 11 or 12 of the Securities Act of 1933, as amended, are deemed not filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, and otherwise are not subject to liability under those sections.

FORWARD-LOOKING STATEMENTS

In addition to historical information, certain sections of this Form 10-Q contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, such as those pertaining to the Company's expectation of new business and success in its entry into new product programs. Forward-looking statements involve numerous risks and uncertainties. The Company derives a material portion of its revenue from contracts with agencies of the U.S. Government or their prime contractors. The Company's business is performed under fixed price contracts and the following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: uncertainties in today's global economy and global competition, difficulty in predicting defense appropriations, the vitality and ability of the commercial aviation industry to purchase new aircraft, the willingness and ability of the Company's customers to fund long-term purchase programs, market demand and acceptance both for the Company's products and its customers' products which incorporate Company-made components and the ability of the Company to successfully execute its strategic plans. The success of the Company also depends upon the trends that affect the national and international economy. Readers are cautioned not to place undue reliance on forward-looking statements, which reflect management's analysis only as of the date hereof. The Company assumes no obligation to update forward-looking statements.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
