CAPTARIS, INC.

PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Captaris, Inc. of proxies for use at the Annual Meeting of Shareholders to be held at Captaris' principal executive offices located at 10885 NE 4th Street, Bellevue, WA 98004, at 9:00 a.m. local time, on Thursday, May 12, 2005, or at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. It is expected that this Proxy Statement and accompanying proxy card will be mailed to shareholders on or about April 14, 2005.

Record Date and Outstanding Shares

Only holders of record of our common stock at the close of business on the record date, March 7, 2005, are entitled to notice of and to vote at the Annual Meeting. On that date, 29,468,793 shares of common stock were issued and outstanding.

Revocability of Proxies

If you give your proxy to us, you have the power to revoke it at any time before it is exercised. Your proxy may be revoked by:

notifying the Secretary of Captaris in writing before the Annual Meeting;

delivering to the Secretary of Captaris before the Annual Meeting a signed proxy with a later date; or

attending the Annual Meeting and voting in person.

Quorum and Voting

Edgar Filing: CAPTARIS INC - Form DEF 14A

The presence at the Annual Meeting, in person or by proxy, of the holders of at least a majority of the shares of common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct business. Abstentions and broker nonvotes will be included in determining the presence of a quorum at the Annual Meeting.

For the proposal relating to the election of directors (Proposal 1), the nominees for election to the Board of Directors who receive the greatest number of affirmative votes cast by holders of common stock present, in person or by proxy, and entitled to vote at the Annual Meeting, will be elected to the Board of Directors. The proposal relating to the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal 2) will be adopted if the number of votes cast in favor of the proposal exceed the number of votes cast against the proposal.

You are entitled to one vote for each share of common stock you hold. If your shares are represented by proxy, they will be voted in accordance with your directions. If your proxy is signed and returned without any directions given, your shares will be voted in accordance with our recommendations.

We are not aware, as of the date of this Proxy Statement, of any matters to be voted on at the Annual Meeting other than as stated in this Proxy Statement and the accompanying Notice of Annual Meeting of Shareholders. If any other matters are properly brought before the Annual Meeting, the enclosed proxy gives discretionary authority to the persons named in it to vote the shares in their best judgment.

Abstentions and broker nonvotes will have no effect on the proposals to be voted on at the Annual Meeting because they will not represent votes cast at the Annual Meeting for the purposes of voting on such proposals. Broker nonvotes occur when a person holding shares through a bank or brokerage account does not provide instructions as to how his or her shares should be voted and the broker either does not exercise, or is not permitted to exercise, discretion to vote those shares on a particular matter. Brokers may exercise discretion to vote shares for which instructions are not given with respect to the election of directors and ratification of the appointment of our independent registered public accounting firm.

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Annual Meeting, all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have at that time effectively been revoked or withdrawn, notwithstanding that they may have been effectively voted on the same or any other matter at a previous meeting.

Solicitation of Proxies

Proxies may be solicited by certain of our directors, officers and regular employees, without additional compensation. Proxies may be solicited by personal interview, mail, electronic mail or telephone. Captaris will bear any costs relating to such solicitation of proxies. In addition, Captaris may reimburse brokerage firms and other persons representing beneficial owners of shares of common stock for their expenses in forwarding solicitation materials to such beneficial owners.

ELECTION OF DIRECTORS (PROPOSAL 1)

In accordance with the Bylaws of Captaris, the Board of Directors shall be composed of not less than five nor more than ten directors, the specific number set by resolution of the Board of Directors. The Board of Directors is currently composed of eight directors, divided into three classes as follows: two Class I directors, three Class II directors and three Class III directors. Directors are generally elected for three-year terms that are staggered such that approximately one-third of the directors are elected each year. Generally, one class of directors will be selected each year by our shareholders. Each director will hold office until the election and qualification of his or her successor or upon earlier resignation or removal. Additional directorships resulting from an increase in the number of directors will be distributed among the three classes, so that as nearly as possible each class will consist of an equal number of directors.

This year, the terms of three Class II directors expire. Effective April 1, 2005, Mark E. Sierfertson was appointed to the Board of Directors to fill the vacancy created upon the resignation of John Kelley, a Class I director with a term expiring in 2007. The appointment of Mr. Siefertson was recommended and approved by the Governance Committee, upon the recommendation of David P. Anastasi, our President and Chief Executive Officer.

Washington law and the Bylaws of Captaris provide that the term of a director appointed to fill a vacancy expires at the next annual meeting of shareholders at which directors are elected. Accordingly, four directors divided between the following classes will be elected at the Annual Meeting:

Edgar Filing: CAPTARIS INC - Form DEF 14A

One Class I director will be elected to serve a two-year term expiring in 2007; and

Three Class II directors will be elected to serve three-year terms expiring in 2008.

If elected, each director will serve until the end of his or her respective term or until his or her earlier retirement, resignation or removal. Biographical information regarding each of the nominees for the Board of Directors is set forth below. Ages listed are as of March 7, 2005.

The Board of Directors has no reason to believe that the nominees named below will be unable to serve as directors. If, however, any nominee should be unwilling or unable to serve, the persons named as proxies will have discretionary authority to vote for the election of such substitute nominees as may be designated by the Board of Directors.

Unless authority to do so is withheld, the persons named as proxies on the accompanying proxy card will vote **FOR** the election of the nominees listed below.

The Board of Directors unanimously recommends a vote **FOR each nominee.**

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of the Board of Directors

The Board of Directors has reviewed the relationships between Captaris and each of its directors and has determined that all of the directors, other than Mr. Anastasi, Captaris President and Chief Executive Officer, are independent under the Nasdaq corporate governance listing standards.

Board Attendance

During 2004, there were eight meetings of the Board of Directors. Each of our directors attended, during the term of his directorship, at least 75% of the aggregate of (a) the total number of meetings of the Board of Directors and (b) the total number of meetings held by each of the committees on which he served.

The Board of Directors has adopted a policy that each director is encouraged to attend Captaris regularly scheduled Annual Meeting of Shareholders. All of our directors attended Captaris 2004 Annual Meeting of Shareholders.

Board of Directors Compensation

Cash Compensation

Prior to May 4, 2004, Captaris paid nonemployee directors an annual retainer of \$15,000. In addition, the Chairman of the Board was paid an annual retainer of \$10,000; the Compensation Committee Chairman was paid an annual retainer of \$5,000; the Audit Committee Chairman was paid an annual retainer of \$10,000; and the Governance Committee Chairman was paid an annual retainer of \$5,000. Captaris also paid each nonemployee director an attendance fee of \$1,500 for each in-person Board of Directors meeting attended in person or telephonically and \$1,000 for each telephonic meeting, in addition to reimbursing them for reasonable expenses incurred in connection with attending such meetings. Committee meetings held separately from Board of Directors meetings were compensated at the same rates. In-person committee meetings held on the same day as an in-person Board of Directors meeting were compensated at the rate of \$1,000 for each committee meeting attended in person or telephonically. Committee meetings held on the same day as other committee meetings received full compensation.

Effective May 4, 2004, the Board of Directors of Captaris approved changes to the cash portion of its nonemployee director compensation to remove the per meeting fees and to increase annual retainers. The cash portion of nonemployee director compensation currently consists of the following annual retainers, each of which is paid in quarterly installments:

<u>Position</u>	<u>Amount</u>
Nonemployee Director Annual Retainer	\$ 31,000

Edgar Filing: CAPTARIS INC - Form DEF 14A

Additional Audit Committee Member Annual Retainer	9,000
Additional Compensation Committee Member Annual Retainer	6,000
Additional Governance Committee Member Annual Retainer	3,000
Additional Chair of Board of Directors Annual Retainer	20,000
Additional Chair of Audit Committee Annual Retainer	14,000
Additional Chair of Compensation Committee Annual Retainer	6,000
Additional Chair of Governance Committee Annual Retainer	6,000

Equity Compensation

All nonemployee directors receive automatic stock option grants pursuant to our Nonemployee Directors Program under the 1989 Restated Stock Option Plan (the "1989 Plan"). Prior to January 18, 2005, the Nonemployee Directors Program provided for an initial automatic grant of an option to purchase 20,000 shares of common stock to each first-time nonemployee director, with the grant date being the date of the first Board of Directors meeting that he or she attended as a member of the Board of Directors. In addition to the initial option grant and provided that the initial option grant was not made within six months prior to the next annual meeting, each nonemployee director automatically received a grant of an option to purchase 8,000 shares of common stock immediately following each annual meeting of shareholders.

On January 18, 2005, the Board of Directors of Captaris approved changes to the Nonemployee Directors Program. Pursuant to the changes approved by the Board of Directors, instead of receiving a fixed number of shares pursuant to initial and annual option grants, nonemployee directors will receive initial and annual option grants to purchase shares of our common stock with a valuation (calculated using the methodology then being used by Captaris to value its stock options for financial statement purposes) of \$35,000 on the date of grant. The annual grant is not available to a nonemployee director who received an initial grant within six months prior to the date of the next annual grant.

Options granted to nonemployee directors under the Nonemployee Directors Program have an exercise price equal to the fair market value of our common stock on the date of grant, vest in full one year after the date of grant and expire ten years from the date of grant or, if earlier, 12 months after the director's termination of service with Captaris, death or total disability. In the event of certain corporate transactions, such as a merger, sale or liquidation of Captaris, each outstanding option will accelerate in full in connection with the event.

the performance of the audit function by the independent auditor.

Director Nomination Procedures

The Governance Committee is generally responsible for the identification, review, selection and recommendation to the Board of Directors of candidates for director nominees, including the development of policies and procedures to assist in the performance of these responsibilities. The Governance Committee reviews with the Board of Directors the requisite qualifications, skills and characteristics for Board of Directors nominees and composition and the specific considerations relating to individual director candidates. Upon the Governance Committee's recommendations, the Board of Directors recommends the director nominees to the shareholders for selection.

Potential director candidates are referred to the Chairperson of the Governance Committee for consideration by the Governance Committee, which may then recommend the director candidate to the Board of Directors for its consideration, if deemed appropriate. If necessary or desirable in the opinion of the Governance Committee, the Governance Committee will determine appropriate means for seeking additional director candidates, including engagement of outside consultants to assist the Governance Committee in the identification of director candidates.

The Governance Committee will consider candidates recommended by shareholders. Shareholders wishing to suggest director candidates should submit their suggestions in writing to the Chairperson of the Governance Committee, c/o the Secretary of Captaris, providing the candidate's name, biographical data and other relevant information. of Shareholders must provide advance written notice of such nomination to the Secretary of Captaris in the manner described below under the Shareholder Proposals section.

The Governance Committee has recommended to the Board of Directors, and the Board of Directors has adopted, the Director Selection Guidelines set out in Exhibit A to the Governance Committee Charter. In accordance with the Director Selection Guidelines, the Governance Committee and the Board of Directors, as appropriate, will review the following considerations, among others, in their evaluation of candidates for Board of Director nomination: personal and professional ethics, training, experience and ability at making and overseeing policy in business, government and/or educational sectors, commitment to fulfill the duties of the Board of Directors, commitment to understanding Captaris business, commitment to engage in activities in the best interests of Captaris, independence, diversity, industry knowledge and contacts, financial or accounting expertise, leadership qualities, public company board of director and committee experience and other relevant qualifications. A director candidate's ability to devote adequate time to Board of Directors and committee activities is also considered. The Governance Committee periodically reviews with the Board of Directors the appropriate process for and the considerations to be taken in the evaluation of director candidates. In the event there is a vacancy on the Board of Directors, the Governance Committee will initiate the effort to identify appropriate director candidates.

Shareholder Communications With the Board of Directors

Effective January 18, 2005, instead of receiving a fixed number of shares pursuant to initial and annual option grants, nonemployee directors will receive initial and annual option grants to purchase shares of our common stock with a valuation (calculated using the methodology then being used by Captaris to value its stock options for financial statement purposes) of \$35,000 on the date of grant.
- (3) Represents shares available for grant under the 2000 Non-Officer Employee Stock Compensation Plan (the 2000 Plan) under which, in addition to options, Captaris may grant other awards, including, without limitation, awards of common stock or units denominated in common stock.

Summary of Equity Compensation Plans Not Approved by Shareholders

2000 Plan

The Board of Directors has approved the 2000 Plan. The purpose of the 2000 Plan is to enhance the long-term shareholder value of Captaris by offering opportunities to selected persons who are not officers or directors of Captaris to participate in Captaris' growth and success and to encourage them to remain in the service of Captaris and to acquire and maintain stock ownership in Captaris. The Compensation Committee of the Board of Directors administers the 2000 Plan.

Types of Awards

Awards under the 2000 Plan may be in the form of nonqualified stock options or stock awards, or in some other form as determined by the plan administrator. Awards may be settled through the delivery of shares of common stock, cash payments, the granting of replacement awards or any combination determined by the plan administrator. The plan administrator may permit or require the deferral of any award payment and may also offer to buy out, for payment in cash or common stock, an award previously granted, based on terms and conditions that the plan administrator may establish.

Nonqualified Stock Options. The plan administrator may grant stock options in the form of nonqualified stock options. The exercise price for the shares subject to a stock option and the term of a stock option are determined by the plan administrator. At the time of grant, the plan administrator determines when the stock option will vest and become exercisable and whether the stock option will continue to be exercisable if a participant ceases to be employed by, or provide services to, Captaris.

Stock Awards. The plan administrator may make awards of common stock or awards denominated in units of common stock. Stock awards may be subject to the terms, conditions or restrictions (including continuous service or the achievement of performance goals) as the plan administrator determines.

Eligibility

Those eligible to receive awards under the 2000 Plan include all of Captaris employees who are not officers or directors. Awards may also be made to consultants, agents, advisors and independent contractors who provide services to Captaris. As of March 7, 2005, approximately 400 employees and other persons were eligible to participate in the 2000 Plan.

Shares Subject to the 2000 Plan

Subject to adjustment in the event of stock splits, stock dividends and the like, the maximum aggregate number of shares of common stock that may be issued pursuant to awards under the 2000 Plan is 5,000,000 shares. Any shares that cease to be subject to an award (other than by reason of exercise or payment of the award to the extent it is exercised for or settled in vested and nonforfeitable shares) are again available for issuance in connection with future grants under the 2000 Plan. As of December 31, 2004, there were 1,302,313 shares available for issuance under the 2000 Plan.

Corporate Transactions

In the event of a Corporate Transaction, unless otherwise provided in the instrument evidencing the option or in an employment or services agreement between a participant and Captaris, each outstanding stock option will be assumed or an equivalent option or right substituted by the successor corporation. If the successor corporation refuses to assume or substitute for an outstanding stock option, then each outstanding stock option will become fully vested and exercisable with respect to 100% of the unvested portion of the stock option. All stock options will terminate and cease to remain outstanding immediately following a Corporate Transaction, except to the extent such stock options are assumed by the successor corporation. Also, in the event of a Corporate Transaction, all shares subject to outstanding stock awards will immediately vest and the forfeiture provisions to which the stock awards are subject will lapse, if and to the same extent that the vesting of outstanding stock options accelerates in connection with a Corporate Transaction. For purposes of the 2000 Plan, a Corporate Transaction means: (a) the consummation of any merger or consolidation of Captaris with or into another corporation or (b) the consummation of any sale, lease, exchange or transfer (other than a transfer of Captaris assets to a majority-owned subsidiary of Captaris) in one transaction or a series of related transactions of all or substantially all of Captaris outstanding securities or assets.

Nonassignability

Edgar Filing: CAPTARIS INC - Form DEF 14A

During a participant's lifetime, awards granted under the 2000 Plan may be exercised only by the participant. Awards may not be assigned, pledged or transferred by a participant other than by will or by the applicable laws of descent and distribution. The plan administrator may, however, to the extent permitted by Section 422 of the Internal Revenue Code of 1986, as amended, permit assignment, transfer and exercise and may permit a participant to designate a beneficiary who may exercise the award after the participant's death.

Term, Amendment and Termination

The 2000 Plan has no fixed expiration date. The 2000 Plan may be amended only by the Board of Directors, but shareholder approval is required for any amendment that would (a) increase the total number of shares available for issuance under the 2000 Plan, (b) modify the class of persons eligible to receive options, or (c) otherwise require shareholder approval under any applicable law or regulation. The Board of Directors may suspend or terminate the 2000 Plan at any time.

Non-Plan Grants

David P. Anastasi

On November 15, 2000, Captaris granted David P. Anastasi, President, Chief Executive Officer and Director of Captaris, a nonqualified stock option grant outside any of Captaris' equity incentive plans (the "Non-Plan Grant"). This Non-Plan Grant was an inducement to Mr. Anastasi's employment. The Non-Plan Grant is for the purchase of 750,000 shares of common stock and vested at a rate of 25% on the first anniversary of the grant date and 2.0833% each month thereafter, such that it was fully vested on November 15, 2004. The exercise price of the Non-Plan Grant is \$5.94 per share, equal to 100% of the fair market value of Captaris common stock on the date of grant. Except as expressly provided in the option agreement relating to the Non-Plan Grant, the Non-Plan Grant is subject to the terms and conditions of Captaris' 1989 Plan. The term of the Non-Plan Grant is ten years from the date of grant unless sooner terminated.

In the event of a change in control as a result of which Captaris' shareholders receive capital stock of another corporation in exchange for their shares of Captaris common stock, the Non-Plan Grant may be converted into an option to purchase shares of the surviving corporation.

As amended on March 11, 2005, the Non-Plan Grant provides that if Mr. Anastasi's employment or service relationship with Captaris is terminated prior to the expiration of the Non-Plan Grant, the continued exercisability of the Non-Plan Grant will be as follows:

if Mr. Anastasi's employment or service relationship terminates for any reason other than for cause (as such term is defined in the 1989 Plan), he may exercise that portion of the Non-Plan Grant that is exercisable at the time of termination for a period of 12 months after the date of termination;

if Mr. Anastasi is terminated by Captaris for cause, the Non-Plan Grant will automatically terminate and Mr. Anastasi will have no further right to purchase any shares pursuant to the Non-Plan Grant; and

if Mr. Anastasi dies while he has an employment or service relationship with Captaris or within the 12-month period following termination, the Non-Plan Grant may be exercised within one year after the date of death, to the extent Mr. Anastasi would have been entitled to exercise the Non-Plan Grant.

Payment of the exercise price for the Non-Plan Grant may be made by any of the following means: (1) cash, (2) personal, bank certified or cashier's check, (3) tendering shares of Captaris common stock already owned for at least six months that on the day prior to the exercise date have a fair market value equal to the aggregate exercise price of the shares being purchased, or (4) delivery of a properly executed notice, together with irrevocable instructions to a broker to promptly deliver to Captaris the amount of sale proceeds to pay the exercise price.

Max Anhoury and Lloyd Johnson

On October 22, 1997, Captaris granted each of Max Anhoury and Lloyd Johnson, now former employees of Captaris, a nonqualified stock option outside any of Captaris' equity incentive plans (the "Non-Plan Grants"). The Non-Plan Grants were an inducement to Messrs. Anhoury's and Johnson's employment in connection with the acquisition by Captaris of CommercePath. The Non-Plan Grants are each for the purchase of 240,000 shares of common stock (as adjusted for stock splits) and vested over a three-year period, for full vesting on December 31, 2001. The exercise price for each of the Non-Plan Grants is \$7.03 per share (as adjusted for stock splits). The pre-stock split exercise price of \$28.09 per

Edgar Filing: CAPTARIS INC - Form DEF 14A

share for each of the Non-Plan Grants is equal to 100% of the fair market value of Captaris common stock on the date of grant. The term of each of the Non-Plan Grants is ten years from the date of grant, unless sooner terminated.

In the event of a change in control (including a merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation of Captaris) as a result of which Captaris shareholders receive cash, stock or other property in exchange for their shares of Captaris common stock, the Non-Plan Grants will terminate, unless exercised by Messrs. Anhoury and Johnson, as applicable, prior to the consummation of the change in control. In the event of a change in control as a result of which Captaris shareholders receive capital stock of another corporation in exchange for their shares of Captaris common stock, the Non-Plan Grants will be converted into an option to purchase shares of the surviving corporation.

Messrs. Anhoury's and Johnson's employment or service relationship with Captaris ended for reasons other than for cause (as such term is defined in the Non-Plan Grant Letter Agreements) and, accordingly, they are able to continue to exercise the respective Non-Plan Grants on the same terms as if their employment or service relationship with Captaris had not ended.

Payment of the exercise price for the Non-Plan Grants may be made by any of the following means: (1) cash, (2) personal, bank certified or cashier's check, (3) tendering shares of Captaris common stock already owned for at least six months that on the day prior to the exercise date have a fair market value equal to the aggregate exercise price of the shares being purchased, or (4) delivery of a properly executed notice, together with irrevocable instructions to a broker to promptly deliver to Captaris the amount of sale proceeds to pay the exercise price.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

No stock options were exercised by the individuals listed in the Summary Compensation Table during the fiscal year ended December 31, 2004. The following table sets forth certain information regarding unexercised stock options held as of December 31, 2004 by each of the individuals listed in the Summary Compensation Table.

- (1) Amounts are based on the closing price of Captaris common stock on December 31, 2004, as reported on the Nasdaq National Market, which was \$5.16 per share. There is no guarantee that if and when these options are exercised they will have this value. An option is in-the-money if the fair market value of the underlying shares exceeds the exercise price of the option.

Employment Contracts, Termination of Employment and Change in Control Arrangements

Change in Control Agreements. In March 2005, Captaris entered into change in control agreements with each of Messrs. Anastasi, Scheuing and Papano (the Executives). Pursuant to the terms of their respective agreements, for a defined period following a change in control of Captaris (the Post-Change in Control Period), each Executive will continue to be employed in executive positions reasonably commensurate with the most significant position held by the Executive during the 90-day period immediately preceding the date of the change in control. The Post-Change in Control Period is 18 months for Mr. Anastasi and 12 months for Messrs. Scheuing and Papano. During the Post-Change in Control Period, the Executives will be entitled to continued compensation and benefits at levels comparable to pre-change in control levels and reimbursement for all reasonable employment expenses.

If at any time during the Post-Change in Control Period Captaris terminates an Executive's employment without cause, or the Executive terminates his employment with good reason (as the terms cause and good reason are defined in the change in control agreements), the Executive will be entitled to:

- (i) any accrued but unpaid salary,
- (ii) a pro rata portion of the Executive's annual bonus for the year,

(iii) any compensation previously deferred by the Executive (together with any accrued interest or earnings),

(iv) any accrued but unpaid vacation pay,

(v) reimbursement of COBRA expenses for the Executive and his family for a period of 18 months for Mr. Anastasi and for a period of 12 months for Messrs. Scheuing and Papano, or until such time as the Executive obtains new health insurance coverage, whichever occurs first,

(vi) base salary continuation for a period of 18 months for Mr. Anastasi and a period of 12 months for Messrs. Scheuing and Papano, and

(vii) one and one-half times the target annual bonus payable for the fiscal year in which the termination occurs for Mr. Anastasi and one times the target annual bonus payable for the fiscal year in which the termination occurs for Messrs. Scheuing and Papano.

In addition, the Executives will be entitled to immediate vesting of all stock options granted by Captaris that are outstanding as of the date of the change in control and an extension of the post-termination exercise period of all such stock options so that such stock options will be exercisable for a period of one year from the date of termination.

If any payments paid or payable under an Executive's change in control agreement or otherwise are characterized as excess parachute payments within the meaning of Section 280G of the Internal Revenue Code of 1986, then the payments will be reduced to the highest amount that may be paid to the Executive without having any portion of any payment treated as an excess parachute payment. Captaris may elect, in its sole and absolute discretion, not to apply this reduction under certain circumstances.

Severance Pay Plan. The Executives are covered by a severance pay plan sponsored by Captaris. Pursuant to the severance pay plan, the Executives will receive severance pay in the event their employment is terminated by Captaris without cause (as defined in the severance pay plan) or by themselves for good reason (as defined in the severance pay plan). The severance pay consists of two components: first, continuation of base salary for a period of 12 months; and second, a lump sum payment (payable on the date the Executive becomes entitled to severance pay under the plan) equal to the sum of (1) a proportionate share of the Executive's target annual bonus payable for the fiscal year in which the Executive's employment terminates (based on the number of days worked by the Executive during such year), and (2) the Executive's target annual bonus payable for the fiscal year in which the Executive's employment terminates. The severance plan also provides for payment of COBRA expenses for a period of 12 months following termination of employment or until such time as the Executive obtains new health insurance, whichever occurs first. In addition, the severance plan provides that Captaris will use commercially reasonable efforts to continue the Executive's coverage under Captaris' life, short-term and long-term disability insurance plans for 12 months following termination of employment or until such time as the Executive obtains new life, short-term disability or long-term disability insurance coverage (as applicable), whichever occurs first. If Captaris is unable to continue the Executive's life, short-term and long-term disability insurance coverage, or it chooses not to do so, then it will make a lump sum payment (payable on the date the Executive becomes entitled to severance pay under the plan) to the Executive in an amount equal to 18 months of the monthly premium for coverage under Captaris' life, short-term and long-term disability insurance plans. Severance pay will only be paid under the severance pay plan if the Executive's employment terminates prior to a change in control of Captaris covered by any change in control agreement between the Executive and Captaris and if the Executive executes (and does not revoke) a release of claims satisfactory to Captaris.

1989 Plan. In the event of a change in control, such as a merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation of Captaris, as a result of which Captaris' shareholders receive cash, stock or other property in exchange for their shares of Captaris common stock, each outstanding stock option under the 1989 Plan will become fully vested and participants will have the right immediately prior to the change in control to exercise their stock options. In the event of a change in control as a result of which Captaris' shareholders receive capital stock of another corporation in exchange for their shares of Captaris common stock, each outstanding stock option under the 1989 Plan will be converted into an option to purchase shares of the surviving corporation and such converted option will become fully vested and exercisable, unless Captaris and the surviving corporation determine that the stock options will instead be treated as if Captaris' shareholders had received cash, stock or other property in exchange for their shares of Captaris common stock.

The Compensation Committee of the Board of Directors is responsible for establishing and administering compensation policies and programs for our executive officers. The Committee reviews and approves all executive compensation components, including base salary, annual cash bonus awards, long-term incentive awards and other benefits provided to our executive officers. The Committee has sole authority to engage or terminate any outside consultants that are retained to assist the Committee in the evaluation of Chief Executive Officer or other executive officer compensation, including sole authority to approve the fees and other retention terms. As the Committee deems appropriate, it may also retain independent counsel, accounting and other professionals to assist the Committee without seeking Board of Directors approval with respect to the selection, fees or retention terms for any such advisors. The Committee is composed of members of the Board of Directors who are not employees of Captaris and who are independent directors under Nasdaq National Market rules.

Executive Compensation Policy

The Committee has designed Captaris' executive compensation program with the intent to ensure that compensation provided to executive officers is closely aligned with Captaris' business objectives and financial performance, and to enable Captaris to attract and retain those

Edgar Filing: CAPTARIS INC - Form DEF 14A

executive officers who contribute to our long-term success. To achieve the objectives of Captaris executive compensation program, the Committee believes the following policies are critical:

pay competitively to attract, retain and motivate a highly competent executive team;

-16-

provide incentive opportunities that link corporate performance and executive pay, and pay executives competitive levels of incentive compensation when corporate, financial and other performance expectations are achieved; and

align executives' financial interests with the creation of shareholder value by providing long-term incentives that are subject to vesting over time or to the achievement of performance objectives.

Executive Compensation Practices

Our executive compensation program consists of three primary components: base salary, annual cash bonus and long-term incentive awards. The Committee establishes each executive's compensation package by considering:

the compensation package of executive officers in similar positions at a comparable group of companies, including companies with annual revenue in the most recent fiscal year of \$50 million to \$300 million and in an industry sector consistent with Captaris business;

the experience and contribution levels of the individual executive officer; and

Captaris' financial performance.

The Committee also relies on the recommendations of the Chief Executive Officer in matters related to the individual performance of the other executive officers because the Committee believes that the Chief Executive Officer is the most qualified to make this assessment. In 2004 and 2005, the Committee retained an independent compensation consultant, Aon Corporation, to advise the Committee on its executive compensation policies and practices. This advice, including data provided by the compensation consultant in the 2004 Radford Executive survey, was considered by the Committee in establishing executive compensation packages.

The Committee targets base salaries at the 50th percentile of the comparable group of companies, targets base salaries plus the annual cash bonus at target at the 60th percentile of the comparable group of companies and targets base salaries plus the annual cash bonus at target and long-term incentive awards at the 75th percentile of the comparable group of companies.

Components of Executive Officer Compensation

Base Salaries. Individual base salaries are based on historical practice, subjective evaluation of individual performance levels and contributions to Captaris' business objectives, as well as objective comparisons to peer data for similar positions.

Annual Cash Bonus Awards. For 2004, each executive officer was entitled to earn annual cash bonus awards pursuant to the following programs:

Individual Performance Awards. Each executive had the potential to earn a cash bonus award based on the achievement of individual performance-related goals within the executive's area of responsibility. Generally, each executive was assigned between four and

Edgar Filing: CAPTARIS INC - Form DEF 14A

eight performance-related goals, which could be quantitative and qualitative, with a portion of the total individual performance bonus target amount assigned to each goal.

Management Incentive Compensation Plan (MICP). Under the MICP for 2004, 50% of the potential awards were based on the achievement of Captaris' revenue goal for 2004 and 50% of the potential awards were based on the achievement of Captaris' operating profit goal, each goal as approved in the 2004 annual operating plan. Bonus payments under the MICP for 2004 were contingent upon Captaris achieving at least 70% of each of the revenue and operating profit goals. Assuming both minimum thresholds were achieved, the actual bonus amounts with respect to the operating profit goal would be calculated by multiplying each executive officer's target operating profit bonus amount by a payout

percentage equal to actual operating profit as a percentage of the operating profit target. Actual bonus amounts with respect to the revenue goal, assuming both minimum thresholds were achieved, would be calculated as follows: (a) 100% of the revenue-based target bonus amounts would be paid for achievement of 100% of the revenue goal, (b) for each \$1 million of actual revenue above the revenue goal, actual bonus amounts would be increased by 8% of the target bonus amount, compounded at each \$1 million increment, and (c) a predetermined partial percentage of the revenue-based target bonus amount would be paid for achievement of between 70% and 100% of the revenue goal.

The combined target amount for awards from the two programs averaged approximately 54% of each executive officer's base salary in 2004, of which 60% was allocated to the achievement of MICP and 40% was allocated to the achievement of individual performance goals. Our current executive officers, Messrs. Anastasi, Scheuing and Papano, earned an aggregate of \$142,200 in individual performance awards for 2004, which, for Mr. Anastasi, represented 75% and for Messrs. Scheuing and Papano, represented 90%, of the targeted individual performance award amounts. No payments were earned under the MICP in 2004 because the minimum performance thresholds were not met.

For 2005, individual performance awards and the MICP have been replaced with the 2005 Incentive Plan, which is a cash bonus plan in which executive officers and a number of other selected employees are eligible to receive a cash bonus based on the achievement of goals relating to the Captaris' 2005 performance. The Committee has established individual cash target awards for executive officers under the 2005 Incentive Plan. There are two components to the 2005 Incentive Plan. The first component links payout to achievement of performance goals related to revenue (30%), operating income (30%), operating cash (20%) and revenue diversification (20%). Depending on the level of achievement for each goal, participants in the aggregate may receive between 0% and 150% of the target amount for each goal. An aggregate of approximately \$1.53 million may be paid out under the first component of the 2005 Incentive Plan at target, with a maximum payout of approximately \$2.3 million. The second component links payout to the achievement of performance goals related to revenue from the Alchemy product line and cost savings associated with the integration of Information Management Research, Inc. Depending on the level of achievement for these goals, the participants in the aggregate may receive between 0% and 100% of the \$170,000 target amount for this component of the 2005 Incentive Plan.

The Committee designed the 2005 Incentive Plan to provide for payouts at target that are comparable to payouts at target under the 2004 individual performance awards and MICP, but changed the performance goals to more clearly focus participants on objectives that it believes are more closely aligned with the creation of increased shareholder value.

Long-Term Incentive Awards. The Committee grants stock options to executive officers to provide long-term incentives that are aligned with the creation of increased shareholder value over time. In determining the size of the grants, the Committee considers the amount and value of options currently held, but it focuses primarily on the executive's past and likely continued contribution to Captaris, as well as the executive's relative position within Captaris. Although the Committee does not have a target ownership level for common stock holdings by executives, the Committee's objectives are to enable such persons to develop and maintain a significant long-term ownership position in the common stock. The Committee has generally awarded options to executive officers at the time of employment and promotion, and at discretionary intervals thereafter (generally on an annual basis).

Options typically are granted with exercise prices at least equal to the fair market value on the date of grant. In 2004, we granted options to purchase an aggregate of 310,000 shares to executive officers in connection with their achievement of certain corporate goals.

Other Compensation. The Committee has approved a severance pay plan and change in control agreements for our executive officers, which are more fully described in this proxy statement under the heading "Employment Contracts, Termination of Employment and Change in Control Arrangements." From time to time, the Committee will award discretionary bonuses to our executive officers, based on contributions to Captaris. For 2004, the Committee granted a one-time discretionary bonus to two of our executive officers, Messrs. Scheuing (\$29,000) and Papano (\$17,000), based on contributions to Captaris. Our executive officers also receive additional vacation benefits not offered to other employees. In addition, during 2004 and through March 31, 2005, Mr. Anastasi received a reimbursement of up to \$250 per month for club membership fees. Beginning April 1, 2005, Mr. Anastasi will no longer be reimbursed for club membership fees but will instead receive an increase in salary equal to \$250 per month, plus an amount to cover the related taxes.

Compensation of the Chief Executive Officer

David P. Anastasi joined Captaris as its President and Chief Executive Officer in November 2000. His compensation for 2004 was established, in part, pursuant to the terms of his employment agreement, which terminated in March 2005. Mr. Anastasi's annual base salary for 2004 was set at \$321,400, which represented an increase of \$11,400 in base salary over 2003. The increase was approved by the Committee in recognition of Mr. Anastasi's past and expected future contributions to Captaris. Similar to other executive officers, Mr. Anastasi participated in the MICP and individual performance awards programs in 2004 and is currently participating in the 2005 Incentive Plan. His aggregate targeted bonus opportunity under these MICP and individual performance awards programs in 2004 was \$155,250, allocated 60% to the MICP and 40% to the achievement of individual performance-related goals, which consisted of financial, strategic and operational objectives. For 2004, Mr. Anastasi earned 75% (or \$54,000) of his targeted individual performance award, but did not earn any payments under the MICP because the minimum performance thresholds were not met. In 2004, the Committee approved the grant of stock options to Mr. Anastasi for the purchase of an aggregate of 150,000 shares, based on his past and expected future contributions to Captaris.

Section 162(m) Limitations

Section 162(m) of the Internal Revenue Code of 1986, as amended, includes potential limitations on the deductibility for federal income tax purposes of compensation in excess of \$1 million paid or accrued with respect to Captaris' Chief Executive Officer and any of its five other highest-paid executive officers. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The Committee does not presently expect cash compensation to the Chief Executive Officer or any other executive officer to be in excess of \$1 million. Stock options granted to our executive officers are designed to qualify as performance-based compensation for this deduction.
