Key points

- The movement in available-for-sale financial assets during Q1 2013 represents net unrealised gains on high quality UK, US and German sovereign bonds.
- Currency translation gains during the quarter are principally due to the weakening of Sterling against both the US Dollar by 6.2%, and the Euro by 3.6%. Whilst these currency movements benefited the tangible net asset value per share, they did however reduce the Core Tier 1 capital ratio by c.6 basis points given the impact on risk weighted assets.

Notes

1. Basis of preparation

The annual accounts are prepared in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board (IASB) and interpretations issued by the IFRS Interpretations Committee of the IASB as adopted by the European Union (EU) (together IFRS). There have been no significant changes to the Group's principal accounting policies as set out on pages 360 to 371 of the 2012 Annual Report and Accounts apart from the adoption of a number of new and revised IFRSs that are effective from 1 January 2013 as described below.

IFRS 11 'Joint Arrangements', which supersedes IAS 31 'Interests in Joint Ventures', distinguishes between joint operations and joint ventures. Joint operations are accounted for by the investor recognising its assets and liabilities including its share of any assets held and liabilities incurred jointly and its share of revenues and costs. Joint ventures are accounted for in the investor's consolidated accounts using the equity method. IFRS 11 requires retrospective application.

IAS 28 'Investments in Associates and Joint Ventures' covers joint ventures as well as associates; both must be accounted for using the equity method. The mechanics of the equity method are unchanged.

IFRS 13 'Fair Value Measurement' sets out a single IFRS framework for defining and measuring fair value and requiring disclosures about fair value measurements.

'Amendments to IAS 1 'Presentation of Items of Other Comprehensive Income' require items that will never be recognised in profit or loss to be presented separately in other comprehensive income from those items that are subject to subsequent reclassification.

'Annual Improvements 2009-2011 Cycle' also made a number of minor changes to IFRSs.

Implementation of the standards above has not had a material effect on the Group's results.

IAS 19 'Employee Benefits' (revised) requires: the immediate recognition of all actuarial gains and losses eliminating the 'corridor approach'; interest cost to be calculated on the net pension liability or asset at the long-term bond rate, an expected rate of return will no longer be applied to assets; and all past service costs to be recognised immediately when a scheme is curtailed or amended. Implementation of IAS19 resulted in an increase in the loss after tax for the quarters ended 31 December 2012 and 31 March 2012 of £21 million.

IFRS 10 'Consolidated Financial Statements' replaces SIC-12 'Consolidation - Special Purpose Entities' and the consolidation elements of the existing IAS 27 'Consolidated and Separate Financial Statements'. IFRS 10 adopts a single definition of control: a reporting entity controls another entity when the reporting entity has the power to direct the activities of that other entity so as to vary returns for the reporting entity. IFRS 10 requires retrospective application. Following implementation of IFRS 10, certain entities that have trust preferred securities in issue are no longer consolidated by the Group. As a result there has been a reduction in non-controlling interests of £0.5 billion

with a corresponding increase in Owners' equity (Paid-in equity); prior periods have been restated.

Notes

1. Basis of preparation (continued)

Critical accounting policies and key sources of estimation uncertainty

The reported results of the Group are sensitive to the accounting policies, assumptions and estimates that underlie the preparation of its financial statements. The judgements and assumptions that are considered to be the most important to the portrayal of the Group's financial condition are those relating to pensions; goodwill; provisions for liabilities; deferred tax; loan impairment provisions and financial instrument fair values. These critical accounting policies and judgments are described on pages 368 to 371 of the Group's 2012 Annual Report and Accounts.

Direct Line Group (DLG)

With effect from 13 March 2013, when the Group's shareholding in DLG fell below 50%, the Group no longer controls DLG. Consequently, in the Q1 results DLG is treated as a discontinued operation until 12 March 2013 and as an associated undertaking thereafter.

Going concern

Having reviewed the Group's forecasts, projections and other relevant evidence, the directors have a reasonable expectation that the Group will continue in operational existence for the foreseeable future. Accordingly, the Interim Management Statement for the quarter ended 31 March 2013 has been prepared on a going concern basis.

Notes:

- (1) Includes the Group's share of DLG's profit for the period 13 March to 31 March 2013 of £7 million.
- (2) Includes bank levy of £175 million in Q4 2012, Payment Protection Insurance costs of nil (Q4 2012 - £450 million; Q1 2012 - £125 million), Interest Rate Hedging Products redress and related costs of £50 million (Q4 2012 - £700 million) and regulatory fines of £381 million in Q4 2012.
- (3) Excludes £394 million of goodwill written-off in Q4 2012 in respect of Direct Line Group.

Refer to Appendix 1 for a reconciliation between the managed and statutory bases for key line items.

Payment Protection Insurance (PPI)

There was no increase to the Group's provision for PPI in Q1 2013 (Q4 2012 - £450 million; Q1 2012 - £125 million). The cumulative charge in respect of PPI is £2.2 billion, of which £1.5 billion (68%) in redress had been paid by 31 March 2013. Of the £2.2 billion cumulative charge, £2.0 billion relates to redress and £0.2 billion to administrative expenses. The eventual cost is dependent upon complaint volumes, uphold rates and average redress costs. Assumptions relating to these are inherently uncertain and the ultimate financial impact may be different than the amount provided. The Group will continue to monitor the position closely and refresh its assumptions as more information becomes available.

2. Analysis of income, expenses and impairment losses (continued)

Interest Rate Hedging Products (IRHP) redress and related costs

Following an industry-wide review conducted in conjunction with the Financial Services Authority, a charge of £700 million was booked in 2012 for redress in relation to certain interest-rate hedging products sold to small and medium-sized retail clients under FSA rules. £575 million was earmarked for client redress, and £125 million for administrative expenses. The Group continues to monitor the level of provision given the uncertainties over the number of transactions that will qualify for redress and the nature and cost of that redress. As a result of full development of the plan for administering this process in accordance with FSA guidelines, the estimate for administrative costs has been increased by £50 million in Q1 2013.

The high tax charge for the quarter ended 31 March 2013 reflects profits in high tax regimes (principally US) and losses in low tax regimes (principally Ireland) and losses in overseas subsidiaries for which a deferred tax asset has not been recognised (principally Ireland).

The Group has recognised a deferred tax asset at 31 March 2013 of £3,280 million (31 December 2012 - £3,443 million) and a deferred tax liability at 31 March 2013 of £1,019 million (31 December 2012 - £1,141 million). These include amounts recognised in respect of UK trading losses of £2,867 million (31 December 2012 - £3,072 million). Under UK tax legislation, these UK losses can be carried forward indefinitely to be utilised against profits arising in the future. The Group has considered the carrying value of this asset as at 31 March 2013 and concluded that it is recoverable based on future profit projections.

Future coupons and dividends on RBSG hybrid capital instruments will only be paid subject to, and in accordance with, the terms of the relevant instruments. In addition to previous statements with regard to the payment of hybrid coupons and dividends, the Group is also now in a position to resume the payments on the three Trust Preferred Securities of RBS Holdings N.V: RBS Capital Funding Trust V, RBS Capital Funding Trust VI and RBS Capital Funding Trust VII. In the context of recent macro-prudential policy discussions, the Board of RBSG has decided to partially neutralise any impact on Core Tier 1 capital of coupon and dividend payments in respect of RBSG hybrid capital instruments and the RBS N.V. Trust Preferred Securities through an equity issuance of c.£300 million. Approximately 80% of this will be raised through the issue of new ordinary shares, which is expected to take place during the remainder of 2013. The balance (approximately 20%) will be ascribed to equity funding of employee incentive awards through the sale of surplus shares held by the Group's Employee Benefit Trust. RBSG will also undertake several small asset sales to further neutralise the impacts.

In response to regulatory requirements and developments (including the recommendations of the Financial Policy Committee of the Bank of England regarding the capital resources of UK banks, published on 27 March 2013) and to allow the Group to manage its capital in the optimal way, the Group may wish to issue loss-absorbing capital instruments in the form of Equity Convertible Notes ("ECNs"). ECNs would convert into newly issued ordinary

shares in the company upon the occurrence of certain events (for example, the Group's capital ratios falling below a specified level), diluting existing holdings of ordinary shares. At a General Meeting on 14 May 2013 the Group will propose two resolutions which would allow the flexibility to issue ECNs which could convert into ordinary shares with an aggregate nominal value of up to £1.5 billion.

8. Trading valuation reserves and own credit adjustments

There have been no significant changes to the Group's valuation methodologies as set out in the Group's 2012 Annual Report and Accounts.

Valuation reserves

When valuing financial instruments in the trading book, adjustments are made to mid-market valuations to cover bid-offer spread, liquidity and credit risk. The following table shows credit valuation adjustments and other reserves. Valuation adjustments represent an estimate of the adjustment to fair value that a market participant would make to incorporate the risk inherent in derivative exposures.

	31 March 2013 £m	31 December 2012 £m	31 March 2012 £m
Credit valuation adjustments (CVA)

31 December 2012	10.9	23.6	34.5	1.1	35.6		

Notes:

- (1) The OCA does not alter cash flows and is not used for performance management. It is disregarded for regulatory capital reporting purposes and will reverse over time as the liabilities mature.
- (2) Includes wholesale and retail note issuances.
- (3)

The reserve movement between periods will not equate to the reported profit or loss for own credit. The balance sheet reserves are stated by conversion of underlying currency balances at spot rates for each period, whereas the income statement includes intra-period foreign exchange sell-offs.

Total contingent liabilities and commitments	244,305	6,421	250,726	240,742	6,903	247,645

Additional contingent liabilities arise in the normal course of the Group's business. It is not anticipated that any material loss will arise from these transactions.

11. Litigation, investigations and reviews

Except for the developments noted below, there have been no material changes to litigation, investigations and reviews as disclosed in the Annual Results for the year ended 31 December 2012.

Litigation

Shareholder Litigation

As previously disclosed, RBS and certain of its subsidiaries, together with certain current and former individual officers and directors were named as defendants in purported class actions filed in the United States District Court for the Southern District of New York involving holders of RBS preferred shares (the Preferred Shares litigation) and holders of American Depositary Receipts (the ADR claims). On 4 September 2012, the Preferred Shares litigation was dismissed with prejudice and the dismissal is the subject of an appeal. The Group has filed its opposition to the plaintiffs' appeal. On 27 September 2012, the ADR claims were dismissed with prejudice. The plaintiffs have filed motions for reconsideration and for leave to re-plead their case. The Group has filed its responses to these motions.

As previously disclosed, the Group had received notification of similar prospective claims in the United Kingdom and the Netherlands. On 28 March and 3 April 2013, two claims were issued by current and former shareholders, in the High Court of Justice of England and Wales against the Group (and in one of those claims, also against certain former individual officers and directors). The Group considers that it has substantial and credible legal and factual defences to these and other prospective claims that have been threatened in the UK and the Netherlands.

Investigations and reviews

LIBOR and other trading rates

As previously disclosed, on 6 February 2013 the Group announced settlements with the Financial Services Authority in the United Kingdom, the United States Commodity Futures Trading Commission and the United States Department of Justice (DOJ) in relation to investigations into submissions, communications and procedures around the setting of the London Interbank Offered Rate (LIBOR). RBS agreed to pay penalties of £87.5 million, US\$325 million and US\$150 million to these authorities respectively to resolve the investigations. As part of the agreement with the DOJ, RBS plc entered into a Deferred Prosecution Agreement in relation to one count of wire fraud relating to Swiss Franc LIBOR and one count for an antitrust violation relating to Yen LIBOR. RBS Securities Japan Limited agreed to enter

a plea of guilty to one count of wire fraud relating to Yen LIBOR. On 12 April 2013, RBS Securities Japan Limited received a business improvement order by Japan's Financial Services Agency for inappropriate conduct in relation to Yen LIBOR.

The Group continues to co-operate with investigations by these and various other governmental and regulatory authorities, including in the US and Asia, into its submissions, communications and procedures relating to the setting of a number of trading rates, including LIBOR, other interest rate settings, ISDAFIX and non-deliverable forwards.

Notes (continued)

11. Litigation, investigations and reviews (continued)

The Group is also under investigation by competition authorities in a number of jurisdictions, including the European Commission and the Canadian Competition Bureau, stemming from the actions of certain individuals in the setting of LIBOR and other trading rates, as well as interest rate-related trading. The Group is also co-operating with these investigations.

It is not possible to estimate reliably what effect the outcome of these remaining investigations, any regulatory findings and any related developments may have on the Group, including the timing and amount of further fines, sanctions or settlements, which may be material.

Technology Incident

As previously disclosed, on 19 June 2012 the Group was affected by a technology incident, as a result of which the processing of certain customer accounts and payments were subject to considerable delay. The cause of the incident has been investigated by independent external counsel with the assistance of third party advisors. The Group has agreed to reimburse customers for any loss suffered as a result of the incident. The Group provided £175 million in 2012 for this matter. Additional costs may arise once all redress and business disruption items are clear.

The incident, the Group's handling of the incident and the systems and controls surrounding the processes affected, are the subject of regulatory enquiries (in the UK and Ireland). On 9 April 2013 the UK Financial Conduct Authority (FCA) announced that it had commenced an enforcement investigation into the incident. The FCA will reach its conclusions in due course and will decide whether or not it wishes to initiate enforcement action following that investigation. The Group is co-operating fully with the FCA's investigation.

The Group could also become a party to litigation. In particular, the Group could face legal claims from those whose accounts were affected and could itself have claims against third parties.

Credit Default Swaps (CDS) Investigation

The Group is a party to the EC's antitrust investigation into the CDS information market under Article 101 and/or 102 of the Treaty on the Functioning of the European Union. The Group is co-operating fully with the EC's investigation. The Group cannot predict the outcome of the investigation at this stage.

Securitisation and collateralised debt obligation business

On 28 March 2013, SEC staff informed the Group that it is considering recommending that the SEC initiate a civil or administrative action against RBS Securities Inc. This "Wells" notice arises out of the inquiry that the SEC staff began in September 2010, when it requested voluntary production of information concerning residential mortgage-backed

securities underwritten by subsidiaries of RBS during the period from September 2006 to July 2007 inclusive. In November 2010, the SEC commenced a formal investigation. The potential claims relate to due diligence conducted in connection with a 2007 offering of residential mortgage-backed securities and corresponding disclosures. Pursuant to SEC rules, the Group has submitted a response to the Wells notice.

Notes (continued)

11. Litigation, investigations and reviews (continued)

RBS Citizens Consent Orders

In April 2013, the two main subsidiaries of RBS Citizens Financial Group, Inc (RBS Citizens), consented to the issuance of orders by their respective primary federal regulators, the FDIC and the OCC. In the consent orders, the subsidiaries neither admitted nor denied the regulators' findings that they had engaged in deceptive marketing and implementation of the RBS Citizens overdraft protection program, checking rewards programs, and stop-payment process for pre-authorized recurring electronic fund transfers. The consent orders require the bank subsidiaries to pay a total of US\$10 million in civil monetary penalties, to provide approximately US\$4 million in anticipated restitution to affected customers, to take certain remedial actions set forth in the orders, and to cease and desist any operations in violation of Section 5 of the Federal Trade Commission Act.

Other Investigations

The Group's operations include businesses outside the United States that are responsible for processing US dollar payments. The Group has been conducting a review of its policies, procedures and practices in respect of such payments, has voluntarily made disclosures to US and UK authorities with respect to its historical compliance with US economic sanctions regulations, and is continuing to co-operate with related investigations by the US Department of Justice, the District Attorney of the County of New York, the Treasury Department Office for Foreign Assets Control, the Federal Reserve Board and the New York Department of Financial Services. The Group has also, over time, enhanced its relevant systems and controls. Further, the Group has conducted disciplinary proceedings against a number of its employees as a result of its investigation into employee conduct relating to this matter. Although the Group cannot currently determine the outcome of its discussions with the relevant authorities, the investigation costs, remediation required or liability incurred could have a material adverse effect on the Group's net assets, operating results or cash flows in any particular period.

12. Date of approval

This announcement was approved by the Board of directors on 2 May 2013.

13. Post balance sheet events

There have been no significant events between 31 March 2013 and the date of approval of this announcement which would require a change to or additional disclosure in the announcement.
